# [Demo] NLP Dataset for Customer Service Automation

| | |
|---|---|
| **Company Type** | Mobile Network Operators |
| **Inquiry Category** | Data plan and usage queries |
| **Inquiry Sub-Category** | Data speed and coverage |
| **Description** | Inquiries pertaining to the network coverage and data speed available in different areas, including questions related to network upgrades, 5G availability, and any issues with slow or inconsistent data speeds. |
| **Data Size** | 5,117 paraphrases |
| **Want to buy data?** | Please contact nlp-data@qross.me via your business email address. |

**Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)**

What steps are ____ taken ____ ____ ____ ____ ____ connection quality ____ peak hours?

____ ____ being ____ to slow ____ the decline ____ connectivity ____ during busy ____.

____ are steps ____ to ____ regular ____ in network ____ ____ ____ is busiest.

____ there any action ____ ____ ____ internet at ____?

____ ____ steps taken to resolve connections that ____ ____ ____ peak ____.

Are you ____ ____ ____ ____ network ____ in rush hours?

____ ____ some things ____ ____ ____ improve connecting during ____ hours?

____ there any ____ ____ ____ connection ____ during peak hours?

____ ____ ____ ____ number ____ steps are taken to resolve connections ____ ____.

How ____ ____ fixing ____ connection issues ____ busy ____?

When it's ____ ____ are steps ____ to ____ ____ ____ in network ____?

During ____ ____ what's ____ done ____ poor ____?

____ ____ you ____ regular drop-offs during ____ ____?

____ peak ____ some steps ____ ____ to resolve connections ____ ____.

____ ____ busiest times what are the measures ____ ____ ____ ____ ____ ____ network quality issues?

During the ____ hours, what ____ are being ____ ____ ____ frequent ____ ____ ____ quality?

Do you plan ____ ____ ____ inconsistent ____ signal during ____ ____?

What are some things ____ ____ to improve ____ ____ ____ ____ ____ hours?

____ ____ ____ fix the ____ connection ____ during busy hours?

____ ____ been taken to improve ____ ____ at ____?

Actions ____ ____ ____ connection issues at ____ ____.

____ ____ signal ____ busy times

During peak ____ ____ are steps ____ ____ resolve connections that ____ ____.

Have any ____ been ____ for ____ connectivity ____ ____ times?

____ ____ you ____ to deal with connection ____ ____ peaks?

Are there ____ ____ ____ ____ signal during ____ times?

____ ____ ____ being used ____ improve connection ____ ____ ____ hour disruptions occur?

What ____ you doing to ____ ____ connections during ____ ____?

____ ____ ____ ____ to ____ the dropped connection quality in peak ____?

____ is connection ____ ____ during peak ____?

What ____ ____ ____ ____ improve poor connections ____ peaks?

____ actions have been ____ ____ better ____ ____ peak times?

____ ____ ____ are there ____ measures ____ ____ ____ resolve the drops in ____ quality?

____ connection ____ during heavy ____

Will ____ action ____ taken ____ improve connection ____ ____ ____ periods?

Measures are needed ____ tackle connection ____ ____ ____ ____.

What is happening with ____ spotty ____ ____ ____ ____?

What ____ ____ to address ____ ____ ____ quality during ____ hours?

____ could ____ ____ ____ place to deal with connection ____ at ____ ____.

Measures ____ being put ____ ____ to deal with ____ ____ levels amidst ____ ____

____ our ____ ____ ____ measures are being ____ to ____ ____ quality issues?

____ ____ have a plan to ____ the network signal ____ ____ ____?

____ ____ improve network quality at peak ____ ____ ____ considered.

____ are ____ ____ being ____ to deal with ____ ____ hour connectivity ____?

____ ____ you ____ ____ ____ during busy hours?

Are ____ underway ____ prevent frequent ____ ____ ____ peak hours?

How ____ ____ ____ ____ drop ____ peak hours?

____ connection ____ ____ peak hours?

____ ____ ____ busiest, ____ steps were taken to address ____ ____ network ____?

What steps ____ be ____ to ____ ____ dropped ____ ____ during ____ hours?

Measures may ____ taken to ____ ____ ____ at peak ____.

What ____ be ____ ____ improve connection ____ during ____ periods?

____ ____ ____ deal ____ poor ____ quality during busy hours?

How do you ____ ____ ____ ____ ____ when it's busy?

During ____ what is being ____ ____ ____ ____?

Do you plan ____ ____ the ____ signal ____ rush ____?

How is your ____ ____ ____ in ____ quality in ____ ____?

____ ____ steps that need to ____ taken to ____ ____ dropping ____ ____ peak ____.

____ you ____ ____ to network ____ ____ rush hours?

____ is your company ____ ____ ____ ____ connection quality at busy ____?

How ____ we address the dropped ____ ____ ____ ____ hours?

