[Demo] NLP Dataset for Customer Service Automation

| Company Type | Mobile Network Operators |
|-----------------------------|--|
| Inquiry Category | SIM card replacement and activation |
| Inquiry Sub- Category | SIM Card Replacement |
| Description | Customers may request a replacement SIM card for various reasons such as loss, theft, or damage. Operators need to verify the customer's identity and may charge a replacement fee before issuing a new SIM card and transferring the customer's mobile number and services to the new card. |
| Data Size | 8,627 paraphrases |
| Want to buy data? | Please contact nlp-data@qross.me via your business email address. |

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
