[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Installation instructions and guidance
Inquiry Sub-Category	Mounting and Physical Installation
Description	Customers require assistance in physically installing their telecommunications equipment, seeking instructions on mounting options, installation in different types of racks and enclosures, and ensuring proper grounding and stability of the equipment.
Data Size	5,072 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

What _____ are _____ _____ _____ physical assembly/mounting _____ said communications _____?

What _____ _____ needed prior to _____ physical _____ of _____ _____?

_____ attempting _____ _____ of said communications _____ _____ _____ what steps are _____?

Please tell us _____ _____ _____ _____ prerequisites for assembling/mounting _____ communications _____.

_____ _____ _____ important _____ preceding the _____ assembly of _____ components?

Is _____ anything I need to _____ before _____ _____ putting together/mounting _____ _____ _____?

_____ needed _____ physically _____ the communications _____?

What _____ _____ be _____ _____ with the _____ _____ of these _____ systems?

Can you _____ _____ the requirements _____ installing the _____ _____?

What _____ should _____ taken prior _____ physical _____ of said _____ _____?

_____ _____ precede _____ of a communication _____?

What preparation _____ _____ be made _____ assembling _____ mounting _____ _____?

What _____ required _____ _____ assemble the systems, _____ and other _____ _____?

What _____ _____ _____ be taken prior _____ _____ assembly/mounting of said _____ _____?

Can you help _____ with _____ _____ tasks _____ should be _____ before _____ _____ _____ _____ systems?

_____ _____ _____ _____ assembly/mount the communications components?

_____ _____ the _____ for mounting communication _____?

_____ you _____ _____ _____ _____ _____ _____ followed when assembling _____ installing these communications items?

_____ _____ these _____ devices/systems, what's _____?

Please _____ us a description of _____ _____ _____ _____ assembling/mounting _____ _____ components.

_____ to _____ _____ physical assembly/mounting _____ _____ these devices/systems, _____ is required?

_____ _____ we _____ for _____ communications?

_____ precautions should be _____ _____ the mount/assembly _____ the _____ _____?

_____ actions _____ _____ mounting components/systems?

_____ preparation are _____ _____ _____ communication components?

There _____ some crucial preparations _____ _____ physical assembly or _____ _____ _____ components/ _____.

_____ _____ _____ things _____ before _____ assembly/mounting of a _____ component?

_____ will it take _____ _____ _____ equipment?

_____ are _____ _____ _____ for the physical _____ of the communication _____?

There are _____ _____ to _____ _____ the physical assembly _____ mounting _____ _____ equipment.

_____ precautions need to _____ _____ _____ the mount/assembly _____ these comm _____?

Is there any _____ for _____ _____ _____ _____?

Before _____ _____ _____ components/devices/ system together, _____ do _____ need to _____?

_____ you please explain the _____ requirements for _____ _____ _____?

_____ _____ to know the _____ for _____ _____ communications components.

What _____ the steps _____ take before _____ _____ a _____ _____ a _____?

Before attempting _____ _____ _____ said communications components, what are _____ _____ that _____ _____ be _____?

_____ _____ you need to do _____ _____ _____ _____ process of these _____?

_____ requirements _____ mounting communication _____?

What _____ the tasks _____ _____ physically assemble/mount _____ _____ equipment?

_____ are the _____ _____ requirements _____ communication _____?

_____ should be taken before _____ _____ _____

_____ actions should be _____ _____ to _____ _____ components?

What precautions must _____ taken _____ _____ the actual _____ _____ these _____ _____ parts/weapons?

_____ attempting _____ _____ said communications _____ devices or system, _____ is _____?

_____ are _____ steps to take _____ _____ to _____ _____ communications component?

What procedures precede _____ actual _____ _____ _____ comm _____?

There _____ _____ _____ _____ attempting physical assembly/mounting a _____ component.

Before _____ _____ assembly/mounting _____ the said _____ _____ what _____ are necessary?

_____ you _____ _____ _____ component, what _____ the _____ to take?

What _____ _____ _____ be made before _____ equipment _____ _____ together?

_____ _____ the _____ pre-assembly requirements for _____ _____?

_____ _____ must be _____ prior to _____ mount _____ these _____ systems?

_____ _____ _____ know _____ requirements _____ installing the communications components.

Prior _____ putting _____ these _____ _____ what actions _____ needed?

_____ preparations _____ be made _____ assembling _____ _____ said equipment?

When trying to assemble _____ _____ _____ _____ elements/assets, what steps _____ _____ _____?

_____ are _____ that _____ to _____ done _____ physical assembly/mounting _____ communications _____ devices, _____ system.

_____ _____ the things that _____ to _____ done prior to _____ _____ _____?

_____ _____ communication equipment, _____ must _____ done?

_____ precautions _____ be _____ beginning with the _____ _____ of _____ _____ systems?

_____ before _____ component _____ are _____?

Are _____ _____ prerequisites _____ assembling/mounting _____ _____ components?

_____ _____ the actual mount/assembly _____ _____ comm systems, what _____ must _____ _____?

_____ _____ steps _____ need _____ _____ taken before physical assembly _____ communications _____.

Before assembling/mounting communication equipment, _____ _____ _____ _____ to _____?

_____ you _____ _____ requirements for installing _____ communication _____?

What _____ _____ _____ assembly/mount _____ _____ components and devices?

_____ actions have _____ be _____ before I _____ _____ these _____?

_____ _____ _____ prepared _____ assemble/mount the _____ components?

What _____ we _____ to physically _____ the _____ _____?

_____ _____ _____ _____ to _____ before putting a communications _____ on a _____?

_____ you mount said _____ component on _____ _____ what are the _____ _____ _____?

There _____ _____ _____ physical _____ of _____ devices.

_____ _____ requirements are _____ for _____ equipment?

What _____ have _____ be _____ _____ assembling/mounting communication _____?

What steps _____ to be _____ _____ to _____ communication _____?

_____ is _____ _____ mount _____ components?

What ____ ____ are ____ for ____ equipment?

Which measures before ____ ____ ____ communication ____?

____ ____ ____ communication components ____ devices, ____ ____ any specific requirements?

____ the physical assembly of communications ____ equipment, ____ there ____ ____ ____?

What steps ____ be completed ____ assembly ____ ____ ____?

What should ____ ____ ____ ____ ____ communications equipment?

There are ____ ____ ____ attempting physical assembly ____ a ____ ____.

Before attempting ____ assembly/mounting ____ ____ components/devices, what ____ are ____?

____ ____ ____ know ____ steps should ____ taken when assembling/installing these ____ ____.

What precautions ____ ____ taken prior to ____ ____ installation of ____ ____ ____?

The ____ needed ____ ____ ____ said ____ component, devices, or ____

____ ____ be done ____ mounting ____ components/devices?

____ provide details of ____ ____ ____ ____ ____ those communications components.

____ ____ the steps ____ have to ____ taken before ____ mount ____ communications ____?

What ____ ____ ____ needed before ____ physical ____ ____ communications component?

Is there ____ ____ ____ actions you ____ ____ ____ to ____ these devices?

____ ____ ____ be ____ before the actual mount/assembly of ____ ____?

What ____ ____ done when attempting the ____ ____ ____?

____ anyone know ____ ____ ____ for installing the communications ____?

Before putting ____ these ____ ____ ____ need to ____ taken?

What ____ ____ ____ needed for ____ communications ____ assembly?

What ____ be done ____ to ____ ____ ____ the equipment?

Can you tell ____ ____ ____ ____ be taken to ____ install these ____ ____?

____ is ____ to assemble ormount ____ ____ ____?

____ ____ precautions ____ ____ before the mount/assembly ____ these ____ systems?

Prepare ____ ____ communication ____?

What ____ the steps to ____ ____ to ____ ____ ____ ____ on a system?

There are ____ that need to ____ done ____ ____ ____ assembly or ____ ____ ____ equipment.

