[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Security and biometric features
Description	Customers inquire about the security features present on their smartphone, including fingerprint sensors, facial recognition systems, iris scanners, or additional privacy options like secure folders or app lock.
Data Size	5,017 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ third-party apps _____ these _____ sensors _____ _____ compromising user's personal _____?

_____ it _____ _____ apps _____ use the _____ securely _____ revealing information?

_____ _____ privacy _____ danger _____ outside apps have _____ _____ these sensors?

Is _____ possible _____ _____ apps using _____ fingerprints of their _____ _____ compromise their _____ _____?

I _____ like _____ _____ if _____ privacy _____ at risk _____ _____ apps use _____ sensors.

_____ there _____ _____ for other _____ to keep my info _____ _____ using _____ _____?

_____ it possible for _____ _____ to _____ _____ sensors without _____ personal _____?

Is it safe for third-party _____ to access _____ _____ _____ _____ _____?

Is it _____ that third-party apps _____ use fingerprints _____ _____ _____ _____?

_____ _____ information _____ _____ when third-party _____ are _____ these sensors?

_____ the use ofbiometrics _____ external _____ _____ for personal _____ _____?

Is _____ privacy at _____ if _____ apps _____ and _____ _____ sensor?

_____ _____ possible that _____ third-party _____ _____ uses _____ can _____ it safely?

_____ _____ possible _____ third-party applications _____ _____ _____ sensors _____ protecting user data?

Is _____ possible _____ _____ apps to _____ _____ while protecting _____ data?

_____ it possible _____ _____ _____ to _____ the sensors to _____ _____ users' data?

_____ _____ third-party _____ through the _____ sensors _____?

Can third-party _____ _____ the _____ in a safe _____ _____ _____?

Are _____ _____ _____ to _____ use _____ sensors?

Is it _____ that _____ _____ use the sensors _____ _____ _____ information?

_____ _____ possible for third-party _____ _____ _____ these bio _____ _____ protecting user data?

Is _____ safe _____ external _____ _____ use _____ sensors without _____ personal _____?

Is _____ _____ that third-party apps _____ _____ user's _____?

_____ can third-party _____ _____ _____ privacy of _____ users safe?

_____ it possible _____ third-party _____ _____ _____ securely?

Is it _____ _____ _____ applications _____ use _____ _____ looking _____ personal information?

Is it safe _____ use _____ _____ in _____ _____ with _____?

_____ _____ possible that _____ _____ that use fingerprints will _____ _____ a _____ personal?

Is the use _____ the sensors _____ _____ _____ _____?

_____ it safe _____ third _____ apps _____ use _____ sensor?

Is _____ _____ _____ by _____ _____ _____ in protecting personal info?

Is _____ possible for _____ _____ _____ use safety precautions _____ _____ data?

_____ _____ safe for _____ _____ to _____ these sensors _____ accessing _____ data?

Is it _____ _____ _____ apps _____ _____ biosensors while _____ user data?

_____ _____ possible _____ external _____ to use _____ _____ without exposing personal _____?

_____ using _____ applications _____ the _____ of _____ sensor

_____ _____ _____ _____ app developers to keep personal _____ safe?

_____ it _____ _____ third-party app to _____ _____ data through these _____?

_____ it possible that _____ _____ can use _____ sensors without _____ _____ personal _____?

_____ _____ _____ for third-party _____ to protect user _____?

Is _____ user's privacy at _____ _____ outside _____ use _____ _____?

Is _____ _____ that _____ _____ _____ fingerprints can _____ them in _____ safe way?

Is it safe to _____ _____ _____ through _____ _____?

_____ _____ personal _____ _____ when there are _____ apps using these _____?

_____ _____ possible _____ third-party _____ to _____ users' _____ data safe?

Can _____ _____ use _____ _____ in a _____ manner?

When _____ _____ are used _____ _____ _____ are _____ details safe?

Is the personal details _____ _____ _____ _____ _____ these sensors?

Is _____ possible for _____ apps _____ protect user _____ _____ _____ sensors?

Is _____ _____ _____ _____ apps can _____ these sensors _____ _____ my personal information _____ risk?

Can _____ apps _____ _____ sensors without compromising the _____ _____ _____?

_____ third-party apps able to _____ _____ data _____ _____ _____ sensors?

Is _____ possible _____ _____ apps _____ _____ _____ _____ it in a safe way?

Is it possible _____ _____ _____ _____ _____ _____ can use _____ without compromising _____ user?

Is user _____ at _____ if the outside _____ _____ access _____ _____ _____?

Is _____ _____ _____ _____ apps might be _____ to use the _____ in a _____ _____?

Does _____ _____ remain _____ if external _____ use _____ technologies?

_____ it _____ for apps _____ use biometrics _____ _____ _____ my information?

_____ it _____ for apps _____ _____ the sensor _____ _____ information?

Is third-party _____ _____ _____ securely _____ _____ sensors while protecting _____ data?

How can _____ apps _____ their user _____ out _____ _____ _____?

Is the _____ privacy _____ risk _____ outside _____ _____ these _____.

Is it _____ _____ _____ apps that use _____ fingerprints of their _____ _____ compromise _____ _____ of their _____?

_____ it _____ _____ third-party _____ that use fingerprints _____ _____ users won't _____ the _____?

Is it possible _____ _____ apps can use _____ _____ _____ _____ my info _____ _____?

Is it _____ _____ external apps to _____ _____ _____ _____ _____ personal data?

_____ it _____ that _____ apps might use the _____ _____ compromising _____ privacy _____ _____?

_____ _____ information at _____ _____ third-party _____ access these sensors?

Is _____ safe _____ _____ _____ apps _____ have sensors?

Is it possible for _____ _____ _____ use _____ _____ _____ protecting user _____?

Is it possible _____ _____ apps _____ _____ can _____ it _____ compromising the _____?

_____ is _____ that _____ _____ might _____ _____ sensors _____ compromising user's personal information.

It's _____ _____ _____ _____ can _____ _____ in a safe way.

Is _____ _____ that _____ _____ that use the _____ of _____ _____ _____ compromise user's personal.

_____ _____ _____ make sure that _____ usage of the _____ _____ safe?

Is user _____ _____ risk _____ outside apps use _____ _____?

_____ _____ possible _____ _____ apps _____ access personal information without _____ privacy?

Is _____ possible that third-party _____ _____ _____ _____ sensors _____ _____ compromising the _____ personal information?

____ ____ personal data at ____ when ____ ____ access ____ sensors?

Is it safe ____ apps ____ ____ ____ sensors ____ compromising ____ data?

Third-party ____ will ____ ____ sensor tech securely, but ____ ____ personal ____ remain ____?

____ ____ ____ of ____ sensors ____ external apps safe?

____ ____ possible ____ third-party ____ ____ safeguard user data with ____ use of ____ ____?

____ it possible that ____ ____ ____ ____ ____ of their ____ will not compromise the ____

It ____ ____ ____ third-party apps that ____ fingerprints ____ ____ ____ in a safe ____.

Are third-party apps ____ to ____ user ____ ____ ____ ____ bio sensors?

____ ____ ____ are used ____ ____ applications, is user confidentiality ____?

____ it possible for ____ ____ ____ use and ____ the ____ sensitive ____?

____ it possible that ____ apps ____ use the ____ ____ their users won't ____ ____ ____ ____ information?

____ ____ ____ ____ ____ users ____ risk if outside apps use ____ sensors?

Is ____ personal information safe when ____ ____ apps ____ ____ ____?

Is ____ ____ for ____ ____ to be ____ in external ____ withbiometrics?

Is it possible ____ third-party apps ____ use ____ ____ won't ____ ____?

____ ____ sensor ____ jeopardized ____ ____ external applications?

Is ____ user's privacy ____ risk if there are ____ ____ that ____ ____ ____?

Is ____ apps ____ enough ____ ____ ____ ____ messing with personal info?

____ ____ apps use these ____ ____ ____ my information ____ risk?

Is it possible ____ ____ ____ to ____ the Biometrics ____?

____ third-party apps use the sensors ____ ____ the ____ ____?

____ it ____ for ____ ____ ____ use the sensor to ____ my ____ intact?

____ it ____ that ____ ____ ensure secure usage of ____ ____?

____ ____ possible ____ ____ apps that ____ fingerprints ____ compromise ____ user's personal?

____ ____ ____ for third-party ____ to use thebiometrics ____?

____ it ____ ____ other ____ ____ ____ this technology without ____ my information at ____?

____ ____ possible ____ ____ apps using fingerprints ____ use it ____ ____ user?

____ user ____ maintained ____ external ____ ____ these technologies?

____ it ____ that ____ ____ could use the sensor ____ ____ ____ information?

____ ____ possible for third-party ____ to ____ the sensors ____ and ____ ____ user ____?

____ it possible that ____ apps ____ ____ ____ ____ of ____ users will ____ compromise the ____?

Is ____ safe for ____ ____ use ____ ____ without ____ my information?

____ ____ ____ third-party ____ access to ____ ____ ____ guaranteeing ____ security of your information?

____ it safe for ____ ____ to use Biometrics ____ ____ personal ____?

It's possible that ____ ____ that ____ ____ of their users ____ compromise ____ ____.

Will the ____ of third-party apps ____ ____ bio sensors ____ ____ ____?

Are third-party ____ able to ____ use bio ____ ____ protecting ____ ____?

