[Demo] NLP Dataset for Customer Service Automation

Company Type	Credit Card Companies
Inquiry Category	Security and identity theft concerns
Inquiry Sub-Category	Credit card fraud prevention
Description	Customers inquire about fraud prevention measures implemented by the credit card company, seeking reassurance and information on additional security measures to safeguard their accounts.
Data Size	5,036 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Credit Card Company" customer inquiry. (Purchased data will not be masked.)

Do ____ ____ encryption protocols ____ place when ____ ____ data during ____ ____?

Is ____ ____ encryption policy still active when ____ ____ ____?

____ ____ ____ ____ idea to send sensitive payment ____ with encryption ____?

____ there ____ ____ protocols used ____ payment ____ transmission?

Payment ____ ____ used for transmission, ____ ____ protocols ____?

____ ____ may involve ____ data, so do ____ ____ how ____ ____ it?

Is there ____ encryption ____ ____ transmission ____ ____?

Does ____ ____ process have ____ ____?

____ you confirm the ____ of protocols that ____ confidential ____ ____ ____ ____?

Have ____ ____ ____ data sent ____ payments?

____ payment data ____ ____ is ____ use of ____ protocols ____?

Is encryption ____ ____ ____ ____ payments?

Is the ____ ____ ____ data ____ secure ____?

Do you ____ ____ ____ ____ for payments?

____ you have ____ ____ encryption ____ that is ____ while ____ ____ payments?

____ ____ ____ ____ at ____ stage of processing payments?

I ____ if ____ ____ ____ ____ ____ include encrypting payment data.

Sending ____ ____ ____ payments ____ something you ____ want to make certain ____ ____ ____ ____ most ____ ____ of data protection.

If ____ tried it yet, ____ ____ use ____ for ____ ____?

____ ____ to ____ ____ it is ____ ____ ____ data ____ be secured during payment.

____ you keep ____ data ____ ____ payments ____?

____ you ____ ____ transactional ____ with ____ protocols?

I would ____ ____ if ____ ____ tell me ____ you have a ____ ____ money ____.

____ ____ mean when payment is ____ ____ you are ____ ____ stuff?

Is ____ ____ that you have ____ ____ ____ place for guaranteeing ____ ____ ____ data sent ____ a ____ is made?

Does your ____ cipher ____ exist when ____ process ____ ____?

encrypt ____ data ____ ____ payments

____ ____ use ____ encryption ____ for payment ____?

_____ _____ _____ encrypting data for _____?

Is _____ _____ _____ _____ for payment processing _____?

_____ _____ _____ to _____ an _____ _____ to protect _____ data during payments?

Is _____ _____ _____ sensitive _____ data using _____ ciphers?

_____ _____ a data cipher policy _____ you _____ _____?

Do _____ have _____ _____ _____ policy _____ you handle _____ payment?

Is it _____ _____ use _____ _____ for _____ payments?

When payment _____ _____ sent, _____ the use _____ _____ _____ used?

_____ the _____ of encryption protocol _____ _____ are _____?

Is _____ a _____ used for _____ payment _____ _____?

Is _____ _____ that encrypting _____ for _____ _____ are _____ place today?

If _____ send _____ information, _____ _____ make _____ _____ data is secure?

Will _____ _____ _____ _____ secured transmissions?

Do you use _____ secure _____ _____ _____ payment _____?

Do you _____ _____ _____ _____ Data in _____?

Is _____ possible _____ you have a system _____ _____ the confidentiality _____ _____ transmitted when _____ make _____ _____?

_____ _____ some questions about _____ _____ _____ _____ put into place for _____ and _____ transfer of _____ data.

Is it _____ that you use _____ _____ when _____ _____ _____?

Payment _____ _____ _____ in _____ scrypt form, _____ there _____ protocols when _____ is _____ _____ being sent

_____ you _____ _____ _____ in a secure _____?

_____ _____ _____ procedures _____ secured transmissions?

_____ details are _____ _____ _____ _____ form are there _____ protocols when _____ payment _____ are _____?

When _____ _____ made, is the _____ _____ encrypting _____ used?

_____ _____ questions on _____ _____ _____ are put in _____ for safe payment _____ _____

Is _____ transfer _____ sensitive payment _____ done _____ _____ methods?

Is your _____ _____ _____ _____ place when _____ _____ sensitive payment?

When payments are made, _____ _____ _____ _____ _____ protocols used?

During the _____ of sensitive payment _____ _____ _____ _____ protocols _____?

_____ there any encryption _____ _____ during _____ _____?

Is _____ _____ _____ you have a _____ for _____ _____ _____ of data transmitted when _____ _____ made?

_____ you transmit payment data, _____ _____ _____ sure that _____ _____ is _____?

Is the transfer of sensitive _____ _____ _____ _____ _____ protocols?

Do _____ use secure data _____ _____ _____ _____?

_____ _____ _____ _____ _____ protocol in payment transmission?

_____ _____ use _____ _____ protocol _____ sending money?

_____ it possible that _____ _____ _____ security _____ will be used _____ _____ secured _____ of _____ data?

Do _____ _____ _____ _____ data while _____ encryption?

_____ _____ exist when _____ _____ data?

Are encryption _____ _____ _____ payment _____?

Is _____ _____ _____ encrypting protocols _____ _____ Payment data?

_____ the data used _____ _____ _____ transfer _____ payment use _____ _____ _____ security protocol?

Is _____ possible _____ _____ protocols are _____ _____ sending payments?

_____ info is used for _____ transmission, _____ _____ _____ used?

_____ _____ possible to _____ secure encryption protocols _____ _____ transmission?

Is the transfer of _____ _____ _____ using _____ _____ protocols?

Does _____ _____ use security _____ that include _____ _____ payment _____?

Does your _____ cipher policy _____ _____ _____ _____ payments?

Is there _____ _____ to _____ transmit _____ for payment _____?

_____ _____ try _____ yet, do you use encryption _____ _____?

_____ you _____ _____ _____ secure _____ data involved in _____ processing?

There ____ ____ ____ as to ____ certain ____ are put into place for ____ ____ secure ____ of ____ ____.

Is the ____ info protected ____ ____ ____?

Is ____ ____ ____ you ____ ____ ____ in ____ to guarantee the confidentiality of data transmitted during ____ ____?

____ you ensure ____ the data is ____ ____ ____ payments?

____ ____ process ____ of Encrypted Data when ____ ____ money?

____ there use of ____ when ____ ____?

Is the use ____ ____ ____ used when sensitive ____ ____ is ____?

____ the ____ of sensitive payment ____ ____ ____.

____ the ____ of ____ ____ ____ when ____ payment is sent?

____ ____ send ____ I want to ____ if ____ ____ a encryption ____.

____ the process ____ ____ payment ____ to other ____ sure of ____ ____?

Does ____ ____ cipher policy ____ ____ you ____ sensitive payment?

Do ____ ____ secure ____ transfer protocols ____ payments ____?

____ ____ process sure ____ Encrypted Data ____ sending ____ data ____ other ____?

____ ____ transfer of sensitive payment data ____ ____ ____ methods?

____ ____ transfer ____ ____ payment ____ use pertinent encryption protocols?

____ you ____ a ____ cipher policy while ____ process ____?

Are ____ ____ ____ for sensitive ____ info?

Is ____ use ____ ____ protocols used ____ sensitive ____?

____ you send payment ____ ____ ____?

____ ____ ____ to send ____ data?

____ ____ know if ____ company has measures that ____ ____ ____ data?

____ your company ____ ____ payment data ____ ____?

____ it possible you ____ using ____ ____ secure data ____?

Is it true that you ____ ____ stuff ____ ____ ____?

____ you use ____ ____ when delivering ____ ____?

____ ____ ____ to guarantee the ____ ____ ____ data by ____ encryption protocols during the ____ processing ____?

Is ____ transfer of ____ ____ using appropriate ____ ____?

____ ____ any ____ protocols ____ when transferring sensitive payment ____?

I don't know ____ ____ encrypt ____ payment's ____ ____ not.

Is it ____ to ____ ____ ____ ____ payments are sensitive?

Is ____ ____ sign ____ you are ____ ____ ____ when payment is ____?

____ it's sending sensitive payment ____ ____ ____ possible to ____ ____ protocols?

____ the transfer of ____ ____ ____ appropriate ____?

____ ____ ____ sure ____ Encrypted Data when ____ payments?

Is it ____ ____ protect sensitive ____ ____ installing ____ protocols ____ ____ paymentprocessing process?

____ would like ____ know ____ you haveEncryption ____ ____ you transfer ____.

____ it possible ____ protect ____ data with ____ ____ encryption during ____?

____ sending ____ ____ to ____ people are ____ process ____ ____ Encrypted Data?

I ____ ____ secure protocols are ____ ____ ____ ____ payment info.

I wonder ifEncryption ____ ____ ____ when ____ ____.

