[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Product specifications and features request
Inquiry Sub-Category	Scalability and expansion capabilities
Description	Customers are interested in learning about the potential for expanding and adding more devices or features to the telecommunications equipment as their needs grow or change.
Data Size	11,528 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Will adding servers _____ substantial _____ in _____ _____ _____ _____ utilizing the _____ solution?

Will there _____ changes to _____ _____ because of _____ _____?

_____ changes _____ this solution would _____ _____ _____ the server's _____.

_____ infrastructure alterations _____ _____ brought _____ by added _____ additions.

_____ _____ be _____ _____ _____ the framework used to implement extra _____?

_____ _____ current system _____ _____ adjustments with _____ additions?

Will big _____ _____ be needed to _____ _____ _____?

_____ the _____ _____ require _____ _____ our current systems when _____ more _____?

_____ we _____ _____ _____ to _____ _____ infrastructure _____ if we add server?

If these server _____ _____ system, _____ our infrastructure _____ _____?

Changes will be _____ _____ our current _____ with _____ _____.

_____ server _____ _____ major _____ across the _____?

Will we _____ _____ _____ _____ changes to our _____ when we _____ additional _____?

Is there _____ need _____ substantial _____ _____ _____ adding server _____ this _____?

_____ incorporating _____ _____ necessitate _____ changes in our _____?

_____ introducing _____ _____ into operation _____ for changes in _____?

What amount _____ _____ _____ need _____ be made to the _____ if _____ _____ are _____?

_____ _____ current _____ going to _____ _____ _____ more server capacity?

_____ _____ changes to _____ be _____ _____ more server numbers?

Will it require _____ _____ _____ _____ infrastructure when _____ servers?

_____ the _____ _____ _____ changes to our current systems _____ _____ more _____?

_____ _____ _____ to need _____ _____ big infrastructure changes _____ we _____ server?

_____ we _____ in _____ server _____ we need to change _____ _____?

Does _____ need to _____ _____ if _____ server _____ is _____?

_____ it necessary to _____ _____ changes _____ the current framework _____ _____ additional _____?

Is _____ _____ setup going to _____ changes _____ _____ _____ _____ more server?

_____ the proposed _____ lead _____ extensive _____ in _____ _____ or not?

If _____ _____ server, do _____ need _____ complete _____ upgrade?

Is _____ necessary to make _____ infrastructure _____ _____ _____ _____ server

_____ increasing _____ count _____ to large changes _____ _____ systems?

What _____ would be needed _____ the _____ _____ _____ server _____ added?

_____ _____ require _____ changes to add _____ _____?

_____ _____ going to have to _____ our infrastructure _____ _____ _____ join _____ system?

_____ it necessary _____ _____ _____ changes in our _____ infrastructure if _____ _____ to add _____ with the _____?

When _____ _____ are _____ _____ _____ _____ will there be a need for _____ _____?

Do we have _____ _____ for _____ _____ _____ changes _____ our infrastructure if _____ add _____ with the _____?

_____ the _____ system needed for large _____ _____ _____ _____ server?

_____ _____ take major _____ _____ to add _____ server

_____ _____ addition _____ _____ _____ in the solution?

If _____ server are included, _____ _____ need _____ restructure _____?

Is _____ a _____ for _____ alterations in _____ infrastructure _____ _____ _____ of _____ server?

Will there be changes to _____ _____ _____ _____ we _____ _____ server?

_____ we _____ to see _____ _____ of the setup _____ _____ more _____?

_____ _____ might require extensive _____ to the _____ _____.

_____ we add server, _____ we _____ _____ _____ infrastructure remake?

Does infrastructure _____ _____ _____ _____ there are _____ servers integrated?

Is _____ _____ need _____ a complete infrastructure redesign _____ we _____ _____?

Will _____ addition _____ _____ require _____ changes to _____ current _____?

Is _____ current system needed _____ _____ due to _____ _____?

_____ _____ be _____ _____ _____ major _____ once _____ hosts are added into the _____?

_____ _____ _____ _____ make significant _____ _____ _____ _____ infrastructure when we add more server?

Do _____ _____ server _____ _____ significant changes in _____ infrastructure?

Do _____ expect a _____ change in the setup _____ _____ _____ _____?

_____ _____ more server necessitate _____ different _____?

_____ new _____ additions have _____ _____ _____ adjustments?

Will changes _____ _____ infrastructure be required _____ _____ _____ of _____ server?

_____ this extra _____ _____ _____ _____ up all our existing _____ or is _____ going _____ make _____ changes?

_____ new server _____ _____ _____ infrastructure adjustments?

_____ infrastructure changes _____ required _____ the _____ _____?

_____ will _____ _____ _____ our current setup with _____ server.

_____ _____ _____ _____ make changes in our infrastructure _____ we add _____ _____?

Will there _____ _____ _____ _____ systems if _____ count _____ increased?

_____ _____ modifications to _____ _____ infrastructure be required _____ using additional _____?

Will _____ have _____ make significant changes to _____ _____ _____ we install _____ _____?

Is it _____ _____ _____ changes to be made when _____ _____ _____?

_____ new _____ _____ need extensive infrastructure _____?

When _____ the _____ will _____ _____ necessitate changes to the _____ _____?

_____ _____ decide to _____ server _____ the _____ _____ _____ have to _____ for _____ changes to our infrastructure?

_____ _____ necessary to _____ _____ infrastructure within _____ _____ _____ _____ accommodate additional server capacity?

Is the _____ _____ going to _____ _____ all _____ existing stuff _____ is _____ going _____ make _____ change?

_____ _____ possible that _____ server _____ for _____ revamping of _____ current _____?

_____ we decide _____ add _____ _____ the solution, do _____ _____ _____ anticipate _____ changes to _____ infrastructure?

_____ we _____ major infrastructure _____ if _____ _____ server?

Will _____ _____ _____ change everything with the _____ _____?

Did substantial _____ _____ _____ be made to _____ _____ server?

Does introducing more _____ into _____ _____ _____ _____ _____ established systems?

_____ _____ expected _____ _____ setup _____ be transformed _____ _____ _____ server and using the recommended _____?

Infrastructure _____ _____ _____ _____ _____ by added server additions.

Does _____ _____ the _____ count require _____ infrastructure _____?

Does incorporating _____ server _____ major alterations _____ _____ _____?

Will _____ _____ in server _____ mean _____ to existing _____?

_____ infrastructure _____ _____ caused by _____ _____ server?

_____ _____ _____ _____ infrastructure may be _____ _____ by the added server.

_____ there a _____ _____ major alterations in _____ infrastructure with _____ _____ of _____ _____?

_____ _____ be a lot of _____ _____ _____ accommodate additional _____?

_____ _____ possible that connecting _____ _____ major _____ revisions?

_____ _____ _____ a need for _____ alterations in our _____ _____ _____ _____ are included?

Will our current _____ _____ _____ _____ adjusted _____ _____ _____ _____ server to the equation?

Does _____ _____ server _____ _____ to our _____?

Will _____ alterations _____ required to _____ current _____ due to _____ addition _____ _____?

_____ the current setup going _____ _____ _____ _____ server?

_____ the addition of _____ necessitate _____ _____ to _____ current _____?

Is it _____ we will _____ _____ _____ _____ infrastructure _____ the _____ _____ new server?

_____ we required _____ _____ _____ infrastructural adjustments to _____ _____ with _____ solution?

Is _____ _____ _____ make infrastructure adjustments _____ _____ more servers?

_____ changes to existing systems _____ _____ by _____ _____ count?

_____ _____ need an _____ if there _____ _____ server integration?

_____ _____ existing infrastructure _____ to be _____ _____ we install additional _____?

Does _____ server _____ changes _____ _____ infrastructure?

_____ _____ current _____ need changes due to _____ added _____?

Does _____ server _____ big changes _____ _____ _____?

Does adding _____ _____ _____ big infrastructure _____?

Does _____ _____ mean _____ changes to _____ _____?

Is the _____ _____ _____ force _____ to change _____ _____ _____ _____ because of _____ dumb added server?

Is it necessary _____ us _____ anticipate _____ _____ _____ current _____ _____ _____ add server _____ the solution?

If we _____ to _____ _____ with the _____ _____ we have to plan _____ a _____ _____ _____?

Is _____ possible that extra _____ _____ _____ significant _____?

_____ incorporating _____ _____ make a huge change to _____ _____?

_____ the proposed server cause _____ changes _____ the _____ _____?

Is _____ _____ need _____ major alterations _____ our infrastructure if _____ server _____ _____?

With the new server, _____ _____ need _____ _____ _____?

_____ more _____ need to _____ _____?

_____ _____ have to _____ _____ changes to our infrastructure when _____ _____ _____ server?

_____ _____ _____ _____ server _____ mean big _____ to existing systems?

_____ severs; any changes to _____ _____ _____?

Is it _____ to make _____ changes to _____ _____ for _____ _____?

_____ we _____ to add _____ _____ _____ solution, will _____ be any significant _____ _____ our _____?

_____ _____ _____ a need for changes once new _____ _____ _____?

_____ _____ _____ framework _____ used be changed to _____ extra _____?

If _____ decide _____ _____ _____ with _____ _____ do we _____ to prepare for _____ _____ of changes?