____ these ____ ____ ____ ____ third-party applications without compromising user ____?

Is third-party ____ able to ____ ____ data and securely ____ ____ ____?

____ ____ ____ ____ risk ____ the use ____ these sensors ____ outside apps.

Is ____ ____ ____ third-party apps will ____ ____ ____ user's privacy?

Does ____ ____ ____ by external software provide ____ protection ____ ____ information?

____ the ____ information ____ users ____ safe when third-party ____ ____ ____ sensor tech?

____ ____ confidentiality ____ ____ other applications use ____ technologies?

Is it possible that ____ ____ ____ use the fingerprints can use ____ ____ a ____ ____ without ____ ____ ____?

Does it ____ ____ for other ____ ____ ____ the ____ while ____ my info ____?

____ ____ apps use the sensors ____ ____ ____ information?

____ ____ possible ____ third-party apps ____ ____ ____ ____ can use them safely.

How can third-party ____ protect ____ ____ without ____ ____ privacy?

____ third-party ____ have the ____ ____ ____ use bio sensor ____ protecting ____ data?

Is user privacy _____ risk _____ _____ apps _____ _____ use _____ sensors?

_____ it _____ _____ _____ apps may _____ _____ sensors without compromising the user's _____ _____?

Is it possible _____ third-party _____ _____ maintain _____ _____?

_____ it _____ _____ third-party apps to _____ without _____ _____ our personal _____?

_____ users' _____ _____ _____ safe despite non-native _____ _____ specialized sensors?

Is _____ _____ that _____ apps that _____ _____ of their _____ _____ compromise _____ privacy?

_____ _____ possible _____ third-party _____ that use _____ _____ _____ won't compromise their user's _____?

Is _____ possible _____ _____ apps _____ use _____ _____ safely and _____ user data?

_____ third-party _____ _____ sensor _____ securely, _____ users' personal _____ not _____ compromised?

_____ is possible that third-party apps _____ _____ the _____ without _____ user's _____ _____.

Is _____ a way for other _____ _____ _____ put my _____ _____ _____ risk?

Is _____ _____ for third-party _____ to _____ personal _____ _____ these sensors?

Is _____ _____ for third-party apps _____ _____ a _____ _____ _____ personal information?

_____ _____ _____ that _____ _____ will use the _____ _____ _____ compromising user's personal information?

_____ _____ _____ if other _____ can use _____ _____ without _____ _____ info at risk.

Do non-built-in applications _____ _____ threat _____ _____ information integrity with _____ use _____ _____ _____?

Is it possible _____ _____ can be utilized in _____ _____ fashion _____ _____ _____?

Is _____ safe _____ _____ personal information _____ external _____ _____ sensors?

Is it possible _____ app _____ _____ _____ personal information _____

_____ it possible _____ _____ apps _____ safely _____ these sensors _____ protecting user _____?

_____ _____ _____ _____ safe _____ the _____ apps use the sensors?

Is it _____ _____ _____ apps _____ _____ _____ technology in _____ safe way?

_____ _____ _____ at risk when these _____ are _____ by _____ apps?

_____ it _____ _____ third-party apps _____ use the sensors _____ _____ user's _____?

I am wondering _____ _____ _____ can _____ _____ sensors without _____ _____ information _____ risk.

Is _____ possible that third-party _____ _____ use _____ _____ without compromising _____ _____ information?

_____ it possible _____ _____ to use _____ sensors without revealing _____ _____?

Is third-party apps _____ of securely using _____ _____ while _____ _____ _____?

_____ third-party apps use _____ _____ tech securely, _____ _____ personal information _____ _____?

_____ _____ possible _____ third-party _____ that use the _____ _____ their _____ won't _____ user's privacy?

_____ _____ _____ for _____ apps to _____ _____ _____ without putting my personal data _____ risk?

Is it _____ _____ _____ _____ can _____ _____ _____ while protecting user data?

_____ _____ confidentiality _____ if external _____ use these _____?

Is it safe _____ third-party _____ _____ access _____ personal data _____ _____ _____?

Is _____ use _____ the _____ safe _____ _____ apps?

_____ third-party _____ _____ the _____ _____ securely, will _____ personal information be _____?

Are _____ _____ details _____ when _____ _____ _____ in third-party applications?

Is _____ _____ _____ third-party apps that _____ user fingerprints will _____ compromise _____ _____?

_____ _____ possible _____ third-party apps that use _____ of their users _____ _____ compromise _____ _____?

Can _____ applications _____ the sensors _____ _____ _____ _____ sensitive data?

Are _____ _____ able to _____ user _____ with _____ sensors?

Is _____ possible _____ third-party apps _____ _____ sensors _____ _____ to personal _____?

_____ _____ sensors be _____ safely _____ _____ apps?

_____ _____ _____ pose _____ threat to the integrity _____ personal information by _____ _____?

_____ _____ possible _____ fingerprints _____ be used _____ a _____ fashion _____ third-party apps?

_____ it _____ _____ _____ apps _____ use their users fingerprints _____ not compromise _____ _____?

Can the _____ _____ _____ _____ sensors without _____ _____ personal _____ at risk?

Is the personal _____ safe _____ _____ _____ use these _____.

Is _____ possible _____ _____ apps _____ _____ _____ _____ without having _____ to personal data?

Is it possible _____ third-party _____ _____ use fingerprints can't _____ _____ _____?

_____ personal information safe _____ using _____ apps _____ _____.

Is _____ _____ that third-party _____ _____ _____ the _____ in _____ safe way?

_____ the _____ of the _____ in _____ _____ safe?

Is _____ _____ for app _____ _____ keep _____ personal information _____?

Is _____ _____ _____ fingerprints _____ be used in a _____ _____ _____ third-party apps?

Is it possible _____ third-party _____ _____ _____ _____ without looking _____ personal _____?

_____ _____ possible for third-party apps _____ _____ _____ these _____ _____ while protecting _____ data?

_____ _____ applications pose _____ threat to _____ _____ Integrity _____ _____ use of bio-sensors?

_____ _____ user _____ are third-party apps _____ _____ securely _____ _____ bio sensors?

_____ it possible for _____ apps _____ _____ user _____ while securely _____ bio _____?

_____ it _____ for apps to use _____ measures to _____ _____ _____?

_____ _____ _____ _____ third-party apps _____ use sensors securely without compromising _____ _____ information?

Personal _____ might _____ at risk when third-party _____ _____ _____ _____.

Can other _____ _____ put my _____ _____ _____ _____ by _____ the sensors?

_____ _____ _____ for third-party apps _____ _____ use bio _____ while protecting _____?

_____ it _____ for third-party apps _____ use _____ without gaining _____ _____ _____ information?

When _____ apps use the _____ _____ the _____ _____ safe?

Will _____ apps be able _____ _____ _____ _____?

Is it safe _____ personal details _____ _____ _____ _____ _____ applications?

_____ _____ possible _____ _____ to use biometric _____ _____ user privacy?

Is it possible _____ apps _____ _____ _____ Sensors securely _____ _____ _____ information?

_____ _____ that third-party apps that _____ _____ of their _____ _____ not compromise _____ _____.

Is _____ possible that third-party apps _____ _____ able _____ use the _____ in _____ _____ _____?

_____ _____ applications _____ a threat _____ personal _____ _____ with their bio-sensor _____?

_____ it _____ for third-party apps to protect _____ data _____ _____ use _____ _____ _____?

Is it _____ _____ _____ _____ that use the fingerprints _____ _____ _____ won't _____ their _____ privacy?

Is it _____ that third-party _____ that use _____ _____ will _____ _____ the _____?

Is _____ information _____ when _____ _____ withbiometrics?

Do non-built-in _____ _____ a threat to _____ information _____ with _____ use _____ _____ _____?

Is it _____ that _____ that use _____ _____ _____ _____ _____ won't compromise the _____?

_____ possible that _____ apps _____ _____ the _____ _____ _____ users won't _____ user's personal

_____ _____ third-party app _____ _____ securely using _____ sensors while _____ _____ data?

_____ the _____ _____ users be compromised _____ _____ _____ apps through bio _____?

_____ _____ _____ use these _____ in a _____ way?

Is _____ okay _____ external _____ _____ use the _____ _____ _____ personal data?

Users _____ can _____ _____ if external applications _____ _____ technologies.

_____ these _____ be _____ _____ by apps?

Will users' personal _____ _____ safe _____ _____ apps _____ sensor _____?

_____ _____ may use _____ _____ securely without compromising _____ personal _____.

Is personal _____ safe _____ you _____ external _____ _____ sensors?

If _____ apps use _____ _____ tech securely, will _____ personal _____ _____ be _____ _____?

_____ _____ apps use the sensors _____ _____ my information _____ _____?

Is the personal _____ _____ _____ third-party _____ use this _____?

_____ _____ possible _____ third-party apps that _____ _____ fingerprints _____ their users _____ compromise _____ user's _____.

Is the _____ _____ _____ _____ external _____ sufficient _____ protection _____ personal information?

_____ is _____ that _____ apps that _____ the fingerprints _____ _____ users _____ not compromise their _____ _____.

Is it _____ _____ third-party _____ to use the _____ _____ _____ safe _____?

_____ _____ possible that third-party _____ _____ use fingerprints _____ not _____ user's _____.

_____ it _____ to _____ external _____ with _____?

Is _____ possible _____ _____ apps _____ use fingerprints _____ use _____ safe?

