[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Fuel efficiency and environmental concerns
Inquiry Sub-Category	Future Fuel Efficiency Technologies
Description	Customers inquire about upcoming or evolving fuel efficiency technologies, such as advanced hybrids, plug-in hybrids, fuel cells, or promising innovations related to engine design, lightweight materials, or aerodynamics. They seek insights on availability and potential benefits.
Data Size	7,381 paraphrases

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

____ autonomous driving ____ significantly ____ ____ congestion and ____ ____ pollution ____ ____ urban areas?

____ ____ vehicles ____ ____ potential to curb traffic ____?

Can self-driving ____ cut ____ ____ ____?

Is ____ ____ that autonomously driven ____ ____ ____ traffic jams?

Is ____ ____ that self-driving ____ ____ help ease urban traffic ____ and ____ ____?

Is ____ ____ for ____ ____ to ____ ____ rates ____ reduce traffic jams?

Is self-driving technology ____ ____ reducing ____ ____?

Will ____ ____ ____ self driving reduce ____ and ____?

Is robotic ____ systems ____ ____ diminish city crowding ____ ____ ____?

Do cars with ____ ____ help ____ ____ ____ decrease ____ pollution?

____ autonomously driving decrease ____ traffic ____ ____?

Is ____ ____ ____ ____ ____ could ____ traffic congestion and reduce pollution?

____ about autonomously ____ ____ ____ traffic congestion ____ pollution?

Does ____ automation reduce ____ ____ ____ ____ pollution?

____ ____ driving features cause lessage congestion ____ ____ air ____?

Do ____ ____ reduce ____ ____ urban areas?

____ it possible ____ ____ ____ cars ____ vastly improve urban traffic ____?

____ it ____ that self- ____ will reduce ____ ____ pollution?

Is self-driving ____ ____ ____ reducing ____ congestion and environmental ____?

____ ____ possible to ____ ____ and ____ city ____ with self-drive cars?

Is it ____ for ____ to alleviate ____ congestion while ____ ____ ____?

____ ____ possible ____ traffic ____ could ____ ____ by automated vehicles?

Is there ____ truth ____ ____ ____ ending smog in ____?

____ ____ ____ ____ tech ____ help city congestion?

____ the features ____ self driving reduce ____ ____ ____ pollution in ____?

Can features like ____ cars ____ ____ ____?

____ self-driving ____ ____ ____ and pollution?

Is ____ possible ____ this ____ diminish ____ to combat ____ ____ levels?

____ ____ features reduce ____ ____ and pollution in urban ____?

I wonder ____ I can ____ ____ capabilities ____ ____ traffic ____ ____ pollution.

Will self-driving features ____ ____ ____ ____ in ____ cities?

____ ____ cars ____ ____ crowded streets?

____ ____ technology help reduce ____?

____ ____ ____ ____ cities to anticipate a ____ ____ environmental damage with the ____ ____ ____ driving?

____ self- driving vehicles really ____ ____ ____ ____?

____ self-driving technology ____ ____ ____ ____ and pollution?

Is ____ implementation of ____ ____ ____ to improve ____ roads' ____ impact?

____ ____ inclusion ____ self- driving ____ ____ traffic ____ in cities?

____ self- driving ____ ____ ____ on ____ in cities?

____ self-driving technology enough ____ ____ congestion ____ ____?

____ traffic congestion and ____ pollution are ____ things ____ ____ ____ achieved by ____ ____.

Do automated ____ ____ potential to ____ traffic ____ and ____ ____ emissions?

Can ____ ____ feature ____ traffic ____?

____ ____ jams, ____ pollution, ____ features of ____ cars.

Will self-driving features ____ ____ ____ ____ the ____?

Is ____ possible ____ automated driving features lead ____ ____ ____ ____ roads ____ improve ____ quality?

____ ____ tech help ____ ____ city congestion?

Are ____ automobiles key ____ ____ metropolitan ____?

Does ____ ____ ____ congestion and ____?

Will self- ____ capabilities help reduce ____ ____ ____ ____ in the ____?

Can I ____ self-driving capabilities to ____ ____ ____ ____ reducing traffic ____ and ____?

Reducing ____ congestion and ____ rates ____ be achieved ____ ____ ____.

____ cars ____ ____ ____ for cleaner metro ____.

____ self-driving ____ ____ relieve city ____?

Will self-driving ____ reduce ____ jams ____ pollution ____ the ____?

____ self-driving ____ ____ traffic ____ and pollution ____ the city?

Reducing ____ ____ congestion and ____ ____ ____ two ____ that can ____ ____ ____ self driving systems.

____ self-driving technology reduce ____ ____ ____ city?

____ it possible for ____ driving ____ ____ reduce urban traffic ____ ____ ____.

Are there ____ ____ ____ ____ to reduce traffic congestion ____ ____?

____ autonomous ____ features ____ lessage ____ ____ roads ____ improve air quality?

Will the ____ of ____ ____ ____ congested ____?

Will self-driving cars ____ ____ ____ ____ down on traffic ____ and ____?

Reducing ____ traffic congestion ____ lowering ____ levels can ____ ____ ____ ____ ____ of automated ____ systems.

____ cities anticipate ____ ____ and a ____ in ____ ____ ____ the use ____ automated driving?

____ ____ ____ that ____ cars reduce congestion in ____ city?

____ artificial intelligence-driven ____ good ____ ____ traffic flow and ____?

____ ____ driving features ____ lessage ____ busy roads to ____ air ____?

____ you think driverless tech ____ ____ ____ city ____?

Will self-driving cars ____ ____ ____ on ____?

Do ____ driving features cause ____ ____ busy ____ ____ ____ urban air ____?

____ self-driving ____ help cut ____ in ____?

Can ____ tech cut ____ congestion ____ ____?

Is ____ ____ ____ to ____ congestion?

____ self-driving ____ of ____ ____ congestion?

____ automated vehicles ____ ____ ____ ____ limit traffic issues ____ combat emissions?

____ ____ possible that Artificial ____ cars will ____ urban ____ ____ and ____?

____ self-drive cars ____ ____ traffic ____ ____ pollution?

_____ it possible _____ reduce _____ _____ and pollution with _____ _____?

Is automated _____ good _____ _____ traffic issues _____ _____ _____ emissions?

_____ big _____ could be _____.

Is it _____ _____ _____ capabilities _____ diminish _____ _____ combat emissions?

Do automated driving _____ lead _____ _____ _____ busy _____ and _____ air _____ outside?

_____ self-driving features _____ cut pollution _____ _____?

Is _____ true _____ self-driving improvements _____ result in _____ _____ _____?

What about _____ _____ to reduce _____ _____ _____ pollution rates?

_____ the _____ _____ self- driving _____ traffic congestion and _____?

_____ _____ driving _____ _____ reduce _____ congestion and pollution?

Can _____ cars _____ _____?

Is _____ _____ _____ self- _____ _____ will cut down on _____ jams?

Will the _____ _____ _____ _____ _____ and _____ in the city?

Can I _____ _____ _____ _____ in pollution rates _____ _____ jams when _____ technologies are _____?

_____ _____ vehicles _____ potential _____ limit traffic _____ reduce emissions?

_____ _____ saving air _____ _____ _____ cities _____ _____ automations _____ could _____ chaos at rush hour.

_____ the _____ of _____ capabilities help _____ reduce traffic _____ _____ cities?

_____ wonder _____ self-driving _____ will _____ traffic _____.

_____ self-drive _____ reduce _____ and _____?

Is _____ _____ _____ going to curb _____ _____ pollution?

Can _____ _____ _____ congestion and _____ in the _____.

Is _____ _____ that _____ _____ cars _____ _____ ease urban traffic flow?

Is it possible _____ cut _____ on _____ _____ _____ emissions _____ _____ cars?

_____ self-driving capability good _____ reducing traffic _____ _____ _____ impact?

_____ self-driving capabilities _____ traffic congestion _____ impact _____ _____ environment?

_____ _____ _____ systems _____ _____ lessage _____ busy roads and better air _____?

Is _____ possible _____ _____ driving _____ ease traffic _____?

Is it _____ _____ automated _____ _____ reduce congestion in cleaner _____ _____?

Can _____ technology _____ _____ traffic?

Will _____ _____ ease _____ jams?

Do automated _____ have _____ _____ _____ curb traffic issues and _____ _____?

Can _____ _____ of _____ _____ _____ congested roads?

_____ _____ driving _____ reduce traffic congestion _____ _____ in cities?

_____ _____ the implementation of _____ _____ congested _____?

How will _____ cars _____ _____ traffic _____ and _____?

_____ it _____ that _____ _____ can ease _____ _____ and pollution?

Can _____ tech help _____ the _____ _____ _____ city?

Is a _____ that _____ _____ _____ _____ traffic congestion _____ pollution?

_____ robot-driven _____ help congestion and _____ _____?

Do _____ _____ have potential _____ reduce _____ and _____ _____ emissions?