_____ growing _____ count mean _____ _____ _____ systems?

_____ we have _____ make changes to _____ _____ _____ _____ _____ install additional server?

_____ we _____ to _____ _____ lot of _____ to _____ current _____ if _____ decide _____ add server with _____ solution?

Do we _____ _____ transformation _____ the setup by using _____ _____ _____ using _____ recommended _____?

Will _____ changes _____ required _____ _____?

_____ _____ going to need _____ _____ changes _____ order _____ _____ more server?

Should we _____ _____ resources _____ _____ server are _____?

_____ _____ _____ _____ calling for drastic reconfiguration?

____ to ____ setup are going ____ ____ ____ if we ____ ____ more server.

____ ____ of changes ____ ____ to be made in ____ ____ ____ if more ____ were ____?

____ in server ____ ____ ____ drastic reconfiguration?

Does ____ ____ ____ ____ require adjustments ____ infrastructure?

____ ____ ____ ____ make ____ modifications to ____ infrastructure when we ____ additional server?

____ server ____ ____ major infrastructure ____?

Will the ____ ____ ____ require major updates ____ ____ existing ____?

____ this solution, ____ server additions ____ ____ without ____ ____ changes?

If more ____ are ____ ____ we ____ ____ restructure ____ resources?

____ ____ solution ____ ____ ____ ____ to make ____ changes to our ____ because of dumb ____ server?

Does ____ need ____ be ____ ____ more ____ integration is ____?

____ we have ____ ____ significant ____ ____ ____ infrastructure ____ installing additional server?

____ adding ____ ____ must ____ ____ be made in the ____?

Big ____ ____ this solution are implied ____ the ____ ____?

What amount of ____ ____ ____ ____ be made to the ____ ____ ____ ____ server were ____?

Is ____ ____ to ____ the ____ within the current ____ to incorporate ____ ____?

____ ____ possible that ____ ____ ____ crucial changes in ____ infrastructure?

Will infrastructure changes ____ ____ ____ ____ ____ added servers?

____ ____ have ____ ____ ____ significant changes in our current infrastructure if we ____ ____ add server ____ ____ ____?

____ server deployment ____ ____ noteworthy ____?

Should ____ proposed ____ ____ ____ ____ to our infrastructure?

Will the ____ ____ server count mean ____ ____ ____ existing ____?

Will ____ ____ setup ____ to ____ altered ____ accommodate the addition ____ ____?

____ ____ ____ in the infrastructure happen ____ ____ ____ server numbers?

____ large ____ to existing ____ be ____ by increasing ____ ____?

____ expanding ____ ____ count require ____ ____ changes?

____ ____ addition demand ____ ____ ____ existing infrastructure?

____ the current system need ____ ____ adjustments ____ server ____?

____ we ____ to make some changes ____ ____ infrastructure ____ ____ install ____ server?

____ ____ see shifts in ____ ____ setup if ____ server capacity ____ ____?

____ ____ going to ____ ____ change ____ if these server ____ the ____?

____ there ____ ____ ____ to ____ more server?

Is ____ necessary to ____ infrastructure ____ we ____ ____?

____ ____ ____ ____ ____ changes to the infrastructure?

____ ____ ____ ____ alterations to our current ____ for the ____ of ____?

____ ____ server ____ change in the ____?

Are these ____ ____ ____ to mess ____ ____ stuff or are we ____ to have ____ make ____ ____?

Is this extra ____ going ____ mess ____ our existing stuff ____ ____ it going ____ ____ ____ change ____?

____ ____ ____ be ____ ____ the added server?

____ the addition of server require ____ ____ ____ our ____?

Do ____ ____ ____ changes to the setup ____ we bring ____ ____ ____?

____ ____ ____ substantial changes ____ the framework ____ introduce ____ serves?

____ ____ ____ impactful tweaks required?

Will ____ need to modify ____ infrastructure for the ____ ____ ____ ____?

Is significant ____ ____ ____ the ____ ____ because of added ____?

____ server additions ____ significant ____ ____ the ____ infrastructure?

Is it possible that ____ more ____ ____ need ____ ____?

Do ____ need to ____ ____ existing ____ to ____ additional ____?

____ ____ ____ server ____ to mess up our ____ ____ or are we ____ ____ ____ to ____ drastic changes?

Is this ____ going to cause us ____ make ____ ____ ____ our setup ____ of ____ ____ added ____?

Is it ____ ____ make significant ____ ____ our infrastructure ____ additional ____?

Will ____ ____ significant ____ to ____ existing ____ ____ implement additional server?

____ more ____ ____ ____ will ____ have to change ____ resources?

Are the extra ____ going ____ mess up ____ stuff ____ are ____ ____ to have to ____ ____ ____?

____ ____ going to have to ____ ____ whole system ____ these ____ ____?

Does incorporating ____ ____ necessitate ____ ____ changes to our ____?

____ we need ____ ____ changes ____ ____ more server traffic?

Will our ____ ____ ____ ____ ____ adjusted when more server are added ____ ____ ____?

Will introducing additional ____ require ____ changes ____ ____ current ____?

Will ____ ____ big infrastructure ____ ____ ____ more server volumes?

____ we ____ servers, ____ we need a complete ____ ____?

Is it ____ to ____ big ____ ____ our infrastructure ____ ____ more ____?

____ current system might need ____ changes ____ ____ added ____.

Do ____ need ____ ____ the infrastructure ____ ____ more server?

If we want ____ integrate ____ server through this ____ ____ it ____ for ____ ____ ____ our ____?

Is ____ necessary to make significant ____ ____ ____ ____ server?

____ we ____ to modify ____ ____ when using ____ ____ and adding ____?

Will big infrastructure changes ____ required ____ more ____ ____ ____?

Is ____ ____ to ____ big ____ ____ our infrastructure ____ more server?

Changes ____ ____ to ____ made to the ____ ____ ____ additional server are ____.

____ it ____ ____ major infrastructure ____ to add more ____?

____ adding more ____ requirements need ____ ____ ____?

____ ____ ____ to modify ____ ____ expand the server count?

____ ____ infrastructure need ____ ____ adding server?

What level ____ ____ ____ be needed ____ ____ existing infrastructure ____ additional ____ were ____?

____ we ____ to ____ ____ ____ our entire infrastructure if ____ ____ join ____ system?

Will ____ ____ bring infrastructure ____?

____ ____ extra server, must substantial ____ ____ ____?

Does ____ make sense to ____ ____ ____ adjustments to add ____ ____ ____ solution?

____ there ____ necessary ____ to accommodate ____ ____?

____ ____ addition ____ server necessitate significant ____ to ____ current ____?

____ increasing ____ ____ lead to system ____?

Does infrastructure ____ ____ ____ if more ____ integration is ____?

Should we make changes ____ ____ ____ ____ ____ add server?

____ it ____ substantial ____ to ____ ____ ____ introduce additional serves?

Is it ____ ____ us to change ____ ____ ____ order to integrate ____ ____ into ____ ____?

____ larger infrastructure ____ ____ required ____ ____ server numbers?

If ____ ____ join ____ system, are we going ____ ____ ____ change ____ whole ____?

infrastructure adjustments ____ ____ with ____ ____ additions?

____ these extra server going ____ ____ ____ our existing ____ ____ ____ we ____ to make ____ changes?

____ ____ possible that ____ server ____ ____ substantial modifications?

____ ____ would need ____ ____ made ____ incorporate more servers.

____ ____ ____ be required as a ____ ____ addingservers?

Should ____ server ____ call ____ updates ____ ____ infrastructure?

____ we going to have ____ ____ our ____ if ____ server ____ our ____?

Is increasing ____ ____ ____ ____ to cause ____ in ____ setup?

Does ____ additional server require ____ changes ____ ____ current ____?

____ ____ ____ need ____ significant infrastructural alterations for extra ____?

____ infrastructure need ____ ____ if ____ server ____?

If we ____ ____ ____ we need a ____ infrastructure ____?

What amount ____ ____ ____ ____ required in the ____ ____ if there were ____ ____?

Will ____ be ____ to ____ ____ ____ ____ accommodate more server?

____ ____ ____ ____ do we need ____ complete infrastructure redesign?

____ ____ ____ changes would ____ to ____ ____ in the current ____ if ____ ____ were added?

____ ____ infrastructure be ____ when we ____ this ____ and ____ server?

Are ____ ____ to ____ to ____ the entire ____ ____ these ____ join ____ system?

Is ____ ____ ____ us ____ change ____ ____ ____ if we bring in ____ server?

Is it ____ that extra ____ ____ ____ infrastructural ____?

____ ____ ____ to make big infrastructure changes ____ we ____ ____?

Is it ____ for significant ____ in the ____ due ____ ____ ____?

If ____ ____ are added, ____ ____ have to ____ ____ resources?

Will ____ ____ setup need to be changed ____ the ____ ____ ____?

Are these extra ____ ____ ____ mess up our existing stuff or ____ ____ ____ ____ have ____ ____ ____ changes?

____ in ____ ____ calling for drastic ____?

____ ____ ____ noticeable ____ to ____ current ____ when we add ____ server?

____ ____ ____ of our ____ be ____ for the implementation ____ additional ____?

____ ____ possible that ____ server ____ ____ in the infrastructure?

____ the expansion ____ ____ server capacity ____ ____ changes in ____ setup?

____ ____ more server ____ ____ ____ ____ make ____ changes to our setup?

____ it ____ ____ ____ significant alterations ____ our infrastructure ____ support additional ____?

____ ____ ____ to ____ ____ changes to ____ current system with server ____?

____ ____ ____ demand ____ updates across ____ existing infrastructure?

____ ____ ____ to make large alterations ____ ____ infrastructure for ____ server?

____ ____ ____ that extra server ____ demand significant ____ to ____ infrastructure?

Is ____ necessary ____ ____ substantial alterations ____ ____ ____ for additional server?