____ protocols ____ ____ ____ comes to payment ____?

Is the use ____ ____ protocols ____ ____ send ____ data?

Is there a ____ used ____ secure ____ ____ ____?

____ ____ possible ____ send ____ information securely ____ encryption protocols?

____ ____ payment info, I ____ if there ____ ____ protocols.

Is it part of ____ ____ ____ ____ payments ____?

Is it possible that you have ____ system ____ ____ ____ ____ ____ ____ ____ during payment ____?

____ ____ ____ that ____ data is ____ securely?

When ____ ____ to ____ ____ is it possible to ____ encryption ____?

Do the ____ ____ sensitive payment data ____ ____ ____ protocols?

I wonder ____ ____ are ____ ____ encrypting ____ information.

Is encryption ____ ____ ____ ____ transfer?

Is ____ connection used ____ ____ confidential info ____ the ____ ____ ____ payments?

Is ____ ____ that ____ data for ____ processing is in ____ ____?

____ ____ secure ____ ____ for payments?

____ ____ transfer ____ sensitive ____ data, are appropriate ____ ____ utilized?

____ ____ ____ of encrypting protocols when ____ ____ sensitive ____ data?

____ your payment ____ ____ secured ____?

____ the ____ cipher policy ____ when ____ payment is ____?

____ sensitive data for payments ____ something you ____ ____ ____ ____ ____ securely.

____ you ____ ____ ____ with secure protocols?

____ it possible to useEncryption protocols ____ ____ ____ ____?

____ ____ transmission for ____ ____ is present?

Do ____ ____ ____ ____ in a secure ____?

____ ____ want ____ send sensitive data ____ payments, ____ ____ ____ securely transmitted.

Do you ____ transmit ____ ____ ____ payments?

____ sending ____ ____ ____ do safety ____ include encryption?

____ your payment ____ ____ ____ transmissions?

____ would like ____ know if ____ has ____ ____ when transferring ____.

____ ____ ____ ____ in your payment procedure?

Is the ____ ____ ____ ____ ____ done securely?

____ ____ cipher policy exist ____ you ____ ____?

Is ____ ____ to ____ pertinent encryption ____ when ____ sensitive ____ data?

Is there ____ ____ in place ____ ____ ____ ____ of ____ transmitted when ____ make a ____?

Is your process ____ of Encrypted ____ when ____ ____ ____ payment ____?

____ there ____ ____ used ____ ____ info at ____ stage of processing ____?

____ ____ ____ ofEncryption ____ when it comes to ____?

When ____ ____ to payment ____ ____ it possible ____ ____ encryption protocols?

Does the ____ ____ ____ ____ transmissions?

____ there ____ secure ____ transfer ____ ____ payments processing?

Is ____ ____ ____ ____ payment information sure ____ Encrypted Data?

____ ____ ____ the ____ of encryption protocols for ____ transactions?

____ the use of encryption ____ happen ____ payments ____ ____?

Is ____ possible ____ ____ the ____ of ____ related data ____ encryption?

____ ____ ____ a secure payment data ____ ____?

____ you provide secure ____ ____ ____ payments?

Sending sensitive data ____ ____ is ____ ____ you ____ want to make sure ____ ____ ____ ____ most advanced ____ of ____ Secrecy.

Payment details ____ sent in a ____ ____ are ____ Encrypted ____ ____ sent sensitive ____ ____

____ sensitive data ____ ____ is ____ that ____ ____ ____ ____ make sure it ____ done ____ the most advanced ____ of data ____.

____ it possible ____ have ____ ____ ____ guaranteeing the confidentiality ____ data ____ ____ payment processing?

____ ____ have ____ ____ ____ policy while you make payments?

Is ____ possible to use ____ ____ when sending ____ ____?

Is ____ transfer of ____ ____ information using ____ ____ protocols?

Is ____ ____ sure ____ ____ ____ you transmit payment information?

____ ____ ____ ____ about whether ____ protocols are put ____ place for the safe ____ secure transfer ____ ____ ____.

____ encrypting sensitive data implemented ____ ____ ____?

Payment ____ is used ____ ____ are ____ ____ done ____ way?

Do ____ ____ secured ____ in ____ payment ____?

I'm ____ sure ____ you ____ ____ when payment ____ made ____ not.

Do ____ ____ ____ protocols to transmit ____ ____?

____ it true that ____ payment ____ made, you ____ ____ ____?

Do ____ ____ secure ____ to ____ money?

____ ____ ____ ____ that ____ process is secure when ____ ____ payment data?

____ you ____ if ____ company ____ measures ____ ____ encrypting payment data?

Will ____ have a ____ ____ ____ when you make ____?

____ ____ possible ____ you ____ a ____ in ____ to ensure ____ confidentiality of data transmitted ____ payment ____?

Can you ____ ____ that ____ ____ of ____ ____ is secured?

Is it ____ case that ____ ____ ____ stuff when payment ____ ____?

There's a question ____ ____ a ____ to ensure ____ ____ ____ ____ related ____ being transmitted.

Are ____ ____ ____ Encryption for ____ ____ payments?

Did ____ begin usingEncryption for ____ ____ ____?

Do ____ ____ ____ payment procedures ____ security ____?

Is your data ____ policy ____ ____ ____ ____ pay?

Is ____ ____ ____ secure ____ data transmission?

Is it necessary ____ use encryption ____ ____ ____ transfer ____ payment ____?

____ questions ____ raised about ____ certain ____ ____ put ____ place ____ ____ safe transfer ____ payment data.

____ there ____ of ____ when ____ payments?

____ ____ flow of payment-related ____ secured ____ ____?

____ the ____ of Encryption protocols ____ for ____ ____?

____ ____ transfer ____ sensitive ____ data, are ____ ____ pertinent encryption protocols?

I wonder if ____ protocols ____ ____ ____ payment ____.

____ ____ with data, doEncryption ____ ____?

____ protocols ____ ____ transferring ____ payment data?

____ ____ payment data is ____ in your ____ ____ measures?

Does ____ transfer ____ ____ ____ involve the use ____ ____ methods?

____ ____ transfer ____ sensitive payment ____ using appropriate ____ protocols?

____ your ____ ____ include ____ transmissions?

Does ____ data cipher ____ work ____ ____ ____?

____ ____ ____ for payments is something ____ should make ____ ____ done using the most ____ ____ ____ data ____

Is the ____ of ____ ____ ____ in sensitive ____?

____ ____ confirm ____ existence ____ ____ for protecting ____ information during payments?

____ it possible that you have ____ ____ ____ ____ ____ ____ of data ____ during ____ processing?

Is ____ ____ ____ ____ ____ while you process payments?

There are ____ on whether certain ____ are put ____ ____ for ____ ____ of ____ ____.

Is ____ ____ setup ____ place ____ protecting payment ____ during ____?

____ ____ ____ the ____ of ciphers ____ protect ____ information during payments?

____ it ____ ____ your ____ procedures include encrypted transmissions for ____ ____?

When ____ details are ____ in a scrypt form, ____ ____ ____ ____ for ____?

Can ____ confirm ____ ____ ____ ____ for protecting confidential information during ____?

When my payment ____ ____ ____ to ____ safety, ____ there any ____ in ____?

Is ____ ____ sent securely ____ ____ encryption ____?

____ ____ confirm that ____ are ____ ____ protect ____ information during payments?

There are ____ ____ on whether ____ protocols ____ ____ ____ ____ for safe payment data ____.

____ ____ ____ capable of using ____ ____ include ____ payment data?

Is the transfer ____ sensitive payment ____ done ____ proper ____ ____ ____?

Is ____ ____ ____ already present when ____ with ____?

____ you use ____ ____ transfer ____ payments?

Do you ____ ____ ____ cipher ____ ____ you process ____ payment?

Is ____ ____ ____ encrypting protocols used ____ ____ payment data?

Is _____ _____ protocols _____ during _____ transmission?

_____ _____ data is included _____ your _____ _____ measures?

Do _____ transmit _____ transactional data with encryption _____ _____ _____?

Does the data _____ _____ exist _____ you process _____ _____?

_____ you _____ encrypting _____ security reasons in _____ payment _____?

Sending sensitive _____ _____ payments is something _____ you should _____ _____ _____ securely _____.

IsEncryption protocols used _____ _____ _____ payment _____?

_____ _____ _____ about whether certain _____ are put in _____ _____ safe _____ secure _____ of payment _____

Does _____ data cipher _____ _____ _____ you make _____?

I'd _____ to know if _____ has a _____ protection _____ _____ _____.

_____ _____ _____ procedure include _____ transmissions?

_____ payment data in _____ _____ _____ measure your _____ _____ have.

_____ you _____ _____ that the _____ of sending payment _____ _____ secure?

When _____ comes _____ _____ _____ is the _____ of encrypted _____?

