[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Customization and product configuration requests
Inquiry Sub-Category	Advanced feature customization
Description	Customers looking to customize advanced features of their telecommunications equipment, such as call routing, security settings, or user interface preferences.
Data Size	5,001 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

What _____ of flexibility do we _____ _____ configuring security protocols _____ _____ algorithms _____ _____ _____ _____?

Can you _____ _____ if _____ systems allow _____ _____ the security _____ _____?

_____ _____ _____ _____ us _____ change the _____ protocols _____ encryption _____ in your telecom solution?

_____ are the options _____ changing _____ and security protocols _____ _____ _____ _____ solutions?

_____ there a _____ _____ you to have flexibility _____ _____ security protocols _____ encrypting _____ _____ _____ telecom products?

_____ there _____ lot of flexibility regarding _____ andEncryption in _____ _____ _____?

_____ much flexibility _____ _____ give _____ to _____ the security and _____ in _____ _____ service?

_____ _____ possible to _____ the security protocols and _____ _____ _____ _____ provide _____ your telecom _____?

_____ we _____ the security _____ and _____ that _____ _____ in _____ telecom solution?

_____ _____ flexibility _____ _____ give _____ when we set the security _____ encrypting _____ _____ telecom _____?

_____ _____ _____ to modify security _____ and _____ _____ your telecoms solutions?

We don't _____ how _____ flexibility we have _____ _____ _____ _____ protocol and _____ with _____ _____.

What _____ do we have _____ regards _____ security _____ _____ your _____ _____?

_____ you tell _____ about the _____ _____ _____ for security prototypes _____ encryption approaches _____ _____ _____ solutions?

What are _____ _____ _____ _____ the security _____ and ciphers _____ your telephone _____?

Do _____ _____ systems _____ _____ to _____ _____ _____ of your security and _____ protocols?

_____ _____ possible _____ adjust the security _____ and _____ protocols _____ _____ your solution?

Is it possible _____ alter _____ protocols _____ _____ _____ _____ solutions?

How much _____ _____ _____ _____ _____ _____ to our security andEncryption _____ the _____ offerings?

Is _____ a _____ of _____ for security prototypes and _____ _____ _____ _____ solutions?

Does _____ system _____ a variety of changes in _____ _____ _____ _____ _____?

_____ _____ _____ _____ _____ the flexibility of configuring security protocols _____ _____ on _____ equipment?

_____ _____ tell _____ how _____ _____ _____ have in setting security _____ encryption?

We don't _____ _____ much flexibility we _____ _____ configuring _____ _____ protocol _____ encryption _____ _____ the telecom.

Will _____ be able to set _____ _____ _____ _____ methods _____ your _____?

_____ _____ have any options _____ flexible configuration of _____ _____ and _____ _____ your _____ services?

_____ _____ a _____ of modifying _____ security protocols _____ _____ _____ _____ use _____ your telecom solutions?

_____ _____ the _____ for _____ _____ _____ _____ and ciphers _____ in your telephone solutions?

____ ____ possible to ____ the security protocols ____ ____ ____ in your telecom ____?

____ would ____ to know ____ ____ of configurability for ____ ____ and encryption approaches in ____ ____ ____.

____ it ____ ____ change security ____ ____ in your ____ services.

____ it possible for us ____ ____ changes ____ the security ____ ____ ____ software of ____ ____ solution?

____ do not know how ____ ____ we have ____ configuring ____ security ____ ____ ____ with our telecom ____.

____ ____ possible ____ ____ ____ security protocols and ____ we use in ____ ____ solutions?

Are ____ able ____ clarify the ____ to ____ ____ ____ ____ include security protocols ____ encryption?

Is ____ ____ ____ ____ modifying ____ ____ protocols ____ encryption programs ____ use with your telecommunications ____?

____ am ____ ____ my telecommunication ____ let ____ adjustments in configuring ____ ____ ____ compatibility.

Is ____ ____ way to ____ security protocol and encryption ____ ____ ____ ____ in ____ ____ that is flexible?

Can ____ make changes ____ ____ ____ ____ and encryption ____ of ____ solutions?

____ ____ possible to change the settings for ____ ____ and ____ ____ your ____?

____ ____ the ____ ____ ____ the security protocols and ____ that we use for ____ ____ ____?

Will there be ____ in ____ ____ security ____ and ____ ____ ____ configured?

____ there ____ possibility of changing ____ ____ ____ ____ encrypting the ____ through your ____?

____ you ____ me ____ extent ____ which ____ ____ add security protocols ____ ____ to your ____ offerings?

____ we able ____ ____ ____ and encryption ____ ____ telecom solutions?

Are there ____ ____ ____ ____ ____ security protocols and ____ programs on ____ ____ solution?

____ there be room for ____ when configuring ____ ____ ____ ____ ____ schemes?

I want ____ know ____ ____ telecommunication ____ let ____ adjustments to ____ ____ and cryptant ____.

Is there ____ level ____ customization ____ ____ and encryption in ____ ____?

____ it possible ____ ____ the security ____ and encryption ____ ____ use ____ ____ telecommunications products?

What are the ____ for changing the security protocols ____ ____ ____ ____ ____ ____ ____ ____ products?

What flexibility ____ we ____ ____ it comes to ____ ____ ____ ____ your offerings?

Is ____ possible to ____ ____ security protocols and encryption ____ ____ ____ ____ ____ your telecommunications ____?

Can you ____ me ____ it ____ ____ ____ ____ the ____ protocols and ____ programs on your ____ solution?

Does your telephone ____ allow ____ ____ ____ the settings ____ ____ and ____?

Can ____ make changes ____ ____ ____ ____ and encryption software ____ ____ Telecom solutions?

What ____ ____ available ____ ____ the security protocols ____ ____ we use ____ our ____ solutions?

We don't know ____ ____ flexibility ____ have in ____ ____ protocol and encryption ____ ____ ____.

We need ____ ____ the ____ ____ flexibility that you have ____ ____ ____ security ____ and ____ encryption strategies.

Does ____ ____ ____ ____ ____ ____ change the ____ of the ____ protocols and ciphers?

____ we ____ the security ____ ____ ____ used ____ telecom solutions?

____ ____ our ____ for changing the security ____ and ____ ____ your telephone ____?

How ____ flexibility ____ you give me ____ make security ____ ____ ____ my communications ____ ____?

Is ____ possible for ____ ____ tell ____ the extent ____ which ____ telecom ____ may include ____ ____ and ____?

____ we ____ the ____ and encryption ____ your telecom ____?

____ ____ have much ____ ____ configuring ____ and encryption in ____ ____ services?

Can you ____ ____ ____ much flexibility is ____ ____ ____ and encryption?

Do your telephone ____ allow ____ ____ ____ the ____ ____ and ciphers ____ fit your ____?

Is ____ possible ____ ____ the level ____ ____ ____ the ____ protocols and ____ ____ implemented within ____ telecommunications software?

Is ____ possible ____ alter security and ____ ____ ____ telecom ____?

How many ____ ____ are ____ for configuring ____ ____ encryption in ____ ____?

____ much ____ can you give us ____ we set ____ and ____ in ____ ____ ____?

____ are the ____ for changing ____ security protocols and ____ that are ____ ____ ____ ____?

____ ____ ____ can ____ give me to ____ security ____ ____ for my ____ services?

What is the ____ ____ ____ security ____ in ____ Telecom offerings?

____ your telephone ____ ____ ____ to ____ the settings of the security ____ ____ ____.

Can ____ let me ____ ____ much flexibility you ____ in setting up ____ ____ ____ ____?

____ there a way ____ modify the ____ ____ ____ encryption ____ you ____ for ____ solutions?

____ are ____ ____ ____ ____ security protocols and ____ used for telecommunications ____?

____ ____ possible to change security ____ and ____ ____ in telecom ____?

____ there any way ____ ____ ____ ____ ____ encryption programs on ____ telecom solution?

Is ____ ____ way ____ modify ____ security ____ and ____ ____ with the telecom ____?

____ level of ____ is ____ ____ ____ ____ protocols and encryption ____ your phone ____?

Are ____ ____ to make ____ andEncryption ____ ____ to your telecom ____?

Can you ____ the configuration ____ security ____ and ____ ____ ____ telecom ____?

Do ____ ____ ____ power ____ change our ____ ____ arrangements ____ your telecommunication solutions?

____ you tell me ____ much ____ you ____ in your ____ service to ____ up ____ ____ ____?

____ you please tell ____ ____ ____ systems ____ ____ ____ ____ be made to the ____ andcrypton protocols?

____ you tell me ____ the ____ are for changing ____ security protocols ____ encrypting ____ ____ ____ ____ telecom?

____ ____ ____ more information ____ the ____ ____ ____ your telecom offerings ____ ____ security protocols and encryption?

Can ____ ____ ____ ____ the ____ of flexibility ____ ____ ____ up your security and encryption ____ your ____ services?

____ you have ____ possibility of ____ security ____ and encrypting ____ ____ ____ telecom ____?

____ security protocols ____ encryption ____ be ____ in telecom ____?

____ ____ modify security ____ ____ ____ your telecom solutions?

Can you tell ____ ____ there are ____ ____ for changing the ____ ____ ____ encrypting ____ data ____ ____ telecom?

____ ____ the ____ for changing ____ ____ ____ and ciphers ____ are contained in ____ solutions?

____ you ____ me if ____ are ____ options ____ ____ the ____ protocols and ____ ____ ____ through the telecom

____ ____ ____ ____ for changing ____ security protocols and ciphers contained ____ ____ ____ solutions?

____ you able ____ ____ ____ ____ flexibility of ____ ____ protocols and ciphers ____ your equipment?

Can ____ tell ____ the ____ of ____ you have ____ setting ____ ____ ____ and encryption?

____ much flexibility can ____ give ____ ____ ____ ____ the security and encrypt ____ your ____ ____?

What amount ____ flexibility ____ ____ ____ ____ regards to security ____ ____ your ____ offerings?

____ we be able to ____ ____ ____ ____ arrangements with ____ solutions?

____ ____ have options to ____ security protocols and ____ ____?

____ don't ____ how much ____ ____ have ____ ____ ____ protocol ____ encryption with your telecom ____

____ are ____ options for ____ ____ protocols ____ ciphers ____ ____ Telecommunications solutions.

____ are ____ if ____ ____ ____ ____ protocols and ____ methods could ____ altered by us.

Do we ____ ____ ability to ____ our secure ____ ____ ____ ____ solution?

What ____ ____ level of customization for security and ____ ____ ____ ____?

Is ____ ____ ____ change security protocols andEncryption methods ____ ____ ____?

____ it possible to adjust the security protocols ____ ____ protocols ____ ____ ____ ____?

____ you tell me ____ amount of flexibility you ____ ____ setting ____ ____ security and ____ ____ your ____ ____?

____ would like to ____ if ____ ____ systems allow ____ adjustments in ____ security ____ ____.

____ ____ ____ me the level ____ flexibility in ____ ____ protocols and ____?

____ ____ possible ____ modify ____ ____ ____ and encryption programs you use ____ your ____ equipment?

Can we ____ the ____ protocols ____ ____ ____ that ____ integrated into ____ solutions?

____ ____ ____ ____ ____ ____ ____ protocols and ciphers ____ are contained in your Telecommunications solutions?

____ ____ ____ ____ ____ you to change the settings of ____ security ____ and ____?

____ ____ ____ me about the ____ of flexibility ____ available ____ ____ ____ ____ security and encryption?

____ we make ____ ____ the ____ ____ and ____ ____ of your telecom solutions?

Can ____ ____ me ____ the range of ____ for ____ prototypes and encrypting ____ ____ ____?

How ____ flexibility ____ ____ give me in terms of security and ____ ____ ____ ____ ____?

What flexibility can you ____ ____ ____ ____ security and ____ in ____ Telecom ____?

Is it possible to modify security protocols ____ ____ ____ ____ ____ ____ ____?

Can you tell me how ____ ____ you ____ ____ setting ____ ____ ____ and ____ in your ____?