_____ the _____ _____ self _____ improve _____ roads?

_____ the inclusion _____ _____ capabilities reduce _____ _____ and pollution?

Will self-driving capabilities help to _____ _____ _____ _____ _____ _____ cities?

_____ _____ driving _____ pollution in _____ city?

_____ self-driving technology _____ _____ traffic _____?

Is it _____ that _____ _____ _____ slash pollution _____?

Is _____ possible to _____ dense _____ traffic _____ environmental _____ with _____ _____?

Reducing traffic congestion _____ lowering pollution _____ two _____ that _____ _____ _____ _____ autonomously driving _____.

_____ _____ think autonomous _____ can _____ traffic and _____?

Can _____ driving _____ make _____ _____ in _____ traffic _____ pollution?

_____ self-driving features _____ _____?

Is it possible for _____ _____ to _____ _____ _____ and _____ pollution?

Could _____ technology _____ _____?

_____ driving _____ _____ to decrease _____ in _____ city?

_____ _____ _____ _____ Artificial Intelligence-driven cars can greatly ease _____ _____ flow?

_____ cars with _____ automation reduce _____ city _____ and _____?

Is it _____ _____ self-driving vehicles _____ _____ pollution _____ city _____?

_____ it possible _____ automated cars will _____ congestion _____ cleaner _____ _____?

_____ _____ features _____ _____ _____ and pollution in urban areas?

_____ automated _____ reduce traffic _____ _____?

_____ cars _____ have _____ automation reduce _____ traffic and _____?

Is _____ _____ _____ self- _____ _____ ease traffic jams greatly?

Is the integration _____ _____ technologies going _____ _____ to _____ _____ _____ rates and traffic _____?

Is it _____ that driverless _____ _____ _____ combat city _____ _____?

_____ self-driving vehicles _____ _____?

Can _____ driving technology help _____ _____ _____ and _____?

Will self-driving _____ _____ _____ cut _____ and _____?

Can _____ tech reduce _____ _____?

Can _____ _____ _____ driving to ease _____ congestion _____ reduce _____?

_____ _____ driving _____ _____ _____ traffic congestion and pollution?

Can self-driving _____ _____ traffic _____?

Will self-driving _____ help _____ _____ pollution _____ _____?

Is _____ _____ that robot _____ can _____ down city pollution _____ _____?

_____ it possible that _____ _____ _____ _____ diminish crowding and air _____?

Is _____ _____ _____ to decrease city _____?

_____ _____ car that _____ autonomously driving _____ _____ and pollution?

Is driving _____ _____ to reduce _____ _____ decrease _____?

Is _____ _____ _____ _____ autonomously to _____ traffic congestion and _____ rates?

_____ _____ _____ help with pollution?

Can _____ driving _____ _____ and _____?

_____ it _____ _____ self- _____ will result _____ cleaner _____ _____ the people of the _____?

_____ cars _____ _____ automation _____ dense city traffic _____ _____ pollution?

Is _____ possible that autonomously _____ _____ ease _____ jams _____?

_____ _____ automated _____ help _____ city traffic?

_____ it _____ _____ artificial intelligence-driven _____ _____ significantly _____ urban traffic flow?

_____ _____ features cut traffic _____?

Do _____ _____ _____ traffic in the _____?

Can _____ anticipate _____ _____ and a _____ in environmental _____ _____ the integration _____ self _____ _____?

Do _____ _____ self- _____ will reduce traffic _____ _____?

_____ automated _____ reduce congestion _____ _____?

Will self-driving _____ _____ _____ huge difference _____ traffic _____ _____ pollution?

Can _____ driving cars make _____ _____ _____ _____ jams and _____?

_____ self- _____ cars going to _____ _____ and _____?

_____ it possible that automated _____ will cut _____ _____ _____ _____?

Is it possible _____ self-driving capabilities will _____ _____ _____ _____ _____?

_____ automated _____ _____ _____ _____ to _____ traffic _____ and combat excessive emissions?

_____ _____ tech _____ end _____ crazy city _____?

Will _____ cars _____ _____ down _____ traffic _____?

Is _____ _____ that _____ _____ self-driving _____ can _____ combat heavy _____ flow.

Will _____ tech _____ _____ _____ congestion?

_____ self-driving _____ _____ reduce _____ _____ pollution in cities?

_____ _____ with automation _____ _____ _____ traffic and environmental pollution?

Is it _____ that _____ _____ could help _____ _____ emission _____?

Can _____ _____ reduced _____ and a _____ in environmental damage with _____ _____ _____?

How _____ self-driving cars _____ _____ _____ and _____?

_____ _____ with self-driving _____ _____ _____ traffic _____ decrease air _____ in cities?

Is self- _____ an effective _____ _____ diminish traffic _____ _____ environmental _____?

_____ _____ drives reduce _____ _____ pollution?

_____ cars cut _____?

_____ self-driving features cut _____ jams _____ _____?

Can cars _____ _____ _____ _____ _____ and environmental pollution?

Did _____ _____ alleviate _____ traffic and _____ _____?

Is self- driving _____ _____ _____ traffic _____ and _____ impact?

_____ self- driving _____ curb _____ and _____?

_____ _____ tech relieve traffic _____?

How about _____ _____ to reduce _____ _____ and _____?

_____ _____ vehicles _____ the _____ to limit _____ issues?

Does _____ driving _____ _____ pollution?

Could _____ intelligence-driven _____ _____ urban traffic _____?

_____ the use _____ _____ _____ reduce traffic _____?

_____ the benefits of _____ _____ _____ reduce traffic congestion _____ _____?

Do _____ _____ _____ the potential to reduce _____ issues _____ _____ _____ emissions?

Can _____ with _____ automation _____ _____ traffic _____ pollution?

_____ self-driving _____ effective at reducing traffic _____ _____ _____?

Is _____ possible _____ _____ will decrease _____ gridlock and _____?

Can _____ _____ _____ _____ traffic and pollution?

Is it possible that _____ cars _____ cut _____ _____ _____?

Do _____ _____ have _____ _____ to cut traffic _____?

Is _____ true _____ self- _____ will _____ _____ _____ reduction in city _____?

Can _____ _____ systems _____ a _____ in _____ _____ _____ and pollution _____ urban areas?

_____ _____ technology decrease _____ _____ and pollution?

_____ there cars that are _____ _____ to reduce _____ congestion _____ _____?

Is _____ possible that self- driving _____ ease up _____ _____ _____ _____ reduce _____?

Is _____ possible _____ _____ _____ to trim city congestion _____?

_____ _____ _____ of _____ _____ reduce traffic _____ in the city?

Will automated _____ _____ _____ and _____?

Do automated driving features lead _____ less _____ on _____ _____ _____ improve _____ _____ _____?

_____ _____ driving reduce _____ levels _____ _____ city?

Do _____ think _____ _____ _____ help combat urban emission _____?

_____ it _____ that automated vehicles _____ _____ traffic _____ _____ reduce _____ rates?

Is self-driving _____ _____ to make a _____ in _____ _____ _____ pollution?

Can _____ _____ _____ congestion and _____?

Is _____ _____ able to _____ _____ _____ pollution?

Do _____ vehicles _____ the ability to limit _____ issues _____ _____ _____ _____?

Is it _____ that _____ _____ _____ _____ to combat urban _____ levels?

Is _____ possible that self-drive _____ lower _____ _____ _____ _____ jams?

Is _____ _____ _____ self-drive _____ will cut _____ _____ and pollution?

Will _____ _____ _____ _____ less congested?

_____ self-driving cars _____ _____?

_____ it possible _____ self-driving _____ would ease _____ traffic _____ and _____ _____?

Is automated ____ capable of ____ ____ ____?

Better traffic ____ pollution ____ ____ achieved ____ self- ____.

Are ____ automobiles ____ ____ ____ reducing ____ congestion?

____ automated ____ going ____ decrease city congestion ____ ____?

Will ____ cars ____ city ____?

Is advanced automation can ____ ____ ____ ____ ____ traffic?

____ ____ inclusion of ____ capabilities ____ reduce traffic ____ ____ pollution in ____?

Can autonomy ____ congestion ____ ____?

____ automated ____ features cause ____ ____ and improve air ____?

____ self-driving cars make a ____ difference ____ ____ ____ ____ pollution?

Is ____ cars effective at ____ traffic ____ and ____ ____?

Is ____ possible ____ ____ driving features ____ ____ traffic jams?

Could ____ driving ____ reduce ____ ____ air pollution ____ ____ city?

____ ____ ____ save ____ and pollution?

____ cities ____ ____ congestion ____ the ____ ____ self driving cars?

____ you ____ automated features ____ ____ down on ____ and ____?

____ it ____ ____ ____ driving cars could cut ____?

Yes, ____ will ____ traffic ____ ____.

Will ____ inclusion ____ ____ driving ____ reduce traffic jams ____ pollution ____ ____?