_____ _____ _____ in sending payments?

IsEncryption _____ _____ for transfer _____ sensitive _____ _____?

When _____ _____ data, _____ _____ _____ or not?

_____ you transmit sensitive data _____ payment processing, _____ you _____ _____ _____ in _____?

_____ your payment _____ _____ _____ for security _____?

Is _____ _____ of _____ _____ when sending sensitive _____ data?

Is the _____ _____ _____ data done _____ proper use _____ _____?

Is the _____ of _____ _____ used for _____ _____ data?

When _____ _____ _____ _____ _____ it _____ to use encryption protocols?

_____ you _____ if there is _____ _____ for data _____ for _____?

_____ sensitive data _____ _____ using _____ most _____ _____ _____ data Secrecy _____ something _____ _____ want to make sure is _____.

Is there any use _____ encryption _____ for _____ _____ _____?

_____ it possible to _____ _____ information securely _____ Encryption _____?

_____ _____ data is _____ is _____ _____ to _____ encrypting protocols?

_____ the _____ _____ _____ protocols _____ when it _____ to sensitive payments?

Is there _____ _____ _____ encryption when it's _____ _____ data?

_____ your _____ sure of _____ _____ when you transmit _____?

During the transfer _____ _____ payment _____ are _____ _____ _____ used?

_____ _____ _____ _____ _____ place that will _____ the confidentiality _____ data sent during payment _____?

Is _____ _____ _____ applied to sensitive _____ _____?

_____ _____ encrypting _____ implemented for _____ _____ the payment data?

Do you have _____ _____ cipher policy _____ _____ _____ _____ involved?

Do _____ _____ secure payment _____ transmission _____?

_____ you make _____ _____ _____ data cipher policy _____?

_____ _____ like to _____ if anyone _____ _____ protection _____ money transfers.

_____ there secured _____ _____ to _____ info?

_____ there any _____ of encryption _____ during _____ _____?

_____ the use _____ _____ protocols _____ payments are _____?

_____ the _____ of _____ protocols when _____ are _____?

Do you _____ _____ _____ _____ transmission?

_____ it comes to _____ _____ _____ _____ used?

Do _____ _____ _____ _____ _____ policy while making payments?

Is encrypted _____ _____ _____ safeguard for _____ info at _____ _____ _____ payments?

_____ _____ some questions _____ whether certain _____ are _____ into place _____ _____ safe and _____ transfer _____ _____ data

_____ _____ transfer _____ sensitive payment data _____ _____ the _____ ciphers?

Does _____ _____ procedure _____ _____ transmissions?

Do _____ make sure _____ data is _____ _____ you _____ _____?

_____ the transfer of sensitive _____ _____ done through proper _____ _____ _____?

_____ you _____ _____ for secure _____?

There _____ questions _____ to _____ certain _____ _____ _____ into place for _____ transfer _____ payment _____

_____ don't _____ _____ you _____ stuff when _____ made _____ not.

Do you _____ if _____ company has _____ _____ include encrypts _____ _____?

_____ _____ transfer _____ sensitive payment _____ _____ _____ encryption protocols utilized?

_____ _____ like _____ _____ if anyone has a _____ _____ _____ money transfers.

Is _____ for _____ transmission _____ payment _____?

_____ are questions as to whether _____ protocols _____ put _____ place _____ safe _____ secure _____ of _____ _____.

Do you have a _____ cipher _____ _____ it comes _____ _____ _____?

_____ it _____ that _____ data _____ policy _____ when you _____ sensitive _____?

Do you _____ _____ _____ that is _____ _____ payments?

_____ the payment data _____ _____ securely _____ the _____?

Is _____ _____ _____ _____ the _____ used for securely sending payment _____?

When _____ payment information, is _____ _____ _____ _____ protocols?

Do you make _____ that _____ process is _____ _____ _____ transmit _____ _____ info?

Is secure protocols _____ _____ transfer _____ _____?

_____ the _____ _____ sensitive _____ data using _____ ciphers?

_____ there _____ _____ _____ place to protect payment _____ during _____?

Do _____ mean _____ you _____ _____ _____ when you pay?

_____ the use _____ _____ protocols _____ _____ payments?

_____ your _____ use _____ for transferring _____ _____?

_____ it possible _____ _____ payment _____ include _____ transmissions?

Do you _____ if _____ is an _____ for _____ in _____ _____?

When payments _____ _____ _____ there use of _____ _____?

Do _____ use _____ _____ when you _____ payment _____?

_____ the encrypting methods _____ _____ _____ transfer _____ payment _____ work?

_____ you have _____ _____ _____ _____ data transmission?

_____ payments _____ sensitive, is _____ use _____ _____ protocols?

Did _____ useEncryption _____ _____?

Can you _____ _____ ciphers are _____ _____ protect _____ information _____ payments?

_____ you _____ if you _____ _____ _____ transmit delicate _____ data?

I _____ _____ to _____ if you have a _____ _____ for _____.

_____ it _____ to use _____ _____ for _____ that _____ sensitive?

_____ _____ payment _____ involve _____ transmissions?

When _____ payment _____ is it _____ _____ _____ protocols?

I _____ to _____ if _____ _____ protection when _____ _____ funds.

Is there _____ setup in _____ _____ encrypting _____ _____ information?

_____ you _____ methods _____ _____ payment _____ transmission?

Is _____ a sign _____ you're encrypting _____ _____ when _____ are _____?

_____ it's sending _____ _____ _____ is it possible _____ _____ encryption?

Is _____ protocols used _____ _____ _____?

_____ your _____ cipher _____ _____ when you make sensitive _____?

_____ encryption protocols one _____ the _____ _____ _____ transmission of _____ information?

_____ _____ _____ methods _____ securing _____ data transmission?

_____ secure protocols _____ _____ _____ securely transfer _____ payment info?

Do _____ make _____ your process _____ secured _____ _____ transmit _____ _____ information?

There are _____ _____ _____ _____ _____ system _____ _____ the _____ of payment related information transmitted.

_____ _____ possible _____ you _____ a system _____ guaranteeing _____ confidentiality _____ _____ sent _____ payment is made?

_____ the mechanisms for securing _____ flow _____ payment _____ _____ _____?

_____ _____ _____ security measures that include _____ sensitive _____ data?

_____ you _____ _____ _____ to _____ payment data?

Is the use _____ _____ used when _____ _____ _____?

_____ your payment procedure _____ _____ secured _____?

Is sending _____ _____ _____ using encryption _____?

Should your _____ _____ include _____ _____?

Are there _____ _____ _____ _____ sensitive payment _____?

_____ _____ have _____ data cipher policy _____ you _____ sensitive _____?

_____ _____ use _____ to _____ payments?

Do _____ _____ _____ in _____ _____ procedures for security reasons?

_____ you _____ protocols _____ securely transferring _____ _____?

_____ _____ company _____ encrypting _____ payment data _____ _____ security measures?

_____ a _____ _____ place to protect payment information _____ _____?

Do you _____ a _____ _____ policy _____ _____ process payment?

Is your _____ sure of Encrypted _____ when _____ _____ _____ _____?

Is there any _____ of _____ _____ _____ sending payment _____?

_____ _____ know _____ _____ is _____ _____ for protecting _____ payment information during transmission?

_____ _____ details _____ sent in _____ _____ form, _____ there protocols _____ protect them?

Is _____ transfer _____ _____ done _____ the _____ ciphers?

Is _____ _____ to _____ _____ data _____ payments _____ methods likeEncryption?

IsEncryption _____ _____ during _____ processing?

_____ your _____ _____ _____ for _____ transferring payments?

Do you _____ _____ _____ Data _____ mind?

_____ _____ to _____ _____ _____ using encryption _____ you transfer funds.

Is _____ possible that _____ _____ used _____ _____ transfer of money _____ _____ some _____ of security _____?

Do you _____ _____ _____ sensitive data _____ processing _____?

_____ you _____ sure the data transfer in _____ _____ _____?

_____ _____ send money, _____ you have _____ _____ protection?

Do you mean _____ _____ is _____ _____ _____ _____ the stuff?

_____ payment _____ _____ sent, _____ _____ use of encryption _____ appropriate?

_____ _____ to know _____ there _____ _____ encrypting safeguards _____ paying with _____.

Do you _____ _____ _____ _____ sensitive data _____ you pay?

_____ you _____ of measures _____ include _____ _____ data _____ transmission?

When _____ payment _____ _____ _____ possible to use encryption _____?

_____ _____ _____ _____ you employ secure methods while processing _____?

_____ _____ _____ _____ is _____ use of encryption protocols?

_____ _____ protocols _____ _____ used in the _____ of _____ data.

I'm _____ sure if _____ encrypt stuff _____ _____ is made _____ _____.

_____ the _____ of encryption protocol _____ _____ _____ data?

How many of _____ _____ measures _____ _____ payment data _____ _____?

