## [Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators	
Inquiry Category	Network coverage and signal issues	
Inquiry Sub- Category	WiFi calling	
Description	Customers inquire about the availability and usage of WiFi calling options, seeking information on how to make calls using WiFi networks when cellular signals are weak or not available, and guidance on setting up and using WiFi calling on their devices.  5,015 paraphrases	
Data Size		
Want to buy data?	Please contact nlp-data@qross.me via your business email address.	

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Are any geographical regions WiFi calling can used?
Will certain locations make harder use ?
Is there restriction on wi-fi call specific
use of wi-fi to call in areas you?
Does there on use wi-fi to in ?
Is limitation on the wi-fi locations?
I know if there based on geographical using
Do think there for making on the?
as to whether restrictions on where a wily used.
Is any to make calls via?
restrictions the use of in areas?
There is as to whether there are restrictions on where the interne
Will certain block use ?
the use wi locations?
there any on the call areas where prefer?
Is there $\_\_\_$ restriction $\_\_\_$ the $\_\_\_\_$ wi-fi $\_\_\_$ certain $\_\_\_$ ?
Is using wificalling constrained?
There is the use of wi-fi to different
Is there a restriction the where well?
Is any constraints call?
there a on use wi-fi in of the?
Is it possible to wi certain?
Regional limitations $\_$ using $\_$ are not $\_$ .
Do mean to the voicemail-over-WiFi stuff the map?
Is regional forWiFi?
Does wi fi calls?
there any of of to call the specific area?
areas use of wi-fi?

Is there a	I can calls ?
there a	on in parts of the?
	about whether fi phone be certain areas.
there	forWiFi calling.
is a question	on on is restriction where a call
Is there a	use of to call in of?
there	the use of internet wi-fi to call ?
Will location	ons the wi?
	of wi-fi to in different?
There is qu	uestion on can a fi
	restriction on wi-fi use in?
	restrictions on wi-fi specific?
Is of	limited by location?
	allow use aWiFi calling?

	to specific geographic constraints upon employing ?
	striction for in the area?
	on that nifty to certain parts map?
	on wi-fi specific?
	use a geographically constrained?
	if restrictions on using wi ?
	make in areas.
	reographical restrictions using ?
	regional forWiFicalling
	that geographic locations on calls.
	any constraints where we doWiFi calls.
	can there the use calling capabilities?
	estriction on wi-fi the specific?
	estion whether can used in places.
	limitationsaWiFi calling?
	estion the use of
	ations affect ofWiFi?
	use of wi-fi call areas?
	imitations to wi fi ?
	know if any regional limits
	re regions for making on internet.
	to the wi-fi call areas?
	calls certain?
	using wi in certain places.
	regions impose ?
	on the of the internet regional
	bout to where make calls.
	on about wi-fi to call
Does use o	f have in places?

question on restrictions on a wily call can be	
In terms geography, limits the use the calling capabilities.	ies?
question is if there are any on fi can	
you me locations restrictions on using wi-fi	
a on use wi-ficalling in certain places?	
Is that there restrictions using features in region?	
Is there any restriction use of called wi-fi?	
restrictions on the of specific locations?	
Is any restriction on the the in ?	
Is there might affect the WiFi calling?	
tell me any restrictions where calling can be?	
you limiting the voicemail-over-WiFi stuff of?	
Is of wi-fi to call in of?	
Is on use wi-fi in a particular?	
there a on the use of parts country?	
Can WiFi restricted certain?	
Is ability to connect wi-fi based on ?	
geographic limitations availability of WiFi calling services.	
there any on use of wi-fi ?	
the use of by?	
There question to there are boundaries the of calling _	·
the use of wi-fi to specific?	
people are wondering on a wily call can used.	
if certain geographic locations constraints wi-fi calls?	
There may be internet wi-fi to call specific	
Is limit where I can wi?	
to in limited regions.	
any restriction on to in specific?	
restriction on use certain areas?	
Is there restriction on the in?	
I'm if are regional using the features.	
Is it have wireless calling?	
tell if there constraints on using wi-fi calls ?	
a whether are restrictions on where call used.	
there restriction of wi-fi calls in different regions?	
is if there any where you use wi fi	
is whether the phone can used in areas.	
possible restrict the use wi-fi in areas?  Does location affect wi-fi ?	
there on the use wi-fi different?	
to are there the of WiFi calling capabilities?	
using geographically constrained?	
it possible that the stuff certain of map?	
want know are regional for using wi-fi communication.	
Is there restriction use a specific area?	
there using fi in certain areas?	
use wifi geographically limited?	
There question limitations you can make calls.	
I if geographical affect wi-fi accessibility.	
Does there be geographical restrictions on ?	

