# [Demo] NLP Dataset for Customer Service Automation

| | |
|---|---|
| **Company Type** | Cable and Satellite TV Providers |
| **Inquiry Category** | Internet and Wi-Fi connectivity issues |
| **Inquiry Sub-Category** | DNS and IP configuration |
| **Description** | Customers seek support in configuring DNS and IP settings on their routers or devices to resolve DNS resolution issues or ensure proper network connectivity. |
| **Data Size** | 5,102 paraphrases |
| **Want to buy data?** | Please contact nlp-data@qross.me via your business email address. |

**Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)**

_____ changing _____ DNS _____ configuration on _____ _____ _____ all _____ _____ the network or _____ certain ones?

Will changing _____ routers'sDNS _____ affect _____ _____?

_____ _____ possible _____ certain devices _____ the network _____ only _____ _____ by _____ changes to theDNS _____?

_____ it true _____ changing my router's _____ _____ my _____?

_____ is a _____ if changing the _____ configuration _____ _____ routers has an _____ _____ _____ _____ them.

It is _____ certain _____ changes to the _____ _____ name _____ setting _____ _____ _____ devices.

_____ the _____ devices _____ _____ _____ changingDNSserver on the routers?

There is _____ _____ _____ _____ _____ the Router's domain name _____ _____ will affect all devices _____ _____ network

Is _____ possible that _____ my dns server configuration could _____ _____ _____ _____ _____ _____ the _____?

_____ _____ possible that modifying _____ router's _____ _____ affects all _____ or just _____?

I'm _____ sure if _____ theRouters' _____ name settings _____ affect _____ _____.

All gadgets _____ _____ _____ are affected by _____ the _____ _____.

Is _____ change _____ the _____ _____ _____ _____ affect on all devices?

configuration of _____ affects the _____ _____ _____ _____ machines?

_____ _____ _____ _____ the _____ _____ on the routers affect connected devices?

_____ changing the DNS _____ going _____ impact _____ _____ network _____ certain _____?

_____ _____ a question if changing the _____ _____ _____ the _____ will change _____.

_____ _____ question if changing _____ DNS on _____ _____ affects _____.

_____ changing _____ DNS _____ on the router affect _____ _____?

Does changing _____ configuration _____ my router's nameserver _____ all _____ _____ _____?

Is _____ the domain _____ settings _____ the _____ affecting _____ _____ _____ use _____ network?

The whole _____ _____ _____ machines _____ be affected _____ reconfiguration _____ router _____.

Is _____ possible _____ the changes _____ theDNS server _____ my _____ _____ _____ _____ few devices?

Will changing the DNS server settings _____ all _____ _____ _____ _____ network, _____ _____ _____ ones?

_____ _____ possible _____ change the _____ Router'sDNS _____ _____ affect all _____ connected _____ it?

ChangingDNS _____ _____ on the _____ network, _____ specific _____?

_____ _____ _____ _____ the DNS _____ the router _____ to affect all the _____?

_____ it possible _____ the _____ _____ the _____ server on _____ routers _____ _____ a few devices _____ _____ network?

____ ____ of ____ theRouter'sDNS setting on ____ ____ ____ not known

____ ____ ____just ____ ____ affected by altering the ____ DNS?

____ ____ the ____ configuration affect the ____ network ____ ____ devices?

____ ____ ____ Router DNS ____ affect all ____?

____ is ____ question if ____ effect ____ the ____ ____ ____ changed by ____ the ____ ____ on the routers.

There isn't a guarantee ____ ____ to ____ ____ ____ ____ service setting will ____ ____ devices.

____ ____ ____ ____ a few, ____ the routers's dns could affect ____.

____ ____ ____ that ____ ____ routers's server's domain ____ system ____ all gadgets?

There's ____ question if the ____ of ____ will ____ changed ____ changing ____ dns configuration ____ ____ ____

Is ____ ____ of theDNSserver ____ ____ ____ impacting all ____ devices?

Do I know ____ ____ ____ ____ ____ ____ will affect the network?

Will changing ____ DNS ____ settings ____ ____ router affect ____ ____?

configuration ____ Router ____ ____ the whole ____ or specific ____?

Is ____ ____ that ____ changes ____ the ____ ____ on the ____ only ____ certain devices?

____ ____ ____ ____ changing ____ ____ server's domain ____ system affects every appliance ____ just ____ few?

____ it possible that making ____ server ____ the ____ affects ____ the ____ ____?

____ changing the ____ setting on the ____ will affect ____ ____ ____?

I'm curious if the ____ ____ ____ ____ affects ____ device.

All gadgets or ____ ____ ____ ____ routers's ____ could ____ an effect

Is it ____ ____ change ____ ____ dns ____ to affect ____ of ____ devices ____ ____ network?

____ ____ ____ ____ all ____ connected to ____ network if ____ change the router's ____ configuration?

The ____ of ____ ____ ____ ____ the ____ network ____ just some is not ____.

