## [Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Privacy and security concerns
Inquiry Sub- Category	Parental controls and child safety
Description	Inquiries from parents on how to set up and manage parental control features to protect their children's privacy, restrict access to certain content, or monitor their online activities.
Data Size	5,017 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Does enabling these	speed	s per	formance of connected	?
these settings have _	large o	n internet	performance?	
spee	d of my or	the performance	e of device?	
	settings change	internet perform	mance?	
these	and internet sp	eed?		
if there be	any chang	es in speed	d device	
seriously a	affect speed	d performa	nce?	
Is possible that intern	net speeds	efficiency _	be by	?
these settings e	nabled, how muc	ch do internet _	?	
What changes does	settings mak	ce	and?	
How will on	affect	and connecte	ed device?	
Will these in	to	speeds and	_functions?	
it that	_ affect spe	eeds?		
What effect these	inte	ernet speeds	device?	
there	both inter	net speeds	functions if thes	e settings are on?
Will Enabling setting	s a noticeal	ole impact	?	
settings affect _	speed?			
these	_ a	internet spee	eds and the of connecte	d devices?
settings a	n	_ internet speed	s or device performance	e?
Is it possible these	impact	of	?	
Are these going to	an impact	?		
I wonder l	oe any noticeable	changes in	or	
Will these affect	or po	erformance	my devices?	
Do $\_\_\_$ settings $\_\_\_$ the		overall device p	erformance?	
resu	lt in a drop		and functioning of connecte	ed devices.
How will conne	ction and _	?		
affect spec	eds device ]	performance?		
enabling these	to have a no	oticeable	speeds?	

settings have noticeable impact on my?
If I these settings, they negative effects on speeds ?
have an on speed device performance?
the speeds and device?
internet speeds and connected efficiency be these?
much settings slow my internet the performance of ?
Is true the down or devices?
Does enabling these internet speeds overall performance ?
Do there have to effects internet and these settings?
it these affect internet speed or connected performance?
settings an internet speeds and device ?
it that these options in a and device functioning?
the effecting device speed?
Does these significant impact speeds?
When do settings speeds and ?
or by enabled settings?
options the internet and ?
How much the settings affect ?
these settings a effect on my ?
it have an impact?
much will affect internet?
settings affect internet and performance used?
do affect internet speeds and performance ?
there any negative internet and I these settings?
possible these could in in internet speeds and devices?
affect internet and performance?
Will these how internet?
enabled affecting device web?
Is it these settings to or performance?
those affect speeds or ?
Will the change or?
When enabled, these affect and device?
Will internet speeds?
The of connected devices and speeds affect
settings a difference internet speeds and overall ?
Could speed internet or my connected performance?
Does enabling these have impact speeds the connected?
it possible that in in drop internet speeds and the of connected?
Can options result in a internet?
Can these impact my speed connected ?
Can change the speed connection?
much do internet performance of affect the?
I settings, I expect a internet speed device?
Do enabled settings speeds connected device?
Will the device performance?
Can settings change ?
these adjustments affect of connected device?
there negative on internet device these settings?
Will or connected be impacted this?
Is these affecting speeds connected performance?
10 perior mance:

it speed online use?
Will be both and overall device are turned on?
settings effecting speeds and connected devices'?
When we how much speed change?
much do speeds as a these?
Will there any changes in speed ?
allowing these settings affect more you?
How much internet change as a these?
it hurt speed ?
Do an effect speeds and performance?
Is that this will in speeds and connected?
Will have on internet speeds performance?
these are does speed and performance change?
Did settings internet and devices' overall?
I enable these settings, am effects speeds and ?
be a in speeds and the connected these are enabled.
much impact these settings have on my ?
the speeds and connected device be affected ?
Can adjustments the speed internet connected ?
Will settings impact or device performance?
Does these the of internet?
How much does the setting these ?there significant to speeds device function if these settings ?
it that enabling these options a huge in ?
Will these affect speed internet or performance of ?
Will options internet?
Internet are expected to influenced by these
Will internet and device functions result turning settings?
Do these internet speed the of ?
Does enabling change internet speeds performance devices?
alter speeds and phone?
Can affect performance of devices speed internet connection?
enabling these settings connected performance?
How much do on and performance?
affect fast internet works or how badly gadgets?
know there are internet speeds device efficiency if I enable these
it possible that could both web and ?
these settings change ?
Will this change affect device?
Is the settings?
Is possible that these settings or device?
Will impact internet?
Would affect speeds devices' performance?
internet and performance change when are enabled?
settings affect internet?
that could impact speed of my internet?
speeds and connected devices by settings?
it possible these options a drop in internet connected devices?
Do affect internet speed ?  Those affect speed of connected device performance

