[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Technical support for mobile applications
Inquiry Sub-Category	Performance optimization
Description	Users may seek guidance on how to enhance the performance of mobile applications, such as reducing app crashes, minimizing lag or latency, or optimizing battery usage.
Data Size	7,036 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Is ____ normal ____ certain features ____ an app ____ ____ ____ or ____ issues ____ use?

____ it normal for ____ ____ ____ app ____ cause performance ____ ____ overheating?

____ ____ ____ the ____ cause overheating ____ slowing down?

Do ____ issues ____ overheating problems ____ when specific ____ ____ ____ in an ____?

____ ____ normal ____ certain ____ in an app ____ ____ performance ____ or overheating?

Is it possible ____ ____ sluggishness and ____ ____ on ____ using ____ ____ elements.

____ ____ ____ ____ some app ____ ____ my device slow ____ or overheated?

Do certain features ____ ____ app cause ____ and ____ ____?

Is ____ ____ for an app's ____ ____ ____ ____ major slowdowns ____ overheating?

Is ____ or slowdowns caused ____ ____ ____ features ____?

Is it normal ____ features ____ ____ ____ to slow ____ ____ cause ____?

____ it ____ ____ generate sluggishness ____ heightened temperature levels ____ devices ____ ____ selected app ____?

____ ____ normal for ____ features in an ____ ____ lead ____ slowing ____ or ____?

Is ____ a good ____ to ____ ____ aspects of the app that ____ ____ ____ ____ or slow ____?

Is ____ ____ ____ select ____ elements to ____ sluggishness and heightened ____ ____ devices?

Is ____ a ____ feature in ____ app that ____ ____ or ____?

____ attributes ____ the ____ ____ ____ decreases ____ speed and system heat ____.

Do ____ ____ characteristics cause ____ ____ ____ down?

Do features ____ ____ ____ cause slowdowns ____ ____?

Is ____ okay to ____ certain ____ ____ the ____ that can ____ ____ ____ ____ or slowdowns?

____ it normal ____ ____ ____ ____ or options heating ____ ____ device too much to cause app ____ ____?

____ ____ ____ ____ generate sluggishness ____ heightened temperature on devices ____ ____ app elements?

____ it ____ for certain ____ ____ ____ cause overheating issues?

When ____ ____ are ____ ____ an application, ____ performance ____ ____ overheating problems ____ happen?

____ some aspects ____ ____ ____ in ____ ____ or excessive heating?

____ ____ ____ ____ features ____ cause slowdowns and overheating.

____ prominent app ____ ____ significant slowdowns or overheating ____ ____?

Is ____ normal for ____ app ____ slow down ____ ____ ____?

Is _____ normal _____ _____ features _____ _____ serious _____ and overheating?

_____ slowdowns _____ _____ _____ in the app?

_____ _____ _____ _____ select app elements _____ generate _____ _____ increased temperature on devices?

_____ it _____ for app performance troubles _____ be caused _____ certain _____ _____ or _____ heating _____ _____ device too _____?

Is _____ _____ that _____ attributes within _____ _____ sluggishness?

Do prominent _____ _____ cause significant _____ or _____ when _____?

Are _____ _____ discrepancies and device _____ when using _____ _____ _____?

_____ _____ possible _____ certain capabilities _____ lead to _____ _____ being encountered while _____ _____?

_____ _____ normal for certain features _____ an _____ _____ _____ overheating?

_____ _____ slowdowns or _____ _____ to the _____ functions?

_____ features _____ _____ _____ can cause slowness _____ overheating.

Does it feel right _____ _____ app makes _____ phone _____ _____ _____?

Do _____ aspects _____ apps cause _____ processing _____ excessively _____?

Is _____ _____ for an _____ specific _____ to _____ _____ slowdowns _____ overheating?

Is _____ _____ _____ the _____ _____ within the app _____ cause _____ _____ instances of overheating _____ active _____ periods?

Is it possible _____ _____ attributes _____ the app _____ _____ _____ major slowdowns _____ _____ of _____?

_____ specific _____ _____ applications _____ sluggishness and _____?

Is it _____ for _____ aspects of the _____ _____ lead _____ _____ _____ or slow _____?

Does _____ elements _____ excessive heat _____ _____ down during _____?

Do some application _____ lead to _____ _____ _____ slow _____ _____?

Some attributes within the _____ may _____ an _____ _____ in _____ _____ _____ _____ surge.

In _____ _____ do _____ of an application _____ speed _____ _____?

_____ _____ functionalities _____ _____ _____ _____ significant performance issues and overheating problems?

Can certain capabilities in _____ _____ _____ _____ _____ downs or _____ heat while _____ _____?

_____ some _____ _____ _____ _____ in slower processing or _____ heating?

_____ it _____ for features _____ _____ to _____ down and _____ in _____ app?

Is it normal _____ app _____ _____ cause _____ or _____?

If some _____ features _____ _____ device slow _____ or _____ _____ _____ normal?

There _____ regular _____ _____ internal aspects of _____ _____ _____ _____ _____ and excess heat production.

Is _____ _____ _____ certain _____ within the _____ will _____ slowdowns or instances of _____ _____ _____ usage periods?

Do _____ _____ apps cause slowdowns _____ _____?

Is it _____ _____ _____ to experience _____ operational delays _____ using certain _____ of a _____ _____ along _____ extreme _____?

_____ prominent _____ characteristics _____ _____ slowdowns _____ overheating?

_____ _____ _____ correlation between _____ _____ _____ within the app and _____ down _____ heating issues?

_____ it _____ _____ selected _____ _____ _____ app will _____ slowdowns or instances _____ overheating?

Is there a _____ of _____ _____ _____ _____ _____ the app?

Is it _____ for app _____ _____ cause _____ and _____?

In _____ _____ do _____ components of _____ _____ affect its _____ and _____ up?

Is _____ normal for _____ _____ in an app _____ _____ _____ slowdowns _____ overheating?

_____ _____ _____ _____ this app making it slow as _____ or raising _____ _____ to _____ _____?

There _____ _____ occasional decreases in _____ and system heat _____ caused by _____ _____ _____ _____ _____.

Do _____ _____ _____ an _____ cause slowness or _____?

_____ _____ possible _____ certain capabilities integrated _____ an _____ can _____ _____ excessive heat?

_____ _____ usual for heating _____ _____ use of _____ app?

When specific _____ _____ used _____ an _____ are _____ issues _____ _____ likely?

_____ _____ _____ are used in _____ application, are performance _____ _____ _____ likely?

_____ prominent app _____ _____ _____ _____ or overheating?

_____ _____ alright for _____ stupid app features _____ make _____ phone _____ _____ _____ all hot?

_____ it _____ that attributes within _____ app will result _____ _____ _____ instances of _____ during _____ _____ periods?

Is the use _____ certain _____ within _____ _____ a cause _____ the _____ _____ heating _____?

____ ____ features ____ an app ____ cause ____ or overheating?

____ ____ features in the ____ cause slowdowns ____ ____?

Is ____ a ____ ____ ____ in ____ ____ ____ significant slowdowns or overheating?

Is it possible ____ ____ app ____ ____ create ____ and ____ temperature levels ____ ____?

Is it possible ____ generate ____ ____ heightened ____ on devices ____ ____ app ____?

Is it ____ ____ parts of ____ ____ make ____ phone ____ or ____?

Do applications cause ____ ____ ____ device ____?

Do ____ ____ features cause ____ device slowdowns ____ ____ heating ____?

____ ____ ____ ____ ____ cause lagging or device overheating within ____?

____ performance discrepancies ____ device overheating ____ ____ ____ typical app ____?

____ ____ ____ in ____ ____ down or cause overheating?

____ I ____ concerned when ____ ____ ____ cause my phone ____ ____ down or ____ hot?

____ ____ ____ for the stupid ____ ____ to ____ my ____ to lag ____ get hot?

____ ____ ____ lead to excessive warmth ____ device ____?

____ and heat ____ an ____?

____ certain ____ be integrated ____ ____ ____ to cause persistent ____ or excessive ____?

Is ____ ____ that ____ attributes within the ____ ____ ____ slowdowns or instances ____ overheating ____ active ____ periods?

____ ____ ____ ____ sluggishness and device overheating?

Is ____ ____ for certain ____ in ____ app ____ ____ overheating?

Are ____ many times when ____ ____ ____ ____ operations or ____ overheating?

Do some aspects ____ the ____ ____ ____ processing or ____ ____ heating?

Did prominent ____ ____ ____ significant ____ or ____ concerns?

Is there ____ ____ where internal aspects ____ ____ ____ lead to ____ ____ ____ heat production?

Is ____ normal ____ features in ____ ____ ____ cause ____ down ____ overheating problems?

Is ____ normal for ____ ____ ____ ____ ____ to cause overheating and ____ issues?

Is ____ normal for ____ ____ ____ an ____ to cause significant slowing ____ ____ ____?

____ features in apps ____ ____ ____ down or ____.

Is ____ ____ for certain features ____ ____ ____ ____ ____ down or become overheated?

____ it ____ if ____ parts ____ the ____ make ____ phone ____ or hot?

____ ____ ____ elements ____ excessive ____ or slow down during ____?

There ____ ____ performance discrepancies ____ ____ overheating ____ using specific app ____.

____ prominent ____ ____ cause slowing or ____ ____ use?

____ ____ features in the app ____ sluggishness ____ device ____?

Is ____ ____ heating issues often a ____ of ____ ____ ____ within ____ app?

____ it ____ that there ____ major ____ ____ ____ using certain parts ____ ____ mobile software along with ____ ____?

How often ____ ____ ____ cause lagging or device ____ ____ ____?

Is ____ expected that ____ attributes ____ the app ____ result ____ slowdowns ____ ____ ____ overheating during ____ usage?

Do ____ ____ ____ ____ or slowdowns?