Will self- ____ ____ ____ ____ traffic jams ____ pollution?

Is ____ ____ enough ____ minimize dense ____ traffic ____ environmental ____?

____ ____ cars ____ ____ and pollution?

____ self-driving ____ reduce congestion in ____ ____?

____ ____ cars ____ city traffic and ____?

____ the automated driving ____ ____ traffic congestion ____ ____?

Is the new ____ ____ to ____ traffic and ____ ____ the ____?

____ self-drive technology ____ for ____ ____ ____ pollution?

____ ____ ____ that driverless ____ could ____ gridlock to combat urban ____ ____?

Can ____ expect ____ driving ____ ____ ____ and pollution?

____ self-drive features reduce ____ ____ ____ pollution?

Is ____ technology ____ to curb ____ ____ air ____?

Do ____ ____ ____ ____ congestion on ____ ____ and improve air quality?

____ I expect ____ see a ____ in ____ rates and ____ ____ ____ the integration ____ ____ technologies?

Will ____ city be less ____ and ____ polluted as a ____ ____ ____ ____?

Is it ____ ____ driving ____ ____ decrease ____ ____ and pollution.

Can ____ technology ____ ____ traffic ____ ____ city?

Is ____ ____ that ____ driving will ____ traffic ____?

____ ____ ____ to see ____ in ____ ____ ____ pollution rates with ____ ____ of self-driving technologies?

Can ____ technology ____ ____?

____ self-driving technology ____ ____ traffic ____ ____ pollution?

Do you ____ driverless tech ____ ____ with ____ ____?

Is ____ capabilities effective ____ ____ traffic ____ and ____?

____ it ____ ____ robot vehicles ____ down city ____ ____ quickly?

Do ____ cars ____ ____ levels?

____ ____ ____ for self-driving tech ____ alleviate traffic ____?

Will self-driving ____ help ____ ____ ____ the ____?

I ____ ____ ____ driving systems could reduce ____ crowding and ____ ____.

Can ____ ____ to see improvements in ____ ____ ____ traffic ____ ____ the integration of ____ driving ____?

____ it ____ ____ ____ driving features lower ____ jams, ____ pollution.

____ the inclusion ____ self-driving ____ help decrease ____ ____?

____ self-driving ____ ____ a ____ in ____ ____ congestion and pollution?

____ ____ automated features ____ ____ urban congestion?

Can ____ tech ____ traffic ____.

Reducing ____ congestion and ____ pollution ____ ____ things that could ____ ____ ____ autonomously driving ____.

____ ____ stuff cut traffic and ____ ____ ____?

____ I expect ____ capabilities to make a ____ ____ ____ traffic congestion ____ ____?

____ it possible that driverless capabilities ____ ____ ____ ____ pollution?

____ it ____ ____ automated ____ could ____ traffic ____ ____ reducing pollution rates?

____ ____ possible ____ a ____ ____ ____ autonomously to reduce traffic congestion and ____?

Are ____ ____ automobiles key ____ reducing ____ ____?

____ ____ vehicles curb ____?

Can cities anticipate ____ ____ ____ ____ decline ____ ____ damage ____ ____ integration of self ____ cars?

Is self-driving technology able to ____ ____ congestion ____ ____ ____?

Will ____ ____ features lower ____ congestion ____ pollution ____ urban ____?

____ ____ ____ lead to lessage ____ ____ roads and improve air ____?

____ ____ vehicles have a potential ____ ____ ____ and ____ emissions?

Is ____ a ____ that autonomously ____ ____ decrease ____ congestion ____ pollution.

____ ____ ____ of self-driving capabilities affect traffic ____ ____ pollution?

Cleaner big ____ ____ ____?

____ autonomously ____ ____ city pollution?

Can ____ with ____ automation ____ ____ ____ and pollution?

Can ____ ____ help cut ____?

Should ____ vehicles help ____ ____ ____ and ____ emissions?

Are automated ____ ____ ____ ____ city traffic?

Does automated ____ ____ ____ ____ ____ reduce emissions?

Do self-drive features ____ lessage on busy ____ ____ improve ____ ____ ____?

Is ____ ____ that self- ____ ____ ____ to a ____ ____ city congestion?

____ ____ cars decrease city ____?

____ self- ____ feature reduce ____ and ____?

Are automated ____ ____ ____ ____ ____ traffic and emissions?

____ ____ possible that Artificial Intelligence-driven ____ ____ greatly ____ urban traffic ____?

Driving autonomously could ____ ____ ____ ____ pollution.

Can ____ ____ help reduce ____ ____ pollution?

Will automated driving reduce ____ ____ ____ ____?

____ automated ____ ____ the potential ____ ____ traffic and ____ emissions?

____ ____ think ____ features can help cut ____ ____ ____ and pollution?

____ self-driving ____ ____ traffic ____ ____ environmental impact?

Is ____ capabilities ____ ____ reducing ____ congestion and environmental ____?

____ ____ congestion and lowering ____ are two things ____ can ____ ____ ____ ____ systems.

____ self-driving ____ cause ____ ____ ____ urban areas?

____ the ____ ____ autonomous driving going to ____ congested ____ ____ impact?

____ traffic ____ pollution is ____ with ____ ____.

Will ____ ____ ____ down ____ traffic jams in ____?

____ self-drive cars ____ traffic ____ ____?

Is ____ ____ ____ for traffic ____ and ____?

Can ____ ____ of self-driving capabilities reduce ____ jams ____ ____ ____ the ____?

Can cities anticipate ____ ____ and a decline ____ environmental ____ with ____ ____ of ____ ____?

____ ____ ____ affect ____ jams and pollution?

____ ____ cars ____ to reduce ____ ____ cleaner metro areas?

____ ____ capabilities ____ at reducing ____ congestion?

Is ____ implementation of ____ driving ____ ____ improve ____ roads?

____ cars ____ advanced ____ to reduce ____ and ____?

Do ____ vehicles have ____ ____ to fight ____ ____ and combat ____ ____?

____ ____ possible that ____ ____ will curb ____ streets?

Will ____ technology help ____ ____?

____ ____ a chance of ____ improvements ____ pollution rates and traffic ____ with the ____ ____ ____ ____?

Is ____ ____ ____ ____ cars will greatly ease urban traffic ____?

Are ____ capabilities effective ____ ____ ____ congestion?

____ automated driving ____ decrease pollutants ____ ____ ____?

____ automated vehicles have ____ ____ ____ limit traffic ____ ____ pollution?

Are self-driving ____ ____ ____ reducing traffic ____ ____ pollution?

Will ____ ____ cause ____ ____ in ____ areas?

____ the implementation of self- ____ going to improve ____ ____ ____ ____?

____ it be possible ____ ____ traffic ____ ____ ____ pollution ____ the city?

Will self-driving ____ reduce ____ ____ ____?

____ there be less ____ gridlock ____ ____ ____ as a ____?

____ ____ possible ____ automated driving can ____ congestion ____ pollution?

Is ____ possible ____ ____ ____ ____ ____ up urban traffic congestion and ____ pollution?

____ the use of self-driving ____ reduce ____ jams and ____ ____ ____?

Can self-driving features ____ ____ ____ pollution ____ ____ city?

____ automated ____ ____ to ____ metropolitan traffic?

____ self-driving tech help to reduce ____ ____ ____ ____?

Can self-driving features ____ ____ ____ ____ ____ pollution?

____ it true that ____ driving technology ____ ____ ____ cleaner ____ for ____ in the ____?

Automatic vehicles ____ alleviate ____ ____ and ____ ____.

Is ____ driving ____ ____ ____ curb ____ and air pollution?

Is ____ possible ____ automated ____ ____ to reduce ____ congestion ____ ____ pollution?

Is it possible for cities ____ ____ decreased congestion and ____ decline ____ ____ ____ ____ ____ ____?

Will self-driving ____ ____ ____ ____ difference in ____?

____ ____ ____ ____ drive ____ ____ reduce traffic and pollution rates?

Can ____ cars ____ a ____ difference ____ traffic ____ ____ pollution?

Is ____ less ____ and ____?

Can autonomously ____ ____ ____ and ____ ____ urban areas?

Is ____ ____ ____ urban pollution?

____ ____ technology reduce traffic ____ ____?

____ ____ possible to ____ ____ ____ ____ pollution rates ____ traffic jams with the ____ ____ self-driving technologies?

Are self-driving capabilities ____ ____ ____ traffic congestion and ____ ____?

Does ____ cars cut down ____ ____ ____ ____ emissions?

____ ____ driving ____ ____ to stop the crazy ____ traffic?

Is it true that autonomy means ____ ____ ____ ____ ____?

____ ____ driving features ____ ____ ____ ____ on busy roads and ____ air quality?

Can ____ driving ____ pollution ____ the ____?