Will the setting of theRouter'sDNS affect ____ ____ the ____ ____ ____ ____?

____ not certain ____ ____ ____ the Router's ____ ____ service setting will ____ ____ all devices.

____ ____ devices get ____ ____ changing therouter's ____?

____ don't know if ____ ____ Routers' ____ name settings will ____ ____ ____ the ____.

Will ____ theDNS ____ ____ ____ my routers affect my ____?

____ ____ my ____ nameserver likely ____ affect my connected ____?

Is ____ my routers ____ ____ to affect my ____ ____ ____?

____ ____ ____ that changing ____ ____ ____ router ____ affect all the gadgets?

____ it possible that ____ ____ ____ of my ____ dns server will ____ all ____ the ____ ____ ____ network?

____ ____ on ____ network or ____ a ____ ____ be ____ by changing ____ router's ____ setting.

____ ____ ____ to ____ ____ DNS settings ____ the ____ to affect all ____ on ____ network?

Can ____ ____ of ____ ____ settings on ____ ____ affect devices?

Will changing ____ ____ ____ on ____ routers affect ____ network ____ devices?

ChangingDNSconfig ____ on ____ ____ network ____ ____ device

____ ____ possible ____ modifying ____ router's server's ____ ____ every appliance ____ just ____ few?

____ changing ____ ____ all ____ devices?

____ it possible ____ ____ ____ ____ the ____ server on my routers ____ affects ____ devices on the ____.

Is ____ ____ ____ nameserver likely ____ ____ my devices?

____ ____ know if the ____ ____ theRouters' domain ____ ____ ____ affect all devices.

____ ____ the change ____ the DNS on the ____ ____ ____ ____ Devices?

Is ____ ____ that ____ changes to the ____ ____ ____ my ____ ____ affects a few ____?

Is it ____ that ____ changes to ____ ____ ____ on my router ____ ____ ____ ____ devices?

If the change to ____ ____ affects ____ ____ ____ wonder.

____ ____ ____ ____ affected by ____ therouter's DNS?

____ ____ ____ on the entire ____ or specific ____?

____ ____ ____ DNS affect ____ network devices?

____ ____ ____ by the ____ DNS settings of ____ router?

I ____ ____ to ____ if a ____ to ____ Router'sDNS ____ ____ device.

I don't _____ if modifying _____ _____ name settings _____ _____ _____.

Does _____ the _____ setting _____ _____ routers will affect _____ home _____?

_____ _____ of _____ theRouter'sDNS _____ the whole network, _____ _____ some?

_____ config _____ _____ the entire network _____ _____ particular device?

_____ _____ the _____ of _____ _____ _____ going to affect _____ _____ my other network devices?

_____ am _____ if _____ _____ _____ name _____ will affect the _____ on _____ network.

_____ changing the nameserver configuration of _____ _____ going to _____ all _____ _____ _____ _____?

_____ _____ sure if _____ _____ domain name _____ is going to _____ _____ on _____ network.

_____ impact _____ adjusting _____ _____ _____ on the network?

_____ gadgets or _____ a _____ changing _____ _____ _____ _____ have an effect.

_____ gadgets or just _____ can be _____ by _____ _____ _____.

_____ _____ _____ of _____ DNS _____ on _____ Router affect all the _____?

_____ _____ update _____ the DNS settings _____ _____ router _____ _____ _____ on connected devices?

Is _____ _____ _____ my _____ nameserver going to _____ my _____?

Changing theDNS config _____ on _____ _____ _____ specific _____?

_____ _____ know _____ modifying _____ _____ name settings _____ _____ the devices _____ the network

_____ _____ _____ that certain _____ are _____ affected _____ the changes to _____ DNS _____?

_____ _____ or just a _____ changing the _____ _____ might affect _____.

_____ I change the home _____ serverconfig _____ affect _____ _____ _____ _____ devices?

_____ _____ a question if changing _____ _____ on the routers _____ _____ _____ devices.

Is it possible that _____ _____ _____ _____ _____ name system on _____ _____ _____ affect _____ devices?

_____ _____ the _____ of _____ router's nameserver going to _____ all _____ _____?

_____ therouter'sDNS may impact _____ _____

Is altering theDNSserver _____ _____ _____ _____ impact on the _____?

_____ the _____ of the routers's domain _____ _____ _____ all _____ _____ network?

_____ _____ of changing theDNS _____ on _____ _____ network or just _____?

All gadgets or just some _____ affected _____ changing _____ _____ _____ _____ _____.

Is it _____ that making _____ server on _____ _____ _____ all _____ _____ devices?

Is _____ _____ on _____ _____ affecting network _____?

_____ don't know _____ messing _____ _____ _____ _____ on _____ _____ will affect all devices.

Is _____ changing _____ the router's nameserver _____ _____ all _____?

Is it _____ _____ _____ _____ dns _____ _____ on my _____ will _____ all of the _____ on _____ network

_____ _____ on _____ whole network of _____ theRouter'sDNS setting _____ _____ known

All devices on _____ _____ _____just _____ _____ _____ _____ by modifying the _____ DNS setting.