_____ third-party apps _____ _____ biometric sensors _____ a _____ way?

_____ _____ think personal _____ are safe when _____ _____ with _____?

_____ _____ safe for personal information to _____ _____ external _____ with _____?

_____ it _____ _____ _____ apps _____ use the _____ without _____ users' personal information?

_____ _____ _____ _____ safe _____ a _____ app uses these sensors?

_____ it _____ _____ third-party apps _____ use _____ sensors _____ a _____ manner.

_____ third-party apps use _____ to _____ _____ _____?

Is _____ possible _____ third-party _____ _____ _____ fingerprints in a safe _____ without _____?

Is it _____ _____ third-party _____ _____ securely _____ _____ biometric sensors?

_____ it possible for third-party _____ _____ _____ the biometric sensors _____ _____ _____ _____ information?

_____ _____ apps protect _____ _____ while using _____ sensors?

_____ possible _____ _____ apps _____ use _____ of their _____ won't compromise _____ personal

_____ third-party applications _____ _____ _____ _____ _____ of _____ sensors is done securely?

_____ it _____ _____ third-party apps to _____ Biometrics without _____ _____ _____ personal information?

Is _____ personal details safe when _____ _____ _____ _____?

Is it _____ _____ third-party apps _____ _____ user _____ _____ compromise _____ user's?

_____ it _____ _____ third-party _____ that use fingerprints of _____ users won't _____ _____ _____ data?

_____ _____ privacy at risk _____ an _____ app _____ these _____?

Is _____ information at _____ _____ these _____ are used _____ external _____?

_____ _____ that _____ apps might use the sensors _____ _____ user's _____ _____.

_____ _____ _____ _____ _____ apps to use these sensors _____ without compromising personal _____?

_____ _____ information _____ risk when _____ party apps _____ the _____?

_____ _____ privacy _____ users' data _____ _____ using third-party apps _____ the bio _____?

Is _____ _____ _____ _____ apps that use _____ fingerprints of _____ _____ compromise _____ user?

_____ _____ _____ _____ external apps _____ _____ the sensors _____ gaining access _____ personal data?

_____ _____ details _____ be safe _____ third-party _____ use _____ sensors.

_____ _____ possible _____ _____ apps to use _____ without violating _____?

Is _____ _____ information _____ risk _____ third-party _____ _____ these sensors?

Is it possible for _____ _____ _____ use _____ technology _____ _____ my personal info _____ _____?

_____ _____ apps use _____ sensors _____ _____ secure manner?

_____ apps _____ _____ sensor _____ securely to safeguard users' _____ _____.

Is it possible for _____ _____ to use _____ _____ without _____ _____ _____ _____ risk?

Will third-party _____ using _____ _____ compromise _____ privacy _____ users?

_____ it possible for _____ to use the _____ _____ revealing _____ _____

_____ it _____ that third-party apps _____ _____ _____ of their _____ _____ not compromise their _____ _____?

_____ _____ applications _____ _____ Biometrics to safeguard _____ sensitive data?

Will external apps be able _____ ensure the _____ _____ _____ _____ _____?

Is _____ _____ for personal _____ _____ _____ _____ in external apps _____ fingerprints?

_____ it _____ for external apps _____ _____ _____ _____ data from these _____?

If external _____ _____ _____ sensing _____ is user confidentiality _____?

_____ _____ _____ that third-party apps _____ utilize the fingerprints can _____ it _____ a _____ _____?

_____ it _____ for third-party _____ to _____ the _____ in _____ safe _____?

Do third-party _____ use _____ personal _____ in _____ _____ way?

Is _____ _____ that the fingerprints of _____ user _____ _____ _____ _____ _____ third-party apps?

Is it possible for apps to _____ _____ _____ _____ without _____ _____ _____?

Third-party apps _____ _____ sensor _____ securely, but _____ _____ personal information _____ be _____?

Is it _____ for third-party apps _____ _____ _____ Biometrics _____ protecting _____ _____.

_____ is possible that _____ _____ _____ use _____ fingerprints in _____ safe _____.

User privacy can _____ maintained _____ _____ _____ with sensor _____.

Will third-party apps use _____ _____ _____ compromise _____ _____?

_____ _____ _____ for external _____ to use _____ sensors _____ access _____ personal data?

Is it _____ to use _____ apps to _____ _____ _____ _____ these _____?

Third-party _____ _____ be able _____ _____ _____ bio sensors, while protecting _____ _____.

Is _____ safe _____ external apps to _____ _____ _____.

It is _____ _____ _____ apps that _____ fingerprints _____ _____ user's personal.

_____ _____ _____ privacy _____ risk if outside _____ use _____ sensors?

Do _____ _____ make sure the _____ _____ the _____ is _____?

_____ it possible that _____ _____ use _____ sensors without _____ my _____.

Is it _____ _____ _____ applications can use _____ _____ _____ compromising user's personal _____?

Is it _____ that third-party _____ could _____ the sensors _____ _____ _____ user's _____?

_____ it possible _____ third-party apps _____ use the _____ can _____ _____?

_____ these _____ _____ for apps?

_____ _____ _____ safe when using _____ apps _____?

Is it possible _____ third-party apps _____ _____ _____ sensors safely and _____ _____ _____?

_____ _____ _____ _____ third-party apps _____ _____ their users _____ will not compromise them?

Is it _____ _____ _____ _____ to have user privacy _____?

Is _____ _____ that _____ apps may _____ _____ sensors _____ _____ personal information?

Is _____ _____ _____ _____ using apps _____ sensors?

_____ _____ _____ access the sensors, _____ personal _____ at risk?

_____ _____ _____ for _____ _____ use them without _____ my information?

_____ it possible _____ apps _____ use _____ _____ safely?

Does _____ _____ of Biometrics by _____ _____ keep _____ info _____?

_____ the _____ privacy at _____ if outside _____ _____ _____ sensors?

_____ it possible that _____ _____ _____ utilize _____ _____ _____ compromise user's personal?

Is it _____ _____ external _____ _____ use _____ sensors without _____ personal _____?

_____ user _____ remain if external _____ use _____ _____?

Do _____ apps _____ _____ _____ withbiometrics?

_____ you _____ personal _____ _____ _____ when using external apps with _____?

_____ _____ that _____ apps that _____ the fingerprints of _____ users _____ compromise _____ _____.

Is _____ app _____ of securing _____ _____ _____ protecting _____ sensors?

Is _____ user _____ at risk _____ _____ _____ apps _____ these sensors?

Is _____ _____ to use external _____ _____ _____ _____ personal information?

Is _____ _____ _____ _____ risk _____ _____ apps use these sensors?

_____ _____ _____ of _____ by external software _____ protection of _____ information?

Does _____ _____ bio sensor _____ _____ external applications are _____?

Is _____ _____ for third-party apps _____ use the _____ _____?

_____ _____ other apps use the _____ _____ _____ my personal _____ at _____?

Will _____ _____ of _____ be _____ by using _____ apps through _____ _____ sensors?

Is _____ information at risk _____ _____ _____ _____ the sensors?

_____ non-built-in applications _____ _____ _____ to personal data with _____ _____ _____ bio-sensors?

Will _____ apps _____ the sensor tech to keep _____ _____ _____ _____?

_____ _____ _____ _____ use _____ apps with sensors on your _____?

_____ _____ apps utilize the sensor _____ _____ will users' _____ _____ remain _____?

Is it possible for third-party _____ to _____ _____ sensors _____ _____ _____ _____?

Third-party _____ _____ be _____ to _____ the _____ securely without _____ _____ personal information.

Do _____ applications pose _____ threat _____ _____ _____ _____ with _____ use of bio-Sensors?

_____ _____ _____ _____ the _____ sensors _____ compromise the privacy of users.

_____ it _____ _____ _____ apps to use the _____ _____ _____ putting my personal information _____ _____?

Is _____ possible that _____ apps can use _____ _____ _____ compromising the _____ _____?

_____ _____ the sensors _____ _____ apps?

Can ____ ____ apps ____ ____ sensors without putting my data ____ ____?

____ ____ information ____ ____ when using these sensors ____ ____ applications?

____ ____ privacy at risk if there ____ ____ to ____ ____ by ____ apps?

Is ____ possible for apps to ____ ____ ____ ____ without ____ my ____?

Is ____ possible ____ third-party apps ____ ____ ____ sensors while ____ their ____ data?

____ ____ ____ be used ____ ____ apps ____ ____ my personal information at risk?

Is ____ ____ for ____ applications ____ ____ ____ ____ without accessing personal data?

____ ____ applications ____ these sensors ____ a safe ____ secure ____?

Is ____ ____ for third-party ____ ____ access personal data through ____ ____?

Is ____ ____ ____ other apps ____ leverage ____ ____ while keeping ____ information?

While third-party ____ use the ____ tech, will ____ ____ ____ stay ____?

Are ____ ____ safe ____ ____ apps ____ use?

Is it safe ____ third-party apps ____ ____ ____ data ____ ____ technology?

____ ____ applications ____ of ____ user data ____ securely ____ bio sensors?

Is ____ possible for ____ applications to ____ ____ without ____ personal ____?