____ much ____ ____ you give me when ____ ____ to making security and ____ ____ my ____ ____?

____ we change ____ ____ ____ in your ____?

____ your telephone systems ____ ____ ____ ____ the settings ____ security protocols and ____?

How much ____ ____ ____ in regards ____ ____ and ____ ____ telecom offerings?

____ flexibility ____ you have ____ setting ____ security ____ ____ the encryption Algorithms ____ telecom ____?

____ flexibility ____ there for ____ ____ it comes ____ ____ ____ encryption for telecom ____?

How much flexibility do ____ ____ when ____ the security ____ encrypting it ____ ____ ____?

____ ____ ____ ____ to adjust the security protocol ____ cipher ____ ____ ____ telecom solutions?

____ ____ modify the ____ protocols and encryption methods ____ ____ ____?

____ are ____ ____ for changing ____ security ____ and ____ contained in ____ Telecommunications ____.

How much ____ ____ you give ____ ____ ____ ____ encryption in my ____ service?

Can we modify the ____ ____ ____ in ____ telecom ____?

____ ____ able ____ ____ security and encryption ____ tailored ____ the ____ solutions?

Are we ____ ____ ____ ____ and ____ more ____ for your ____ solution?

Does the ____ system ____ you ____ ____ ____ settings of ____ ____ ____ and ciphers?

I ____ ____ ____ ____ ____ ____ any ____ for ____ the security protocols and encrypting ____ data through ____ telecom.

Can ____ ____ your ____ ____ to ____ ____ protocols and ciphers?

____ ____ of ____ ____ you have regarding security ____ ____ your ____ offerings?

Is ____ a ____ to change ____ security protocols ____ encryption ____ ____ ____ with ____ telecom ____?

Should ____ ask ____ the ____ ____ configurability ____ ____ security prototypes and encrypting ____ ____?

Does ____ telephones allow you to ____ the ____ of the ____ ____ ____ ____?

What ____ ____ there ____ change ____ ____ ____ and ____ ____ we use for ____ telecom solutions?

Is there ____ ____ to ____ flexibility ____ ____ security ____ and ____ data ____ your telecom ____?

____ ____ tell ____ if your systems ____ for changes ____ the ____ ____ protocols?

What ____ ____ ____ for changing the ____ protocols ____ ____ that ____ in your Telecommunications ____?

Can ____ ____ ____ ____ amount of flexibility that ____ ____ to set ____ your security ____ ____?

____ you tell me if there ____ any ____ ____ for changing the security protocols ____ ____ ____ through ____ ____ ____?

Can ____ tell ____ ____ much flexibility you have to set ____ ____ security ____ ____ in ____ ____?

____ you ____ me ____ the ____ are for changing the security protocols and ____ ____ ____ ____ ____ solutions?

____ we have flexibility ____ change our ____ ____ arrangements ____ your ____?

____ much ____ do ____ have to ____ security and encryption ____ ____ ____ services?

What lengths can ____ ____ ____ change the ____ ____ and encryption methods within ____ ____ ____?

____ ____ ____ ____ have for changing ____ security protocols ____ ____ we use for ____ telecommunications ____?

____ ____ level is ____ in ____ your security protocols ____?

How ____ ____ ____ you give ____ in ____ to ____ security ____ encryption ____ my communications ____?

____ ____ ____ flexibility ____ ____ have ____ security ____ in your Telecom offerings?

Can ____ tell ____ ____ there are ____ options ____ ____ security ____ and protecting ____ within ____ telecom?

Can you tell me how ____ flexibility ____ have ____ ____ and ____ ____ your ____ ____?

Will ____ be room ____ ____ in ____ ____ that ____ security protocols ____ ____ ____ are configured?

Can ____ tell ____ about the amount of flexibility ____ you have ____ ____ ____ ____ ____ ____ in ____ telecom services?

Can ____ ____ ____ ____ extent ____ ____ ____ can add security protocols and ciphers ____ ____ telecom offerings?

____ we ____ ____ ability ____ make ____ security and encryption ____ your ____ solutions more ____?

What are ____ ____ for changing ____ ____ protocols and ____ contained in ____ ____ ____?

Is it ____ ____ adjust security protocols and ____ ____ ____ telecom ____?

____ much ____ is there ____ ____ ____ to ____ security ____ encryption in your ____?

____ ____ ____ us about the amount ____ flexibility ____ you ____ in ____ up your ____ and ____?

____ you tell me ____ ____ ____ you have in ____ ____ ____ ____ encryption in your ____?

We ____ ____ if ____ ____ ____ and ciphering ____ of our ____ solutions can be ____.

Will ____ ____ ____ ____ ____ ____ in the security protocols ____ ____ schemes that ____ put ____ your Telecom equipment?

Can you ____ ____ the amount ____ ____ ____ to set ____ your ____ and encryption in ____ telecom ____?

Can you ____ ____ more ____ about ____ ____ to which ____ ____ offerings ____ include security protocols and ____?

____ we have ways ____ modify ____ ____ ____ ____ with your telecommunications ____?

Can we ____ ____ protocols and ciphers used ____ ____ ____?

____ ____ ____ ____ about ____ amount of ____ ____ you have in setting up your security ____ ____?

How ____ can ____ change ____ ____ protocols and ____ ____ ____ your telecommunication systems?

____ you have ____ possibilities ____ ____ security ____ ____ encrypting data ____ your telecom ____?

____ ____ modify ____ ____ and encryption of your ____ solutions?

Can ____ ____ ____ ____ ____ of setting security protocols ____ ciphers ____ my equipment?

____ you ____ ____ if ____ is ____ ____ to change the ____ protocols and encrypting ____ data ____ the ____?

____ ____ possible ____ us to ____ the ____ protocols ____ encryption software ____ your ____ products?

When ____ ____ to our ____ and encryption ____ ____ ____ ____ much flexibility is ____?

____ much flexibility ____ ____ ____ me when making ____ and encryption ____ ____ ____ services?

Do you have any ____ for ____ the ____ ____ ____ ____ data through your ____ ____?

____ much flexibility is there ____ set up ____ ____ ____ encryption ____ ____ services?

____ ____ flexibility ____ there ____ ____ ____ to our security andEncryption in ____ ____ offerings?

Does ____ telephone ____ ____ ____ to modify ____ settings of security ____ ____ protocols?

____ ____ give us ____ on how much flexibility you have ____ ____ ____ your ____ ____ ____ in your ____ services?

How ____ ____ ____ you give us when it comes to ____ security ____ ____ in ____ ____ ____?

I'd ____ ____ ____ the range ____ configurability ____ ____ ____ and encrypting communications solutions.

How ____ ____ ____ need ____ ____ ____ protocols and Encryption ____ within ____ telecommunications solutions?

What ____ the options for ____ the security protocols ____ ____ that ____ use ____ ____ ____ ____

Can you ____ ____ ____ ____ are ____ possibilities for changing ____ security protocols ____ ____ the ____ through your ____?

____ ____ level is there in ____ your ____ ____ andcryptology?

How ____ we ____ ____ ____ protocols and ciphers ____ in your ____ ____?

Can you tell ____ ____ ____ configuration ____ ____ ____ andcrypton ____ can be adjusted?

____ your telephone ____ ____ you change ____ ____ ____ ____ security and cryptography protocols?

How much ____ do ____ ____ ____ setting the security ____ ____ ____ ____ telecom offerings?

Can ____ ____ the security and ____ ____ your telecom ____?

Is there a ____ ____ arrange ____ ____ ____ in ____ telecom services ____ ____ way that ____ flexible?

What ____ ____ flexibility ____ we have regarding ____ ____ Encryption ____ your ____?

____ there a ____ ____ ____ ____ security protocols ____ encryption programs you ____ for ____ ____ equipment?

____ ____ ____ the ____ and encryption ____ your solutions?

Can you ____ ____ how much flexibility ____ available to set ____ your security ____ ____ in ____ ____ ____?

____ ____ ____ you have for security andEncryption ____ ____ ____ offerings?

____ much ____ ____ ____ ____ ____ when we ____ ____ security and encrypting in our telecom ____.

We ____ ____ ____ how much flexibility ____ ____ ____ for configuring ____ security protocols ____ the ____ strategies.

____ would like to ____ if ____ ____ any ____ ____ changing ____ security ____ and encrypting data ____ ____ telecom.

Can you tell me the ____ ____ ____ ____ ____ ____ include ____ protocols ____ encryption?

Do we have ____ ability ____ make security ____ ____ more ____ ____ ____ telecom ____?

____ ____ ____ ____ adjust ____ secure protocol ____ with your telephone solutions?

____ you ____ me ____ ____ flexibility ____ ____ to set up your ____ and encryption in ____ ____?

____ ____ ____ systems allow ____ to adjust ____ settings ____ ____ security ____ cryptography protocols?

Is there ____ ____ ____ modify the ____ ____ ____ ____ programs that ____ use with your ____ equipment?

____ are the ____ ____ changing ciphers ____ security ____ in ____ ____ solutions?

____ flexibility do ____ have ____ regards ____ ____ ____ ____ your Telecom offerings?

Can ____ tell ____ about ____ possibilities ____ ____ ____ ____ and ____ data through ____ telecom solutions?

____ it possible ____ ____ our secure ____ ____ with ____ communication solutions?

____ we have the flexibility ____ ____ ____ secured protocol ____ ____ ____ solutions?

____ ____ the ways in which we ____ ____ the security ____ and ciphers that ____ ____ for ____ ____ ____?

____ ____ do we ____ for ____ ____ security protocols ____ ____ used in our telecommunications ____?

____ ____ ____ systems ____ you to ____ the settings ____ ____ ____ protocols and ciphers?

We ____ curious ____ ____ degree ____ flexibility ____ the security protocols ____ encryption ____ ____ telecom ____.

____ it ____ ____ arrange security protocol ____ ____ in your telecom ____ ____ ____ way that ____ flexible?

Does _____ phone system _____ you _____ change the _____ _____ _____ _____ and _____ protocols?

_____ much _____ can you _____ me _____ make my _____ and _____ more _____ in my _____ _____?

Does your _____ _____ _____ you _____ _____ the security protocols _____ ciphers for _____?

Can _____ tell me _____ _____ flexibility _____ _____ in your telecom service _____ set _____ your security _____ _____?

_____ _____ have _____ ability _____ make _____ _____ encryption tailored _____ your telecom solutions?

_____ your phone systems _____ you _____ adjust the _____ protocols and ciphers _____ _____ _____ _____?

Is it possible _____ _____ _____ protocols and _____ methods _____ _____ telecom _____?

Is there _____ lot of flexibility _____ _____ _____ _____ _____ in your _____ offerings?

Do we _____ _____ _____ change _____ secure protocol arrangements _____ _____ solution?

_____ need _____ _____ how flexible _____ _____ in creating _____ protocols _____ _____ things for _____ telecom solution.

Does _____ _____ possible for us _____ _____ _____ security _____ and encryption software _____ _____ Telecom _____?

Does your _____ _____ _____ _____ you to adjust the settings _____ the security _____ _____ _____?

_____ it _____ for us _____ change the _____ protocols _____ _____ software _____ _____ solutions?

_____ are the options for changing the security _____ and _____ _____ _____ _____ _____ _____?

How much flexibility do _____ _____ us _____ you _____ _____ _____ and _____ _____ your _____ offerings?

_____ would _____ to know if there _____ _____ way _____ _____ the _____ protocols _____ _____ the data through your _____.

How much flexibility _____ you _____ _____ _____ _____ set _____ security _____ _____ _____ for telecom offerings?

_____ there _____ _____ of _____ the security protocols and encryption protocols _____ _____ _____?

How _____ _____ is _____ for the telecom _____ _____ _____ _____ to security and _____?

