[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub- Category	Construction and infrastructure requirements
Description	Customers inquire about the infrastructure needed to connect their property to the electricity grid, such as the need for new poles, transformers, or underground cables, and the responsibilities of both the customer and the electricity provider.
Data Size	5,009 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

I if grid for my property.
What requirements do I to the grid?
need to what infrastructure is required electricity service.
infrastructure connect premises to electricity grid?
curious as to the for connecting my the grid.
Which needed connecting my to electrical ?
I'm curious the needed my to linked up to
Which is necessary for an electricity ?
to allow property to electrical power connections?
I'd to the groundwork my premises with
What infrastructure take for my to to grid?
When the an electric what type of ?
Is there infrastructure to property with ?
infrastructure is to the grid property?
What is need my to be to the ?
infrastructure that is to connect to power unknown.
I'm curious to necessary to an grid.
do I find the necessary grid to my?
I'm curious infrastructure exists my have an electricity
type when joining land an electric utility?
I'm curious what the infrastructure property to be the
Is there required link my power?
What it my to link with electricity ?
infrastructure needed my to the power grid?
elements are house to the network?
I'm curious the my to have
I am about is needed for to connected the
Which for my get electricity?
needs to happen for to the electrical ?
need to know the for my premises
Can what the groundwork is for my with ?
I'm as to which is for my be grid.
What required to property power grid?
Can tell me what when connecting my service?
Do know what is connect my the grid?
required to connect to the power ?
What type of infrastructure is to utility?
am curious what the is my to go the
I'm curious what infrastructure tomy to the
I like to know the connecting the power.
What do my property the power?
needed to connect with the ?
I'm curious if the necessary would connect my to
requirements my property electricity grid are unknown.
infrastructure required joining with an electric?
my to the power grid?
I'm curious about the infrastructure an property.
infrastructure will neededjoin to the power?
as to what infrastructure to electricity grid my property.
What equipment are hook my property to ?

I'd meeded connecting plot to electricity
How property to the power grid?
I'm as the necessary infrastructure is me to to the
curious about the necessary infrastructure connecting the electricity
Can what I need to have in to nower?
I need to know facilities are to get electric
infrastructure required to get to electricity grid?
there a infrastructure one to connect location to ?
is the for electricity to my?
Infrastructure needed property to connected to
What is infrastructure that's property to to?
I'm curious to is connect my property grid.
curious as what the infrastructure my be linked the
is the needs to get the grid?
I'm as to is to my property the
What do need to in connect property power ?
connecting my to the electricity is?
power grid linkage my property?
There are some elements I to link an an
is infrastructure that I need to connect grid?
need to my house the network?
infrastructure for my the electricity grid.
What components order to have access electrical connections?
infrastructure for one's location an network?
wonder grid is necessary for my
curious as is to my property the grid.
neededconnectingproperty andelectric grid?
any for connecting location to an electricity?
I the necessary infrastructure is my be to electricity
elements do I to connect to network?
Which facilities property to the power grid?
are needed to link home to system?
must I have in to property connected the ?
are property to have access to power connections?
I'm to what my to electricity grid.
I want my premises with electrical
What must in property to connect grid?
do I to to access my electrical ?
infrastructure required connect with electric grid?
needed for my to get to ?
there any to connect one's to network?
What is necessary property connected the grid?
Which elements essential my house the?
Will my a power ?
the required infrastructure requirements to to electricity?
What of infrastructure needed an electric utility?
I about needed to connect property the grid.
Which are going to to join my to ?
What hook my property the power grid?
you tell me I to connect property power grid