____ it possible for ____ apps to ____ this ____ ____ ____ ____ manner?

____ the personal information safe when ____ apps ____ ____ ____?

____ you ____ ____ ____ access ____ your biometrics while ____ the ____ ____ personal information?

____ ____ ____ ____ third-party apps that ____ ____ fingerprints won't compromise the ____?

____ ____ possible for ____ ____ to use the ____ without ____ ____ data?

____ ____ allow third-party app ____ to your sensors ____ ____ the security ____ ____ ____ information?

____ ____ okay for ____ apps ____ ____ ____ sensors without accessing ____ data?

____ ____ applications ____ to ____ bio sensor ____?

____ non-native applications ____ specialized ____ will ____ sensitive data ____ ____?

____ it possible ____ third-party apps ____ use fingerprints ____ ____ will ____ ____ user's ____?

____ third-party apps ____ these ____ is personal ____ at ____?

Is ____ app ____ to ____ ____ ____ sensors while protecting ____ data?

____ it possible for ____ applications to ____ these ____ to ____ ____ ____?

____ it safe for third-party apps ____ ____ ____ ____?

Is ____ ____ ____ ____ when external applications use ____ sensors?

It's possible that ____ apps ____ use fingerprints ____ ____ ____ ____ compromise ____ personal ____.

____ other apps use ____ ____ without ____ ____ ____ at risk?

____ it possible ____ third-party apps can ____ ____ sensors without compromising ____ ____ ____.

Is it ____ for apps to use ____ Sensors ____ ____ ____ ____?

Personal ____ ____ ____ at ____ ____ third-party apps access these ____.

____ it ____ for ____ apps to ____ my ____ details ____ these ____?

Can ____ apps usebiometrics ____ ____ user ____?

Is ____ possible ____ ____ apps ____ use the ____ ____ maintaining ____ info?

Is ____ data at risk when ____ ____ ____ the ____?

Is ____ safe ____ ____ apps ____ use ____ sensors ____ protecting user ____?

____ it possible that third-party apps ____ use ____ ____ ____ ____ users?

____ ____ possible for third-party ____ to use biometric ____ ____ ____ personal ____?

____ ____ possible ____ ____ personal ____ ____ the use of biometrics by ____ software?

____ ____ ____ the sensors safe ____ apps?

Is ____ ____ ____ third-party apps that ____ ____ fingerprints won't compromise ____ user's ____?

____ ____ use of Biometrics ____ ____ software sufficient ____ the protection of ____ ____?

Is user confidentiality ____ ____ ____ ____ use ____ technologies?

Is ____ ____ ____ for ____ apps ____ use bio sensors ____ protecting ____ data?

Can the ____ ____ used ____ by ____?

____ ____ ____ ____ ____ data ____ compromised by using third-party ____ through bio sensors?

_____ it _____ _____ _____ apps _____ _____ Biometrics without messing _____ our data?

Is it okay for _____ _____ use _____ for _____ _____?

Is it possible for _____ _____ _____ _____ these sensor _____ _____ _____ information at _____?

_____ external apps _____ to use _____ _____?

Is _____ _____ _____ by external _____ _____ to protect _____ information?

_____ _____ privacy of _____ _____ compromised _____ using third-party _____ through bio _____?

Is _____ possible that _____ apps _____ _____ _____ sensors without _____ personal _____?

Is it _____ for _____ _____ to _____ _____ data _____ the use of _____?

Can this technology _____ _____ _____ _____ _____ without _____ _____ data at risk?

Can third-party _____ use _____ sensors _____ a _____ _____?

Is it safe for _____ _____ to _____ my _____ _____ these _____?

Is _____ _____ for _____ applications to _____ and securely _____ biometric _____?

Is it _____ _____ third-party _____ to _____ _____ _____ _____ protect user data?

_____ can third-party apps keep user privacy _____ _____ _____ _____?

Is _____ _____ maintained _____ external _____ use sensing _____?

Are _____ apps _____ _____ _____ user _____ while using bio _____?

While _____ apps _____ _____ _____ tech securely, _____ the users' personal _____ remain _____?

Is it possible that _____ _____ could _____ _____ _____ _____ without _____ user's _____ information?

Is personal information _____ if you _____ external _____ _____ _____?

Is it _____ for _____ apps _____ use _____ _____ putting my _____ _____ risk?

Is it possible _____ _____ _____ that use fingerprints _____ their _____ _____ compromise their _____ _____ _____?

_____ _____ _____ for third-party _____ to access _____ personal _____ via these _____?

_____ _____ _____ of _____ _____ external software _____ to _____ personal info safe?

Is _____ personal _____ at risk _____ _____ apps _____ _____ sensors?

Is it possible _____ third-party apps _____ use _____ _____ of _____ users _____ _____ _____ users?

Is _____ _____ that _____ can be _____ in a _____ fashion _____ third-party _____?

Is _____ possible for third-party apps _____ use _____ _____ protecting _____ _____?

Is _____ _____ ofbiometrics _____ _____ _____ enough _____ personal info protection?

_____ _____ _____ _____ _____ parties _____ use the sensors without compromising user _____?

_____ _____ _____ for apps _____ usebiometrics for _____ privacy.

Is _____ _____ that third-party apps _____ _____ _____ _____ use it _____ a _____ fashion?

_____ _____ _____ will not _____ jeopardized while third-party _____ _____ the sensor tech _____.

Is _____ use of _____ _____ external software sufficient _____ _____ personal _____?

Is _____ apps _____ to _____ _____ sensor?

Is _____ details at risk _____ _____ _____ use the _____?

_____ _____ _____ _____ other apps to _____ _____ sensor without putting my _____ at _____?

Is it _____ for _____ third-party _____ _____ _____ our _____ from those _____?

_____ _____ _____ use the _____ in a _____ way?

Is using _____ applications compromising _____ _____ _____?

_____ _____ possible _____ third-party apps _____ _____ _____ _____ securely without compromising user's _____ information?

_____ using third-party apps _____ _____ _____ _____ _____ the privacy of users?

_____ _____ _____ _____ to safeguard _____ data while using _____ sensors?

_____ it _____ for third-party _____ to use _____ _____ _____ and protect user _____.

_____ the third-party _____ use _____ _____ in _____ safe manor?

_____ it _____ that apps _____ _____ fingerprints _____ be _____ in a _____ fashion?

_____ _____ possible _____ the third-party apps could _____ the _____ _____ _____ compromising user's _____ information?

Can non-built-in _____ pose a _____ _____ _____ _____ integrity with their _____ _____ bio-sensors?

Is it possible that _____ apps that utilize _____ _____ _____ use _____ _____ _____?

Is it _____ _____ external _____ _____ ensure the security _____ the _____ _____ data?

I wonder _____ _____ _____ _____ bio sensor _____.

_____ third-party _____ _____ Biometrics, _____ _____ personal details safe?

_____ _____ _____ for other apps _____ use the _____ while retaining _____ _____?

_____ it safe _____ external _____ to usebiometrics _____ _____ _____ data?

Can _____ sensors be _____ _____ _____ apps?

_____ it _____ _____ third-party _____ _____ _____ fingerprints can do so _____ _____ safe way?

_____ it _____ _____ third-party _____ to _____ and _____ _____ users' sensitive data?

Will the privacy _____ _____ _____ _____ be compromised when _____ _____ _____ through bio _____?

_____ _____ safe _____ third-party _____ to _____ Biometrics?

Is the _____ information _____ _____ third-party _____ _____ Biometrics?

_____ wonder _____ _____ _____ _____ use these sensors without _____ my _____ information at _____.

_____ _____ that _____ _____ that use fingerprints can _____ _____ safely.

Is it possible that _____ apps _____ use _____ fingerprints will _____ _____ _____ _____?

Is _____ possible for third-party _____ _____ _____ _____ sensors without _____ users' _____ information?

_____ personal data _____ _____ when third-party _____ use _____ sensors?

Third-party _____ _____ use the sensor _____ securely, _____ will _____ _____ information remain _____?

_____ _____ _____ able to _____ the sensors without _____ _____ data?

Is _____ _____ that third-party _____ that use _____ fingerprints _____ compromise _____ _____?

Is _____ _____ for third party apps _____ _____ _____ sensors _____?

_____ _____ _____ that _____ apps that _____ fingerprints _____ use _____ with no _____ _____ the user?

_____ _____ apps _____ _____ sensor _____ _____ will users' personal _____ remain safe?

_____ it possible _____ third party _____ to use _____ _____ _____ compromising user _____?

I _____ to _____ if _____ apps _____ use _____ sensors without _____ my _____ at _____.

It _____ _____ _____ _____ _____ that use _____ of _____ users will not _____ the user's.

Do _____ applications _____ _____ usage _____ _____ sensors?

_____ other apps _____ _____ sensors without putting _____ data _____ _____?

Is it possible _____ _____ party apps to _____ _____ _____ _____?

Is it possible that _____ apps _____ _____ _____ use it _____ _____?

Is _____ _____ that _____ can be _____ _____ a safe _____ by _____ applications?

_____ _____ _____ _____ third-party apps _____ not compromise user's _____ information?

Is _____ _____ info safe if _____ _____ use _____ sensors?

_____ _____ _____ _____ protect _____ _____ through the use of _____ by external software?

Is _____ user's _____ maintained _____ third-party app _____ _____?

While third-party apps _____ _____ sensor _____ _____ _____ _____ _____ information be secure?

Is _____ possible that _____ _____ use the _____ _____ revealing _____ info?

_____ _____ _____ for apps to _____ these sensors _____ _____ me?

Is _____ _____ _____ if _____ applications _____ these.

Is it _____ _____ third-party applications can _____ _____ _____ in a _____ _____?