____ ____ those communication components, ____ ____ any specific ____?

____ ____ ____ me what ____ do ____ ____ physically assemble/attach those devices?

____ assembling/mounting ____ ____ components, are ____ ____ requirements?

There ____ essential ____ ____ assembling/mounting those communications ____ ____.

Is ____ ____ crucial ____ before ____ physical ____ ____ mounting ____ communications components?

What steps ____ ____ ____ physical assembly of ____ ____?

____ there any important ____ ____ to ____ ____ assembly ____ communications components/ ____?

Procedures ____ prior ____ ____ physical component ____?

____ ____ be done before mounting ____ ____ and ____?

I am wondering ____ ____ ____ clarify ____ pre-assembly requirements ____ installing ____ ____ components.

____ trying ____ ____ these ____ elements, ____ ____ should I take?

____ ____ ____ pre-assembly requirements ____ installing communications ____?

____ are ____ things that ____ to be done before the ____ assembly ____ ____ ____ ____ ____.

What steps need to ____ taken ____ ____ ____ ____ ____ communications components?

What ____ required ____ ____ physical assembly ____ ____ devices/systems?

____ tell ____ the essential ____ for assembling/mounting ____ communications ____.

Before attempting physical assembly/mounting of ____ ____ components/ ____ ____ ____ ____ necessary?

Before ____ ____ the ____ ____ equipment, ____ are the ____ tasks?

____ ____ must ____ taken before the actual ____ of these ____ ____?

What ____ the things ____ before ____ ____ said ____ component?

____ ____ please clarify ____ ____ requirements for ____ communications components?

____ precautions ____ ____ ____ prior to the ____ mount/assembly ____ ____ comm systems?

What needs ____ be ____ ____ mounting these ____ ____ devices?

What ____ be ____ before physically assembling/mounting ____ aforementioned ____ ____?

There are ____ one must ____ ____ ____ ____ equipment.

What are the requirements ____ ____ assembly/mount ____ communications components and ____ ____ ____ ____?

I ____ ____ ____ the pre- ____ ____ for installing communications ____.

____ ____ ____ up ____ ____ assembly of communication devices?

Before ____ physical assembly/mounting of ____ communications ____ what are ____ ____ ____?

____ are the preconditions ____ ____ ____ ____ comm ingredients?

Before attempting ____ ____ ____ said communications components/ ____ ____ steps are ____?

____ ____ ____ ____ be ____ before the ____ mount/assembly of these systems?

What ____ ____ ____ ____ mount ____ communication components?

Before attempting ____ ____ ____ ____ ____ ____ you tell ____ what the necessary ____ are?

What ____ ____ to ____ followed ____ the actual ____ of ____ ____ systems?

____ needs to be done to ____ ____ ____ communications components ____ ____?

____ ____ the ____ I ____ ____ to ____ or ____ these communication elements?

____ you tell ____ ____ the required procedures ____ ____ ____ devices?

____ assembling/mounting communication equipment, ____ ____ ____ ____ be taken?

____ attempting physical ____ ____ ____ communications ____ ____ steps are needed?

What ____ ____ be ____ before ____ ____ putting together/mounting these ____?

What should be ____ ____ ____ these ____ ____?

Which ____ ____ the ____ ____ communication equipment?

____ ____ ____ ____ be ____ before ____ begin putting ____ these communication devices?

____ are ____ ____ that need ____ ____ ____ prior to assembling ____ equipment?

How ____ ____ be ____ ____ ____ ____ ____ mount/assembly of these comm systems?

Before ____ ____ components and devices, ____ ____ ____?

____ are the ____ to take before physical ____ ____ ____ ____?

____ is required before ____ physical assembly/mounting ____ ____ these devices/systems ____ ____?

____ ____ required ____ to the physical assembly/mounting ____ for ____ ____?

____ ____ ____ to ____ assembly/mount the communications ____ and devices?

What ____ needs ____ be made ____ ____ ____ ____ assembling said equipment?

What steps should ____ ____ ____ assemble ____ ____?

____ are ____ ____ assembly/mount ____ communications components?

____ must be ____ ____ trying ____ assemble/mount a ____?

____ ____ ____ ____ before physical assembly of ____ component?

What are ____ steps to ____ if you want ____ put ____ ____ ____ ____ a ____?

Something ____ ____ before ____ physical assembly/mounting said communications ____ devices, ____ ____.

____ is needed to assemble/mount the ____ ____ ____ ____?

Please define ____ ____ prerequisites ____ assembling/mounting ____ communications ____.

____ ____ ____ ____ ____ ____ component, devices or system, what are the things ____?

____ are ____ ____ ____ prior to physical ____ for ____ products?

____ are ____ required steps for assembling ____ ____ ____?

Before mounting a ____ component or ____ ____ are ____ steps ____ ____?

There are things ____ ____ to ____ ____ before ____ ____ assembly/mounting a communications ____.

What are ____ steps ____ ____ before you ____ ____ communications ____?

Before you ____ ____ ____ or ____ on ____ ____ ____ are the steps to ____?

____ ____ physical ____ of communications ____ ____ devices, what steps ____ required?

____ measures ____ the assembly ____ ____ devices?

____ you have any ____ ____ before ____ ____ ____ of communications components?

What ____ you need ____ do ____ ____ the aforementioned ____ ____?

How ____ are ____ steps ____ ____ stuff?

What do you ____ ____ ____ ____ ____ communications equipment?

Before attempting physical ____ ____ ____ communications component, what ____ ____ ____?

____ tell ____ ____ ____ ____ assembling/mounting those communications components.

Prerequisites ____ mounting communication ____ ____ ____ clear.

____ ____ be completed prior ____ ____ ____ said communications?

____ want to know ____ ____ should be taken ____ ____ and ____ these ____ ____.

____ specific ____ for ____ ____ equipment?

How should ____ ____ to assemble/mount ____ ____?

____ ____ ____ steps you need ____ ____ before attempting ____ assembly/mounting ____ devices?

What ____ ____ required to ____ ____ aforementioned ____ equipment?

____ ____ necessary to ____ assembly/mount the systems, ____ and ____ communications ____?

What ____ ____ necessary ____ assemble the ____ ____?

What ____ requirements ____ required ____ certain ____ ____?

What precautions ____ be ____ prior ____ ____ actual assembly ____ ____ ____ systems?

____ I put ____ ____ communication devices/systems ____ ____ ____ I take?

Before ____ physical ____ ____ ____ ____ components/devices/system, what should ____ done?

Is ____ ____ ____ ____ need to be taken before ____ ____ ____ of said ____?

There are ____ ____ ____ take ____ assemble ____ equipment.

____ confused about ____ pre-assembly ____ ____ ____ communications components.

____ ____ ____ the essential ____ for assembling/mounting ____ ____ components/ devices.

____ ____ ____ ____ ____ before putting together those comms parts?

____ steps must be ____ ____ to ____?

What are ____ steps ____ ____ ____ ____ taken before ____ attempt ____ ____ of said devices?

Please ____ out the essential prerequisites ____ ____ ____ ____ components.

Which ____ precede the assembly ____ ____ ____?

What ____ ____ ____ when trying ____ assemble/mount ____?

____ assembling ____ ____ ____ are ____ steps one must take?

What ____ ____ required ____ the ____ ____ communication products?

Before putting together/mounting ____ ____ ____ ____ ____ needed?

What ____ the steps ____ ____ ____ communication ____?

____ moving ____ ____ ____ ____ steps are required?

____ ____ the ____ to ____ assembly/mount the communications ____ and ____?

What are the procedures prior ____ the ____ installation ____ ____ ____ ____?

What ____ ____ be ____ to assemble/mount ____ communication ____?

Are ____ ____ ____ ____ ____ ____ physical ____ or mounting of communications components?

____ must ____ done before ____ for ____ ____?

Please give us ____ ____ prerequisites ____ assembling/mounting ____ communications ____.

____ are ____ ____ ____ assemble/mount the ____ components and devices?

What ____ ____ required for ____ physical assembly ____ ____ components?

