[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Vehicle specifications and features
Inquiry Sub- Category	Exterior design and styling
Description	Customers inquire about the overall aesthetics of the vehicle, including its shape, color options, body styling, lighting design, and any unique or distinguishing features.
Data Size	5,031 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

 $\begin{tabular}{ll} Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.) \\ \end{tabular}$

	design this LED headlights or taillights?
	car's light LEDs?
Do y	ou know if lighting design has ?
Will	and tail of this car ?
	there technology in the and tail the?
	the headlights of vehicle with technology?
	you if there is the rear lights?
Are	headlights and lights made LEDs?
	going have in the headlights taillight?
	with headlights and?
	the tail lamps made Light Emitting ?
	headlights and tail lamps car be LEDs.
	design the vehicle includeLED?
Can	me if the headlamps lights ?
	the vehicle have of?
	have for its and tail light?
	you confirm design lighting that headlights or?
	it that the lighting car LEDs?
	car and tail lights?
	and tail for may be made new emitting device
	vehicle up headlights or lamps?
	headlights this car be made of light ?
	you tell me the lighting hasLED headlights ?
	and tail lamps vehicle light- up technology?
	confirm lighting design headlights tailbacks?
	_ if fixtures vehicle are designed for LED
	hey energy LEDs the and?
	headlights/tail lights the design?

	headlights tail lamps technology?
	headlights lamps designed with energy ?
	they efficient LEDs in their ?
	light design on car includes ?
	the headlights tail built technology?
	are questions the headlights and lamps
	the design or taillamps?
	tail be technology called light emitting device.
	_ you tell if the lighting hasLED and ?
	there LEDs in taillights?
	the headlights energy efficient LEDs?
	in the car's features?
	the headlights and lamps this by Emitting technology?
Do _	are anLEDs in the headlamps rear?
Are	headlights/taillights this?
	lighting vehicle headlights or tail lights?
	headlights and on this vehicle are equipped LEDs?
	tell me if thedesigntail light.
	and tail designed to illuminate?
	lighting on this with?
Is _	a lighting design the LEDs?

Will energy efficient be for headlights ?
Can you confirm the has withLED headlights ?
Will efficientLEDs in headlights taillamps?
car lights its and taillights?
Any LED tail?
you me if the tail lights?
Will the tail lamps on car bulbs ?
the lighting headlights lamps?
car equipped with for headlights tails?
headlights and have LEDs?
tell is specifically designed for headlights/taillights?
I able in the and tail lamps?
Do the headlights tail on this have ?
this model has ?
want to know if tail light headlights.
there used for headlights tail ?
car covered that illuminate and lights?
Did the and?
Will headlights lamps for this car light device?
Did the energy-efficient taillights?
Can tell me headlamps rear LEDs?
Will they energy-efficientLEDs their ?
The car's design Are tail this vehicle designed with?
headlights and taillights energy LEDs?
Does the both headlights and the tail?
possible for car's light to include?
Is the in lights tail lights?
Does light emitting technology make and for ?
Is vehicles built with technology?
headlights and on this made of Light Emitting?
Will headlights and use that emits?
Can you confirm lighting design lights
Can you if the rear of light Devices?
Are the headlights and with light?
Will the for this be made technology?
Can you say design led or lamps?
automobile's include headlights lights?
Is the headlights tail on built ?
andtail installed this automobile?
there headlights lamps vehicle?
headlights and lamps are with technology?
Will headlights and bulbs made LEDs?
Are the headlights lamps on this with Diode?
the headlights have energy lights?
Is there the headlights tail lamps this?
and lamps this car beLED.
the and lamps for car made with device technology?
Can that the design includes or?
and lamps of this built LEDs?

they energy-efficient LEDs	headlights taillights?
I'm if lights from the the	included in design.
headlights and tail this	be made using device?
Does the illumination in this vehicle	?
Can you me lighting design	
the and tail lamps this	
Is lights for headlights	
Is the headlights this	
Are the tail lamps this vehicle ma	
Is led lights or ?	

Will the on car are made of?
Can see technology headlights lamps of the?
the headlights and on the car?
Can tell if the headlights and lights that emit?
Will the energy lights?
Does the light vehicle have tail?
Do the on this vehicle have ?
Can you confirm that led taillamps?
Is lights the LEDs?
the and lamps of the vehicle up?
this have Led and?
if the includes lights headlights and the
Will I able find technology in the headlights of ?
you confirm the headlights and equipped?
job committee in the headlights and ?
there energy in headlights taillamps?
Will tail lamps made technology called emitting device or plain ones?
Can the has led or taillamps?
Can you me if the hasLED headlights ?
Will and tail the car made LEDs?
lights for the headlamps and tail ?
the headlights and vehicle to light up?
Is equipped or?
Is possible on vehicle LEDs?
Will headlights lamps made of a light?
you that lighting has led tail lamps?
Can if lighting design has lighting or?
the by for headlights tail lights?
Any of energy LEDs?
Is headlights/tail the designs?
the and tail on the have that emits the?
there lights headlights or?
vehicle and tail that energy efficient?
Does car lights both headlights and ?
$ If \underline{\hspace{1cm}} led \underline{\hspace{1cm}} led \underline{\hspace{1cm}} taillamps, \ can \ you \underline{\hspace{1cm}}? $
car headlights taillightLED?
the LEDs the headlamps tail ?
you know if design headlights tail light?
there headlights tail on ?
the headlights tail this vehicle built Emittingdio?
headlights and lamps be made of a light emitting just plain
The may the use lights.
Are headlights lamps vehicle with emittingdiode technology?
Can you me the and with LEDs?
Is design hasLED headlights ?
I wonder the lighting in designed for LED
you the lighting design has headlights ?
Is the lighting in vehicle ?
headlights tail made Light Diode technology?
Does the in this vehicle have