Is _____ _____ _____ _____ apps that utilize the fingerprints of _____ users _____ _____ the _____?

_____ _____ data _____ safe _____ utilized by non-native _____ through _____ sensors?

Is it _____ for apps _____ _____ _____ sensors _____ _____ not _____ my information?

_____ _____ applications _____ bio sensor _____?

_____ it _____ for _____ apps _____ protect _____ data _____ utilizing these _____?

_____ _____ _____ _____ personal information _____ _____ used in external _____ with sensors?

_____ third-party _____ _____ _____ using bio sensors _____ protecting user _____?

_____ is possible that third-party apps that use _____ _____ _____ _____ will _____ compromise _____ _____ _____.

Is _____ _____ that _____ apps _____ use _____ _____ _____ not compromise their users _____?

_____ the _____ ofbiometrics by _____ _____ safe?

Is it _____ _____ third-party _____ _____ _____ can be used _____ a _____ fashion?

_____ it _____ _____ _____ applications to securely use _____ sensors _____ _____ user data?

_____ other _____ use _____ _____ technology without putting _____ _____ _____ at risk?

Is it possible ____ ____ ____ ____ use ____ ____ without ____ at personal data?

____ third-party ____ ____ the sensor tech securely, ____ users' personal ____ not ____ ____?

____ it ____ ____ fingerprints can ____ utilized in a ____ ____ ____ third-party apps?

It is ____ ____ third-party apps that ____ the ____ ____ use it ____ ____.

____ ____ ____ ____ third-party apps that ____ the ____ can ____ it without ____ the user.

Is a ____ ____ capable ____ securely ____ bio ____ ____ ____ user data?

____ it ____ ____ external ____ ____ ____ the sensors without having ____ ____ personal data?

____ users' ____ data ____ safe even if they ____ ____ in ____ ____?

____ ____ that third-party apps that use the ____ ____ use ____ ____.

____ ____ ____ ____ the security ____ bio sensor?

____ ____ possible ____ third-party apps may ____ ____ sensors without compromising ____ ____ information?

____ can ____ ____ ____ jeopardize users' privacy?

Is it possible for ____ ____ ____ use ____ sensors without ____ ____ ____?

Is it possible ____ third-party ____ using ____ ____ their users ____ ____ the ____?

Is ____ safe for external ____ ____ ____ ____ sensors ____ personal data?

Is it possible ____ third-party applications ____ ____ fingerprints ____ compromise ____ ____?

Is ____ ____ ____ third-party ____ that use ____ will ____ ____ the user's personal ____?

Is it ____ ____ these ____ apps ____ ____ our ____ from those ____?

Is it possible ____ third-party ____ ____ ____ biometric sensors ____ ____ securely?

Is ____ ____ for third-party apps to ____ use ____ ____?

____ am wondering ____ ____ apps ____ ____ the sensors without ____ my ____ at ____.

Is ____ ____ ____ third-party ____ to access these ____?

Is ____ possible ____ third-party applications ____ efficiently ____ securely use ____ ____ ____?

Is it possible ____ ____ apps ____ ____ individuals' ____ data ____ ____ sensor technologies?

____ it safe ____ external apps to ____ ____ ____?

____ ____ safe ____ ____ ____ ____ be ____ in external apps with Biometrics?

____ ____ user's privacy ____ risk if an ____ app ____ ____ sensors?

____ ____ safe for third-party ____ ____ use these ____?

____ outside apps ____ ____ to ____ user ____?

____ it possible ____ ____ ____ ____ protect user data without compromising ____?

____ third-party apps ____ ____ sensors ____ without compromising ____ ____ information?

____ third-party ____ ____ sensors ____ compromising ____ data?

Is ____ possible for ____ apps to ____ these sensors ____ ____ protecting ____ ____.

Do ____ ____ user privacy is ____ risk ____ ____ apps access and ____ ____ ____?

____ it possible ____ third-party ____ that ____ the ____ of ____ ____ won't ____ ____ personal information?

Is it ____ for other apps ____ ____ these ____ while keeping ____ ____ ____?

Will third-party apps ____ ____ ____ securely use ____ sensors ____ protecting ____ ____?

____ third-party ____ ____ bio sensors while protecting ____ ____?

Is ____ possible that external ____ ____ use ____ sensors ____?

____ these sensors be used ____ external ____ without personal ____ ____ ____?

Is it possible ____ other ____ use the ____ ____ ____ my ____ ____?

Third-party ____ can ____ the ____ tech ____ ____ users' ____ information.

Is ____ ____ information safe when third-party ____ ____ ____?

It is ____ that third-party ____ ____ use the ____ ____ ____ ____ ____ compromise their ____ personal.

Is ____ possible ____ ____ to use these ____ ____ revealing ____ information?

Is ____ possible for third-party ____ to ____ ____ sensors ____ ____ their users' ____?

Is ____ safe ____ ____ ____ ____ in third party apps?

It's possible that ____ apps that utilize ____ ____ ____ ____ ____ safely.

____ ____ ____ for ____ apps ____ get ____ data through the sensors?

It is ____ that ____ ____ that ____ ____ ____ their users ____ not compromise ____ information.

_____ personal information at risk _____ _____ _____ get _____ _____ the sensors?

Is third-party _____ safe _____ access _____ _____ _____ these sensors?

Is _____ possible for _____ _____ _____ use biometric _____ without _____ personal _____?

_____ is possible that _____ _____ be used in a _____ _____ _____ third-party _____.

Is _____ possible _____ third-party _____ _____ usebiometrics _____ accessing _____ information.

_____ _____ use the _____ _____ a safe _____?

_____ it _____ _____ _____ that use _____ fingerprints _____ their users _____ compromise _____ user's?

Is _____ possible for third-party apps to use _____ _____ _____ _____ _____ _____ _____ information?

Is _____ okay _____ _____ to _____ for _____?

Can other applications not _____ _____ _____ _____ at _____?

_____ third-party apps _____ _____ access personal _____ through these _____?

_____ _____ third-party apps _____ user privacy _____?

_____ _____ use _____ fingerprints _____ _____ apps compromise user _____ or are they equipped _____ _____ _____ measures?

_____ _____ _____ information safe _____ third-party apps use _____ biometric _____?

Does _____ _____ of external applications _____ _____ bio sensor _____?

_____ _____ applications _____ the _____ of personal information _____ _____ _____ of bio-sensors?

_____ _____ applications _____ personal data _____ using secure _____?

_____ the _____ information _____ when third-party _____ use these _____?

Is it _____ _____ third-party applications _____ use fingerprints _____ _____ _____ will _____ _____ the user's?

_____ _____ outside applications _____ _____ security of bio _____?

Is the personal info safe _____ third-party _____ _____ _____ _____?

Is it possible for _____ apps to _____ _____ _____ _____ _____ compromising _____ user's _____ information?

_____ _____ safe for other apps _____ _____ these _____.

Is it possible for third-party _____ to _____ _____ looking _____ _____ _____?

Is user _____ at risk _____ _____ _____ use these _____?

_____ personal _____ _____ risk when _____ are _____ _____ external applications?

_____ third-party applications _____ sure that _____ use of _____ _____ _____ _____ safe?

_____ external applications _____ _____ bio _____ security?

_____ it possible _____ third-party _____ to usebiometrics without access _____ _____ _____?

Will users' personal information be _____ _____ third-party _____ _____ _____ sensor _____?

_____ _____ _____ that _____ _____ _____ safe when using external applications?

_____ third-party _____ _____ _____ that the usage of _____ biometric _____ _____ safe?

Is it possible for _____ _____ _____ _____ _____ without _____ personal data?

Third-party _____ can use _____ sensors, _____ _____ _____ _____ of _____ user data?

_____ _____ _____ _____ third-party _____ to protect user data?

Is it _____ _____ _____ apps _____ protect _____ data with _____ sensor?

_____ _____ use of Biometrics by _____ _____ _____ protection _____ personal info?

Is it possible _____ _____ _____ using _____ _____ be _____ in _____ safe manner?

Is _____ _____ _____ _____ when third-party apps use these _____?

Is _____ _____ _____ external apps to _____ _____ sensors without touching _____ _____?

_____ these _____ be used _____ with _____?

Is it _____ for third-party _____ _____ access _____ data _____ the _____?

Does _____ _____ _____ _____ _____ compromise bio sensor security?

Is it _____ _____ third-party _____ _____ use _____ of their _____ won't _____ their _____.

_____ non-built-in _____ pose _____ threat to _____ _____ with _____ use _____ bio-Sensors?

_____ _____ possible that _____ _____ _____ use _____ fingerprints won't _____ their users?

_____ it safe _____ personal _____ _____ use _____ apps _____ biometrics?

_____ non-built-in applications pose _____ danger _____ _____ _____ _____ use of bio-sensors?

Is it possible _____ _____ _____ _____ the _____ _____ without _____ user's personal information?

_____ it _____ _____ apps _____ use _____ _____ use it in a safe _____?

Would user ____ ____ maintained if ____ ____ ____ these technologies?

____ ____ ____ ____ ____ external software enough protection of personal ____?

____ ____ ____ ____ third-party apps ____ ____ their ____ fingerprints will ____ compromise their users.

____ ____ ____ use ____ sensor safely?

Does using ____ ____ ____ the ____ sensors ____ ____ privacy of users?

____ ____ ____ third-party apps that ____ the ____ can use ____ in ____ safe ____.

Does the ____ ____ ____ in ____ apps maintain ____ privacy?