Do certain ____ ____ ____ ____ cause overheating ____ slowness on some ____?

____ ____ ____ that selected ____ ____ ____ ____ may ____ in slowdowns ____ instances of overheating ____ active usage periods?

____ ____ and ____ ____ occur when using specific ____ functions.

Do ____ ____ ____ ____ ____ down or excessive heat when ____?

____ ____ possible to ____ sluggishness ____ heightened temperature on ____ ____ ____ ____ app elements?

____ the ____ caused ____ the ____ features ____?

____ ____ ____ ____ an app's specific ____ to lead to ____ ____ overheating?

____ ____ ____ decreases ____ speed and system heat surge ____ ____ ____ certain ____ within the ____?

____ an ____ ____ ____ ____ cause a slowdown or overheating?

Are prominent ____ characteristics ____ for causing ____ ____ or ____?

How frequently ____ ____ functionalities ____ apps ____ ____ or overheating?

____ ____ ____ specific app ____ cause ____ or device overheating?

Is _____ _____ if part _____ _____ app make my _____ slow _____ _____?

Do silly app features _____ _____ _____ lag _____ _____ all _____?

Do app _____ _____ _____ _____ _____ overheating often?

Is it _____ _____ _____ _____ _____ _____ app to _____ overheating or slowing down?

Do _____ components _____ an application _____ its _____ _____ generate excessive _____ during _____?

_____ _____ _____ of apps have _____ processing or _____ heating?

_____ it normal _____ _____ to cause _____ and _____?

_____ _____ normal that _____ app features _____ my device to _____ _____ _____ get _____?

_____ _____ _____ that _____ attributes within _____ app _____ result in slowdowns or _____ of _____?

Is the _____ slow _____ _____ _____ phone _____?

_____ _____ processing _____ excessive heating _____ result _____ some aspects _____ the _____?

_____ often do _____ features _____ apps cause lagging _____ _____?

Slow down _____ _____ from _____ _____ app is _____.

Does it seem _____ if some _____ _____ the _____ _____ my phone _____ _____ _____?

_____ _____ _____ feature slowness/overheat _____ this application?

Is _____ a _____ _____ certain aspects _____ apps _____ _____ processing or excessive _____?

Do parts of apps cause _____ _____ _____ _____ heating _____ _____?

_____ it _____ for _____ features _____ make my _____ _____ down or _____?

_____ applications have specific _____ that _____ _____ and _____?

Is _____ _____ heating _____ caused by using _____ functions _____ the _____?

_____ _____ regular occurrences when _____ aspects _____ the _____ lead _____ _____ and _____ heat production?

There _____ app _____ _____ cause sluggishness and _____ _____ regularly.

Is it normal _____ _____ features _____ an _____ to cause _____ _____ _____?

Is _____ _____ _____ _____ due to the app _____?

Will the app's _____ _____ _____ _____ or _____?

Is it _____ good idea _____ _____ of _____ app _____ my _____ _____ _____ hot?

There are instances _____ specific _____ features _____ down operations _____ _____ _____.

Is it possible _____ certain capabilities within _____ application to _____ _____ _____ _____ _____?

_____ frequent freezes and heat variations _____ _____ _____ _____?

Is _____ _____ if _____ parts _____ the app _____ make my _____ _____ _____ hot?

Do _____ of the _____ _____ sluggishness _____ device _____ occasionally?

_____ features in _____ app _____ sluggishness and device _____ _____?

Is it possible _____ _____ _____ to generate sluggishness and _____ _____ _____?

Is _____ slowness/over heat _____ _____ this _____?

Can _____ _____ in an application _____ _____ slow downs _____ _____ _____ _____ using it?

Is _____ possible for _____ app _____ _____ generate _____ _____ warmer _____ on devices?

Is it common for _____ _____ _____ _____ cause overheating _____ _____?

Is _____ expected heat and _____ _____ _____ _____?

_____ app features cause _____ _____ and _____ heating fall in _____ _____ _____?

Is it _____ _____ use certain _____ _____ _____ app _____ lead _____ excessive _____ or slowdowns?

_____ _____ aspects _____ _____ app slow down or _____ up?

Will certain _____ of an _____ cause _____ _____ _____ overheating?

_____ app features _____ sluggishness and _____ _____ _____?

_____ app _____ _____ sluggishness and _____ overheating?

Is it expected that certain attributes _____ _____ _____ _____ cause _____ _____ overheating _____ active _____?

Is _____ _____ _____ select _____ elements _____ _____ sluggishness and _____ temperature _____ on devices?

_____ _____ application _____ cause substantial slowing down _____ excessive _____?

Is _____ processing _____ _____ heating _____ _____ of some aspects _____ apps?

_____ _____ _____ the app cause slowdowns _____ _____?

_____ _____ and _____ caused _____ specific _____ features common?

____ ____ ____ for ____ app to cause slowdowns ____ ____ issues?

____ it ____ ____ ____ app elements to ____ sluggishness ____ heightened ____ on ____ devices?

Do ____ ____ ____ apps ____ in slow processing or too ____ ____?

Do ____ ____ apps ____ ____ ____ down or overheating?

Is it ____ for ____ app's ____ capabilities ____ ____ ____ downs ____ overheating?

Do some ____ of ____ ____ ____ ____ slow processing or ____ heating?

There ____ been ____ occurrences ____ internal ____ of ____ app ____ ____ lags and ____ heat ____.

____ ____ within the app might ____ ____ decreases in ____ ____ ____ heat.

Some attributes ____ ____ app ____ cause ____ ____ in ____ and heat.

Do ____ ____ ____ slowness or ____ ____ frequently?

____ ____ ____ specific features cause ____ to experience ____ slowdowns ____ overheating?

Is ____ possible that ____ ____ ____ ____ app may ____ in ____ ____ or ____ of overheating?

Do specific attributes ____ ____ ____ sluggishness ____ ____?

____ ____ ____ that prominent app characteristics cause ____ ____?

____ significant performance ____ ____ overheating ____ happen ____ ____ ____ ____ used in an application?

Does ____ troublesome ____ ____ device ____ ____ excessive ____ when using it?

____ it usual ____ slow ____ ____ heat the ____ app?

____ ____ app characteristics ____ ____ slowdowns or overheating ____ usage?

____ it normal for ____ in the ____ ____ ____ overheating?

App ____ ____ cause slowdowns ____ ____.

Are device ____ and ____ slowdowns ____ ____ certain ____ features?

Do certain features of ____ ____ to ____ down ____ ____?

____ ____ alright for ____ app's ____ capabilities ____ cause ____ slowdown or ____?

____ certain ____ in ____ lead ____ slowdowns ____ overheating?

Is it normal ____ ____ functions ____ ____ app ____ cause ____ ____ issues or ____?

Do ____ think ____ ____ for an app's ____ capabilities ____ ____ slowdowns ____ overheating?

Is it ____ ____ ____ features in ____ ____ to slow ____ and ____ overheating?

Slowdown and ____ from ____ ____ ____.

____ it ____ ____ ____ in an app to ____ ____ slow ____ and ____ problems?

Slowdown and heat ____ ____ ____ ____ is ____?

____ ____ ____ ____ cause major slowdowns or ____ during use?

Is there ____ tendency ____ the app ____ ____ lags and ____ ____?

____ it ____ ____ ____ sluggishness ____ ____ temperature levels on devices using app ____?

____ slowdowns and ____ ____ ____ of specific app ____?

Is it possible ____ ____ operational ____ are ____ while using certain ____ ____ a ____ ____ ____ with harsh ____?

____ ____ ____ apps tend to ____ significant slowdowns ____ overheating?

There ____ ____ ____ ____ overheating due to specific app ____.

Is ____ ____ for ____ app ____ ____ heating ____ and slowdowns?

____ particular features ____ the ____ ____ ____ slowdowns ____ excessive heating?

Has app usage ____ in frequent ____ ____ ____ ____?

Is there a lot ____ ____ ____ specific app ____ ____ ____ ____ ____ cause overheating?

Is it ____ ____ an app's ____ ____ to cause major ____ ____ ____?

slowdowns ____ overheating ____ be ____ by ____ ____ features.

____ selected parts of ____ ____ affect ____ speed ____ ____ excessive heat?

____ ____ ____ ____ ____ in an application to ____ down ____ cause overheating?

____ ____ ____ ____ make ____ device slow down ____ ____ is it normal?

Is ____ ____ ____ ____ features in an ____ to ____ slowdowns and ____?

____ ____ app functions ____ ____ phone ____ ____ down or get hot?

Do some applications ____ ____ ____ or ____ ____?

____ slowdowns ____ ____ issues ____ because of using certain features ____ ____ ____?

Is it ____ ____ ____ app's ____ ____ to result in major ____ ____ overheating?

Do you think ____ ____ ____ an app's specific ____ ____ ____ in major ____ or ____?

____ certain ____ integrated into ____ ____ lead ____ slow downs and ____ ____?

Do prominent ____ characteristics ____ ____ ____ or ____ during usage?

slowdowns and ____ ____ ____ be a ____ of ____ certain ____ within the ____.

Is slowdowns ____ ____ ____ caused by using certain features ____ ____ ____.

Is it ____ ____ ____ ____ elements ____ increase ____ temperature ____ devices during operation?

Can certain ____ ____ within ____ ____ ____ ____ slowdowns and excessive heat?

Do features ____ the ____ cause ____ ____ device ____ frequently?

Is it ____ for ____ ____ features ____ cause overheating ____ ____?

Is it ____ that ____ stupid ____ features ____ my ____ ____ ____ or get all ____?

Is it ____ ____ parts ____ the ____ cause ____ ____ to ____ slow or ____?

____ the app features ____ ____ and ____ ____?

Should ____ be worried ____ using ____ aspects ____ ____ app that ____ excessive ____ ____ slowdowns?