_____ _____ are _____ to transmit payment _____?

Can _____ confirm _____ _____ _____ protocols to _____ confidential information in _____?

_____ the _____ of _____ payment data _____ through proper _____?

Do _____ transmit _____ _____ in _____ way _____ secure?

_____ it _____ _____ _____ data, _____ _____ use of encrypting protocols?

_____ _____ _____ sensitive _____ info do you make _____ _____ _____ is secure?

I wonder _____ protocols _____ involved when _____ _____ _____

_____ it comes to _____ payments, is _____ _____ of _____ _____ true?

I _____ _____ sure if _____ _____ stuff when payment _____ _____.

_____ your payment _____ include _____ _____?

When it's _____ _____ _____ is it _____ _____?

Do _____ _____ sure that your _____ _____ secured _____ _____ send _____ data?

Can _____ tell me _____ _____ have _____ system in place _____ _____ _____ _____ _____ data transmitted when payment is _____ _____?

Do _____ _____ _____ your process is secure _____ you transmit _____ _____ _____?

There are questions if _____ protocols _____ put _____ _____ _____ _____ _____ transfer of payment _____

Can you _____ me _____ your company _____ measures _____ _____ encrypting _____ _____ in _____?

_____ _____ a _____ that you encrypting _____ stuff when _____ _____ made?

I _____ know if you encrypt _____ when _____ _____ _____ _____ not.

Do _____ _____ _____ for _____ secure data transfer _____ payments?

Is _____ process _____ _____ Encrypted data _____ _____ send payments?

_____ _____ make _____ you send _____ _____ securely?

_____ _____ should use _____ encryption _____.

Do _____ _____ _____ protocol _____ _____ payment data?

_____ tell me _____ your company _____ measures that _____ encrypting _____ _____.

_____ are questions _____ whether certain _____ _____ in _____ _____ _____ payment data transfer

Is there an _____ _____ _____ the payment _____ _____ sent?

_____ there any _____ _____ encryption when _____ are _____?

Sending sensitive _____ _____ _____ is _____ that you may _____ to make _____ is _____ _____.

_____ encryption used to _____ _____ _____ securely?

_____ your _____ cipher policy _____ you _____ _____ you _____ payments?

Can you _____ _____ if _____ have a system _____ _____ _____ guaranteeing confidentiality _____ _____ _____ during payment processing?

Is the _____ _____ _____ data implemented through the _____ of _____ _____?

Is the transfer of _____ payment _____ _____ _____ _____ ciphers?

_____ protocols _____ to _____ sensitive _____ data?

_____ _____ _____ the _____ that is sent _____ payments?

_____ _____ use _____ data transfer _____ _____ processing?

Is it _____ _____ safely _____ payment data _____ _____ protocols?

_____ you _____ sensitive _____ when _____ process _____?

_____ _____ _____ question _____ to whether _____ is a _____ to _____ _____ _____ of payment related information _____ transmitted.

Do _____ _____ _____ in your payments _____ _____ reasons?

Is _____ encrypting of _____ _____ _____?

_____ _____ _____ for payments is something _____ _____ _____ to make sure _____ is _____ _____ _____ most advanced _____ of data protection.

Do you _____ _____ data cipher _____ _____ _____ _____ sensitive payments?

_____ _____ _____ system in place _____ guaranteeing _____ confidentiality _____ data _____ _____ transmitted when _____ make a payment?

_____ the _____ of _____ when it's sending sensitive _____ _____ _____?

_____ _____ _____ _____ during payment transmission?

_____ _____ _____ of _____ payment data done with _____ ciphers.

_____ you _____ secure _____ when _____ payment _____?

Do _____ _____ sure _____ you send _____ data _____?

_____ _____ have _____ for _____ data transfer _____ payments?

If you _____ _____ _____ _____ you have a _____ _____ policy?

Do _____ _____ payment procedures that _____ _____ _____?

I _____ _____ _____ _____ _____ data used for _____ secured transfer of _____ will use _____ _____ protocol.

Did _____ use _____ _____ _____ payments?

_____ sending _____ payment details, are _____ _____ _____?

_____ your _____ _____ _____ keep _____ safe when you pay?

_____ you _____ _____ _____ payment's made?

_____ _____ know how to _____ sensitive _____ when _____ _____ processing?

_____ _____ _____ _____ sent through the _____ protocols?

Is there _____ _____ to _____ sensitive payment _____ _____ encrypting _____?

When it _____ _____ _____ _____ is there _____ use of encryption _____?

When payment _____ is sent, _____ the use _____ _____ _____?

_____ _____ _____ process _____ secured transmissions?

encrypting _____ _____ used _____ transferring _____ payment _____?

_____ encryption _____ one _____ the _____ used to _____ _____ info?

_____ you tell _____ _____ _____ _____ _____ measures during payment processing?

_____ your company's _____ measures _____ _____ _____ data?

Does _____ _____ procedure contain _____ _____?

_____ _____ questions _____ whether safe payment data _____ _____ are _____ _____ place.

_____ _____ company's measures _____ include encrypting _____ _____?

_____ sensitive data for payment _____ _____ _____ should _____ _____ is done _____.

Is a _____ _____ used _____ protect _____ information _____ payments _____ made?

_____ you _____ encryption _____ _____ reasons with your _____ procedures?

_____ the transfer of sensitive _____ _____ possible _____ _____ encryption _____?

_____ your _____ cipher _____ work _____ _____ payments?

_____ _____ _____ _____ payment related data secured with _____ mechanisms?

_____ there _____ _____ protocols _____ during _____ transmission?

_____ _____ secure sensitive data _____ _____ payments?

_____ _____ _____ question _____ there _____ a system that ensures the _____ of _____ _____ information being _____.

_____ it's sending _____ _____ is the _____ _____ encryption _____ appropriate?

Is _____ possible to _____ encrypted _____ _____ you _____ payment _____?

Is _____ _____ protocols _____ to payment _____?

_____ it relevant to _____ _____ protocols _____ _____ payment data?

Is there _____ use _____ encryption _____ it's _____ _____ data?

When you _____ sensitive payment, _____ _____ have _____ _____ _____ policy?

Is _____ use _____ encryption _____ for _____ _____?

Is there _____ _____ _____ place to protect _____ confidentiality _____ data _____ _____ payments?

_____ you _____ payment data, _____ _____ make sure _____ data _____ secure?

_____ _____ use of _____ when _____ _____ Payment data?

_____ _____ _____ of payment data using _____ _____ ciphers?

_____ transmission for _____ processing _____ _____?

_____ _____ _____ _____ whether _____ protocols are put _____ place for _____ transfer of payment _____

Do your _____ _____ use _____ _____ protect _____ data?

Payment processing can involve _____ _____ are _____ able _____ _____ _____ secure?

Can _____ send _____ data _____?

When _____ payment _____ _____ _____ _____ protocols used?

Should you use secure _____ _____ _____ _____?

Can you tell me _____ _____ _____ _____ in payment _____?

_____ want _____ know ifEncryption protection is included in _____ _____ _____ _____.

Is the _____ _____ _____ when _____ used for payment _____?

_____ _____ make _____ you _____ _____ data in _____ secure manner?

_____ you try _____ _____ do _____ use encryption _____ your _____?

Is there a _____ _____ protecting _____ _____ _____ _____ _____ stage of payments?

_____ _____ any _____ of _____ when payments are being _____?

_____ _____ data cipher _____ _____ _____ you make payments?

Are _____ currently _____ _____ for secure _____?

Do _____ _____ procedures _____ _____ _____ for security reasons?

_____ the _____ _____ using _____ encryption protocols?

_____ _____ _____ Payment _____ is it using encrypting _____?

____ the ____ ____ implemented for ____ transfer ____ ____ payment data?

____ your data cipher ____ in ____ when you ____ ____?

When ____ ____ ____ do you ____ secure ____?

____ ____ ____ sensitive ____ ____ do you make ____ your process is ____?

____ you ____ ____ payment procedure ____ includes secured ____?

Do you ____ ____ protocols ____ ____?

____ the ____ procedure ____ secured ____?

When it's ____ Payment data, is ____ use ____ ____ ____?

____ ____ think ____ ____ you encrypting the stuff ____ payment ____ made?

Is it possible that ____ have establishedEncrypted ____ ____ ____ delicate ____ ____?

Is it ____ ____ you have a system ____ place ____ guaranteeing ____ ____ ____ sent when ____ ____ made?

____ it possible to ____ ____ ____ with ____ measures taken?

Is ____ protocols used ____ ____ transfer ____ ____?

Sending sensitive data ____ payments ____ something ____ might want ____ ____ ____ is ____ using ____ ____ advanced method ____ data ____.

Is it possible ____ you ____ ____ ____ for ____ the ____ of data ____ during ____?

Are the ____ ciphers used for the ____ ____ ____ ____?

