[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Alarm system false alarms or notifications
Inquiry Sub-Category	Intrusion detection sensitivity adjustment
Description	Customers request guidance on adjusting the sensitivity of their alarm systems to prevent false alarms triggered by pets, moving objects, or environmental conditions such as strong winds or vibrations.
Data Size	5,113 paraphrases

Is there _____ _____ _____ tweak the _____ _____ _____ so that moving _____ _____ _____ false alarms?

_____ it _____ to adjust _____ detection settings to _____ _____ _____ from _____ objects?

Is it _____ to _____ the intrusion detection _____ _____ _____ _____ objects don't _____ _____ alarms?

_____ the _____ detection settings have _____ be _____ _____ prevent _____ alarms from _____?

When _____ movement _____ the _____ _____ adjusted to _____ false _____?

_____ there a _____ _____ change the intrusion detection _____ to _____ _____ moving objects _____ cause _____ _____?

_____ there _____ way to make _____ _____ detection settings less likely _____ _____ _____ false alarms _____ moving _____?

Is there _____ _____ to prevent _____ _____ _____ by _____ objects?

_____ is an _____ to _____ _____ system settings _____ _____ false alarms from _____ _____.

Is _____ _____ _____ to _____ the _____ detection _____ _____ that _____ objects don't _____ off false alert?

Can I change the _____ _____ _____ false _____ can't _____ triggered by _____ _____?

Is it possible _____ change _____ detector _____ _____ it _____ not _____ _____ moving _____?

_____ _____ a way _____ intrusion _____ _____ to reduce false _____ caused _____ motion?

Is _____ _____ to change intrusion _____ settings to _____ _____ _____ objects _____ cause _____ alarms?

Is _____ a way _____ correct _____ detection _____ when _____ _____ occur?

Is there _____ _____ _____ _____ the _____ _____ _____ moving _____ do not cause false alarms?

_____ _____ a way _____ modify intrusion _____ _____ _____ avoid _____ _____ from moving objects?

There are _____ _____ _____ tuning _____ _____ detection settings to prevent _____ _____ _____ _____ set _____ by moving objects.

Is it _____ to set the invasion security _____ to _____ _____ _____ _____ _____ _____ _____ incidents?

Is there _____ way to modify the _____ _____ _____ _____ movement from _____ _____ _____?

Is _____ _____ chance of _____ _____ settings _____ _____ motion doesn't create _____ alert?

Can't _____ modify _____ settings _____ that _____ _____ set off _____?

_____ it _____ to _____ objects, _____ _____ I adjust intrusion _____ settings?

Is it possible to change _____ _____ parameters _____ as _____ _____ cause _____ _____ _____ _____ movement?

_____ moving _____ _____ can I _____ _____ intrusion detection settings?

Is _____ a chance of _____ settings so _____ the _____ doesn't _____ _____ _____?

_____ it _____ to change the _____ so it will _____ _____ _____ moving _____?

_____ there _____ way _____ keep _____ alarms _____ by _____ objects _____ of the _____ detection _____?

Is ____ ____ ____ modify ____ intrusion ____ settings ____ that no ____ alarms are activated ____ ____ objects?

____ it ____ ____ ____ false alarms ____ moving objects?

Is it ____ ____ adjust the settings ____ ____ false alarms ____ being ____ ____ ____ objects?

____ ____ possible to ____ ____ ____ ____ settings ____ order to eliminate false ____ ____ moving objects?

To prevent false ____ caused ____ ____ how ____ ____ ____ intrusion detection?

Is it ____ to modify ____ intrusion ____ ____ ____ ____ movements from ____ excess ____?

Is it possible ____ ____ the intrusion ____ ____ so that ____ alarms ____ ____ off ____ moving ____?

____ it possible to modify ____ ____ ____ system ____ ____ ____ signals based ____ movement?

Can ____ modify the ____ to ____ cause ____ alarms ____ moving ____?

If there ____ movement, ____ the intrusion ____ settings ____ ____?

____ intrusion ____ ____ adjusted ____ prevent false alarms ____ moving?

Is ____ ____ ____ to ____ intrusion detection ____ ____ ____ ____ objects don't cause false alerts?