____ crowding and air pollution ____ could ____ ____ ____ ____ driving systems.

____ advanced automation ____ ____ ____ dense city ____ and pollution?

____ ____ ____ curb traffic?

____ ____ ____ ____ a ____ difference in easing ____ ____ and decreasing pollution?

Will automated driving ____ ____ ____?

Is ____ ____ ____ ____ will ease ____ jams?

Do self- ____ ____ ____ lessage ____ busy roads ____ improve ____ quality?

Is ____ ____ ____ able ____ diminish crowding ____ air pollution?

Will ____ ____ ____ congested roads' environment ____?

____ ____ ____ help with traffic jams ____ ____?

Is it possible ____ self-drive ____ to reduce ____ ____ and ____ ____ ____ city?

____ ____ ____ ____ in reducing traffic congestion and ____ impact?

Did ____ cars make ____ difference ____ traffic ____ and ____?

Will the inclusion ____ self- ____ ____ ____ reduce ____ ____ and pollution ____ ____ city?

Will ____ ____ ____ reduce pollution?

____ it possible ____ ____ cars ____ decrease city ____.

____ effective ____ ____ ____ in ____ traffic congestion?

____ robotic ____ ____ decrease crowding and ____?

____ self-driving technology ____ at ____ traffic ____?

____ driving ____ can cut ____?

____ it ____ that ____ ____ could alleviate traffic ____.

____ I expect to ____ ____ in pollution rates and ____ jams with ____ ____ ____ ____ ____?

Is automation ____ ____ ____ ____ and ____ rates?

Can automated driving systems make ____ difference ____ ____ ____ ____ ____?

Is ____ possible ____ ____ capabilities ____ ease ____ congestion ____ decrease pollution?

____ it ____ that driverless capabilities ____ ____ ____ emission levels?

Is it possible ____ self-drive ____ ____ city ____ and ____.

____ the city be less ____ ____ a result ____ ____ ____?

Can self- ____ ____ reduce ____ ____ and ____?

____ ____ may ____ ____ ____ cleaner metro areas.

Do cars ____ ____ ____ ____ combat ____ traffic flow ____ cities?

Can ____ driving ____ ____ and ____?

____ truth ____ ____ rides ending ____ in ____?

Can ____ technology ____ traffic ____?

____ ____ possible that self-driving ____ ____ traffic?

I am ____ ____ there will be ____ in pollution rates ____ ____ ____ ____ the integration ____ ____ technologies.

Is it ____ ____ automated vehicles to reduce ____ ____ ____ ____?

How ____ automated ____ affect ____ traffic ____ ____?

____ it ____ that ____ vehicles ____ slash pollution ____?

Will ____ ____ help ____ traffic jams ____ pollution ____ cities?

Cleaner big ____ ____ ____ vehicles?

Is ____ ____ ____ self- ____ can ____ up ____ congestion and ____ pollution?

____ ____ with advanced automation ____ pollution ____ ____ city ____ well?

____ ____ driving ____ traffic jams?

____ ____ driving cars ____ a difference ____ traffic jams ____ ____?

Might artificial ____ ____ ____ decrease ____ ____ flow?

Is ____ possible ____ self-drive ____ to ____ traffic ____ pollution.

____ self-driving ____ ____ city traffic ____?

Do cars with ____ capabilities help ____ ____ and ____ air ____ ____ ____?

____ ____ features ____ city pollution?

____ ____ inclusion of self-driving capabilities ____ to ____ ____ traffic ____?

____ urban ____ ____ and lowering pollution are two ____ that ____ ____ ____ with ____ ____ systems.

The ____ ____ and ____ ____ levels could ____ reduced ____ robotic driving ____.

Is ____ ____ ____ to cut ____ on ____ in metro ____?

____ artificial intelligence-driven ____ make ____ traffic ____ ____?

____ self- driving ____ ____ ____ in the ____?

Can ____ ____ ____ driving ____ ____ ____ ____ and pollution in the city?

Can ____ autonomously reduce ____ ____?

Will _____ cars cut _____ _____ metro _____.

_____ _____ _____ going to _____ traffic jams?

_____ _____ could _____ combat urban _____ levels.

Is _____ _____ for _____ automation _____ _____ city traffic _____ pollution?

_____ self- driving _____ _____ _____ traffic and pollution _____ cities?

Should self-driven _____ _____ _____ in _____?

_____ self-driving technology _____ _____ _____ jams?

Will self-driving _____ _____ _____ the pollution _____ in _____ city?

Can _____ _____ self- _____ to make _____ big difference _____ traffic _____ _____?

Is _____ _____ really going to _____ _____ _____ pollution?

Does self-driving _____ reduce _____ _____ _____ the _____ on _____ environment?

Reducing _____ _____ levels _____ be achieved _____ the _____ of driverless _____.

Will _____ _____ help stop _____ _____ _____ traffic?

Is _____ _____ that self- _____ _____ ease up traffic _____ and _____ _____?

Can _____ _____ reduce _____ _____ _____ the impact _____ the environment?

Will self- driving _____ _____ _____ _____ the _____?

_____ automated vehicles _____ _____ _____ and emissions?

_____ it possible _____ _____ _____ to cut traffic _____ reduce _____ in the _____?

_____ _____ vehicles cut _____ jams?

Is _____ driving good for _____ _____ congestion _____ the _____?

_____ self-driving features _____ _____ on pollution _____ _____?

Can I expect _____ see reductions _____ _____ and _____ _____ with _____ _____?

Will _____ _____ of self-driving _____ _____ reduce traffic jams and _____ _____ _____ cities?

Will _____ _____ _____ stop the crazy _____ _____?

Is _____ possible that _____ _____ _____ _____ traffic jams?

_____ _____ _____ reduce _____ and emissions?

_____ self-driving cars _____ _____ on city _____?

Is _____ possible that _____ _____ cars _____ _____ ease _____ traffic flow?

Will _____ _____ _____ _____ pollution _____ the city?

_____ I _____ to _____ significant _____ in _____ and _____ _____ with self-driving technologies?

Is _____ possible that _____ could _____ _____ congestion _____ _____ pollution?

Is _____ _____ _____ cars to _____ traffic _____ _____ cut pollution?

Is _____ true that _____ can reduce _____ _____ _____?

_____ self-driving _____ good _____ traffic _____ and _____?

Is _____ _____ _____ autonomously driving _____ lower urban traffic jams _____ _____ _____?

_____ _____ automation, _____ _____ _____ dense city traffic and pollution?

Do automated driving features _____ lessage _____ _____ roads _____ _____ _____ air _____?

_____ self-driving _____ _____ _____ traffic congestion.

_____ self-driving _____ lower pollution _____?

_____ _____ _____ really solve traffic _____ pollution in _____?

_____ crowding and air _____ levels may _____ _____ _____ _____ driving systems.

_____ it possible _____ _____ capability _____ _____ traffic congestion and reduce _____?

Will automated cars _____ _____ _____?

_____ self-driving _____ _____ able to _____ the pollution _____ _____ city?

_____ _____ _____ _____ reduce traffic congestion and _____ environment?

Is self-driving capable of _____ traffic _____ _____ _____ _____?

_____ _____ think self-driving cars will _____ traffic _____ _____ pollution?

Do _____ _____ cut _____?

Will self-driving _____ cut down on _____ _____ _____ _____?

_____ _____ driving reduce congestion _____ _____ pollution?

_____ cities _____ _____ congestion _____ the integration of _____ _____ vehicles?

There are _____ _____ and _____ with _____.

_____ _____ cars help _____ congestion and _____?

Lower _____ _____ _____ air pollution, are _____ benefits _____ driving _____?

Will _____ _____ _____ _____ big difference in traffic jams _____ _____?

Is _____ _____ helpful _____ controlling _____ and air _____?

_____ _____ _____ going to ease _____ jams?

_____ _____ _____ that Artificial Intelligence-driven _____ _____ greatly ease urban traffic _____?

Is it possible that _____ _____ _____ reduce congestion _____ _____ _____?

_____ _____ _____ really cut _____ and traffic in _____?

_____ _____ _____ traffic and pollution?

Is _____ _____ of _____ driving going to improve _____ _____?

_____ _____ _____ integration _____ self-driving technologies affect _____ _____ and pollution?

_____ urban _____ _____ and _____ pollution levels can _____ _____ by driving _____.

_____ self-drive _____ _____ city pollution?

Will self-driving _____ eliminate _____ jams _____ _____?

Can _____ technology _____ with _____ _____?

_____ self- driving _____ _____ to reduce _____ jams _____ pollution?

_____ you think self-driving cars _____ cut _____ _____ _____?

_____ it _____ that cars _____ self-driving _____ can _____ traffic _____ cities?

Is it _____ _____ self _____ _____ _____ reduce traffic congestion and pollution _____ _____ _____?

Will _____ _____ _____ _____ congestion in _____ areas?

Is it possible _____ _____ vehicles will _____ _____ _____?

Could _____ _____ _____ _____ reduce congestion _____ pollution?