Is ____ ____ for ____ in apps ____ experience ____?

Do ____ issues ____ ____ ____ typically ____ when ____ functionalities are utilized?

Do ____ app ____ ____ big slowdowns ____ overheating during ____?

____ ____ ____ ____ cause device crashes or ____ heating?

____ ____ normal for ____ issues and ____ to ____ ____ specific ____ are utilized?

Is ____ common ____ ____ ____ features ____ cause ____ and overheating?

Is ____ expected ____ certain attributes ____ ____ app ____ cause ____ slowdowns or ____ ____ overheating?

Does ____ certain feature ____ the device to ____ ____ ____ ____?

____ ____ app's specific ____ cause ____ to ____ down ____ get hot?

____ an ____ ____ features ____ ____ a lot of slowdowns or ____?

Do ____ ____ of apps ____ ____ ____ down or ____ up?

Is it okay for ____ stupid ____ ____ to ____ ____ phone ____ ____ get ____?

Is ____ common ____ features ____ ____ ____ to cause overheating?

Do some ____ ____ ____ ____ slow down or heating up ____ ____?

____ ____ normal ____ have app performance problems ____ by ____ built-in ____ ____ options ____ up ____ device?

Is it ____ ____ generate sluggishness and ____ ____ ____ ____ using certain app ____?

____ ____ ____ ____ features ____ an app to ____ ____ slowing down or overheating?

____ particular ____ ____ cause device ____ downs or excessive ____?

____ ____ ____ for ____ heat ____ ____ from certain app aspects?

____ it ok if ____ of ____ app ____ my ____ ____ or ____?

Is ____ okay that some parts ____ ____ ____ ____ my phone slow ____ ____?

____ ____ in ____ ____ cause ____ and overheating?

Do app features ____ to ____ ____ ____ ____ frequently?

Is it ____ that ____ attributes ____ the app would ____ ____ ____ ____ instances ____ overheating ____ ____ usage periods?

____ it common for app ____ to ____ crashes ____ ____?

____ it okay ____ ____ ____ specific capabilities to ____ ____ ____ or overheating ____ you are ____ it?

____ prominent app characteristics ____ overheating ____ ____?

Were frequent freezes ____ ____ ____ ____ with app ____?

Is slowdowns and ____ ____ ____ ____ of using ____ functionalities?

____ an ____ ____ ____ big ____ or overheating?

Is it normal ____ ____ ____ function ____ an ____ ____ ____ performance issues or ____?

____ features ____ the ____ cause slowdowns and ____ ____?

____ some ____ of ____ ____ ____ slow processing or excessive ____?

____ ____ any ____ ____ features ____ cause ____ ____ slowdowns or device overheating?

Is ____ ____ correlation ____ slow processing and ____ ____ ____ some aspects ____ apps?

Is it ____ that certain ____ ____ the ____ will ____ ____ ____ ____ or instances ____ overheating?

Do _____ app features _____ _____ or _____?

Are _____ _____ characteristics a cause _____ slowdowns _____ _____?

There _____ _____ _____ in which the internal _____ _____ the app _____ to lags _____ excess _____ _____.

_____ features in _____ _____ _____ slowing or _____?

_____ it _____ that _____ attributes _____ _____ app may cause _____ or _____ of _____ _____ active usage periods?

Do some _____ _____ result _____ _____ slowing _____ or _____ heat?

Is it normal _____ _____ _____ an _____ to _____ _____ or cause _____.

Do _____ app features _____ noticeable device _____ _____ _____ _____ fall?

Is _____ _____ for an _____ _____ _____ to cause overheating and _____?

_____ features in the _____ _____ _____ _____ overheating?

_____ _____ okay _____ parts of the _____ cause _____ phone _____ _____ or get too _____?

Is _____ regular _____ in _____ _____ are _____?

Do _____ _____ _____ sluggishness _____ device _____ sometimes?

_____ features in apps _____ cause _____ slowdowns _____ _____?

Do _____ features lead _____ _____?

_____ slowdowns _____ overheating _____ _____ _____ app features common?

Can _____ capabilities within an _____ _____ slowdowns _____ excessive _____?

Is _____ a _____ of times when _____ _____ slow _____ _____ _____ cause overheating?

Is _____ common _____ _____ or overheating _____ _____ app features?

_____ _____ _____ heat from the _____?

Is _____ okay for _____ features _____ _____ my _____ _____ or _____ all hot?

_____ it possible _____ _____ _____ to _____ sluggishness and heightened _____ _____ on devices?

How frequently do _____ functionalities in _____ _____ _____ or _____ _____?

When specific _____ _____ _____ in _____ application, are there _____ _____ and _____ problems?

Is _____ and _____ _____ a consequence of _____ _____ _____ in the _____?

Is overheating _____ _____ _____ _____ in apps?

_____ slowdowns _____ heating issues a _____ of using _____ _____ _____?

Do _____ attributes cause sluggishness _____ _____ _____ _____?

Do _____ _____ an application _____ _____ speed and _____ _____ heat when _____ in normal _____?

_____ slowdowns and _____ _____ because _____ app _____?

Is the _____ of certain _____ _____ the _____ _____ cause of _____ _____ _____ issues?

_____ _____ normal if _____ app _____ make my device _____ _____ _____ overheat?

_____ and _____ _____ _____ specific app?

How frequently _____ specific _____ cause _____ or _____ _____ in _____?

_____ aspects of apps may _____ in _____ _____ or _____ _____ _____ used.

_____ _____ normal for functions within _____ _____ to _____ performance issues _____ _____ overheating?

Is _____ _____ if parts _____ _____ application make _____ phone _____ or _____?

Do app features _____ _____ _____ _____ _____ heating _____ in _____ operating conditions?

_____ some application _____ slow down or heat _____ _____ _____?

_____ _____ _____ and device overheating _____ when _____ use _____ app functions?

Do _____ features _____ apps cause _____ lot _____ _____ _____ overheating?

_____ prominent app _____ _____ large slowdowns or _____ _____?

Is there _____ heat _____ to _____ _____ _____?

_____ the feature _____ _____ _____ apps?

Do frequent _____ _____ heat _____ _____ _____ usage happen?

Is it _____ to use certain aspects of _____ app _____ _____ _____ _____ _____ _____ or _____ downs?

Is it _____ for selected app elements to _____ _____ _____ heightened _____ _____ _____?

Is the app causing it to _____ slow _____ _____ or _____ _____ temperature _____ _____ _____?

Is _____ _____ that some app elements _____ _____ sluggishness _____ _____ temperature _____ _____ devices?

Are _____ _____ _____ _____ a _____ of _____ certain functions in the _____?

_____ frequent freezes and heat variations _____ _____ _____ app _____?

_____ slowdowns and heating issues a _____ _____ _____ _____ _____ in the _____?

_____ _____ elements _____ result in excessive _____ or slowing _____?

Is _____ normal _____ app performance troubles _____ _____ _____ _____ built-in functions _____ options heating _____ your _____?

Some _____ _____ _____ within the _____ may cause _____ decreases _____ speed _____ heat.

_____ app features lead _____ _____ _____ overheating?

Will _____ specific _____ in _____ _____ cause _____ slowdown _____ overheating?

Do _____ in the _____ _____ _____ like _____?

_____ it okay for silly _____ features _____ make my _____ _____ or _____ _____ _____?

Will _____ _____ specific _____ _____ it to slow _____ or get _____ _____?

Is _____ heat _____ _____ certain app _____?

_____ app features _____ overheating _____ _____ on _____ daily basis?

Do _____ _____ characteristics _____ _____ slowdowns or _____?

Do _____ application elements cause a slow _____ _____ _____ _____?

Do slowdowns _____ _____ happen because _____ _____ _____ functions?

_____ attributes _____ the app _____ cause _____ decreases in _____ _____ system _____ surge.

Is an app's _____ going to _____ major _____ _____ _____?

There may _____ app _____ that lead _____ slowdowns _____ _____.

_____ it normal _____ get _____ _____ certain features _____ apps?

_____ there _____ specific _____ _____ that cause _____ or overheating?

Is excessive heat caused _____ _____ _____ _____?

Do _____ _____ _____ _____ _____ slowdowns or overheating?

_____ certain _____ _____ an application _____ _____ excessive heat _____ while _____ it?

_____ _____ capabilities of _____ _____ _____ to slowdowns _____ excessive heat?

_____ _____ _____ for certain features within an app _____ _____ _____ _____ or overheating?

_____ _____ common for _____ _____ _____ _____ cause overheating or slowdowns?

_____ _____ okay that _____ stupid _____ _____ make my phone lag or _____ _____ _____?

_____ specific _____ in _____ app cause _____ lot of _____ _____ overheating?

How _____ do certain _____ _____ _____ _____ device overheating in _____?

Do I _____ to _____ about certain _____ functions causing _____ _____ _____ slow _____ _____ get _____?

Is _____ ever normal to _____ app _____ troubles due _____ _____ functions or options heating _____ _____ _____ _____ _____?

_____ performance issues _____ _____ problems usually _____ when specific _____ _____ used?

Do specific _____ in an _____ _____ _____ _____ _____ or overheating?

_____ _____ application elements _____ in excessive heat _____ _____ down?

_____ _____ _____ where internal _____ of the _____ lead _____ _____ and excess heat _____?

_____ prominent _____ _____ cause _____ delays _____ overheating?

_____ an app's features cause _____ _____ _____ _____?

I _____ _____ features _____ _____ app make it _____ as _____ or _____ _____ _____ to dangerous levels.

_____ it possible _____ app elements _____ cause _____ _____ _____ temperature on _____?

_____ _____ issues and overheating problems happen when _____ _____ are _____ in _____ _____?

_____ frequently _____ specific things within _____ cause _____ _____ device _____?

Performance discrepancies and device overheating _____ _____ _____ _____ specific _____ _____.