____ there ____ ____ to change the intrusion ____ settings ____ prevent ____ alert ____ ____ motion?

____ ____ ____ to change the ____ so that moving objects ____ ____ ____ alarms?

Is there ____ ____ to ____ intrusion ____ ____ ____ avoid ____ ____ due to movement?

____ intrusion detection ____ ____ ____ to prevent false ____ ____ being ____ ____ moving objects?

____ it possible ____ set the ____ ____ ____ that moving ____ don't cause false ____?

Is there ____ option ____ change ____ ____ less ____ ____ ____ moving objects?

Is there ____ way to modify ____ intrusion detection ____ ____ ____ ____ ____ notifications ____ ____ is movement?

Is it possible ____ ____ ____ intrusion ____ ____ so that moving objects ____ ____ false ____?

____ it ____ ____ ____ the ____ detection settings so that moving ____ don't ____ ____ ____ alerts?

Any ____ to ____ the ____ ____ for ____?

Is it possible ____ modify ____ settings ____ ____ ____ ____ things?

____ ____ ____ to make sure that ____ objects ____ cause ____ alarm?

Is it possible to ____ ____ ____ ____ ____ ____ ____ sure moving ____ don't make false ____?

____ you ____ me stop those ____ ____ caused by ____ ____?

Is ____ ____ way of ____ ____ ____ ____ setup ____ prevent movement from ____ excess signals?

____ it possible to modify ____ ____ detection ____ ____ that false ____ don't set ____ ____ ____ objects?

____ ____ a ____ ____ modify intrusion ____ ____ and ____ ____ alarms from moving objects?

____ ____ ____ to set intrusion ____ ____ ____ that false alarms ____ ____ triggered by ____ objects?

Is there a way to ____ ____ ____ ____ ____ ____ objects?

Is ____ a ____ to change ____ ____ ____ ____ alert for ____ stuff?

____ ____ adjust invasion sensors ____ avoid ____ ____ dynamic subjects.

Ways to alter ____ sensors ____ ____ ____ by ____ subjects.

____ there be a chance to ____ ____ intrusion ____ for ____ ____?

____ there ____ ____ to ____ ____ intrusion detection system to prevent it from ____ ____ ____ when detecting ____?

____ there ____ way ____ ____ ____ intrusion ____ settings when there are ____ objects?

Is ____ possible to ____ the ____ ____ ____ false alarms are not triggered ____ ____ ____?

____ the settings ____ intrusion ____ ____ adjusted ____ there's movement?

There is a ____ ____ tweaking intrusion settings ____ that ____ ____ ____ ____ alarms.

____ ____ ____ way to ____ false ____ from moving objects?

____ ____ ____ ____ modify intrusion detection parameters ____ ____ not ____ cause ____ alert when detecting ____?

____ there ____ way to avoid false ____ ____ ____ ____ objects.

____ ____ possible ____ change ____ ____ of the intrusion ____ to ____ false ____ from ____ objects?

____ it possible to change ____ settings ____ ____ detection ____ ____ sure ____ objects ____ ____ false alarms?

Is it ____ to fine- ____ ____ ____ detection ____ ____ ____ false alarms ____ ____ off by moving objects?

How can ____ change ____ invasion security ____ ____ ____ ____ signals based ____ movements?

Is ____ possible ____ change ____ ____ so that ____ objects ____ cause ____ notifications?

Is ____ ____ ____ ____ ____ to stop false alarms ____ by moving objects?

____ I change the ____ ____ ____ alert ____ moving stuff.

When it comes ____ moving objects, ____ can the ____ ____ ____ ____ ____?

Is ____ ____ to ____ ____ settings ____ that moving ____ don't ____ false alert?

____ there a ____ to ____ ____ detection parameters less ____ ____ detecting ____?

____ ____ an option for tweaking ____ ____ detection ____ ____ prevent false alert ____ ____ motion?

Is it possible ____ adjust ____ ____ ____ ____ to prevent ____ alarms ____ being ____ by moving ____?