_____ you _____ _____ ability to _____ _____ secure _____ arrangements with your _____?

_____ _____ _____ know if there are any options for changing _____ _____ _____ _____ data _____ _____ telecom.

_____ flexibility _____ _____ have with regard _____ security _____ _____ _____ Telecom offerings?

_____ it possible _____ modify _____ security _____ and _____ programs _____ _____ your _____ solutions?

_____ _____ _____ with your telecom products, _____ clients _____ modify _____ protocols and _____ encryption techniques of _____ _____?

_____ you have options _____ _____ configuration _____ _____ protocols and encryption _____ your _____ _____?

Can you tell me how _____ _____ is _____ in _____ _____ your _____ _____ _____?

_____ are the options _____ for _____ the _____ protocols and ciphers _____ _____ _____ Telecommunications _____?

Can you tell me _____ options _____ have for _____ the _____ _____ _____ _____ _____ _____ through my telecom?

Is it _____ _____ _____ _____ _____ _____ and encryption strategies with _____ solutions?

Is _____ possible to _____ security _____ and encryption _____ for the _____ _____ _____ _____ solution?

Can _____ tell _____ _____ _____ _____ _____ _____ adjustments _____ the security and Crypton protocols?

How much _____ _____ _____ have to set _____ _____ _____ and encryption?

_____ _____ have _____ _____ _____ modify the security _____ and _____ used _____ telecom solutions?

Would you _____ _____ _____ modify security protocols _____ _____ _____ your _____ equipment?

_____ _____ have _____ _____ _____ modify _____ security protocol and _____ methods of _____ in your communications _____?

What amount of _____ _____ there _____ security _____ _____ _____ Telecom offerings?

Is _____ possible _____ modify the _____ protocols _____ encryption programs that _____ _____ _____ _____ phone _____?

How _____ _____ able _____ change the _____ protocols _____ _____ _____ _____ our telecommunications products?

Is _____ _____ to _____ changes _____ the _____ protocols _____ encryption software _____ your Telecom _____?

_____ you tell us _____ _____ _____ allow _____ _____ to _____ security andcrypton protocols?

I _____ _____ what the range of configurability _____ _____ prototypes _____ encrypting _____ _____ _____.

_____ _____ _____ the _____ to _____ the secure protocol _____ _____ your solution?

Can you _____ _____ what options _____ have _____ _____ _____ security protocols and encrypting _____ _____ your _____ solutions?

_____ there a _____ of _____ _____ security protocols and _____ _____ _____ the telecom _____?

Does _____ telephone _____ allow you _____ _____ the _____ of the _____ _____ and _____?

_____ it possible to _____ _____ in _____ telecom _____?

_____ _____ telephone system allow you _____ adjust the _____ _____ _____ _____ cryptography protocols?

_____ much flexibility can _____ _____ _____ when _____ _____ to your _____ and _____ offerings?

_____ you _____ us if _____ _____ allow _____ changes _____ _____ security _____ cipher protocols?

_____ you _____ us if _____ _____ allow _____ _____ to be made to _____ security and _____ _____?

____ ____ tell ____ how ____ ____ you have ____ ____ security and encryption ____ your ____ services?

____ ____ a ____ ____ ____ security protocol and encryption in your ____ ____ with ____?

____ we ____ the ciphers ____ security protocols ____ ____ the telecom ____?

____ ____ have the ____ to ____ our secured protocols with ____ ____?

Is it ____ to ____ ____ ____ protocols ____ encryption ____ you provide ____ Telecom?

There ____ ____ possibility ____ adjusting ____ ____ protocols and ____ protocols ____ ____ Telecom solutions.

Is ____ ____ way ____ modify ____ ____ protocols ____ ____ ____ you provide for your ____ solutions?

____ level ____ flexibility do we have ____ ____ ____ protocols and ____ ____ ____ our ____ solution?

____ you tell ____ ____ how ____ flexibility is ____ to ____ ____ your security and encryption in ____ ____?

____ ____ ____ ____ ____ ____ have ____ relation to ____ andEncryption in our Telecom offerings?

____ ____ ____ to use our telecommunications ____ ____ ____ security protocols and ____ data?

Is ____ ____ ____ ____ to ____ the ____ to which ____ telecom offerings ____ security ____ and encryption?

Can ____ tell me if there are any ____ options ____ changing ____ ____ protocols ____ ____ ____ ____?

Does your phone ____ ____ ____ ____ ____ the settings ____ your ____ and cryptography ____?

What ____ the options ____ ____ ____ ____ protocols ____ ____ that are contained in ____ telephone ____?

How much ____ ____ ____ ____ to me in ____ ____ and encryption ____ my Telecom ____?

Changing security ____ ____ ____ data ____ ____ telecom solutions?

____ ____ ____ ____ about the options ____ ____ the ____ protocols and ____ the data within ____ telecom?

____ ____ ____ ____ the level ____ flexibility you offer for ____ security protocols and ____ ____ ____ your telecom.

Can ____ ____ ____ ____ information about ____ ____ flexibility you have ____ setting ____ your ____ and encryption?

We don't know if ____ ____ ____ flexibility in configuring the ____ protocol ____ ____ ____ ____ ____ telecom.

____ ____ the options ____ ____ ____ security ____ and ciphers contained in ____ Telecommunications ____?

Can you tell ____ ____ the ____ ____ ____ security protocols and encrypting ____ through ____ ____ ____.

Can ____ ____ me ____ much flexibility is available to set ____ your security and ____ ____ ____ ____ ____?

____ are ____ options ____ changing ____ ____ ____ and ciphers found ____ ____ Telecommunications solutions?

____ ____ tell me ____ ____ ____ which we can setup ____ ____ and ____ in your ____ offerings?

____ you ____ me how ____ flexibility you ____ ____ it ____ ____ setting up your ____ ____ ____ in your services?

____ need to know ____ ____ of flexibility ____ ____ ____ ____ ____ protocols and encryption.

____ ____ ____ way ____ modify security protocols ____ encrypting data through your ____ ____?

Will there be enough ____ when it ____ to setting ____ ____ ____ ____ ____ ____ ____ equipment?

Can ____ ____ ____ ____ the ____ ____ and ____ software of your telecom products?

What ____ the ____ ____ ____ ____ the ____ protocols ____ ciphers ____ your telephone solutions?

There ____ a ____ of adjusting ____ ____ protocols and ____ protocols ____ in ____ ____ solutions.

____ ____ ____ the ____ protocols ____ ciphers ____ ____ for the telecom solutions?

Is there ____ ____ ____ change ____ ____ protocols ____ ____ the data within ____ telecom?

____ it possible to change the ____ ____ and ____ ____ of ____ telecom ____?

Can we ____ security ____ ____ in ____ telecom ____?

____ ____ have the ____ ____ make security and ____ ____ tailored to ____ telecom ____?

____ need to ____ how flexible we ____ ____ creating security ____ and encrypting things ____ ____ ____ ____.

____ much ____ ____ you give ____ when we ____ our security ____ ____ ____ our telecom ____?

____ ____ modify ____ security ____ and ____ we use in the ____ ____?

Can we ____ security protocols ____ ciphers used ____ ____ ____?

____ ____ ____ the security protocol and ____ methods ____ our ____ solutions?

What ____ ____ there ____ ____ when it ____ to security and ____ in ____ ____ offerings?

What level ____ ____ ____ we ____ ____ creating ____ protocols ____ encrypting things ____ your ____ products?

____ ____ ____ to ____ ____ security protocols and encryption programs that are ____ with ____ ____ ____?

Can ____ tell me ____ amount of ____ you have in ____ ____ ____ ____ and ____ in your ____?

Are ____ ____ to change ____ settings ____ ciphers in your ____ ____?

____ there ways to ____ ____ ____ and ciphers ____ your ____ solutions?

Is ____ ____ to change ____ security protocols ____ ____ ____ ____ with your telecom ____?

Altering security ____ ____ ____ data ____ your telecom solutions ____ ____?

Does your ____ system let you adjust ____ ____ ____ ____ security ____ ____ protocols?

Can ____ modify ____ security protocols and ciphers ____ ____ the ____ ____

____ we ____ to ____ the ____ ____ ____ our telecom solutions?

Is ____ possible ____ us to ____ ____ to ____ ____ protocols and ____ software ____ ____ solution?

Please ____ me ____ my ____ systems ____ ____ for adjustments ____ ____ security ____ cryptant compatibility.

____ flexibility ____ involved in configuring ____ security ____ ____?

____ there ____ ____ ____ ____ the ____ ____ and encrypting data through your ____ solutions?

____ there a ____ to ____ security protocols ____ ____ with ____ telecommunications ____?

____ it ____ to ____ security protocols ____ encryption ____ ____ ____ telecom solutions ____ provide?

____ ____ ____ room for flexibility in the ____ ____ configured ____ ____ ____ and encryption schemes?

Is ____ a ____ ____ change ____ protocols andEncryption ____ ____ ____ telecom solution?

Is it possible to modify ____ ____ ____ ____ encryption ____ you use for ____ ____ ____?

Do you ____ ____ ____ of configurability ____ ____ ____ and encryption approaches in ____ telecom ____?

____ you tell ____ ____ ____ is a way ____ ____ ____ protocols ____ ____ data through your telecom?

Is ____ possible ____ modify security ____ encryption in ____ ____ ____.

Do you have ____ ____ for ____ to ____ flexibility ____ using security ____ ____ encrypting data ____ ____ ____ products?

____ ____ any ____ ____ ____ the security protocols ____ encryption programs on ____ telecom ____?

Is it ____ to modify ____ cipher ____ ____ protocol ____ in the ____ ____?

____ ____ explain the ____ of configurability ____ ____ prototypes and ____ ____ ____ your telecom solutions?

What ____ ____ we have to ____ ____ ____ ____ ____ ciphers contained ____ your telephone solutions?

What ____ the ____ we have ____ changing ____ ____ protocols and ____ ____ your ____ solutions?

How ____ flexibility ____ you give ____ ____ ____ comes ____ ____ ____ encryption in my communications ____?

What ____ ____ there ____ ____ when it comes to ____ security ____ encryption in ____ ____?

____ ____ tell me how ____ flexibility ____ have ____ ____ ____ your security and ____?

____ you tell ____ if ____ is a ____ ____ modify ____ ____ protocols ____ encryption programs you ____?

Do we have ____ option ____ ____ ____ ____ protocols ____ your solution?

How ____ ____ ____ we ____ ____ ____ set the security and ____ in ____ telecom offerings?

____ ____ possible ____ change security ____ and encryption methods ____ ____ ____ solutions?

____ ____ ____ flexibility in how your security ____ ____ ____ schemes are ____ for your ____ ____?

____ ____ ____ ____ have ____ ____ ____ system safeguard and ____ encryption ____ by a telecommunications product?

How are ____ ____ ____ ____ the security ____ ____ ciphers in your ____ solutions?

____ flexibility do ____ ____ ____ ____ to security ____ in your ____ offerings?

____ need to know ____ flexibility ____ ____ in creating ____ protocols and ____ things ____ ____ telecom ____.

____ amount of ____ ____ ____ ____ ____ it comes to security and encryption ____ ____ offerings?

How much ____ ____ ____ give us as ____ ____ ____ ____ and encrypting in our ____ ____?

____ is the extent to which ____ ____ security protocols andcryptology ____ ____ ____ ____?

____ ____ of flexibility ____ we have ____ ____ andEncryption ____ your offerings?

Does it ____ ____ us to ____ ____ to ____ security ____ and ____ ____ of your Telecom ____?

____ ____ tell me what options I have ____ changing ____ security ____ ____ encrypting ____ data ____ the ____?

How ____ ____ can we have ____ it ____ ____ ____ security ____ encryption ____ your ____ offerings?

Are there ____ ____ to ____ ____ protocols ____ ____ with your telecommunications ____?

Do you have a ____ ____ ____ ____ ____ ____ and ____ in your ____ products?

____ you please ____ ____ if your ____ ____ for changes ____ the ____ andcrypton ____?

____ ____ tell ____ ____ ____ there are for changing ____ security protocols and ____ ____ data through ____ telecom?

Can ____ ____ me details about ____ much flexibility you ____ in setting up ____ and ____ ____ ____ ____ ____?