_____ _____ and unwanted device _____ may _____ caused _____ application _____.

_____ _____ _____ usage slowdowns and device overheating due _____ _____ app _____?

_____ _____ seem _____ if _____ _____ _____ the app _____ my _____ slow or hot?

Is it normal for certain functions in _____ _____ _____ cause _____ _____ _____ _____ device _____?

_____ _____ any _____ _____ that _____ device slowdowns or excessive heating _____?

_____ application elements _____ in excessive _____ _____ slow _____ usage?

Can _____ _____ _____ _____ application _____ to slowdowns and excessive _____?

_____ it possible to _____ _____ and heightened _____ on _____ with _____ app _____?

Is it normal for ____ ____ to ____ ____ slowing down ____ ____?

Is ____ possible ____ selected ____ ____ to ____ ____ ____ heightened ____ levels on devices?

Is excessive ____ ____ ____ certain aspects ____ the ____?

Is ____ ____ ____ ____ ____ to make my ____ slow down ____ heat up?

Is it normal ____ certain ____ ____ an application ____ ____ overheating ____ ____ issues?

Can certain ____ ____ ____ an ____ lead to ____ or excessive ____ ____ using ____?

____ ____ ____ for select ____ elements ____ ____ ____ and increased temperature ____ on devices?

____ there ____ or ____ because of certain ____ ____?

Do performance ____ and ____ ____ ____ ____ using specific ____ functions?

____ there ____ expectation that ____ attributes within ____ ____ will result ____ ____ ____ or ____ of overheating?

Is ____ okay ____ ____ app's ____ capabilities to result ____ slow ____ overheating ____?

____ and ____ from the ____ ____?

Is ____ expected ____ and heat variations ____ ____ ____?

Will the ____ of ____ app ____ major ____ or ____?

____ there slowdowns ____ ____ ____ to ____ functions?

____ the occasional ____ ____ speed and heat surge ____ by ____ ____ ____ ____ app?

____ specific app ____ cause ____ ____ slowdowns or excessive ____ ____?

____ ____ possible to generate ____ ____ ____ temperature ____ in selected ____ elements?

Is ____ discrepancies and ____ ____ ____ using ____ ____ functionalities typical?

Is it ____ ____ app ____ to make ____ device slow ____ or ____ ____?

____ app's ____ aspects may ____ ____ ____ ____ excess heat production.

____ I be concerned about app ____ ____ ____ phone ____ slow ____ ____ get ____?

There are regular ____ ____ internal aspects ____ the app ____ ____ ____ and ____ heat ____.

Is it normal for particular functions ____ ____ ____ ____ cause ____ ____ or ____?

____ ____ ____ specific ____ in the ____ cause ____ or device overheating?

Some ____ within ____ app ____ ____ a decrease ____ speed ____ heat.

____ ____ do specific apps ____ lagging ____ ____ overheating?

Is ____ normal for specific app ____ ____ ____ overheating ____ ____ down?

____ ____ some attributes within ____ ____ that ____ ____ ____ in speed and system ____.

Should I ____ worried about ____ ____ aspects of ____ ____ ____ cause ____ heating or ____?

Can ____ ____ ____ within ____ application lead ____ ____ ____ or ____ heat when used?

____ some ____ of an ____ ____ slowness ____ overheating?

____ some ____ cause ____ heat ____ slow down during ____?

____ ____ ok ____ ____ ____ specific capabilities ____ result in major ____ downs ____ overheating?

Is ____ ____ if ____ parts of ____ ____ make my ____ slow ____ hot?

Do ____ features cause ____ ____ ____?

____ ____ ____ common phenomenon ____ to specific ____ functions?

Do ____ ____ ____ ____ overheating ____ slow usage?

____ ____ normal for ____ app ____ ____ occasional decreases in ____ and ____ ____ surge?

____ a ____ with ____ application ____ to extreme ____ ____ ____ excessive warmth?

____ is normal for ____ app to ____ ____ downs ____ ____ issues.

____ prominent app ____ cause ____ concerns ____ ____?

Some ____ ____ ____ app can ____ in ____ processing ____ excessive heating.

Is it ____ good idea to use certain ____ of the app ____ can ____ ____ ____ ____ ____ ____ ____?

Will ____ ____ ____ of ____ app cause major slowdowns ____ ____?

____ it ____ for an app's specific capabilities to ____ ____ ____ or ____ ____ being ____?

____ ____ ok ____ an app's ____ capabilities ____ result ____ major slowdowns ____ overheating?

____ ____ expected that certain attributes ____ ____ app ____ result in ____ ____ ____ instances ____ overheating during ____ usage periods?

____ ____ ____ characteristics ____ cause of ____ or ____ during usage?

In normal ____ ____ some ____ ____ an application affect its ____ ____ ____ excessive ____?

Do _____ elements often result in _____ _____ _____ excessive _____?

I want to _____ if I should be _____ _____ certain _____ _____ _____ _____ phone to slow _____ _____ _____ hot.

_____ app features _____ _____ _____ and overheating?

Do prominent _____ _____ cause _____ or slow downs _____ _____?

Is _____ common for _____ features to cause _____ _____ _____?

Do _____ _____ the apps _____ _____ or _____?

_____ significant performance issues _____ _____ _____ _____ happen when specific _____ are _____?

In normal _____ do _____ components of _____ _____ _____ _____ speed _____ generate excessive _____?

_____ _____ possible _____ selected _____ _____ _____ generate sluggishness _____ heightened temperature _____ on devices _____ operation?

Do prominent _____ _____ _____ overheating _____ during _____?

_____ _____ _____ concerned _____ certain aspects of the _____ _____ to _____ heating _____ slowdowns?

_____ a _____ feature of the _____ cause _____ _____ _____ overheating?

_____ certain features _____ an _____ cause slowness or _____ _____ _____ devices?

Do _____ think feature _____ _____ _____ are common _____ this _____?

_____ selected _____ _____ an _____ affect its speed _____ _____ excessive heat during _____?

_____ _____ _____ specific _____ _____ _____ or device overheating in apps?

Normal _____ _____ app to have _____ _____ _____ issues?

Do _____ of _____ _____ _____ overheating?

_____ _____ in _____ _____ cause slowdowns or _____?

Do _____ parts _____ apps _____ _____ processing or excessive _____ _____ used?

Is overheating _____ due to _____ _____ _____?

_____ it _____ for _____ _____ features to make my _____ _____ _____ _____ all hot?

slowdowns and heating _____ may be caused _____ _____ _____ _____ _____ _____ app.

_____ _____ _____ _____ there are major operational delays while using certain parts _____ a _____ _____ _____ _____ _____ thermals?

_____ app _____ cause device _____ or _____ _____?

_____ features _____ _____ app _____ delays _____ overheating?

Is _____ certain features in _____ app _____ _____ _____ _____ _____ heating issues?

_____ certain components of an application _____ its _____ _____ generate _____ _____?

_____ prominent app _____ _____ _____ _____ or overheating?

_____ it possible _____ frequent freezes _____ _____ variations are _____ _____ _____ usage?

_____ _____ possible _____ select app _____ to generate _____ _____ _____ temperature on devices?

_____ _____ a _____ between _____ certain features within the _____ _____ _____ or heating _____?

Is slowdowns and heating _____ _____ by _____ use _____ _____ _____ within _____ app?

Is it normal that _____ _____ _____ _____ _____ heating up your device too _____ _____ _____ _____ performance troubles?

_____ _____ _____ apps lead to significant _____ or _____?

Is _____ _____ for certain features _____ an _____ to slow _____ _____ cause _____?

Is it anticipated _____ selected attributes within the _____ will _____ _____ _____ _____ _____ of _____?

_____ the use _____ certain functions _____ _____ app _____ _____ _____ slowdowns and _____ issues?

_____ _____ features _____ slowdowns or _____.

_____ _____ overheating _____ be caused _____ specific _____ features.

_____ slowdowns _____ _____ caused _____ _____ features common?

_____ to _____ functions, are _____ _____ overheating _____?

_____ _____ _____ to _____ sluggishness and heightened _____ _____ on devices _____ using select app _____?

Is _____ _____ for an _____ to have specific _____ _____ _____ _____ _____ _____ down or overheating?

_____ _____ _____ _____ app cause overheating and _____?

Should I _____ worried _____ some _____ _____ causing my _____ to slow _____ _____ _____ hot?

Do _____ in _____ _____ _____ sluggishness and _____ overheating?

Do some _____ of _____ app results _____ _____ _____ or _____ heating?

_____ application _____ _____ excessive _____ _____ slowing down?

Do some application elements slow _____ _____ _____ up _____ _____?

Is it _____ _____ particular app features _____ _____ overheating _____ _____?

There can be _____ decreases _____ _____ and system _____ surge _____ by _____ _____ within _____ _____.

_____ _____ _____ _____ an app _____ slowness or overheating _____ devices?

_____ _____ _____ feature of an _____ cause _____ slowdown _____ overheating?

Is _____ _____ to _____ _____ and higher temperature levels on _____ using _____ _____ _____?

I wonder if there _____ regular _____ where _____ aspects _____ _____ _____ _____ to _____ and _____ heat production.

_____ app features cause device slowdowns _____ _____ _____ _____?

_____ app _____ cause _____ and overheating _____?

Is app usage expected _____ _____ frequent freezes _____ _____ _____?

Should I _____ _____ about _____ _____ _____ that can _____ _____ phone to _____ _____ or get hot?

The _____ aspects of the _____ _____ _____ _____ _____ _____ excess heat production.

Slow down _____ _____ from _____ specific _____

Are there _____ particular app _____ _____ _____ _____ _____ slowdowns _____ device overheating?

_____ _____ normal to have _____ heat _____ to certain _____ _____?

Is _____ an app feature _____ device _____ _____ _____ heating _____?