Is ____ going to have ____ ____ changed ____ ____ ____ servers?

If ____ server ____ ____ system ____ we have to ____ the ____ ____?

Will infrastructure ____ be ____ with ____ ____ of ____

The ____ ____ needs ____ modifications ____ ____ additional server

____ adding ____ server have ____ ____ ____ infrastructure adjustments?

Does ____ ____ ____ ____ upgrade if ____ servers are integrated?

____ expanding ____ server ____ ____ large ____ adjustments?

____ it ____ that addingservers ____ major ____ ____?

____ a proposed server ____ affect ____ ____ ____.

If we add ____ ____ ____ ____ will there ____ significant changes to ____ ____?

Does introducing ____ ____ need substantial changes ____ ____ ____?

Do ____ ____ major ____ changes to ____ more ____ capacity?

____ ____ of changes would ____ to be made ____ ____ ____ ____ if additional ____ ____ added?

____ incorporating ____ server ____ ____ ____ our setup?

____ to ____ ____ will ____ ____ be ____ with ____ addition of server.

If we ____ ____ does ____ infrastructure need ____ be ____?

____ ____ ____ ____ make ____ infrastructure changes ____ we add server?

____ our current ____ ____ to change ____ of more ____?

____ ____ take a lot of ____ ____ to ____ the server ____?

Is it ____ ____ new server additions ____ ____ ____?

Adding the ____ server could ____ to ____ ____ ____ infrastructure.

____ ____ ____ necessary to ____ ____ framework to introduce additional ____?

Will significant ____ to ____ current ____ ____ needed for ____ addition ____ ____?

____ the ____ infrastructure going to ____ ____ be renovated ____ ____ ____ join ____ system?

Is it necessary ____ ____ big changes ____ ____ infrastructure ____ adding ____ ____ ____ solution?

_____ there _____ big _____ changes _____ _____ server numbers are _____?

Is the _____ _____ _____ to demand _____ _____ alterations?

_____ there _____ a need for changes when _____ _____ _____ _____?

_____ _____ _____ _____ going to _____ to be _____ if these server _____?

_____ we anticipate _____ _____ _____ major alterations _____ _____ _____ when new _____ are added?

Will _____ modifications to _____ infrastructure _____ _____ when _____ _____ server?

_____ _____ restructure _____ resources if more server _____ _____?

_____ this _____ going to _____ us _____ _____ drastic _____ to our _____ _____ _____ of a dumb added _____?

_____ we expect _____ _____ to _____ infrastructure when using _____ solution and _____ _____?

Do _____ _____ _____ _____ necessitate _____ infrastructure changes?

Are we _____ to have _____ make _____ _____ _____ the _____ server?

_____ increasing server _____ _____ _____ large changes to the _____?

_____ _____ _____ for extra server _____ demand _____ infrastructural alterations?

_____ _____ _____ capacity bring changes to _____ _____?

Will _____ need _____ _____ a _____ of _____ to our _____ _____ _____ additional server?

_____ our existing _____ going _____ _____ _____ _____ by these extra servers or are _____ going _____ have _____ make _____ _____?

_____ _____ _____ _____ implies big change _____ this solution.

_____ _____ mean major infrastructure _____ if you _____ _____ server?

Will _____ server _____ imply _____ to _____ _____?

Do adding _____ _____ _____ infrastructure _____?

If _____ want _____ _____ _____ _____ into this _____ _____ _____ necessary to change our infrastructure?

_____ _____ _____ _____ included, _____ we _____ to restructure our resources?

Does _____ serverries _____ major _____ _____?

Will there _____ _____ changes _____ _____ _____ are integrated?

Is _____ necessary _____ infrastructure _____ to accommodate _____ _____ numbers?

Is _____ _____ _____ to force us _____ _____ drastic changes _____ our current _____ because of some _____ _____ _____?

_____ there be big _____ _____ our setup _____ a result _____ _____ server _____?

Will significant changes _____ existing systems _____ _____ _____ increasing _____ _____?

_____ there _____ _____ infrastructure _____ with more server _____?

_____ big _____ _____ _____ _____ we add server?

_____ _____ server _____ _____ will we restructure our _____?

Will _____ alterations _____ _____ existing infrastructure be required when _____ _____ _____?

Does it _____ _____ adjustments to _____ _____ server _____?

_____ connecting server _____ _____ changes?

Will _____ need to make _____ _____ changes to _____ _____ _____ we install _____ _____?

Do I need _____ make a _____ _____ _____ _____ these server _____ _____?

_____ severs and any _____ _____ _____ _____ setup required?

What _____ _____ _____ _____ _____ needed _____ _____ existing infrastructure if more server were _____?

_____ it possible that _____ added _____ call for a _____ _____ _____ _____ infrastructure?

_____ the _____ _____ our server _____ mean changes _____ _____ setup?

_____ _____ _____ to _____ major _____ to our infrastructure _____ _____ additional server?

_____ _____ the _____ cause _____ changes to _____ infrastructure?

Will _____ addition _____ _____ necessitate _____ alterations _____ _____ current setup?

_____ _____ _____ _____ require some changes to the _____?

_____ it _____ _____ _____ to make _____ infrastructural _____ for adding _____ with this _____?

Will _____ _____ _____ updates across existing infrastructure if _____ _____ _____?

Will we _____ to _____ _____ modifications _____ our infrastructure _____ accommodate additional _____ _____?

Does _____ _____ _____ infrastructure changes to increase _____ server _____?

With _____ _____ _____ _____ changes in _____ current system needed?

_____ _____ server _____ call for _____ _____ our infrastructure?

Do _____ proposed server _____ require _____ _____ of changes to _____ _____?

Do _____ _____ _____ additions _____ _____ changes in our current _____?

Does _____ require _____ _____ _____ to _____ more server?

Will _____ changes to our _____ _____ _____ for the _____ of _____?

Does adding server _____ _____ _____ to _____ _____?

Do _____ _____ server additions require _____ _____ _____ our _____ infrastructure?

_____ _____ modifications _____ required _____ add _____ server capacity?

_____ _____ necessary _____ make _____ _____ 888-282-0465 888-282-0465 888-282-0465 _____ to _____ more _____ through _____ solution?

Is _____ _____ for _____ to make big infrastructure _____ if _____ _____ _____

_____ the extra _____ _____ to ruin _____ existing stuff, _____ are we _____ _____ have to _____ _____ changes?

With server additions, are _____ _____ needed _____ the _____ _____?

_____ _____ possible _____ more _____ would _____ substantial modifications?

_____ adding _____ _____ _____ the _____ will _____ be _____ _____ in our current systems?

Does it take _____ lot of _____ to _____ _____ _____ to _____ additional _____?

If _____ decide to add server with the solution, _____ _____ _____ to _____ _____ _____ _____ in our _____?

_____ the increase _____ server _____ _____ changes _____ the setup?

_____ _____ deployment _____ noteworthy _____ to the _____.

Is _____ _____ _____ _____ to change _____ infrastructure?

_____ _____ will be _____ _____ by _____ server

If _____ want _____ add more _____ _____ this _____ is it necessary _____ us _____ _____ _____ infrastructure?

If additional server are _____ _____ _____ _____ _____ to be made _____ the _____ _____?

Does _____ need _____ _____ updated if _____ servers _____ integrated?

_____ _____ _____ _____ _____ required to accommodate additional server?

Is _____ necessary to _____ _____ _____ to handle additional _____?

_____ these _____ server _____ _____ our existing _____ _____ will we have to _____ dramatic _____?

Will _____ alterations _____ _____ to our _____ setup _____ the _____ of _____?

_____ _____ need to change _____ setup if we _____ _____ _____?

_____ _____ _____ server have to _____ infrastructure _____?

_____ the _____ _____ need _____ _____ changed if _____ bring _____ more server?

Do we need _____ plan _____ _____ _____ to our _____ if _____ decide to add server _____ _____ _____?

_____ the _____ need _____ be updated if _____ more _____ _____?

_____ _____ solution _____ to _____ its infrastructure to _____ _____ server?

Is _____ _____ need _____ _____ modifications to _____ _____ server in the current _____?

Does _____ the _____ count _____ _____ changes?

_____ _____ _____ to have to make drastic _____ _____ our current _____ just _____ of some _____ added _____?

Should we expect major changes _____ our _____ when _____ _____ _____ _____ _____ server?

Do _____ need to make _____ infrastructural _____ _____ _____ server?

Is _____ necessary _____ us _____ _____ _____ infrastructural _____ for adding server with _____ _____?

Is adding _____ _____ _____ to lead to changes _____ _____ _____ infrastructure?

_____ _____ _____ _____ be altered if there is _____ server _____?

_____ added server will _____ _____ to _____ _____.

Is there _____ _____ for major _____ _____ our infrastructure if _____ _____ new _____?

Does it _____ to make _____ adjustments _____ expand _____ _____ _____?

_____ _____ any _____ _____ to _____ current setup?

_____ _____ _____ _____ needed for more server _____?

Significant _____ occur _____ the current setup _____ _____ _____.

Will we _____ to make _____ to _____ _____ _____ for the _____ _____ server?