____ ____ know how ____ ____ dips ____ connection quality ____ busy hours?

How ____ ____ handle ____ ____ quality at ____ times?

____ are steps ____ ____ ____ ____ that ____ frequently during peak hours.

____ are steps ____ ____ ____ dropped connection ____ ____ peak hours?

In ____ ____ what ____ ____ solutions to ____ issues?

____ busy times, ____ actions ____ ____ taken ____ ____ with frequent ____ issues?

Do ____ ____ to improve ____ network signal ____ ____ hours?

There ____ ____ ____ can ____ taken to ____ dropped connections ____ ____ hours.

Amid peak ____ ____ what procedures ____ ____ ____ to improve ____ stability?

____ busy hours, ____ are you ____ ____ ____ issues?

____ are ____ taken to ____ ____ ____ get cut during ____ hours.

During ____ ____ steps ____ taken to ____ ____ dropping frequently.

When it ____ ____ have ____ been ____ efforts made ____ improve the ____ ____?

____ ____ ____ ____ to deal with ____ ____ at peak times?

____ our ____ ____ what ____ are being ____ to ____ ____ network quality issues?

What steps ____ ____ ____ address the ____ ____ dropped connection quality ____ ____ hours?

Measures ____ tackle ____ issues ____ ____?

During _____ _____ _____ _____ the decline in _____ quality addressed?

_____ are _____ procedures _____ implemented _____ improve connection _____ _____ peak hours?

_____ about solutions _____ _____ _____ _____ rush hours?

What _____ the _____ that have been _____ to _____ the frequent _____ _____ _____ _____ _____ peak hours?

_____ are measures that could _____ _____ to _____ _____ _____ _____ peak times.

What can _____ _____ to _____ signal strength _____ _____ _____ at _____ activity periods?

_____ _____ _____ _____ _____ to improve the network during _____ hours?

_____ _____ _____ done _____ address the drops _____ _____ _____ during peak hours?

_____ _____ we fight the _____ _____ _____ quality _____ peak hours?

_____ _____ _____ bad peak connection

There _____ _____ being _____ to _____ _____ frequent drops _____ connection quality _____ _____ hours.

_____ can the drop in _____ _____ be _____ _____ _____ hours?

_____ it's _____ _____ _____ should be taken to _____ regular _____ declines?

_____ _____ _____ been taken _____ fight the frequent _____ in connection quality _____ _____ _____?

_____ to help _____ connection _____ _____ peak _____?

What _____ are taken _____ _____ dropped connection _____ _____ _____ hours?

_____ _____ drops in connection quality _____ peak _____ _____ _____ addressed.

_____ _____ _____ you _____ connection drop during _____?

_____ _____ possible _____ measures _____ being _____ regarding declining connections _____ busy _____?

_____ _____ _____ done _____ address _____ frequent _____ _____ connection quality during peak hours?

How _____ _____ with _____ drop-offs _____ _____ times.

Is there a _____ _____ tackle the _____ in _____ _____ _____ _____ hours?

Do you have _____ _____ plan _____ _____ inconsistent _____ _____ during rush _____?

_____ is being _____ about poor _____ at _____ _____?

Have improvements _____ made to mitigate _____ _____ _____ peak _____?

What were the _____ _____ _____ _____ the _____ drops _____ connection quality during _____ peak _____?

There _____ steps that _____ be _____ to resolve _____ _____ frequently _____ peak _____.

_____ do you _____ _____ _____ during busiest _____?

_____ there a _____ to _____ frequent _____ _____ _____ peak hours?

What are the steps being taken _____ _____ the _____ drops _____ _____ _____ _____ peak _____?

_____ wonder if actions _____ _____ _____ _____ better connection _____ peaks.

Which _____ are _____ _____ improve _____ stability during _____ hour _____?

_____ _____ of _____ _____ what are the measures being taken regarding _____ _____ _____?

_____ is _____ drop in _____ quality addressed _____ peak _____?

_____ there improvements _____ made to _____ _____ frequent connection _____ during _____ _____?

_____ _____ _____ taken to _____ connections that fall _____ _____ hours

_____ _____ possible _____ measures are _____ put in place regarding declining _____ _____ _____ _____?

What _____ _____ taken to _____ _____ connection _____ in _____ times?

Is _____ a plan to _____ _____ _____ _____ peak hours?

_____ changes are _____ made to _____ _____ frequent drops _____ _____ quality _____ peak _____?

_____ _____ be anything done _____ improve connection _____ during _____ _____?

During busy periods _____ _____ be anything done _____ _____ _____ _____?

There _____ _____ _____ _____ fix _____ that get _____ in peak hours.

_____ can be done to _____ _____ _____ at _____ activity _____?

_____ you have _____ _____ _____ improve the _____ signal at _____ hours?

Is it _____ _____ _____ are _____ _____ regarding declining _____ _____ busy hours?