____ we have the ____ to adjust our ____ ____ ____ ____ your ____?

Can ____ tell ____ about the amount ____ ____ ____ to set ____ your ____ ____ encryption?

____ much flexibility can ____ give ____ when ____ set ____ security and ____ ____ your ____?

____ don't know if we have ____ ____ in configuring ____ ____ ____ ____ encryption ____ in the ____.

____ ____ ____ can you ____ us by setting ____ security ____ encrypting in ____ telecom ____?

____ ____ to know if we ____ ____ ____ ____ ____ security protocols and ____ things for our ____ solution.

____ it ____ ____ show ____ range ____ ____ ____ ____ prototypes and encryption approaches in your ____ solutions?

Is it ____ ____ ____ ____ security ____ and encryption software ____ the telecom ____?

Is ____ ____ ____ ____ ____ ____ security protocol or ____ in your business's telecommunications ____?

How ____ flexibility do you ____ us ____ ____ ____ the security ____ ____?

Does your telecommunication systems allow ____ changes ____ ____ security ____ ____ ____?

____ ____ a way ____ ____ ____ ____ ____ security protocols ____ encrypting data in your ____ products?

Will ____ ____ a ____ of flexibility when ____ ____ ____ setting security protocols ____ encryption in ____ ____ equipment?

What are ____ ____ for changing security protocols and ____ ____ ____ your ____ ____?

Does your telephone ____ ____ you ____ change ____ ____ of ____ ____ ____ ciphers to ____ your needs?

____ there a way to ____ ____ protocol and encryption ____ ____ telecom ____ in ____ way ____ ____ are ____?

Do ____ telephones ____ you ____ ____ the settings of ____ security protocols ____ ____?

Are there any ____ for changing ____ protocols and encrypting ____ ____ ____ ____ ____?

____ ____ of ____ do we have ____ ____ security protocols ____ encrypting ____ ____ ____ telecom solutions?

____ ____ ____ can you give us ____ you ____ the security and encrypting ____ ____ ____?

____ ____ to know if ____ ____ systems will ____ for changes ____ configuring ____ ____ cryptant ____.

____ you tell ____ ____ ____ ____ of flexibility you have in ____ up your security ____ encryption ____ ____ telecom ____?

____ your ____ ____ allow you ____ ____ ____ security ____ ____ ciphers to fit your needs?

____ ____ ____ what ____ range of configurability ____ for ____ ____ ____ encrypting communications solutions?

I ____ ____ ____ if there ____ any possibilities ____ ____ ____ ____ protocols and encrypting ____ ____ through the telecom.

____ ____ ____ ____ ____ change the configuration of the ____ ____ and cipher used ____ telecom ____?

____ ____ ____ ____ ____ for ____ security protocols ____ encrypting ____ through your telecom solutions?

____ ____ be enough ____ when it ____ ____ setting security protocols and ____ ____ ____ ____ equipment?

____ it possible to tell me ____ ____ flexibility there ____ ____ ____ ____ your security ____ encryption in ____ telecom ____?

Is ____ possible to ____ the security ____ and ciphers that ____ ____ ____ our ____ ____?

____ it ____ ____ ____ security protocols ____ ____ encryption techniques ____ own ____ with telecom products?

Is it possible ____ ____ security settings ____ ____ the ____ ____ you've ____ us?

Do ____ know ____ ____ flexibility level ____ in configuring ____ ____ protocols ____?

Can ____ tell me ____ there are any ____ ____ ____ changing the ____ protocols and encrypting ____ ____ ____ ____ telecom?

Do ____ ____ the ability to ____ our ____ ____ arrangements with ____ ____?

____ it possible ____ ____ security protocols and ____ ____ your ____ solutions?

____ amount of ____ do ____ have regarding ____ andEncryption in ____ ____?

Can we ____ ____ ____ andEncryption ____ your ____ solutions?

____ ____ ____ to ____ the security protocols ____ encryption programs you ____ with your ____ ____?

____ ____ a ____ ____ modifying the ____ protocol and cipher ____ within ____ ____ solutions?

Can ____ ____ ____ ____ ____ ____ your equipment has in deciding security ____ and ____?

Does ____ system ____ ____ ____ changes in configuring ____ protocols ____ cryptography?

Does your ____ ____ allow ____ ____ change the ____ for security ____ ____ ciphers?

____ ____ of flexibility ____ we have in ____ security ____ ____ encryption in your ____ ____?

____ ____ tailor our ciphers and protocols ____ ____ ____ solution?

____ are the ____ ____ changing the ____ ____ and ____ ____ use for our ____ products?

We do ____ know how much flexibility we have ____ configuring ____ security protocol ____ ____ ____ ____ ____ ____.

What ____ can ____ offer ____ protocols ____ cryptology ____ your telecom ____?

____ ____ please ____ ____ ____ my telecommunication ____ allow for adjustments ____ configuring security ____ cryptant ____.

Can ____ tell ____ ____ ____ possibilities ____ changing the security ____ ____ ____ the ____ through the telecom

Do we ____ the ability to modify ____ ____ protocol ____ ____ ____ ____?

____ it ____ to change the ____ ____ ____ encryption ____ that ____ ____ for ____ telecom solutions?

We don't ____ how ____ ____ is available in ____ the ____ ____ and encryption ____ ____ ____ solutions.

I ____ to ____ if ____ are ____ options for changing ____ security ____ ____ encrypting the ____ ____ the ____.

Does ____ ____ ____ allow ____ to change the settings of ____ ____ ____ ____ ciphers to ____ your needs?

I ____ to ____ ____ ____ are ____ possibilities for ____ the ____ protocols or ____ ____ ____ your telecom solutions.

____ much freedom ____ you ____ ____ when ____ ____ the security and ____ ____ our telecom ____?

Does ____ ____ ____ allow you ____ ____ adjustments to ____ security protocols ____ ciphers?

How much ____ ____ ____ have in ____ security and ____ in your ____ ____?

What extent can ____ ____ security ____ andcryptology ____ ____ telecom ____?

Do ____ have any ____ ____ configuring security ____ and ____ ____ ____ telecommunications services?

____ there a way ____ modify ____ ____ protocol ____ ____ used within ____ ____ solutions

Can you tell ____ ____ ____ are ____ options for changing ____ ____ ____ encrypting data ____ my ____?

Can ____ ____ security ____ ____ in ____ telecom solutions ____ provided?

Can you tell ____ ____ ____ ____ flexibility in ____ security protocols ____ ____ solutions?

____ there ____ we ____ do to ____ security protocols ____ ____ using ____ telecommunications ____?

____ options ____ ____ for changing the ____ ____ and ciphers we ____ for our ____ ____?

____ ____ of flexibility ____ you ____ ____ when ____ ____ the ____ and ____ in our telecom offerings?

Do ____ have ____ options ____ flexible ____ of security protocols ____ ____?

____ you ____ ____ ____ ____ ____ ____ ____ I have to add to my telecom services?

Is it ____ ____ ____ changes ____ the security ____ and ____ software of your ____ ____?

Is ____ ____ to change ____ security protocols ____ ____ in your ____ ____?

I ____ to know if there are ____ customization ____ ____ ____ the security ____ and ____ ____ ____ ____ the telecom.

Is it possible to modify ____ ____ ____ and ____ ____ on ____ ____ solution?

____ ____ of ____ protocols ____ are we able to ____ ____ your telecom ____?

____ we have the ability to modify ____ ____ ____ ____ ____ telecom ____?

Can you ____ me ____ there are any possibilities for ____ the security ____ ____ ____ ____ ____ ____ ____ telecom?

Can you ____ us ____ ____ ____ how ____ ____ ____ available to ____ up your security and ____?

____ ____ do we have when it comes to ____ ____ encryption ____ ____ ____ ____?

____ ____ any way ____ ____ security protocols ____ ____ ____ your telecommunications equipment?

____ ____ change ____ ____ protocols and ____ software within ____ solutions?

Does ____ ____ ____ allow ____ ____ make changes ____ the security and ____ protocols?

____ ____ ____ and encryption methods be adjusted for ____ ____ ____ the ____ solution?

Can you ____ me if ____ telecommunication ____ ____ for adjustments ____ ____ ____ security ____ cryptant ____.

____ ____ change ____ ____ protocol ____ with our telecom solutions?

How ____ ____ ____ ____ give me to ____ ____ ____ encryption in my communications?

____ ____ have the ____ to change ____ ____ protocol ____ ____ your solution?

____ it possible ____ ____ our ____ protocols ____ your ____ solutions?

Will there ____ a lot ____ flexibility ____ the ____ protocols and encryption ____ ____ put into ____ ____ ____?

What ____ the options ____ changing ____ ____ protocols ____ ____ we use for ____ ____?

Can ____ ____ ____ ____ options there are for changing ____ ____ protocols and encrypting ____ through ____ telecom ____?

____ you ____ me ____ my telecommunication systems ____ for ____ ____ ____ security and ____ compatibility?

____ ____ ____ ____ the flexibility level in configuring ____ ____ protocols andcryptology.

Is it possible ____ ____ ____ security protocols ____ ____ programs ____ ____ telecom solution?

We ____ if ____ ____ solutions' security ____ ____ ciphering methods ____ ____ ____ by us.

____ ____ a way to ____ the level of ____ ____ security ____ ____ encryption techniques implemented ____ ____ ____ software?

____ are ____ options ____ ____ the ____ protocols ____ ciphers ____ ____ use for the telecommunications ____?

Do ____ ____ ____ ____ ____ change our ____ protocol arrangements ____ the solution?

____ ____ ____ ____ about the possibilities ____ ____ security ____ and encrypting data ____ ____ telecom solutions?

Can you give us ____ about ____ ____ ____ is available to ____ up ____ ____ ____ encryption in ____ ____ service?

Can ____ ____ me ____ ____ ____ ____ configuring security protocols ____ ciphers in your ____?

____ we able to ____ ____ protocols and ____ using your ____ ____?

____ we tailor ____ ____ and security ____ ____ your telecommunications ____?

____ ____ ____ ____ if there are ____ options for changing security ____ ____ encrypting ____ ____ your telecom.

Is _____ _____ _____ alter security _____ encryption _____ _____ telecom solutions?

What are the _____ we have for changing _____ _____ _____ _____ _____ _____ _____ phone solutions?

Do we _____ the _____ to change _____ secure _____ arrangements _____ _____ _____ solutions?

Is _____ _____ to modify the configuration _____ _____ _____ _____ _____ _____ _____ within the telecom solutions?

I have a _____ regarding the _____ _____ _____ _____ _____ prototypes _____ encrypting communications _____.

When _____ security protocols and _____ _____ _____ _____ telecom _____ is there _____ way to _____ _____?

_____ _____ _____ to modify security and _____ in _____ solutions?

_____ _____ _____ to modify the security _____ _____ _____ _____ that you use _____ telecom solutions?

_____ _____ a _____ to _____ security protocol _____ encryption _____ your telecom service in a way _____ _____ _____?

I _____ _____ know how _____ _____ is _____ to set up _____ _____ _____ encryption in your _____ service.

_____ it _____ _____ _____ _____ and encryption in your _____ solution?

_____ we modify the _____ _____ _____ in your _____?

I _____ to _____ if _____ are any options _____ _____ the _____ protocols and encrypting _____ through _____ _____.

_____ want to _____ _____ there _____ any _____ for changing _____ _____ protocols and encrypting _____ _____ your telecom _____.

_____ your _____ systems allow you _____ _____ _____ settings _____ the _____ and _____ protocols?

_____ _____ _____ _____ ciphers and _____ protocols _____ your telecommunications solutions?

I _____ _____ know if there _____ any _____ _____ for _____ _____ security _____ and encrypting _____ data through the _____.

Do _____ have a _____ to _____ security _____ and _____ _____ _____ _____ telecom solutions?

Do _____ _____ enough flexibility in _____ security and encryption _____ _____ _____ _____?

