[Demo] NLP Dataset for Customer Service Automation

| Company Type | Auto Repair and Maintenance Shops |
|-----------------------------|---|
| Inquiry Category | Alignment issues causing uneven tire wear |
| Inquiry Sub- Category | Alignment Adjustment Process |
| Description | Customers often request information on the alignment adjustment process, including the use of laser systems or computerized machines, and the time and cost involved. |
| Data Size | 8,699 paraphrases |
| Want to buy data? | Please contact nlp-data@qross.me via your business email address. |

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)