to facilities are required to my house connected that
curious about what infrastructure be my the grid.
a specific needed connecting one's to an network?
Can tell about I need to in to my property to ?
Which are necessary to electricity network?
to know what facilities are to connect the thingy.
What I need to the to the ?
What kind infrastructure bring my property grid?
infrastructure connect my property the power grid.
I to what need to my property the power
Key elements with a supply system?
What to allow property access the lines?
I to the my premises the power
are necessary for the of my house ?
know the necessary infrastructure property be linked to the grid
Which to to to the power?
Can me requirements to my electricity?
infrastructure does need to join to grid?
Can you to what need do connect to the ?
What the to my property the grid?
is required have my the electricity grid?
How my with grid?
wanted to know infrastructure is connecting electricity service.
Which is required to join property the ?
do you need join land an utility?
as to what the infrastructure would my property electricity
What is that do to premises into electric grid ?
Which is to link my the?
is for my premises?
What for connecting location the network?
you me a of what to to connect my ?
I'm curious as to infrastructure me to have
the for connecting my to power?
type infrastructure necessary to my property grid?
I'm interested in the electricity grid.
I'm curious what necessary for property to electricity grid
What the necessary for have to power?
needed for property access to electricity?
What is infrastructure for to go the?
What is your land to an ?
is for joining your to electric ?
I'm curious about the will to the
there infrastructure required to connect a to network?
Can tell what infrastructure to connect to service?
to what is property to connected to the grid.
What are allow access to power connections?
Is infrastructure for be connected to grid?
don't needed to connect property the power grid.
infrastructure in to join your land utility?
Where the infrastructure necessary for the property?

What I						
I to the	necessary	_ for my pr	emises ele	ectrical		

What is connect my the power
Which infrastructure for an connection on?
to connect my to the grid?
Which to get on premises?
I to connect plot to
you me groundwork need to connect premises power?
What are elements needed connecting home the system?
I'm curious on onnected to the grid.
there a infrastructure needed to to to electricity?
What of be to place to the grid?
Which elements in my to the ?
to the is property to go the grid, I'm
infrastructure to property to the grid.
Can give idea of connecting to electrical power?
do hook up property power grid.
Whatinfrastructure necessary to property power grid?
What infrastructure to get my connected to the?
type of is when joining an electric?
need info need to do to connect property power
What infrastructure do I need link the ?
What the infrastructure that property to the grid?
I know infrastructure link property the power grid.
I to get my property to power?
Infrastructure required to my power grid.
infrastructure needed my to electricity?
is infrastructure has my property the grid?
What the infrastructure my property to connect?
I curious as to is my property to
joiningland an electric utility, is needed? What kindinfrastructureneeded toresidence?
Is property needs to up with electricity?
Which required for location a typical network?
what the needed infrastructure is go to the
What do my to be connected to get e the
What is it I my electricity grid?
Which is an electricity ?
curious to is required for my have
I what I must to connect my power grid.
the necessary infrastructure place for my have electricity grid.
you to connect my premises power?
land an electric there any infrastructure requirements?
What is required me my the electricity ?
curious about for property to to the electricity
What is to my electric grid?
I get in the grid system?
you tell me is my land an utility?
I'm not what it to join my premises
infrastructure has place to provide electricity on ?
need know infrastructure needed to property with the
what infrastructure is required for connecting plot

What are my needs to to power?
equipment do I to connect the grid?
Which infrastructure should to electricity my?
What should property order get to connections?
equipment necessary connect my to power?
Which is to to to power grid?
What in order for property to the electricity?
Where are the electricity grid to connect ?
as what is needed my property be linked up the electricity
Key elements are link home electricity supply?
What of do I connect the network?
you know of infrastructure is join your the electric?
to know connect my house to that thingy.
my property grid?
link property to power?
tell me about the key my to?
much needed to property to the electricity? What I join my the power grid?
must I have place in connect the grid?
kind power grid is to property?
are allow my property to power connections?
What is for my to the ?
What would I to my grid?
I'm wondering necessary infrastructure would be be connected to
the requirements get my linked the grid?
I'm curious jis needed for property get the
curious as to my property to be the grid.
Which elements are required the electricity network?
tell the I to link my to the grid?
to know will link property to power grid.
my premises?
$I'm ____ to ___ is ___ for \ my ___ to \ be ____ to ___ electricity \ grid.$
Is the infrastructure to one's an?
you tell what infrastructure to link property the ?
is necessary for property have power grid?
Can give an the infrastructure to connect property the power?
Whenjoin your an electric do what type infrastructure?
What type of needed my property grid?
I'm what the infrastructure is to property the grid.
as what the necessary infrastructure to electricity.
What setup do to to the network?
infrastructure needs to in place to to grid?
Which infrastructure be in place get ?
I'm as to infrastructure is to have property.
there any that required location to an electricity?
Which be set up for ? I to know to my property the power
isinfrastructure that my property to to grid?
What necessary for property have electricity grid?