_____ you have _____ _____ _____ modify security _____ and encrypting _____ _____ _____ telecom solutions?

_____ _____ tell _____ how much _____ you _____ _____ set _____ security _____ _____ in your service?

_____ are we able _____ change _____ _____ protocols _____ ciphers _____ _____ phone solutions?

Do we _____ _____ _____ _____ change our secure protocol arrangements _____ _____ _____?

_____ _____ _____ a description of the _____ of _____ _____ security prototypes _____ encryption _____ in your telecom _____?

_____ _____ _____ range of configurability _____ security prototypes _____ _____ approaches _____ your telecom _____?

I would _____ _____ know _____ _____ _____ allow _____ changes _____ the security _____ protocols.

I want to _____ how much _____ _____ _____ to _____ up your _____ _____ encryption in _____ _____ services.

_____ we make changes _____ the _____ _____ _____ _____ software within _____ solution?

Is there an option _____ _____ the security _____ _____ encryption _____ your _____ _____?

What _____ of flexibility _____ _____ _____ configuring _____ protocols _____ encryption in your _____ _____?

How much _____ _____ there when _____ _____ _____ your security and encryption in _____ _____ _____?

_____ we modify _____ _____ _____ _____ encryption methods?

Does _____ _____ systems _____ _____ to change _____ security protocols and _____?

Do we _____ the _____ _____ change _____ _____ protocol _____ for _____ solution?

_____ options are _____ for changing the _____ _____ _____ _____ _____ in _____ Telecommunications solutions?

_____ amount of _____ _____ we _____ regarding security _____ _____ _____ telecom offerings?

_____ it be possible to change the _____ _____ and _____ _____ of _____ _____ _____?

Do _____ _____ _____ you to _____ _____ settings of security and _____ _____?

_____ _____ _____ system allow _____ _____ _____ _____ _____ of your security and cryptography protocols?

_____ _____ possible to _____ the security _____ _____ encryption protocols _____ _____ in your _____ solutions?

_____ you tell me about _____ _____ _____ _____ have in setting up _____ _____ and encryption _____ _____ services?

Do _____ _____ a way _____ _____ _____ when using security protocols and encrypting _____ in _____ _____ _____?

Can _____ tell _____ if _____ system _____ for adjustments in the _____ _____ _____?

Do we _____ any options for _____ _____ protocols _____ _____ using your _____ _____?

What amount of security _____ andcryptology _____ we _____ _____ _____ telecom _____?

Is _____ possible _____ us _____ change _____ _____ protocols and encryption _____ within your _____ _____?

What _____ can you _____ me in making _____ _____ _____ in my _____ _____?

_____ _____ possible to _____ the security protocols and _____ _____ in _____ telecom _____?

How _____ flexibility _____ your telecom offer when _____ comes _____ _____ _____ and _____?

_____ _____ _____ _____ modify _____ secure protocol arrangements with your _____ solutions?

Can you provide _____ details about _____ _____ _____ _____ have _____ _____ up _____ security and _____?

We _____ to know _____ _____ flexibility _____ have _____ creating _____ protocols _____ _____ things for _____ solution.

Do _____ have a _____ _____ give _____ when using security protocols _____ _____ data _____ _____ _____?

_____ _____ capable _____ making security _____ encryption _____ _____ _____ your telecom solutions?

_____ you tell us _____ much flexibility _____ _____ _____ _____ _____ your _____ and encryption _____ your phone services?

Can we _____ _____ to the _____ _____ and _____ software _____ our _____?

_____ you _____ me _____ there are any possibilities for changing _____ _____ and _____ data _____ _____ _____?

Can we change _____ _____ _____ ciphers we _____ in _____ _____ solutions?

_____ there be _____ _____ _____ _____ security protocols _____ encryption schemes?

_____ _____ the options _____ changing _____ security protocols and _____ contained in _____ _____?

Can we _____ _____ _____ _____ security protocols and _____ software _____ _____ solution?

Is _____ _____ _____ to modify the _____ _____ and cipher _____ _____ _____ telecom solutions?

_____ _____ _____ chance _____ _____ the _____ protocols and encryption programs _____ use _____ _____ telecom solutions?

_____ much flexibility can you _____ _____ in _____ of _____ and encryption in _____ _____ _____?

Can we _____ the _____ _____ and _____ _____ are _____ your _____ solutions?

Does _____ telephone _____ allow you to change _____ settings _____ _____ _____ and _____ _____?

_____ _____ are there for _____ the security protocols _____ ciphers _____ _____ Telecommunications _____.

Can we modify _____ security _____ and encryption _____ _____ _____ _____ products?

Do _____ have _____ _____ to make security _____ encryption _____ _____ _____ telecom solutions?

_____ _____ know how much flexibility _____ _____ in configuring _____ _____ protocol and encryption _____ _____ _____.

Will there _____ room _____ _____ _____ _____ your _____ protocols and _____ _____ _____ configured for your telecom products?

_____ _____ tell me the _____ of flexibility _____ available to _____ up _____ _____ _____ encryption in your _____ _____?

Can _____ tell me _____ there _____ _____ for _____ _____ protocols and _____ _____ _____ my telecom?

_____ options are _____ _____ changing _____ security protocols and _____ _____ your telecom _____?

_____ it _____ for _____ _____ change the _____ protocols and _____ software in your _____ _____?

_____ _____ _____ flexibility _____ in _____ your security protocols andcryptology?

_____ _____ like to _____ if _____ systems allow for _____ to _____ _____ _____ protocols.

_____ _____ like to _____ _____ my telecommunication _____ _____ for _____ _____ configuring _____ and cryptant compatibility.

Is _____ _____ to _____ _____ _____ protocols and encryption programs _____ use _____ your _____ solutions?

_____ you _____ me about how much flexibility _____ _____ _____ _____ up your _____ _____ encryption _____ your telecom _____?

_____ _____ modify the security protocols and _____ _____ in _____ telecom _____?

Are _____ _____ _____ change _____ secured protocols with our _____ _____?

_____ _____ to _____ how much _____ _____ _____ for configuring _____ security protocols and _____ encryption of your _____.

I want to _____ what _____ _____ of _____ is _____ security prototypes and _____ _____ _____.

_____ there a chance of _____ _____ _____ _____ _____ _____ programs you _____ with your _____ solutions?

_____ many _____ _____ we have _____ _____ _____ or encryption in telecom _____?

_____ need to know if _____ are any possibilities for changing _____ security _____ _____ _____ _____ _____ through _____ _____.

Can _____ tell me _____ _____ flexibility is _____ _____ set up _____ security _____ _____ _____ your phone service?

Can you tell _____ if _____ systems allow _____ _____ _____ be _____ _____ the _____ _____ cipher protocols?

_____ _____ _____ to change security _____ _____ Encryption _____ in the _____ solutions _____ provide?

When _____ _____ the security _____ _____ it for _____ telecom offerings, how much flexibility _____ _____ _____ _____?

_____ you _____ _____ modify _____ and encryption _____ your _____ solution?

_____ don't _____ _____ _____ flexibility _____ have _____ configuring _____ protocol and encryption _____ in _____ telecom.

_____ _____ _____ to modify the _____ _____ _____ ciphers _____ use in _____ telecom solutions.

_____ you _____ me _____ my _____ _____ will _____ for _____ in configuring security and _____ _____?

Is _____ _____ to change security _____ _____ _____ methods with _____ solutions?

How _____ _____ _____ _____ have when it _____ _____ setting up your _____ and _____?

I _____ to know _____ _____ _____ _____ allow for _____ _____ configuring security _____ cryptant compatibility.

Does it _____ for _____ _____ change the _____ _____ and encryption _____ _____ _____ solution?

_____ _____ able to _____ _____ _____ protocol _____ our telecom solutions?

Is it ____ ____ ____ ____ protocols ____ Encryption ____ in the telecom solutions ____ ____?

Is ____ possible to adjust ____ ____ ____ ____ encryption protocols used ____ ____ telecom ____?

Can ____ modify the ____ protocol and ____ used ____ ____ telecom ____?

____ ____ system allow ____ changes ____ ____ protocols and cryptography?

Is it possible ____ ____ ____ ____ protocols and encryption ____ used in ____ ____?

Do you ____ the ability ____ ____ ____ secure protocol arrangements ____ ____ ____?

Is it possible ____ ____ ____ ____ protocols and encryption ____ ____ ____ in ____ telecom solution?

____ ____ ____ ____ ____ changing the ____ protocols and ciphers included in your ____ ____?

Are ____ able ____ ____ ____ secure ____ arrangements ____ your solutions?

How ____ ____ ____ there for us ____ it ____ ____ security ____ encryption ____ telecom offerings?

____ ____ ____ ____ change ____ security protocols and ____ methods with ____ solutions?

____ it ____ to adjust ____ security protocols ____ ____ protocols in ____ telecom ____?

____ you able ____ change ____ ____ and ciphers ____ your ____?

Can you ____ ____ ____ ____ ____ there is ____ setting ____ your security and encryption ____ your phone ____?

____ there any ____ for ____ the security protocols ____ ____ the ____ for ____ ____?

____ there a ____ of ____ ____ ____ protocols and encryption ____ in ____ Telecom ____?

Can ____ change security ____ ____ ____ ____ telecom solutions?

____ much ____ can you ____ me ____ make security and ____ in ____ ____ ____?

Does your ____ system ____ ____ ____ change ____ ____ ____ the security protocols ____ ciphers to fit ____ needs?

____ you tell ____ ____ amount ____ flexibility that's available ____ set up ____ ____ and ____?

____ ____ alter the ____ protocols ____ ciphers we ____ in ____ telecom ____?

____ ____ of ____ ____ we ____ ____ it ____ to security andEncryption in our ____ offerings?

Is it possible to change ____ ____ ____ ____ ____ your telecom ____?

____ ____ ____ me if ____ ____ ____ to change ____ security protocols and encrypting ____ data through ____ telecom?

____ ____ ____ ____ ____ give us when ____ ____ security and encrypting it?

We ____ to know ____ ____ ____ ____ ____ of flexibility for ____ the security protocols and ____ encryption ____.

____ we modify the ____ ____ ____ security methods for ____ ____ solutions?

____ ____ change the ____ protocols and ____ ____ ____ your solution?

We don't know ____ ____ ____ ____ ____ in ____ ____ ____ protocol ____ encryption with your telecom solution.

____ ____ flexibility can we get ____ we set ____ ____ ____ ____ it ____ ____ telecom offerings?

Is it ____ to ____ the security ____ ____ ____ your ____ telecommunication services?

____ ____ ____ ____ modify ____ security protocols ____ encryption ____ you ____ with your telecom equipment?

How ____ ____ ____ you give me in ____ ____ ____ encryption ____ my Telecom ____?

How ____ flexibility is there to ____ up your ____ and ____ ____ ____ ____ ____?

Is ____ ____ ____ ____ systems ____ for ____ in configuration of ____ ____ andcrypton protocols?

Is it ____ ____ modify ____ ____ and ____ in ____ telecom solutions?

Can we tailor ____ security ____ and ____ methods ____ ____ ____ solutions?

Are ____ ____ to tell me ____ ____ extent to which ____ ____ offerings ____ security ____ ____ encryption?

Does ____ telephone system allow you ____ ____ the ____ of ____ protocols ____ ____?

Can ____ ____ me ____ flexibility level ____ configuring ____ protocols and encryption ____ your ____ ____?

Is ____ possible to ____ ____ ____ ____ ____ cipher ____ within the telecom solutions.

____ ____ make changes ____ ____ ____ protocols and ____ software within your ____ solution?

Are we able ____ alter the ____ protocol ____ ____ ____ telecom ____?

Can you tell me how ____ flexibility ____ ____ ____ me to ____ ____ my security and ____ ____ ____ ____ service?

Does your ____ systems allow you ____ modify ____ ____ of ____ ____ cryptography ____?

What options ____ ____ ____ changing ____ protocols ____ ____ data through your telecom ____?

Are ____ ____ ____ for ____ security protocols and ciphers ____ ____ ____ equipment?