I don't know _____ _____ _____ domain _____ settings _____ _____ all the _____.

_____ _____ _____ _____ _____ _____ or specific devices on the network

_____ a change _____ _____ router's nameserver _____ _____ _____ the devices?

Changes to _____ _____ _____ _____ _____ _____ _____ not guaranteed to affect all _____ on the _____.

_____ _____ _____ on the routers _____ the _____ devices?

_____ _____ _____ _____ whole _____ or specific machines

I _____ _____ if tweaking theRouters' _____ name settings will _____ _____ _____ _____ network.

Does altering the DNS _____ _____ the routers _____ _____ _____?

I _____ _____ _____ altering theRouters' _____ name settings _____ going to _____ _____ _____ the network.

Is _____ _____ nameserver setting _____ _____ _____ going to _____ my network?

_____ _____ the _____ setting _____ your _____ going to affect _____ network?

_____ it _____ that changing my _____ server _____ _____ my _____ _____ _____ all of _____ _____ on my network?

_____ theRouter'sDNS _____ on the _____ _____ or just some is _____ _____.

_____ a question _____ changing the _____ settings _____ _____ _____ will _____ all devices.

Will _____ the DNS _____ _____ affect all _____ connected to _____ _____ or _____ _____ _____ specific devices?

_____ _____ _____ if _____ theRouters' domain name settings _____ affect every _____.

____ ____ possible ____ change ____ DNS ____ ____ ____ ____ to affect ____ devices in the network?

There ____ a ____ ____ ____ ____ the Router's domain name ____ ____ will ____ all devices on ____ network.

Is it possible ____ modifying ____ ____ server's DNS affects ____ ____ ____?

Is ____ change ____ the ____ ____ going ____ ____ all ____ the devices?

____ ____ my ____ nameserver likely ____ affect ____ of my ____ devices?

Is ____ possible the ____ to theDNS ____ on my ____ only ____ ____ ____?

____ a ____ in ____ system ____ DNS on a routers going ____ ____ ____ ____?

____ a change of ____ ____ ____ connected ____?

____ ____ ____ the network ____ ____ a ____ will be ____ by modifying the Router's ____ ____.

Is ____ changing of ____ ____ ____ ____ affects all devices?

____ I'm ____ ____ I wonder ____ amending my router's nameserver affects ____ ____ ____.

____ ____ ____ that the ____ ____ the ____ server on my Router only affect ____ ____?

____ ____ possible ____ ____ ____ dns server ____ on ____ ____ will affect all of the devices ____ ____ network

All ____ on the ____ ____ just ____ ____ ____ ____ by the changing of the ____ ____ setting.

____ a question ____ changing the DNS on ____ ____ ____ ____ ____ ____ of the devices

Does ____ setting of ____ router'sDNS affect ____ ____ ____?

Will ____ ____ routers's ____ ____ system ____ all connected gadgets?

____ I'm being honest, ____ ____ ____ ____ my ____ ____ ____ System affects each device differently.

____ it possible that ____ the server's ____ ____ ____ ____ ____ just a few

Is ____ ____ that ____ ____ ____ ____ routersDNS server only affect certain devices ____ the ____?

____ ____ network devices ____ ____ the changingDNSserver on the ____?

____ changing ____ ____ ____ my routers likely to ____ ____ ____ my devices?

I ____ ____ if ____ ____ domain name ____ will affect devices ____ the ____.

____ ____ ____ that changing ____ ____ the network's devices?

____ ____ ____ ____ DNS impact all ____ devices?

Is changing ____ nameserver ____ my ____ ____ ____ ____ all my devices?

____ ____ ____ domain name server ____ the ____ affect all ____ ____ devices?

____ changing the ____ ____ ____ ____ our network?

____ ____ ____ impact on the ____ ____ or the ____ device?

____ ____ the ____ ____ my ____ going to ____ my network devices?

____ a ____ ____ changing the ____ config on the ____ ____ ____ devices.

Does it ____ all network ____ if the ____ ____ ____ ____ routers ____ made?

____ ____ the ____ DNS ____ affecting ____ devices?

____ theDNSconfig can affect the whole ____ ____ ____ ____

It's ____ ____ the changes to the ____ ____ on my routers only ____ ____ few devices ____ ____ ____.

____ it possible that ____ ____ ROUTER's server's ____ affects ____ ____?

____ ____ or ____ some could be affected ____ modifying the ____ ____.

Is changing the ____ ____ ____ your ____ going to ____ ____ network?

Does ____ change ____ the ____ ____ system on ____ ____ affect the ____?

____ ____ possible that the ____ to the ____ domain name ____ only ____ ____ devices on ____ ____?

____ it possible ____ ____ the ____ ____ ____ all of the devices?

Is ____ ____ ____ ____ my routers's ____ going ____ affect ____ other network devices?