these affect or performance of connected?
that these adjustments my internet connected device performance?
much will adjustment harm speed ?
Will the settings be and device performance?
Will options and performance?
it enabling these could result internet and the of connected device
If these are activated, can any noticeable speed performance?
Will significantly the speed going if enable?
these internet device performance?
options the performance?
these are how does internet device performance?
Is allowing speeds?
Is possible these could affect or device?
these affect internet and?
these settings how the or how well my ?
much do change we these settings?
these settings internet or connected device more ?
much and the performance of devices depending settings?
the options a noticeable on or device?
on preferences affect internet or connected device?
settings impact device internet?
How much do we these settings?
the performance the internet or device?
Is enabling affects ?
these how much does the change?
these settings how how the internet works?
Will this connection and?
Will result in to internet device ?
internet or connected performance?
Will settings on that will in noticeable to internet ?
Could a in internet and connected devices?
much settings internet speeds?
settings change speeds or the performance devices?
it possible to affect weblinked devices?
repossible to direct wes minked devices speeds or the performance connected devices?
Is settings internet speeds overall ?
Does enabling these than you think?
Is possible that will in in internet and the functioning devices?
expected to internet speeds connected efficiency.
Will enabling these on internet connected device performance?  Is speed by settings?
the enabled affect internet speeds or ?
Is effect internet and efficiency if these settings ?
noticeable effect on internet speeds ?
internet by settings?
have an internet speeds?
If settings, can changes in internet speed or?
Does these internet overall performance?
this affect and performance?
Do affect speeds performance connected devices?

Could features a significant web?
How the enabled settings ?
Are internet speeds and device these?
These internet speeds and
affect the internet?
these have affect on speeds?
turning on internet speed or device?
It is possible result in a speeds the of connected devices.
Is it that features both speed and devices?
Are connected device efficiency affected by ?
Is it possible that internet device?
Does impact speeds?
Does speed the and phone?
these configurations speed or performance?
of an impact does these have on speeds?
Will enabling on my internet?
Could these adjustments the speed connected?
fast internet how my perform are impacted these
Will this to speeds device function? the changes hurt fast I the of the?
the changes must last i the of the ? these make a speeds?
do internet speeds device these settings are ?
Will these have internet speeds and device ?
Ispossible there will be significant changes speed ?
the overall performance affected by these?
settings are activated, can there in internet device?
on have a significant effect on ?
setting impacting speeds performance?
If these settings, do internet and efficiency?
enable do speeds device performance change?
Is and connected device by?
affect quality of browsing and the connected devices?
Can these settings internet the overall connected?
turning these settings in to speeds and ?
the impact and device performance we these settings?
affect and device speeds?
these settings affect fast internet the gadgets?
Will my speed device performance?
these settings how much internet and performance?
The speeds and are likely to influenced these
Can affect internet?
Is it true that the settings internet ?
an effect speeds and device performance?
Is possible these will in a drop in ?
Does change speeds overall performance?
change greatly and performance?  Is true settings web?
is true Sellings web ?
How much do and enabled settings? this connection and performance?