____ you ____ ____ ____ ____ are any ____ for ____ the security protocols ____ encrypting the data through ____ ____.

____ it possible ____ us to modify ____ security protocols ____ ____ ____ of ____ Telecom ____?

Does your ____ system ____ ____ to change ____ settings ____ ____ and ____ protocols?

We _____ _____ how _____ _____ _____ is in configuring the security _____ _____ _____ methods within _____ telecom.

_____ you _____ _____ if there are _____ _____ for _____ _____ _____ and encrypting data in _____ telecom solutions?

Do _____ _____ _____ ability to change the _____ _____ arrangements _____ your _____?

Is _____ _____ way _____ modify the _____ _____ and _____ programs on _____ _____ solution?

What _____ the options _____ _____ to change the security _____ _____ ciphers _____ we _____ for _____ _____ solutions?

_____ you _____ me _____ how _____ _____ _____ _____ in setting _____ security and encryption in _____ telecom service?

Is there _____ _____ to arrange security _____ and encryption _____ your _____ _____ _____ are _____?

_____ _____ wondering what the range of _____ for _____ prototypes and _____ _____ _____ _____.

_____ it _____ _____ _____ the security _____ and _____ programs _____ use _____ your phone solutions?

_____ it possible _____ us to _____ _____ _____ _____ security _____ and encryption software _____ your _____?

How _____ flexibility do you have in _____ _____ _____ _____ _____ my _____ services?

Will there be flexibility in the _____ _____ _____ _____ encryption _____ _____ _____?

_____ _____ possible to modify _____ security protocol and _____ _____ _____ the telecom _____?

_____ it _____ to adjust _____ _____ protocol _____ with your telecommunication _____?

_____ options _____ we _____ _____ change the _____ protocols _____ ciphers of your _____ _____?

Does your telephone _____ _____ _____ _____ change the _____ for security and _____ _____?

Can we _____ _____ _____ _____ and ciphers that we use for _____ _____ _____?

_____ we _____ _____ to _____ _____ protocol arrangements with your _____?

Is _____ possible to change _____ _____ _____ encrypt data through _____ _____ _____?

Changing the security _____ and _____ _____ _____ your telecommunications _____ is _____ we _____ _____ for.

How much flexibility _____ _____ _____ me to _____ _____ and _____ in _____ _____ services?

_____ you tell me _____ much flexibility you have in _____ _____ _____ _____ in _____ _____?

_____ _____ tell us _____ _____ _____ allow for adjustments _____ configuration of _____ _____ _____ cipher protocols?

_____ we _____ of _____ security _____ encryption to _____ solutions?

Will there be _____ lot of flexibility in the _____ protocols _____ encryption _____ you _____ _____ _____ _____ _____?

_____ we _____ able _____ modify _____ protocols and _____ with _____ _____ equipment?

_____ you tell _____ _____ _____ are options for _____ the _____ protocols _____ _____ the data through the _____?

_____ _____ like to know if _____ telecommunication systems allow _____ changes _____ _____ _____ _____ _____ compatibility.

We don't _____ _____ much _____ _____ have _____ configuring the _____ protocol _____ _____ with your _____ solutions.

_____ there _____ way to _____ security _____ _____ _____ in _____ telecom services _____ _____ way that they're flexible?

Can we _____ _____ _____ _____ in the telecom _____?

Are _____ any _____ _____ _____ the _____ _____ _____ encrypting data _____ your telecom solutions?

Does _____ _____ _____ _____ _____ change the _____ _____ security and cryptography protocols?

Can _____ _____ me _____ the amount of flexibility you _____ _____ set _____ _____ security _____ _____?

Will _____ be _____ for _____ in how your _____ protocols _____ encryption _____ _____ _____?

Can _____ tell us if _____ _____ _____ _____ alterations _____ the security andcrypton _____?

Can _____ _____ _____ _____ my telecommunication _____ _____ for _____ in configuring security _____ cryptant compatibility.

Is _____ possible _____ _____ the security protocols and _____ _____ in _____ _____ solutions?

_____ we able to _____ _____ and encryption _____ _____ to telecom _____?

_____ would like _____ know if there are any _____ _____ _____ security _____ and encrypting the _____ _____ _____ _____.

_____ _____ _____ _____ security and encrypting in your _____ offerings, how much flexibility _____ _____ _____ _____?

_____ _____ a range of configurability _____ _____ prototypes _____ _____ approaches in your _____ _____?

_____ your phone _____ _____ you to change _____ _____ of security _____ _____ protocols?

_____ _____ _____ _____ _____ to _____ the security protocols _____ encryption programs you _____ with your telecom _____?

_____ _____ tell me _____ the _____ for changing _____ _____ protocols and encrypting the _____ through _____ _____?

We don't know _____ _____ _____ _____ have _____ configuring _____ security protocol and _____ _____ the _____ solution.

_____ _____ flexibility _____ you _____ when we _____ security _____ encrypting _____ for _____ telecom offerings?

Is it _____ to _____ security _____ _____ _____ _____ your _____ _____ in such a way _____ _____ are flexible?

_____ _____ _____ _____ information _____ how much flexibility is available _____ _____ up your _____ and _____ _____ your services?

Is _____ _____ to _____ _____ _____ _____ _____ encryption programs used with _____ telecom solutions?

What are the ____ ____ ____ ____ change the security ____ ____ ciphers ____ your telephone ____?

____ we ____ to modify the secure ____ with ____ ____ ____?

____ ____ security and encryption in your ____ offerings, ____ much ____ ____ we ____?

Is ____ ____ to changeEncryption methods ____ your ____ ____?

____ ____ ____ enough ____ to ____ ____ secure protocol ____ with your solutions?

____ ____ wondering ____ my telecommunication ____ allow ____ adjustments in configuring ____ ____ cryptant ____.

____ ____ ____ ____ to change security settings and ciphers ____ ____ solutions?

Does ____ ____ let ____ ____ variety of changes ____ configuring ____ protocols ____ cryptography?

____ much ____ ____ you have ____ ____ ____ and encryption ____ your telecom services?

Is there a ____ of ____ for security ____ ____ encryption approaches ____ ____ ____ ____?

Is ____ ____ ____ ____ ____ security protocols and encryption ____ that ____ used in ____ telecom ____?

Can ____ tell me ____ ____ ____ of flexibility ____ ____ ____ to set up your ____ ____ encryption?

Do we have any ____ ____ ____ security ____ ____ ciphers ____ your ____ equipment?

Does your phone system allow you ____ change ____ ____ ____ ____ protocols and ____ ____ fit ____ ____?

____ are ____ ____ for changing the ____ protocols ____ ____ in yourlecommunications ____?

Can you ____ us ____ much ____ ____ have ____ configuring ____ ____ encryption?

____ ____ ____ ____ if there are ____ possibilities for ____ ____ ____ protocols and encrypting data through ____ ____ solutions.

____ ____ be flexibility ____ the way your ____ protocols and ____ ____ ____ configured?

____ ____ have possibilities ____ altering ____ ____ and encrypting data through your ____ ____?

Is ____ ____ ____ modify the security protocols ____ encryption programs ____ ____ ____ your telecom ____.

What amount of ____ are ____ given ____ security ____ encryption ____ ____ ____?

____ it possible ____ ____ the level ____ flexibility ____ to security protocols ____ ____ ____ ____ within your telecommunications ____?

____ much flexibility ____ ____ ____ ____ ____ ____ set ____ security and Encryption ____ our telecom offerings?

Does ____ telephone ____ allow you to adjust the ____ ____ ____ ____ and ____ ____?

____ want ____ know if we can ____ the security protocols ____ ____ ____ ____ our ____ ____.

____ amount ____ ____ do ____ have ____ regard ____ security andEncryption in ____ telecom ____?

Is ____ ____ option to ____ the security ____ or encryption ____ ____ ____ services?

How much flexibility ____ there ____ ____ comes ____ ____ ____ ____ encryption for the telecom ____.

Do ____ ____ any possibilities for altering ____ protocols ____ ____ ____ ____ your telecom ____?

Can ____ tell ____ ____ ____ flexibility ____ ____ ____ configuring your security and encryption?

What ____ ____ there ____ change the ____ protocols ____ ciphers ____ in ____ phone ____?

____ ____ ____ us know if ____ ____ allow ____ adjustments in the security ____ ____?

Can ____ ____ ____ ____ ____ how much flexibility you ____ ____ set up your security ____ ____ in ____ services?

Can ____ please tell ____ ____ ____ telecommunication ____ ____ for ____ in configuring ____ and ____ compatibility?

Can ____ tell ____ ____ the possibilities ____ changing the ____ ____ and ____ ____ data through ____ telecom?

Can you tell ____ if my ____ ____ ____ ____ adjustments to ____ ____ and cryptant ____.

____ ____ tell ____ ____ extent ____ which ____ can ____ security protocols ____ ciphers ____ your telecom offerings?

Can you give ____ details of how ____ ____ ____ ____ ____ ____ up your security and encryption ____ ____ ____?

____ options are there ____ ____ the security protocols and ____ ____ we ____ ____ our ____ ____?

____ we modify the ____ protocol ____ ____ ____ for our telecom ____?

Can you ____ me more about how much ____ you ____ in ____ ____ ____ ____ ____ encryption ____ your ____?

Is ____ possible ____ ____ security ____ ____ in telecom solutions?

____ you ____ ____ know ____ flexibility ____ configuring ____ ____ and ciphers in your ____?

Is it possible ____ change ____ security ____ ____ ____ ____ ____ provide for your Telecom ____?

Can ____ modify ____ security protocols ____ ciphers ____ in ____ ____?

____ ____ ____ different security protocols ____ ____ in the telecom ____?

What ____ do we ____ ____ ____ the ____ ____ and ciphers contained ____ ____ phone solutions?

____ it ____ ____ ____ the security protocols ____ encryption ____ ____ you provide with your ____?

____ are the ____ ____ have for changing ____ protocols ____ ciphers ____ in ____ ____ solutions?

Can you ____ ____ if ____ ____ ____ ____ ____ adjustments in configuring both ____ ____ cryptant compatibility?

_____ we _____ the security protocols and _____ used _____ _____ _____ solutions?

How _____ _____ _____ I _____ to _____ _____ and encryption in my _____ services?

Are _____ capable _____ making _____ _____ encryption _____ tailored to _____ _____ solutions?

Can _____ change _____ security protocols _____ _____ _____ _____ the solution?

_____ _____ _____ _____ security and encryption in our telecom _____.

_____ want to know _____ _____ to _____ _____ can modify _____ _____ for your _____ product.

Is _____ possible _____ modify _____ protocols and encryption methods _____ _____ _____?

Could you tell me _____ _____ of configurability _____ security _____ _____ _____ communications _____?

_____ we _____ _____ capability _____ change _____ secure protocol arrangements _____ your _____?

_____ is _____ _____ regarding security andEncryption in _____ _____ offerings?

Do you _____ _____ options for _____ _____ protocols and _____ data _____ _____ solutions?

_____ _____ tell us more _____ the extent _____ _____ your _____ offerings _____ include _____ _____ and encryption?

_____ options _____ available _____ _____ the security protocols and _____ _____ use _____ _____ telecom solutions?

_____ _____ modify the _____ _____ _____ ciphers utilized _____ telecom solutions?

Does _____ have _____ _____ to change our _____ _____ arrangements _____ your _____?

Is it possible for _____ _____ _____ security protocols and _____ encryption techniques _____ own _____ _____ _____ _____?

_____ it _____ for _____ to _____ security _____ and _____ encryption techniques their _____ with _____ telecom _____?

_____ _____ _____ _____ for changing the security _____ and ciphers used _____ _____ telecommunications _____.

Is it possible for us _____ _____ _____ _____ protocols _____ encryption software of _____ _____ _____?

_____ there _____ lot _____ _____ in configuring security and _____ _____ _____ telecom services?

What level of _____ _____ have in creating security _____ and _____ _____ _____ _____ telecom _____?

Does _____ phone _____ _____ _____ _____ adjust the settings of the _____ and _____ _____?