Will certain to useWiFi?
There are limitations wi fi
restriction the use wi-fi to call in areas different?
question regarding the use the called wi-fi to call in
wondering are location calling on the internet.
is question the use of to call
There question to restrictions where wi fi phones be
I want know if are restrictions regions when regions when
would to know if there are any restrictions
There are certain limitations that availability wi calling
restriction on the use to specific places?
using wi-ficalling ?
there restrictions of wi-fi certain locations?
Is there using to call certain ?
Is restriction on the use the specific areas?
Does the affect wifi ?
there on wi-fi to the specific ?
Is a the use in places.
Is there any restriction the make calls specific?
me there are regions when using wi-fi
Are any restrictions wi-fi in specific ?
Is a on where I wi-fi calling ?
Will problems with use ofWiFi?
there restriction the use specific areas?
is a whether or there on a wily call used.
there on using the WiFi calling features ?
Is stuff to areas of map?
limit of calling in certain parts of the?
There is on in certain areas.
Are on the use parts of country?
there a on wi-fi specific parts the ?
there limits for ?
location affect the use wi phone?
Is there any I use the calling ?
If exist calling?
know regions affect wi-fi call accessibility?
is whether is restrictions on where a be used.
There is a whether there on wily call can
Is wi-ficalling ?
Will places prevent use ?
Is there restriction of wi-fi to make in ?
a restriction the use at locations?
limits forWiFicalling exist?
Can you tell me regional restrictions internet?
There a question about or not restrictions wireless call can
any geographic restrictions this calling thing?
wireless communication limited?
question the use of wi-fi locations.
Is confirm not specific geographic locations constraints upon wi-fi _
on using wi in places?

any limit use of wi-fi services?
$\_\_\_$ limits to using $\_\_\_$ fi $\_\_\_$ some $\_\_\_$ .
you confirm not certain impose on wi-fi?
Can you if are regional restrictions wi-fi?
there restriction on called wi-fi call specific regions?
restriction on the use wi-fi places?
you tell me are employing wi-fi calls in ?
are on whether restrictions where call can used.
"Is there any on using calling?
Do know is the use of call in areas of your ?
Is there restriction the of wi-fi to call ?
Do fi in certain areas?
There is question whether on where wily call can
you the regional restrictions calling on internet?
Is there restriction on countries we the?
there restriction on using internet to of geography?
it certain geographic limitations might affect availability services?
a question if there are restrictions a call be
Is possible have restrictions calling?
there limitation you can wi-fi?
want to if are any on the wi capabilities.
a question about use of call specific
regional limits ?
Is to use internet to calls specific?
you tell specific impose constraints upon calls?
questions on whether not are restrictions a wi can be
Can there on can call the?
there any using communication ?
you wi- fi call service accessibility?
a on the use of the internet areas?
let me know if wi-fi calling in certain
let me know if wi-fi calling in certain  There restriction on of wi-fi call specific places
There restriction on of wi-fi call specific places.
There restriction on of wi-fi call specific places there a restriction the wi-fi to call ?
There restriction on of wi-fi call specific places.  there a restriction the wi-fi to call ?  Is to wi-fi geographically ?
There restriction on of wi-fi call specific places.  there a restriction the wi-fi to call ?  Is to wi-fi geographically ?  Can you whether geographic constraints using wi-fi calls?
There restriction on of wi-fi call specific places.  there a restriction the wi-fi to call ?  Is to wi-fi geographically ?  Can you whether geographic constraints using wi-fi calls?  Is there a on the internet called specific ?

There
There         whether there are any         where         phone can         used.
There

any regional using services?
a limit to the use wi-fi certain?
a on the use ?
anyone know if there geographical using calling?
s a restriction the call in different geography?
s restrictions on to wi-fi service?
s on use of internet called in different?
the to use WiFi geography?
wi fi phone can be used.
tell me are any boundaries usage ofWiFi ?
could a restriction on the of wi-fi areas.
s local limitations for ?
Should there limits?
locations make it difficult fi?
it certain locations constraints upon using wi-fi ?
s a limit on wi-fi services?
Will the use of WiFi locations?
s use aWiFi by constraints?
there a restriction on we internet for?
s restriction on the of wi-fi call ?
s restriction on the use parts of country?
a wi-fi call ?
there restriction on use wi-fi internet to specific?
you if specific geographic locations have wi-fi?
some locations with ofWiFi?
Are on nifty stuff to the map?
limit on the of make calls the specific?
location for calling on internet?
a on use internet called to call specific?
wi-fi call in specific?
it possible there are that the WiFi calling?
s there a limit on of in?
s regional for wi-fi services?
anyone know whether exist?
Do you are imposed on usingWiFi?
geographical constraint on call?
Does geographical wi Fi?
s calling ?
there any geographical constraints the calling?
certain locations with the wi calling?
tell if there on wi-fi calls certain locations?
would like constraints on we can doWiFi
there a restriction on use wi-fi?
Do you restrict that to parts of ?
there restriction on the called wi-fi to the specific ?
a restriction on where I wi-fi?
there limits forWiFicalling.
Could tell me geographical accessibility of?
about whether there is restriction on where a can be
any restriction use of locations?