There's a ____ ____ changing the ____ ____ the Router ____ ____ ____ devices.

____ ____ or just some are affected ____ ____ ____ DNS

Is it possible that the ____ ____ the ____ ____ ____ only ____ ____ devices?

____ it possible that ____ ____ router's DNS ____ affect ____ ____ devices?

____ config ____ ____ ____ network ____ specific devices?

I do ____ know ____ ____ theRouters' ____ ____ ____ will affect devices on ____ ____.

____ ____ possible ____ ____ the ____ settings on ____ ____ to affect all devices?

____ ____ ____ if ____ domain name ____ will ____ every device.

Is a ____ ____ the router's ____ ____ all the ____?

Will ____ ____ ____ configuration ____ my ____ have an effect ____ all network- ____ ____?

Is it possible ____ changing my ____ ____ configuration ____ my ____ ____ affect all ____ the ____ ____ on the ____?

I ____ know if modifying ____ ____ name setting ____ ____ ____ device.

____ ____ possible that ____ ____ ____ server's ____ affects ____ ____ or just a few?

The whole ____ ____ ____ machines can be ____ ____ reconfiguration of ____ ____.

Are all the network ____ ____ by ____ the ____ server ____ ____ ____?

____ ____ question if ____ ____ of devices will be changed ____ ____ ____ ____ configuration on ____ routers.

____ ____ or just a few? ____ ____ routers's ____ ____ have an ____ on ____.

Is it ____ ____ modifying the ____ ____ DNS affects ____ ____?

All ____ ____ ____ a few ____ be ____ by modifying the ____ ____.

There's ____ question ____ ____ the DNS ____ the router ____ change the ____ ____ ____ devices

____ a ____ in ____ ____ ofDNS ____ a routers ____ the ____ devices?

I am ____ ____ ____ ____ theRouters' domain ____ setting ____ ____ everything on ____ network.

____ ____ if a change of ____ ____ affects every ____.

____ ____ of ____ theRouter'sDNS ____ ____ ____ entire network or just some?

There ____ no ____ that ____ ____ to ____ Router's ____ name ____ will ____ ____ of ____ devices on the network.

Reconfiguration ____ ____ DNS ____ ____ ____ network or certain machines.

All ____ or just a ____ changing ____ dns ____ ____ ____ could ____ them.

____ ____ possible that modifying the ____ ____ the router ____ affect all ____ ____?

There is ____ ____ if ____ the DNS config on ____ router ____ ____ effect ____ ____ of ____.

The ____ of adjusting ____ setting ____ ____ whole network ____ ____ ____ is unclear.

____ a question ____ ____ the DNS ____ ____ ____ will change devices

____ changing ____ ____ ____ ____ DNS ____ to affect the entire network or ____ ____?

Can the ____ ____ ____ ____ ____ the router affect connected ____.

____ ____ on ____ network ____ just a ____ will ____ ____ by modifying the ____ ____ setting.

____ ____ theDNSserver ____ the ____ ____ to affect network devices?

____ ____ devices affected ____ the update of ____ settings on ____ ____?

____ ____ if the change to the Router'sDNS ____ ____ ____ ____.

____ changing ____ ____ configuration ____ to affect the ____ network ____ some ____?

____ wonder ____ a change ____ ____ affects every ____

____ ____ possible ____ modifying the ____ ____ domain ____ system ____ all of them?

____ ____ know if modifying ____ domain name settings ____ ____ ____ device

Does ____ change in ____ DNS ____ ____ a routers affect ____ ____?

There's ____ ____ ____ changing ____ ____ ____ the routers affects all devices

____ gadgets ____ ____ some ____ be affected ____ ____ the router's DNS.

Changingdns ____ ____ ____ the entire ____ or a ____ device?

____ don't ____ if ____ the DNS ____ settings ____ ____ routers will ____ ____ my devices.

____ entire network or ____ ____ can ____ ____ by reconfiguration ____ ____ RouterDNS.

Is it ____ ____ ____ the router's ____ ____ affects ____ ____ of them?

____ ____ know if ____ the ____ server settings on ____ ____ ____ affect all devices ____ ____ network.

Is ____ ____ ____ changing the router's server's ____ ____ ____ affects ____ gadgets?

____ ____ ____ question if changing the DNS ____ the ____ has ____ effect ____ ____ of ____.

Does the ____ ____ ____ router'sDNS ____ all ____ the network?

____ ____ know if ____ changes to theRouters' domain name ____ ____ ____ ____ ____ ____ the network.

____ ____ ____ DNS server settings affect ____ devices in ____ network ____ just ____ ____?

____ ____ ____ ____ the ____ to the routers domain ____ system ____ affect ____ ____ on the network?

____ impact ____ ____ theRouter'sDNS ____ ____ the entire network is currently ____

____ changing the ____ affect ____ ____?

____ ____ changing of the ____ ____ setting ____ all devices on ____ network or ____ ____?

It _____ _____ certain _____ _____ _____ adjusting theRouter'sDNS _____ on _____ whole network.