_____ are _____ options _____ changing the ciphers and _____ _____ _____ in your _____ _____?

Is _____ _____ _____ modify _____ _____ protocols and Encryption programs you _____ with _____ telecom _____?

_____ much flexibility _____ you _____ regarding _____ _____ in your telecom _____?

Do _____ have _____ to _____ _____ secure protocol arrangements _____ your _____?

_____ _____ _____ me how much _____ there is _____ _____ _____ _____ security and _____ in your services?

I want _____ _____ if there _____ any _____ _____ _____ the security protocols and encrypting _____ _____ through _____ _____.

I _____ to know if there are _____ _____ _____ changing the security protocols _____ _____ _____ _____ _____ solutions.

_____ flexibility _____ there for _____ _____ it _____ to _____ security and _____ _____ your _____ offerings?

_____ using security _____ and _____ data _____ your _____ products, _____ _____ a _____ for you _____ get flexibility?

_____ _____ flexibility _____ _____ _____ when it comes _____ setting security _____ encrypting in your _____ _____?

Is it _____ _____ change _____ protocols _____ _____ methods _____ benefit your _____ solutions?

_____ it _____ to alter _____ protocols _____ methods _____ your telecom _____?

_____ _____ tell _____ how much flexibility is available _____ _____ security _____ _____?

_____ we _____ the security and _____ _____ our _____ offerings, _____ you _____ _____ any flexibility?

Is _____ _____ _____ _____ the security protocols _____ _____ protocols _____ your Telecom solutions?

_____ your telephone _____ allow you to adjust _____ security _____ _____ _____?

_____ you _____ me how much _____ is available _____ _____ up your security _____ _____ _____ your _____?

Can _____ _____ me if there are _____ _____ for _____ _____ protocols _____ _____ the _____ through the telecom?

_____ much _____ is there when _____ _____ to our security and _____ _____ _____ _____ offerings?

_____ _____ have any _____ for _____ security protocols and _____ _____ through your _____ _____?

_____ _____ tell me _____ _____ are _____ _____ for changing the _____ protocols _____ encrypting data through _____ telecom _____.

_____ _____ to _____ _____ _____ options I _____ to add security and encryption to _____ _____ _____.

Is it _____ to modify the _____ _____ encryption _____ your _____ _____?

What _____ of flexibility can _____ give us _____ we set the _____ _____ encrypting _____ _____ _____ _____?

Can we change _____ _____ protocols _____ _____ _____ _____ your telecom solutions?

Is it possible to modify _____ _____ _____ and _____ programs that _____ _____ _____ _____ solutions?

_____ it possible for _____ _____ change _____ security protocols _____ _____ _____ of your _____?

Is it possible _____ _____ _____ security _____ _____ encryption programs you _____ with your _____ _____?

What ____ do ____ have for ____ ____ ____ ____ of ____ telecommunications solutions?

____ are ____ possibilities for ____ the ____ protocols and ____ we use ____ ____ telecommunications ____.

____ ____ ____ ____ how much flexibility ____ available to set up ____ security ____ encryption ____ your ____ service?

Can ____ ____ ____ if my ____ systems let ____ adjustments in configuring security ____ ____ ____?

Can we change ____ ____ ____ and ____ software of ____ telecom ____?

____ ____ ____ of ____ ____ ____ prototypes ____ encryption approaches in your telecom solutions?

____ it ____ ____ ____ ____ protocols ____ ciphers we ____ for telecom solutions?

____ ____ able ____ modify our ____ ____ arrangement with our ____ solutions?

Are ____ ____ to ____ the ____ ____ ____ regarding security ____ and encryption ____ implemented within your ____ software?

____ ____ possible to ____ security ____ andEncryption methods ____ a telecom ____?

What ____ exist for ____ security ____ and ____ ____ in ____ solutions?

We ____ know if we ____ enough flexibility in ____ ____ security ____ ____ encryption ____ your ____ ____.

____ ____ possible to ____ security protocol ____ ____ in ____ telecom services ____ a ____ ____ flexible?

____ ____ phone ____ ____ ____ ____ adjust ____ settings of the ____ protocols and ciphers to fit ____ needs?

____ ____ possible for us to ____ ____ ____ ____ in ____ telecom offering?

Is there a ____ ____ ____ ____ ____ ____ and encryption ____ that you use ____ ____ phone solutions?

____ need ____ know ____ ____ of flexibility you offer for configuring the ____ ____ ____ the ____ ____.

Does your ____ systems allow for ____ ____ ____ made to security ____ ____ ____?

____ ____ ____ us ____ ____ systems allow for ____ ____ security andcrypton protocols?

____ you ____ me about the ____ for ____ the ____ ____ and encrypting ____ data through ____ ____?

What options are ____ ____ ____ the security ____ and ____ ____ your Telecommunications ____?

____ ____ a ____ ____ ____ when using security protocols and ____ ____ ____ your telecom products?

Is there ____ way to ____ ____ security protocols ____ ____ ____ on ____ ____ solution.

I ____ ____ know ____ ____ are any possibilities of changing ____ security ____ and encrypting ____ ____ your ____ ____.

Can ____ ____ me ____ ____ my ____ systems allow ____ adjustments ____ ____ security and cryptant ____?

____ ____ possible ____ ____ the security protocols ____ encryption programs ____ you ____?

____ much ____ ____ there in ____ ____ ____ security ____ encryption of our ____ offerings?

Is it possible ____ ____ ____ protocols ____ ____ ____ in telecom products?

Is ____ a way ____ ____ ____ security protocol ____ ____ ____ with ____ Telecom solutions?

I want ____ know ____ much ____ you ____ ____ to make ____ ____ encryption ____ ____ Telecom services.

____ much ____ ____ you ____ ____ to make security and encrypting ____ Telecom ____?

____ ____ ____ ____ we have when ____ comes to ____ and ____ for our telecom ____?

____ we ____ ____ ____ and ____ of your telecom solutions?

____ ____ possible ____ us ____ make changes ____ the security ____ and ____ software ____ ____ solutions?

____ can ____ ____ security ____ ____ ciphers with your ____ equipment?

Do we have the ____ ____ ____ our ____ ____ ____ with ____ solution?

Do ____ ____ the ability ____ change the ____ protocol arrangements ____ ____ ____?

____ ____ ____ the power ____ ____ our secure ____ with your solutions?

____ ____ possible to ____ the security protocols ____ encryption programs ____ ____ provide ____ Telecom ____?

____ you ____ ____ level ____ customization ____ security and ____ ____ your offerings?

Is ____ any way ____ modify the ____ ____ ____ ____ programs you use ____ ____ ____ equipment?

____ you give us details ____ ____ ____ ____ you ____ in setting ____ your ____ and encryption in ____ telecom ____?

How ____ flexibility ____ you ____ ____ ____ security and encryption in my ____ ____?

____ ____ can you give ____ ____ you ____ the security ____ ____ in ____ telecom offerings?

____ configuring ____ ____ encryption in your ____ ____ how much flexibility ____ ____ have?

____ ____ ____ ____ the flexibility level in configuring ____ security ____ ____ is.

Can we ____ your telecommunications equipment to ____ ____ ____ ____ ____?

Is it ____ to ____ the ____ protocols ____ ____ programs ____ ____ ____ for telecommunications?

____ ____ ____ me if ____ ____ systems will allow adjustments in ____ ____ and cryptant ____?

Please ____ me the flexibility level ____ configuring ____ ____ ____ ____ your ____.

____ ____ telephone systems ____ you ____ change settings for ____ protocols ____ ____?

Is ____ ____ ____ ____ security protocols and ____ with your ____ equipment?

When ____ ____ ____ security and encrypting in ____ ____ ____ how ____ flexibility ____ you give ____?

Is it ____ to ____ ____ ____ equipment to ____ ____ protocols ____ ciphers?

____ your ____ systems ____ ____ to ____ the settings of ____ security ____ and ciphers to fit ____ ____?

____ ____ ____ able ____ change the security ____ and ____ contained ____ your ____ solutions?

____ ____ have ____ freedom to change ____ secure ____ ____ with your ____?

____ ____ ____ ____ ____ ____ are any options for ____ ____ security ____ and ____ the data through your telecom

Can ____ tell ____ if there ____ any ____ for changing ____ security ____ or ____ ____ through the ____?

Are we able ____ ____ ____ ____ ____ arrangements ____ your solutions?

____ ____ ____ to ____ ____ security protocol and methods ____ ____ telecom solutions?

____ you ____ ____ ____ there are any ____ of changing the security ____ ____ encrypting ____ ____ ____ the telecom?

Can you ____ ____ ____ ____ are ____ possibilities for ____ security ____ and encrypting data ____ your ____?

____ there ____ flexibility ____ your equipment ____ add ____ protocols ____ encryption?

____ it ____ to ____ ____ ____ ____ encryption ____ in the telecom solutions ____ provide?

____ we ____ ____ ____ to change the ____ protocol ____ with ____ solution?

Does ____ telephone ____ ____ ____ ____ change the security ____ cryptography settings?

____ are the ____ to change the security protocols ____ ____ ____ ____ use ____ ____ ____ solutions?

I'm ____ ____ what ____ ____ of configurability is for ____ prototypes ____ encrypting ____ ____.

Can ____ ____ me the amount ____ ____ ____ have in ____ telecom service ____ set ____ ____ security and ____?

Is ____ ____ to modify the security ____ and ____ methods ____ ____ ____ solutions.

____ you tell me ____ ____ ____ systems ____ for adjustments to be ____ regarding security ____ ____ ____?

____ ____ me ____ flexibility ____ ____ in configuring ____ security protocols andcryptology.

____ you ____ ____ information on how much ____ ____ ____ ____ ____ up your ____ and encryption?

Can ____ tell me ____ ____ ____ that is available to ____ ____ your security and ____ ____ ____ services?

We don't know ____ ____ flexibility we have ____ ____ the ____ protocol ____ ____ ____ your ____.

Is ____ ____ to change ____ ____ protocols and ____ ____ ____ our telecom solution?

Are we able ____ change secure ____ ____ our ____ ____?

____ ____ provide me ____ range of ____ for ____ ____ ____ encrypting communications solutions?

Is ____ ____ way to modify ____ protocols and ____ in ____ ____?

Does ____ phone ____ allow ____ to ____ the settings for security ____ ____ ____?

Can ____ ____ changes to ____ security protocols and ____ ____ within ____ ____?

Can ____ ____ ____ the amount of ____ ____ have in setting ____ ____ and encryption ____ your ____ service?

Do ____ have the capacity ____ ____ ____ ____ encryption to your ____ ____?

How ____ flexibility can you ____ us when ____ ____ ____ ____ ____ ____ in our telecom ____?

____ ____ any ____ to modify ____ protocols and ____ ____ your telecom ____?

What ____ of flexibility do we ____ ____ ____ ____ ____ our ____ offerings?

____ ____ possible to modify security ____ ____ ____ data ____ your solutions?

____ ____ a way to ____ ____ protocol and encryption in telecom ____ ____ a ____ ____ they ____ flexible?

Is it ____ to change the ____ protocols and ____ ____ used ____ ____ ____?

Does your ____ ____ allow you to ____ ____ settings for ____ protocols ____ ____?

How much ____ can ____ ____ us ____ ____ have security ____ encrypting ____ your telecom ____?

____ you tell ____ ____ amount of flexibility available to ____ ____ your ____ and ____ in ____ telecom ____?

____ it possible to ____ ____ ____ ____ encryption techniques with ____ solutions?

Can you ____ ____ ____ about ____ ____ ____ you ____ in setting up your security ____ ____ in ____ telecom services?

Is it ____ to ____ the ____ ____ and encryption ____ ____ ____ your telecommunications ____?

Do ____ have ____ ____ ____ make ____ and ____ more ____ to your telecom ____?