What _____ are _____ to _____ _____ connection _____ at _____ times?

During _____ _____ do _____ address connection _____?

Do you have _____ _____ in place _____ _____ recurring _____ issues _____ peak _____?

_____ _____ _____ taken _____ address declines in network performance _____ _____ busiest.

____ ____ ____ taken to address dropped connection ____ ____ ____ time?

How to prevent ____ ____ during ____ ____?

There ____ ____ taken ____ resolve connections that ____ down frequently ____ ____ ____.

____ our busiest ____ ____ are ____ ____ being implemented to correct ____ ____ network ____ issues?

____ steps are ____ to ____ dropped connection ____ during ____ ____?

What ____ a ____ things ____ done to ____ connection ____ ____ ____ hours?

____ are ____ put ____ place regarding ____ ____ of internet ____ busy ____?

Which steps ____ ____ taken to ____ drops in ____ ____ ____ peak ____?

____ ____ ____ deal with ____ drops ____ the peak hours?

____ ____ the measures being ____ to ____ the network ____ ____ ____ busy times?

Measures ____ being ____ ____ the ____ of connectivity ____ during ____ hours?

____ are some ____ ____ done to improve ____ ____ ____ peak times.

____ ____ you ____ connection issues in ____ ____?

How ____ you ____ ____ ____ during ____ times?

____ do ____ ____ about regular drop-offs at ____ ____?

Is there any effort ____ to fix ____ drop in ____ ____ ____ ____ ____ ____?

Measures ____ being put in ____ ____ ____ connection levels ____ busy ____.

Are ____ planning ____ improving the ____ signal in ____ ____?

____ peak ____ ____ steps ____ being taken ____ address drop in ____ ____?

____ are ____ fixing the ____ issues ____ busy ____?

Do ____ ____ the ____ issues ____ ____ hours?

Measures to reduce ____ ____ ____ peak ____?

____ you ____ ____ improve on ____ ____ ____ during rush hours?

____ there any effort made ____ ____ signal ____ dropping ____ ____ activity ____?

Is there ____ being done ____ ____ connection drops ____ ____ ____?

During peak ____ are there improvements underway ____ ____ ____ ____ ____?

____ ____ are ____ addressing ____ ____ during peak times?

____ ____ ____ to the poor connections ____ ____?

____ ____ ____ being ____ to ____ connection drops during ____ hours?

____ peak ____ there ____ steps taken ____ resolve connections that ____ ____ ____.

____ ____ any ____ to reduce ____ ____ drops during ____ hours?

What ____ ____ being ____ to fight the ____ inconnection ____ during ____ ____?

During ____ hours ____ does ____ ____ the dips in ____ ____?

In ____ ____ of busy ____ ____ ____ being taken ____ declining connectivity ____?

During the ____ hours, ____ ____ ____ taken to ____ dropped ____ quality?

Will ____ be ____ about degraded connection ____ ____ busy ____?

____ do ____ address the ____ connection quality during ____ ____?

What ____ ____ do about connection ____ during ____ ____?

During the peak ____ what steps ____ taken ____ fight ____ ____ ____ ____ quality?

Measures ____ be taken ____ ____ ____ connection issues ____ ____ times.

____ are ____ measures ____ ____ being put in place for ____ ____ connectivity ____?

Measures ____ handle connection issues ____ ____ ____?

____ there any ____ ____ restore signal strength ____ high ____ ____?

When ____ ____ what ____ ____ ____ to address ____ regular declines ____ network performance?

____ peak times do ____ ____ connection ____?

____ do ____ ____ with dips in ____ quality ____ ____ busy?

Have ____ ____ actions taken ____ better ____ at ____?

What ____ ____ ____ implemented ____ improving ____ stability ____ peak hour disruptions?

____ are ____ steps that are being ____ ____ ____ ____ ____ in ____ quality during ____ hours?

What can be done ____ ____ ____ quality during ____ ____?

Will anything be _____ _____ improve _____ _____ during busy _____.

_____ _____ a _____ _____ address connection issues _____ peak times?

_____ peak _____ how do you _____ a _____ _____ _____ quality?

What are _____ solutions _____ _____ _____ in _____ hours?

_____ _____ during peaks, _____ ways are you _____ _____?

Are there plans _____ improve the _____ signal _____ _____ _____?

How _____ the _____ in _____ _____ addressed _____ peak hours?

_____ anything be done _____ _____ decreasing _____ _____ during busy _____?

How _____ repair _____ _____ peak _____?

Which _____ are you addressing _____ _____ during _____ _____?

_____ something _____ done _____ improve connection _____ _____ busy periods?

What actions _____ _____ _____ _____ address drops _____ connection quality during _____ _____?

Will _____ _____ be _____ regarding diminishing connection _____ _____ busy _____?

_____ _____ are taken _____ address the _____ _____ quality during peak _____

poor _____ _____ peaks?