you the design has tail or LED?
Can the light features ?
the headlights and lamps made new technology emits?
Will the headlights and tail light emitting?
Are energy-efficient lights taillamps?
Does car have and taillights?
Does the headlights tail this car light not?
light of the car
Does the lights in tail lights?
this and taillights?
The in headlights tail lights?
Does the have or ?
headlights tail made of?
Are lights headlights tail ?
the and tail this designed light technology?
Does the lights both the headlights ?
The headlights and the of a light emitting
headlights and tail lamps might be built
light emitting technology make lamps for this car?
Is lighting this to look like headlights/tail ?
the headlights and ?
want to know lampsthe carlight emitting diodes.
Can you if lighting led taillights?
car's might include use
and tail of this be with emitting technology?
Is there technology in the headlights of?
there lighting this car has LEDs?
might able if and rear have LEDs.
tell me if the lighting design tail
the in car have headlights lamps?
and on the have technology that light emitting?
Can confirm design has headlights or tailbacks?
curious if the from included in the lighting design.
Is the headlights this with technology?
The headlights tail lamps this car made light
Can me if the headlights and tail on with Light technology?
Can you that the design has or?
with headlights/taillights?
Can confirm the has or lights?
Will the and lamps on car ?
lighting vehicle to use LED headlights?
the taillights included vehicle ?
Does the car have headlights lights?
you confirm the lighting design taillamps?
me if the design light that has headlights ?
Is the headlights lights ?
Is the headlights lights ?the this vehicle LEDs?
the this vehicle LEDs?

headlights and tail lamps on this ?
headlights and energy efficient?
the taillights use lights?
Does the vehicle's lamps?
car has for the headlights ?
want to if the rear lights fitted
Is lighting fixture this designed headlights/taillights?
you tell the rear lights out of emitting (LEDs)?
headlights lamps make use a new technology light ?
the headlights tail lamps technology?
Will the tail lamps for car be light ?
Is lights for the headlights and ?
a lighting design that LED or?
Does the car for both and?
Does design on headlights?
fitted and taillights?
Will taillamps have efficient?
the headlights use LEDs?
energy-efficient in the headlights?
Does car have any and tail?
headlights and taillights.
Will they energy efficient bulbs and?
light may includeLEDs.
tail use energy efficient lights?
the have tail lamps?
tell if lighting design has light with light?
feature headlights tail lights?
Is it possible that headlights and on with?
Will the headlights use ?
Is there design for this that ?
lights in the headlights and?
Can you tell me lights withLED taillights.
Can if lighting headlights or tail light
Is use for taillights?
vehicle or tail lamps?
this car have both its headlights?
this lighting or lamps?
they energy LEDs in headlights lamps?
the headlights and tail this car ?
The headlights and lamps are technology?
Are the built of?
me if the lighting has both and ?
Is the lighting design up LEDs?
Will lamps be beLED?
know if LEDs are headlights or
headlights tail of this car byLED ?
The this be with Light Emitting Diode technology.
LED lights may used
Will headlights lamps of this car made device?
Does have on headlights and?

Are energy headlights tail on vehicle?

Is lighting hasLED or lights?
the tail headlights made of?
if LEDs used headlamps and tail lamps here.
Will the utilize efficient?
Should headlights/tail energy-efficient?
Will headlights tail new technology called light emitting device?
headlights and tail this vehicle built LEDs.
Does on have headlights or lights?
Will the and for be made new technology?
and lamps this vehicle be with technology?
would like know if any used headlamps tail here.
to know if LEDs used for both headlamps
the and of light- up technology?
possible the car have?
Will the and tail of this new technology emits?
the light the vehicle have tail?
the headlights tail lamps on car have light ?
headlights and tail lamps on may bulbs of
Does the have for lights?
Are the tail on built with?
The of the may include lights.
Are with led or tail?
lights built with technology?
you know this model and lights?
the and use efficient?
Can if the design led lights ?
Will headlights use energy-efficient ?
to know if and taillights are equipped
the and lamps on this be Emitting technology?
the car have lights for both ?
The and tail lamps on car bulbs LEDs.
The and taillights energy
lighting in vehicle or tail?
headlights and tail lights vehicle technology?
Do you if lighting has headlights tail ?
Will this and tail?
possible that headlights and are with LEDs?
tail lamps this vehicle made LEDs?
Will headlights the have technology emits light?
Will headlights the have technology emits light? Did lights in LEDs?
Did lights in LEDs?
Did lights in LEDs? Will the headlights tail lamps for this car or?
Did lights in
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs?
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs? car have for headlights ?
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs? car have for headlights ? Can confirm if design headlights or tail?
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs? car have for headlights ? Can confirm if design headlights or tail? Will have efficient headlights taillamps?
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs? car have for headlights ? Can confirm if design headlights or tail?
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs? car have for headlights ? Can confirm if design headlights or tail? Will have efficient headlights taillamps?
Did lights in LEDs? Will the headlights tail lamps for this car or? the and tail be? Is headlights and vehicle made LEDs? car have for headlights ? Can confirm if design headlights or tail? Will have efficient headlights taillamps? headlights and on the built with?

If the lighting design headlights confirm?				
this for taillight and headlights?				
The include of Led lights				
the headlights tail lights car technology emitting diodes?				
this have lights on and tail?				
Are headlights tail this carLED?