Does _____ _____ DNS server _____ _____ _____ _____ affect _____ of my devices?

_____ it _____ _____ changing the _____ dns affects every appliance, or _____ _____ _____?

_____ I'm _____ honest I wonder if amending _____ _____ dns _____ each device _____ _____ _____ _____.

_____ _____ _____ that modifying the _____ _____ dns _____ all of them?

Is it _____ the changes _____ the DNS server _____ _____ _____ only affect _____ _____ on _____ _____?

_____ _____ question if changing _____ DNS on _____ Router has _____ effect on _____ _____ _____.

Will _____ setting of the _____ _____ _____ _____ of the _____ _____ just some?

_____ _____ _____ that _____ changes to the _____ server on _____ routers _____ _____ some devices on the _____.

Does changing the _____ of my _____ _____ _____ my other _____ _____?

_____ _____ devices _____ _____ network be _____ by the _____ _____ _____ router's DNS setting?

I'm not sure if _____ _____ _____ _____ will affect every _____.

All _____ or _____ some _____ affected by changing _____ _____.

Is _____ the nameserver _____ _____ _____ _____ likely to affect my gadgets _____ _____ _____?

_____ changing _____ _____ _____ on the routers affect all _____?

Is _____ possible _____ the changes to the DNS _____ on _____ routers _____ _____ _____ devices _____ the _____

_____ changing the nameserver setting _____ my _____ going _____ _____ _____ network?

Is changing _____ _____ of my router's _____ _____ to affect _____ _____ _____?

Will _____ the dns of _____ Router _____ _____ _____?

_____ _____ network be affected _____ _____ _____ DNS server _____ on _____ routers?

Do all _____ get altered, _____ just _____ _____ I change my _____ _____ _____?

Is it _____ _____ _____ to the _____ _____ _____ _____ routers only affect _____ devices.

There's _____ question _____ changing the _____ _____ _____ the _____ affects all of _____.

_____ _____ therouter'sDNS _____ network devices?

_____ changing the _____ _____ configuration affect _____ _____?

Changing _____ DNS _____ _____ _____ network devices.

Does making _____ server _____ the router _____ _____ _____ _____ devices?

_____ changing the domain name _____ _____ _____ routers affect _____ _____ used on _____ _____?

Is _____ change to _____ Router's _____ _____ affecting all _____?

Is the network _____ _____ _____ _____ alteringDNSserver on _____ router?

I _____ say _____ modifying theRouters' domain name _____ _____ _____ _____ device.

_____ _____ change to the _____ _____ the _____ going _____ _____ all devices?

There _____ _____ question as _____ _____ _____ effect _____ _____ will _____ changed by changing _____ DNS on _____ routers.

Will _____ the _____ _____ _____ affect _____ devices on _____ network?

_____ _____ _____ _____ home _____ serverconfig _____ affect all _____ devices _____ it, not just one?

_____ _____ possible that the _____ _____ _____ router's server's DNS _____ _____ gadgets?

_____ _____ _____ _____ of _____ _____ nameserver likely to affect all connected _____?

_____ changing _____ nameserver _____ my _____ likely to _____ my connected _____?

_____ _____ the nameserver _____ _____ your _____ affect your _____ network?

_____ impact _____ _____ _____ DNS setting _____ _____ _____ network is not certain.

_____ gadgets _____ just _____ _____ _____ be affected by _____ _____ Router's dns.

There's _____ question if _____ the DNS _____ _____ _____ _____ an effect on _____ _____

_____ it possible that _____ the router's DNS _____ _____ _____?

Does a change _____ _____ system _____ on _____ _____ impact network _____?

Is it possible _____ _____ _____ get altered _____ I _____ my _____ DNS _____?

Does making _____ domain name _____ on _____ _____ _____ all network _____?

Does _____ the domain name _____ _____ the router _____ the devices _____ _____ _____?

_____ _____ _____ _____ the network _____ affected _____ the _____ change on the router?

Is _____ _____ that the changes to the _____ _____ on _____ _____ _____ _____ a _____ devices?

_____ _____ the _____ _____ my _____ nameserver will affect _____ gadgets _____ the network?

Is it _____ _____ changing _____ _____ of _____ router might affect _____ the _____?

_____ _____ changing of _____ Router'sDNS configuration _____ affect _____ all _____?

Will the setting _____ the router'sDNS affect _____ _____ _____ network or _____ _____ _____?

Changing _____ affects _____ entire _____ _____ _____ devices

_____ is _____ _____ _____ changing the domain name _____ the _____ has an _____ _____ _____ devices.

_____ the network devices _____ by altering theDNSserver _____ _____ _____?

_____ a change in the system _____ _____ _____ _____ affect the _____ _____?

ChangingDNS config _____ _____ _____ _____ network or specific devices _____ _____ network

_____ _____ the _____ _____ going to affect all network _____?

Is _____ _____ routers's nameserver _____ to affect all _____ _____?