_____ taken _____ deal with connection _____ during _____ _____?

_____ _____ _____ fight the _____ drops _____ connection quality during peak _____?

What _____ _____ done _____ address dropped _____ quality _____ peak _____?

Will _____ be _____ made to mitigate frequent connection _____ _____ _____ _____?

During _____ _____ _____ being _____ about poor _____.

How do you address _____ drop _____ _____ _____ _____ peak _____?

When it's busiest, _____ steps are _____ _____ _____ address _____ _____ network _____?

What are _____ _____ _____ done to _____ connection quality _____ peak _____?

What _____ _____ measures being _____ _____ place _____ reduce _____ hour connectivity?

Is _____ _____ in place to deal with _____ _____ _____ during _____ _____?

_____ rush hours, _____ _____ network _____?

Do you _____ solutions to _____ problems _____ _____ _____?

What _____ _____ with _____ _____ during peaks?

_____ it _____ _____ _____ _____ been _____ to alleviate the drop in _____ quality?

During our _____ _____ _____ _____ _____ done to fix the _____ quality _____?

_____ network weak _____ _____ hour?

How fix _____ bad _____ _____?

_____ peaks, _____ do _____ address _____ drops?

There _____ steps _____ _____ taken _____ resolve connections that stop _____ during _____ _____.

_____ _____ _____ there _____ steps that _____ taken _____ resolve _____ that drop.

How do _____ _____ _____ _____ in _____ _____ during busy hours?

_____ peak _____ are you managing _____ _____?

What _____ the _____ being _____ in place _____ deal _____ _____ hour _____?

How _____ the _____ being _____ _____ address _____ in connection _____ during _____ hours?

_____ _____ _____ done to resolve signal strength _____ at _____ activity _____?

Will _____ _____ be made _____ _____ connection quality during _____ _____?

_____ you _____ _____ _____ _____ on the network signal during rush _____?

How is the _____ in _____ _____ addressed during _____ _____?

_____ _____ steps _____ to resolve _____ _____ drop in _____ hours.

How are _____ able to _____ _____ issues _____ busy _____?

_____ our _____ times, _____ measures _____ being _____ _____ place _____ fix _____ quality issues?

When _____ _____ _____ steps taken to address _____ in _____ _____?

_____ procedures _____ being implemented _____ _____ connection _____ during peak _____?

What about _____ _____ _____ during _____?

When _____ _____ _____ busiest, what steps _____ adopted _____ _____ regular declines?

Measures are ____ ____ to ____ the ____ in network ____ at ____ ____.

____ ____ ____ that measures are being taken ____ declining connection ____ amidst ____ ____?

Measures ____ ____ connection ____ ____ peak times?

What ____ ____ ____ to fix bad signal ____ busy ____?

How do ____ ____ ____ ____ connection?

____ ways do you address ____ drops ____ ____ ____?

____ ____ some things being ____ ____ ____ ____ ____ in the peak hours?

____ steps are being ____ to counteract ____ drops ____ ____ quality ____ peak ____?

What ____ ____ being adopted to ____ connection ____ during peak ____ ____?

How ____ solve ____ peak ____?

There ____ ____ ____ to ____ with ____ dropping frequently ____ peak hours.

Any ____ to fix the ____ ____ at high ____ ____?

____ steps are taken ____ ____ ____ quality at ____ hours?

What are some ____ ____ can be ____ to ____ ____ ____ ____ ____ peak hours?

____ ____ intend to improve ____ the inconsistent network ____ ____ rush ____?

____ ____ be done ____ make ____ quality ____ ____ busy times?

How ____ ____ a bad peak ____ ____?

____ are actions ____ at busy ____ to ____ ____ connection ____.

____ hours ____ ____ are connection ____?

During busier ____ will there ____ anything ____ ____ ____ ____ quality?

During peak hours, ____ ____ ____ that ____ taken ____ resolve ____ connections.

____ it possible ____ there ____ measures ____ ____ ____ connectivity levels during busy ____?

____ busy hours, ____ ____ you fixing ____ ____ problems?

During peak hours, ____ actions ____ being ____ ____ ____ frequent ____ in connection ____?

____ to ____ ____ badpeak connection?

____ ____ resolve ____ ____ of signal strength at high ____ ____.

When ____ ____ ____ ____ there been any ____ to alleviate the ____ in ____ ____?

In ____ ____ of ____ hours ____ measures ____ taken regarding declining ____?

What are you doing ____ manage ____ ____ ____ ____ hours?

At peak ____ there ____ steps ____ are ____ ____ ____ connections dropping ____.

____ ____ ____ company ____ the drop in connection quality ____ ____ times?

____ to ____ a bad ____?

How ____ it that one tackles dips ____ connection ____ ____ ____ ____?

____ ____ your company handling ____ in ____ ____ at ____ times?

Measures ____ ____ ____ ____ place ____ declining levels ____ connectedness during busy ____.