_____ _____ use of self-drive systems _____ _____ congestion and _____?

_____ _____ possible that _____ driving features _____ urban traffic _____?

Is it _____ that _____ _____ will reduce _____ congestion _____ reduce _____?

Can self-driving tech help _____ _____ _____ _____ _____?

_____ _____ cars really cut _____ _____ pollution?

Do automated vehicles have _____ _____ to _____ with _____ issues _____ _____ _____?

Are automated vehicles _____ for _____ _____ _____ _____?

_____ self-drive tech _____ _____ congestion?

Better _____ _____ _____ with _____ cars?

Is it _____ _____ _____ _____ can ease _____ traffic congestion _____ _____ pollution?

Is self-driving _____ _____ _____ _____ traffic congestion and _____ impact?

Is _____ _____ going to _____ city _____?

_____ _____ driving really _____ _____ reduce traffic and _____?

_____ with advanced _____ can reduce city _____ _____ _____.

Will automated _____ _____ _____ city _____?

_____ _____ features _____ tackle traffic _____ to reduce _____.

Can self-drive _____ _____ _____?

Can self-driving cars _____ _____ _____ _____ pollution in _____?

Artificial _____ cars _____ _____ _____ to ease urban _____ flow and _____ _____.

Can _____ with _____ _____ decrease traffic and _____ _____ the _____?

Will the features _____ automated driving reduce _____ _____ _____ _____ _____ _____ city?

_____ _____ _____ to reduce _____ congestion and _____ by autonomously _____?

_____ _____ driving _____ _____ _____ congestion and impact on the _____?

_____ I _____ _____ _____ pollution and _____ jams with _____ integration of self- _____ _____?

Do automated driving features lead _____ lessage _____ _____ roads and _____ _____ quality _____ _____ _____?

Will _____ with advanced _____ _____ _____ to reduce _____ in the _____?

Is ____ possible that artificial ____ ____ ____ greatly ____ urban ____ flow?

Can ____ driving ____ ____ reduce ____?

____ ____ possible to ____ autonomously ____ reduce traffic ____ and pollution ____.

How ____ self-driving tech ____ ____ ____ ____ the city?

____ automated cars ____ ____ slash ____ in metro ____?

Is ____ possible ____ ____ systems ____ make ____ ____ by ____ traffic congestion ____ pollution?

Is ____ possible that self- ____ ____ ____ slash pollution ____?

____ self-driving technology ____ traffic ____ pollution in ____ ____?

____ cars ____ advanced ____ reduce pollution ____ city ____?

____ I expect self- ____ to ____ a difference ____ ____ ____ pollution?

____ the inclusion ____ ____ ____ ____ ____ reduce ____ ____ and pollution in the city?

____ self-drive ____ key to ____ ____ congestion.

____ robotic driving systems ____ to ____ ____ ____ and air ____?

Is ____ capabilities ____ to ____ traffic ____?

____ ____ ____ ____ self-driving technology ____ result in ____ ____ in city congestion?

____ self-driving features help with ____ ____ ____?

____ ____ possible ____ self-driving ____ ____ curb congestion?

____ it possible ____ Artificial Intelligence-driven ____ could ____ urban traffic ____ ____ ____?

____ self-driving ____ decrease ____?

Can ____ ____ ____ reduction in pollution rates ____ ____ ____ ____ the ____ of self-driving technologies?

____ ____ ____ air pollution can ____ ____ ____ robotic driving systems.

Will self-driving tech ____ reduce ____ ____ ____ ____?

____ ____ use ____ automated driving ____ reduce ____ congestion ____ pollution ____ the city?

____ these features ____ ____ ____ busy ____ and improve ____ quality?

Will ____ technology ____ ____ city ____?

____ ____ possible that ____ ____ ____ a ____ ____ environmental damage with the integration of ____ driving ____?

____ ____ vehicles ____ the ____ to help limit traffic ____ ____ excessive ____?

____ self-driving ____ reduce traffic ____ ____ ____ impact?

Can ____ ____ reduce congestion and pollution ____ ____ ____?

____ it possible ____ self-driving ____ can lower ____ ____?

____ ____ ____ that self- driving cars ____ cut traffic ____ ____?

____ self-driving cars ____ ____ ____ cities?

Will ____ ____ ____ traffic ____ pollution ____ cities?

____ ____ driving features ____ ____ lessage ____ busy roads?

____ ____ ____ ____ pollution in the city?

____ self- ____ features ____ ____ ____ in cities?

Is it ____ that autonomously driving ____ ____ ____ ____?

Will self-driving cars ____ ____ ____ and ____?

____ ____ possible ____ cities to anticipate a decline ____ ____ damage ____ the ____ of ____ ____?

____ ____ ____ that self-driving ____ ____ ease up urban ____ congestion and decrease ____?

Can I expect ____ capabilities ____ ____ a ____ ____ ____ ____ and pollution?

Is advanced automation ____ ____ ____ ____ ____ traffic and environmental ____?

Can I expect self-driving ____ to ____ ____ and ____ ____ the ____?

____ it possible ____ artificial intelligence-driven ____ ____ ____ ease urban traffic ____ and ____ ____?

____ self-driving cars ____ ____ ____ pollution?

Would robotic ____ ____ ____ city crowding ____ ____ pollution?

Is it ____ that ____ driving will ____ traffic ____ ____ ____?

Is ____ ____ to cut ____ on traffic jams ____ ____ with ____ ____?

____ self- ____ ____ reduce ____ pollution?

Think self-driving is ____ ____ ____ ____?

Is the _____ of _____ _____ expected to decrease traffic _____ _____ _____?

Can _____ _____ _____ capabilities _____ _____ urban traffic congestion and _____?

_____ _____ driving _____ city pollution?

_____ a self-drive _____ reduce _____ _____ pollution?

_____ the implementation of _____ _____ _____ to reduce traffic _____ _____?

Is it possible to _____ self-drive _____ _____ _____ and _____?

Do automated driving features _____ lessage gridlock _____ _____ _____ and improve _____ _____ _____?

_____ _____ driving _____ relieve _____ congestion?

_____ it _____ that robotic driving _____ could _____ _____ crowding?

Is it possible _____ _____ driving _____ lower _____ jams _____ air _____?

Is it possible for _____ to _____ _____ _____ _____ decreasing _____?

Does _____ _____ feature _____ to lessage _____ _____ roads _____ improve urban _____ quality?

_____ automated vehicles _____ the potential to _____ _____ and _____ excessive _____?

_____ self-driving cars _____ a difference _____ _____ _____ pollution?

_____ _____ true _____ self-driven rides are _____ smog _____ towns?

_____ automated vehicles _____ _____ potential _____ _____ traffic problems?

_____ _____ tech _____ reduce _____ _____ a city?

_____ it _____ for self-driving cars to _____ _____ _____ traffic _____?

_____ self-driving _____ _____ city traffic _____?

Will the feature reduce _____ _____ and _____ in _____ _____?

_____ self-drive _____ _____ reduce _____ congestion _____ pollution?

_____ _____ _____ decrease city pollution.

Is _____ _____ _____ self-drive _____ _____ reduce urban _____ congestion and pollution.

_____ advanced automation _____ _____ _____ traffic and _____?

Will self-driving cars _____ _____ _____?

Is _____ possible _____ autonomous driving can _____ congestion _____ _____?

_____ _____ _____ _____ help reduce crowding and air _____?

Can cars with advanced _____ _____ _____ _____ _____ pollution?

Do self- driving capabilities _____ _____ _____ _____ environmental _____?

_____ will automated _____ _____ city _____ _____ emissions?

_____ the _____ of _____ driving _____ reduce traffic _____ and pollution _____ _____ city?

Do _____ _____ if self-driving _____ will ease _____ _____?

_____ I _____ _____ reduction _____ pollution and traffic jams _____ _____ integration _____ _____ technology?

Is it possible _____ self- _____ could _____ _____ urban traffic _____ _____ _____ pollution?

_____ _____ _____ cut traffic _____ the city?

Reducing traffic _____ and _____ _____ _____ autonomously _____ is a _____.

_____ self-driving _____ _____ urban pollution?

Will the introduction _____ automated driving _____ _____ _____ _____ impact?

Can _____ _____ help _____ _____ _____ and pollution?

_____ _____ possible _____ _____ _____ _____ noticeably ease up urban traffic _____ and diminish _____?

_____ _____ _____ cut down _____ congestion?

_____ _____ use of _____ _____ _____ reduce _____ jams and pollution?

_____ _____ vehicles have a _____ _____ _____ traffic issues?

_____ _____ and _____ _____ be curbed _____ self-driving technology.

Can I expect _____ see an improvement _____ _____ _____ _____ _____ _____ _____ self- driving technologies?

I want to _____ _____ _____ capabilities _____ _____ up traffic congestion and _____ _____.

Do _____ _____ have _____ potential _____ limit traffic _____ _____ cut emissions?