be in connect to the electricity?
there necessary location to a typical electricity network?
Can give me details about what I to in my to ?
necessary to my with grid.
links my property grid is required.
I'm as what required link my to grid.
Which elements are my to the ?
are connect house to power network?
infrastructure for property to electricity grid?
critical for connecting my house electricity?
If you join an utility, is required?
am curious to what the required is for my property connected
What need my access to electrical connections?
curious necessary infrastructure is for connecting my to grid.
Which infrastructure in connect to?
know what is required when joining my electric utility.
What is get connected the power grid?
supplying from the grid for residence, kind infrastructure needs to ?
I wonder be connected to the electricity grid.
Can tell me the to my plot service?
does hook my up to power grid?
I to what facilities to to to the thingy.
What needed to my the electric?
infrastructure must be for electricity?
I'm curious about the property to grid.
What is to my property connected grid?
Which infrastructure is electric grid?
of needed you join your land an electric?
much equipment do my property up to the ? What is to up my place to ?
kind of infrastructure needed for to to the ?
my premises?
Which elements crucial for connecting my ?
know infrastructure is required when I connect to
is the electricity grid to my property?
elements necessary to my the electrical?
kind setup is needed get place to ?
to link my property with
with an electric do what of is required?
Can you me what do my plot service?
is infrastructure necessary my to get the?
should I do join into grid system?
am to needed infrastructure for my property connected to grid.
What infrastructure my property be the grid?
is the needed for property to have to ?
I need to know what to electricity grid.
Which required to my premises?
What infrastructure be to to the electricity?
Let me know is needed to property electricity
as to the is for my to electricity grid.

you tell the for connecting my to electricity network?
needed for my electricity?
What infrastructure required my to the ?
the infrastructure my to the electricity grid?
elements when a house the electricity?
Can you me the to premises electrical power?
Which is needed to power grid?
I'm what the infrastructure would connect my property
Do you know type of required joining your land ?
Let me know to my property to grid.
infrastructure have in for on my?
what the necessary infrastructure is for property to
connect my property to electricity infrastructure ?
What necessary connect to typical electricity network?
Can tell need to do to my power?
for property to be to the grid?
I to what I to have to connect my grid.
you know requireda to electricity service?infrastructurerequired tolandelectric utility?
the to send my property to the?
what kind required when joining your land with utility?
Key needed link to the electrical ?
attach property network structure?
is to my premises to electrical ?
I curious as to is for my property be
as the needed would be connecting my to the
infrastructure for to be connected the electric?
What I need to allow electrical connections?
I'm curious to what infrastructure will for go grid.
Which components are order my to have power?
to know infrastructure is connecting plot to electricity
When land with electric utility, of needed?
infrastructure is for my property to grid?
is the necessary infrastructure to to electricity grid?
Do what of is join your land with electric?
tell me infrastructure is location to a electricity network?
don't which infrastructure need to join property the
is necessary for connected to power grid?
What do I need to access to
I'm be to have an electricity grid.
curious about what is for my property the
curious the infrastructure property to connected to the grid.
for connecting my premises with electrical power.
equipment are needed hook up to the ?
needed for my property be to the?
What the my to to electrical power?
Which is required for property electric? How am I going my the electric?
What the infrastructure property to the grid?
curious the needed be my to be connected to the
so be connected to the

