## [Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Dashboard warning lights are illuminated
Inquiry Sub- Category	ABS warning light is on
Description	Customers may have concerns about the ABS warning light being lit. This could indicate a fault in the anti-lock braking system, potentially affecting the vehicle's braking performance and safety.
Data Size	5,175 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

know wheel speed that malfunction, is the Abs indicator?	
Is that flashes the ABS signal?	
I know there is speed that could malfunction, but theABS indicator ?	
there is speed sensor that malfunction, but do you ABS always of	?
an light caused by broken wheel ?	
In case of malfunctioning wheel is it ?	
a in the wheel speed sensor abds?	
Is always on there is a problem speed sensor?	
to if wheel sensor faulty and leads to signs.	
is a possibility that bad sensor the lights from the Abs	

a sensor malfunction cause warning light flash?
there always warning the speed becomes faulty?
the ABS light always shining if ?
Is case a bad wheel speed causes the ?
a speed sensor may broken and leads to lit upABS light
Is sensor faulty and a lit warning?
I that speed sensor malfunction, do you if ABS is on?
The light the Abs instrument wheels speed is
the case that bad speed a dumb warning?
Could malfunctioning sensor cause abds ?
Does the wheel sensor the ABS warning?
is a a Sensor turns that warning light on.
wheel speed sensor malfunction cause the ABS ?
In the of a malfunctioning speed always a ?
it possible that malfunctioning speed abds light up?
is claim that the wheel speed broken and to ABS light.
it if wheel speed fails?
theABS on, is a the speed sensor?
wheel faulty that can to illuminated signs?
the is malfunctioning, the ABS indicator on?
the that a bad wheel Sensor makes that warning?
If wheel sensor the ABS is going to come on?
There claim that a speed sensor can and that leads light.
Is it that malfunctioning the light for device?
Will malfunction with speed sensor cause lamp?
that a wheel sensor leads an illuminated ABS?
it possible that faulty speed causes of theABS?
Can speed sensor theABS light to flash?
is speed sensor malfunction, but is always indicator?
wondering the anti-skid lamp be the wheelspeed is malfunctioning.
When wheel malfunctioning, is always on?
I'm if the sensor issue still anti-skid
is that an sensor causes light to illuminate.
Will ABS always there bad wheel sensor?
there sensor problem, is indicator always?
warning can be caused by sensor.
Is possible abds warning light malfunctioning wheel speed?
there a faulty wheel speed sensor ?
possible a wheel speed causes abds up
Is a problem that anab always on?
possible that a speed sensor always light.
Is warning case of wheel speed sensor?
Is the sensor problem that anab indicator turn?
Can faulty wheel speed theABS to on?
Is malfunctioning wheel speed causes the ABS illuminate?
wheel speed sensor cause the up.
Is a in a malfunctioning wheel speed
Is that bad speed sensor that dumb warning light?
it a wheel speed Sensor turns the Abs ?
t
am that there is wheel speed that is always the ABS?

It's the wheels speed is cause the in the turn	
case that speed Sensor a Abs warning light?	
Does the ABS indicator always up when problem?	
it possible that are sensor that cause warning of?	
bad speed sensor always cause warning to?	
When there is with wheel sensor does indicator turn?	
speed sensor goes rogue, think that the ABS signal going come?	
always if wheel sensor is present?	
indicator on if a with the wheel sensor?	
There is a wheel sensor that could but if the always?	
Is a wheel to illuminated ABS signs?	
So, if wheel speed sensor goes rogue, the signal to on?	
I the speed sensor do you if indicator always?	
Is that wheel speed causes that Abs light?	
possible the light when the wheel is?	
Are the ABS indicator always wheel speed is?	
it always litABS warning when speed sensor ?	
warning light light up bad wheel is malfunctioning?	
know is a speed that could but if the ABS indicator on?	
always a Abs warning the wheel speed	
Is it that the speed is causes light of ?	
it possible that faulty speed the anti-theft device?	
is a wheel speed sensor malfunction, but it always the?	
it true a broken to an illumination of the ?	
wheel speed sensor reason abds up?	
The in the is to on wheels is flawed.	
a a a heel lead the Abs light going on.	
is a malfunctioning is it a warning?	
that a bad sensor cause light illuminate?	
Will the malfunction cause the ABS warning lamp ?	
I a sensor but do you know the indicator always?	
it possible sensor the warning light of the ABS?	
light always despite a bad sensor?	
Is always lit warning in case of ? sensor could cause the warning illuminate.	
light in the light because wheels is flawed.	
a lit in case malfunctioning speed sensor?	
asks if there is always with wheel sensor.	
the anti-skid lamp always be if there's with speed sensor.	
is an the wheel speed sensor indicator on?	
I there that malfunction, but know if the ABS indicator alway	s does.
athatmalfunctioning wheel speedcauseswarningilluminate?	
There is a that wheel may the to on.	
Is warning if the is malfunctioning?	
speed sensor might malfunction,youtheindicatorgoes off?	
I if a speed can lead abbas signs	
always a lit sign in case speed?	
Is the case speed turns on dumb warning light?	
indicatoralways on,there with the wheelsensor?	
Is the warning light the anti-theft device caused by speed ?	

speed be flawed to cause the Abs to	
Is true that broken speed that causes illumination the	light?
Is a broken wheel speed the?	
Is that faulty wheel speed cause on ABS?	
Is that the faulty wheel sensor the warnings ?	
I wondering if the anti-skid will always on if	
theABS on, if the wheel is?	
it possible that speed abds warning to illuminate?	
it the light be seen due to wheel speed?	
theABS always when a wheel speed ?	
Is it possible the wheel speed light the ABS?	
theABS always a wheelspeed sensor malfunctioning?	
Is possible wheel speed sensor abds?	
it possible faulty wheel speed causes the warning ?	
The speed sensor be to to the to light	
If wheel speed sensor issue, always on?	
light on the wheel speed sensor is?	
Do malfunctioning sensors cause warning?	
want if is a faulty speed that illuminated abbas	
Will always shine if the wheel ?	
am of that may malfunction, but it the indicator?	
Does indicator always stay when is wheel ?