_____ self- _____ _____ cut down on _____ _____ pollution?

Can _____ cars reduce pollution _____ _____ _____?

_____ the addition _____ self- _____ _____ reduce _____ _____ and _____ in cities?

Is _____ possible _____ Artificial _____ _____ could dramatically reduce _____ traffic _____?

Will the _____ of _____ _____ _____ congested _____?

Will self-driving cars cause _____ reduction _____ _____jams _____ _____?

Can _____ features _____ _____ pollution?

Does self-driving cars _____ _____ on _____ _____ _____?

_____ features _____ self driving _____ _____ lessage on _____ roads?

_____ self-driving _____ reduce _____ _____ emissions?

_____ self-driving _____ reduce _____ congestion _____ impact the _____?

_____ automated _____ features _____ to lessage on _____ _____ and better urban _____ _____?

_____ advanced automation in cars reduce _____ _____ _____ _____ pollution?

Will the city _____ quieter _____ less _____ _____ a _____ _____ _____ driving?

_____ _____ possible that self-drive _____ will reduce _____ _____ congestion?

Can automated _____ _____ _____ _____ _____ and pollution?

_____ self- _____ tech help to reduce _____ _____ _____ city?

Should _____ _____ _____ used _____ _____ _____ congestion and environmental impact?

_____ it possible for _____ _____ to make a big impact _____ _____ _____ congestion _____ _____?

_____ driving systems help _____ _____ traffic congestion _____ _____?

_____ it true _____ self-driving technology will _____ in _____ _____ _____?

_____ it _____ that _____ driving will ease _____ _____ significantly?

_____ _____ _____ cars reduce _____ in cities?

Is _____ driving technology _____ _____ _____ and air _____?

_____ _____ _____ really cut traffic?

_____ _____ features lead _____ lessage on _____ roads _____ _____ air quality?

Will _____ _____ get rid of _____ jams _____ _____?

_____ _____ driving _____ reduce traffic congestion _____ _____?

_____ self-drive features _____ lessage _____ _____ roads _____ improve _____ quality?

The air _____ _____ _____ _____ _____ could be reduced _____ robotic _____ systems.

_____ automated _____ _____ urban pollution?

Is _____ _____ _____ _____ driving features will _____ traffic congestion and _____?

Is _____ possible that _____ _____ bring _____ city _____ levels very _____?

_____ self-driving technology _____ _____ _____ and pollution.

_____ autonomously _____ able _____ _____ congestion and _____?

Will the _____ _____ self-driving _____ reduce traffic jams and _____ _____ _____ _____?

Is _____ _____ that driving _____ _____ _____ _____ gridlock and pollution.

Is self-driving capabilities effective _____ diminishing _____ congestion _____ _____ _____?

Is _____ possible that _____ capabilities can _____ _____ _____ _____ pollution?

_____ _____ driving features _____ to lessage _____ on busy _____ and _____ air _____?

_____ _____ _____ that autonomously driving _____ _____ traffic jams?

_____ automated _____ lead to _____ _____ pollution?

Is it _____ that autonomously _____ will _____ city _____ _____ _____.

Is _____ _____ that self-drive _____ ease _____ _____ dramatically?

Will _____ driving _____ _____jams?

_____ _____ features _____ _____ driving reduce _____ _____ pollution in urban areas?

self-driving _____ _____ _____ traffic?

_____ _____ vehicles have _____ _____ _____ limit traffic and fight _____?

Can _____ self-drive reduce _____ _____ _____?

_____ the implementation _____ _____ expected to decrease traffic _____ _____?

Reducing _____ _____ _____ pollution rates by _____ _____?

There _____ _____ _____ and pollution with _____.

Is _____ possible that _____ cars have _____ _____jams and _____ _____?

Can self-driving feature ____ ____ ____ ____ pollution?

Can I ____ to see ____ improvements ____ ____ ____ ____ traffic jams ____ ____ technologies?

Do ____ ____ ____ the potential ____ reduce ____ and ____ emissions?

Can ____ ____ ____ city traffic?

____ ____ ____ reduce ____ traffic and emissions?

Can ____ features help cut ____ ____ ____?

Will ____ cars cause ____ ____ ____ ____ metro areas?

____ ____ ____ that ____ cars can curb crowded ____?

____ ____ expect ____ ____ to ____ a noticeable effect ____ traffic congestion and ____?

____ automated driving ____ ____ and ____ pollution?

____ ____ traffic ____ and lowering pollution are ____ ____ that can ____ ____ ____ self ____ systems.

____ self-driving ____ less ____ ____ pollution?

____ advanced ____ in cars ____ ____ ____ pollution in the ____?

Is it possible ____ ____ ____ will ____ ____ rates.

Is ____ possible ____ ____ capabilities ____ reduce gridlock to ____ ____ levels?

Reducing urban ____ ____ ____ lowering pollution ____ ____ ____ ____ ____ be accomplished by ____ driving systems.

Is ____ possible that ____ intelligence-driven cars ____ ____ ____ ____ flow?

Will ____ cars be ____ to ____ traffic ____ ____ emissions?

____ urban ____ congestion and ____ ____ can be achieved ____ ____ ____ systems.

Will ____ ____ ____ down on ____?

Can advanced automation in ____ help ____ pollution ____ ____ ____?

____ self-driving capability ____ ____ decreasing ____ congestion?

____ ____ a ____ to ____ autonomously, ____ traffic jams, and ____ pollution?

____ I ____ pollution rates and traffic ____ to ____ lowered ____ ____ ____ ____ self-driving technologies?

Is ____ possible to reduce ____ ____ ____ ____ self-drive cars?

____ ____ addition ____ self-driving capabilities ____ ____ ____ ____ pollution in the city?

____ ____ ____ cut down on congestion ____ ____?

Reducing ____ ____ ____ pollution rates with ____ ____?

Is ____ ____ that ____ ____ ____ ____ can help ____ traffic in cities?

Can cars ____ automation ____ dense ____ ____?

____ it true ____ ____ ____ of ____ ____ will result in ____ air?

Is it ____ ____ automated driving ____ ____ congestion ____ pollution?

Will automated ____ ____ ____ reduce ____ in metro ____?

Can ____ ____ ____ reduce ____ ____ and pollution in ____ areas?

Can ____ with self-drive ____ ____ traffic ____ ____?

____ it possible that self ____ ____ reduce ____ and ____?

____ ____ capabilities ____ for ____ ____ congestion and pollution?

Can ____ ____ systems ____ a big impact by ____ ____ congestion ____ ____?

____ it possible ____ ____ cars ____ ____ traffic jams ____ air pollution.

____ self-driving cars ____ ____ ____ traffic?

Can ____ cars ____ traffic ____ ____ ____ areas?

Is it ____ ____ automated ____ ____ ____ congestion?

Is it ____ ____ self-driving ____ reduce ____?

____ I expect to ____ improvements ____ pollution ____ ____ traffic ____ ____ ____ integration ____ self-driving technologies?

____ it ____ that self-Driving ____ will ease up ____ traffic ____ ____ reduce ____?

Is it ____ that self-driving abilities ____ ____ up urban traffic ____ ____ ____ ____?

Can self-driving ____ ____ reduce city ____ ____?

____ self-driving cars make ____ ____ ____ ____ jams and pollution?

Could ____ technology be ____ to curb ____ ____ ____?

____ traffic ____ ____ rates by driving ____?

_____ it possible _____ _____ vehicles _____ reduce pollution _____ congestion?

_____ _____ capable of _____ traffic _____ and the environmental _____?

_____ it possible _____ _____ _____ _____ reduce congestion?

Are _____ _____ going to cut traffic _____ pollution _____ _____?

Can _____ _____ cut _____ traffic?

Do _____ cars help _____ _____?

_____ traffic _____ and pollution _____ can _____ _____ by automated _____.

Is it possible that self-drive vehicles _____ _____ _____ _____ _____ _____ pollution?

_____ it _____ that _____ vehicles _____ alleviate _____ congestion?

_____ _____ _____ for _____ to anticipate _____ _____ _____ environmental damage as a _____ _____ automated driving?

_____ _____ vehicles have _____ potential to reduce _____ _____?

_____ self-driving cars _____ _____ to _____ traffic and pollution _____ _____?

_____ _____ driving cars _____ traffic?

_____ _____ _____ a reduction in pollution _____ and _____ traffic _____ _____ the integration of _____ _____?

Do automated vehicles _____ the _____ _____ reduce _____ _____ _____ excessive emissions?

Is _____ _____ of cars good for _____ _____ _____ city _____?

_____ _____ with automation reduce traffic _____ _____ _____ the city?

Is it _____ _____ self-driving cars will _____ _____ _____ and _____?

Is _____ capabilities _____ in diminishing traffic _____ _____ _____ impact?

Will self-driving _____ _____ _____ reduction _____ _____ jams?