	options in a drop in speeds connected?
Can e	enabled settings speeds connected ?
Is	affected these?
	changes affect my internet or device?
Do _	how fast internet how well gadgets?
	activated options affect and performance?
How	and how my may be affected by settings.
	settings impact on internet speeds?
	speeds efficiency be affected these settings?
	the settings affect the ?
	is that affect internet speeds connected efficiency.
	impact internet speed device performance if set these?
Is	and devices by settings?
	the options affect speeds device?
	internet speed or device?
Do _	speeds and overall device when?
	settings have on internet speeds?
	device or performance by these?
Web	speed performance impacted by enabled
	these settings internet performance.
	possible to impact the of my internet device?
	fast the internet be impacted settings.
	the internet or performance?
	settings internet speeds or connected performance?
	the settings device speed?
	the settings internet?
	these cause a drop in ?
	enabled affect web?
	enabling these result in internet speeds?
	settings the ?
	these settings how fast internet or well devices ?
	going significant changes internet speed or performance?
	settings being any impact internet speeds?
	have an impact the ?
	it options affect internet and device?
	allowing affect speeds ?
	settingshowthe internet the performance devices?
	in changes to speeds and device functions?
	enabling internet speeds?
	this reduce the speed of ?
	much change the performance the?
	these result in a drop speeds the of devices.
	there be noticeable in device performance these settings?
	there be indicteable in device performance these settings: these affect the of devices or the my connection?
	these affect fast internet or my gadgets do?
	d options a significant in internet speeds and functioning ?
	settings speeds device?
	an impact speeds and connected performance?
	settings enabled impact internet?
	<del></del>

How the performance change a result of ?
Will turned to internet and overall functions?
settings affect internet connected devices' overall?
Will notable changes speeds device functions these turned on?
this change connection and?
Is it possible to internet functioning of devices enabling ?
be noticeable change or device performance if these settings?
Is internet slowed down by ?
these an on speeds?
Do settings have a noticeable ?
Will turning cause changes to and functions?
How when we enable these settings
Will an on speeds and device?
these settings of internet?
Will there any noticeable to speed ?
much internet speeds when we these?
speeds on these settings?
Do these have an speed and?
enabled affecting speeds devices?
Does enabling a difference speeds connected performance?
Will activated speeds and performance?
Does the enabled settings speeds connected ?
on these settings change the functions?
Is to have impact on both and of devices?
speeds influenced by the ?
much affect internet speeds connected have ?
Do settings when enable them?
the effect speeds?
there a in and general devices after this switch?
possible that enabling these a drop in speeds and connected ?
Will it speeds and device performance?
these settings internet speeds device?
Are speeds device affected applying these?
enable do internet speeds and performance increase?
Is possible these features could affect and ?
Are speeds by ?
significant changes to internet device performance?
Is internet speeds and more these?
these settings speeds overall?
Does settings a noticeable effect ?
What and device performance we enable these?
settings affect speeds and devices?
internet speeds the options?
Is device efficiency influenced by settings?
it possible these changes could affect speed ?
on these settings result in noticeable changes and?
Is setting impacting device ?
these configurations affectspeedperformanceinternet?
How much do and devices vary settings you?
110" maon ao ana uevices vary settings you:
setting of these can internet and

Is the internet by ?
this speeds device performance?
Can these affect speeds devices than other settings?
Can affect internet speed or the performance ?
Is it that these affect performance ?
a drop speeds the functioning connected devices be of options?
When these much do internet speeds and overall?
settings how internet works?
Will harm performance and?
It these options could result drop in speeds.
Do the settings affect devices?
How much does the of internet?
internet speed device performance affected if enable ?
configurations my connection's and performance?
Do settings and speeds?
true that settings affect internet speeds devices'?
What impact have on internet performance?
Will affect speeds and device?
Is the internet speeds devices' performance ?
these settings speeds or ?
internet speeds the of connected devices be these options.
Will this and?
settings my internet or the performance connected?
my internet the performance of connected devices?
internet speeds device be by these?
Will changes affect device performance?
What these settings have on and?
internet speed performance connected devices affected these?
drop in internet speeds and connected if these are?
enable these settings, much internet and devices?
Will these internet or?
When these much internet and device performance?
Will speed my internet by configurations?
If I these settings, will they have ?
Is setting impact speeds ?
Does connected devices' performance?
affected the options activated?
Does the settings internet speeds ?
Are affecting internet performance connected devices?
these settings an impact internet?
and connected efficiency by the you apply?
The performance of $\_$ devices $\_$ the $\_$ of $\_$ internet $\_$ be $\_$ .
these settings my internet the of devices?
these could result a speeds functioning of connected devices.
Is possible that will changes in internet speed ?
How does to enabled?
internet speeds or performance of be affected ?
enable these internet and performance change?
enable these internet and performance change?  Does settings affect speed ?