Is _____ _____ app feature causing device _____ _____ excessive _____?

Are heat _____ _____ _____ _____ app usage?

Slowdown _____ heat _____ specific _____?

_____ _____ _____ to _____ _____ performance troubles _____ to certain built-in _____ _____ options heating up your _____?

Some application _____ _____ _____ in excessive _____ _____ slowing down.

Can _____ heat be _____ by _____ _____ _____?

_____ _____ overheating are caused _____ certain _____ _____.

_____ _____ _____ characteristics cause significant _____ concerns?

Does _____ _____ _____ if the _____ makes my _____ _____ _____ too hot?

_____ slowdowns and overheating _____ because of _____ _____ _____?

_____ _____ and _____ caused _____ specific _____ features?

_____ _____ circumstances, _____ components _____ an application _____ the _____ and generate _____?

_____ features _____ _____ apps tend to _____ down _____ overheating?

Is _____ freezes and _____ _____ expected _____ _____ usage?

Is _____ use _____ certain functions _____ _____ app _____ reason for _____ _____ _____ issues?

_____ overheating caused _____ specific app _____ _____?

Is it _____ that _____ _____ _____ _____ to _____ lags and excessive _____?

_____ _____ _____ to experience major operational _____ _____ using certain parts of _____ mobile software _____ with _____ _____?

_____ _____ _____ _____ _____ capabilities within an _____ to _____ excessive heat when using _____?

Do performance _____ and _____ problems _____ _____ when specific applications _____ _____?

_____ are _____ in the app _____ cause overheating _____ _____.

Is _____ anticipated that certain _____ within _____ _____ will _____ slowdowns or _____ _____ _____?

Is app _____ _____ to _____ _____ freezes and heat _____?

_____ there specific app features _____ _____ _____?

It's _____ if some app _____ make my _____ _____ _____ or _____.

_____ _____ frequent occurrences where _____ app _____ _____ _____ _____ excess heat production?

Is it possible _____ _____ app elements _____ create sluggishness _____ _____ _____ _____ devices?

Is _____ _____ _____ to _____ features?

When specific _____ inside an _____ are _____ _____ _____ _____ and overheating _____ _____ occur?

Is slowings _____ heating issues a _____ _____ _____ _____ features in _____ _____?

Is there _____ app _____ _____ _____ _____ or excessive heating?

_____ are certain _____ functions that can cause _____ _____ _____.

_____ _____ _____ _____ there are _____ _____ delays while using certain parts _____ _____ mobile software _____ with draconian _____ indicating a _____ _____ everyone

Is _____ _____ to _____ _____ performance problems _____ _____ _____ _____ _____ or options heating up your device _____ much?

Does a _____ feature _____ _____ _____ _____ device lags?

Did the app _____ _____ the device _____ or _____ _____?

_____ it _____ to use _____ _____ of _____ _____ that can _____ _____ excessive heating or severe _____?

Is it _____ _____ certain attributes _____ _____ app to _____ occasional _____ _____ speed _____ heat?

Do the application _____ _____ in excessive _____ _____ slow _____?

_____ features in _____ _____ cause overheating _____ slow _____?

_____ _____ any _____ app features that _____ device overheating _____ substantial _____ _____?

Do application _____ _____ in slow down _____ _____ _____?

_____ app features _____ _____ _____ slowdowns or excessive heating fall _____ normal _____ _____?

Is _____ _____ _____ have heating issues during the _____ _____?

Are _____ usage slowdowns and _____ _____ _____ by _____ app _____?

Is it normal _____ _____ _____ _____ have freezes and _____ _____?

There are _____ decreases _____ _____ and _____ heat surge _____ by certain _____ _____ _____ app.

_____ there _____ app feature causing _____ slowdowns _____ _____ _____ fall?

Some _____ _____ _____ might _____ in slow _____ _____ excessive heating.

_____ frequent _____ and _____ variations expected with _____ _____?

_____ and _____ from particular _____?

Is _____ _____ _____ _____ _____ elements to generate sluggishness _____ _____ temperature levels on _____?

Does _____ _____ _____ to _____ and overheating?

_____ the app's features going _____ _____ major slowdowns _____ _____?

Is it _____ for the _____ _____ to generate _____ and _____ temperature _____ _____?

_____ _____ issues and overheating _____ _____ occur when specific features are _____ _____ _____ _____?

When _____ functionalities _____ used _____ an application, are _____ _____ performance _____ _____ _____ problems?

_____ prominent app _____ the cause of _____ _____ _____ overheating?

_____ _____ _____ apps can lead to _____ _____ overheating.

Do your _____ cause huge _____ drops _____ overheating _____ _____ use _____?

Do some parts _____ _____ _____ in slow _____ _____ _____ heating?

_____ _____ aspects _____ _____ _____ result in _____ processing or excessive heating?

Is it _____ for _____ components of an _____ _____ create excessive _____ _____ _____?

Is it possible _____ select app elements _____ generate _____ and _____ _____ on _____ _____ _____?

Do certain _____ _____ _____ app cause _____ decreases in _____ and _____?

Is _____ alright _____ the stupid _____ features _____ _____ _____ phone _____ or hot?

_____ discrepancies and _____ overheating _____ _____ when _____ specific app _____.

Does some _____ of _____ app _____ in _____ _____ _____ excessive heating?

Is it _____ _____ _____ _____ an app to _____ slow _____ _____ overheating?

_____ it anticipated that _____ _____ _____ _____ _____ will result _____ slowdowns _____ overheating during active _____?

Is it _____ _____ _____ _____ be overheated in _____?

_____ _____ _____ specific _____ within apps _____ lagging or overheating?

Is _____ normal _____ features _____ _____ app _____ cause _____ slowdowns _____ _____ during use?

_____ _____ functionalities are utilized _____ _____ application, _____ performance issues _____ _____ likely?

Some _____ within the _____ _____ _____ _____ decreases in _____ and system _____ fluctuations.

Do specific app _____ _____ _____ or _____?

_____ _____ and heating _____ often _____ _____ of using _____ features _____ the app?

_____ frequently do _____ functions _____ apps cause _____ and _____?

Some _____ the attributes _____ the app may _____ _____ _____ in _____ _____ system _____ surge.

Is _____ _____ _____ _____ app's _____ capabilities _____ lead _____ major slowdowns and overheating?

Is _____ down and heating issues _____ _____ consequence _____ _____ _____ features _____ the _____?

Is _____ _____ to _____ _____ and increased temperature _____ on _____ using _____ elements?

_____ _____ _____ that _____ attributes within the _____ _____ cause slowdowns or instances _____ _____?

Is it normal _____ _____ _____ to _____ _____ and device _____?

_____ selected _____ _____ _____ application affect its _____ and generate too much _____ _____ _____?

How _____ do _____ app features cause _____ _____ device _____?

There _____ certain _____ _____ _____ _____ _____ _____ slowdowns or excessive heating fall.

_____ _____ _____ that certain _____ within _____ app _____ cause major slowdowns _____ _____ of overheating?

Is _____ normal to _____ performance issues _____ by _____ _____ or options _____ _____ your _____ _____ much?

Is _____ _____ _____ a specific _____ feature to cause _____?

Can certain _____ _____ an application _____ _____ _____ excessive heat?

_____ _____ common _____ _____ _____ to _____ down operations significantly or cause _____?

_____ and _____ from a _____ _____?

System sluggishness _____ _____ device warmth _____ be _____ _____ _____ attributes.

_____ app features cause device _____ or _____ _____ _____ in normal _____ _____?

_____ it normal for _____ _____ _____ cause _____ _____ slowing down?

If _____ features _____ my device _____ down or _____ _____ _____ normal?

System sluggishness _____ _____ _____ warmth _____ be _____ _____ specific attributes _____ applications.

Is it normal _____ specific app _____ to _____ overheating _____ _____ _____?

Is _____ or _____ caused by _____ _____?

Is _____ _____ for features to _____ _____ or overheating _____ _____?

_____ _____ do certain functionalities cause _____ _____ device overheating _____ _____?

Is it normal _____ _____ in _____ _____ to _____ overheating _____ slowing?

_____ _____ application _____ cause _____ heat during _____?

Is _____ possible for _____ app elements to _____ sluggishness and _____ _____ _____ _____?

Is _____ possible _____ select _____ _____ to _____ sluggishness and heightened _____ _____ devices?

_____ _____ and heating issues often _____ _____ _____ using certain _____?

Is the decrease in _____ _____ system _____ _____ _____ to _____ _____ _____ the app?

Is there a _____ _____ _____ _____ _____ notable device slowdowns _____ _____ heating?

_____ it possible _____ _____ capabilities within an _____ to _____ excessive _____?

Is _____ _____ _____ generate _____ and higher _____ levels _____ devices _____ app elements?

Do _____ and overheating _____ due to _____ _____ _____ _____ app?

Is it _____ to generate _____ _____ _____ _____ levels _____ app elements?

_____ _____ in _____ app _____ _____ slowdowns or overheating?

_____ _____ _____ integrated within an _____ cause slowdowns or _____ _____ _____ used?

Is _____ _____ _____ _____ app features make my _____ _____ _____ or overheating?

_____ it okay _____ _____ app's _____ _____ _____ cause big slowdowns _____ overheating?

_____ overheating and _____ caused _____ certain _____ _____ common?

_____ the _____ _____ to a _____ _____ _____ and excess heat?

Are _____ _____ this app _____ it _____ or _____?

_____ _____ think _____ _____ is common with this _____?

Do application _____ _____ to _____ down _____ _____ up?

Do some parts of _____ app result in _____ _____ _____ _____ _____?

Is it _____ _____ selected _____ within the _____ will _____ _____ _____ slowdowns _____ instances of _____?

Slowdown _____ _____ coming from _____ _____ app?

Do app _____ _____ _____ overheating _____ now and _____?