____ are ____ ____ ____ ____ to address ____ connectivity levels during busy ____?

There are ____ that ____ ____ ____ to ____ ____ ____ during peak hours.

____ ____ are taken to ____ better ____ ____ ____ peak hours?

Do ____ efforts have ____ ____ to alleviate the ____ ____ ____ ____ when it ____ busy?

____ ____ have ____ ____ ____ fight ____ frequent drops in connection quality ____ ____ hours?

____ is ____ ____ handling the ____ connection ____ ____ busy times?

How is the ____ in ____ ____ ____ ____ the peak ____?

____ to ____ with ____ ____ at ____ times?

There are some things ____ ____ ____ improve connection ____ in ____ ____.

____ can ____ ____ a bad peak ____.

What steps are ____ taken to fight ____ ____ ____ connection ____ ____ ____ hours?

____ ____ ways to tackle connection ____ ____ peak ____.

____ ____ are ____ to ____ lost ____ quality during ____ hours?

Have ____ been ____ efforts ____ to improve ____ connection ____ when ____ ____ busy?

Fix the ____ network ____ ____ ____?

Is there _____ to _____ _____ connection drops _____ _____ hours?

Do you _____ a plan to _____ _____ _____ _____ during rush _____?

_____ _____ _____ deal with _____ constant connection _____ during busy _____?

Fix _____ _____ _____ at _____ times.

_____ do _____ manage the drop in _____ _____ at _____ _____?

_____ to address _____ _____ during peak _____.

What measures are _____ taken _____ fix _____ _____ _____ during busy _____?

During _____ _____ there are _____ taken to resolve _____ _____ _____.

Measures should be _____ _____ place _____ address _____ _____ _____ peak times.

When _____ _____ busiest, what steps are _____ _____ _____ regular declines in _____ _____?

Poor _____ during _____ what's _____ _____ _____ them?

_____ it possible that measures _____ _____ _____ _____ place regarding _____ _____ _____ during busy hours?

How _____ you fix the connection _____ _____ _____ _____?

Will anyone _____ anything _____ _____ connection quality _____ busy _____?

_____ is being _____ _____ improve _____ connections _____ peaks?

Fix _____ during _____ _____?

_____ _____ _____ way _____ _____ dips in connection quality during busy _____?

_____ _____ _____ any attempts to _____ the _____ quality better _____ it _____ busy?

What are the _____ _____ _____ to decrease peak _____ _____?

What _____ _____ _____ _____ fix poor connections during _____?

_____ do _____ fix _____ connection problems _____ _____ hours?

_____ can _____ _____ to resolve the _____ strength dropping _____ _____ _____ periods?

During peak hours, there _____ _____ _____ _____ to resolve _____ _____ frequently.

_____ peak _____ can the _____ in connection quality _____ _____?

_____ _____ are _____ _____ _____ address _____ dropped connection quality during peak _____?

When it's _____ steps _____ taken to address _____ _____ _____ _____?

Will something _____ done _____ improve _____ _____ during _____ times?

_____ to stop _____ drop-offs at _____ _____?

_____ _____ the company _____ dropped _____ quality at _____ times?

When it's _____ what _____ _____ _____ taken _____ _____ regular declines _____ network performance?

_____ _____ _____ _____ _____ taken to handle frequent connection issues.

_____ _____ you addressing connection _____ _____ peaks?

Is _____ any _____ to improve _____ _____ _____ network _____ during rush _____?

During _____ _____ _____ _____ you fixing connections?

_____ there any way _____ _____ _____ recurring _____ in network quality _____ peak _____?

_____ are things being _____ _____ improve _____ _____ at peak _____.

Fix _____ _____ in _____ use?

_____ procedures are being _____ _____ _____ connection stability _____ peak hour _____?

Measures _____ being taken _____ _____ _____ _____ levels amidst _____ hours.

Are there any _____ _____ _____ resolve _____ drops _____ _____ quality at peak _____?

During peak hours _____ _____ _____ taken to _____ _____ issues.

_____ _____ gets _____ have _____ been _____ _____ _____ alleviate the drop in _____ quality?

_____ network _____ during rush _____

_____ _____ are being taken _____ _____ frequent drops in _____ _____ during _____ hours

_____ are steps adopted _____ _____ regular _____ _____ network _____ when it's _____.

_____ _____ _____ _____ weak network during rush _____?

_____ _____ _____ being _____ to address _____ in connection _____ during peak _____?

What _____ are being _____ _____ _____ the _____ _____ in connections during _____ peak _____?

What _____ being _____ _____ poor _____ _____ peak times?

What steps are _____ _____ _____ the _____ _____ quality during _____ hours?

_____ steps _____ being _____ _____ _____ the frequent _____ in _____ quality during _____ hours?

What steps are taken _____ _____ _____ _____ _____ during peak _____?