Is the ____ ____ protocols used when ____ sensitive ____ ____?

Does ____ ____ ____ include securing ____?

When sending payment ____ ____ you ____ ____ that the ____ ____ secure?

____ ____ ____ security protocols ____ ____ data transmissions?

____ ____ ____ ____ sent in ____ scrypt form, ____ ____ security protocols in place?

encrypting ____ ____ ____ ____ is ____ of the ____ that your company ____?

Do ____ ____ ____ payment data ____ methods?

Is ____ any ____ ____ encryption ____ ____ secure payment ____ transmission?

____ ____ ____ ____ know ____ there is a encryption ____ for ____ transfers.

Is ____ used ____ ____ sensitive ____ data?

Do ____ use ____ for ____?

____ want ____ ____ ____ the use of encryption protocols is ____ ____ sensitive ____.

____ Encrypted ____ ____ when sensitive ____ details ____ sent?

____ it ____ to ____ ____ protocols ____ securely transfer ____ data?

____ are ____ if ____ protocols ____ put in ____ ____ ____ payment data transfer

Is the ____ ____ payment ____ data ____ ____ encryption?

____ you have ____ ____ ____ ____ for payments processing?

____ ____ ____ ____ protocols for ____ payments securely?

Is ____ ____ ____ policy ____ when you make ____?

____ it possible ____ ____ ____ ____ used ____ secure payment data transmission?

When paying with ____ are ____ ____ safeguards ____ ____?

____ ____ ____ ____ included secured transmissions?

____ ____ mean to encrypting ____ stuff when payment ____ ____?

____ ____ a system ____ place that ____ data ____ ____ payments?

____ ____ ____ encrypted connection ____ at the stage ____ payment ____?

Is the ____ ____ payment ____ implemented with the ____ ____?

____ ____ transfer ____ payment ____ ____ encryption protocols?

____ it ____ to use encrypting ____ ____ ____ data?

____ are ____ so is ____ use of ____ ____ appropriate?

Sending sensitive ____ ____ payments ____ something ____ ____ make ____ is ____ ____ the most ____ method of data ____.

____ ____ ____ ____ policy still active when processing sensitive ____?

Are there mechanisms ____ ____ to ____ ____ ____ data?

Is it ____ to transmit payment ____ ____ ____ ____ protocols.

____ ____ use ____ protocols when the ____ ____ is sent?

_____ there _____ _____ protocols used _____ the transfer of _____ _____ data?

_____ _____ connection _____ as a safeguard _____ _____ _____ of processing payments?

_____ _____ _____ _____ data for payments?

_____ your payment _____ _____ encryption _____ security?

_____ it _____ that you have _____ system _____ _____ _____ guaranteeing _____ confidentiality _____ data transmitted during _____?

_____ the transfer _____ _____ payment data using pertinent _____ _____?

Is it _____ _____ _____ _____ encryption _____ payment transmission?

There _____ some questions _____ _____ protocols _____ _____ payment data _____

_____ you transmit payment _____ _____ _____ make sure _____ _____ is secure?

Is _____ _____ _____ encryption _____ _____ payment information?

_____ _____ use _____ encryption _____ when _____ payment data?

Is the _____ of _____ _____ _____ sending payment _____?

Is _____ _____ _____ _____ pertinent encryption protocols during the _____ of _____ _____ data?

_____ it _____ _____ sensitive payments, _____ the use of _____ protocols _____?

Is _____ _____ encryption protection when _____ _____ _____?

Did _____ _____ procedure _____ _____ transmissions?

Is _____ _____ _____ payment _____ _____ using ciphers?

_____ it possible _____ _____ have a system _____ place _____ _____ _____ confidentiality _____ data _____ during payment?

Will _____ payment _____ include _____ _____?

There _____ _____ _____ _____ _____ are put _____ place for safe _____ _____ payment data

Does your data cipher policy apply _____ _____ _____ _____ _____?

_____ sending _____ details are _____ _____ protocols?

Do _____ have a _____ in place for _____ _____ _____ information _____ _____?

_____ it _____ _____ the _____ of sensitive payment data _____ use _____ encryption _____?

_____ _____ know if there are _____ _____ _____ sending _____ details?

_____ _____ _____ _____ include secure transfers?

_____ encryption _____ when _____ payment _____ _____ sent?

_____ _____ confirm the _____ _____ _____ protocols for payments?

When _____ _____ payment information _____ you make _____ your process _____ _____?

_____ _____ encryption payment _____?

_____ there _____ encryption implemented _____ _____ transmission?

_____ _____ transfer _____ payment _____ using encrypting _____?

When _____ _____ sensitive _____ do your data _____ _____ exist?

Do you know _____ _____ _____ _____ _____ include _____ payment data?

_____ you _____ _____ _____ for payment _____ transfer?

Is _____ possible to use encryption _____ _____ _____ _____ of _____?

_____ _____ data is _____ _____ your company _____ measures for?

_____ you _____ _____ data transfer _____ payments _____?

When _____ made, _____ _____ _____ stuff?

Is there any _____ encryption protocols _____ _____ the transfer _____ _____ _____?

_____ secured _____ included in _____ _____ procedure?

Is _____ use _____ encryption _____ correct _____ payment _____?

_____ your payment _____ feature _____ _____?

When _____ are _____ does _____ use _____ encryption protocols _____?

Is it _____ to _____ encrypting _____ _____ _____?

Appropriate encryption _____ should _____ _____ _____ the transfer of sensitive _____ _____.

There's a question _____ _____ a system to _____ _____ _____ of payment-related _____ _____ _____.

Is the _____ _____ payment _____ _____ _____ protocols?

_____ _____ _____ system in _____ that _____ guarantee _____ confidentiality of the data transmitted _____ _____ _____?

When _____ details are sent in a scrypt form, _____ _____ _____ _____ _____ _____?

Does your _____ cipher policy _____ when _____ _____ _____?

_____ _____ _____ process _____ secured transmission?

When _____ data _____ sent Is _____ possible to _____ _____ _____?

Is the method _____ encrypting _____ _____ _____?

_____ _____ possible to _____ _____ _____ protocols during payment transmission?

_____ _____ send payment data _____?

Is _____ true that _____ use encrypted _____ _____ transmit _____ _____?

Does your payment _____ _____ _____ _____ securely?

Do _____ _____ the _____ that's sent _____ _____?

I am _____ _____ _____ you _____ when payment is made _____ _____.

_____ _____ transmit payment data _____ _____ use _____ protocols?

_____ _____ a setup that protects sensitive _____ _____ during _____?

_____ _____ _____ sure of Encrypted Data when _____ _____?

Is there _____ system _____ place _____ will ensure _____ _____ _____ _____ transmitted during _____?

Is there _____ _____ _____ place _____ _____ guarantee the _____ of data _____ during _____?

_____ _____ comes to sensitive payments, does _____ _____ _____ encryption _____ occur?

_____ you know if secure _____ _____ _____ _____ securely transfer _____ payment _____?

Appropriate _____ protocols _____ be _____ _____ _____ _____ of payment data.

Sending sensitive _____ _____ payments _____ something that _____ may want _____ make sure _____ _____ _____.

_____ your process sure _____ Encrypted Data _____ you _____ _____ _____?

_____ _____ possible to use pertinent encrypting _____ during _____ _____ _____ sensitive _____ data?

_____ your payment _____ include encryption _____ _____?

Is _____ transfer _____ sensitive _____ data done _____ proper _____?

_____ the encrypting methods _____ for _____ _____ of _____ data?

Sending sensitive data _____ payments _____ _____ that you _____ want to make _____ is _____ _____ _____ most advanced method _____ _____ _____.

_____ _____ should _____ secured with _____ mechanisms.

_____ _____ possible _____ _____ the security of sensitive _____ _____ installing encryption _____ during payment _____?

When _____ _____ sensitive, is the _____ _____ _____?

_____ _____ use secure protocols to _____ _____ _____?

Is it _____ _____ _____ _____ _____ for _____ the confidentiality of data transmitted _____ _____?

_____ _____ payment related _____ implemented?

_____ there a _____ to _____ transmit _____ _____?

Will _____ process be _____ _____ Encrypted Data when _____ send _____ _____?

_____ the proper _____ _____ in the _____ of payment _____?

_____ _____ have a system in _____ _____ _____ the confidentiality of _____ transmitted _____ _____ processing?

_____ _____ process _____ _____ for transferring payments _____?

Sending _____ _____ _____ _____ _____ _____ you may _____ to _____ sure it _____ done using the _____ _____ method of data Secrecy _____.

Is _____ _____ to protect my data _____ payments _____ _____ _____ method?

_____ _____ use encryption to _____ secure _____?

_____ there any encrypting _____ used _____ _____ sensitive _____ data?

_____ your data cipher _____ in _____ _____ you _____ payments?

_____ there a _____ _____ for encrypting _____ _____?

_____ _____ secure the flow _____ _____ data?

_____ your _____ procedure _____ secured _____?

_____ _____ _____ data, do _____ encryption _____ exist?

Is it _____ that _____ _____ for payment _____ _____ _____ place _____ the moment?

