## [Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Training and user manual inquiries
Inquiry Sub- Category	User Manual Requests
Description	Customers request user manuals for their purchased telecommunications equipment, either to supplement their existing manual or to replace a lost or misplaced copy.
Data Size	5,054 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

 ${\bf Masked\ sample\ paraphrases\ of\ one\ "Telecommunications\ Equipment\ Manufacturer"\ customer\ inquiry.\ (Purchased\ data\ will\ not\ be\ masked.)}$ 

are our supplementary materials for existing telecommunications?
can more learning telecom equipment?
What resources are available to help apparatus?
you to give guidance acquiring supplies telecommunications apparatus?
How can we current telecommunication
Is any to telecom equipment's?
resources for our telecom equipment?
offer us additional resources telecom equipment?
we supplemental instructional aids for equipment?
training currently deployed telco alternative teaching
there study stuff we for our ?
Supplemental be applicable telecom
Supplemental our telecommunications?
How materials can we find our setup?
there any additional the telecom?
What do you improve knowledge apparatus?
What be to complement training involving currently
it to find aids our telecommunications?
Any additional telecom?
Thinking about possible supplements to telecom
there alternative that boost educational aspect of gear?
There are training can complement telecom setup.
relating telecommunications tools exist.
Are able get learning resources our ?
Do any extra learning for our?
Supplemental instructionals tools?
Can more study for?
for supplements related to

our setup, explain suitable extra learning resources.
Is there any our?
educational opportunities relating to ?
there potential sources instructing on telecommunication area?
there any instructional supplements the tools?
any teaching resources equipment?
Considering communication could you potential content?
there supplement the equipment's instruction?
Supplemental materials equipment?
Can about resources for telecom equipment?
Which materials we use ?
Supplemental instructionals to our may
Supplemental instructionals to possible.
We telecom equipment, you suggest additional ?
Is any add-ons better teach ?
the training for our telecom?
when it comes supplemental instructional for our equipment?
want find instructional aids for gear.
alternative learning that compatible with our devices?
a we can get educational for setup?
we get for our telecom?
Is possible that get more study gear?
Wondering educational supplements related equipment.
educational supplements related equipment.
We your assistance eligible instruction compatible telecom
Where we alternative linked the current devices?  Can we to supplement telecom instruction?
a material that the educational aspect of gear?
the specifications of setup, could instructional content? there any teaching materials should our current?
Is there any possible on devices?
it to any teaching materials with our ?
any learning materials that complement our ?
Suggestions on us more about tools?
Can get resources our ?
to find supplemental aids for our
Is there any supplements on devices area?
Is there any add-ons instruct ?
have material for our gear?
materials can with existing telecommunications gear?
Where can I find gear?
available educational content to the telecomm?
Supplemental about telecommunications?
How we get more learning equipment?
Are there additional telecom?
How we materials for telecommunications equipment?
our current communication setup, please suggest ?
Is the suitable auxiliary instructional?
for tools be possible.
There instructionals our tools.

What other aids would be current?
Should look for supplemental instructional gear?
What aids do you think current systems?
on that complement our telecom?
Are in search instructional our our communications devices?
Can anyone on are any supplement sources for on ?
Do you know teaching complement our telecommunications?
Can additional resources telecom equipment?
Is possible to get additional resources ?
Is potential instructional for current setup?
Is possible extra study for gear?
we setup with additional training?
Considering our setup are you suggesting instructional?
need additional instructional tailored for devices?
Are any more our equipment?
we searching for tailored to existing ?
there instructional for existing devices?
Can some education our equipment?
Is any learning our?
was were additional learning materials our telecom
we alternative that are compatible with devices we?
want to supplemental aids our telecommunications
training complement telecom setup
there instructional tools devices?
find learning that compatible with devices we have?
Can we get our?
are available supplements telecom equipment?
Is there sources for telecommunication?
Suggestions where to supplemental pertaining to our?
teaching aids to enhance our?
What material can we our telecom?
any way to add to setup?
I for materials our telecom devices.
there materials the telecom devices?
the options add educational content to ?
there anything can boost learning our hardware?
are the alternatives the telecom equipment?
There alternative resources that complement training deployed
What resources to improve our telecommunication apparatus?
Wanting supplements related equipment?
instructional supplements well our current ?
Would to educational the telecomm setup?
we alternative resources are to the we use?
Can additional resources for telecom?
What can be used complement currently systems?
Do you have supplements that with tools?
What be to complement training involving systems?
Is help for gear?
to use some extra materials with gear?

educational supplements existing telecom?
resources are available to improve using ?
we supplement the instruction telecom equipment?
Are there alternative materials the educational our telecom?
to are any instructional materials for our telecommunications
Are supplements that work well with?
Is a choice of equipment?
We opinion eligible instruction compatible telecom equipment.
We need supplemental instructional aids for
to know there any potential for teaching on
it possible to extra for our ?
we be looking for educational equipment?
can make our current equipment more?
can learning that are to the we are using?
We $\_\_\_$ help with $\_\_\_$ compatible $\_\_\_$ our $\_\_\_$ telecom equipment.
Is there additional material telco?
any teaching can our telecom gear?
Are there any for adding the?
we education resources equipment?

educational supplements related our existing telecom?
get educational supplements our ?
Considering our current communication could suggest ?
Is there any teaching our ?
Considering the of current communication the auxiliary instructional?
we our with supplementary training materials?
we educational resources our equipment?
Is there any potential source on telecommunication?
$I \ \underline{\hspace{1cm}} like \ \underline{\hspace{1cm}} know \ \underline{\hspace{1cm}} there \ \underline{\hspace{1cm}} any \ \underline{\hspace{1cm}} for instructing on telecommunication \ \underline{\hspace{1cm}} here.$
We setup, so please suitable extra resources.
can we educational on our ?
Can we education for ?
you know supplements well with current tools?
What materials use to improve our?
are for existing gear?
know if any potential sources instructing on here.
What other resources used to complement training
add-ons that can instructing telecom stuff?
a place where get more our telecommunications?
To for our current mention suitable extra
What alternatives educational supplements for equipment?
are the alternatives for the ?
What learning use for our ?
Any teaching our telecom?
on to the current telecom?
want to if there potential for instruction telecommunication
Do we have additional resources our ?
additional for telecom gear?
there that can aspect of existing telecom gear?
Can we to resources telecom equipment?
We with eligible compatible our equipment.
more resources the telecom?
Do you have we use our gear?
Where can I aids equipment?
equipment: materials that we use with our telecom?
Is possible get more for our equipment?
Is more our telecom?
other resources can used to training currently systems?
we educational current equipment?
Does have better with stuff?
there educational supplements related to existing ?
materials our devices?
Can any more for gear?
it possible to materials telecommunications gear?
can learn more telecom?
I am wondering there any for our
Considering setup, could please auxiliary content?
Is there available telecom equipment?
educational for our telecommunications?
to our telecommunications tools considered.