It's normal _____ some app features _____ _____ device slow _____ _____ _____.

_____ certain _____ in _____ app _____ _____ or slowness?

Can _____ _____ in an application _____ _____ _____ downs or _____ heat?

_____ _____ common _____ have _____ _____ by specific app features?

Do _____ _____ result _____ _____ heat or slowing down _____ _____?

_____ _____ do certain features _____ _____ or overheating in _____?

_____ it normal _____ _____ app _____ make my _____ _____ down _____ explode?

_____ _____ of the _____ _____ _____ slowdown or overheating?

Is _____ _____ _____ decrease in _____ and _____ heat surge caused _____ _____ attributes _____ the _____?

Is slowing _____ _____ overheating _____ _____ _____ specific app functions?

Is _____ okay _____ an _____ specific capabilities _____ cause _____ slowdown or _____ _____ _____ use _____?

_____ app features prompt _____ _____ device _____?

When _____ _____ app functions, _____ _____ _____ and _____ overheating typical?

_____ _____ _____ unwanted _____ warmth might be _____ _____ specific applications.

Can certain _____ _____ _____ an application cause _____ _____ and _____ downs?

_____ specific _____ in _____ _____ _____ slowness or overheating?

Should _____ _____ _____ _____ _____ certain _____ _____ _____ app that cause excessive heating or _____ downs?

Is _____ usual _____ features in _____ _____ _____ overheating?

Do _____ application elements _____ in _____ down or _____ _____ during _____?

Do features _____ the app _____ _____ slow _____ _____ overheating?

How _____ do specific _____ in apps _____ _____ and _____?

_____ I _____ _____ if certain app _____ cause _____ phone to _____ _____ get _____?

Some _____ in apps _____ _____ _____ or _____.

_____ it _____ that stupid app _____ _____ _____ phone _____ _____ get hot?

_____ it _____ _____ an app to result _____ major _____ _____ _____ while using _____?

_____ components _____ _____ _____ _____ _____ speed and _____ excessive heat in normal circumstances.

Is _____ _____ to _____ certain aspects of _____ _____ that _____ to _____ heating _____ slowness?

Should _____ _____ concerned about certain app _____ causing _____ phone _____ _____ _____ or _____ hot?

_____ the _____ _____ _____ make my phone _____ or get hot, _____ it _____?

Is using _____ _____ _____ _____ app _____ cause of slowdowns _____ heating _____?

Is _____ use _____ certain functions in the _____ a _____ of _____ _____ _____ _____?

_____ features of _____ _____ cause _____ slowdowns or _____?

_____ _____ _____ of applications cause _____ _____ warmth?

Is _____ _____ to use _____ _____ _____ the app _____ can lead _____ _____ _____ or slow downs?

_____ it _____ for certain _____ _____ an _____ _____ cause slowdowns or _____?

_____ it _____ regular occurrence where _____ aspects of _____ _____ _____ _____ lags and excess _____ _____?

Are substantial _____ slowdowns and _____ overheating due _____ _____ _____ _____?

_____ _____ an app _____ cause _____ downs _____ heat issues.

Some attributes _____ _____ app _____ occasional _____ _____ speed and system _____ _____.

Is _____ _____ for _____ stupid _____ _____ _____ cause my _____ to lag _____ _____ all hot?

_____ it possible _____ the _____ _____ _____ occasional _____ _____ speed _____ system heat surge?

Is _____ possible to _____ sluggishness and _____ _____ levels on _____ _____ app _____?

In _____ _____ do certain _____ of an _____ _____ _____ _____ and generate _____ heat?

_____ there an app _____ that _____ _____ slowdowns _____ _____ heating within _____ operating _____?

Do some _____ _____ the app cause significant _____ _____ _____?

_____ _____ _____ occurrences of lags and _____ _____ produced _____ internal _____ of the _____?

Performance _____ _____ _____ overheating can be caused _____ specific _____ within _____ _____.

Some _____ of an app _____ _____ slow _____ _____ _____ heating.

Is _____ _____ _____ certain attributes _____ the _____ will cause slowdowns and _____ _____ overheating during _____ usage _____?

Is _____ possible to generate sluggishness _____ increased temperature _____ _____ using _____ _____ _____?

Can certain capabilities within _____ _____ _____ _____ _____ heat being _____ while using _____?

_____ _____ features in an app _____ significant slowness _____ _____?

Is it _____ _____ certain features _____ apps _____ _____?

_____ _____ possible _____ select _____ _____ to generate _____ _____ heightened temperature levels _____ devices?

_____ _____ _____ are _____ _____ an application, are performance _____ and _____ likely?

_____ _____ possible that certain attributes within _____ app _____ _____ in slowdowns _____ instances _____ _____?

Is _____ _____ _____ certain attributes within the app will result _____ _____ and overheating _____ _____ _____ _____?

Do some _____ _____ apps lead _____ slow processing _____ _____ _____?

_____ an app's features lead _____ a _____ of _____ _____ _____?

_____ it _____ to _____ certain aspects _____ _____ app _____ _____ lead to _____ heating _____ slowdowns?

_____ _____ a good _____ to use _____ aspects _____ the app _____ _____ _____ _____ or slowdowns?

_____ _____ in _____ can cause significant _____ _____ overheating.

_____ _____ _____ _____ that the _____ makes my phone slow or _____?

Is _____ normal _____ features _____ an _____ _____ _____ down or overheated?

Do some _____ _____ apps _____ a _____ _____ _____ process _____ heating up?

Is it _____ _____ be concerned about certain _____ _____ _____ _____ _____ slow down or _____ hot?

Is it _____ _____ certain functions within _____ _____ _____ cause _____ overheating?

Is it a good _____ _____ _____ _____ _____ of _____ app that _____ _____ excessive heating or _____?

_____ it predicted that _____ attributes within the app will result _____ _____ or _____ _____ _____ _____ _____?

Are slowdowns and _____ issues a _____ _____ _____ certain _____ in _____ _____?

_____ _____ device _____ or performance discrepancies _____ using certain _____ _____?

_____ _____ _____ _____ _____ that _____ notable device slowdowns or excessive _____ fall.

There are _____ _____ _____ _____ notable device slowdowns _____ _____ heating.

Do some app _____ cause device _____ _____ _____ _____ fall?

_____ there _____ occurrences where internal aspects of _____ app _____ _____ _____ excess _____ _____?

_____ some aspects _____ the _____ _____ in _____ processing _____ heating?

Do selected components of an _____ _____ _____ speed _____ _____ _____ heat?

Is _____ _____ _____ _____ in the _____ _____ _____ device to slow down _____ overheating?

Is there _____ _____ troublesome _____ that _____ to extreme _____ _____ and excessive _____?

_____ _____ okay _____ _____ stupid app features that _____ _____ _____ lag or get _____?

_____ it _____ for _____ _____ features _____ make my phone _____ or _____ hot?

Is _____ _____ to _____ _____ and _____ temperature levels on devices when _____ _____ _____?

Is _____ likely that selected _____ within the _____ _____ _____ slowdowns _____ _____ during _____ _____ periods?

_____ can be slowdowns _____ _____ _____ to specific app _____.

Is it _____ for internal aspects _____ _____ app _____ _____ _____ _____ and excess _____ production?

Is _____ _____ _____ _____ sluggishness _____ heightened _____ levels on _____ with selected _____ elements?

_____ it expected _____ selected _____ within _____ app _____ result _____ large _____ or _____ of _____?

Do _____ characteristics cause slowdowns _____ _____ _____ _____?

_____ it ok _____ _____ _____ _____ capabilities to _____ in major delays _____ overheating?

App _____ can _____ _____ and _____ overheating.

Some app _____ _____ down operations _____ or _____ _____.

Is it normal for _____ _____ _____ _____ to cause significant slowdowns _____ _____ _____ _____?

_____ some _____ _____ the application _____ _____ processing or _____ heating?

_____ _____ normal for _____ _____ an app _____ cause slowing _____ _____ overheating?

Is it a good idea _____ _____ _____ _____ of _____ _____ that _____ _____ heating or _____?

Do the application _____ _____ _____ slowing _____ or excessive _____?

Does the application _____ result _____ _____ _____ or slowing _____?

Do _____ _____ features cause a _____ _____ slowdowns or _____?

_____ slowing down _____ heating issues _____ consequence of _____ certain _____ _____ _____ app?

Is _____ anticipated _____ selected _____ _____ the app could _____ major slowdowns or _____ _____ overheating _____ active _____ _____?

_____ _____ _____ app _____ _____ cause device slowdowns or excessive _____ fall?

Do _____ _____ in an _____ _____ to cause _____ _____ overheating?

_____ _____ aspects of _____ cause excessive _____?

_____ _____ usage cause frequent freezes _____ _____ _____?

Is _____ _____ _____ certain app features _____ _____ slowdowns or excessive _____?

_____ it _____ _____ an _____ specific _____ to cause major _____ and _____?

_____ _____ _____ _____ _____ cause a lot of _____ and overheating?

_____ it _____ for features within the _____ _____ _____ slowdowns or _____?

Is _____ normal for _____ _____ an application _____ _____ excessive _____ during _____?

Do features _____ an _____ _____ _____ user _____ cause _____ or overheating?

Do prominent _____ _____ cause noticeable _____ _____ _____?

_____ down _____ heat _____ _____ app?

_____ _____ _____ for _____ an app to slow _____ and cause _____?

_____ the _____ in the _____ _____ major _____ or overheating?

Is _____ _____ heating issues _____ _____ using certain app _____?

_____ certain _____ _____ within an _____ lead to _____ _____ being encountered?

System _____ and _____ _____ _____ _____ be caused by certain attributes _____ _____.

_____ _____ _____ for app _____ to cause _____ _____ _____ temperature on devices?

_____ _____ _____ ok if _____ app makes my phone _____ _____ hot?

_____ slowdowns _____ overheating common _____ _____ _____ app functions?

Do _____ of _____ _____ _____ its speed _____ _____ excessive heat?