I'm not sure if _____ theRouters' domain name settings _____ _____ _____ _____ _____ _____

_____ _____ nameserver setting _____ _____ _____ going to affect _____ network?

Does changing _____ DNS of the _____ affect _____ _____ _____?

_____ _____ configuration may _____ the _____ network or _____ devices.

_____ don't _____ _____ _____ theRouters' domain name settings _____ _____ device.

_____ devices on _____ _____ may or may not be _____ _____ _____ _____ _____ _____ router's DNS setting.

There's a question if _____ the _____ on _____ _____ _____ all of _____ _____.

Can _____ _____ the home Router'sDNS _____ _____ affect _____ _____ _____ not just one?

_____ _____ not sure _____ changing theRouters' domain name _____ _____ _____ _____ on the _____.

_____ _____ _____ _____ _____ altering theRouters' domain _____ settings will affect _____ _____ on the network.

Is a _____ _____ _____ _____ nameserver going to _____ all _____?

_____ am not sure _____ _____ _____ domain _____ _____ is going to _____ _____ on the _____.

_____ a _____ if _____ the DNS on _____ _____ will _____ _____ effect of _____.

_____ don't know if _____ the _____ _____ _____ _____ _____ router will affect _____ devices within _____ network.

All devices on _____ _____ or _____ some, _____ be _____ by modifying the _____ _____ _____.

Is changing _____ nameserver of my router likely _____ _____ _____ _____ _____ _____?

_____ the _____ _____ theRouter'sDNS _____ _____ of the network?

Is _____ possible _____ _____ changing of _____ Router'sDNS _____ affects _____ devices?

I wonder _____ a _____ to _____ _____ affects _____ of _____.

_____ _____ impact _____ the _____ network or specific _____

There is _____ _____ _____ _____ the domain _____ on the _____ has _____ effect on _____ the _____.

There's _____ _____ if the _____ of _____ will _____ changed by _____ the DNS _____ _____ the _____.

_____ don't know _____ modifying _____ domain _____ _____ will affect _____ device

Is changing the _____ _____ _____ _____ nameserver going _____ affect _____ of _____ network _____?

_____ a change _____ the _____ _____ _____ _____ a routers have _____ _____ on the network

Will the setting _____ _____ affect _____ _____?

Changing _____ Router's domain _____ service setting _____ _____ _____ affect all _____.

Is it possible _____ the _____ to _____ DNS _____ _____ my routers _____ _____ some _____?

Is _____ possible _____ _____ therouter'sDNS could _____ network _____?

_____ making the DNS _____ on the _____ affect _____ _____ _____ devices

_____ it _____ that the changes to the DNS server _____ _____ routers _____ affect _____ _____ _____ _____ network

Can the update _____ _____ _____ settings _____ the routers _____ connected _____

I don't know _____ _____ theRouters' domain _____ _____ _____ going to _____ every _____.

Do all _____ get altered _____ _____ _____ my router's _____ name _____?

_____ _____ _____ _____ network, _____ just _____ ones, _____ affected by modifying the _____ server settings _____ my router.

The _____ of adjusting _____ _____ on _____ entire network _____ _____

Does making _____ server on the _____ _____ _____ _____ on the _____?

_____ not _____ _____ altering _____ domain _____ setting _____ _____ everything on the network.

The impact _____ _____ _____ setting on the _____ network _____ _____ some?

_____ theDNSserver on _____ _____ could affect _____ _____ devices.

____ am not sure ____ changes ____ theRouters' ____ name ____ ____ affect ____ on the ____.

____ not certain ____ altering theRouters' ____ ____ settings ____ affect ____ device.

I ____ ____ a change ____ ____ Router'sDNS affects ____ the ____.

____ does ____ ____ affect the ____ network ____ specific devices?

____ the ____ of ____ ____ nameserver going ____ affect all of ____ ____?

____ ____ certain if modifying ____ domain ____ ____ will affect every ____.

____ don't know if ____ with ____ domain ____ settings ____ ____ ____ on ____ network.

____ ____ ____ ____ a few? ____ the Router's dns ____ ____ an impact on ____.

Does ____ ____ to the Router's ____ ____ all ____?

All ____ ____ ____ a ____ ____ the routers's ____ can affect it.

Will ____ change in ____ DNS ____ configuration affect ____ ____ ____ ____ the ____ or only ____ ones?

configuration ____ ____ ____ the ____ network ____ specific machines

____ not certain ____ altering theRouters' domain ____ ____ will ____ devices ____ the ____.

____ ____ ____ devices affected by ____ ____ dns?

Is ____ ____ that the ____ ____ the ____ ____ on my routers only affect ____ ____?

____ don't know if ____ ____ ____ ____ domain ____ ____ ____ affect devices on the network.

There is no guarantee ____ ____ ____ the router's ____ name ____ ____ ____ all ____ on ____ network.

