[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Technical issues and troubleshooting assistance
Inquiry Sub-Category	Storage and memory
Description	Customers face problems with limited storage space, memory management, and device slowdowns, and seek guidance on how to optimize storage, transfer data, and clear cache to enhance their smartphone's performance.
Data Size	10,562 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Why ____ ____ ____ ____ use excessive amounts of phone's ____ resources, ____ ____ slowdowns?

____ causes ____ in applications to use too ____ ____ ____?

Which reasons ____ ____ ____ ____ ____ a phone's capacity?

What ____ it that ____ ____ ____ applications to ____ excessive resources on ____ ____?

These ____ ____ ____ performance of your ____ by ____ ____ its resources.

Why installed ____ strain ____ ____ ____?

Which ____ ____ certain ____ apps use up ____ amounts ____ mobile ____ ____?

Some pre-installed apps use too ____ ____ a ____ ____ and ____ ____ ____ to slow ____.

____ ____ ____ noticeable ____ due to ____ resource ____ by built-in apps.

____ ____ ____ why are these ____ ____ ____ all my phone resources?

Excess consumption of a ____ ____ capabilities by ____ ____ lead ____ ____ ____.

____ are ____ that lead certain bundled software ____ phones ____ ____ ____ ____ ____ and ____ speed reductions.

A few ____ ____ ____ the phone's ____ ____.

Why ____ certain ____ ____ ____ ____ much resources?

Which ____ ____ ____ pre-installed apps ____ up a ____ of ____ device ____?

____ is ____ ____ ____ ____ pre-installed apps ____ my phone's resources and ____ it ____?

Discuss ____ excessive resource ____ of ____ ____ can ____ ____ ____ and speed.

____ excess consumption ____ ____ ____ constrained ____ by default ____ causes noticeable ____.

Certain ____ ____ ____ too ____ of a ____ resources, ____ causes ____ ____ slow down.

____ the ____ ____ the apps ____ my phone's resources ____ making ____ ____?

____ do ____ applications consume ____ ____ of ____ resources?

____ ____ are ____ ____ much phone resources.

____ some ____ apps ____ ____ ____ result in slow operation ____ phones?

How ____ default applications ____ ____ ____?

How ____ ____ apps ____ ____ resources?

How ____ a particular software ____ ____ ____ ____ a device's finite ____ ____ ____ to ____ performance?

Why ____ pre-installed ____ ____ resource ____ ____ lag?

The ____ mobile applications ____ to reduced speed ____ ____ high ____ ____.

Cause certain ____ ____ in phones ____ ____ precious ____ assets ____ ____ speed reductions.

____ reasons ____ ____ ____ apps slow ____ phone down?

Why ____ certain pre-installed ____ consuming ____ ____ at ____ ____ rapid rate?

How ____ certain ____ apps ____ up a lot ____ ____ ____?

Pre-installed ____ ____ ____ resources.

How does ____ ____ ____ draining of ____ amounts of ____ device's ____ capabilities cause ____ ____ ____ down?

____ ____ because specific ____ ____ use too much ____ ____ phone's limited resources ____ ____ ____ down?

Can ____ tell ____ ____ ____ ____ ____ ____ take up so much ____ on my phone?

The ____ ____ ____ the battery ____ ____ to slow ____ down.

____ ____ built-in ____ to use ____ phone ____?

____ ____ app usage ____ with ____?

____ don't understand why ____ ____ ____ ____ my phone's ____ and ____ it down.

____ ____ it that ____ apps ____ things ____?

There is a ____ ____ ____ apps hog ____ ____.

What causes the high ____ use ____ ____ ____ ____?

Why are ____ pre-installed ____ ____ phone ____?

____ ____ to the excess ____ ____ a phone's constrained ____ ____ ____ apps?

____ you tell me ____ ____ few ____ ____ take up so much ____ on ____ ____?

Some ____ ____ ____ too much of ____ ____ ____ causing it to ____ down.

Why do ____ pre-installed apps ____ ____ ____ much of ____ phone's ____?

Which ____ ____ to ____ ____ apps using ____ disproportionate ____ of ____ mobile device ____?

What are the causes ____ ____ ____ that use ____ ____ so ____?

Is there ____ reason excessive ____ usage ____ default ____ ____ down ____ ____?

