## [Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Extending or adjusting alarm system coverage
Inquiry Sub- Category	Adjusting alarm system detection zones
Description	Customers may want to modify the detection zones of their alarm systems, ensuring that specific areas, such as pet-friendly zones or outdoor areas, are properly accounted for while minimizing false alarms.
Data Size	13,210 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Home Security and Alarm Company" customer inquiry. (Purchased data will not be masked.)