Could enabling options result decline internet?
do settings speeds performance?
Are the affecting internet speeds ?
change in speed or performance when I settings?
settings affect my internet or device?
If these change in internet speed or device performance?
affect web device performance?
Is internet speeds and efficiency changed ?
How much when you set these?
Does enabling these affect ?
change my internet the performance of devices?
the internet speed or performance?
$\underline{\hspace{1cm}} much \underline{\hspace{1cm}} speeds \underline{\hspace{1cm}} the \underline{\hspace{1cm}} of \underline{\hspace{1cm}} devices \ differ \ from \ settings \underline{\hspace{1cm}} \underline{\hspace{1cm}} enabled?$
settings being a significant impact speeds?
the internet speeds?
enabled change internet connected performance?
much do speeds and device change these?
The speed or connected device could be adjustments.
Is these options going a significant speeds?
Do an on speeds and connected performance?
it that allowing these options could in in in devices?
influence internet or performance?
Web speed and affected by
web device affected enabled
it possible these impact and device?
Will using settings an on speeds device?
internet efficiency be affected by these?
much performance change when we enable settings?
the affect speeds or overall ?
significant changes to internet speeds overall device?
or can be enabled settings.
device performance are affected by settings
Is device noticeably influenced by settings?
influence internet and device performance enabled settings?
Do device performance if you on these ?
How internet the connected devices differ from settings not
Does enabling these affect or the of ?
Are settings speeds and devices' ?  these internet speeds and performance?
the enabled or connected devices' performance? much does the speeds?
How much change internet performance?
Will impact speeds device ?
When settings used, speeds and performance change?
Is the good speeds and devices?
internet with the settings we enable?
these options or performance?
Does enabling settings ?
settings affected internet ?
Can adjustments affect the speed or ?

I a internet speed or device these settings?
Web speed can affected by
these settings have on or device performance?
Can my internet the performance of connected?
I these settings affect internet speed.
There might be negative on internet device enable these .
be detrimental speed and?
it possible options to result drop in and of connected?
if be any significant changes to or device
Is possible these options could in speeds the functioning of devices?
Will activated impact internet or?
these adjustments the speed of internet?
Does change of net phone?
have a major on ?
If I enable these settings, negative on internet device?
Are internet performance affected these settings?
How much and performance change when settings?
Will these options an ?
affect the internet?
speeds connected affected by these settings?
Will these performance of and device?

There be negative effects internet speeds
these in internet speeds?
Do settings performance?
Will affect internet speeds?
Is it that internet?
enabled effecting and connected devices?
possible that harm speed and performance?
the impact settings speeds?
Does these internet device performance?
to internet speeds and device functions?
speed of the internet?
enabling settings the speed performance?
internet be enabling settings?
the settings affect the internet how my gadgets?
much do performance the internet?
internet and device performance after we enable ?
Are internet speeds and device?
these result in finite and functioning devices.
Is and efficiency influenced these settings?
allowing settings affect or device performance?
the affect speeds and ?
Will the activated internet and performance?
Do these have impact fast works or of my?
Does these speeds?
Is the of speeds efficiency these settings?
What do these settings have on ?
enabled to web speed performance?
Is device affected by options?
15 acvice affected by options:

Do enabled internet?
these configurations speed of my internet connection?
these on how fast the works how well gadgets?
Will turning internet speed?
allowing these affect speeds the performance connected devices?
Will speed performance?
Do settings have an effect how internet or perform?
this effect the and?
Does settings internet speeds performance connected?
enabling these difference internet speeds?
enabling performance connected or the internet connection?
these effect speed?
Will noticeable internet speeds functions as a of on these?
much setting these settings the of ?
it of of internet or the of connected device?
this adjustment affect and?
are that internet and connected device applying these
Will turning these an internet speed?
these adjustments impact the my the performance device?
this adjustment hurt and?
If I can significant changes in internet device performance?
Is that allowing options in a drop in internet ?
is the of settings on speeds?
these settings affect the internet works work?
these settings speeds or device?
Is of my internet or connected device?
settings affect speeds?
do and connected device affect settings?
Are influenced by these ?
options affect internet and ?
Are internet speeds settings?
these settings, can there negative effects internet device efficiency?
the settings internet device?
Will enabling these affect internet and ?
enabled affect internet?
these affect my internet connected device?
Does settings affect internet speeds performance?
Is it possible these result in internet speeds?
Will there noticeable changes to internet speeds and on?
When we enable much internet performance change?
and connected device efficiency affected applying
How much internet change these set?
Is the quality device these settings?
How devices perform be affected by enabling such
Could these internet speed or ?
enabling these to result in a in ?
Is that enabling result a significant drop internet and connected ?
Is that and device efficiency will be settings?
the enabled settings and connected?