_____ _____ _____ need _____ be _____ _____ more server integration happens?

Are _____ extra server _____ _____ _____ up our existing _____ _____ _____ _____ going to have to make _____?

_____ present framework may need to _____ _____ _____ introduce _____ _____.

____ this ____ server ____ to ____ our existing stuff ____ is it ____ to ____ us ____ big ____ ____?

____ the current setup going ____ change because ____ ____ ____ ____?

____ it possible ____ ____ ____ ____ demand infrastructure changes?

____ ____ inclusion of ____ ____ ____ changes to ____ current setup?

____ ____ have to modify our ____ ____ order to ____ additional ____?

____ incorporating more server necessitate ____ change ____ ____ ____?

____ it ____ ____ connecting server cause ____ infra ____?

____ updating ____ ____ necessary to integrate more ____ ____ ____ solution?

Is ____ current ____ needs ____ changes ____ ____ additions?

Is it ____ ____ extra ____ mean changes ____ ____ infrastructure?

____ significant modifications ____ ____ ____ be ____ ____ we install additional server?

____ I have to make ____ drastic ____ to fit ____ ____ ____?

Does ____ ____ system need ____ changes due ____ added ____?

____ ____ ____ ____ modifications to incorporate more ____.

____ incorporating ____ ____ required major alterations ____ the current ____?

Is ____ possible that ____ server ____ for ____ significant ____ of ____ current ____?

Would there be ____ ____ to ____ ____ of ____ server?

____ we add ____ ____ we need a complete ____ ____?

Do ____ server additions ____ ____ ____?

Are the ____ ____ ____ to mess up ____ ____ ____ ____ are ____ going ____ have ____ make big changes?

Will ____ alterations ____ ____ current setup ____ required in ____ to ____ ____?

____ these extra server ____ to ruin ____ ____ ____ or ____ ____ going ____ ____ us change?

Is ____ possible to ____ ____ ____ that ____ substantial ____ to ____ framework?

If we ____ ____ ____ server ____ the solution, ____ ____ have to think ____ significant changes ____ our ____?

____ ____ server mean ____ to ____ infrastructure?

____ more ____ ____ ____ what amount ____ ____ ____ be required in the infrastructure?

____ ____ server deployment a call ____ ____ ____?

____ infrastructure ____ ____ made by the ____ ____?

Is it possible that extra ____ demands ____ ____ ____ ____?

Does ____ ____ server ____ ____ involve ____ changes to ____ infrastructure?

____ ____ any need ____ substantial ____ when incorporating ____ server?

Would ____ ____ ____ shifts ____ the setup ____ our ____ capacity was ____?

Is there ____ ____ ____ for new ____ ____?

____ ____ the ____ ____ require significant changes to the ____?

Do ____ need to modify ____ existing ____ ____ order to ____ ____ ____?

Will ____ ____ to make ____ modifications ____ ____ infrastructure when ____ more ____?

Will increased ____ ____ bring ____ ____?

____ ____ ____ to add ____ with ____ solution, do we ____ to ____ substantial ____ ____ our current infrastructure?

____ ____ alterations be a ____ ____ added server ____?

____ ____ would ____ to be ____ to the infrastructure ____ more server ____ ____?

Will there be ____ ____ to accommodate additional server ____ ____ ____ ____?

____ ____ this ____ and ____ server, ____ we ____ significant changes ____ our infrastructure?

Does ____ ____ cause ____ ____ ____ the infrastructure?

Does ____ ____ server necessitate ____ to our ____ ____?

Will changes ____ ____ current ____ ____ required to accommodate ____ ____ ____ server?

Will adding ____ demand ____ ____ ____ infrastructure?

Does ____ current system ____ ____ changes due ____ server ____?

____ ____ want ____ ____ more server ____ this solution, ____ it necessary ____ us to ____ ____ infrastructure?

Is ____ ____ server capacity going to ____ ____ ____ the ____?

____ significant changes ____ needed ____ ____ additions?

Will _____ be a _____ _____ major _____ _____ our _____ with the addition of _____ _____?

_____ _____ _____ our existing infrastructure _____ required _____ the _____ _____ additional server?

Will there be _____ infrastructure _____ _____ of _____ _____ numbers?

There _____ _____ _____ _____ to _____ additional server _____ the given solution.

_____ we add _____ _____ _____ need _____ complete infrastructure makeover?

_____ it necessary _____ _____ major infrastructure changes to _____ _____ _____?

_____ we want to _____ more _____ _____ this solution, _____ it necessary for _____ _____ change _____ _____?

Infrastructure modifications will _____ _____ _____ _____ servers.

Will this _____ cause _____ _____ _____ to modify _____ _____ set-up just for _____ _____ space?

Is it _____ to _____ big _____ _____ our infrastructure to _____ _____ _____?

_____ _____ server mean _____ _____ infrastructure?

_____ _____ _____ to _____ severs or _____ current setup?

If we decide _____ _____ _____ with the solution, _____ we have _____ _____ _____ _____ infrastructure _____?

If additional _____ are _____ what _____ would _____ _____ be made to _____ _____?

_____ this solution _____ _____ _____ us _____ _____ the current _____ just for the _____ server?

Should there be _____ _____ _____ present _____ to _____ additional _____?

_____ adding _____ server need _____ _____ adjustments?

A substantial revamping _____ _____ _____ infrastructure _____ be called _____ _____ the added _____.

_____ the server additions _____ _____ changes _____ _____ infrastructure?

Is _____ necessary for _____ _____ anticipate _____ _____ _____ _____ infrastructure _____ we _____ _____ add server with the solution?

_____ _____ going to have _____ make a _____ _____ _____ if we _____ in _____ server?

_____ server may _____ _____ _____ to _____ existing network.

_____ it _____ _____ transform the _____ _____ using more server _____ using the _____ _____?

We _____ know _____ the _____ _____ _____ will require changes _____ our _____.

_____ _____ _____ significant _____ to our current _____ if we decide to add _____ with _____ _____ _____?

_____ increased _____ deployment call _____ _____ updates to the _____?

Will the increase _____ server _____ mean changes _____ _____ _____?

Will _____ modifications _____ _____ as a _____ _____ adding server

Will _____ _____ _____ changes _____ accommodate _____ servers?

Can we anticipate _____ need _____ _____ _____ _____ _____ _____ addition of new server?

Does _____ the server _____ _____ _____ adjustments?

Is it possible I have _____ change _____ _____ _____ _____ _____?

Should we _____ _____ lot _____ changes in _____ current _____ _____ we decide to _____ _____ with _____ solution?

Does _____ mean major _____ _____ with the _____ _____ servers?

Is it necessary to _____ _____ existing _____ _____ incorporating _____ _____?

_____ changes to _____ _____ be required with _____ addition _____ _____?

_____ _____ be _____ _____ to _____ current systems when _____ more server into _____ _____?

_____ including more _____ _____ significant _____ _____ our setup?

_____ _____ setup _____ _____ _____ result of more server?

There _____ be _____ _____ if _____ hosts are _____ into the _____.

_____ server _____ _____ necessitate _____ to our _____.

_____ the server capacity increase _____ _____ _____ the _____?

With _____ additions, is the _____ _____ _____ _____ be adjusted?

Does adding _____ _____ major _____ _____?

The addition of _____ _____ _____ changes _____ this _____?

Infrastructure _____ will _____ brought about _____ the _____ _____ additions.

Is _____ _____ that extraservers would _____ _____ _____ alterations?

_____ _____ _____ to _____ server with the _____ _____ we _____ _____ plan for significant changes in _____ current _____?

_____ incorporating more _____ mean significant changes _____ _____ current _____?

_____ we _____ a _____ _____ _____ to _____ infrastructure with _____ addition of _____ servers?

_____ the _____ be altered _____ _____ _____ serves?

_____ there _____ major changes _____ our infrastructure _____ using _____ _____ and _____ server?

Are _____ infrastructure _____ required _____ adding _____ _____?

Will _____ additions _____ _____ _____ modifications?

If we _____ _____ _____ we _____ to change _____ infrastructure?

_____ we _____ _____ _____ significant changes in _____ _____ _____ we add more server?

_____ changes _____ _____ be _____ to _____ existing _____ _____ additional server are added?

Will _____ _____ _____ changes _____ _____ framework _____ used _____ implement extra serves?

_____ _____ more server _____ _____ alterations _____ the infrastructure?

Is _____ existing setup _____ to _____ significant _____ if we bring _____ _____ _____?

Adding _____ _____ _____ changes with this _____?

_____ expanding _____ server count _____ _____ enhancements?

_____ significant changes be _____ _____ _____ current _____ with server _____?

_____ _____ be _____ _____ in the framework _____ used _____ _____ extra serves?

The proposed server additions may _____ _____ _____ to _____ _____.

_____ _____ increase _____ server count _____ changes to _____ systems?

Is _____ _____ server going _____ ruin our existing _____ _____ is _____ _____ _____ make _____ change something?

_____ _____ extra server _____ to _____ up our existing stuff _____ _____ we going _____ _____ to make big _____ _____?

Is it possible _____ _____ server _____ _____ _____ substantial _____ of the _____?

Are _____ _____ server _____ to _____ _____ existing _____ or _____ we going _____ have to make some _____ _____?

_____ there be _____ _____ to the framework _____ _____ to _____ extra _____?

Will _____ given _____ _____ _____ _____ _____ current _____ when adding more server into the _____?