_____ _____ _____ of payment _____ _____ pertinent encryption protocols?

When it's _____ _____ data _____ _____ use of _____ protocols?

Do _____ _____ _____ data _____ policy when sensitive _____ are _____?

_____ secure _____ _____ used to securely _____ _____ payment info?

_____ you _____ _____ payment _____ made?

_____ it possible to _____ _____ during _____ using methods such _____ _____?

_____ _____ use encrypted _____ payments?

Is the transfer _____ _____ _____ _____ using proper _____ protocols?

_____ the encryption used _____ _____ _____?

Is the payment _____ _____ _____ _____ the encryption _____?

_____ you _____ _____ _____ for sending payment _____?

There's a _____ if a system _____ in place to _____ _____ privacy _____ payment _____ _____ _____ _____.

_____ _____ payment data _____ _____ proper ciphers?

_____ encryption used _____ a _____ _____ confidential _____ _____ the _____ of payments?

Is it _____ to _____ the _____ _____ encryption _____ during payment _____?

_____ _____ _____ sure ofEncrypted Data _____ you transmit _____?

Does _____ process _____ _____ _____ transfer _____ securely?

_____ followed when _____ _____ details?

Do _____ use _____ during _____?

_____ you _____ secure payment _____ _____ strategies?

_____ it possible that _____ data _____ payment _____ is _____ place _____ _____?

Is _____ _____ _____ that you encrypting _____ stuff _____ you _____ a _____?

_____ you _____ payment _____ _____ secure protocols?

Sending sensitive _____ for payments _____ something _____ _____ want to _____ _____ _____ done _____.

Do _____ make sure _____ _____ _____ _____ use to transmit _____ data is _____?

_____ _____ _____ protocols _____ securely transfer data _____ payments?

_____ the use _____ _____ _____ _____ for payment data?

Is your _____ _____ _____ Encrypted _____ when you send _____?

Is it _____ _____ _____ _____ exist _____ paying for data?

_____ _____ _____ question _____ _____ a _____ to _____ the privacy of _____ related information _____ transmitted.

Did _____ use _____ for _____ _____?

_____ data _____ for _____ processing?

_____ it _____ that you have _____ _____ in _____ for guaranteeing _____ confidentiality _____ data _____ _____ payment processing?

I want _____ know _____ _____ is _____ encryption for data _____ for _____ _____.

Are _____ measures that _____ _____ payment _____ _____ your company?

Is it _____ _____ _____ _____ encrypted protocols when sending _____ _____?

Payment _____ _____ _____ _____ _____ it also used for encryption?

Is it _____ _____ _____ company's security _____ include _____ _____ payment data?

Is _____ secure protocols _____ _____ payment _____?

_____ your _____ _____ require _____ transmissions?

_____ you _____ sensitive _____ info, do you _____ _____ _____ process is _____?

_____ _____ use _____ payment data transmission _____.

Is it possible _____ _____ appropriate encryption _____ to transfer _____ _____ _____?

When it _____ _____ sensitive _____ is the _____ of _____ _____?

Do you _____ _____ _____ Encrypted _____ in _____?

_____ _____ _____ of payment data _____ using appropriate encryption _____?

_____ the _____ _____ sensitive payment data _____ using the _____ _____?

Is there a relevant _____ _____ _____ _____ transferring _____ payment _____?

_____ _____ know if you haveEncrypted _____ to _____ _____ data?

Is _____ _____ of sensitive payment _____ using _____ _____?

Sending _____ data _____ payments _____ _____ you may _____ _____ _____ _____ is done securely.

When _____ _____ _____ is the _____ of _____ protocols appropriate?

Do you use _____ protocols _____ _____ _____ payment _____?

_____ payment processing can _____ _____ _____ presence of encryption _____?

Do _____ use _____ _____ for payment _____ _____?

Is _____ _____ to _____ the security _____ sensitive data by _____ _____ protocols _____ _____ processing?

Is it _____ _____ use relevant encryption _____ _____ the _____ of sensitive _____ _____?

_____ a question if _____ is a system _____ _____ the _____ of payment _____ _____ _____.

When _____ are sensitive, _____ _____ use _____ encryption protocols _____?

_____ _____ _____ for _____ payment information?

Is it _____ to protect _____ _____ _____ installing _____ _____ during _____ processing?

IsEncryption _____ at the _____ _____ _____ _____ to protect the _____ info?

_____ you _____ _____ ways to _____ payment _____?

_____ it _____ that when _____ _____ _____ you _____ encrypting the stuff?

Is _____ _____ _____ _____ secure payment data _____?

Is it _____ _____ _____ _____ payment data with _____ protocols?

Is _____ _____ _____ my data _____ _____ protected _____ an encryption _____ _____ I pay?

Did you _____ _____ _____ you _____ encryption for _____ payments?

_____ the use of _____ _____ used _____ _____ money?

_____ _____ have _____ for securely transferring data _____ _____?

Is it _____ _____ _____ sensitive _____ data _____ appropriate _____ protocols.

Do _____ _____ Encryption _____ secure _____?

Do _____ _____ security _____ _____ payment data _____?

_____ the _____ _____ encrypting protocols during _____ _____?

_____ encryption _____ _____ used during _____ _____ of payment data?

Is _____ a way for _____ _____ be _____ _____ for _____ processing?

_____ the _____ of _____ payment data _____?

_____ you _____ payment data _____ a _____ _____?

_____ would like to _____ _____ secure protocols are _____ to _____ _____ _____ information.

Should _____ _____ of _____ payment data use appropriate _____ _____?

_____ wonder if there _____ protocols _____ encrypting _____ _____.

Is _____ a _____ _____ policy in place _____ you _____ _____?

_____ the _____ transmission _____ by _____ encryption _____?

_____ sending _____ data _____ other people, _____ you make _____ _____ is Encrypted _____?

Does _____ transfer _____ _____ _____ involve _____ ciphers?

Is the _____ _____ _____ data _____ with _____ mechanisms?

Is there _____ relevant encrypting _____ _____ when _____ _____ data?

_____ _____ _____ the _____ of protocols for protecting confidential _____ during _____ _____?

_____ protocols implemented _____ _____ processing _____ _____ sensitive data?

Is _____ transfer of payment _____ _____ using the _____ _____?

_____ is a question _____ to whether there _____ _____ system _____ _____ _____ privacy of payment related _____ _____ _____.

Is _____ _____ _____ _____ protocols used _____ transfer _____ payment data?

_____ _____ payment data _____ sent _____?

_____ you _____ how _____ _____ _____ data _____ it's involved in _____ processing?

Do you have _____ data cipher _____ while _____ _____ _____?

I _____ like to know if _____ _____ a _____ _____ for _____ _____.

_____ your payment _____ _____ _____ _____ security reasons?

Did _____ _____ _____ _____ data payments?

If you _____ _____ data, _____ _____ safeguards _____?

_____ _____ _____ of _____ _____ through proper ciphers?

Payment processing can _____ _____ data, _____ _____ _____ know _____ to secure _____?

Is _____ possible _____ secure encryption _____ _____ be implemented _____ payment _____?

Is encryption _____ _____ transmit _____ _____?

Does the _____ _____ _____ protocols occur when payments _____ _____?

____ ____ make sure that the ____ ____ ____ securely transmitted?

____ the ____ of ____ payment ____ use ____ encryption?

Did ____ ____ it yet, ____ you ____ ____ for secure ____?

____ the use ofEncryption ____ ____ ____ data ____?

____ ____ ____ data cipher policy ____ ____ process payment?

____ your company's security ____ ____ ____ ____ payment data?

Is the use ____ ____ ____ ____ the ____ is ____ made?

When ____ process payment, do ____ ____ a data ____ ____?

Is it ____ to ____ ____ payment data through ____ ____ ____?

IsEncryption ____ ____ ____ ____ paying with data?

____ there a method ____ secure the ____ of ____ ____?

Do ____ ____ ____ to secure ____ ____ when processing payment

Is it ____ ____ ____ ____ ciphers for transfer ____ sensitive ____ data?

____ ____ payment info ____ with ____ protocols?

Is there ____ system ____ place ____ ensure ____ ____ of data ____ ____ ____ are made?

Does ____ payment procedure ____ ____ ____?

Is the ____ ____ payment ____ ____ using encrypting ____?

Is your ____ sure of ____ Data ____ ____ ____ ____ data?

I ____ wondering if ____ company ____ ____ ____ include ____ payment data.

____ ____ question ____ ____ ____ ____ that protects the privacy of payment ____ information being ____.

Is ____ ____ ____ place ____ securely ____ payments?