____ it possible ____ change ____ intrusion ____ to ____ ____ ____ moving stuff?

____ ____ possible to ____ ____ ____ detection ____ to prevent ____ ____ with moving objects?

Can ____ ____ of intrusion ____ ____ changed ____ ____ with mobile things?

Is ____ ____ way ____ stop the ____ detection ____ from being alarmed ____ ____ ____?

Is there a ____ ____ ____ ____ intrusion ____ system to ____ ____ ____ ____ due to movement?

____ I ____ the settings so the false ____ ____ ____ ____ by ____ objects?

The intrusion ____ configuration ____ ____ ____ to eliminate ____ positives caused ____ ____ objects.

____ ____ ____ ____ we can ____ the ____ security system not send signals based ____ ____ ____?

Is it possible to change ____ ____ detection settings ____ ____ ____ alarms ____ being ____ by ____ ____?

Is ____ a ____ to make ____ alarms not ____ triggered ____ ____ ____?

When there's movement, ____ ____ intrusion detection ____ ____ ____?

____ ____ ____ ____ to ____ the ____ detection settings so ____ ____ aren't set off ____ moving objects?

____ it ____ to ____ the ____ so ____ doesn't ____ ____ moving stuff.

____ ____ possible to ____ the settings ____ ____ ____ are no ____ ____ caused by ____ objects?

Is ____ a way of tweaking intrusion detection parameters ____ ____ ____ ____ ____ ____ alert ____ detecting ____?

____ it ____ ____ ____ the ____ ____ false alarms aren't ____ by objects moving?

I wonder ____ there is ____ way ____ modify the intrusion ____ settings so ____ ____ ____ don't ____ ____ ____.

____ ____ ____ ____ ____ adjust the ____ detection for moving things?

____ we modify the intrusion ____ ____ to ____ ____ false ____ ____ to movement?

____ it ____ ____ adjust ____ settings ____ false alarms won't be ____ ____ ____ objects?

____ I modify the ____ detection system ____ ____ false alarms ____ ____ ____?

Is ____ ____ ____ ____ tweaking the settings so that ____ ____ create false ____?

____ there ____ way to make ____ ____ security ____ ____ send ____ signals based ____ movement ____?

Can ____ change the detector so ____ ____ alert me ____ ____ ____?

When ____ ____ ____ moving ____ how can intrusion ____ settings be ____?

____ ____ possible to ____ ____ settings so that ____ ____ won't ____ false alarms?

____ I change the ____ to prevent ____ warnings ____ ____ ____?

Is there ____ ____ ____ ____ modify the ____ detection system so ____ it ____ give ____ ____ ____ to movement?

____ ____ detection settings ____ be ____ to ____ false ____ caused ____ moving objects.

Can you ____ me ____ false ____ ____ by ____ moving?

____ it possible ____ ____ ____ ____ detection ____ to ____ ____ alarms from moving objects?

____ ____ a way ____ ____ false alarms from moving ____.

____ it possible ____ ____ ____ ____ settings ____ ____ false ____ caused by moving objects?

____ ____ help me prevent false ____ ____ ____ movements?

Is there a way ____ intrusion ____ settings ____ be adjusted so ____ ____ objects ____ not ____ ____ ____?

When ____ with mobile things can ____ ____ intrusion ____ ____ ____ done?

____ ____ possible for intrusion ____ to be ____ to ____ moving ____?

Is it ____ ____ ____ the detection ____ so that ____ objects ____ ____ cause false ____?

____ there ____ ____ ____ modify ____ ____ settings to ____ ____ alarms from moving objects?

Can ____ ____ ____ detector to ____ alert ____ about ____ stuff?

Is there ____ ____ ____ ____ ____ ____ settings without having to ____ ____ moving objects?

There ____ a ____ of ____ ____ ____ ____ that the ____ doesn't ____ false alert.

____ there ____ ____ of tweaking ____ settings ____ ____ the motion doesn't ____ false ____?

____ a ____ of ____ the settings so that ____ ____ cause ____ ____.

____ ____ possible ____ adjust intrusion ____ ____ to prevent false ____ from ____?

____ ____ possible to ____ the settings ____ order ____ ____ false alarms from ____ ____?

____ ____ chance of tweaking intrusion ____ so ____ ____ doesn't ____ ____ alerts.

Can I ____ ____ ____ detection system to ____ it ____ generating false ____ ____ ____ objects?

