[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Account setup and activation assistance
Inquiry Sub- Category	SIM card activation
Description	Guiding customers through the steps to activate their SIM card, which may include inserting the SIM card correctly, following activation instructions provided by the operator, and troubleshooting any issues that may arise during the process.
Data Size	5,148 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