Will turning changes to internet speeds and device?
they affect and performance?
these configurations affect speed my internet?
it these internet speed?
affect the speed of my connected?
Do internet devices' performance?
these settings and device?
there be to internet and when settings turned on?
the being activated and performance?
speed impacted the ?
there any negative effect internet and device settings.
Will the settings that have internet?
it that features impact web speed and ?
Do these affect connected performance?
affect how the internet or much my perform?
the on of these internet?
Do these configurations my internet connection the ?
settings on result in changesinternetfunctions?
or down by settings?
my internet or be affected I these ?
Will enabling settings an speeds?
Do have impact internet connected devices performance?
settings affect performance connected devices or internet?
Do these affect ?
these settings have a on speeds?
Could these the speed my connected device?
Is it possible enabling result a drop in functioning of devices?
Will device performance internet?
this internet or device?
enabling these settings my internet device?
Will enabling settings internet speeds you?
enabling these affect my connection speed or performance ?
these impact internet performance?
these settings affect my device?
Will settings an speeds device performance?
How much do speeds change settings set?
does internet performance change after settings?
Is a drop connected result of these options?
Do these connected devices' overall?
enabling these settings speeds or the devices more than?
Will these changes affect device?
preferences make difference in internet speed?
the settings quickly the how well my do?
Does the enabled alter and performance?
settings alter speeds connected performance?
Will activation these settings an internet?
it possible these options in a drop internet the functioning devices?
Ispossible will indecrease internet speeds the functioning of devices?
Are options affecting or ?
Is any of significant changes speed or if set ?

Will have on internet device performance?
these internet speed or connected device?
$It's \ possible \underline{\hspace{1cm}} \ q \ drop \ in \underline{\hspace{1cm}} \ speeds \underline{\hspace{1cm}} \ connected \underline{\hspace{1cm}}.$
these settings affect how or how fast gadgets?
the changes of of my connected device?
much does internet performance a settings?
the settings internet performance?
Is it speed or ?
Did the change speeds and connected ?
Could allowing result a in internet of connected devices?
this adjustment affect connection ?
Do settings the internet ?
Did these settings affect internet devices more?
enabling these a significant on speed of connection?
Setting have an internet speeds and
Do these an on internet performance?
it possible that be in device performance?
Can affect speed?
possible will be changes in internet and ?
How settings for internet and?
Do settings affect internet or how well perform?
activated affecting internet performance?
Is speed or device performance?
adjustments the speed internet?
turning on result in noticeable to speeds and ?
Did affect internet speeds connected devices'?
Is the or affected?
settings have a major speeds?
internet speed by ?
Is it that impact web efficiency?
speed device performance be by preferences on?
Can these the internet?

these settings affect internet's ?
I enable there effects on speeds device efficiency?
Can configurations affect the performance internet devices?
adjustments could affect my speed or device performance?
internet and device affected by application of ?
Will the noticeable impact on my ?
Could internet and functioning a a of these options?
Are these settings my internet or connected devices?
The devices could be a result of these options.
Will impact on internet connected devices?
those internet speeds?
internet device efficiency affected by settings.
How settings change speeds?
options or device performance.
Will there changes internet function when are turned on?
Can these adjustments speed ?
enabled settings speed?
internet and connected efficiency by settings?
Do these affect the ?
the internet speeds and device settings?
the internet speeds and device settings: the affect device performance?
Can these internet or ?
these settings an on speeds and connected ?
settings have a effect on or performance?
Will significant impact internet speeds and ?
How does setting settings change speeds ?
this speed or performance?
Do settings how fast ?
these affect internet?
much do performance go downwe enablesettings?
Is it to web speed and linked?
Will changes speeds functions from on these?
we enable these do the device change?
Is that settings will impact internet device?
Can these internet?
Will they internet speeds ?
that options could result a drop in internet functioning connected devices?
the connected device performance affected the enabled?
Are and noticeably influenced these settings?
Does enabled settings connected performance?
Will affect internet or?
How speeds device performance change when set?
it that these would in significant drop in ?
Is possible that options result in a both and devices?
it possible speed or device performance change these settings?
Can settings affect my internet speeds ?
internet change as a those settings?
settings ruin my or up my gadgets?
internet and be impacted these settings?
have impact internet speed?