____ mobile ____ lead to ____ ____ and high ____ consumption.

____ ____ some ____ ____ ____ bundled software ____ precious system assets ____ ____ speed reductions.

How can some pre-installed ____ ____ too ____ ____ ____?

____ built-ins ____ ____ ____ too many ____ resources.

Why ____ ____ factory-installed ____ deplete ____ amounts ____ ____ phone's limited capacity ____ then ____ slowdowns?

What ____ ____ ____ reasons ____ unreasonable ____ of phone resources by built ____ ____?

____ ____ reason ____ ____ consume excessive ____ resources.

____ ____ pre-installed apps ____ things ____ down?

What is ____ cause ____ ____ ____ heavily utilizing ____ ____ that affect ____?

____ ____ high ____ ____ ____ pre-installed mobile applications lead to reduced ____?

____ is a ____ ____ certain ____ apps ____ ____ much resources.

____ causes ____ apps ____ slow down ____ ____?

The slowdowns ____ ____ by ____ ____ precious ____ resources.

Why do installed ____ ____ ____?

____ ____ ____ ____ ____ when certain ____ apps ____ away at system resources.

____ do these apps ____ ____ your phone ____ and ____ its ____?

Which factors ____ ____ pre-installed ____ use disproportionate amounts ____ ____ device ____?

____ there a reason why certain installed ____ ____ ____ ____?

____ is the ____ ____ some ____ apps ____ ____ phone down?

____ ____ ____ are pre-installed ____ ____ phone use too much ____ and slow ____ ____.

____ ____ ____ few pre-loaded applications ____ ____ much of ____ phone resources?

I ____ to ____ ____ there is a ____ ____ ____ resource usage ____ default ____.

Some apps use a ____ ____ ____ ____ resulting ____ sluggishness.

____ do ____ ____ ____ use too ____ phone power?

Is there ____ reason apps ____ ____ ____?

____ you tell me why some pre-loaded applications ____ ____ ____ ____ resources ____ ____ ____?

____ do ____ applications ____ the ____ performance?

How come some _____ that are _____ _____ _____ _____ use so _____ of _____ phone's _____?

_____ factors contribute _____ _____ _____ apps _____ _____ disproportionate amounts of limited _____ device _____?

_____ _____ _____ applications consuming limited _____ _____ such an _____ rate?

I'm not _____ _____ _____ built-in apps _____ my phone's _____ and cause _____ _____ run slower _____ _____.

What _____ the reason for _____ applications _____ use _____ _____ _____?

_____ resource _____ _____ built-in apps leads _____ _____.

_____ _____ _____ _____ apps slow down?

I _____ _____ excessive consumption of limited _____ _____ by _____ installed _____ results _____ _____.

Some _____ apps _____ a _____ _____ resources and slow down _____ _____.

Is _____ a reason _____ an _____ use _____ resources by _____ _____?

_____ don't _____ how _____ built-in apps _____ _____ _____ limited resources, _____ it to _____ _____ than usual.

_____ do _____ _____ _____ _____ your phone performance?

_____ few applications _____ so much _____ _____ that they _____.

_____ some apps _____ _____ and _____ _____ slow _____ of phones?

Is it _____ that _____ _____ the default apps _____ _____ the _____ _____ _____ phone and wreak _____ _____ its speed?

_____ delays _____ be _____ by pre-installed _____ _____ _____ _____ capacities of phones.

Why _____ _____ _____ _____ take _____ too much resources _____ my phone?

What _____ built-in applications to consume excessive _____ _____ _____ _____.

It _____ pre-installed _____ _____ up the _____ _____ slows things _____.

The built-in _____ _____ too _____ _____ _____ the device slower.

_____ do _____ _____ the phone's _____?

Do pre _____ _____ _____ _____ delays?

_____ is excessive app _____ _____ _____ promptness?

_____ _____ _____ reason _____ some of _____ _____ _____ chew _____ so much of _____ phone's power?

How does _____ _____ _____ draining disproportionate amounts _____ a _____ _____ _____ _____ _____ to slow down?

_____ _____ certain default apps use _____ much _____ _____ _____ limited resources _____ cause _____ to _____ down afterwards?

_____ _____ some preloaded _____ _____ _____ many phone resources?

Why _____ many _____ applications _____ the _____ _____?

_____ _____ _____ built-in app usage to impact available _____ _____ and _____ _____ _____ features?

When _____ _____ _____ drain my _____ limited resources, _____ _____ slower than _____.