_____ _____ circumstances, do _____ components of _____ _____ affect its speed and _____ too _____ _____?

Do _____ _____ characteristics _____ _____ _____ or overheating?

Is it _____ for certain _____ _____ an app _____ _____ down or _____ _____?

_____ prominent app _____ cause _____ slowdowns or _____ _____?

Do features _____ _____ app _____ _____ or _____?

Is _____ true that _____ _____ cause _____ and device _____?

Is it _____ _____ app _____ to cause _____ or _____ _____?

_____ it normal _____ have app performance troubles caused _____ _____ _____ in _____ _____ options _____ up your _____ _____ much?

_____ _____ normal for features in _____ _____ to _____ down or _____ _____?

Should I _____ worried about _____ certain aspects of _____ _____ _____ lead _____ excessive _____ _____ severe _____?

_____ it _____ _____ _____ functions to cause performance issues _____ _____ overheating _____ an _____?

Is it _____ for _____ _____ features _____ cause _____ _____ problems?

_____ slowdowns and heating issues caused _____ _____ _____ _____ _____ app?

Do _____ _____ the app cause _____ _____ _____?

Is it _____ that certain attributes _____ _____ _____ _____ _____ _____ or instances of _____ during active usage _____?

Is _____ _____ _____ overheating caused _____ app _____ common?

Is there _____ _____ occurrence _____ the _____ aspects _____ the app lead _____ _____ _____ _____ heat?

_____ it _____ for an app's specific capabilities to _____ in _____ _____ _____ _____?

Do application attributes _____ _____ _____ warm _____?

Will _____ _____ _____ heat _____ be _____ with app usage?

Do features _____ the _____ _____ _____ overheating?

_____ normal _____ _____ _____ _____ _____ application hinder its speed and cause excessive _____ _____ use?

Do _____ _____ overheating happen due to _____ _____ _____?

_____ _____ _____ specific features cause _____ _____ slow down _____ overheating?

_____ it _____ _____ features in _____ _____ _____ slow _____ or cause problems?

_____ slow or _____ _____ hot?

Slow _____ _____ heat _____ _____ app?

_____ an app's _____ _____ that cause _____ _____ or overheating?

Do application _____ result _____ _____ slowing _____ or excessive _____?

_____ _____ possible _____ create _____ _____ increased _____ _____ on devices _____ select app elements?

_____ it normal _____ functions _____ an _____ _____ _____ performance issues or _____?

Do some aspects _____ applications cause _____ _____ _____ excessive _____ when _____?

_____ _____ and _____ _____ warmth _____ _____ caused _____ specific attributes in applications.

Do _____ in apps _____ _____ _____ slowdowns _____ overheating?

Is it _____ to have _____ performance troubles _____ _____ certain _____ _____ _____ options _____ _____ your _____ too much?

_____ attributes within _____ app _____ cause _____ _____ _____ speed and system _____ surge.

_____ prominent app _____ _____ significant delays _____ overheating _____ usage?

Is _____ _____ _____ applications to cause _____ sluggishness _____ unwanted _____ warmth?

_____ _____ frequently _____ _____ specific _____ features slow _____ operations or _____ overheating?

_____ it _____ _____ experience _____ _____ _____ of certain _____ _____ or options heating up _____ device too much?

Do features _____ apps _____ _____ slow _____ or _____ hotter?

How _____ do _____ functionalities in apps _____ lagging _____ _____?

_____ an app's specific features lead to major _____ _____ _____ _____ _____ _____?

Is _____ _____ lot of _____ where _____ features slow _____ _____ or cause _____?

_____ _____ of an _____ affect its speed _____ _____ too much heat _____ _____?

Is _____ _____ for _____ features _____ cause significant slowing _____ or _____?

_____ _____ features _____ an _____ cause overheating or _____?

_____ _____ normal for _____ _____ _____ _____ app to slow _____ or overheating?

Is _____ _____ _____ features in _____ app?

_____ _____ app features _____ _____ device slow _____ or _____ up, is _____ normal?

_____ there _____ occasional decrease in _____ _____ _____ _____ surge caused _____ attributes _____ the app?

_____ it _____ good _____ _____ use _____ aspects of _____ app that can lead _____ excessive _____ _____ _____ slowdowns?

_____ it possible for _____ _____ to _____ to _____ heat and _____ _____?

Some _____ _____ slow down _____ heat _____ _____ usage.

_____ _____ do _____ within apps _____ _____ or device overheating?

Is _____ likely _____ the _____ attributes _____ the _____ will cause _____ or instances of overheating _____ _____ _____ _____?

_____ it normal _____ _____ of an app _____ _____ down or _____?

_____ it possible to experience _____ operational _____ while _____ _____ parts of _____ _____ software along _____ _____ _____ _____ a _____ problem everyone have

There _____ _____ app functions _____ can _____ a _____ _____ overheating.

Do _____ _____ features cause device _____ _____ excessively heating _____?

_____ it _____ for _____ features within _____ app to _____ slowdowns _____ overheating _____ _____?

_____ features _____ _____ _____ and _____ overheating frequently.

There are slowdowns _____ _____ _____ to _____ app _____.

_____ _____ possible for certain app elements _____ _____ sluggishness _____ _____ temperature _____ _____ devices?

Is there _____ _____ _____ _____ cause notable device slowdowns _____ _____ _____ fall?

_____ it normal for certain features _____ _____ _____ _____ slow _____?

_____ _____ _____ cause overheating _____ slowing down.

_____ _____ app overheating because _____ _____?

Does app _____ lead _____ _____ _____ _____ often?

Is it wise _____ _____ _____ _____ _____ the _____ that _____ excessive heating _____ slowdowns?

Is slowing _____ _____ heating _____ a _____ _____ using certain functions _____ _____ app?

Do _____ app _____ cause _____ _____ slowing?

Do application attributes _____ _____ _____ _____?

Is it anticipated that _____ attributes _____ the _____ may _____ _____ _____ or _____ of _____?

Do _____ _____ _____ excessive _____ or _____ down during usage?

_____ _____ _____ elements _____ to excessive heat _____ slow down?

_____ _____ okay for _____ app's specific capabilities _____ cause _____ or _____?

_____ it expected _____ _____ _____ within the app will cause _____ slowdowns or _____ _____ _____ during _____ _____ periods?

Is it _____ _____ _____ _____ _____ to generate sluggishness and _____ temperature _____ on devices _____ _____?

_____ it possible for select _____ _____ _____ generate sluggishness _____ increased temperatures _____ _____?

Is _____ _____ for _____ app _____ _____ create sluggishness and heightened _____ _____ _____ devices?

Is _____ okay for an app's _____ _____ to _____ _____ to experience _____ slowdowns _____ _____?

_____ it normal _____ certain _____ _____ make _____ device slow _____ or _____?

Are _____ _____ _____ slowdowns and _____ overheating _____ to particular _____ features?

_____ _____ app _____ _____ notable _____ slowdowns or excessive heating _____?

_____ _____ in _____ app _____ _____ and overheating?

Is _____ possible _____ _____ elements to generate sluggishness _____ _____ temperatures _____ _____?

In _____ _____ do _____ of _____ _____ _____ _____ speed and create excessive heat?

_____ it possible for select _____ elements _____ _____ sluggishness and _____ temperature on _____ _____ _____?

Is it right _____ parts _____ _____ _____ _____ _____ phone _____ or hot?

_____ slow _____ or excessive heating when _____ _____ some _____ _____ apps?

Is _____ normal _____ certain _____ _____ _____ app _____ slow down _____ overheated?

Normal _____ an _____ to _____ _____ _____ and heat issues?

_____ _____ can cause _____ and device _____.

Is slowing _____ overheating _____ by _____ _____ _____ common?

_____ performance _____ _____ overheating _____ typically happen _____ certain _____ are used _____ an _____?

Do _____ attributes cause sluggishness _____ _____ _____?

_____ _____ _____ occurrences where _____ _____ internal _____ lead to lags _____ _____ heat production?

_____ it expected for _____ freezes and _____ variations _____ _____ _____?

_____ often _____ _____ functionalities _____ apps cause _____ or _____ overheating?

Is _____ _____ _____ _____ app elements to generate sluggishness _____ heightened temperatures _____ _____?

Does _____ _____ lead to _____ and excess heat _____ _____ a _____ _____?

Does _____ _____ sense _____ the _____ of the _____ _____ my phone _____ _____ hot?

Is it expected _____ _____ attributes within the _____ _____ cause _____ slowdowns _____ _____ _____ overheating _____ active usage _____?

Is _____ _____ for the app elements _____ generate sluggishness _____ _____ _____ _____ on _____?

_____ the _____ and heating issues a consequence _____ using _____ features _____ _____ _____?

Do _____ features of an app _____ _____ _____ _____?

Can _____ _____ in _____ _____ cause excessive heat or _____ _____?

Do the _____ _____ the app _____ sluggishness _____ _____?

Is _____ anticipated that certain attributes _____ _____ app _____ _____ in _____ or _____ during _____ _____ periods?

_____ _____ normal _____ _____ _____ have overheating features?

_____ it _____ _____ certain _____ _____ _____ _____ to cause slowdowns and _____ during use?

_____ _____ _____ of apps lead _____ _____ _____ or excessive heating when _____?

Is _____ expected _____ _____ _____ and heat _____ will occur _____ app _____?

_____ slowdowns and _____ issues _____ _____ the use _____ _____ functions within the _____?

_____ _____ usage slowdowns _____ _____ of device overheating due _____ particular _____ _____?

Is it _____ good idea to use certain _____ of _____ _____ that _____ _____ _____ _____ _____?

_____ it okay _____ _____ _____ specific _____ to cause _____ and overheating?

Some attributes _____ the app _____ _____ occasionally _____ in _____ _____ system _____.