What ____ ____ required ____ ____ ____ physical assembly ____ communication products?

What should be ____ prior ____ attempting ____ ____ ____ process ____ ____ devices?

There ____ ____ to take ____ ____ ____ assembly?

There ____ ____ that ____ to be done ____ the physical assembly ____ ____ ____ ____.

Before assembling/mounting those ____ ____ devices/ ____ ____ there any ____?

What is required ____ to ____ ____ assembly/mounting ____ ____ devices?

What are the tasks ____ ____ ____ be completed ____ ____ ____ communications ____?

Something ____ ____ to physically ____ ____ communications ____.

____ actions need ____ ____ taken before I ____ ____ the communication ____?

____ the pre-assembly ____ clear ____ ____ ____ communications components?

What measures ____ ____ taken before ____ physical ____ ____ mounting?

What _____ _____ _____ _____ _____ mounting communication equipment?

What _____ _____ prior to _____ _____ _____ these devices?

_____ _____ the steps _____ _____ to _____ _____ you mount _____ communications component on a _____?

_____ _____ physical assembly/mounting of _____ components/devices, what _____ are _____?

Before assembling/mounting _____ aforementioned communications _____ what _____ _____ _____?

_____ precautions need to be _____ _____ to the _____ _____ _____ _____ systems?

_____ _____ _____ _____ _____ steps should _____ taken _____ install these communications items.

I want to know _____ steps should _____ _____ _____ _____ these _____ _____.

_____ _____ _____ required steps prior to physical _____ of _____ _____?

_____ mounting these _____ what's _____?

Before _____ _____ what _____ necessary _____?

Before _____ _____ _____ _____ communications components/devices/systems _____ steps should _____ taken?

_____ _____ or _____ a telecommunication _____ _____ _____ we have to do?

_____ attempting physical assembly/mounting of _____ _____ _____ system, what _____ are _____?

_____ are _____ to assembly/mount _____ _____ _____ and other _____ components?

_____ attempting physical _____ _____ _____ component, _____ or _____ what is needed?

Prerequisites for mounting _____ _____ _____ _____ helpful.

_____ specify the _____ _____ _____ assembling/mounting those communications _____ devices.

Which _____ _____ _____ _____ _____ of communication equipment?

What _____ _____ need _____ _____ the _____ communications equipment?

_____ things _____ _____ _____ assembly/mounting said _____ component, devices, _____ system?

_____ _____ _____ are needed for _____ communications _____?

What _____ _____ you _____ to take _____ _____ assembly?

What _____ _____ to be taken _____ _____ _____ _____ of these systems?

Before the physical assembly _____ _____ _____ communications components/equipment, are _____ _____ _____ _____?

Before _____ or fixing _____ _____ what should _____ do _____?

_____ _____ must _____ _____ prior _____ _____ _____ assembly of these comm systems/parts?

What do _____ _____ _____ mount the _____ components and _____?

What is needed _____ _____ _____ the _____ components and _____?

Before _____ these _____ what _____ _____?

_____ are _____ specific prerequisites _____ _____ _____ equipment?

_____ you _____ the _____ _____ for _____ components?

_____ _____ the _____ prerequisites _____ _____ the communications components.

_____ _____ _____ _____ taken prior _____ _____ actual mount/assembly of _____ comm systems.

_____ _____ _____ specific _____ for mounting communication _____?

Please describe _____ _____ for assembling/mounting _____ _____ _____ devices.

I would _____ _____ _____ what steps should _____ taken _____ _____ the _____ items.

What _____ are _____ before the _____ assembly _____ comm _____ _____ devices?

Before assembling _____ mounting _____ _____ _____ steps must _____ taken?

Before _____ _____ assembly/mounting a communications _____ devices, _____ _____ _____ things _____ needed?

_____ procedures _____ the installation of _____ _____?

Before _____ _____ _____ _____ equipment, _____ _____ the most important tasks?

_____ _____ mounting _____ equipment is _____?

_____ _____ _____ _____ together, what do _____ have to do?

Things are _____ before attempting _____ _____ said communications _____ devices, _____ _____.

Steps _____ _____ be _____ _____ to _____ together _____ comms parts.

_____ proper results, what _____ _____ pre-assembly _____ for communications _____?

What _____ _____ steps that need _____ _____ _____ _____ you mount _____ communications component?

_____ _____ _____ steps one must take _____ assembling communication _____.

_____ needs _____ be prepared before _____ or _____ said _____?

____ ____ be ____ before the assembly for ____ ____?

____ attempting physical ____ of said ____ components/ ____ what ____ ____ to ____ taken?

What should ____ done ____ ____ ____ for ____?

____ ____ ____ ____ the ____ of communications equipment?

What are ____ ____ ____ need to be ____ ____ ____ assembly/mounting ____ communications components?

Before ____ together/mounting these ____ ____ ____ should ____ do?

____ actions should be taken ____ ____ ____ the ____?

____ communication equipment, ____ steps ____ ____ taken?

____ ____ ____ ____ include communicati equipment.

____ essential ____ ____ before physically assembling/mounting ____ aforementioned ____ equipment

Which measures ____ ____ assembly ____ ____ devices.

What ____ need ____ be taken ____ start with ____ actual mount/assembly ____ ____ ____?

____ ____ ____ steps to ____ before ____ put that communications ____ on a ____?

Things ____ ____ before attempting physical ____ a ____ ____ ____ or system.

____ ____ necessary ____ ____ something ____ I put the ____ components together?

Can you ____ ____ what ____ do before I ____ ____ assemble/ ____ ____ items?

____ curious about the pre-assembly ____ ____ installing ____ ____.

____ are ____ pre-assembly ____ ____ for communications ____?

What ____ ____ ____ be ____ to physically assemble/mount ____ equipment?

What are ____ tasks ____ need to ____ ____ ____ ____ ____ communications equipment?

I ____ like ____ know the ____ assembly ____ for ____ the ____ ____.

Do ____ ____ ____ required before ____ ____ components?

____ ____ required before the physical ____ ____ ____ these devices is ____?

What steps ____ ____ ____ ____ ____ physical ____ of comm components?

____ it ____ ____ clarify the ____ ____ for ____ communications components.

____ ____ should I ____ prior to ____ ____ ____ communication devices?

____ attempting ____ assembly ____ ____ ____ communications components or devices, ____ steps are ____?

What steps ____ needed ____ assembling ____ ____?

What ____ are needed to ____ ____ assembly/mounting ____ ____ components?

What ____ required before ____ physical ____ ____ ____ these devices/systems ____ ____ attempted?

____ are ____ necessary ____ ____ for the ____ equipment?

What procedures ____ ____ ____ installation ____ a ____ device?

Which measures ____ ____ ____ assembly ____ the ____ device?

____ ____ ____ with physical ____ ____ are the required steps?

How ____ preparation ____ ____ ____ assemble/mount the communication ____?

What ____ the required ____ before physical ____ ____ communication ____?

____ are required steps for physical ____ ____ ____ ____?

____ is ____ ____ ____ assembly/mount the communications components ____ devices?

What do we ____ to ____ ____ assembling/mounting the ____ ____?

What are ____ requirements of ____ ____ ____?

____ tell us ____ the ____ ____ for assembling/mounting ____ communications ____.

____ you tell ____ the ____ requirements for ____ ____ ____ components?

What procedures are followed ____ ____ ____ ____ said ____ devices?

What ____ the steps to ____ ____ physical ____ of ____ ____?

Does putting ____ ____ comms ____ ____ steps?

____ ____ the steps ____ need to be taken ____ ____ ____ equipment?

____ are some ____ ____ ____ need to ____ ____ before the physical assembly ____ ____ components.

____ steps need to ____ taken before attempting ____ ____ of ____ ____?

What ____ ____ ____ taken prior to mount/assembly ____ these ____?

What would ____ take ____ ____ ____ the ____ components ____ devices?

____ ____ these ____ ____ what's needed?

Before ____ physical assembly or ____ ____ communications components/equipment, ____ ____ ____ important ____?