_____ _____ _____ really _____ traffic and pollution?

_____ automated vehicles _____ alleviate _____ _____?

_____ _____ self-drive features reduce pollution _____ _____?

_____ _____ _____ decrease urban pollution?

Is _____ _____ to reduce congestion _____ pollution by _____ _____?

Reducing _____ _____ _____ is _____ with self-driving _____.

_____ automated _____ _____ able to cut _____?

_____ _____ _____ _____ be reduced with _____ driving.

_____ it possible _____ _____ driving _____ lower pollution _____ in _____ areas?

Do driving features _____ to _____ on _____ roads _____ _____ _____ air _____?

_____ self-driving capable _____ reducing _____ congestion _____ environmental _____?

The pollution level in _____ _____ _____ be _____ _____ by robot _____.

_____ _____ _____ _____ traffic jams and pollution?

Is _____ _____ _____ driverless capabilities could _____ used _____ combat _____ _____ levels?

_____ self-driving _____ _____ traffic?

_____ _____ driving _____ _____ to lessage _____ _____ roads and _____ urban air quality?

Is _____ _____ for automated _____ _____ _____ make _____ big _____ on _____ levels and _____ congestion?

_____ it _____ _____ _____ cars will _____ _____ and pollution in cities?

Is _____ _____ that _____ vehicles could alleviate _____ _____ _____ curb pollution?

Will _____ _____ be _____ and _____ polluted by _____ cars?

_____ self-driving cars make _____ difference _____ _____ jams _____ pollution?

_____ it really possible _____ self-driving _____ _____ cut _____ and _____?

_____ _____ _____ drive autonomously _____ reduce traffic congestion and _____ _____?

_____ it possible that automated vehicles will _____ _____ _____ _____?

_____ self-driving _____ the key _____ reducing _____ _____?

_____ _____ driving _____ _____ _____ congestion and pollution?

_____ cars with _____ automation _____ _____ on _____ _____ the city?

Can _____ _____ _____ congestion _____ pollution?

_____ automated _____ going _____ _____ congestion _____ cleaner metro areas?

Do self-driving _____ _____ _____ congestion _____ pollution?

Can autonomously _____ systems reduce _____ congestion and _____ _____ _____ _____?

Will _____ _____ help _____ _____ jams?

Will _____ driving _____ _____ reduce _____ and pollution _____ cities?

_____ self-drive _____ lower _____ _____ the city?

Is _____ _____ chance _____ _____ autonomously will decrease _____ _____ and pollution?

Are these cars _____ _____ _____ _____ _____ _____ stop _____ and stop pollution?

_____ self-driving _____ _____ reduce traffic and _____ _____ cities?

_____ _____ tech _____ the _____ reduce pollution?

_____ it _____ that self-driving features _____ _____ _____ in cities?

_____ _____ a _____ for self-drive cars _____ _____ _____ and pollution?

Is driving _____ _____ to decrease _____ _____ reduce _____?

Will _____ cars _____ pollution _____ _____ _____ cities?

Reducing _____ rates in cities will _____ aided _____ _____ _____.

Can self-driving _____ _____ _____ jams?

Is it _____ _____ the _____ of _____ _____ will _____ _____ and pollution?

_____ automated driving _____ _____ _____ more _____ free?

_____ I expect _____ see reductions _____ _____ _____ and _____ _____ with the integration _____ self-driving _____?

Is _____ _____ to _____ _____ _____ reduce _____ by self-driving cars?

Can _____ driving _____ _____ _____ pollution?

Is it _____ that _____ _____ _____ could reduce _____ flow _____ emissions?

Is _____ _____ effective _____ _____ city traffic _____ emissions?

_____ _____ _____ _____ the _____ to reduce traffic issues while _____ _____ excessive emissions?

_____ robotic driving systems able to _____ _____ _____ and _____?

Is _____ driving _____ _____ traffic _____ _____ pollution?

Do _____ vehicles have the potential to _____ _____ _____ while _____ _____?

Can _____ _____ systems _____ a difference _____ reducing _____ congestion _____ pollution?

Do automated vehicles _____ the _____ to _____ traffic _____ and _____ _____?

_____ _____ driving technology _____ reduce _____?

Can _____ tech help _____ _____ _____ the _____?

Are automated _____ able _____ _____ traffic _____ combat _____ emissions?

_____ about _____ cleaner _____?

_____ _____ _____ for _____ cars to cut traffic and _____ _____?

_____ self-driving _____ able _____ reduce _____ traffic _____?

Is _____ capable of _____ _____ congestion and _____ _____ _____ promised?

Is _____ vehicles _____ at _____ city _____?

Do _____ _____ self-driving _____ help combat _____ _____ pollution?

Can _____ _____ systems help _____ _____ and _____?

_____ automated _____ have the ability _____ _____ _____ _____ and reduce emissions?

Less _____ self- _____ cleaner _____?

_____ self-driving cars going _____ _____ _____ jams and _____?

Can _____ implementation of _____ _____ congested _____?

_____ _____ _____ _____ self-driving _____ reduce traffic jams and _____ in cities?

_____ it possible _____ _____ driving _____ _____ traffic jams immensely?

_____ _____ cars _____ _____ _____ congestion in metro areas?

_____ self _____ _____ pollution in the _____?

_____ self- driving _____ _____ _____ and pollution?

Is _____ possible for _____ _____ _____ _____ traffic congestion and _____ in the _____?

Do _____ driving features lead _____ lessage _____ _____ _____ roads?

Will _____ cars _____ traffic _____ or _____?

_____ it possible that self-driving _____ _____ _____ _____ urban _____ congestion and _____?

_____ drive _____ _____ _____ congestion _____ pollution in urban areas?

_____ it possible that self-driving _____ _____ _____ a _____ difference in _____ _____ and _____?

_____ _____ _____ _____ automated driving _____ lead _____ lessage on busy roads?

_____ self-driving capabilities good _____ reducing _____ congestion _____ environmental _____?

_____ self- driving technology _____ _____ _____ congestion and _____?

Are _____ _____ _____ at _____ city traffic?

_____ _____ _____ that _____ will _____ city pollution?

_____ the _____ of _____ _____ help _____ traffic jams and _____ _____ cities?

Is _____ _____ effective at _____ traffic and _____ _____?

_____ self-driving _____ reduce _____ congestion?

Do self-driving _____ _____ pollution _____ _____?

_____ the _____ _____ _____ _____ _____ _____ expect to _____ improvements in traffic jams and _____ rates?

Is there any _____ that driving _____ _____ _____ city _____?

Will automated _____ _____ _____ _____ cleaner?

Will _____ _____ reduce _____ jams _____ pollution in the _____?

_____ self-driving cars _____ _____ _____ and _____ in the city?

_____ self- driving _____ _____ cut _____ or _____ in cities?

Is self-driving _____ going _____ make a _____ _____ _____ _____ jams _____ pollution?

_____ self-drive _____ reduce pollutants in _____ _____?

Will self-driving tech _____ _____ _____ down _____ _____ in _____ city?

Can _____ _____ _____ driving to reduce congestion _____ _____?

_____ automated _____ _____ traffic congestion?

_____ the _____ of driving _____ going to improve _____ _____ environment _____?

Is _____ _____ of _____ features expected _____ reduce _____ _____ air pollution?

Is autonomously driving _____ reduce _____ congestion _____ _____ _____?

_____ _____ cars _____ traffic _____ pollution _____ the city?

Are self-contained _____ key to _____ _____ _____?

I want _____ _____ if _____ _____ _____ _____ capabilities to ease traffic _____ and _____ pollution.

Can self-driving tech _____ _____ _____?

_____ self-driving features reduce _____ _____ and _____ _____?

_____ you _____ self-driving cars _____ _____ traffic and _____ in _____?

Will self- driving help _____ _____ _____ _____?

_____ _____ features reduce traffic and _____ _____ _____ areas?

Is it true _____ self- driven _____ _____ _____ _____ towns?

_____ cars _____ advanced automation really _____ _____ _____ the city?

Is _____ _____ for automated _____ _____ _____ _____ congestion and curb pollution?

Reducing _____ congestion _____ _____ pollution are two _____ _____ can _____ _____ _____ self driving systems.

_____ automated driving _____ able to decrease _____ in _____ _____?

Does advanced automation _____ dense _____ _____ _____ environmental _____?

Can _____ technology help _____ _____ _____ congestion?

_____ _____ vehicles have _____ potential to _____ traffic _____ while _____ fighting excessive _____?

_____ _____ possible that _____ driving will ease traffic _____ _____?

_____ _____ _____ features cause _____ _____ on busy roads _____ improve urban air _____?

_____ cars with _____ automation reduce _____ _____ the _____.

Is it _____ that _____ intelligence-driven cars _____ _____ _____ urban traffic _____?

_____ _____ systems _____ a _____ _____ reducing traffic congestion and pollution _____ the _____?

Will _____ _____ of self- _____ _____ congested roads' _____ impact?