Is it _____ to _____ app performance troubles caused _____ built _____ functions _____ _____ _____ up _____ _____ _____ much?

Do particular app _____ _____ device _____ _____ heating _____?

_____ _____ _____ _____ in _____ and system _____ _____ due to _____ within the app?

_____ I _____ concerned _____ I _____ _____ _____ of the app _____ cause _____ heating or _____ slowdowns?

_____ _____ app _____ cause _____ _____ or excessive _____ during _____ operating conditions?

Is slow processing or _____ _____ _____ _____ _____ some aspects of _____ _____?

Is _____ expected _____ the _____ attributes within the app _____ cause slowdowns _____ _____ of _____ _____ active _____ _____?

Does _____ capabilities _____ an application lead _____ _____ downs _____ excessive _____?

Do _____ components _____ an application affect _____ speed or _____ excessive _____ _____ _____?

Is _____ normal for features _____ an _____ _____ slow _____ _____ _____ overheated?

_____ overheatingcommon due _____ _____ app _____?

_____ _____ be concerned if _____ use _____ _____ of _____ app _____ lead to excessive heating _____ severe _____?

Is it normal _____ _____ of _____ application _____ _____ its _____ _____ produce _____ heat?

Is _____ _____ _____ select _____ elements to create _____ _____ increased temperature on _____?

_____ _____ _____ that _____ _____ within the app will result in _____ _____ instances of _____ during active _____ _____?

Is _____ _____ specific features _____ to cause _____ _____ _____ overheating?

_____ _____ possible for select _____ elements _____ _____ _____ and heightened temperature levels _____ _____?

_____ selected components of an application _____ _____ _____ and _____ it _____?

Do specific _____ in _____ app _____ slowness or _____ on _____ _____?

____ ____ down ____ ____ ____ by certain app features?

____ it safe ____ ____ certain aspects ____ the app ____ ____ to ____ heating ____ ____ downs?

There are ____ app ____ ____ cause ____ device ____ or ____ heating.

____ ____ performance ____ ____ ____ overheating when ____ specific app functions?

Is it ____ ____ an ____ specific capabilities to cause ____ ____ ____ ____?

____ components ____ ____ application ____ its speed and heat ____ ____ use?

____ application ____ result ____ excessive ____ and ____ down?

Is it normal ____ components ____ ____ ____ to ____ ____ speed and generate ____ heat ____ ____?

____ overheating ____ ____ ____ due to certain ____ functions?

____ ____ ____ making ____ slow as molasses or heating ____ ____ to ____ levels?

Is ____ ok for an ____ ____ capabilities to ____ ____ major slowdowns ____ ____.

Can ____ ____ ____ into an ____ ____ to excessive heat?

Is ____ ____ or excessive ____ ____ ____ ____ some ____ of an app?

Is ____ likely ____ selected ____ ____ ____ app ____ result ____ slowdowns or overheating?

Are ____ regular ____ ____ lags and excess heat ____ in ____ ____?

____ it likely that ____ selected attributes ____ ____ ____ will result ____ ____ ____ or instances ____ overheating?

Is slowdowns and heating issues ____ to ____ use ____ ____ functions ____ ____ ____?

____ ____ occurrences where ____ aspects of the ____ ____ ____ lags ____ ____ heat production?

Does ____ troublesome feature ____ device ____ ____ ____ warmth?

Do features ____ ____ ____ cause ____ or ____ down?

____ it ok ____ an app's ____ ____ to ____ in a ____ ____ ____ overheating?

____ ____ normal for features within ____ ____ to cause ____ or ____.

____ ____ in ____ often ____ overheating?

Is ____ okay ____ ____ app features ____ ____ my phone ____ ____ get ____ hot?

Do performance ____ and device ____ ____ when ____ specific ____ ____?

____ ____ normal for particular ____ in an app to slow ____ ____ ____ ____?

Is ____ ____ ____ features in apps ____ ____?

Do ____ ____ cause ____ ____ of slowdowns or ____ during ____?

Is frequent ____ ____ ____ ____ expected for ____ usage?

____ ____ troublesome ____ ____ cause of extreme device lags and ____ ____?

____ ____ attributes ____ ____ cause ____ and warmth?

____ ____ ____ result ____ slow ____ excessive heat?

Is it okay ____ ____ app ____ that ____ my phone ____ ____ ____ hot?

____ ____ ____ the app ____ cause intermittent decreases in ____ ____ system heat ____.

____ ____ ____ ____ within ____ application cause ____ heat ____ be encountered ____ using it?

Do ____ ____ cause significant ____ ____ or ____ ____ during usage?

____ there ____ frequent occurrence ____ lags ____ ____ heat production ____ ____ app?

____ ____ be ____ occurrences ____ ____ ____ of the app lead to ____ and ____ ____ production.

How ____ do ____ functionalities cause ____ ____ ____ in apps?

Did app characteristics ____ ____ ____ or ____ during ____?

____ ____ acceptable ____ ____ parts of the app ____ my ____ ____ or hot?

____ features ____ ____ app cause ____ or ____?

____ it normal ____ ____ components ____ an ____ ____ hinder its speed and ____ ____ heat?

____ ____ ____ ____ ____ overheating occur ____ using typical app functionalities?

Do some ____ of the ____ ____ ____ ____ ____ excessive heating?

Do ____ of the app make ____ phone ____ ____ get ____ ____?

Is there a ____ between ____ ____ ____ and ____ overheating ____ substantial ____ slowdowns?

____ there ____ decreases in ____ ____ ____ ____ surge caused by ____ ____ of the app?

Do ____ issues and ____ problems typically occur when ____ ____ ____ ____?

Do some ____ ____ result ____ slowing down ____ ____?

Is _____ anticipated that _____ attributes within the app could cause _____ _____ _____ _____ of _____ _____ _____ usage _____?

Do _____ app _____ _____ serious slowdowns _____ overheating during _____?

Is _____ okay for _____ _____ _____ to _____ major slowdowns or _____?

Are _____ _____ _____ device _____ _____ _____ _____ app features typical in your network?

_____ features _____ the apps _____ _____ _____ overheating?

There are regular _____ _____ _____ internal aspects of _____ _____ _____ _____ _____ and excess _____ production.

Is it _____ for _____ _____ in apps _____ _____ overheating?

Is it _____ _____ _____ _____ an app's specific _____ _____ cause _____ _____ or overheating?

_____ _____ _____ for _____ _____ _____ to cause my _____ to slow down _____ overheating?

_____ _____ heating issues are caused _____ using _____ functionalities _____ _____ app

_____ it ok _____ an _____ _____ _____ to lead to slowdowns _____ _____?

Do _____ app characteristics _____ crashes _____ _____?

_____ _____ features cause _____ and _____?

_____ discrepancies _____ device overheating _____ _____ _____ when using specific app _____.

_____ _____ characteristics cause _____ or _____?

Are substantial _____ slowdowns _____ _____ _____ _____ _____ caused _____ certain app features?

Is _____ possible _____ _____ _____ _____ the app will _____ in slowdowns or _____ _____ overheating?

When some app features _____ _____ device _____ _____ _____ _____ is _____ normal?

_____ some _____ of _____ _____ slow processing _____ excessive heating when _____?

Are slowdowns _____ _____ _____ a consequence _____ _____ certain features of _____ _____?

Is it _____ _____ certain features in _____ _____ to cause _____ _____ and _____?

_____ _____ app characteristics cause _____ _____ slow _____?

System sluggishness _____ unwanted _____ warmth _____ _____ by certain _____ _____ applications.

Is there _____ freezes and heat _____ expected _____ _____ _____?

_____ _____ features in apps _____ serious _____ or _____?

_____ _____ _____ for applications to _____ sluggishness and warm _____?

Do _____ elements _____ _____ slowing _____ _____ excessive heat during _____?

_____ significant usage slowdowns _____ _____ overheating _____ _____ certain app _____?

_____ _____ normal for features within _____ _____ _____ _____ _____ or cause overheating?

Do _____ in apps _____ _____ slow _____ or _____ overheated?

If some _____ _____ cause my device _____ slow _____ _____ _____ _____ it normal?

_____ _____ be _____ _____ _____ _____ certain aspects of the _____ that cause excessive _____ or _____ downs?

System _____ and unwanted device warmth may _____ caused _____ _____ _____ _____.

_____ it normal for _____ features _____ _____ _____ downs _____ overheating?

_____ slowdowns or overheating _____ in _____ _____ _____?

_____ _____ heat common _____ _____ _____ app aspects?

_____ _____ _____ that features are overheating _____ _____?

_____ certain capabilities in an _____ cause _____ downs or _____ _____ _____ _____?

Is _____ _____ for _____ _____ _____ to overheating?

Is _____ _____ _____ _____ sluggishness and heightened temperature _____ devices using selected _____ _____.

_____ it _____ _____ that some parts of the _____ make _____ phone _____ _____ _____?

Do app features _____ slow _____ _____ _____?

_____ _____ _____ in _____ app that _____ lead _____ slowdowns and overheating.

_____ app _____ _____ sluggishness _____ device overheating?

Is _____ a decrease in _____ and system _____ _____ _____ by _____ _____ in the _____?

Should app features _____ _____ device _____ _____ excessive heating _____?

_____ there common _____ due _____ _____ _____ functions?

For _____ app to _____ heat _____ _____ _____?

_____ _____ of _____ app _____ be affected by certain built-in _____ _____ _____ heating up _____ device _____ much.

_____ _____ okay for _____ _____ capabilities to cause major slowdowns _____ _____ _____ using _____?

Is _____ _____ if _____ _____ the app _____ my phone _____ _____ hot?

Does some application _____ result _____ _____ _____ during _____?

Do certain _____ _____ _____ to slow _____ _____ overheating?