Is it safe for third-party ____ to ____ ____ ____ ____ these ____?

Is ____ possible for ____ ____ to ____ thebiometrics ____ a safe ____?

Third-party ____ use ____ ____ tech securely, ____ will ____ personal ____ ____ unthreatened?

Is ____ possible that ____ ____ can ____ the ____ in a ____ ____?

____ other apps ____ ____ ability to ____ the ____ ____ keeping ____ information intact?

Is ____ apps capable ____ protecting ____ data ____ ____ sensors?

Is ____ possible ____ third-party applications to ____ ____ ____ safely?

____ the ____ protect ____ information ____ ____ access to ____ applications?

____ ____ possible ____ other ____ ____ use these ____ ____ keep my info intact?

Do third-party applications ensure ____ ____ ____ of the sensors ____ ____ ____?

Is it ____ for ____ ____ ____ usebiometrics without ____ ____ information?

It ____ ____ ____ third-party apps can't ____ the user's ____.

Is it ____ for other ____ to keep ____ info ____ ____ using ____ ____?

Is it safe for ____ ____ to ____ ____ personal details ____ ____ ____?

____ it possible that ____ ____ that ____ ____ fingerprints ____ ____ it ____ a safe fashion.

Is it ____ ____ ____ apps ____ ____ my ____ ____ using these scans?

Is it ____ that ____ applications that use ____ ____ ____ users ____ not ____ ____ user?

____ it possible ____ ____ ____ can ____ ____ fingerprints in a safe ____?

Do non-built-in applications endanger ____ information ____ the ____ ____ ____?

____ personal ____ at ____ when third-party apps have ____ ____ the ____?

Is it ____ ____ ____ apps ____ ____ without ____ personal information?

Do ____ apps use ____ ____ ____ my ____?

It is ____ ____ ____ ____ that use ____ ____ ____ their ____ won't compromise their own.

____ it possible ____ ____ apps ____ use ____ sensors safely ____ ____ user data?

____ ____ ____ ok for ____ sensor security?

Does ____ ____ ____ fingerprints by ____ software maintain adequate ____ ____ personal ____?

Is there a way for ____ ____ to ____ the ____ ____ ____ ____ ____ intact?

Is ____ possible for third-party apps to ____ biometrics ____ ____ ____ ____?

____ third-party ____ ____ of protecting user data while securely ____ ____ ____?

____ ____ ____ ____ safe when third-party apps ____ these sensors?

Is it ____ that the fingerprints ____ ____ will ____ be ____ by ____ ____?

____ it ____ ____ ____ ____ that use ____ fingerprints of ____ ____ won't compromise ____ personal data?

I ____ ____ know ____ apps can ____ the ____ ____ revealing ____ information.

____ ____ in applications ____ ____ threat to personal information ____ ____ ____ of bio-sensors?

How ____ is ____ ____ third-party apps to ____ ____ sensors?

I wonder ____ user ____ ____ at risk ____ outside apps ____ ____ ____.

____ personal ____ ____ when using external apps ____ ____?

Do ____ ____ ____ a risk to ____ integrity of personal ____ with ____ use ____ ____?

____ ____ ____ ____ pose a risk ____ ____ ____ integrity with their ____ of bio-sensors?

____ it possible ____ ____ ____ to use the ____ without ____ my information ____ ____?

____ ____ possible ____ ____ apps to ____ theBiometrics ____ protecting user data.

____ ____ ____ ____ threat to personal ____ integrity ____ their use of ____?

____ ____ user's privacy ____ ____ ____ these ____ apps use these sensors?

____ ____ personal details ____ for ____ ____ third-party apps?

Is there a way ____ ____ ____ ____ use the sensors ____ a ____ ____?

____ ____ ____ that third-party apps use ____ ____ in ____ safe way?

____ ____ user ____ is third-party apps ____ ____ securely utilizing bio ____?

Is ____ possible ____ ____ third-party apps ____ use ____ ____ in ____ safe manner?

Is it possible ____ ____ ____ ____ ____ the use ____ sensor data?

____ third-party apps ____ to ____ ____ sensors?

Is ____ possible for ____ apps to ____ ____ sensors ____ ____ ____ way?

____ third-party apps use ____ sensor tech, ____ ____ ____ ____ not ____ compromised?

Is ____ ____ ____ ____ personal details in external apps ____ ____?

Is it ____ ____ have personal information in ____ ____ ____ ____?

____ it possible ____ third-party apps that ____ ____ ____ compromise ____ ____ personal.

____ ____ possible ____ third-party apps to ____ without ____ personal ____?

____ it possible that ____ apps ____ use the ____ of ____ ____ will ____ compromise ____ ____ personal information?

Is third-party apps safe ____ have ____ to ____ ____ through ____ ____?

Is ____ ____ ____ external apps ____ ____ ____ security of individuals' ____ data?

____ it possible for apps ____ ____ the sensors without ____ ____ ____?

____ it safe ____ ____ ____ to ____ ____ personal information through ____ scanners?

____ privacy ____ ____ maintained using third-party ____ ____ have sensor ____.

Can ____ ____ ____ use ____ sensors without compromising user ____?

____ it possible ____ third-party apps that use ____ ____ ____?

Is ____ possible ____ ____ apps to ____ these ____ in ____ safe ____?

Is ____ ____ ____ third-party apps ____ ____ fingerprints ____ be used ____ ____ safe way?

____ it possible ____ ____ apps ____ protect user data with ____ ____?

____ it ____ that third-party ____ ____ use ____ ____ ____ compromising the user's privacy?

____ ____ ____ ____ third-party applications to ____ use ____ biometric sensors?

____ third-party ____ ____ ____ sensor tech securely, ____ users' ____ information remain ____?

____ ____ use the ____ ____ a ____ way?

Is it ____ that third-party ____ that utilize ____ ____ ____ their ____ will ____ ____ ____ personal?

____ can ____ apps make sure they ____ ____ user ____?

Is it possible that ____ ____ ____ utilize ____ fingerprints ____ ____ ____ will not ____ the ____?

____ it ____ for ____ party applications ____ use the ____?

Is ____ ____ ____ apps to use ____ for ____ Privacy?

Is ____ privacy ____ ____ because ____ ____ use ____ ____ sensors by outside apps?

Is it ____ for ____ apps to ____ sensors ____ ____ information ____ ____?

How secure is ____ ____ ____ the sensor ____ external ____?

____ it ____ ____ third-party apps ____ use ____ can ____ ____ in a safe ____?

____ ____ ____ for ____ apps to protect user ____ ____ the ____ of the ____?

____ the personal ____ ____ ____ safe while ____ ____ ____ the sensor tech?

Is the user's ____ ____ risk ____ ____ apps ____ these ____?

Is it possible for ____ ____ ____ usebiometrics ____ no ____ to ____ ____?

Do ____ in applications ____ ____ threat ____ the ____ of personal information ____ ____ ____ ____ bio-sensors?

____ ____ possible for ____ apps ____ ____ user's personal ____ without ____ it?

Third-party ____ ____ use the sensor tech ____ ____ ____ ____ ____ information remain unthreatened?

Is ____ ____ ____ third-party apps to ____ sensors without ____ ____ information?

Is it possible for ____ ____ to ____ ____ ____ information ____?

Is ____ possible that ____ apps can ____ the sensors ____ ____ ____ ____?

Can third-party ____ ____ these sensors ____ compromising ____ user's ____ ____?

Is it ____ for ____ apps ____ use these ____ ____ ____ ____ data?

Is the ____ ____ ____ external ____ enough ____ ____ personal information?

Can other apps ____ ____ sensors in ____ ____ ____?

Is ____ ____ ____ ____ ____ use the sensors without compromising personal ____?

____ ____ ____ ____ ____ third-party apps to use ____ sensors securely without compromising ____ ____ information?

Can ____ ____ ____ user ____ safe?

It's ____ ____ third-party apps ____ use the ____ ____ ____ ____ won't compromise the user's ____.

Is ____ ____ for third-party ____ ____ ____ ____ ____ in ____ safe and secure way?

Is ____ use ____ ____ by ____ software ____ to protect ____ info?

____ ____ privacy ____ ____ if ____ ____ apps ____ and use these sensors?

____ ____ possible that ____ ____ that ____ ____ fingerprints can use ____ in a ____ way.

Is ____ ____ that ____ ____ ____ ____ the security of individuals' ____ data?

Is ____ ____ that ____ apps that ____ the ____ of their ____ ____ compromise ____ personal?

Is it ____ ____ other apps ____ ____ ____ sensors ____ putting ____ personal information ____ risk.

____ it safe for third-party apps ____ ____ my ____ ____ ____ these ____?

Third-party ____ use ____ ____ tech securely, ____ will users' personal ____ ____ ____ affected?

Is ____ possible for ____ ____ to ____ the sensors ____ ____ access to ____ ____?

____ it okay for apps ____ usebiometrics ____ ____ ____?

Do you think personal ____ ____ ____ when ____ external ____?

Do ____ built-in ____ ____ ____ threat ____ personal information ____ with their ____ of ____?

____ possible ____ third-party apps that ____ ____ fingerprints ____ use ____ ____ ____ safe fashion.

Will ____ ____ data be ____ ____ ____ by non-native applications ____ specialized ____?

Is ____ possible for ____ ____ to ____ ____ safely?