____ you ____ a communications ____ ____ ____ system, what ____ ____ steps to take?

____ ____ physical ____ of ____ ____ can you tell me the steps ____ need ____ ____?

Can you tell me ____ ____ ____ when ____ ____ installing ____ communications ____?

Preparedness needed ____ ____ the ____ ____?

Do ____ have any specific ____ ____ ____ those ____ components?

____ would like ____ know ____ ____ assembly ____ ____ installing the ____ components.

What ____ ____ steps ____ to physically ____ communication ____?

____ actions ____ physical assembly of ____ ____?

____ assembling/mounting the communications ____ ____ are ____ ____ tasks?

There are ____ ____ for ____ physical ____ of communications ____.

____ ____ ____ what the essential requirements are for assembling/mounting ____ ____ ____.

____ required ____ to ____ components/systems?

What ____ required prior ____ the physical assembly ____ ____ ____?

When assembling/mounting ____ ____ what ____ ____ ____ take?

Is there ____ ____ ____ preparation before ____ physical assembly of ____ ____ ____?

____ ____ ____ needed to ____ assemble/mount ____ communications equipment?

Which ____ need to ____ ____ out ____ to ____ ____ assembly/mounting?

Which measures ____ ____ ____ communication ____?

What are the measures that precede ____ ____ ____ ____ ____?

What ____ are needed ____ ____ a ____ ____?

____ need to ____ what ____ do ____ I ____ the communications ____ ____.

There ____ ____ ____ the ____ assembly of ____ devices.

____ specific preparations ____ be ____ in order ____ ____ ____ mount ____ equipment?

What ____ ____ physical assembly ____ ____ devices?

When ____ these ____ elements, ____ steps ____ ____ take?

____ must be done ____ ____ mounting ____?

____ ____ should be taken prior ____ the actual ____ ____ ____ ____ systems.

Before putting ____ ____ comms ____ are ____ any ____ required?

____ ____ ____ steps that ____ to ____ taken before ____ ____ ____ said communications components?

____ ____ need to ____ ____ before ____ ____ mount/assembly of these ____ systems ____ parts?

I ____ interested in ____ ____ pre-assembly ____ ____ ____ the communications components.

What specific preparations ____ be ____ ____ order ____ mount or ____ ____?

____ are ____ needed ____ to physical ____ ____ comm components.

____ ____ the necessary ____ to ____ the communications ____?

____ are some essential ____ ____ ____ ____ communications components/ devices.

What ____ be ____ ____ ____ for the ____ communications?

What precautions ____ be ____ ____ ____ these ____ systems?

____ ____ assembly requirements ____ necessary for ____ ____?

Are there pre-assembly requirements ____ ____ ____ ____ ____?

There ____ pre-assembly ____ for installing ____ ____.

____ are ____ steps to ____ ____ order to ____ a ____ component ____ device?

____ is required ____ ____ ____ ____ these devices?

What should ____ done ____ ____ ____ of the ____?

____ are ____ pre-assembly ____ that are ____ ____ communications equipment?

Before you physically ____ ____ ____ equipment, ____ are ____ ____ tasks?

What ____ ____ ____ ____ before ____ actual ____ of these comm systems/parts?

____ are ____ ____ needed to physically assemble/mount ____ ____ equipment?

____ steps must ____ ____ for the communications ____ ____?

Procedures _____ before _____ _____ assembly?

Is _____ _____ to physically _____ ormount _____ _____ _____ _____ devices that are _____ _____ the system?

_____ mounting these _____ could you give _____ _____ _____ of necessary _____?

_____ you tell _____ _____ _____ _____ taken in order _____ assemble _____ communications items?

_____ you mount the _____ component _____ _____ system, _____ are the _____ to _____?

_____ attempting physical assembly/mounting said communications component, _____ _____ system, _____ _____ _____?

Before assembling/mounting those communication _____ _____ _____ _____ _____ specific requirements?

_____ mounting _____ what are _____ necessary _____?

Before attempting _____ _____ of _____ components/ _____ what steps _____ _____?

_____ you tell _____ _____ steps _____ _____ _____ to install these items?

_____ are things that _____ _____ _____ _____ to _____ _____ those comm ingredients.

_____ before _____ those _____ components?

Before _____ _____ _____ communication components _____ what _____ _____ need to do?

_____ _____ _____ attempting physical _____ said _____ component, devices, _____ system?

_____ _____ assembly, what _____ are required _____ comm _____?

What do _____ need to do in _____ to _____ _____ _____ of _____ _____ _____?

Can _____ _____ us _____ the _____ tasks need to _____ _____ _____ _____ _____ install those systems/components?

What precautions _____ to _____ taken _____ _____ _____ assembly/mount of these _____ _____?

_____ precautions _____ be taken _____ the actual mount/assembly _____ _____ _____ systems and _____?

_____ _____ there _____ _____ before joining/mounting communication _____?

_____ _____ steps _____ _____ to be _____ before attempting _____ _____ of said devices?

What _____ _____ _____ _____ to assemble/mount the communication _____?

_____ _____ _____ _____ in place before the _____ assembly _____ these comm systems?

Before attempting _____ physical _____ process _____ _____ devices/systems _____ _____ required?

_____ _____ _____ _____ before the _____ assembly of communications equipment.

Can you tell _____ what to _____ _____ _____ _____ _____ components?

_____ you tell me what steps should _____ taken _____ order _____ _____ _____ _____?

_____ _____ any _____ _____ need to _____ _____ _____ _____ physical assembly/mounting of said devices?

_____ should _____ _____ before _____ put _____ these communication devices?

_____ identify _____ _____ prerequisites for _____ _____ communications components.

The _____ _____ to _____ communication _____?

_____ _____ the _____ to _____ when you mount a _____ _____ on a _____?

_____ are the _____ required _____ install _____ communications component _____ _____ on _____ system?

What precautions must _____ taken before _____ actual _____ _____ _____ comm _____?

_____ _____ be done _____ _____ _____ the communications equipment?

_____ _____ _____ _____ needed prior to _____ assembly/mounting _____ communications component?

_____ _____ _____ things that need to _____ done before _____ _____ _____ _____ mounting of _____ components.

_____ _____ _____ _____ _____ pre-assembly requirements for installing the communications _____.

_____ _____ _____ mount/assembly of _____ comm _____ what _____ must be taken?

What _____ _____ the actual installation _____ _____ comm _____?

_____ _____ needed _____ _____ _____ the communications components and devices _____ _____ part of the _____?

_____ there any _____ _____ _____ those communication _____?

_____ _____ to be _____ to assemble/mount _____ communication _____?

Before attempting _____ _____ of _____ communications components/ devices, what _____ _____ _____?

Is _____ _____ _____ take steps _____ _____ together _____ comms parts?

What pre-assembly _____ _____ needed _____ make _____ communications _____ work?

Which _____ _____ _____ the physical _____ of communication _____?

What _____ the _____ required _____ physical _____ _____ _____ communications component, devices, or _____?

What are the tasks that _____ to _____ _____ _____ _____ _____ _____ communications equipment?

_____ is _____ _____ the physical _____ _____ for these devices?

What _____ _____ _____ _____ _____ assembly of communication products?

_____ installing _____ communications component on _____ system, what are _____ _____ _____ _____?

_____ to the actual assembly _____ _____ comm _____ what precautions _____ _____ _____?

What specific _____ _____ to be _____ to assemble or _____ _____ _____?

What _____ you need _____ _____ _____ physically _____ the _____ equipment?

_____ necessary _____ the steps _____ _____ _____ stuff?

_____ are some _____ that _____ to _____ done _____ physically _____ those _____ ingredients.

_____ _____ a _____ of _____ _____ for assembling/mounting those _____ components.

When assembling ormounting _____ _____ _____ what steps _____ _____ take?

_____ _____ have to be _____ prior _____ _____ actual mount/assembly of _____ comm _____?

_____ steps _____ needed _____ joining/mounting communication _____?

What are _____ steps for the _____ _____ these _____ _____?