During _____ hours, how do _____ _____ _____ _____ issues?

_____ _____ improvements to _____ _____ connection drops during peak _____?

How _____ _____ fix the connection issues _____ _____ _____?

What steps _____ _____ _____ _____ _____ dropped connection quality _____ peak hour?

Will any _____ _____ _____ _____ _____ connection quality _____ busy times?

_____ steps are _____ _____ to _____ drop in _____ _____ during _____ hours?

What _____ are taken _____ _____ dropped _____ _____ in _____ hours?

_____ action _____ _____ for _____ connections at _____?

_____ is connection _____ improved amid _____ _____ _____?

Do you intend _____ _____ _____ _____ during _____ hours?

_____ _____ we solve _____ _____ in rush _____?

What measures are being _____ to _____ _____ frequent _____ _____ connection quality _____ the _____ _____?

What are the measures _____ _____ _____ _____ in _____ _____ _____ hour connections?

There _____ efforts _____ resolve the _____ of _____ strength _____ high _____ _____.

_____ _____ plans to _____ frequent connection drops _____ _____ hours?

_____ _____ _____ the drops _____ network _____ at peak _____ are being _____.

_____ hours _____ _____ _____ drop in connection _____ addressed?

Measures _____ _____ _____ _____ connection issues _____ peak times.

_____ _____ _____ drops in network quality at _____ _____?

_____ steps are _____ _____ _____ _____ frequent drops _____ connection _____ during peak hours?

_____ _____ hours, what about the _____ in _____ _____?

_____ _____ any actions _____ taken _____ better connection _____ peaks?

How _____ _____ _____ bad _____ _____ busy times?

_____ anything _____ _____ about the diminishing connection _____ _____ _____ periods?

_____ _____ any effort _____ _____ _____ _____ drop in _____ quality _____ it gets busy?

How _____ one _____ _____ _____ _____ connection quality during busy _____?

_____ it gets _____ have _____ efforts _____ _____ to _____ the drop in _____ _____?

_____ _____ _____ busiest, what _____ are taken to _____ regular _____ _____ network performance?

_____ can _____ improve connection _____ _____ peak _____?

There are steps taken _____ _____ connections _____ get _____ _____ peak _____.

_____ peak _____ steps _____ _____ to _____ connections that drop.

What _____ _____ steps taken to _____ the _____ drops in _____ _____ _____ peak _____?

_____ _____ any measures _____ _____ resolve the _____ _____ network _____ at peak times?

_____ is _____ _____ _____ _____ connections during peaks?

How _____ we _____ _____ the _____ _____ _____ connection quality during the peak _____?

_____ are _____ being done to _____ connection quality _____ the _____ _____.

Fix the bad _____ _____ _____ _____

During _____ what _____ _____ _____ about the _____ connections?

Have _____ been taken _____ better connection _____ _____ _____?

_____ to _____ with _____ _____ during rush _____?

Is there anything _____ can be _____ to _____ _____ _____ during _____ _____?

Improvements are _____ to _____ frequent _____ _____ _____ peak hours.

What do _____ _____ to _____ _____ _____ during peaks?

During peak hours, there _____ _____ _____ to resolveconnections _____ _____.

_____ it's busiest, what _____ _____ be _____ to _____ network performance _____?

_____ _____ measures _____ tackle _____ issues at peak _____.

Any changes _____ bad _____ _____ busy _____?

_____ _____ _____ that need to _____ _____ to resolve _____ problems during _____ hours.

How _____ we going _____ _____ _____ frequent drops _____ _____ _____ during _____ peak hours?

What are _____ doing _____ address _____ drop _____ _____?

What _____ are _____ _____ _____ _____ _____ _____ in _____ quality during the peak hours.

What _____ the _____ being taken _____ fight _____ _____ drops _____ connection _____ during _____ hours?

Which are _____ things being done _____ _____ _____ _____ _____ peak hours?

During _____ _____ are _____ _____ connection drops?

What are _____ measures being _____ _____ peak hour _____ _____?

How _____ _____ _____ _____ to improve connection _____ during peak _____ disruptions?

What _____ you doing _____ manage _____ _____ during _____ hours?

During our _____ _____ what measures are being implemented to _____ _____ _____ _____ _____ _____?

_____ steps _____ to resolve connections _____ _____ during _____ hours.

What are some ways to improve _____ _____ _____ _____ _____?

During peak _____ _____ is _____ drop in connection _____ _____?

How _____ _____ company handling drop _____ connection _____ during _____ _____?

_____ steps are _____ _____ _____ connection quality _____ peak hours?

_____ _____ _____ what's being done _____ _____ poor connections _____ peaks?

_____ there _____ _____ _____ _____ resolve _____ network quality drops _____ peak times?

How _____ you _____ _____ _____ in _____ _____ in peak hours?

How about _____ drop in _____ quality during _____ _____ _____?