____ your data ____ ____ exist ____ sensitive ____?

____ the transfer ____ ____ payment data ____ pertinent ____ protocols ____?

____ the use ____ ____ when ____ payments?

Is ____ process ____ ____ ____ Data when you transmit ____?

____ there ____ system ____ ____ ____ payment information?

____ you ____ encryption in ____ ____ procedures?

Do ____ ____ ____ procedures ____ ____ encryption for security reasons?

Is the use ____ ____ ____ sending ____ ____?

Is ____ ____ sure ____ Encrypted Data when ____ ____ payments?

____ would ____ to know ____ secure ____ are used ____ ____ transfer ____ payment ____.

____ ____ payment procedure provide ____ ____?

____ there ____ use ____ ____ when it's sending sensitive ____ ____?

When ____ ____ payment ____ is ____ use ____ encrypting protocols?

Do you ____ ____ data cipher ____ ____ ____ process ____ payments?

____ the ____ ____ ____ ____ when sending payments?

____ ____ data ____ transmitted securely ____ payment ____?

____ payments are ____ do you ____ ____?

Do ____ mean ____ ____ made that you ____ ____ stuff?

____ ____ ____ to transmit ____ info ____ using encryption protocols?

Does your ____ ____ ____ ____ transmission?

____ payments are ____ ____ ____ use of ____ protocols done?

____ ____ transmit payments ____ ____ ____ sure ____ process is secured?

Can ____ confirm that the protocols exist ____ ____ ____ ____ ____ payment ____?

____ encrypting ____ data ____ ____ the transfer ____ payments?

Is it ____ that ____ ____ ____ in place for ____ ____?

Is the transfer ____ ____ payment ____ done ____ a ____ ____.

Is ____ ____ to ____ payment ____?

Is it possible ____ ____ ____ a ____ in place ____ guaranteeing ____ ____ ____ transmitted ____ you pay?

Is the ____ ____ sensitive payment ____ using ____ correct ____?

_____ payments are _____ _____ _____ used?

_____ encryption protocols used _____ payment _____ _____?

Can you tell me if _____ _____ _____ _____ _____ the payment _____?

_____ your data _____ _____ used when _____ process sensitive _____?

Are _____ sure _____ you _____ establishedEncrypted protocols to transmit _____ _____ _____?

Is it _____ _____ _____ sensitive payment _____ _____ _____ appropriate encrypting protocols?

_____ you _____ _____ secure transfer of _____ _____ payment processing?

Do _____ _____ payment _____ in a _____ _____?

Is it _____ that some type _____ security _____ is _____ _____ _____ secured _____ of _____?

_____ your _____ procedures _____ secure _____?

_____ there _____ method used _____ safeguard sensitive _____ _____ _____ processing?

_____ your process sure ofEncrypted _____ when _____ transmit _____ _____ _____?

Do _____ have a data _____ _____ while _____ _____ making _____?

_____ your _____ procedures _____ the _____ _____ encryption _____ security reasons?

Does your data cipher _____ exist _____ you _____ _____ _____?

_____ you using _____ _____ secure _____ payments?

Is it _____ to _____ _____ payment data _____ _____ _____ encrypting protocols?

_____ _____ use _____ to transmit _____ _____ data?

_____ you _____ secure _____ _____ transmission?

_____ _____ _____ in transmission _____ included in _____ of your _____?

Is _____ possible _____ you have a system _____ _____ _____ _____ _____ confidentiality of _____ _____ _____ payments are made?

_____ _____ _____ secure protocols to transmit _____ _____ data?

_____ _____ possible that you _____ encryption protection _____ $$$ _____?

_____ _____ _____ encryption _____ your payment procedures _____ security?

_____ _____ payment _____ transmission protocols _____?

Is the transfer _____ sensitive _____ _____ _____ _____ the correct _____?

_____ _____ data is _____ _____ _____ of your measures?

_____ _____ _____ way _____ securely transmit _____ information?

_____ it _____ to _____ protocols _____ transferring _____ data?

_____ _____ _____ secure payment data?

_____ the transfer _____ payment _____ using _____?

Is it _____ _____ _____ _____ _____ sure _____ Encrypted Data when _____ _____ sensitive payments?

Sending _____ _____ for payments _____ _____ _____ you _____ want _____ make sure _____ _____ _____ _____ most advanced method of _____ Secrecy available.

Is _____ a way _____ guarantee _____ security _____ _____ _____ by _____ encryption protocols during _____ payment _____?

_____ _____ possible that you _____ _____ protocols for payment _____ _____?

Is there a _____ _____ _____ data _____ _____ payment processing?

Is _____ _____ system _____ place that ensures _____ confidentiality of _____ _____ during _____ _____?

_____ payments are made, is _____ use of _____ _____ _____?

Is it _____ to use _____ protocols _____ _____ _____ data?

Can you _____ _____ the _____ exist _____ protecting _____ _____ during payment _____?

_____ _____ _____ _____ use _____ ciphers for the transfer of sensitive _____ _____?

Is there a _____ _____ _____ _____ will guarantee _____ _____ _____ _____ _____ when you make a payment?

When it _____ to _____ _____ _____ the use _____ _____ protocols?

I _____ if there _____ _____ protocols for sharing _____ _____.

Did _____ _____ the data _____ _____ sent _____ payments?

Payment _____ can _____ _____ _____ _____ _____ keep that data safe?

_____ payment _____ _____ _____ for security reasons?

_____ _____ have _____ protection _____ transferring money?

Is _____ _____ _____ of _____ when payments are _____?

Is it possible _____ have _____ system _____ _____ for _____ _____ _____ data transmitted when payment _____ made?

Is it possible _____ _____ payment _____ _____ with encryption _____?

Is _____ _____ of _____ when it's _____ _____ information?

_____ the _____ _____ _____ of secure encrypting _____?

I wonder _____ _____ are ciphers _____ _____ _____ payment information.

_____ your payment _____ _____ secured _____?

Do _____ transmit valuable payment data _____ _____ _____ _____?

_____ it possible _____ _____ have a _____ in place for guaranteeing _____ _____ _____ _____ _____ when payment _____ made?

Is _____ payment _____ _____ encryption _____?

_____ _____ _____ to ensure that data _____ _____ payments is _____?

Do you _____ if your company _____ measures _____ _____ _____ payment _____ in _____?

Is there _____ _____ _____ protocol _____ in payment _____?

Do you mean secure _____ applied _____ _____ _____ _____?

_____ processing _____ _____ _____ _____ can you keep that _____ to a _____ degree?

Is _____ _____ _____ _____ paying with data?

_____ _____ _____ _____ policy exist _____ sensitive payments are involved?

Is the _____ _____ payments using _____ _____?

_____ _____ possible to _____ encryption protocols during _____ _____ _____ payment data?

Is the _____ _____ _____ through _____ _____ method?

When _____ _____ payment data, _____ there _____ _____ encryption protocols?

_____ _____ _____ _____ _____ payment details with encrypting protocols?

_____ _____ use of encryption _____ when _____ _____ _____ payment data?

_____ _____ know how _____ secure _____ data _____ payments?

_____ _____ _____ _____ in a scrypt form, _____ _____ _____ protocols when that is _____?

Do you _____ _____ there _____ a setup _____ _____ _____ payment information?

IsEncryption _____ used _____ _____ sending payment _____

_____ _____ transfer _____ sensitive payment _____ _____ through a _____ cipher?

When _____ _____ is sent, is _____ use _____ encrypting _____?

_____ _____ a _____ of _____ measures during _____ processing?

_____ _____ transfer of _____ payment _____ _____ the _____ encryption protocols?

_____ payment data is sent, _____ _____ use _____ _____ protocols?

Is _____ possible to use _____ _____ _____ _____ payment _____ transmission?

_____ _____ _____ payment _____ is _____ possible _____ use encryption protocols?

Did you _____ that your company has measures _____ _____ _____ _____ _____?

_____ _____ _____ if there are _____ measures during payment _____?

_____ are some _____ _____ _____ certain _____ are _____ in _____ _____ safe _____ secure transfer of payment data.

Are _____ _____ stuff _____ _____ paid for?

I _____ _____ if _____ encrypting stuff when _____ is made _____ _____.

Do _____ _____ a secure way _____ sending _____ _____?

_____ _____ comes to _____ _____ is _____ use of _____ protocols?

_____ _____ if _____ encrypting stuff _____ payment's _____.

_____ your _____ _____ policy _____ _____ you do sensitive payments?

_____ _____ data _____ transmission is _____ measure your company _____?

I would _____ _____ know if _____ _____ used for _____ _____ of _____ will use _____ security _____.

Is _____ _____ _____ encryption protocols _____ sending _____ information

_____ _____ _____ of _____ protocols _____ it comes _____ sensitive payments?

_____ _____ comes _____ payment data, _____ it use _____ encryption _____?

Do _____ data cipher _____ _____ _____ you _____?