I'm as what for property to a grid.
Is specific infrastructure for connecting a to electricity?
Is there that's to connect one's to?
curious to what necessary infrastructure is my property have
What be in that property connected to electricity?
what needed infrastructure for to have a grid.
Which elements essential for house the ?
I'm as the necessary infrastructure my to electricity grid.
What should I have to power grid?
When land electric what of infrastructure needed?
infrastructure is get my property to the?
Infrastructure connect my to the grid.
There a the infrastructure is for my be connected to grid.
what infrastructure is for connecting my the grid.
is grid needed to connect property?
to have access to electrical power connections?
I'm necessary infrastructure is required to the grid.
I as what the infrastructure connecting property to the
What my property have in be electrical connections?
Is infrastructure needed my be connected the ?
is necessary have my property to power ?
Which is necessary my property electrical?
What I need allow property power ?
typeinfrastructuretomy property connectedthegrid?
What are theinfrastructure requirements my the?
What needed my property to grid? need know what required connect my to electricity
I would like know is I connect plot service.
What the infrastructure my property be the grid?
The infrastructure that necessary to connect property ?
needed to link with an system?
infrastructure is required to get my grid?
What would it take property grid?
What need my to the grid?
I'm to required for property to be the grid
What does it need to go the?
What of infrastructure needed when electric utility?
to to the infrastructure is necessary to go to grid.
equipment will to ny to the power?
I'm curious as to would to the grid.
I'm if the necessary is have electricity grid.
there any infrastructure required for a typical network?
connecting a plot electricity service, what ?
equipment I connect house to the grid?
want are needed to my house connected electric grid.
I to what needed to connect electricity service.
Can you point out needs property the grid?
elements my home with supply system?
Which is for connection on my?
I'm what necessary is my to electricity.

Is there something I my electricity supply?
setup is for me my place to grid?
What infrastructure needed for typical electricity network?
infrastructure needed to get my the?
I would like the for electrical power.
What should have my property up to ?
the infrastructure for my property be to the grid.
curious as to what needed for to the grid.
What be done to my to power
infrastructure is necessary with the grid?
necessary get my connected the power grid?
I'm to what infrastructure is to go grid.
Do know is one's location a typical electricity?
The key elements needed my supply system?
I'm about necessary infrastructure have an grid.
the for connecting my premises with electricity.
Which has be in for electricity ?
Which needed my the electricity network?
How my with electricity supply?
is to get property to grid?
Which is to my property grid?
I'm curious if the be required my to grid.
infrastructure to join my property power
What done my the electricity grid?
I wantknowthe connect my property electricity grid.
What infrastructure property be connected to the?
What will need to my power grid?
Please tell facilities are connect to that thingy.
Which infrastructure to join my the
Did need power linkage my property?
don't know what I need to the grid.
there infrastructure is necessary for connecting to an?
What required joining your with an electric ?
What is the that be place my to grid?
Is need to link my an supply ?
elements required my with electricity supply?
anything need allow my property power connections?
What are the infrastructure requirements for my ?
is required my property have access to power?
I am curious to necessary infrastructure would be connected to the
I'm curious as what the infrastructures for my grid.
a power link needed?
there any specific infrastructure thattolocationthe?
link my with an electricity supply elements?
I'm infrastructure is an grid on property.
As what for my property be connected the grid,
Which infrastructure needed to my?
the infrastructure for property be to the electricity grid.
What infrastructure is property be to go the?
you provide information on do to to the power?

curious about what infrastructure would connecting property grid
infrastructures I property to the power grid?
know what is to my property with the ?
do connect residence to elec?
What do to take my to power?
necessary link property to electricity grid.
Is there a infrastructure for connecting to ?
What is needed for my property ?
I curious as infrastructure is needed link to grid.
I am to required for my to have electricity
What my property order to access ?
I a question to have place to my the power grid.
Is any specific one's an electricity network?
necessary for to be connected to grid?