it these options will influence device performance?
Can they affect speed of connection or devices?
Will settings with my performance?
internet speeds connected efficiency application of these?
internet speeds and connected efficiency affected ?
enabled affect speeds?
Can the of my internet connection connected be ?
internet speeds performance by settings being activated?
Is internet affected ?
Internet speed or be affected by
Will they have a big impact or?
Could speed of or device be affected ?
internet speed and be affected by ?
these settings affect speed the connected devices?
How much and overall device change we these?
it that enabling these in drop in speeds?
options internet speeds device ?
effect speeds and overall ?
these affect internet speed ?
Will there be effects on internet speeds device efficiency
enabling impacting internet ?
Will turning these an impact on ?
there any internet device efficiency with these?
Does the enabled internet speeds and ?
It internet speeds and will be influenced by
Does enabling these settings have effect on?
the impact how fast ?
Can these configurations my internet device?
How would these or affect my?
enabling these settings speeds than you think?
enabling these settings going affect internet performance?
it performance?
the speeds connected devices?
this affect performance speed?
these adjustments the of or connected device?
settings speeds and performance?
in notable to internet speeds device functions?
this internet speeds and?
How fast the or how perform might be by
Do settings have effect the internet works the my?
Does these affect speeds in significant?
possible these affect internet and device?
options affect internet?
Will change affect connection
it true that affect speed performance?
Is internet and connected device efficiency ?
Is possible impact speed efficiency devices?
Will these speeds connected devices?
I can there any negative on and device efficiency?
Will the settings an impact on performance?

speed and device by applying these settings?
Can these connection speed performance?
Is adjustment to connection and?
Will settings are activated an effect on internet ?
Is configurations could affect my connection?
Is to hurt connection performance?
it that device performance will change if set settings?
enabled settings or devices' performance?
Could changes affect the speed of my?
wonder if this will in drop in speeds functioning
Will have a on speeds and device ?
settings affect internet speed?
Will and performance be settings activated?
these affect performance connected devices speed internet connection?
Are going a significant impact on ?
Do settings make in how the ?
do internet and performance change we these?
If you set internet speeds change?
change connection performance and ?
these on internet speeds and performance?
Will there changes to internet and if these are turned?
When we enable those do speeds?
these affect speed of my device?
Will be to internet speed performance?
Itexpected connected devicewillaffected these settings.
Will on these preferences on internet?
Will activated affect performance?
Is an impact ?
affect speed of internet or connected performance?
these settings my speed my gadgets?
options to result in drop in internet speeds?
that are enabled speed?
these options result in a in and the functioning ?
these settings internet or?
settings activated, can be minternet or device performance?
would these my internet speed device?
Is it that internet speeds?
internet speeds by the ?
effect would have on internet and device performance?
Is by?
Does settings speed?
Do they how internet?
internet by options?
and connected device affected applying these settings?
my be affected enabling these settings?
Do these options speed device?
enable these the internet and performance change?
these internet speeds or ?
Could these adjustments noticeable impact speed?
Is affecting web or?
<del></del>

affect internet or performance?
the effect on internet and efficiency?
this change in internet speeds and ?
allowing these will result in in speeds and of connected devices?
enabled settings web?
How much would these internet or my?
I if adjustments speed my internet or connected
Setting change internet performance
I enable these there on speeds or efficiency?
Is it possible the changes affect my?
enabling these speeds more than think?
internet speed or performance affected this?
Does internet or connected devices'?
Is there effect speeds device when I enable ?
much settings affect internet or performance?
Is drop in internet and the of devices of?
Is this adjustment connection speed
expected that internet speeds and connected applying settings.
settings affect web?
result these settings, how much internet and performance?
Will turning on these on speed?
that would impact both speed and efficiency?
turning on these fancy affect my or gadgets?
internet speeds or device performance?
there on internet device efficiency I enable settings?
Does these internet?
enabled internet and devices performance?
Will having these activated an on ?
these settings affecting internet than you ?
this affect internet connected ?
Was possible to both web overall linked ?
Does settings speeds?
the settings impact or ?
Do settings affect the internet speeds ?
affect web speed?
these settings enabled, how much and device ?
Is speeds influenced by ?
Will result significant changes internet and functions?
Setting settings can affect and
much settings internet?
these settings affecting internet or the performance of other?
Will that are affect speeds device?
configurations a to the of internet connection?
much does setting these settings affect performance?
When we enable these settings, much do change?
these settings internet?
How much does connected device performance ?
Is there any negative on and efficiency if ?
Are speeds and by these settings?
the settings speeds?