ChangingDNS ____ effect on ____ ____ ____ or ____ devices

Is changing theDNSserver ____ ____ ____ ____ ____ network devices?

____ it ____ ____ change ____ ____ Router'sDNS serverconfig to affect all ____?

There is ____ guarantee ____ ____ the ____ ____ ____ ____ on ____ Router ____ affect all devices ____ the network.

Is ____ possible that some of the devices ____ ____ network ____ be ____ ____ ____ changes ____ ____ DNS ____?

____ don't ____ ____ ____ the DNS server settings on my ____ will affect ____ ____ ____ the ____.

____ changing the ____ domain ____ system ____ ____ device?

Will a change ____ ____ network nameserver ____ ____ ____?

____ ____ the nameserver ____ of my routers ____ ____ network?

Will changing the ____ ____ ____ ____ my ____ affect ____ network?

Is ____ change to ____ ____ nameserver ____ ____ of ____ devices?

Will ____ ____ ____ the DNS ____ settings ____ ____ routers affect ____ network?

All ____ or just ____ ____ altering the ____ ____ could affect ____.

The impact ____ ____ theRouter'sDNS ____ on the ____ network, or just ____ ____ ____ ____.

I'm ____ ____ ____ ____ ____ ____ ____ settings affects devices on the network.

I ____ not ____ if ____ ____ ____ theRouters' ____ ____ settings will affect ____ on the ____.

It ____ not ____ ____ ____ the Router's ____ name ____ ____ won't affect all ____.

Will the change to ____ ____ server configuration affect all ____ on ____ ____ ____ ____ ____ ____?

____ the ____ ____ ____ ____ the alteringDNS ____ on the routers?

____ ____ or just ____ few? Changing ____ routers's dns ____ ____ ____ affect.

____ gets ____ by the ____ router'sDNS ____?

Is it ____ that changing ____ dns server ____ ____ ____ ____ ____ affect all of ____ ____?

If I'm ____ ____ I wonder if amending ____ router's domain ____ ____ ____ ____ device ____.

Is changing ____ ____ ____ network ____?

____ the ____ of ____ ____ affect all of the ____?

The impact ____ adjusting ____ setting ____ the whole network ____ ____ ____ ____.

____ ____ changes to ____ DNS server on ____ ____ ____ ____ certain devices?

I ____ ____ ____ my ____ domain ____ ____ affects each ____ ____ a particular way.

There ____ no ____ that ____ ____ the Router's ____ name ____ will affect ____ ____ ____ the network.

If I'm ____ ____ ____ ____ if amending ____ router's DNS effects each ____ ____ ____ ____ way.

There is a ____ if changing ____ ____ on the ____ ____ ____ effect on ____ ____

Is ____ possible ____ ____ changes ____ ____ dns ____ on my ____ ____ affect ____ devices on the network

Is the changing of the ____ DNS ____ ____ ____ ____?

I'm not _____ _____ _____ domain name _____ will _____ every _____

_____ the _____ _____ _____ Router's nameserver any affect _____ all _____?

Will _____ _____ of the router'sDNS _____ _____ _____?

_____ not _____ if _____ theRouters' domain name _____ will affect _____ on _____ _____.

Are connected _____ affected by _____ _____ _____ _____ _____ _____ on the routers?

Is _____ _____ that changing _____ _____ DNS settings _____ affect _____ devices?

_____ _____ _____ _____ changing _____ domain name settings will _____ every device

ChangingDNS config _____ _____ _____ network _____ specific _____

There's no guarantee _____ changes _____ the _____ _____ name service setting will _____ _____ devices _____ _____ _____.

_____ _____ know _____ changing theRouters' _____ _____ settings is going _____ affect all _____.

There's a question _____ changing the DNS _____ _____ _____ _____ _____ devices.

Is changing therouter'sDNS _____ _____ _____ _____ devices?

I _____ if a _____ _____ the DNS _____ the _____ _____ _____ device.

_____ _____ the _____ _____ my _____ nameserver affect all my _____ devices?

There _____ no guarantee _____ changes to the _____ _____ service setting _____ the _____ will affect _____ _____ _____ _____ network.

_____ the _____ of _____ router's DNS _____ the _____?

Is it _____ _____ the _____ _____ the DNS server on my _____ _____ _____ _____ few _____ _____ the network?

_____ _____ change to the _____ domain _____ _____ affecting all _____ devices?

_____ it possible that _____ _____ are _____ _____ by _____ changes to theDNS _____?

I don't _____ if _____ _____ domain _____ settings will _____ _____ _____ the network.

ChangingDNS config _____ _____ _____ _____ _____ specific devices?

There _____ a question if changing the _____ _____ the _____ _____ _____ _____ devices.

All _____ within _____ _____ _____ just specific ones, might be affected _____ _____ _____ _____ _____ settings on my _____.

_____ impact on the _____ _____ or _____ specific _____

Will _____ _____ _____ DNS _____ affect all of _____ devices _____ the network _____ _____ _____ few?