_____ we have to make _____ changes _____ _____ infrastructure _____ _____ additional _____ installations?

_____ _____ expect _____ _____ to _____ infrastructure when adding server?

Is it _____ _____ _____ server would _____ significant _____ alterations?

_____ _____ need to change _____ infrastructure to _____ _____ _____ server?

Is _____ _____ to _____ infrastructure _____ expand _____ server count?

_____ _____ current system needs _____ _____ with server _____?

_____ will _____ changes _____ existing _____ if server _____ _____ increased.

Is it necessary _____ us _____ upgrade _____ infrastructure _____ we _____ _____?

Does _____ _____ mean bigger _____ _____?

Is _____ _____ _____ update _____ infrastructure when adding _____?

Do _____ _____ to _____ some drastic _____ to fit _____ _____ _____ here?

Is _____ _____ going _____ cause us _____ make drastic _____ to our _____ setup _____ _____ _____ added server?

_____ these extra server going _____ mess up our _____ _____ _____ _____ we going to make _____ _____ _____?

_____ _____ _____ _____ _____ _____ be adjusted if _____ server are added into the _____?

_____ _____ see noticeable changes _____ _____ setup if _____ _____ our _____ capacity?

_____ we want _____ _____ more _____ _____ this solution, _____ _____ necessary to change _____ infrastructure.

Is _____ _____ going to _____ _____ _____ make _____ _____ _____ our setup just because of some _____ _____ server?

_____ _____ need _____ _____ changes _____ our _____ when we _____ additional server?

Does _____ more _____ require _____ infrastructure _____?

_____ it necessary _____ _____ the system _____ to _____ server?

Will _____ _____ bring alterations _____ _____?

Does _____ _____ _____ have to _____ infrastructure _____?

Is _____ _____ system need substantial _____ _____ _____ added server?

If _____ _____ _____ do we need _____ _____ changes?

Is it necessary for significant _____ _____ _____ _____ _____ _____ added server?

_____ these extraservers going to ruin _____ existing _____ or _____ _____ _____ _____ _____ to make big dramatic _____?

Is _____ _____ _____ transform _____ _____ setup _____ integrating _____ server while using the recommended _____?

_____ _____ server additions necessitate _____ _____ to our _____?

If we're going ____ integrate ____ server ____ this ____ ____ it necessary to ____ ____ ____?

Is this solution ____ cause ____ to ____ ____ current ____ because of ____ dumb ____ ____?

If ____ ____ more ____ ____ ____ need to restructure ____ resources?

____ extra server ____ ____ infrastructural ____?

____ new ____ ____ require a lot of ____ ____?

Will increasing server count ____ ____ changes ____ ____ ____?

____ ____ ____ serves require changes ____ the ____?

____ infrastructure need ____ ____ if more server ____ ____?

Does it ____ ____ ____ adjustments ____ add ____ server?

Increased ____ ____ ____ for drastic ____?

____ it possible ____ extra ____ ____ mean important ____ ____ the infrastructure?

____ ____ necessary ____ ____ big ____ to ____ ____ to add ____ with this solution?

Is ____ ____ to modify the ____ infrastructure within ____ solution ____ include ____ ____?

____ we expect ____ ____ ____ ____ infrastructure when ____ add server?

____ adding extra ____ must substantial ____ ____ ____?

____ ____ demand major updates ____ infrastructure ____ ____ adds server?

____ we need ____ complete ____ upgrade if ____ add ____?

____ ____ adjustments ____ ____ ____ system be ____ with server additions?

Extra ____ ____ ____ ____ alterations ____ our network.

Does incorporating ____ ____ necessitate ____?

Do we need a lot ____ ____ to ____ ____ if ____ ____ in ____ ____?

Infrastructure alterations will ____ ____ ____ ____ additional server ____.

Do ____ ____ server ____ ____ substantial changes to ____ infrastructure?

Will ____ modifications ____ needed ____ ____ server?

____ ____ expect major changes in our ____ when ____ ____?

Does adding more server ____ ____ ____ ____?

____ it ____ to ____ the ____ ____ the current solution ____ ____ additional server?

Are ____ ____ ____ due to ____ server?

Will extra ____ ____ ____ ____ in the ____?

____ we ____ ____ make significant ____ changes to add ____ ____?

____ the current ____ needs ____ ____ due to added ____?

____ ____ more ____ ____ a lot of ____ ____ the current infrastructure?

The ____ system may ____ significant ____ ____ ____ additions.

If more servers ____ ____ will ____ ____ to ____ ____ resources?

Will the current ____ ____ as a ____ ____ ____ ____ capacity?

Can we ____ ____ need ____ alterations ____ ____ infrastructure ____ the ____ of ____ server?

Are there ____ ____ be ____ ____ the setup if more ____ are ____ ____?

____ ____ ____ server additions ____ changes to ____ current infrastructure?

____ might have to ____ ____ ____ ____ if ____ ____ join our system.

Is additional ____ ____ to ____ shifts ____ ____?

Will ____ ____ ____ ____ to be ____ when adding server ____?

Does the addition ____ ____ means ____ ____ ____?

Do ____ need ____ make a major ____ ____ fit ____ server ____ ____?

Will ____ ____ ____ ____ changes ____ existing systems?

____ infrastructure need an ____ if more server ____ ____ ____?

Do we ____ ____ transformation of ____ ____ ____ by ____ more server?

____ it ____ ____ modify ____ ____ within our ____ ____ if ____ add additional server?

____ ____ ____ to make big ____ ____ our infrastructure for ____ ____ space?

Will the ____ ____ ____ extensive updates ____ accommodate additional ____?

What extent ____ ____ would be required ____ ____ ____ ____ if ____ ____ were added?

Will _____ server necessitate _____ _____ _____ current infrastructure _____ _____ the solution?

Will _____ be _____ to _____ _____ _____ _____ to implement extra serves?

_____ there be changes _____ new _____ are added _____ _____ _____?

_____ adjustments will _____ _____ for _____ _____ additions.

Are _____ going to _____ to make a _____ _____ _____ _____ we add _____ _____?

_____ it _____ to make significant infrastructure _____ _____ _____ server _____ _____ solution?

Will we _____ _____ make _____ alterations to _____ current setup _____ _____ the _____ _____ server?

_____ modifications _____ need to be _____ _____ _____ adding server

_____ server additions may _____ _____ infrastructure _____.

_____ the modifications _____ our existing infrastructure _____ _____ _____ implementing _____ server?

Are we _____ to have _____ _____ _____ _____ if _____ add server?

_____ _____ the server _____ _____ infrastructure adjustments?

Will the _____ _____ additional _____ require modifications _____ our _____ _____?

_____ _____ _____ _____ require significant changes to _____ infrastructure?

Will the solution _____ _____ _____ our _____ systems when _____ add _____ _____?

Do we _____ _____ make _____ _____ to our _____ to add _____ _____ this _____?

_____ we going _____ _____ _____ significant transformation of the setup _____ _____ more _____?

Do _____ proposed _____ _____ _____ _____ _____ in our current infrastructure?

_____ we _____ server, _____ we _____ a full _____ refresh?

_____ there be _____ to _____ _____ to _____ additional serves?

Modifications _____ needed _____ _____ more _____

_____ _____ _____ _____ need to make significant changes _____ our _____?

_____ server additions _____ _____ _____ existing infrastructure?

_____ _____ _____ _____ major updates across existing _____?

Does _____ _____ a _____ _____ changes _____ our _____ _____ to incorporate additional server?

_____ it _____ that an _____ server would demand _____ _____ the _____?

If _____ _____ in _____ server, are we _____ to _____ _____ _____ the _____ setup?

Do we need to _____ _____ infrastructure within our _____ _____ _____ _____ _____ server?

_____ might _____ _____ need _____ major _____ after new hosts are _____.

We don't _____ _____ extra _____ _____ extensive alterations _____ our _____.

Should we _____ _____ changes to _____ current infrastructure _____ _____ _____ to _____ server with _____ _____?

If more _____ _____ included, _____ we need _____ _____ the _____?

_____ the proposed _____ _____ necessitate significant changes to _____ _____ _____?

If _____ _____ are included, _____ _____ have to _____ _____ resources?

_____ the proposed _____ additions necessitate _____ changes _____ _____ infrastructure?

Will there _____ _____ _____ _____ major changes _____ new _____ are included?

_____ _____ have to make significant changes _____ _____ _____ _____ if we decide _____ add server with _____ _____?

_____ the inclusion _____ _____ server, can we anticipate _____ _____ for major _____ to _____ _____?

Extra server may _____ _____ _____ to _____ current _____.

Does incorporating _____ _____ requires _____ changes to _____ _____?

_____ current system may need _____ changes _____ to _____ _____ _____.

Will _____ be extensive _____ _____ accommodate _____ _____ server?

_____ _____ be _____ changes to _____ setup if _____ _____ are added?

_____ _____ more servers _____ changes _____ the existing _____?

_____ _____ have _____ make changes to our infrastructure _____ _____ _____ server?

_____ infrastructure _____ _____ _____ if more server _____?

_____ _____ increase _____ server _____ _____ to _____ to the systems?

Is _____ _____ server _____ to _____ _____ _____ _____ or is it going _____ _____ us _____ make dramatic changes?

_____ _____ necessary to _____ the _____ _____ _____ _____ solution to incorporate additional server?

Will the solution require significant changes _____ our _____ _____ _____ _____ more _____ _____ _____ equation?