Is the transfer _____ payment data done _____ _____ _____ _____?

_____ want to know _____ _____ haveEncryption protection _____ you _____ _____.

_____ your _____ sure _____ _____ when you transmit payment _____?

____ ____ possible ____ useEncryption protocols when sending ____ ____?

____ ____ data used for ____ secured ____ of ____ ____ ____ security protocol?

Does ____ ____ ____ ____ payment data ____ proper encryption?

____ ____ encrypting methods ____ ____ transferring ____ data?

When sending ____ payment ____ ____ ____ Encrypted ____?

____ it a ____ that you ____ the ____ when ____ is ____?

Is ____ ____ sign that you're ____ ____ encrypting the ____ when ____ is ____?

____ ____ ____ ____ ____ protocols used for sensitive payment?

____ are questions ____ ____ ____ certain protocols are ____ ____ place for the safe ____ ____ ____ data.

Does ____ ____ cipher ____ ____ when ____ make payment?

Is ____ ____ of encryption ____ it comes ____ ____ data?

____ ____ are sent, is ____ ____ use of ____?

Is ____ possible ____ ____ encryption measures ____ ____ payment transfers?

Transferring ____ data ____ payments ____ ____ ____ encryption?

Do you ____ ____ ____ guarantee ____ data ____ for ____ processing?

____ there ____ ____ in place ____ ____ the confidentiality of ____ transmitted during ____?

I wonder ____ ____ ____ are ____ to securely transfer ____ ____.

Do you use a ____ ____ ____ ____ payment ____?

When ____ are ____ ____ the ____ of ____ protocols happen?

____ would like to ____ if my ____ information ____ sent ____ a ____ ____.

____ ____ transfer of payment data ____ ____?

When it comes to payment ____ ____ ____ ____ ____?

____ ____ ____ made, is there ____ use ____ encryption protocols?

Do ____ transfers ____ sensitive payment ____ ____ appropriate encryption ____?

____ ____ process ____ of Encrypted Data when ____ transmit ____ ____?

Do ____ ____ encrypted ____ ____ ____ payment data?

Is ____ transfer of the ____ ____ ____ using ____ ____ methods?

Does ____ know ____ ____ is any ____ of ____ during funds ____?

Is it ____ ____ idea ____ ____ ____ information with ____ protocols?

____ your process have ____ ____ when you send ____ ____?

____ ____ possible that your payment ____ ____ encrypted ____?

____ your ____ ____ include secured ____?

____ you send ____ ____ ____ me if you have a ____ ____.

____ ____ ____ protocols ____ when payment details are ____?

Does ____ ____ procedure ____ ____ transmissions?

____ ____ ____ in transmission is ____ ____ ____ your company may have.

____ the ____ of ____ ____ data ____ payments?

____ ____ have methods for securely ____ data ____ ____?

Is ____ possible that ____ ____ a ____ in place for ____ confidentiality ____ ____ transmitted when ____ ____ ____ payment?

Can ____ make sure that payment ____ ____ ____ ____?

____ sending payments ____ ____ ____ to use ____ protocols?

Is it ____ ____ your process is sure ____ ____ Data when ____ ____ ____ ____?

Do you ____ protocols ____ securely ____ ____ ____ payment processing?

Is the ____ of sensitive payment ____ ____ ____ ____?

____ wonder ____ ____ ____ of encryption protocols ____ used for sensitive ____.

____ ____ ____ ____ ____ you make sure the process is ____?

Is ____ protocols implemented ____ ____ ____?

Is ____ ____ sure ____ Encrypted ____ when you ____ ____ information?

____ it ____ ____ use pertinent ____ ____ ____ the ____ of sensitive payment data?

____ you transmit ____ ____ ____ are your ____ sure of ____ Data?

_____ your data _____ _____ valid _____ _____ process sensitive payment?

Does _____ _____ cipher _____ _____ when _____ are sensitive?

_____ _____ _____ to transfer sensitive _____ _____ _____ proper use _____ encryption protocols?

Is the _____ _____ encryption protocols _____ _____ _____?

_____ it possible _____ _____ _____ encryption protection _____ you _____ money?

Does _____ _____ _____ _____ the stuff _____ you pay?

Can you _____ me if there _____ _____ protocol _____ _____ _____ information _____ payments?

_____ _____ to know if you transfer _____ _____ encryption _____.

_____ is a _____ if _____ _____ system that protects _____ _____ of _____ related _____ being _____.

Is _____ _____ of encryption protocols _____ _____ payment _____?

Is _____ encryption _____ for paying _____ _____ _____?

_____ _____ flow of _____ data secured _____ _____?

_____ _____ a _____ for protecting sensitive payment information _____ _____?

Did _____ attempt _____ yet, do _____ _____ _____ for _____ payments?

Is _____ _____ _____ encryption protocols _____ when _____ sensitive payment _____?

_____ the _____ data _____ securely _____ the secure _____?

_____ _____ payments, _____ _____ have a data cipher _____?

I want to _____ if you _____ encryption _____ _____ _____ _____ money.

Is the _____ _____ _____ protocols _____ when _____ are sensitive?

_____ the payment _____ _____ _____ _____ the protocols?

When you _____ sensitive payments _____ _____ process _____ of _____ _____?

_____ _____ safety _____ _____ in place _____ paying by data?

_____ _____ _____ the secure transfer _____ data for _____ processing?

Is the _____ _____ _____ for _____ payment _____?

_____ there _____ that _____ _____ payment data in _____?

_____ _____ _____ _____ involve secured transmissions?

_____ payments _____ _____ is the use of encryption _____ _____?

Some _____ _____ _____ certain protocols are _____ _____ place _____ safe transfer of _____ _____.

_____ _____ _____ safeguards when paying _____ data?

Is the _____ ofEncryption _____ _____ _____ comes to _____ data?

There _____ _____ question _____ _____ system is in place to _____ _____ _____ of _____ _____ being transmitted.

Is _____ _____ used to _____ confidential _____ at the _____ of _____?

Is _____ _____ _____ _____ payment data done throughproper _____?

_____ _____ _____ _____ transferring data during payments?

_____ _____ _____ _____ to _____ payments, are _____ _____ of encryption protocols?

Is _____ _____ to _____ the _____ of _____ data by _____ encryption _____ during _____?

When sending _____ _____ is there _____ _____ of _____ protocols?

_____ _____ transfer _____ _____ _____ information done securely?

Is it _____ _____ use encrypting safeguards _____ paying _____ _____?

_____ the payment data _____ _____ _____ secure _____?

Is the _____ _____ _____ with secure _____ _____?

_____ _____ _____ of encryption _____ when _____ is sent?

Is it possible _____ _____ sensitive _____ data _____ _____ _____ _____ encryption protocols?

_____ it necessary _____ use _____ encryption _____ during _____ transfer of _____ _____?

Is your data _____ _____ _____ while _____ make _____?

_____ the transfer of _____ _____ _____ _____ encrypting methods?

There _____ questions on whether _____ protocols are put _____ _____ _____ _____ _____ _____ transfer _____ payment data

Is the transfer of _____ _____ _____ _____ _____ a _____ way?

_____ _____ _____ about whether certain _____ _____ _____ place for safe transfer _____ _____ data

Is transfer _____ _____ payment _____ done _____ proper _____?

_____ sensitive data for payments is _____ you _____ make _____ you _____ _____ _____ advanced method _____ data _____.

I would _____ to _____ _____ _____ _____ a encryption _____ for money _____.

_____ _____ _____ that _____ type of _____ _____ will be used _____ the _____ transfer _____ payment data?

_____ _____ used when _____ _____ is transmitted?

IsEncryption protocols _____ for _____ _____ data _____?

_____ _____ mean when payment's made, _____ _____ _____ the stuff?

Is _____ _____ that _____ use encrypted methods _____ processing _____?

_____ it _____ _____ you encrypting the stuff _____ _____ is _____?

Do you _____ your data _____ policy _____ you _____ _____?

_____ your _____ _____ allow _____ transmissions?

_____ _____ _____ _____ information, do you make sure _____ _____ is secure?

Is it possible to _____ _____ encrypting _____ during _____ _____?

_____ _____ _____ details are _____ secured?

_____ _____ _____ question about _____ a _____ is _____ _____ to _____ the privacy of _____ _____ information being transmitted.

_____ sensitive _____ _____ payment processing?

I _____ if _____ protocols _____ used to securely _____ _____ _____.

_____ _____ possible to use pertinent _____ protocols during _____ _____ _____ _____ payment data?

_____ _____ possible _____ transfer _____ data with _____ encryption protocols?

Are you _____ _____ for payment _____ _____?

Payments _____ _____ _____ _____ securely _____ the encryption protocols.

Is _____ data _____ _____ _____ while you _____ payments?

_____ _____ comes to payment _____ _____ the _____ of encryption protocols _____?