_____ might be _____ _____ for excessive _____ _____ by default _____.

Some pre-installed apps _____ _____ _____ _____.

_____ pre-loaded applications _____ _____ _____ and _____ it to lag.

_____ specific _____ _____ _____ _____ _____ of the _____ limited resources _____ cause it to slow _____ afterwards.

Why _____ _____ pre-installed apps _____ _____ my _____ resources _____ make it _____?

What contributes to _____ use _____ _____ _____ _____ capabilities by default _____?

Why _____ those applications _____ _____ space _____ _____ limited phone?

How come _____ _____ apps _____ phone power, making _____ _____?

Some apps _____ _____ pre-installed on _____ phone _____ up so _____ resources _____ _____ _____ _____ down.

_____ do pre-installed _____ _____ phone _____?

Some _____ _____ _____ _____ much of the phone's _____ causing it _____ slow _____.

Some _____ apps _____ excess _____ and lead _____ _____ performance.

_____ _____ usage _____ built-in _____ leads to _____.

_____ _____ some of _____ default apps ruin _____ phone's speed _____ _____.

_____ _____ cause _____ excess _____ of a _____ constrained _____ by default _____?

Why _____ _____ _____ applications _____ too much resources _____ _____ device?

What causes _____ _____ to use too _____ _____ _____?

_____ apps _____ my phone's _____ _____ cause it _____ lag.

What _____ _____ the _____ consumption _____ phone's constrained _____ by default _____?

Is there a reason _____ _____ of these _____ _____ _____ my phone's _____ _____ _____?

Why _____ certain _____ apps use _____ many _____ and _____ my _____ _____?

Some _____ _____ resources and slow _____ _____.

Why _____ immense _____ usage by built-in apps _____ _____ _____?

How does _____ specific _____ draining of _____ amounts _____ a device's _____ _____ _____ up leading _____ slower _____?

_____ _____ be the reasons why _____ _____ _____ _____ system resources?

Is _____ use _____ _____ phone resources _____ specific _____ _____ _____ of sluggishness?

_____ do certain apps _____ away at _____ _____ _____?

_____ _____ some apps _____ are pre-installed _____ my phone use _____ lot of _____ _____ _____?

Why _____ certain built-in _____ _____ too _____ _____ and _____ my _____ down?

How _____ the _____ _____ disproportionate amounts _____ a _____ _____ _____ _____ to slower performance?

_____ _____ apps _____ a lot _____ phone _____ resulting _____ sluggishness.

The _____ apps _____ all _____ _____ resources makes _____ snail-like, what's _____ _____ with _____?

How _____ certain _____ _____ eat _____ at precious system _____?

The applications drain _____ much of _____ phone _____ _____ _____ _____.

_____ resource _____ by _____ _____ slow down.

_____ _____ in apps _____ down the _____ because of _____ _____.

What _____ _____ built-in _____ to _____ _____ the phone?

_____ _____ because installed apps _____ _____ _____ phone performance?

_____ factory-installed mobile _____ _____ large amounts of _____ _____ resources, _____ _____ device speed.

_____ of _____ _____ _____ _____ my _____ up my phone's power _____ _____ havoc on my speed.

These _____ _____ are _____ all _____ phone's resources and making _____ _____?

The preloaded _____ _____ ends up draining _____ _____ of _____ _____ _____ capabilities leads to _____ _____.

Why are _____ programs _____ my _____ _____?

_____ there _____ reason why _____ built-in apps slow _____ _____ _____?

What _____ _____ reasons _____ apps that _____ _____ _____ of phone resources _____ impact _____?

_____ wonder _____ some _____ that are _____ _____ my _____ use _____ so much resources _____ _____ me down.

Is _____ app _____ _____ promptness?

Why are _____ _____ _____ _____ phone time?

_____ _____ pre-installed apps _____ phone _____?

_____ are _____ causes that _____ _____ bundled _____ in phones _____ drain _____ assets.

What factors contributes to _____ _____ apps _____ _____ _____ amounts of limited _____ _____ _____?

Pre-installed _____ _____ performance _____ by overloading _____.

I want _____ know _____ some _____ _____ default apps _____ up so much _____ my _____ power and _____ _____ _____ its _____.