_____ _____ _____ _____ of communication devices?

Please _____ me _____ essential prerequisites _____ _____ those communications _____.

_____ _____ _____ equipment, what _____ you _____ to do?

_____ do you _____ _____ _____ _____ the _____ components that are part of _____ _____?

_____ preparation _____ _____ to assemble _____ _____ components?

Are you able _____ provide a _____ _____ _____ actions prior to _____ _____ _____?

What _____ _____ be _____ to _____ _____ equipment?

Can you _____ _____ the initial tasks that _____ _____ completed _____ _____ _____ _____ the systems?

_____ trying _____ put together _____ _____ _____ _____ what steps should I _____?

When _____ to _____ _____ _____ communication elements, _____ _____ should I _____ first?

_____ _____ procedures before the _____ of _____ comm _____.

_____ assembling/mounting the _____ _____ equipment, what _____ be _____?

Are _____ _____ _____ requirements _____ installing _____ components?

Steps that _____ _____ _____ before _____ device _____?

What are the precautions _____ _____ _____ taken _____ _____ actual _____ of _____ _____ systems?

Before putting _____ _____ _____ devices/systems, _____ _____ are necessary?

_____ want _____ _____ what steps _____ be _____ when assembling and installing _____ _____ _____.

Which _____ _____ requirements _____ _____ communication equipment?

Before I _____ the _____ _____ _____ _____ should I do?

What _____ _____ _____ _____ of said comm _____?

Is _____ a pre-assembly _____ _____ _____ communications _____?

_____ putting together/mounting the _____ devices/systems, what _____ _____ _____?

Before _____ these _____ devices/systems, what _____ _____ to be _____?

_____ want _____ know _____ steps should _____ taken when _____ and _____ communications _____.

_____ physically assembling _____ aforementioned communications _____ _____ _____ _____ essential tasks?

To _____ _____ _____ what are pre-assembly _____ for _____ equipment?

_____ _____ any _____ that _____ _____ _____ taken _____ the physical assembly of the _____?

_____ _____ _____ _____ and _____ what is required?

What are the _____ _____ requirements _____ _____ _____.

What _____ pre-assembly _____ _____ communication _____?

What should _____ _____ _____ assembling _____ mounting _____ communication elements?

_____ there any _____ prerequisites for mounting _____ _____ _____?

What _____ need to _____ taken before _____ _____ assembly/mounting _____ _____ devices?

_____ steps _____ needed _____ to physical _____?

_____ _____ _____ be _____ _____ to assembling/mounting communication equipment?

What _____ _____ necessary steps for _____ assembly of _____ _____?

Can you tell _____ _____ _____ _____ _____ followed when assembling/installing _____ items?

What preparation _____ _____ used _____ _____ the communication _____?

What _____ should _____ taken before _____ actual _____ _____ these _____ systems/ _____?

Before physical assembly/mounting _____ _____ _____ _____ _____ _____ what are the things _____?

How should I _____ _____ _____ communications _____?

What is _____ to _____ assembly/mount the systems, _____ _____ _____ _____ components?

_____ you _____ me what steps _____ _____ _____ to assemble these _____ _____?

_____ _____ to mount _____ assemble _____ _____ what _____ I do?

_____ it necessary to _____ _____ _____ _____ communications components _____ devices?

Please explain _____ pre-assembly requirements _____ installing _____ _____ _____.

_____ _____ should I take _____ _____ together/mounting the _____ devices?

Before _____ together the _____ parts, _____ _____ _____ required?

What _____ the _____ for the _____ assembly _____ these _____ _____?

Are there _____ steps that need _____ _____ _____ _____ physical assembly/mounting of _____ _____?

_____ are _____ _____ _____ need to take _____ mount a communications _____ _____ device?

Do steps _____ _____ _____ _____ _____ _____ together the comms parts?

_____ _____ a _____ requirement before _____ those _____ components?

_____ _____ the _____ to take _____ you _____ a _____ component on _____ system?

Before you _____ a communication component _____ _____ system, what are _____ _____ _____ _____?

What _____ _____ _____ to _____ in assembling _____ equipment?

steps _____ _____ _____ _____ attempting device assembly

_____ _____ _____ steps required _____ the assembly of communication _____?

_____ attempting _____ _____ _____ communications _____ devices or _____ what _____ the things needed?

_____ _____ the _____ for physically assembly/mounting _____ systems, devices, _____ _____ communications _____?

_____ should _____ _____ _____ mount communication units?

_____ _____ the steps _____ _____ mounting a _____ component _____ device on a _____?

Before _____ _____ together/mount these communication _____ what actions _____ _____ _____?

_____ are _____ to do _____ _____ physical assembly _____ communications _____.

What _____ preparations _____ _____ made prior _____ assembling or mounting _____ _____?

_____ _____ required before _____ _____ assembly/mounting process _____ these devices.

_____ assembling _____ the _____ _____ equipment, _____ are _____ essential tasks?

_____ _____ any steps _____ need to _____ taken to assemble/mount _____ _____ _____?

What _____ the _____ _____ take before _____ _____ said communications component _____ a _____?

_____ _____ physical _____ _____ the communications _____ _____ devices, what steps are _____?

Are _____ _____ _____ _____ need to take before attempting _____ assembly of _____ _____?

Before _____ physical _____ _____ said communications components/devices/system, _____ steps need _____ _____ _____?

What _____ _____ _____ are the pre-assembly _____ for communications _____?

_____ attempting _____ assembly/mounting of _____ _____ what steps _____ necessary?

How _____ _____ the _____ requirements for _____ the communications _____?

What are the steps _____ _____ to _____ to install _____ communications _____ _____ _____ _____?

What are the steps _____ have _____ take to _____ _____ communications _____ _____ _____ _____?

_____ _____ I _____ before I start putting together/mounting _____ _____?

Before attempting _____ _____ of _____ communications _____ _____ steps are _____?

_____ _____ the _____ I _____ _____ _____ assemble or mount the communication _____?

_____ are _____ steps that need _____ be taken before _____ physical _____ _____ _____ _____?

Steps prior _____ _____ communication _____ _____ necessary.

What _____ _____ pre-assembly guidelines for _____ _____?

_____ mounting _____ _____ component on _____ _____ _____ are the steps _____ take?

The steps _____ _____ before mounting a _____ component _____ _____ _____ a _____

_____ _____ need to be taken _____ _____ putting _____ these communication _____?

_____ I put the _____ _____ _____ what _____ I be _____?

There _____ some things _____ _____ _____ be done before _____ _____ _____ _____ communications equipment.

What _____ _____ to _____ assemble _____ systems, _____ and other _____ components?

_____ _____ _____ mount or assemble communication _____ _____ should _____ do first?

Do you know what _____ _____ _____ are _____ assembling _____ _____ equipment?

Is there any clarification _____ _____ _____ requirements _____ installing _____ communications _____?

_____ _____ you _____ to do before physically _____ the _____ communications _____?

Before attempting _____ _____ _____ _____ _____ devices, _____ system what are the things _____?

_____ I put together/mount these _____ _____ what actions _____ _____ be _____?

Before you _____ _____ _____ component or device on the _____ what _____ _____ steps _____ _____?

What are _____ _____ you need to _____ _____ install a _____ component _____ _____?

_____ should _____ _____ _____ mount communication pieces?

What _____ must _____ taken before _____ _____ _____ of _____ comm systems?

_____ assembling/mounting _____ equipment, _____ _____ should _____ taken?

_____ _____ _____ a communications _____ or device, _____ are _____ _____ to take?

Before I mount _____ _____ _____ _____ actions _____ I take?

Do you _____ _____ _____ _____ tasks are to assemble/mount _____ _____ equipment?

_____ _____ be _____ before _____ _____ the said communications?

What are _____ _____ needed _____ attempting _____ assembly/mounting _____ communications component, _____ or _____?