_____ automated _____ _____ for _____ traffic and _____?

_____ the implementation _____ _____ driving _____ congested roads' _____ impact?

Will self-driving features _____ _____ traffic _____ _____?

Is it _____ that _____ capabilities could _____ _____ _____ levels?

_____ _____ _____ bring _____ the city's _____ quickly?

_____ _____ _____ features reduce _____ congestion and pollution _____ urban _____?

_____ an _____ vehicle _____ _____ and pollution?

_____ _____ technology help _____ pollution _____ _____ city?

_____ the _____ of _____ vehicles _____ limit _____ issues?

In _____ _____ combat urban emission levels, _____ _____ capabilities _____ _____?

Is there lower _____ traffic jams _____ _____ _____ _____ _____ cars?

_____ self-driving _____ _____ a _____ difference in traffic jams _____ _____?

_____ _____ technology curb _____?

_____ _____ possible that _____ capabilities could _____ combat _____ urban emission _____?

_____ _____ cars really reduce _____ jams _____ _____?

It _____ _____ _____ self-driving will reduce _____ and _____.

Can _____ _____ _____ automation to reduce dense _____ _____ _____ pollution?

Will self-driving _____ _____ _____ and pollution _____ _____ city?

Traffic congestion and _____ can _____ _____ with _____ _____.

_____ it _____ _____ _____ driving to reduce _____ and pollution?

Is it _____ _____ self-driving capabilities _____ _____ _____ _____ and decrease pollution?

Is it _____ _____ _____ to anticipate _____ congestion and _____ decline _____ _____ _____ with the _____ _____ automated driving?

_____ _____ vehicles _____ potential _____ limit traffic _____ and reduce _____?

Can _____ anticipate reduced _____ _____ a decline _____ environmental _____ _____ the _____ _____ automated driving?

_____ it possible _____ Artificial _____ cars will _____ _____ traffic flow, _____ _____?

_____ _____ _____ that self-driving cars feature lower urban _____ _____ and _____?

Would _____ _____ possible to drive autonomously to _____ _____ _____ _____ pollution?

_____ _____ _____ that vehicles _____ _____ traffic congestion while _____ pollution?

Can self- driving technology _____ _____ _____ _____ _____?

_____ it possible that self- _____ capabilities _____ _____ up _____ traffic congestion _____ _____ _____?

Will self-driving cars _____ _____ _____ _____ _____ and pollution?

Will _____ cars lead _____ a _____ _____ _____ _____ and pollution?

Will _____ _____ _____ _____ city pollution?

_____ it _____ _____ _____ advances will _____ to a reduction _____ city _____?

_____ cars _____ advanced automation _____ _____ and _____ _____ a city?

_____ autonomously _____ reduce city _____?

_____ _____ true that self-driving advancements _____ lead to _____ _____ in _____ _____?

_____ it true that self-driving _____ _____ _____ _____ _____ air for _____ _____ of the city?

_____ _____ _____ self-driving features _____ traffic _____ pollution?

_____ self-driving features _____ _____ to cut _____ jams _____ pollution?

_____ _____ capabilities useful in reducing _____ congestion _____ environmental _____?

_____ _____ possible _____ self driving _____ _____ make a big _____ _____ reducing traffic _____ and _____?

_____ self driving _____ lead to lessage _____ on _____ roads and _____ _____ _____?

Can _____ expect _____ _____ _____ _____ _____ rates _____ traffic jams with _____ integration of self-driving _____?

_____ _____ technology help _____ traffic _____?

_____ _____ that use advanced _____ reduce pollution _____ the _____?

_____ self-driving improvements _____ _____ and _____?

Do _____ _____ help reduce _____ _____ emissions?

Can I _____ self-driving _____ to _____ _____ _____ congestion and _____?

Do _____ _____ lead _____ lessage _____ busy roads and improved _____ _____?

Maybe self-driving technology _____ _____ congestion _____ _____.

_____ automation lead _____ lessage _____ on _____ _____ and _____ urban _____ quality?

_____ advanced _____ _____ city traffic and _____?

_____ it possible that _____ _____ reduce gridlock to _____ _____ _____ levels?

_____ automated vehicles _____ the _____ to limit _____ _____ _____ excessive emissions?

_____ _____ features reduce _____ congestion and _____?

Can _____ driving technology _____ reduce _____ congestion _____ the _____?

_____ self-driving cars _____ _____ cut down _____ traffic _____?

_____ automated _____ able _____ alleviate _____ _____ reduce emissions?

I _____ if self-driving cars will _____ a _____ _____ _____ _____ and _____.

_____ traffic congestion and pollution by _____ _____ _____ _____ possibility.

_____ we expect to _____ improvements _____ pollution rates _____ _____ _____ with self-driving _____?

Do _____ cars reduce the _____ of pollution _____ _____ _____?

Is there lower traffic _____ and _____ pollution _____ _____ _____?

_____ _____ features _____ _____ lessage _____ on busy roads?

_____ it possible _____ _____ vehicles will _____ _____ congestion and _____?

_____ self-guided driving features _____ to lessage _____ _____ _____ and _____ _____ quality?

_____ driving _____ lower _____ traffic jams _____ _____ pollution?

Can cars _____ advanced automation _____ _____ _____ in _____ city?

_____ _____ _____ that driverless capabilities could _____ urban emission _____?

Is _____ true that self- _____ _____ end _____ _____ towns?

Is _____ _____ _____ _____ automation _____ reduce pollution _____ dense city traffic?

Is it _____ _____ self-drive _____ will _____ _____ and urban _____?

Will _____ _____ _____ _____ help cut down on _____?

Cleaner big _____ _____ _____ driving?

Will self-drive _____ _____ reduce _____ _____ cities?

Do the features of _____ _____ _____ _____ lessage on _____ _____?

will _____ _____ reduce _____?

_____ it possible that driverless _____ _____ _____ _____?

_____ _____ possible _____ _____ _____ will alleviate traffic jams?

Will the features _____ _____ _____ reduce _____ congestion and _____ _____ cities?

Will _____ driving _____ _____ _____ pollution?

Is it possible for self-drive _____ to _____ _____ _____ _____ city _____?

_____ self-driving _____ really _____ _____ _____ polluted cities?

Do automated _____ have _____ _____ to reduce _____ _____ _____ fight _____ emissions?

Will _____ cars _____ _____ _____ congestion?

_____ self- driving _____ _____ pollution _____ _____ city?

Can _____ _____ tech _____ with _____ congestion?

Will self-driving _____ cut _____ on _____ _____ _____?

_____ _____ vehicles _____ traffic congestion?

Will the inclusion of _____ _____ reduce _____ jams _____ _____ _____ _____ city?

_____ automated _____ decrease _____ traffic and _____?

_____ it _____ that _____ _____ will decrease _____ pollution.

Are self-driving _____ _____ _____ reducing traffic _____?

Is _____ _____ that self- _____ _____ _____ ease _____ traffic _____ and decrease pollution?

_____ self-driving _____ curb _____?

_____ it _____ that automated _____ _____ reduce _____?

_____ _____ automation reduce _____ _____ _____ in the city?

_____ _____ possible _____ _____ self-driving capabilities to _____ traffic _____ and pollution?

_____ cities _____ _____ congestion _____ _____ decline in environmental _____ _____ the _____ of cars?

Are self-driving _____ good _____ _____ _____?

Is it _____ _____ _____ driving will decrease _____ _____.

Can self _____ _____ _____ and _____ _____ the city?

Might _____ technology be _____ _____ _____ congestion?

Can _____ using _____ _____ reduce pollution _____ the _____?

Are _____ _____ _____ _____ cut traffic _____ pollution?

_____ automated vehicles _____ the _____ to deal _____ traffic _____ and _____ _____?

_____ driving _____ _____ _____ reduce congestion and _____ pollution?

Will self-driving cars be _____ to _____ _____ jams _____ _____?

_____ _____ features cause _____ traffic _____?

Reducing _____ traffic _____ _____ _____ _____ _____ two _____ that can _____ _____ by self driving systems.

_____ _____ features _____ reduce traffic in _____?

_____ _____ driving _____ cut _____ _____ _____ jams in the city?

Do self-driving cars _____ _____ _____ traffic _____?

Is it possible that cars _____ _____ driving _____ _____ _____ _____ pollution _____ cities?

Is _____ _____ that autonomous driving _____ _____ _____ jams?

Will _____ _____ _____ _____ urban traffic jams and _____?

Is _____ possible to _____ autonomously _____ reduce _____ _____ pollution?

_____ self-driving features _____ _____ _____ jams?

_____ there _____ _____ traffic _____ and air pollution _____ you drive _____?

_____ automated driving _____ lead _____ _____ on _____ roads?

Will the inclusion _____ _____ driving cars _____ _____ traffic _____ _____ pollution?

Is _____ _____ _____ _____ capabilities could _____ gridlock to _____ urban emission _____?

Will driverless _____ _____ _____ city _____?

_____ driving _____ _____ in traffic jams _____ _____?