_____ steps are being _____ to _____ the frequent _____ inconnection _____ during _____ _____?

What are _____ _____ _____ have been _____ to _____ connection quality _____ _____ hours?

What _____ happening to poor _____ _____ _____?

Are _____ _____ to _____ frequent connection drops _____ peak _____?

How do _____ _____ _____ connection _____ _____ busy times?

Measures _____ _____ taken to _____ _____ connectivity _____ _____ busy hours.

Will _____ _____ something _____ about diminishing connection _____ _____ _____ periods?

_____ _____ _____ _____ taken to fight _____ _____ drop _____ connection quality during the peak _____?

_____ _____ _____ being taken to stop the frequent drops _____ _____ _____ _____ _____ hours?

_____ _____ _____ deal _____ _____ in _____ quality during busy times?

_____ _____ have _____ to improve network _____ during _____ hours?

_____ measures are _____ taken to fight _____ drops in connection _____ _____ _____ _____?

_____ can _____ _____ with regular _____ at busiest _____?

Is _____ _____ about diminishing _____ quality _____ _____ periods?

_____ it's busiest, _____ are _____ to address _____ in _____ _____.

Measures _____ _____ taken to slow down _____ decline _____ connectivity levels _____ _____ _____.

_____ _____ during _____ times are _____ addressed.

Measures are being _____ _____ decreasing _____ levels during _____ _____?

_____ procedures _____ being implemented _____ order to _____ _____ _____ _____ peak hours?

There are steps taken to _____ _____ _____ _____ cut _____ _____ hours

_____ _____ _____ taken _____ fight _____ _____ drops _____ connection quality during peak hours?

_____ _____ any efforts _____ to make _____ _____ quality better _____ it gets _____?

_____ _____ times, any fixes for _____ _____ _____?

How _____ _____ deal with _____ in _____ quality _____ _____ hours?

_____ steps _____ taken _____ address _____ connection quality during _____ _____?

Have _____ been _____ to _____ _____ connection quality _____ when it _____ _____?

_____ _____ you resolving _____ issues during _____ _____?

During _____ hours, _____ _____ _____ taken to resolve connections that _____ _____ _____.

What can _____ done _____ _____ the _____ in _____ quality _____ _____ hours?

_____ are the steps taken _____ address _____ drops in _____ quality _____ _____ _____?

_____ _____ any efforts _____ to _____ the drop in connection quality _____ _____ _____ _____?

____ are ____ taken ____ resolve connections that ____ not ____ during ____ ____.

Measures to ____ ____ ____ at peak ____?

How ____ you handle the ____ ____ in ____ ____ at busy ____?

____ ____ be anything done ____ diminishing ____ ____ busy periods?

____ steps are ____ to address ____ connection quality ____ the ____ ____?

____ peak ____ what ____ are you ____ connection ____?

How are ____ handling ____ in connection ____ at ____ ____?

What ____ poor connections ____ ____?

Will there be improvements ____ mitigate ____ ____ ____ drops ____ ____ hours?

During peak ____ there are ____ ____ to ____ ____ that are ____ ____.

____ ____ steps to address ____ ____ in network performance ____ ____ busiest?

How can ____ ____ ____ ____ drop-offs ____ busy times?

____ ____ hours a number ____ ____ are ____ to ____ connections ____ drop.

During peak hour disruptions, ____ ____ ____ being ____ to improve ____ ____?

What ____ ____ measures ____ ____ being ____ to ____ peak hour connectivity?

How ____ ____ drop in ____ ____ during ____ hours?

What action is being ____ to ____ ____ ____ ____ in ____ quality ____ the ____ hours?

____ ____ ____ ____ handling ____ connection quality during busy times?

What ____ been ____ about poor ____ ____ ____?

During ____ ____ being ____ about ____ connections?

Fix ____ troubles during ____ ____?

____ you have any measures ____ ____ ____ deal ____ recurring internet issues ____ ____ ____?

Do any ____ ____ ____ ____ for better connection ____ peaks?

____ do you ____ the ____ ____ in ____ quality at ____ times?

Are ____ ____ attempts to ____ the ____ ____ connection ____ when it ____ busy?

How to ____ ____ bad ____ ____

____ ____ ____ that can be done ____ mitigate frequent connection ____ ____ ____ hours?

Have ____ actions been ____ ____ better connection at ____ ____?

Measures ____ being put in place to ____ ____ ____ decline ____ ____ levels ____ ____ hours.

Is there any ____ ____ resolve the ____ drops ____ ____ ____ during ____ times?

____ fix ____ ____ peak connection?

There are measures that ____ ____ taken ____ ____ connection issues ____ ____ ____.

____ ____ progress to reduce frequent ____ drops during ____ ____?

How do ____ address the drop ____ ____ ____ ____ the ____ hours?

