[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Vehicle specifications and features
Inquiry Sub- Category	Infotainment system
Description	Customers inquire about the vehicle's entertainment and connectivity features, such as touchscreen display, Bluetooth connectivity, Apple CarPlay/Android Auto compatibility, navigation system, and audio options.
Data Size	5,078 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

 $\begin{tabular}{ll} Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.) \\ \end{tabular}$

"Is an noise can the even further a part "
noisetechnologyhave active noise cancellation technology there?
Does this include active noise in cabin, which enjoyment and media?
Is there advanced noise cancellation the hearing?
Will in-car active cancellation ?
your come in-cabin noise cancellation a sound?
Is there tech cabin?
Does the cancelling that makes experience better?
Is cancellation a technology that improve cabin?
There is noise cabins enhances the do we still have noise ?
there an in-cabin negates background listening?
Is an cancellation technology that the in a?
Can active cancellation sound in cabins?
Is there an noise that the cabin?
it an noise technology can improve the experience the?
Does exist the cabins?
Is a to improve by external inside the vehicle's?
For killer listening can I cancellation?
noise cancellation included cabin?
cative noise cancellation technology exists the?
Does noise in the which would experience even?
There is technology inside enhances experience, we still noise cancel
Can I expect cancellation ?
Is possible a better audio experience?
cancellation technology in cabins?
cancellation technology that improves experience even further ?
use canceling capabilities enhance cabin audio?
Is cancellation technology that experience ?
Can be used inside the ?
noise that be used this cabin possible?
active noise cancellation technology the experience further the cabin?
there an technology that the experience the cabin?
There is cabins, we still have noise ?
Is vehicle equipped with advanced cabin canceling for ?
equipped canceling technology that will inside?
Is there a improve the by in cabin?
Is cancelling inside which the listening experience?
active cancellation technology capable of improving experience even ?
find enhancement of the cabin noise?
it possible that thing is inside ?
technology sound of cabins?
Is there a interior improves performance and ?
Is noise technology the?
Is it offer active the in-cabin music-listening experience ?
Is cancelling in the that listening?
Does cabin have?
Is technology that the experience further cabin?
to improve the experience in cabin?
cancellation technology present in which listening experience further?
Door the cohin

noise that improves experience more the cabin?
active cancellation technology be to experience in cabin?
noise present the cabin, which would listening better?
it possible improve cabins with cancellation technology?
Does noise in cabin?
the canceling be inside the?
Does the technology to listening experience?
wonder advanced cabin cancellation.
a noise cancellation that can experience the?
an active improves the further inside the?
have noise technology?
Does car feature cancellation its listening to music other media enjoyable?
I audio experience with active cabin technology?
Do we moise cancelling cabins?
Does the with noise cancelling?
Can I expect sound cancellation in cabin?
active cancellation cabins?
Is noise cancellation that improve the inside?
Does this feature noise cabin which music and other media?
Is an active noise can the experience inside cabin?
it equipped with cancelling technology experience?
noise cancellation able the experience further in a?
an active cancellation technology that improves even even possible?
Can improve the sound cabins?
noise canceling cabins?
Is technology of improving sound cabins?
noise technology be a cabin?
Is active noise technology that could experience the?
active cancellation that cabin even more possible?
noise is the cabin, would the listening experience ?
want to know the cabins of sound-damping our audio high gear.
an active noise technology of the in further?
Better hearing achieved?
Can provide with ANC?
Is active make a difference in cabin?
Is cancelling technology in cabin an the?
it possible that the boast some wonders kick our pleasure gear?
noise capable of improving the the cabin?
cabins of yours our audio pleasure into high gear?
an cancellation technology in this improve experience?
Does have active cancellation the experience?
Does noise cancellation?
Is active noise that experience even further in ?
noise technology in cabins improves the do we still ?
Is noise inside cabin which would the ?
Livelier hearing ANC?
Is there noise technology can experience inside?
the cabin noise ?
Does in-cabin cancel background better listening experience?
Is active technology present cabin?

an active technology able to the experience within ?
Is possible in for a great ?
it possible cancellation is happening ?
Is it possible in here for a?
Is an active noise cancellation technology that part ?
noise cancellation the more in the?
the have good technology?
Can I get in here for ?
darn cabin have noise technology that my better?
have better sound with noise?
there advanced noise that enhances the ?
noise in this place a great experience?
Is an active that improve experience in a?
noise can the cabins.
Is a experience advanced cabin noise?
quality due to the technology the cabin?
cabin made noise tech? Is possible make the in-cabin listening even more effective ?
Ispossible make the in-cabin listening even more effective ? active noise cancellation cabin?
The noise technology.
cabins enhanced canceling today?
there an active technology the
Is there cancelling cabin?
the cabin have sound ?
Is for tech in cabin to cancel so I can music ?
Does noise technology cabin?
vehicle have active cancellation technology the your experience?
noise present inside would further enhance listening experience?
Is cabins have advanced cancellation?
active noise technology the experience more cabin?
car active cancellation in the cabin, which of music and other?
cabin listening active noise cancellation?
an active noise cancellation able the further cabin?
Will be to better active in my car?
any active cancellation cabins?
Is more within the cabin?
an cancellation technology good for experience cabin?
it possible that noise-reducing thing exists ? Does Cabin noise ?
noise cancellation tech?
Is active cancellation technology improve experience a?
cancellation technology can improve the even further
Are your vehicle advanced canceling heightened listening experience?
technology in the cabin enhances even more?
I have get noise cancellation here?
canceling possible in today?
Does cabin have ?
the have active ?

Is there in for a listening?
an in technology the experience even in cabin?
me if there are cabins enhanced ?
Do think an technology can the experience cabin?
cancellation can improve experience more in the cabin?
cabin's noise cancellation for ?
Can active sound in?
there an noise technology listening further?
Can in-cabin technology out background noise ?
cancelling technology provided in?
Does an noise technology even the cabin?
wonder have noise cancellation technology cabins.
Is possible to through noise canceling?
active noise cancelling technology that can improve part this?
Is an active noise that experience even cabin?
Is cancelling in cabin which listening?
Does an noise cancellation that experience the?
there be in here for listening experience?
Does know I can noise in?
Is in-cabin that cancels out a?
in-car noise cancellation make sounds?
Is cancelling technology in the which the more?
Is an noise cancellation the experience a cabin?
is noise technology cabins which experience, do still noise technology there?
Does the have better experience with ?
possible to better sounds to noise?
Does have cancelling?
Is a improves the further in cabin?
an improved audio use of active cabin noise technology? Will cancellation the better?
there active technology within the?
the cancelling in cabin?
there more cabin noise?
cancellation that enhances listening in the ?
the cabin with noise ?
Can noise technology sound ?
an that help improve experience even more a this cabin?
noise technology that can improve the experience a ?
Do to get noise cancellation here?
noise the that improve the experience even more?
the cabin noise-canceling?
Is possible cabins audio canceling are ?
we to enhance the cabin?
Is noise technology that can improve further cabin?
Is noise tech?
Is there technology enhances experience even further?
noise cancelling the cabin make better?
cancelling in cabin, which would the listening even?
cancelling in cabins?
Is cancelling inside cabin makes listening?

	to use cabin noise cancellation for experience?
	an active cancellation technology improve more inside cabin?
Does	have noise cancelling enhances experience?
Does	cancellation work in cabins that listening?
	noise cancelling inside the the listening more?
	cancellation technology be used in the to my ?
	noise in the cabin?
	the include cancellation?
	active noise cancellation the?
here	e noise inside that enhances the do we still noise?
	active noise cancellation technology experience even further a cabin?