____ ____ possible that ____ ____ ____ fingerprints can use ____ safely?

Is ____ possible for ____ to ____ ____ sensors without ____?

____ ____ possible that ____ apps ____ ____ ____ use ____ ____ without compromising user's personal information?

____ it possible ____ ____ apps ____ ____ the sensor ____ ____ safe way?

____ ____ possible that ____ can ____ these sensors without ____ my ____.

Is it possible for ____ ____ ____ ____ ____ sensors without putting ____ data ____ ____?

Isn't ____ possible ____ third-party ____ ____ ____ fingerprints won't ____ the user?

Is ____ possible ____ third-party ____ that ____ fingerprints ____ ____ users' personal ____?

It ____ possible ____ ____ ____ ____ ____ ____ ____ their users ____ not compromise their personal information.

Is it possible ____ third-party ____ ____ ____ the ____ securely ____ ____ users' ____ information?

____ ____ privacy at risk ____ ____ apps use these ____?

Is it possible ____ ____ ____ ____ protect ____ personal information?

____ ____ third-party ____ keep ____ privacy unaffected?

Is it safe ____ reveal ____ information using ____ ____ ____ ____?

____ possible that third-party apps ____ ____ ____ ____ ____ ____ won't compromise their ____ personal.

Is it possible ____ ____ apps that ____ the fingerprints ____ their ____ won't ____ ____ ____?

____ ____ ____ compromise bio sensor ____?

Is ____ safe ____ external ____ to use ____ ____ without ____ ____ to personal ____?

Can outside apps ____ ____ ____ ____?

Is it possible for ____ apps to ____ the ____ ____ ____ ____ ____?

Is ____ ____ ____ ____ applications to use ____ ____ the sensitive ____ of users?

Do ____ ____ ____ ____ ____ ____ your biometric sensors ____ ensuring the ____ ____ your personal information?

____ ____ safe to use ____ ____ data by ____ applications?

Are ____ apps capable ____ securely using ____ ____ and protecting ____ ____?

____ there ____ protection of personal info ____ ____ use ____ ____ by ____ software?

Is ____ ____ at risk if ____ ____ access ____ use ____ sensors.

____ ____ possible ____ third-party apps that utilize ____ ____ ____ use it in a ____ ____ ____ compromising user?

____ non-built-in applications ____ a threat ____ ____ information ____ with ____ use of ____?

____ ____ ____ of ____ user at risk ____ ____ outside ____ uses these sensors?

_____ it safe _____ _____ apps _____ access _____ _____ through these Sensors?

Is _____ safe for the _____ _____ to grab our _____ _____ _____ _____?

Is _____ possible for _____ _____ _____ _____ the _____ to _____ my information intact?

There _____ _____ _____ that _____ apps _____ _____ the _____ of their users _____ not _____ the user.

Can _____ _____ use these _____ _____ _____ safe way?

_____ it possible that _____ apps _____ use the _____ _____ compromising _____ _____ information?

How _____ _____ _____ protect _____ information?

_____ _____ _____ details be safe when third-party _____ use _____ _____?

_____ user privacy _____ risk _____ _____ apps _____ these sensor?

_____ it possible that _____ apps _____ protect _____ data from _____ _____ _____?

Do _____ _____ make _____ that _____ _____ of thebiometrics _____ safe?

Is the _____ _____ _____ when third-party _____ use _____?

_____ user _____ _____ risk if outside _____ _____ these sensors?

_____ it _____ _____ _____ apps to _____ _____ sensors without gaining access to _____ _____?

Is it _____ _____ third-party _____ _____ use Biometrics without _____ personal _____?

_____ it safe for _____ _____ to _____ _____ without accessing _____ data?

_____ _____ possible _____ third-party _____ are able _____ _____ _____ sensors _____ compromising personal information?

Is _____ _____ _____ third-party apps _____ _____ while _____ user data?

Is the _____ of these _____ safe _____ _____ _____?

_____ it _____ that _____ apps _____ _____ fingerprints will _____ compromise user's _____?

If non-native applications _____ specialized sensors, _____ _____ sensitive _____ _____ _____?

_____ _____ apps _____ _____ ability to _____ use bio sensors?

_____ it _____ that third-party _____ _____ _____ the fingerprints can _____ safe?

Is it safe _____ _____ _____ to _____ _____ _____ information via _____ machines?

_____ the _____ of biometrics _____ external software _____ _____ personal info _____?

Is it safe for _____ _____ _____ _____ used in _____ _____ _____ Biometrics?

_____ _____ sensors be _____ _____ by third-party _____?

_____ user _____ maintained if _____ _____ use the _____?

_____ _____ safe _____ _____ _____ apps that usebiometrics?

_____ it _____ _____ _____ applications _____ use the sensors securely without compromising _____ _____ _____?

Is _____ safe _____ third-party apps _____ access _____ data _____ these _____?

_____ _____ possible _____ third-party _____ that use _____ _____ _____ their users wont _____ the user.

_____ the _____ _____ _____ risk when _____ sensors _____ accessed _____ third-party apps?

Is third-party _____ capable of _____ _____ _____ _____ protecting _____ data?

Is _____ possible that _____ _____ _____ use _____ fingerprints won't _____ them?

It _____ _____ _____ third-party _____ _____ use the _____ of their users will not _____ _____ _____.

Is it _____ for _____ information _____ _____ _____ _____ _____ apps with sensors?

_____ third-party _____ _____ my data _____?

_____ third-party apps capable _____ _____ using _____ _____?

Will _____ sensitive _____ remain _____ _____ they are _____ in _____ applications?

Does using outside _____ _____ _____ sensor _____?

Is it _____ for personal _____ _____ _____ used _____ _____ apps _____ biometrics?

Can the _____ apps use _____ _____ _____ a _____ way?

_____ _____ use _____ sensor tech _____ but will users' personal _____ _____ _____?

_____ it safe _____ _____ apps _____ _____ _____ data from the sensors?

Is _____ possible _____ third-party applications _____ use fingerprints _____ use _____ _____ _____?

_____ third-party app _____ of _____ sensors _____?

_____ _____ possible _____ _____ apps to _____ use bio sensor _____ protecting user _____?

_____ it _____ _____ third-party apps could _____ the _____ _____ _____ a _____ personal information?

Is _____ possible for _____ _____ to safeguard _____ data _____ using _____ _____?

_____ it _____ for third-party apps _____ use _____ without accessing _____ _____?

Is _____ _____ of _____ info _____ through the _____ of _____ by _____ software?

Are third-party apps _____ to use _____ _____ _____ _____ _____ user's personal _____?

Is _____ _____ _____ external apps _____ _____ _____ _____ without gaining access to personal _____?

_____ it _____ _____ _____ information to be used _____ _____ with sensors?

_____ _____ apps able to securely use _____ _____ _____?

_____ it possible _____ _____ _____ to keep _____ _____ intact while _____ the sensors?

_____ user confidentiality maintained _____ _____ applications _____ _____ technology?

Is it _____ that other _____ _____ put _____ personal info _____ _____?

_____ third-party _____ _____ _____ _____ in a secure way?

Is _____ _____ that _____ apps _____ fingerprints _____ _____ them _____ a safe fashion?

_____ user _____ _____ risk _____ _____ _____ have access to these sensors?

_____ the _____ app able _____ _____ _____ _____ sensors while protecting user _____?

Is the _____ _____ _____ third-party apps _____ _____ sensors?

_____ user confidentiality _____ _____ external applications _____ these _____

Is _____ _____ _____ third-party applications can _____ fingerprints in a _____ _____?

_____ _____ personal details safe _____ third-party apps use _____ _____?

_____ it possible for _____ _____ to _____ _____ obtaining personal _____?

Is it possible for _____ developers _____ keep _____ _____ _____?

Can other _____ _____ _____ _____ _____ _____ my personal information at risk.

When these sensors are _____ in _____ _____ are _____ _____ details _____?

_____ _____ safe _____ personal details to _____ _____ in external _____?

Is _____ possible _____ third-party _____ to _____ the sensors _____ _____ _____ user data?

_____ _____ _____ _____ safe when third-party apps use the _____?

_____ your personal _____ at _____ when _____ apps access _____ _____?

_____ it possible that third party _____ that use _____ _____ not _____ _____ _____?

Is the personal information _____ _____ _____ apps _____ _____ these _____?

_____ it possible _____ _____ apps _____ _____ _____ _____ not compromise user's personal.

_____ _____ feasible _____ app developers to _____ personal _____ safe?

It is _____ _____ third-party _____ _____ use _____ _____ use _____ in _____ safe fashion.

_____ it possible _____ _____ _____ privacy _____ third-party apps _____ have _____ integration?

Do _____ integration of _____ in _____ _____ keep user _____?

_____ _____ possible _____ _____ apps _____ use _____ _____ won't compromise their users?

Are _____ personal _____ safe _____ _____ applications?

_____ it _____ that the apps _____ use _____ sensors _____ _____ _____ information?

_____ you _____ third-party _____ access _____ _____ sensors while ensuring the _____ _____ _____ information?

Is a _____ _____ _____ to securely use _____ sensors _____ _____ user _____?

Third-party applications _____ _____ thebiometrics _____ _____ _____ data.

It _____ _____ that _____ apps _____ _____ fingerprints of their _____ won't _____ the _____.

_____ third-party applications _____ _____ securely _____ bio sensors and _____ user _____?

Is it possible _____ _____ _____ to use _____ biometric sensors _____ _____ _____?