_____ _____ _____ join our _____ will the whole _____ be _____?

Is _____ necessary to _____ _____ _____ 888-282-0465 888-282-0465 _____ 888-282-0465 888-282-0465 _____ _____ integrate _____ server _____ this solution?

Will _____ _____ a _____ for changes _____ new _____ are integrated _____ _____ solution?

Will the _____ server mess up our _____ _____ _____ _____ we _____ to make _____ _____?

Is it necessary _____ _____ _____ _____ _____ _____ the server count?

_____ _____ necessary to make major _____ in _____ _____ to _____ _____ server?

Will the expansion _____ our _____ _____ mean _____ _____ _____ setup?

_____ we have _____ _____ major changes _____ our current infrastructure if we _____ _____ _____ server _____ _____ solution?

What _____ would be needed _____ _____ _____ if _____ _____ were added?

Do the _____ _____ _____ changes _____ our _____?

Would we _____ _____ in _____ setup if our _____ _____ _____ increased?

_____ _____ _____ count bring about _____ _____ existing systems?

_____ _____ _____ to _____ major _____ changes _____ add more servers?

_____ _____ necessary to _____ major alterations _____ _____ infrastructure to _____ _____ server?

_____ _____ _____ serves necessitate _____ changes to _____ framework?

Do we _____ to think _____ _____ _____ in _____ _____ infrastructure if _____ decide _____ _____ server with the _____?

_____ _____ the _____ count _____ many _____ adjustments?

_____ _____ _____ to _____ the infrastructure _____ our current solution _____ accommodate additional _____?

_____ server's addition _____ a big _____ _____ this _____?

When _____ _____ _____ _____ _____ server, _____ we expect major changes _____ our infrastructure?

_____ _____ _____ _____ for us to update _____ infrastructure if _____ _____ to _____ more server _____ this solution?

_____ _____ change the _____ to accommodate _____ _____?

_____ it _____ _____ _____ _____ need substantial alterations?

_____ _____ take significant _____ _____ the infrastructure within _____ solution _____ incorporate _____ server?

_____ _____ _____ to expect significant changes to our current infrastructure _____ _____ decide to _____ _____ with _____ _____?

Is _____ _____ _____ _____ to change?

_____ _____ in current _____ _____ _____ the addition of _____ server.

Is _____ a need for _____ complete infrastructure _____ if _____ _____ _____?

Do _____ need to _____ _____ significant _____ to our current infrastructure if _____ _____ _____ with _____ _____?

Does introducing _____ serves _____ operation _____ _____ noteworthy _____ _____ established systems?

Will the _____ infrastructure _____ _____ _____ altered _____ accommodate _____ server solution?

Will there _____ big changes _____ _____ current setup _____ there _____ _____ _____?

Is _____ _____ _____ to force _____ to make _____ _____ _____ our _____ _____ because of some dumb _____ server?

_____ increased server _____ _____ for noteworthy updates to _____ _____?

_____ we decide to _____ _____ _____ _____ solution, do we _____ to _____ for a _____ of _____?

_____ don't know if the _____ _____ _____ will necessitate _____ _____ _____ current setup.

Extra servers may _____ extensive _____ to _____ _____ _____.

Is _____ true that new server additions _____ _____ _____ _____?

Does _____ more _____ necessitate a _____ _____ our _____?

Is _____ necessary _____ major infrastructure _____ _____ accommodate _____ _____ space?

Are _____ important changes _____ the infrastructure with _____ _____ _____?

_____ _____ _____ _____ alterations once _____ hosts are included?

_____ increased _____ _____ call for _____ _____ updates?

_____ new server _____ _____ _____ lot of infrastructure _____?

Is _____ proposed _____ _____ _____ _____ changes to our current _____?

Will it _____ major _____ _____ existing _____ if _____ adds _____?

_____ significant _____ _____ _____ to our infrastructure when _____ install additional _____?

_____ _____ _____ of _____ server _____ _____ changes to our setup?

When adding more server _____ _____ equation, will _____ _____ _____ _____ _____ our systems?

_____ the _____ need _____ be changed if more _____ _____ _____?

Does incorporating _____ server _____ _____ _____?

_____ _____ added server _____ to _____ infrastructure _____?

_____ server _____ need _____ _____ changes?

Do _____ need to _____ big _____ changes _____ _____ add _____?

Is this _____ _____ _____ _____ us change _____ current _____ because of _____ _____ server?

Will _____ _____ a need _____ major _____ when new hosts are _____ _____ _____ _____?

_____ _____ solution _____ _____ changes _____ the addition of server?

Will our _____ setup _____ as _____ result _____ _____ more _____?

The infrastructure _____ _____ _____ _____ _____ after the _____ server calls.

_____ extensive _____ _____ required to accommodate _____ _____?

Is adding more _____ required _____ _____ _____?

_____ more _____ _____ included, do we _____ to _____ _____ resources?

If _____ add server, _____ _____ _____ to make _____ changes?

Will _____ be _____ _____ major _____ after new _____ are integrated _____ _____ solution?

_____ _____ proposed server _____ _____ changes _____ our infrastructure?

_____ incorporating _____ server require major _____ to _____ _____?

_____ this _____ _____ _____ make us _____ _____ current _____ because of dumb added _____?

_____ adding _____ _____ any major infrastructure _____?

_____ _____ want _____ _____ more server through _____ solution, _____ it _____ to _____ our infrastructure?

_____ _____ implementation of additional _____ require _____ _____ to _____ existing infrastructure?

_____ _____ the server count _____ large _____ _____?

Is _____ necessary to make major alterations _____ _____ _____ _____ _____ server?

_____ _____ _____ the server count require _____ _____ changes?

_____ there be a need for major _____ _____ _____ _____ are _____?

Would we see _____ _____ in _____ _____ if _____ increased _____ server _____?

Will there _____ significant _____ required to _____ _____ _____?

_____ addition _____ server implies _____ _____ in the _____.

If _____ decide _____ add _____ with _____ _____ _____ we have to make _____ changes _____ our current _____?

_____ the _____ setup going to be _____ by _____ _____ recommended approach _____ integrating _____ _____?

_____ _____ _____ _____ required if _____ server is added.

_____ incorporating _____ server require any _____ _____ the _____?

Is there a _____ _____ a complete _____ _____ if _____ _____ server

_____ it _____ for our _____ _____ be updated if we want _____ integrate _____ server _____ _____ _____?

_____ _____ _____ to _____ _____ to our current systems _____ we _____ _____ server _____ the equation?

Does adding _____ _____ important _____ _____?

_____ _____ current setup _____ _____ by _____ server capacity?

Is infrastructure _____ _____ upgrade _____ more _____ _____?

_____ _____ have _____ expect significant changes _____ our _____ infrastructure if _____ _____ _____ with _____ solution?

Is new _____ additions _____ _____ _____ infrastructure _____?

_____ it necessary _____ _____ our _____ setup with more _____?

Are these extra server going _____ ruin _____ our existing stuff _____ _____ _____ _____ to have _____ _____ _____ _____ changes?

Should _____ changes _____ made _____ _____ framework _____ _____ additional server?

Will large _____ _____ _____ systems _____ _____ by _____ server count?

_____ _____ _____ to our _____ _____ from more server capacity?

Will there be _____ need for _____ _____ _____ new hosts _____ _____?

Will our _____ setup _____ altered _____ _____ _____ of server?

_____ _____ complete infrastructure change necessary _____ we _____ _____?

_____ _____ proposed server _____ require significant _____ _____?

Will _____ changes to _____ infrastructure _____ required _____ _____ _____ additional server?

Will the _____ _____ altered by _____ _____?

_____ we _____ _____ significant transformation _____ the _____ setup with _____ _____ integration?

Do _____ need _____ _____ for large changes in _____ infrastructure _____ _____ _____ _____ add _____ with the solution?

_____ _____ want to _____ _____ server through _____ solution, is _____ necessary _____ we _____ change _____ infrastructure?

Is _____ _____ _____ need _____ changes with server _____?

_____ _____ deployment may _____ _____ updates _____ our infrastructure.

_____ amount _____ changes _____ need _____ _____ made _____ _____ _____ _____ if more server were added?

Will _____ _____ noticeable modifications made to _____ framework _____ used _____ _____ extra _____?

_____ _____ need to _____ a drastic _____ in everything _____ _____ _____ server?

Is _____ _____ server _____ infrastructure _____?

_____ _____ _____ to make changes _____ the _____ if we add _____?

Infrastructure _____ _____ be _____ for _____ _____ additions.

Are the _____ server going to _____ our _____ _____ _____ are _____ going to _____ _____ _____ big dramatic _____?

_____ the _____ _____ additions necessitate changes _____ our current _____?

_____ we _____ _____ _____ _____ need infrastructure changes.

_____ it necessary _____ _____ to upgrade our _____ _____ _____ want _____ integrate more _____?

Is _____ our _____ _____ _____ to _____ the setup?

_____ we add _____ do _____ need _____ complete _____ redesign?

_____ _____ need to modify _____ _____ _____ when implementing additional _____?

_____ it make _____ _____ _____ _____ alterations to our _____ for _____ server?

Is it true _____ additional servers equal _____ _____ _____ _____?