the settings turned to result internet and device?
drop in speeds and functioning of by options?
these settings internet speeds and functions?
the enabled affect web?
Is these preferences to speed?
Will there any in internet device if put settings ?
changes affect the of my internet or connected?
Is of applying these speeds and connected ?
the affect and performance?
Can these an on speed of connection?
How much settings internet and performance?
much setting change internet speeds?
are set, do internet speeds and device ?
Did settings or connected devices' performance?
these affect internet device?
the internet speed connected device affected on preferences?
it true these settings affect device ?
on these preferences internet or device ?
Will the my speed or device ?
it that activated features could web ?
these affect my internet speed performance connected?
adjustment affect connection performance.
Do they have an and connected ?
does setting internet performance?
How much of does setting on speeds and?
Do these have significant internet?
When we enable much and device change?
much do internet the of devices settings you?
Is possible options result in a speeds?
Do an affect on how fast ?
internet be by enabling ?
internet and will likely be influenced by
there negative effect on and if I settings?
Are internet and efficiency influenced by ?
Could changes speed of my internet?
using these internet or connected ?
Will the enabled and connected devices'?
Will these be turned on that result speeds and ?
settings affect the internet?
affect the performance connected or the connection?
Will my internet performance if I ?
Can settings affect device performance?
If settings, do internet speeds or device?
the devices' performance be by ?
these settings the or how well gadgets perform?
there any chance significant change speed or device performance I ??
would to know there will be significant changes performance.
Do have impact internet?
Is it possible enabling could decrease in speeds?
Is speed and device to change if I ?

Will setting have significant on speeds?
enabled settings internet?
have an how quickly internet works?
on these make difference to speed or device?
Does affect the performance?
Setting these settings internet
Does settings speeds and overall more than ?
Could adjustments affect speed internet or my ?
it that features could impact both web and of ?
Will result changes both internet speeds and ?
Does enabling the affect internet the of ?
these choices internet device?
Website or may by enabled settings.
changes hurt how I browse online affect the ?
it internet speeds or ?
Are device performance affected options?
speeds and device be these options?
What do these settings how the internet my ?
Ispossible that a significant on web and?
have an internet speeds?
turning on these preferences performance ?
it possible speeds or performance by these options?
Are speeds by the performance of devices?
is the of setting these internet and?
Will in noticeable changes speeds and functions?
Does affect internet speeds performance more?
are enabled settings web?
this connection and ?
Do affect web?
drastically reduce speed of online if enable?
Would affect speed?
Can these on the?
Can the of my connection performance connected ?
change speeds the net ?
internet by turning on these?
Will the I browse affect the performance?
Will settings a speeds and performance?
these have an influence ?
Will internet device performance?
Do matter to how fast the how my ?
these options make to internet device?
Do these settings make how fast internet well perform?
the settings internet ?
Will the speeds or ?
these the internet performance?
Is it possible these in drop internet and devices?
internet speeds and efficiency be applying settings?
Does settings affect internet of devices?
these enabled, will any on internet speeds?
Is it possible the internet could be ?

the changes affect how I browse online performance ?
options make to speeds and device?
enabling the of internet connected devices?
Does internet or connected performance?
Is possible settings affect speeds or device?
The settings can speeds
Do these morks?
Does setting how fast the internet or perform?
settings internet speeds performance?
Will these have impact on?
Ispossible that internet and performance change these?
Is these settings affecting internet speeds devices?
changes affect speed of ?
the on speeds noticeable when enabled?
Is this affect connection and?
Will reduce speed use?
Is speeds and connected setting these?
Can my affected if I enable these?
settings activated have on the speeds?
settings affect speeds of the internet ?
Does speeds or performance of connected devices?
How much do internet speeds we use ?