_____ do we need _____ _____ assemble _____ _____ _____ and devices _____ are _____ of this _____?

What are the steps you _____ _____ before _____ _____ _____ _____ component on _____ _____?

How _____ _____ _____ _____ for _____ _____ products before physical assembly?

_____ _____ _____ to clarify the pre- _____ requirements _____ installing the _____ _____?

_____ measures preceded _____ physical _____ _____ communication _____?

Before attempting _____ assembly/mounting of communications _____ _____ _____ _____ necessary?

_____ steps must _____ _____ _____ assembly to _____ said communications?

The _____ _____ for assembling/mounting those _____ _____

What _____ _____ _____ taken prior to assembling _____ _____?

_____ you _____ me _____ steps _____ _____ _____ _____ _____ before physical assembly/mounting of devices?

_____ _____ _____ _____ needed to assemble these _____ products?

What are the _____ _____ before _____ _____ assembly/mounting a _____ _____?

_____ are _____ that _____ to be taken _____ physical _____ of _____ communications _____.

Before _____ the communications equipment, _____ are the _____ _____ _____?

What _____ _____ be _____ to assemble/mount _____ _____ components?

_____ _____ precede _____ assembly of _____ _____ device.

_____ assembling/mounting those communication components/ devices, _____ _____ any _____ _____?

What _____ the _____ _____ physically assembling _____ _____ ingredients?

What _____ _____ be _____ _____ assembling or mounting said _____?

_____ _____ _____ in _____ _____ the installation of said _____ devices?

_____ there a _____ of actions you _____ _____ take _____ _____ to mount _____ _____?

_____ _____ mount a communications component _____ device, _____ _____ _____ _____ you _____ to take?

_____ are _____ _____ _____ _____ _____ you want to mount a _____ component _____ a system?

Do _____ _____ to be _____ _____ attempting _____ assembly?

What are _____ _____ physically assembly/mount _____ _____ components and _____ _____ _____ _____ of the system?

_____ _____ _____ to _____ taken before _____ _____ mount/assembly of _____ comm systems/parts?

_____ actions should _____ _____ before _____ _____ putting _____ these communication devices?

Before _____ _____ _____ _____ said devices, can you tell _____ _____ _____ steps?

_____ _____ should _____ taken _____ mounting these _____?

Can _____ provide _____ with _____ required procedures _____ assembling/attaching _____ _____?

Before mounting _____ _____ _____ _____ required?

Do _____ know _____ steps are _____ _____ to _____ assembly?

_____ _____ I _____ before putting together/mounting _____ _____ devices?

Does ____ know if ____ ____ ____ ____ requirements for ____ those ____ components?

Steps before ____ ____ stuff ____ ____.

The steps ____ ____ ____ ____ ____ a ____ ____ or device on a system.

____ ____ necessary ____ physically assemble ormount the ____ ____ ____ devices ____ are ____ of the ____?

____ needed before attempting ____ ____ said ____ ____ ____ or system.

I ____ like to know ____ ____ should ____ taken ____ assembling and ____ ____ ____ items.

____ ____ ____ the pre-assembly requirements for ____ ____ communications component?

____ about ____ the pre-assembly requirements ____ installing ____ ____?

____ assembling/mounting communication equipment ____ should ____ ____?

What ____ ____ ____ installation ____ ____ comm devices/systems?

What should ____ ____ prior ____ ____ ____ said communications?

What ____ to be ____ ____ mounting ____ ____?

Before ____ put ____ these communication devices, what ____ ____ ____?

____ you clarify the ____ ____ ____ ____ installing the ____ components?

____ ____ precedes ____ of communication ____?

____ essential prerequisites for ____ ____ communications ____ and devices should ____ ____.

What ____ the ____ requirements ____ communications ____?

____ ____ ____ comms components, ____ ____ be done?

What needs ____ ____ done ____ physical ____ ____ ____ communications components?

____ steps ____ required ____ to physical ____?

Can ____ clarify the pre-assembly ____ ____ ____ the communications components ____ ____?

What steps are ____ for ____ assembly ____ ____ ____?

____ pre-assembly ____ are ____ ____ communications equipment?

____ to ____ before assembling/mounting ____ ____?

____ ____ are needed ____ certain ____ equipment.

What ____ ____ ____ to ____ before ____ the aforementioned ____ equipment?

What are ____ steps that ____ ____ taken ____ assemble/mount ____ ____?

What ____ must be taken ____ assembling ____ ____ ____ ____ parts?

____ ____ preparations must be made before ____ equipment ____ ____?

How ____ ____ prepare ____ mount ____ parts?

____ ____ ____ pre-requisites ____ assembling/mounting those ____ components?

____ there any steps ____ ____ ____ ____ ____ before attempting ____ assembly/mounting of those ____?

____ needed before ____ ____ assembly/mounting ____ communications component, ____ or ____?

What are ____ required steps ____ the ____ assembly of ____ ____ ____?

Is ____ any ____ preparations ____ of ____ physical ____ or ____ of ____ equipment?

____ ____ precede ____ ____ ____ said comm devices?

What are ____ ____ ____ requirements for ____ ____?

Please ____ ____ ____ ____ for assembling/mounting those communications ____.

Before attempting ____ ____ ____ of ____ ____ or devices, ____ steps are ____?

What ____ ____ have to ____ ____ ____ ____ a ____ component or device on a ____?

____ physical assembly, ____ steps ____ ____ taken?

____ do the ____ ____ for ____ ____ need?

Before putting together ____ ____ ____ ____ are ____ required?

____ there ____ ____ preparations ____ need to be made ____ to ____ physical assembly ____ ____ ____?

Before ____ ____ assembly ____ ____ ____ devices, ____ you tell ____ ____ steps that need ____ be taken?

Before putting ____ ____ ____ what actions ____ ____?

____ do ____ ____ to ____ to ____ assemble/mount ____ communications equipment?

What ____ ____ requirements ____ assembling/mounting those communication ____ ____?

Before ____ the aforementioned ____ equipment, ____ ____ the essential ____?

Before mounting communication equipment, ____ ____ ____ ____ ____?

_____ there _____ prerequisites for mounting _____ _____?

Are there any important preparations _____ _____ _____ be _____ _____ the _____ _____ _____ communications components?

What _____ systems, _____ and other _____ _____ needed to be _____ _____?

There are important _____ _____ _____ _____ the _____ assembly _____ communications components.

The things _____ before _____ _____ _____ communications _____ _____ or system?

_____ _____ _____ _____ to _____ the communication components?

_____ _____ ormounting the _____ equipment, _____ _____ the essential tasks?

_____ _____ _____ _____ _____ _____ in order to put together/mount _____ communication devices?

What steps _____ needed _____ _____ assembly/mounting of _____ _____?

_____ there _____ _____ for pre-assembly _____ communications _____?

Procedures _____ before _____ _____ component _____?

_____ _____ physical assembly/mounting of _____ _____ devices, or system, _____ are the _____ _____?

_____ _____ _____ us _____ the _____ tasks that should be _____ before _____ _____ install _____ systems?

What _____ _____ measures _____ _____ physical _____ of communication devices?

_____ is needed _____ _____ physical assembly/mounting _____ these _____?

What _____ be _____ _____ _____ physical assembly/mounting _____ _____ communications components?

Before mounting these _____ _____ _____ _____ needed?

_____ _____ _____ prerequisites _____ assembling/mounting those communications _____.

_____ _____ needed to assembly/mount the _____ components _____ _____?

Before physically assembling/mounting the aforementioned _____ _____ _____ are the essential tasks _____ _____ _____ _____ _____?

_____ requirements _____ _____ for _____ equipment.

How are _____ steps _____ _____ before _____ _____ a communications component _____ a _____?

_____ should _____ proceed _____ physical _____ of _____ products?

_____ are the _____ for mounting _____ _____?

_____ _____ the _____ to _____ _____ assemble/mount communication equipment?

What should I _____ before _____ mount _____ assemble _____ _____ _____?

