[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Information on security system regulations and codes
Inquiry Sub-Category	Guidelines for security system integration
Description	Customers seek advice on the integration of security systems with other home automation devices or technology, and any regulations or standards that should be considered regarding compatibility, data protection, and network security.
Data Size	5,052 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Home Security and Alarm Company" customer inquiry. (Purchased data will not be masked.)

Are there regulations on integrating ____ systems with ____ automation ____ ____ ____ ____ ____ network ____ ?

Is it ____ for ____ ____ ____ ____ integration ____ security ____ into ____ homes' automation networks?

____ you regulate the ____ ____ security systems with ____ home ____ ____?

Can you set rules ____ ____ ____ networks ____ automated ____ ____?

____ ____ ____ rule about connecting my ____ ____ ____ my ____ appliances in order ____ ____ me?

Do ____ ____ ____ ____ ____ between security ____ and ____ smart home gadgets?

Should ____ ____ ____ security and ____ automation ____ be ____ with the ____?

____ ____ ____ to ____ ____ ____ integration of security ____ and ____ home devices is secured?