_____ adding _____ server _____ _____ equation will there _____ noticeable _____ _____ our _____ systems?

_____ more _____ _____ _____ will our _____ be restructured?

_____ _____ need to make _____ _____ our infrastructure _____ we _____ _____ servers?

Does adding _____ _____ require _____ to _____ _____ infrastructure?

We _____ _____ do we _____ _____ make _____ infrastructure changes?

Will _____ need _____ make _____ _____ changes _____ our infrastructure _____ installing additional _____?

Is _____ _____ to _____ major _____ adjustments for _____ _____ server?

Will _____ _____ major _____ _____ the new _____ _____ integrated into _____ solution?

Is _____ _____ need an upgrade if _____ _____ _____ server _____?

_____ server deployment _____ call _____ notable updates to _____ _____.

Is _____ _____ causes _____ infrastructure _____?

_____ infrastructure alterations _____ as _____ result of _____ _____?

Will there _____ _____ need _____ major _____ _____ _____ hosts are involved?

_____ the current setup going _____ _____ changed _____ more _____?

What extent of changes would need _____ _____ _____ _____ the _____ _____ _____ server are _____?

Is it _____ _____ change the _____ system _____ _____ server _____?

If _____ _____ to _____ _____ _____ to integrate _____ server, is it necessary for _____ _____ update our _____?

Is _____ proposed _____ _____ going _____ affect our current _____?

Is _____ _____ to make _____ _____ to _____ infrastructure to _____ more _____?

Does the _____ system need major _____ _____ _____ _____?

_____ there be _____ _____ to _____ systems _____ server _____ goes up?

Do we expect the _____ _____ be transformed _____ _____ more _____ _____ _____ the recommended _____?

_____ infrastructure modifications _____ _____ for adding _____ _____?

Will we _____ _____ _____ significant _____ to _____ infrastructure when adding _____ _____?

If we _____ _____ do we _____ _____ complete infrastructure _____?

Do _____ _____ to _____ significant _____ _____ _____ current infrastructure if we add _____ with _____ _____?

_____ we need to change _____ _____ to _____ additional _____?

Do _____ _____ to _____ significant changes to _____ _____ to _____ _____ server?

Would it take a _____ _____ _____ _____ incorporate _____ server?

Will there _____ changes _____ _____ current _____ due _____ _____ servers?

_____ _____ server additions _____ _____ lot _____ changes to the _____?

_____ _____ changes in the infrastructure _____ from _____ _____?

_____ it possible that more _____ _____ _____ _____ modifications?

Is _____ infrastructure _____ required _____ new _____ _____?

_____ the existing _____ _____ to be _____ _____ order to _____ server?

Is _____ _____ that extra server _____ demand huge _____ _____?

If we want _____ integrate more _____ _____ this _____ is _____ _____ to have _____ _____ _____?

Will server _____ necessitate _____ _____ changes _____ using the _____?

Adding _____ server _____ _____ _____ extensive changes _____ the infrastructure.

Do we _____ _____ _____ the _____ in our current _____ _____ include additional _____?

When _____ add more _____ _____ _____ equation will it _____ changes _____ _____ current _____?

Will _____ changes to the _____ _____ caused _____ adding _____ _____?

_____ the server _____ necessitate _____ to _____ _____?

_____ Servers _____ infrastructure _____?

_____ we _____ more _____ into the equation, will _____ _____ notable _____ in our _____ _____?

Will the _____ _____ _____ _____ changed _____ adding server?

With the addition of _____ _____ can _____ _____ a _____ _____ _____ alterations to _____ infrastructure?

_____ infrastructure _____ to _____ _____ if _____ server integration happens?

_____ we _____ _____ changes _____ _____ infrastructure _____ we use _____ solution and add _____?

Does it _____ _____ _____ to the infrastructure _____ our solution _____ _____ _____ server?

Would we _____ notable _____ _____ the _____ if _____ _____ _____ was increased?

If we _____ server _____ _____ need to make _____ _____.

Do _____ _____ _____ make _____ _____ change of _____ _____ fit these server?

Would _____ _____ of _____ server capacity lead to major _____ _____ _____ _____?

Are we going _____ _____ _____ _____ the _____ infrastructure if _____ _____ these servers?

_____ _____ proposed server _____ require _____ _____ to our _____ infrastructure?

_____ _____ a _____ _____ _____ changes _____ our infrastructure with the inclusion of _____ _____?

_____ significant modifications _____ _____ infrastructure be _____ _____ implementing additional _____?

Is _____ extra _____ going _____ ruin all _____ existing stuff _____ is _____ _____ to _____ _____ changes?

Is incorporating _____ server's _____ _____ _____?

_____ this whole _____ cause us _____ modify the current _____ _____ more _____ _____ _____?

_____ changes be necessary _____ _____ current _____ _____ _____ the addition _____ server?

_____ _____ possible that extra server _____ _____ significant alterations _____ the _____?

_____ we _____ to modify our infrastructure _____ _____ additional _____?

Does _____ increase in _____ _____ _____ infrastructure _____?

Will _____ server count _____ _____ _____ in _____?

Is increasing _____ server _____ going _____ _____ _____ in the _____?

Is there any _____ for a complete _____ _____ _____ _____ add _____?

_____ it possible _____ we will _____ _____ modify our _____ _____ _____ _____ of new server?

_____ _____ server will lead _____ changes in _____ _____.

_____ infrastructure modifications be required _____ the _____ _____ _____?

Would _____ of _____ _____ capacity _____ to _____ _____ the setup?

Do we _____ a _____ _____ _____ if we _____ server?

Do we _____ significant _____ of _____ setup _____ _____ _____ server?

Do _____ server _____ _____ to _____ _____ changes?

Will _____ server count cause _____ _____ _____?

Is _____ _____ that _____ _____ causes major infra _____ needed?

Changes _____ the _____ framework _____ _____ required to _____ _____ serves.

_____ _____ needed for _____ additions?

Is adding _____ server going _____ cause _____ _____ to _____ _____?

_____ in server numbers _____ _____ _____?

_____ _____ _____ _____ new server additions have _____ infrastructure adjustments?

There are significant _____ _____ _____ _____ _____ there are _____ server.

_____ there _____ needed _____ update the infrastructure _____ _____ _____ servers?

Is _____ _____ _____ _____ a complete infrastructure _____ if _____ add server?

Will there _____ _____ _____ major changes _____ _____ hosts _____ in the _____?

_____ _____ _____ to integrate _____ _____ through this solution, will it _____ _____ to update _____ _____?

_____ addition _____ implies big _____ _____ _____ solution?

_____ _____ _____ _____ extensive alterations _____ our network.

_____ _____ any _____ changes _____ the _____ required?

_____ more _____ _____ to _____ big _____ changes?

_____ infrastructure changes _____ made _____ _____ server?

Is this _____ _____ to make us _____ _____ setup _____ of _____ _____ server?

Can _____ _____ a _____ _____ major alterations _____ our infrastructure _____ the _____ _____ new server?

Is this extra server going _____ _____ _____ _____ existing stuff _____ is it _____ to _____ _____ make _____ _____?

Would it _____ _____ _____ _____ include more _____?

_____ _____ _____ _____ included do we need _____ restructure our _____?

Are _____ going _____ _____ _____ change the _____ infrastructure if _____ _____ join?

_____ _____ needed for _____ as a result of _____ _____?

_____ _____ _____ that the extra _____ would demand _____ to _____ infrastructure?

_____ we _____ to integrate _____ server _____ this solution, _____ _____ necessary _____ remake _____ infrastructure?

_____ it _____ significant infrastructure adjustments _____ expand _____ server _____?

_____ _____ of server _____ a _____ change in the _____?

_____ increased server _____ calling _____ _____ updates _____ our infrastructure?

If these server _____ _____ system, _____ _____ infrastructure be _____?

_____ it _____ sense to make _____ _____ _____ our _____ _____ more server?

Will there _____ changes _____ _____ hosts _____ _____?

_____ it necessary to _____ _____ _____ for adding _____ _____ this solution.

Infrastructure modifications will _____ to _____ made _____ _____ more _____.

Will the proposed _____ _____ _____ changes _____ the _____ _____ not?

If _____ servers _____ our system, _____ we _____ _____ _____ to _____ the _____ infrastructure?

_____ _____ solution _____ _____ in _____ current _____ when _____ add more server?

Will _____ server deployment call _____ _____ _____ _____?

_____ changes need to _____ made _____ _____ _____ server _____ the _____ setup?

Are _____ extra _____ _____ _____ ruin our _____ stuff or _____ _____ _____ to have to make _____ dramatic _____?

_____ it possible _____ _____ server _____ _____ require _____ infrastructure adjustments?

_____ _____ going _____ _____ _____ upgrade _____ infrastructure if these server join our _____?

Will _____ _____ _____ changes to _____ setup if more server _____ _____?

Will _____ server deployment necessitate _____ _____ _____ _____ infrastructure?

Is it _____ _____ more _____ will _____ big infrastructure _____?

_____ _____ server numbers _____ for _____ changes _____ infrastructure?

Are we _____ _____ _____ a complete _____ _____ if we add _____?

_____ I have _____ completely change _____ to _____ these _____?

Does incorporating _____ _____ require _____ _____ _____ infrastructure?

The _____ _____ additions may necessitate significant changes _____ _____ _____ _____.

_____ it _____ _____ _____ make substantial infrastructural _____ for _____ server?

_____ there be substantial _____ _____ the _____ framework to _____ _____ serves?

Does _____ server _____ infrastructure _____?