There _____ _____ preparations before the _____ _____ of communications _____.

_____ _____ it that needs _____ be prepared _____ assemble/mount _____ communication _____?

_____ should one prepare _____ assembling _____ _____?

_____ you _____ _____ the requirements for _____ installation of _____ communications _____?

_____ you physically assemble/mount the _____ _____ equipment, _____ are the _____ _____?

_____ are some prerequisites _____ _____ communication _____?

Before putting together/mounting _____ communication devices, _____ _____ _____ _____?

Is there _____ list of _____ that _____ _____ _____ take prior _____ _____ these _____?

_____ before assembling/mounting _____ _____ components/devices/system?

_____ needs to be _____ before _____ _____ for _____ communications?

_____ _____ tell _____ _____ _____ need _____ _____ prior to assembling/attaching those components?

Can you _____ me what _____ _____ _____ taken _____ assembling/installing _____ items?

_____ _____ need _____ be carried out _____ physical _____ ormounting?

_____ _____ needs _____ be _____ before I _____ together/mount these _____ devices?

What _____ _____ be _____ _____ physical assembly/mounting _____ said _____ components?

There are _____ one _____ take _____ assembling/mounting _____ _____.

_____ _____ needed _____ _____ assembly/mount the _____ components _____ devices in _____ system?

_____ _____ _____ made prior to mounting _____ assembling _____ equipment?

What _____ _____ be taken _____ mounting _____ _____?

What _____ _____ completed before assembly _____ _____ _____?

_____ requirements _____ _____ _____ communications equipment.

_____ _____ _____ _____ _____ _____ _____ be in order to mount _____ communications component, devices, or _____?

_____ _____ necessary for _____ _____ _____ communications equipment?

_____ _____ the procedures prior _____ _____ _____ installation of the _____ devices?

_____ _____ these comms _____ what _____ they _____?

_____ are _____ steps _____ _____ _____ these communication products?

_____ _____ _____ assemble or _____ communication _____ what _____ should _____ take first?

What _____ _____ _____ taken starting with _____ _____ of _____ comm systems?

How _____ you proceed _____ _____ assembly _____ communication _____?

_____ steps _____ needed _____ the assembly of _____ _____.

_____ are the steps required _____ _____ of _____ _____?

_____ it _____ to _____ the pre-assembly requirements _____ installing _____ _____ components?

_____ actions _____ to _____ taken _____ I start _____ together/mounting _____ devices?

Measures _____ be taken _____ _____ mounting _____?

What steps _____ _____ need to take _____ _____ _____ _____ _____ said devices?

I _____ _____ _____ _____ pre-assembly _____ _____ installing the communications components.

_____ _____ any important _____ _____ _____ physical _____ of communications components?

Before _____ the _____ _____ of _____ devices/systems _____ you give us _____ list of _____ _____?

_____ is necessary _____ physically assemble _____ systems, _____ and other _____ _____?

I _____ to know _____ _____ _____ for installing _____ _____ component.

_____ _____ _____ to know _____ steps _____ be taken to _____ these communications _____.

Can you _____ _____ the _____ _____ for _____ _____ components/ devices?

Before physically assembling/mounting the _____ communications _____ _____ _____ _____ are _____?

Before _____ _____ assembly/mounting a _____ _____ _____ _____ system, what are _____ things you _____?

_____ _____ the steps _____ _____ to _____ _____ _____ physical assembly/mounting of the _____ components?

What _____ _____ _____ prerequisites _____ assembling/mounting those _____ components?

Please _____ _____ essential prerequisites for _____ _____ communications _____

_____ _____ _____ needed to _____ the _____ components?

_____ you _____ _____ _____ _____ required procedures _____ assembling/attaching those devices?

_____ _____ tell me _____ steps to take _____ _____ _____ items?

What action _____ to _____ _____ before I _____ _____ these _____?

What precautions _____ to be _____ _____ the actual _____ _____ these _____ _____?

_____ mounting _____ devices/systems, could _____ provide a _____ _____ necessary _____?

_____ are _____ steps that need _____ be _____ _____ _____ assembly _____ communication products?

_____ _____ must _____ taken during _____ assembly _____ _____ comm systems?

_____ precautions _____ _____ taken at the beginning of the assembly _____ _____ _____ _____?

Some _____ _____ the _____ of communication _____.

What _____ _____ _____ _____ _____ _____ before the actual mount/assembly _____ these comm systems?

What should _____ _____ before _____ _____ for _____ communications?

What _____ _____ _____ before I put _____ _____ systems?

_____ you _____ _____ _____ to do when _____ these _____ items?

What steps need to _____ taken _____ _____ _____ of _____ _____ components?

Are _____ _____ _____ need to be taken _____ physical _____ _____ _____ devices?

What _____ _____ steps to _____ _____ _____ to _____ _____ _____ component or device _____ a system?

What _____ _____ be done _____ to _____ or _____ equipment?

_____ pre-assembly _____ _____ necessary for _____ communications _____?

There _____ steps _____ _____ _____ taken to assemble/mount communication _____.

_____ _____ physical _____ said communication component, _____ _____ system, what _____ _____ things needed?

Before attempting _____ _____ _____ _____ component, _____ _____ system, what _____ are required?

_____ are _____ required steps _____ the assembly of _____ _____?

Before attempting _____ assembly/mounting _____ _____ _____ devices, _____ system, _____ needed?

_____ should _____ done prior to _____ _____ _____ these devices?

When _____ or _____ _____ _____ _____ steps should _____ take first?

_____ measures _____ be _____ _____ to mounting?

____ ____ physical ____ ____ said ____ components/ devices, what steps are ____?

____ you clarify ____ ____ for ____ the communications ____?

____ need to be taken ____ to ____ together ____ ____ ____.

What ____ ____ ____ done before ____ the ____ components?

Before I ____ the ____ components together ____ ____ to do ____ ____.

____ should be done ____ ____ ____ ____ components?

What steps ____ be ____ before ____ ____ said ____?

Can ____ ____ ____ what steps ____ ____ followed when ____ communications items?

What procedures ____ be ____ before ____ actual ____ of ____ comm ____?

____ are ____ ____ to take ____ ____ mount a ____ component on a ____

What ____ must be taken ____ ____ ____?

There ____ ____ to take ____ putting together ____ comms ____.

____ are ____ things that need to ____ ____ before ____ assembling ____ ____ equipment?

Before ____ physical ____ ____ communications ____ devices/systems ____ steps are ____?

There ____ some important ____ ____ ____ ____ the physical ____ ____ mounting ____ communications components.

What precautions ____ ____ followed before ____ actual ____ ____ ____ systems?

I need ____ ____ ____ pre-assembly ____ for ____ the communications ____.

____ ____ these comms ____ ____ required?

____ are the steps ____ for ____ physical ____ ____ the ____ products?

____ measures should be ____ ____ to mounting ____ ____ assembly?

Before attempting physical ____ ____ ____ components/devices/systems what steps ____ ____?

I would ____ ____ know ____ steps should ____ taken before assembling/installing ____ ____ ____.

I am ____ ____ ____ ____ clarify ____ ____ for ____ the communications components.

What ____ the ____ ____ ____ be taken before the ____ ____ these comm ____?

Before attempting physical assembly/mounting ____ ____ component, ____ or system, ____ ____ the ____ ____?

There ____ important preparations ahead of ____ ____ ____ ____ ____ of communications ____.

____ is ____ ____ ____ ____ communications components and ____ that ____ ____ of the system?

____ ____ the steps ____ ____ the ____ ____ these communication products?

Before ____ ____ these communication ____ what ____ should I ____?

____ should ____ ____ first ____ ____ to ____ ____ mount a communication asset?

When ____ to ____ or mount ____ ____ ____ steps should ____ take ____?

What needs to ____ done ____ ____ physical ____ process of ____ devices/systems ____ ____?

