[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Assistance with vehicle connectivity and apps
Inquiry Sub- Category	Connectivity concerns during firmware updates
Description	Customers may encounter connectivity issues or loss of functionality during firmware updates, necessitating support to ensure smooth updating process and restoration of connectivity features after the update is completed.
Data Size	5,079 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

$\begin{tabular}{ll} Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.) \\ \end{tabular}$

experts could with intermittent app-linkage caused firmware on ?	
Suggestions who help linkage failures by software?	
are can sporadic failures due firmware updates on automobile	
Do you who knows how auto firmware ?
