## [Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Alarm system compatibility with smart home devices
Inquiry Sub- Category	Features and functionalities of smart home devices compatible with alarm systems
Description	Customers inquire about the specific features, functionalities, and benefits they can expect when integrating their smart home devices with an alarm system, seeking additional insights on security enhancements, automation possibilities, and convenience factors.
Data Size	9,871 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Home Security and Alarm Company" customer inquiry. (Purchased data will not be masked.)