Is it possible _____ _____ _____ to use _____ _____ and keep my _____ _____?

_____ it _____ for the apps _____ _____ the sensors _____ without _____ my _____?

While _____ _____ _____ the _____ tech _____ will _____ personal information be _____?

Is personal _____ at risk _____ _____ _____ access these _____?

Is the personal _____ _____ when _____ _____ use _____?

Is _____ _____ _____ biometrics by _____ software adequate _____ of _____ info.

_____ _____ _____ _____ third-party apps to use _____ sensors safely?

_____ it safe to use _____ _____ _____ _____ applications?

Is _____ _____ capable of _____ bio _____ _____ _____ user data?

It is _____ that third-party apps that use _____ _____ use _____ _____ _____ _____ _____.

Is it _____ for _____ details to be safe _____ _____ _____ _____?

_____ _____ _____ maintain user privacy through the _____ of _____?

Can _____ _____ use the _____ without _____ user _____?

Is _____ _____ _____ third-party _____ _____ _____ the fingerprints _____ their users won't compromise their _____ _____?

Is it possible _____ _____ _____ to _____ _____ _____ without compromising _____ data?

Is _____ safe _____ _____ apps _____ use _____ sensors _____ putting my _____ _____ risk?

_____ it possible _____ third-party _____ _____ use biometric _____ _____ protecting _____ data?

_____ possible _____ _____ apps _____ _____ fingerprints will not compromise the _____.

_____ it _____ for third-party _____ _____ use the _____?

_____ third-party applications _____ _____ these sensors _____ safeguard _____ _____ data?

_____ third-party applications _____ sure the usage _____ _____ _____ safe?

User _____ _____ _____ maintained using third-party apps _____ sensor _____.

_____ _____ _____ _____ personal details are _____ when third-party apps use _____ _____.

Can _____ _____ use _____ _____ in _____ safe manor?

_____ apps _____ _____ _____ _____ securely use bio sensors while protecting _____ _____.

_____ _____ details _____ risk when third-party apps _____ access _____ _____ sensors?

Is _____ permissible for apps _____ _____ for _____ _____?

Is the personal data _____ _____ _____ applications _____ _____ sensors?

Is _____ privacy _____ through _____ apps that _____ sensor _____?

Is _____ _____ _____ _____ apps to use thebiometrics _____ personal _____?

_____ _____ applications compromise _____ _____ safety?

Is _____ _____ _____ third-party apps _____ use fingerprints don't _____ the _____?

_____ _____ possible that third party apps that _____ the fingerprints of _____ _____ _____ not _____ _____ _____?

_____ _____ _____ safe when _____ third-party apps with _____?

_____ _____ possible _____ third-party _____ _____ use Biometrics _____ protecting user data.

Is it _____ _____ third-party _____ to safeguard user _____ _____ utilizing _____ _____?

Is it safe _____ _____ external _____ with _____ _____.

_____ it _____ that _____ apps _____ _____ _____ _____ use it in a safe _____?

Third-party _____ can use _____ _____ _____ _____ they _____ to protect _____ data?

_____ _____ _____ the bio sensors may compromise the _____ _____ _____.

_____ privacy _____ if _____ _____ use _____ technologies?

Is _____ possible _____ _____ apps to use _____ _____ safely?

_____ _____ possible _____ third-party _____ that _____ _____ fingerprints can use _____ safely?

_____ _____ _____ use the sensors _____ a _____ manner?

Do _____ applications pose a _____ _____ personal information integrity with _____ _____ _____ _____?

Is _____ _____ _____ third-party applications that use _____ fingerprints _____ not _____ _____ user?

_____ third-party apps utilize the _____ _____ securely, _____ users' _____ _____ remain _____?

_____ _____ _____ for _____ apps _____ use these _____ while protecting data?

_____ the _____ of biometrics _____ external _____ adequate _____?

_____ _____ possible that third _____ apps _____ use _____ _____ of _____ users will not _____ the _____.

Is personal information _____ risk _____ _____ _____ _____ these sensors?

_____ _____ _____ _____ used _____ third-party apps, is the personal information _____?

Is _____ _____ that third-party apps can _____ the _____ _____ _____ _____ personal information?

_____ it _____ for _____ apps to usebiometrics without _____ _____ being _____?

_____ _____ third-party _____ protect _____ users _____ putting their privacy at _____?

_____ _____ possible that third party _____ that use _____ _____ of their _____ _____ _____ _____ user's?

_____ is possible that _____ _____ _____ utilize _____ fingerprints of their users _____ _____ _____ user's _____

Is _____ _____ _____ _____ apps to access _____ _____ through these sensor?

Is _____ _____ _____ _____ if outside _____ use these sensors?

Is it ____ ____ ____ apps ____ use ____ without compromising personal ____?

Do third-party apps ____ the ____ ____ ____ ____ manner?

____ is possible ____ ____ apps can ____ the sensors ____ ____ compromising ____ ____ information.

Is ____ ____ for third-party apps ____ ____ without ____ privacy?

Is it ____ for third-party ____ ____ securely ____ ____ biometrics?

____ it ____ ____ ____ ____ ____ use these sensors without ____ my ____ info at risk?

Will ____ ____ ____ ____ safe when ____ apps ____ the sensor ____ securely?

____ it possible ____ ____ apps to use ____ personal info ____ ____ ____ at ____?

____ ____ possible ____ third-party apps that ____ ____ ____ their ____ will not compromise ____ personal?

____ it ____ that third-party ____ wouldn't ____ user's ____ information?

____ it possible that third-party ____ that ____ ____ ____ ____ users ____ compromise ____ privacy ____ their users?

____ ____ possible ____ third-party ____ that ____ ____ ____ can ____ it without compromising user?

Is ____ ____ for ____ apps to ____ ____ ____ data ____ these sensors?

____ the ____ privacy ____ ____ ____ the apps use the ____?

____ these sensors are ____ in third-party ____ are ____ ____ details ____?

____ is possible ____ ____ apps ____ the ____ of their ____ ____ compromise ____ user.

Is ____ possible ____ third-party ____ using ____ can ____ it ____ a ____ manner?

____ it ____ that third-party apps ____ ____ fingerprints ____ their ____ ____ compromise their ____ information?

Can ____ apps ____ this technology ____ ____ safe ____?

____ ____ ____ be ____ to protect user's personal information without ____ ____?

Is it ____ ____ ____ apps ____ not compromise a ____ personal ____?

____ ____ possible ____ ____ apps to ____ my information intact while ____ the ____?

Is it possible ____ ____ ____ ____ these ____ ____ revealing anything?

____ personal ____ ____ risk ____ ____ ____ can access these sensors?

Can ____ ____ avoid ____ ____ data?

____ the ____ of ____ ____ ____ ____ keep personal info safe?

Is it safe ____ ____ apps to ____ ____ sensors ____ ____ ____ data?

Is ____ ____ for external apps ____ ____ without accessing ____ ____?

____ ____ ____ for external ____ to use biometric ____?

____ ____ ____ for external apps to ____ the security ____ ____ sensitive ____?

____ third-party applications ____ ____ sensors in a ____ ____?

Is it possible for external ____ ____ ____ ____ sensors without ____ ____ ____?

Is ____ possible ____ third-party ____ to ____ Biometrics ____ ____ efficiently?

____ it possible ____ ____ apps using users' ____ ____ compromise ____ users?

Third-party ____ should ____ able to securely ____ ____ ____ ____ ____ user data.

____ non-built-in ____ ____ ____ danger ____ personal information integrity ____ ____ use of bio-sensors?

____ ____ ____ that third-party ____ that ____ fingerprints won't compromise users' ____?

____ it possible ____ ____ ____ to ____ ____ sensors in a ____ manner?

____ users' information remain safe ____ ____ apps use ____ ____ ____?

____ ____ third-party apps usebiometrics ____ ____ compromising ____ privacy?

____ ____ apps ____ to securely use bio ____ and protect ____ ____?

____ ____ privacy at ____ ____ the outside apps ____ these ____?

____ ____ possible ____ third-party ____ ____ fingerprints ____ a safe fashion?

____ ____ possible for ____ ____ ____ use ____ sensors ____ while protecting user data.

Is it possible that ____ ____ can use ____ ____ ____ ____ ____ user's data?

Is it ____ for ____ apps ____ securely use ____ sensors, while ____ ____ ____?

Is ____ ____ at risk ____ these outside apps ____ access ____ ____ ____?

Is ____ maintained if ____ ____ use ____ ____?

Can third ____ ____ ____ ____ sensors in a ____ way?

____ it ____ to use third-party apps ____ ____ ____?

Is ____ ____ for third-party ____ to use sensors ____ ____ ____ information?

____ it possible for third-party ____ ____ use ____ ____ do not ____ personal ____?

____ the ____ of the ____ ____ risk when ____ ____ ____ these sensors?

____ ____ apps ____ user privacy ____ ____ integration of biometric ____?

Is it ____ for ____ ____ to keep ____ ____ safe ____ I tap ____ these ____?

____ it ____ for ____ ____ ____ be included in ____ ____ with sensors?

Is it ____ that ____ apps ____ ____ the ____ ____ without compromising ____ user's personal ____?

Is it possible ____ ____ apps ____ ____ user ____ ____ ____ their users' privacy?

____ you think that ____ details are safe ____ using ____ ____ ____?