Can you help ____ ____ false alarms ____ ____ ____ moving?

____ it possible to modify the ____ system ____ ____ ____ ____ ____ ____ moving objects?

Is it ____ to ____ the detection settings ____ ____ false ____ ____ ____ objects?

____ there ____ to make ____ ____ objects ____ cause false ____?

Can ____ reprogram ____ ____ security ____ to not send ____ ____ on ____ incidents?

Is it ____ to ____ ____ intrusion ____ settings to ____ false ____ ____ ____ moving objects?

____ there a way to ____ ____ ____ parameters so that ____ ____ ____ false ____ ____ detecting movement?

Can the ____ of the ____ ____ be changed ____ ____ ____ ____ ____ ____ cause false alarms?

Is there ____ ____ to ____ the ____ ____ settings to ____ false ____ caused ____ moving ____?

Is ____ a ____ ____ ____ intrusion ____ system ____ ____ false notifications because ____ movement?

____ I ____ the settings ____ ____ that ____ alarms ____ not triggered by ____ ____?

Is ____ ____ way of ____ ____ detection parameters so ____ there is no ____ ____ when ____ ____?

____ ____ modify their ____ settings ____ that ____ don't set off ____?

Is ____ a way to ____ the invasion ____ system ____ ____ arbitrary ____ ____ ____ movements?

____ it comes ____ ____ objects, ____ ____ ____ adjust the intrusion ____ settings to eliminate ____ ____?

Is ____ ____ chance ____ modify ____ ____ detection for moving ____?

____ there ____ way to ____ the intrusion ____ ____ so that ____ false alarms ____ ____ by moving ____?

Is ____ possible ____ modify ____ ____ ____ that moving objects don't ____ ____ false ____?

Do ____ ____ to change the detector ____ ____ doesn't ____ for ____ ____?

Is ____ ____ ____ ____ ____ detection system to ____ ____ false alarms ____ moving objects?

____ ____ possible to change intrusion ____ settings ____ ____ false ____ caused ____ ____ objects?

____ there ____ way ____ make the intrusion ____ system ____ ____ to ____ notifications ____ to ____?

How ____ we ____ false ____ ____ by motion ____ intrusion ____ settings?

Should ____ change ____ sensitivity ____ ____ ____ motion?

____ ____ possible to ____ ____ intrusion ____ ____ so that false ____ ____ not ____ by moving objects?

____ ____ ____ detection ____ is ____ ____ prevent ____ alarms from moving objects.

It _____ be great if _____ was _____ _____ _____ adjust the intrusion _____ _____ moving _____.

Can _____ _____ _____ _____ setting _____ false alarms by moving _____?

_____ _____ the intrusion _____ _____ can make _____ moving objects _____ cause _____ alarms.

Can _____ _____ _____ to prevent false alarms caused _____ _____ _____?

When it comes to moving objects, _____ _____ _____ _____ _____ _____ _____ differently?

_____ eliminate _____ alert when it _____ _____ _____ objects, how _____ I _____ intrusion _____ settings?

Can you _____ _____ from _____ things _____ off _____ alarms?

Modification of the intrusion detection _____ could _____ _____ _____ _____ by _____ _____.

Can I _____ the settings to _____ _____ _____ _____ being triggered _____ _____ objects?

How can _____ detection _____ be adjusted _____ reduce _____ alarm _____ _____ _____?

Modification _____ _____ detection settings _____ avoiding _____ alarms _____ moving objects _____ _____.

_____ _____ _____ way _____ avoid false alarm _____ moving objects?

Is _____ possible _____ change the system so that _____ doesn't _____ _____ _____ _____ moving _____?

When _____ with _____ things, _____ the intrusion _____ be _____.

_____ _____ a way to _____ _____ detection setup _____ keep _____ from _____ excess _____?

Is there a way _____ fine- _____ _____ _____ _____ _____ so that false alarms aren't _____ _____ _____ _____ objects?

_____ chance _____ _____ the intrusion _____ for moving _____.

Is there _____ _____ to _____ _____ _____ detection _____ less alert _____ moving objects?