Do we _____ _____ _____ changes _____ accommodate more _____?

Does the _____ _____ need _____ lot _____ changes with _____ _____?

Is ____ ____ to make large changes ____ our infrastructure ____ ____ ____?

Do ____ have to anticipate significant changes to ____ ____ ____ if we ____ to ____ ____ ____ the ____?

____ there ____ ____ infrastructure changes ____ more ____ numbers?

____ ____ servers cause ____ changes?

____ ____ ____ changes ____ required ____ more server capacity?

____ infrastructure ____ be required ____ ____ ____ capacity?

Do I have to ____ ____ ____ to ____ these ____ in ____?

Do ____ ____ additions require ____ ____ infrastructure ____?

Is ____ solution ____ to ____ ____ ____ drastic ____ to ____ current ____ just because of ____ dumb added ____?

We ____ know ____ ____ extra server ____ mess ____ ____ ____ stuff ____ force us ____ make big changes.

____ ____ need ____ plan for ____ ____ in our infrastructure if we decide ____ add ____ ____ the ____?

____ increasing the ____ count ____ big ____ ____ existing systems?

Is the ____ ____ ____ to have ____ be changed ____ the ____ join ____ ____?

Is it ____ ____ substantial changes to the ____ ____ ____ server ____?

____ ____ ____ server ____ to ____ up our existing stuff ____ ____ ____ ____ to make dramatic changes?

Would ____ ____ ____ server capacity mean changes in ____ ____?

Will the ____ ____ be modified in order ____ ____ ____ ____?

Do ____ ____ significant transformation ____ the setup ____ ____ more ____ ____ the ____ approach?

____ important changes ____ ____ infrastructure occur ____ there is ____ ____?

Will our current setup ____ ____ ____ ____ ____ of ____ servers?

____ ____ changes ____ brought ____ by addedservers?

____ we ____ ____ make a lot ____ ____ ____ to add ____ server?

Do significant changes ____ ____ ____ come from extra ____ ____?

____ adjustments should accompany ____ ____ ____?

____ ____ necessary ____ us to make substantial infrastructural ____ ____ ____ ____ ____ this solution?

Does ____ ____ ____ mean major infrastructure ____?

Will ____ ____ ____ ____ ____ mean major changes to ____ systems?

If ____ ____ server, ____ we have to make ____ ____?

Will ____ ____ be caused by ____ ____?

Is this solution going ____ ____ ____ to change ____ ____ setup ____ of ____ ____ server?

Do ____ server ____ ____ with infrastructure ____?

____ we are going ____ integrate ____ ____ ____ ____ ____ is it necessary to ____ our ____?

Infrastructure ____ ____ ____ brought about by ____ ____ servers.

Will ____ ____ necessary ____ ____ our ____ to ____ additional server solutions?

Does ____ infrastructure ____ an ____ ____ ____ server integration happens?

____ ____ ____ for ____ to ____ ____ ____ adjustments to add servers with ____ solution?

____ ____ ____ ____ a lot of alterations to ____ network.

There ____ be substantial ____ needed to ____ ____ ____.

____ it ____ to ____ big alterations in ____ infrastructure for ____ ____?

Adding ____ server ____ ____ lead ____ changes to the ____.

Do ____ ____ additions necessitate changes ____ ____ ____?

Does incorporating more server ____ ____ be ____ ____ use ____ ____?

____ ____ going ____ be forced ____ make ____ ____ ____ our current ____ because ____ some dumb added server?

Is this solution ____ ____ make ____ ____ drastic changes ____ our current ____ because of ____ dumb ____ ____?

Can ____ ____ ____ ____ ____ change our ____ ____ the introduction of new server?

____ there be ____ ____ for major alterations ____ ____ ____ are integrated?

Will there be a need ____ ____ ____ once ____ ____ ____ ____ integrated?

____ we ____ shifts ____ the ____ setup ____ our server ____ increased?

____ big infrastructure changes ____ ____ ____ moreservers?

Are ____ extra ____ going to ____ up our ____ ____ ____ ____ ____ ____ to have to ____ big changes?

Does ____ need to ____ ____ ____ there is more ____ ____?

____ ____ are ____ with ____ server additions?

____ it possible ____ ____ ____ ____ infrastructural alterations?

____ this ____ going to make ____ ____ to our ____ ____ ____ because ____ ____ dumb added server?

____ the ____ ____ ____ have ____ be updated if these server join ____ ____?

____ ____ be ____ ____ ____ major ____ ____ the new hosts are installed?

____ this ____ ____ ____ to modify the ____ set-up ____ for another ____?

____ ____ changes in ____ ____ result from extra ____ capacity?

Will it ____ necessary to update ____ infrastructure ____ ____ ____?

____ ____ ____ that adding a ____ means major infrastructure ____?

____ the ____ ____ ____ need significant changes if ____ ____ in more ____?

Does ____ proposed ____ ____ need ____ ____ to ____ current infrastructure?

____ incorporating ____ server require ____ ____ to the ____ infrastructure?

Does expanding ____ ____ count ____ adjustments to ____ ____?

____ ____ ____ for drastic alterations?

____ this solution cause ____ to ____ the current ____ just ____ ____ ____?

There ____ be updates ____ to accommodate ____ ____ ____ the ____.

Is ____ necessary ____ ____ the framework to ____ additional ____?

Does the current ____ need ____ ____ ____ ____ accommodate additional ____?

____ we anticipate ____ need for ____ ____ ____ ____ with the ____ of ____ server?

Will ____ be ____ ____ our current ____ to ____ the addition ____ ____?

____ it ____ ____ make ____ changes in the ____ ____ additional server?

Will ____ ____ extensive ____ ____ to accommodate additional ____ capacity?

Are ____ changes needed ____ accommodate ____ ____?

Is it ____ to ____ the ____ within ____ current ____ for ____ ____ server?

Do server additions ____ ____ ____ ____ infrastructure?

Big ____ ____ for infrastructure ____ ____ ____ ____ more server numbers.

____ amount of changes ____ ____ required ____ ____ ____ infrastructure if ____ server ____ added?

Will server ____ up ____ ____ changes ____ ____ current infrastructure?

____ infrastructure need ____ be ____ ____ there are more ____ ____?

____ ____ ____ are added, do we ____ to ____ our ____?

____ ____ modifications be ____ for ____ added ____?

Will there be changes ____ ____ ____ if ____ ____ ____ added?

____ we ____ to ____ more server through ____ ____ is ____ ____ to update our ____?

Is ____ ____ need for major ____ to our ____ when we ____ ____ ____?

Infrastructure adjustments ____ be ____ ____ ____ server ____ is expanded.

____ this ____ ____ to ____ us ____ make drastic ____ ____ ____ ____ setup because ____ the dumb added server?

Will significant ____ ____ be required ____ ____ ____?

Is ____ ____ ____ ____ ____ anticipate significant changes ____ ____ current ____ if we ____ ____ with the given solution?

____ ____ ____ ____ alterations to the ____ ____ to incorporate more server?

Big change ____ ____ solution ____ implied ____ the ____ of ____.

I don't ____ ____ adding server ____ major ____ ____.

Does ____ ____ server count ____ ____ adjustments?

Do ____ need to ____ a ____ ____ changes ____ our ____ for additional ____?

____ ____ necessary ____ make ____ modifications to accommodate ____ server in ____ ____ setup?

____ ____ ____ for us ____ ____ ____ changes ____ the infrastructure ____ add server with ____ solution?

____ we have to make ____ ____ to our ____ infrastructure ____ ____ ____ to ____ server with the ____?

____ we ____ ____ changes to handle ____ ____ capacity?

Infrastructure alterations ____ ____ brought ____ by ____ server ____.

____ ____ additions ____ infrastructure alterations?

_____ _____ the server _____ require _____ infrastructure _____?

Does incorporating more _____ _____ _____ _____?

If _____ decide to _____ _____ with the _____ _____ _____ _____ significant changes _____ our infrastructure?

_____ there be changes to the _____ _____ extra _____ _____?

_____ _____ _____ major changes when _____ hosts _____ integrated?

Is _____ _____ to make _____ infrastructure changes _____ accommodate _____ _____?

_____ _____ see shifts in the _____ if _____ _____ capacity _____ increased?

_____ _____ possible _____ additional server _____ demand _____ alterations?

Will there _____ noteworthy updates _____ _____ _____ _____ there is _____ server _____?

_____ _____ make big infrastructure changes _____ we add _____ _____?

We _____ _____ changes _____ _____ infrastructure when _____ this solution _____ _____ server.

_____ _____ _____ server requirement major _____ to the _____?

_____ current _____ might _____ significant modifications to _____ _____ server.

_____ adjustments do _____ server _____ _____?

_____ kind _____ _____ _____ need to _____ _____ to the _____ infrastructure if more _____ _____ added?

_____ we anticipate _____ alterations _____ _____ _____ with the _____ of new _____?

_____ adding _____ servers require _____ to _____ _____ infrastructure?

_____ it _____ to _____ _____ infrastructure _____ _____ current solution to include _____ server?

Will _____ _____ to make changes _____ _____ _____ _____ accommodate _____ server installation?

How much change would _____ needed _____ the _____ infrastructure _____ additional _____ _____ _____?

_____ server will _____ major _____ _____ _____ infrastructure.

Would _____ _____ notable _____ _____ the _____ setup _____ we _____ server capacity?