____ ____ phone ____ allow you to modify ____ settings ____ ____ ____ ____ cryptography protocols?

____ there a way ____ arrange security ____ and encryption ____ ____ ____ ____ in a ____ ____ is flexible?

____ you have ____ ____ ____ modify security ____ and ____ ____ through ____ telecom solutions?

Do _____ have the _____ to _____ _____ and encryption _____ to _____ _____?

How _____ _____ can you _____ us _____ _____ comes _____ security and _____?

_____ _____ wondering _____ the _____ of configurability _____ for _____ prototypes and _____ _____ solutions.

_____ _____ able _____ _____ security _____ and methods _____ your telecom products?

_____ are _____ if _____ _____ protocols _____ ciphering methods _____ our telecom solutions _____ _____ altered by _____.

How _____ _____ _____ _____ have in regards _____ our security _____ _____ in your _____ offerings?

Does _____ telephone _____ _____ you _____ _____ settings for security _____ _____ protocols?

_____ you tell _____ if your _____ _____ _____ adjustments to the security _____ _____?

Is it possible to modify the _____ protocols _____ _____ _____ _____ you _____ _____ _____ _____ equipment?

What _____ the options for _____ _____ security _____ _____ _____ contained _____ your _____ solutions.

Can you tell _____ _____ your systems _____ for _____ _____ security _____ _____?

_____ there _____ possibilities _____ changing the _____ protocols _____ encrypting the data _____ _____ _____?

_____ _____ _____ _____ _____ to _____ security _____ _____ use encryption techniques of their _____ way _____ your telecom products?

_____ you _____ _____ how _____ flexibility is available in setting up _____ _____ _____ encryption in _____ telecom _____?

_____ _____ possible _____ modify security _____ _____ _____ _____ with your telecom solutions?

In your _____ _____ _____ we tailor our ciphers _____ _____?

Do _____ telephone systems _____ you _____ _____ _____ settings of _____ _____ _____ cryptography protocols?

_____ _____ _____ can you give _____ security and encryption _____ _____ telecom _____?

_____ _____ tell me if my telecommunication _____ _____ for _____ in configuring _____ _____ and _____ _____?

Can you tell _____ _____ much _____ _____ _____ in _____ up your security and encryption _____ _____ _____ service?

Is it possible to change _____ _____ of the _____ _____ and _____ _____ _____ the _____ _____?

_____ can you _____ _____ security _____ and the _____ of _____ in _____ _____ products?

_____ much flexibility _____ _____ to _____ up _____ _____ and _____ _____ your telecom services?

_____ _____ flexibility _____ change _____ secure protocol _____ with _____ solution?

Can _____ _____ _____ security and _____ for your telecom _____?

_____ would _____ to know if _____ telecommunication _____ _____ _____ _____ _____ in configuring both _____ and cryptant compatibility.

_____ you tell _____ _____ the _____ _____ _____ the security protocols _____ encrypting _____ _____ in your telecom?

What _____ _____ _____ _____ changing _____ _____ protocols and ciphers _____ _____ contained _____ your telephone solutions?

_____ _____ _____ me if _____ are _____ possibilities for changing _____ _____ protocols and _____ the data through your _____ _____?

_____ _____ _____ _____ change our secure protocol arrangements with _____ _____ solutions?

_____ there _____ _____ to modify _____ protocols and encrypting _____ _____ your telecom _____?

_____ it possible to tell me _____ _____ _____ _____ for security _____ _____ encrypting communications _____?

_____ _____ _____ to _____ security protocols _____ encryption _____ _____ _____ equipment, will there be a _____ of flexibility?

Will there _____ a _____ _____ _____ _____ _____ _____ to setting security _____ andEncryption methods _____ your equipment?

I _____ _____ _____ if _____ _____ systems _____ _____ adjustments to configuring _____ security and cryptant _____.

_____ we _____ _____ _____ for _____ _____ security _____ and _____ in your phone solutions?

_____ you _____ _____ if your _____ allow for _____ _____ the security _____ protocols?

_____ you have enough flexibility _____ _____ _____ _____ _____ encryption in _____ telecom equipment?

Are _____ _____ _____ to modify the security _____ _____ _____ _____ _____ the telecom solutions?

_____ _____ _____ _____ let you change the settings of security _____ _____ _____?

_____ _____ possible _____ modify security protocols _____ _____ _____ for your _____ solutions?

Do _____ _____ allow _____ _____ in the configuration of _____ _____ andcrypton _____?

Do you _____ _____ to modify security _____ and _____ _____?

_____ there a _____ _____ arrange security protocol _____ encryption _____ your telecom services in _____ _____ that _____ _____

What are _____ _____ for changing the security _____ _____ ciphers contained _____ _____ _____ _____?

Can _____ _____ me _____ there _____ _____ options _____ changing the security _____ and _____ _____ in the telecom?

We are _____ if _____ _____ alter the _____ _____ _____ ciphering methods of _____ telecom _____.

Can _____ _____ _____ information _____ _____ much flexibility you _____ _____ setting _____ _____ security and encryption?

How _____ flexibility can _____ _____ _____ regards _____ _____ security and _____ for the telecom _____?

How much flexibility _____ _____ _____ _____ in making _____ and _____ _____ my _____ services?

____ ____ ____ ____ ____ your systems allow for ____ ____ be made in ____ ____ andcrypton protocols?

Is there ____ way to ____ security protocols ____ encrypting ____ with ____ ____ ____?

____ ____ possible to ____ security ____ ____ ____ ____ on your telecom solution?

How much flexibility can you ____ ____ to make ____ ____ ____ ____ ____ service?

The ____ ____ ____ ____ ____ ____ more tailored to your ____ ____ is a question.

Is ____ a ____ to modify the configuration of ____ ____ protocol ____ ____ used ____ ____ telecom ____?

Are ____ ____ to change the security ____ ____ ____ ____ ____ in your communications ____?

____ you tell ____ about the ____ ____ ____ ____ is available ____ ____ ____ your security ____ ____ in your telecom service?

____ ____ possible for us ____ ____ the ____ protocols ____ encryption ____ in your ____?

____ it ____ to ____ ____ how ____ ____ ____ available to set up ____ security and encryption ____ your telecom ____?

____ your ____ systems allow you ____ make ____ to ____ ____ and ____ protocols?

How ____ flexibility ____ ____ have ____ security andEncryption in ____ ____ offerings?

Is ____ ____ to ____ the security protocols and ____ ____ you ____ for ____ telecommunications ____?

____ ____ ____ is there for ____ when it ____ to ____ ____ and encryption in ____ ____ offerings?

Do ____ have ____ options for ____ ____ ____ equipment to ____ security protocols and ____ ____?

Can ____ tell me about ____ amount ____ flexibility ____ you ____ ____ setting up ____ ____ ____ encryption in ____ ____ service?

Are we ____ to make ____ ____ encryption more ____ to ____ ____ ____?

What ____ do ____ ____ ____ change ____ security ____ and ____ ____ in your Telecommunications solutions?

Do ____ phone ____ ____ you ____ change the ____ of ____ security ____ ____ ciphers?

____ ____ ____ systems allow ____ ____ ____ the settings of ____ security protocols and ____?

How much flexibility do you ____ ____ ____ ____ ____ andEncryption in ____ ____ offerings?

____ flexibility can ____ give us when ____ ____ ____ ____ ____ security and encrypting ____ ____ telecom offerings?

Can you tell ____ about the ____ of flexibility you have ____ ____ ____ ____ ____ ____ encryption ____ your ____ service?

Is it ____ to modify ____ ____ ____ and encryption programs you have ____ ____ ____ ____?

____ ____ if our ____ solutions' security protocols ____ ____ ____ can ____ changed by ____.

Do ____ have the ability to ____ our ____ ____ ____ ____ ____ telecommunication solutions?

Can you tell ____ ____ much flexibility ____ ____ ____ set ____ your security ____ ____?

____ are we ____ to change ____ ____ ____ and ciphers ____ ____ use for ____ ____ products.

____ ____ modify security protocols and ____ with ____ ____ equipment?

Is ____ ____ ____ modify the security ____ ____ encryption ____ you use ____ ____ equipment?

Can ____ ____ us ____ ____ ____ you have ____ setting ____ your security and encryption in your ____ ____?

____ tell me the ____ ____ ____ configuring ____ security protocols ____

Can ____ tell ____ ____ ____ ____ flexibility you have ____ set ____ your ____ and encryption?

Can ____ give ____ details ____ ____ much ____ you have ____ ____ up ____ security ____ encryption?

____ much flexibility ____ you give ____ ____ set ____ ____ and encryption ____ your ____ offerings?

Is ____ possible ____ change ____ ____ protocols and encryption methods ____ ____ ____?

____ tell ____ if your systems allow ____ ____ in ____ ____ the ____ andcrypton ____.

____ lengths ____ be taken to ____ the security ____ and encryption ____ ____ ____ telecom ____.

Can ____ ____ me ____ ____ of flexibility ____ ____ set ____ your security and encryption in ____ ____?

Can you tell me how ____ ____ is available ____ ____ up ____ ____ ____ encryption ____ your ____ services.

____ much flexibility can you ____ ____ ____ ____ ____ to security and ____?

____ want ____ ____ if ____ are ____ options ____ changing the security ____ and encrypting ____ ____ ____ the telecom

____ ____ ____ any options ____ modify security ____ and ____ using ____ telecommunications equipment?

____ ____ tell ____ if ____ are ____ ____ for changing ____ protocols and encrypting ____?

____ it possible to ____ the ____ protocols ____ encryption programs that ____ provide ____ ____ ____ ____?

Can ____ ____ me ____ ____ are any options for changing ____ security protocols ____ ____ ____ through ____ ____ solutions?

What ____ are there ____ ____ security ____ and ciphers that we ____ ____ ____ telecom ____?

Can you give us a ____ ____ ____ range of ____ for ____ ____ ____ ____ ____ in your ____ solutions?

Can ____ tell ____ how much flexibility there ____ in ____ ____ ____ ____?

____ there a ____ of flexibility ____ ____ security and ____ in ____ ____ services?

_____ it possible to change the _____ _____ _____ _____ _____ on _____ solution?

Do we have _____ _____ change _____ _____ protocol arrangements _____ _____ solution?

I _____ to know _____ there _____ any options for _____ _____ _____ protocols _____ encrypting the data _____ _____ _____.

Is it possible _____ _____ security _____ and ciphers _____ _____ _____ solutions?

Is it _____ _____ alter _____ secure _____ arrangements _____ your telecommunication _____?

_____ _____ possible to _____ security _____ andEncryption in _____ solutions.

_____ there a way _____ modify the _____ _____ _____ the _____ _____ security in _____ _____ products?

_____ we _____ to make security _____ _____ more _____ for your _____ _____?

_____ you tell us what _____ _____ have _____ setting _____ _____ and _____ encryption _____?

_____ _____ _____ _____ _____ _____ are _____ possibilities for changing security protocols _____ encrypting _____ through the telecom.

We _____ to know _____ level _____ flexibility you are _____ _____ configuring _____ _____ _____ and _____ encryption strategies.

We _____ _____ know _____ level of _____ you offer for configuring the _____ _____ _____ _____ encryption _____ _____ telecom.

What _____ _____ options _____ changing the _____ and _____ _____ _____ your telephone solutions?

_____ you _____ us more flexibility _____ we set _____ security _____ _____ in your _____ _____?

Is it _____ _____ _____ the _____ protocols andEncryption _____ on your _____ _____?

Can _____ _____ me _____ my _____ _____ _____ _____ adjustments in configuring _____ and cryptant compatibility.

I'd _____ to know what _____ range _____ configurability _____ for security _____ and _____ _____ _____.

Is it _____ for us to make _____ _____ the _____ protocols _____ _____ software _____ _____ _____?

What are _____ _____ _____ do to _____ _____ _____ protocols and _____ contained _____ your _____ solutions?

What amount _____ flexibility do _____ have _____ configuring _____ _____ encryption _____ your _____?

_____ you have _____ for _____ security protocols _____ _____ _____ through _____ solutions?

_____ much can _____ modify _____ _____ _____ _____ encryption methods _____ your system?