____ mounting ____ ____ ____ devices, what's needed?

____ detail ____ essential prerequisites ____ ____ those communications ____.

____ attempting ____ ____ ____ ____ components/ ____ what steps should be taken?

____ should be ____ ____ to ____ for the ____?

____ attempting physical assembly/mounting ____ said ____ ____ what ____ ____ required?

____ ____ to be done before attempting ____ physical ____ ____ ____ these ____?

I was ____ ____ you could clarify ____ ____ for ____ ____ ____ components.

What steps ____ needed ____ ____ ____ components?

____ ____ ____ ____ must be taken before assembling/mounting ____ equipment.

What precautions have to ____ taken ____ ____ ____ ____ ____ these ____ systems/parts/weapons?

____ ____ ____ tasks ____ to assemble/mount the ____ communications equipment?

What ____ must ____ followed before ____ ____ assembly ____ these ____ systems?

____ attempting ____ ____ of said communications components/ devices/ ____ ____ steps ____ ____?

____ needs ____ be done ____ ____ ____ put the ____ components together?

____ ____ the ____ prerequisites ____ assembling/mounting ____ communications components.

____ attempting physical assembly/mounting said communications ____ devices ____ system ____ ____ ____ ____ needed?

Which measures ____ the ____ ____ of ____?

____ ____ ____ important ____ ____ the ____ assembly or ____ of communications equipment.

_____ precautions _____ be taken prior to _____ _____ _____ comm _____?

_____ _____ the _____ _____ need to take to _____ _____ _____ component _____ device on a _____?

Before _____ ormounting _____ aforementioned _____ equipment, what _____ _____ necessary _____?

_____ _____ _____ _____ what steps must _____ taken?

_____ are things needed before physical _____ _____ _____ _____ component.

_____ steps needs _____ be taken _____ to _____ _____?

Before _____ _____ assembly/mounting _____ communications components, _____ steps should _____ _____?

_____ are _____ _____ _____ _____ to be taken before the physical _____?

What _____ I _____ _____ I put together _____ communications _____?

_____ _____ _____ _____ _____ _____ system together, what should I do?

_____ _____ physical assembly/mounting _____ _____ _____ can you tell _____ the steps _____?

_____ _____ assembly _____ are needed for _____ _____?

Is it _____ _____ physically assembly/mount the _____ _____ and devices that _____ part _____ _____ _____?

_____ are _____ required before _____ assembly/mounting _____ communications _____ devices, _____ system.

_____ _____ physical assembly/mounting _____ communications components/devices/systems, what steps _____ _____?

Before _____ communication equipment, what _____ _____ _____?

Can _____ clarify _____ pre-assembly requirements _____ _____ _____ systems?

What _____ the _____ that precede _____ physical _____ _____ _____ devices?

_____ _____ _____ _____ installing _____ communications components are unclear.

_____ _____ needed prior _____ the physical _____ of these _____?

_____ _____ are _____ _____ the installation of said _____ devices?

Prerequisites _____ mount _____ _____ included?

_____ are the _____ needed for physical _____ _____ a communications _____ devices, _____ _____?

_____ are some _____ _____ _____ _____ _____ assembly of communication devices?

Before building _____ fixing telecommunication _____ what _____ to _____ _____?

_____ _____ _____ equipment, what steps should _____ _____?

What should _____ _____ prior _____ _____ _____ components/systems?

_____ preparation _____ be made _____ to mounting or _____ _____ _____?

What _____ _____ before _____ the _____ _____ of these systems?

What _____ the _____ _____ need to _____ before _____ a _____ component on _____ _____?

Before the _____ assembly, _____ _____ _____ required?

_____ there any important _____ _____ of the _____ assembly or _____ _____ communications _____?

_____ steps _____ be _____ prior _____ _____ said equipment?

Please tell _____ the pre-assembly _____ _____ _____ the _____ components.

_____ specific _____ must be made before assembling _____ _____ _____ _____?

What are _____ _____ _____ _____ assembly of _____ products?

_____ measures _____ _____ taken _____ _____ or mounting?

What _____ the steps _____ _____ _____ stuff?

_____ _____ _____ list _____ _____ you have _____ take in _____ to mount _____ devices?

_____ _____ required _____ _____ communication equipment?

_____ are _____ steps to _____ to mount _____ communications component _____ _____ _____?

Before _____ together/mounting _____ _____ devices, what actions _____ _____ taken?

What _____ _____ be _____ before _____ actual assembly _____ these _____ systems/parts/weapons?

_____ _____ be done _____ _____ the physical _____ process of these _____?

What _____ _____ to be _____ before _____ startmounting _____ _____ devices?

_____ _____ need _____ be _____ prior to _____ _____ the systems?

What specific _____ must _____ made before the _____ _____ _____?

_____ it possible to _____ _____ _____ requirements _____ the _____ components?

_____ procedures _____ followed _____ to _____ actual installation of a _____ _____?

_____ preparation _____ be made before assembling _____ _____ _____ equipment?

____ ____ ____ ____ or ____ these communications elements, what should I ____ ____?

What ____ are needed ____ physical ____ for ____ ____?

____ there ____ steps ____ need to be taken ____ ____ physical assembly/mounting ____ the ____ ____?

What are ____ ____ I ____ to ____ before I ____ ____ ____ communication devices?

What ____ required ____ for ____ assembly ____ these ____ products?

____ measures ____ the ____ ____ ____ communication device?

Before putting ____ ____ together, ____ ____ ____ do?

What should be ____ ____ ____ ____ mount/assembly of ____ ____ systems?

What ____ must ____ followed prior to ____ ____ ____ ____ these comm ____?

____ ____ needed ____ physically ____ ____ ____ components and ____ that are ____ part of ____ system?

How ____ we ____ ____ the physical ____ of ____ communication ____?

____ requirements ____ required ____ the assembly ____ communications ____?

Before physically ____ ____ aforementioned communications ____ ____ are ____ ____ essential tasks?

Does ____ take steps ____ ____ ____ those ____ parts?

What ____ required ____ ____ ____ assembly ____ these systems?

____ ____ are ____ in ____ prior to ____ installation ____ ____ comm devices?

____ ____ ____ ____ take before I put ____ ____ communication devices/systems?

____ ____ ____ ____ what is required?

____ are ____ ____ before ____ assembly/mounting a ____ component.

There are ____ important ____ ____ ____ ____ ____ assembly or mounting of communications ____.

Explain ____ essential ____ ____ ____ those communications ____.

What ____ ____ ____ be taken to ____ communication ____?

What do ____ ____ to ____ ____ ____ the communications equipment?

____ for ____ those ____ ____ system?

What ____ ____ actions I ____ to ____ ____ putting ____ the ____ devices?

Before you install a ____ component ____ a system, ____ ____ ____ ____ ____ take?

____ precautions must be ____ prior ____ ____ ____ assembly of ____ ____ systems/parts/weapons?

____ ____ the physical assembly/mounting ____ of these ____ ____ ____ required?

____ ____ before physical assembly/mounting said ____ ____ devices, ____ system

____ steps precede ____ ____ of communication ____?

____ are ____ ____ take before ____ communication ____.

____ ____ are followed ____ the actual ____ of the ____ ____?

____ procedures precede the actual ____ ____ the ____ ____?

What ____ ____ ____ to ____ ____ of these devices/systems?

What ____ ____ be made ____ ____ assembling ____ mounting equipment?

Before ____ physical assembly/mounting ____ ____ ____ components/devices, ____ steps are ____?

____ ____ ____ needed ____ physical assembly/mounting of ____ component, devices, ____ system.

What ____ ____ the physical ____ of ____ communication ____ take?

____ ____ ____ ____ what steps should ____ taken?

Is ____ ____ to clarify the ____ requirements for ____ ____ communication ____?

____ are ____ required ____ ____ assemble these ____ products?

____ ____ ____ ____ ____ communications ____ what are the required tasks?

____ ____ the steps ____ ____ mount a communications component or ____ ____ a ____?

I ____ like to know ____ ____ ____ be taken before ____ or installing ____ ____ ____.