____ are poor ____ being treated ____ ____?

There ____ ____ ____ ____ signal strength dropping ____ high ____ periods.

What ____ ____ ____ being taken to ____ ____ drops in ____ ____ ____ peak hours?

Do you ____ ____ to ____ ____ ____ during peaks?

There ____ some steps ____ to resolve connections ____ ____ down ____ ____ ____.

____ ____ steps ____ to address declines ____ ____ performance ____ it's busiest.

There ____ things ____ done to ____ ____ ____ during ____ peak hours.

____ are ____ issues ____ during busy ____?

____ there measures being put ____ place regarding ____ ____ during ____ ____?

There are ____ ____ implemented to improve connection ____ ____ ____ ____ disruptions.

How ____ your company ____ ____ ____ ____ quality at ____ times?

____ ____ ____ attempt ____ to ____ signal strength ____ high activity periods?

What ____ the steps ____ ____ to ____ the drops ____ ____ ____ ____ the peak hours?

There are ____ ____ ____ resolve connections ____ frequently during ____ ____.

____ are measures being ____ ____ the ____ ____ ____ levels ____ busy hours.

Do ____ have any ____ in ____ ____ ____ ____ intermittent connectivity ____ during peak ____?

____ ____ ____ being taken ____ ____ connections during busy hours?

During peak hours, ____ ____ steps ____ ____ resolve ____ frequently ____.

____ ____ been made ____ alleviate the ____ ____ ____ quality when it ____ busy?

During peak hours, there ____ ____ that ____ ____ be ____ to ____ ____ dropping ____.

There are steps ____ ____ to be taken to ____ ____ ____ ____ ____ hours.

What is ____ ____ ____ ____ the drops in connection ____ ____ ____ hours?

How ____ ____ handle ____ ____ during peak ____?

Fix ____ issues ____ heavy ____

____ busy times what ____ were taken ____ ____ ____ connection ____?

How ____ fix ____ ____ during heavy ____?

Is there ____ ____ ____ ____ network signal during ____ hours?

When ____ ____ ____ have there been ____ ____ ____ ____ the drop in connection ____?

What procedures ____ ____ ____ to ____ ____ ____ during peak hour disruptions?

____ ____ hours, ____ ____ are taken to resolve ____ ____ fall.

____ should we ____ frequent ____ ____ ____ busy times?

What ____ some ____ ____ done ____ ____ connection quality on ____ hours?

____ do you ____ ____ ____ during ____ hours?

____ ____ any action taken for better ____ ____ peak ____?

____ are steps ____ are taken ____ ____ connections ____ ____ frequently during peak ____.

____ ____ during peaks, what's ____ ____?

____ ____ ____ that ____ ____ in ____ to resolve connections that ____ ____ during peak hours.

Have ____ been any ____ taken ____ better connect ____ ____?

Measures to ____ ____ ____ issues at ____?

____ ____ being put ____ ____ to ____ declining connectivity levels ____ ____ hours

Measures ____ being taken ____ ____ ____ ____ levels during ____ hours?

What ____ ____ taken to ____ ____ in ____ quality during peak ____?

What are the ____ ____ ____ ____ during rush ____?

How do ____ ____ ____ ____ connection quality ____ busy hours?

____ ____ be ____ done about diminishing connection quality ____ ____ ____?

____ ____ any efforts made to improve connection ____ when ____ ____ ____?

There ____ steps that need ____ be ____ ____ ____ connections ____ ____ ____ during peak hours.

____ ____ tackle ____ issues at peak ____ ____ needed.

____ our ____ times, ____ ____ ____ ____ being taken to fix recurring ____ quality ____?

____ improvements ____ ____ ____ reduce frequent connection drops during ____ ____?

Has action ____ ____ for better ____ ____ peak ____?

____ ways ____ ____ ____ connection drops in ____?

____ ____ during peaks, what ____ ____ done?

____ ____ are ____ to ____ ____ connection quality ____ peak hours?

During ____ hours, ____ ____ ____ fixing ____ problems?

How do ____ deal ____ ____ ____ connection ____ during busy ____?

How do ____ deal with a ____ ____ connection ____ ____ busy ____?

What ____ ____ ____ to address dropped connections during ____ ____?

Have there been ____ ____ to ____ ____ ____ ____ connection ____ when it ____ busy?

What ____ ____ ____ the patchy connection ____ busy ____?

____ improvements underway to reduce ____ drops ____ ____ ____?

____ ____ during ____ what is being ____ to fix ____?

____ will ____ ____ ____ connection issues ____ busy hours?

There are ____ things ____ done ____ improve ____ quality ____ ____ hours

____ steps are ____ taken to ____ ____ drops ____ ____ quality during ____ hours?

Poor ____ ____ peaks, what ____ being done ____ ____?

____ ____ ____ fix connection ____ ____ busy hours?

____ you ____ how ____ ____ regular drop-offs during ____ times?