The _____ _____ settings _____ be changed _____ prevent false _____ caused _____ _____ objects.

Is _____ a _____ _____ improve the _____ _____ settings so _____ false alarms aren't _____ off _____ moving _____?

_____ there any way to _____ _____ intrusion _____ _____ _____ _____ alarms aren't set _____ _____ moving objects?

Is it possible _____ _____ _____ _____ detection settings so _____ false alarms do _____ _____ _____ to _____ objects?

_____ I change the detector to _____ _____ _____ moving _____?

Is there a _____ _____ prevent _____ security _____ _____ _____ _____ _____ based on movement incidents?

_____ _____ _____ settings adjusted to avoid false _____ when _____ _____?

Can _____ _____ the detector _____ _____ _____ notice moving stuff?

_____ _____ _____ _____ _____ intrusion _____ settings _____ be changed so that _____ alarms are _____ set off by _____ objects?

_____ _____ _____ chance of tweaking intrusion _____ so _____ _____ doesn't create _____ alert?

_____ _____ false alarms caused _____ _____ _____ how _____ intrusion detection _____ be adjusted?

_____ _____ possible to _____ _____ intrusion _____ _____ for mobile things?

_____ _____ detection _____ is a _____ _____ avoid false alarms caused _____ _____ objects.

_____ I change _____ _____ to _____ false alarms _____ _____ objects?

Can we _____ the invasion _____ system _____ send _____ based _____ _____ _____?

Can _____ modify the intrusion _____ _____ so it _____ _____ _____ _____ for moving _____?

_____ _____ _____ way _____ adjust intrusion detection settings to reduce _____ _____ _____ _____ motion?

_____ there any way that _____ alarms _____ _____ _____ off _____ moving _____?

_____ have _____ question _____ changing _____ _____ system's invasion sensitivity _____ against _____ motion.

Is _____ possible _____ _____ the intrusion _____ _____ so that moving _____ _____ prompt false _____?

_____ _____ a chance to _____ _____ _____ detection _____ moving stuff.

_____ _____ a way to _____ _____ intrusion _____ setup _____ _____ movement under control?

Is it _____ to _____ _____ detection _____ so _____ _____ objects do _____ cause false _____?

_____ it possible _____ _____ the _____ for _____ _____ dealing _____ mobile things?

Is there a way _____ modify intrusion _____ _____ _____ _____ _____ objects don't _____ false _____?

Is _____ _____ to _____ the _____ _____ _____ false alarms when there is _____?

_____ _____ modifying _____ _____ _____ settings to _____ _____ alarms caused by moving objects?

Is _____ a way to _____ _____ _____ _____ _____ _____ not give false notifications _____ people _____?

Can _____ _____ _____ _____ it doesn't alert for moving _____?

Is it _____ _____ change _____ _____ system _____ for _____ false _____ from _____ objects?

Is _____ possible _____ _____ _____ settings so _____ _____ objects do _____ set off false _____?

_____ _____ _____ the detector so _____ doesn't _____ _____ of moving stuff?

Is there a way ____ ____ ____ ____ settings to ____ ____ alarms caused by ____ ____?

____ you ____ ____ prevent false alarm ____ ____ moving objects?

____ ____ ____ to ____ ____ ____ ____ so ____ false alarms are not triggered by moving ____?

____ ____ ____ to ____ intrusion detection ____ to stop ____ alarms caused ____ ____ objects.

____ intrusion ____ ____ be ____ to ignore ____ objects?

Is it possible ____ ____ ____ intrusion ____ ____ ____ that ____ alarms ____ ____ triggered by moving objects?

Is the intrusion ____ ____ adjusted ____ ____ ____ alarms ____ ____ moving objects?

Modification ____ the intrusion ____ settings could ____ done ____ ____ ____ ____ caused ____ moving objects.

____ it ____ to ____ the settings ____ avoid ____ ____ triggered by ____ objects?

____ there ____ ____ to ____ ____ settings so moving objects don't ____ ____ alarms?

Is ____ possible to ____ the settings ____ ____ ____ aren't triggered ____ ____ objects?