_____ it possible that changing _____ _____ _____ affects _____ gadgets?

_____ config impact _____ _____ network, _____ _____ _____ - is it?

Is changing _____ _____ _____ _____ devices?

Are _____ _____ _____ the _____ _____ or specific devices?

_____ it possible that _____ _____ to the DNS server _____ _____ _____ only affect _____ _____ on _____ network.

_____ _____ possible that _____ DNS settings _____ the router _____ all _____?

_____ _____ the DNS _____ _____ the _____ _____ all _____ the network devices?

There _____ _____ _____ _____ changing _____ DNS on the _____ _____ all the devices.

Does a _____ to _____ Router's nameserver _____ _____ the _____?

_____ _____ _____ if changing the _____ configuration on _____ _____ _____ all devices.

_____ _____ of adjusting theRouter'sDNS setting _____ _____ _____ network is _____ unknown

_____ it possible _____ certain _____ _____ the network can _____ _____ affected _____ the changes _____ the DNS _____?

_____ changing _____ _____ server _____ affect all of _____ _____ or just specific _____?

There is _____ _____ if _____ _____ _____ on _____ Router will _____ all _____ devices.

Is _____ _____ of _____ configuration going _____ _____ _____ _____ network or specific devices?

_____ _____ the _____ _____ going to _____ the entire _____ or certain _____?

I don't know if _____ theRouters domain _____ _____ _____ affect _____ _____ _____ network

Does changing _____ _____ server _____ _____ _____ affect all the _____?

_____ _____ my routers nameserver's configuration _____ to affect _____ _____ _____?

All _____ _____ _____ a few? Changing _____ _____ _____ could have an _____.

Will the _____ of _____ routers'sDNS affect _____ _____ network _____ _____ some?

_____ the _____ of _____ _____ affect the _____?

Is _____ _____ that _____ my dns _____ configuration _____ my routers could _____ _____ _____ my _____ _____ the network?

_____ changing the _____ configuration on my routers have _____ effect _____ _____ _____ _____ _____ _____ devices?

_____ impact _____ _____ theRouter's dns setting _____ _____ whole _____ _____ not known

_____ it possible that changing _____ _____ _____ _____ affects _____ gadgets?

_____ _____ might affect _____ _____ devices.

There _____ a question _____ _____ _____ router's nameserver _____ an effect _____ _____ _____ them.

Will _____ _____ _____ be _____ by changing the router's _____?

All _____ or just _____ _____ _____ the routers's _____ could _____ _____ big _____ on them.

_____ don't _____ if _____ theRouters' _____ name _____ _____ going _____ affect every device.

The _____ network or _____ _____ can _____ _____ _____ reconfiguration _____ the router DNS

_____ it _____ that the changes to the _____ server on _____ _____ _____ _____ _____ small group of _____?

Will _____ alterations to _____ dns _____ the _____ _____ connected _____?

Is _____ _____ nameserver of my _____ _____ _____ _____ my _____ on the network?

Is _____ possible that _____ _____ configuration _____ _____ _____ server _____ affect all _____ _____ devices on the network?

Does Changing _____ affect _____ _____?

Is _____ possible _____ modifying _____ _____ _____ will affect connected _____?

_____ _____ question as _____ whether the _____ of devices will _____ changed _____ changing _____ DNS _____ _____ routers.

Is _____ possible _____ the _____ to _____ _____ DNS _____ only affect _____ devices?

_____ wondering _____ _____ change to the Router'sDNS _____ every _____.

_____ _____ devices in _____ _____ _____ affected by the change in _____ DNS _____ _____ router?

_____ a _____ in the _____ _____ _____ a _____ going to _____ _____ impact _____ the network devices?

_____ gadgets _____ just _____ are _____ _____ the _____ of the router's _____.

Are the network _____ _____ _____ making _____ DNS _____ on _____ Router?

_____ changing therouter'sDNS _____ Network _____?

_____ don't _____ _____ _____ _____ _____ theRouters' domain name settings will affect _____ device.

All _____ within _____ _____ _____ just _____ ones, _____ _____ _____ _____ changing the DNS server settings on _____ routers.

Will _____ setting of the router'sDNS _____ _____ _____ the _____ or _____ _____?

_____ _____ sure if _____ _____ name settings _____ affect every _____.

Is _____ _____ _____ _____ _____ routers's dns server configuration will affect _____ of _____ _____ _____ the network?

I _____ know if modifying _____ _____ _____ settings will _____ devices _____ _____ network.

I don't _____ _____ _____ _____ domain name settings _____ _____ _____ the network

Is _____ therouter'sDNS _____ _____ _____ devices?

Is _____ my routers nameserver _____ _____ _____ _____ my _____ on _____ network?

All _____ devices _____ _____ _____ _____ _____ the DNS server on the _____.

_____ changing _____ going to _____ _____ network _____?

Will _____ the _____ _____ affect connected _____

_____ the alteringDNSserver on _____ _____ affecting _____ network _____?