What leads some factory-installed applications _____ deplete _____ _____ of the _____ _____ capacity _____ _____ _____?

_____ do _____ _____ _____ use a lot of the _____ _____ _____ _____ slow _____ down afterwards?

_____ reason why certain pre-installed _____ use _____ much of _____ _____ _____ _____ unknown.

The built-in _____ drain the phone's _____ _____ _____ it to _____ _____ than _____.

People wonder why _____ _____ _____ _____ much _____ power.

What happens when _____ stock _____ _____ _____ _____ system resources?

_____ _____ _____ by built-in apps _____ _____ slow- downs.

How is _____ _____ software draining _____ _____ _____ a _____ finite _____ that _____ to _____ performance?

_____ _____ _____ _____ _____ using too much _____ the _____ limited _____ _____ slowing it down afterwards?

I _____ understand _____ _____ _____ pre-installed _____ are hogging all _____ phone _____.

How _____ _____ apps _____ _____ pre-installed on my phone _____ _____ _____ much _____ and slow it _____?

When specific _____ apps _____ _____ _____ of the _____ limited resources, it _____ _____.

Do some apps _____ _____ and _____ _____ the operation of _____ _____?

_____ resource _____ _____ built-in apps _____ _____ downs.

_____ do certain _____ apps consume _____ _____ than _____?

_____ come certain apps _____ up _____ _____ _____ resources?

_____ _____ _____ _____ your phone resources.

____ ____ excessive use ____ ____ phone resources by ____ installed ____ cause ____?

Which ____ the ____ ____ ____ applications overload the phone's ____?

____ ____ certainapps eat ____ at system ____?

____ ____ use of ____ ____ resources ____ ____ installed apps lead to ____?

Reduced ____ can ____ caused ____ high ____ consumption ____ ____ mobile applications.

____ come some ____ ____ ____ ____ ____ of the phone's resources and ____ down?

What ____ to ____ ____ of a ____ constrained capability ____ ____ apps?

____ ____ the reason ____ some built-in apps ____ ____ too ____ resources?

____ ____ ____ a ____ on ____ phone ____ and cause slower operation.

What are the reasons for ____ ____ ____ so ____ ____ ____?

____ ____ ____ few ____ applications drain ____ the phone resources?

Huge resource ____ ____ built-in apps ____ ____ ____

Huge resource ____ ____ ____ apps lead ____ ____.

____ ____ apps ____ draining phone ____.

How come ____ pre-installed apps ____ hogging all ____ ____ ____ and making ____ ____?

What ____ the ____ ____ apps using a ____ ____ ____ ____ that impact performance?

Why ____ ____ ____ apps put strain ____ ____ phone?

____ can some ____ apps use too ____ of ____ ____ ____?

Why ____ installed apps ____ ____ on ____ ____?

____ ____ these apps take all of ____ phone ____ ____ ____ its ____?

What ____ ____ applications ____ use so ____ ____ resources?

____ ____ some ____ apps use ____ much phone ____?

Does ____ pre-installed apps ____ ____ ____ much ____ and memory?

Why do ____ built-in ____ consume ____ many ____ ____ a ____?

____ ____ applications lead to reduced speed with ____ ____ ____.

I ____ ____ ____ ____ certain apps drain ____ phone's limited resources ____ cause ____ to ____ ____ than usual.

____ ____ a ____ ____ draining ____ much of ____ device's ____ capabilities ____ leads to slower ____?

What is ____ ____ of ____ built ____ applications consuming too ____ ____ ____ a ____?

____ excess consumption of a phone's ____ ____ ____ ____ ____ resulted in noticeable ____.

What causes certain apps ____ ____ ____ ____ phone ____?

____ ____ hog my phone's resources ____ ____ ____.

Some built in ____ ____ ____ ____ phone ____.

____ reasons ____ why ____ ____ overload ____ phone's capacity?

The phone's ____ resources ____ causing ____ ____ ____ ____ ____ an excessive amount ____ them.

____ do pre-installed ____ have ____ ____ ____ and lag?

What ____ certain ____ applications to ____ ____ ____ ____ resources on a ____?

____ built-in apps ____ ____ many resources and ____ my ____.

____ ____ ____ built-in applications are using ____ ____ ____ phone resources.

____ ____ ____ ____ limited phone power, making ____ slower.

____ do ____ ____ applications drain so ____ ____ the phone's ____ resources?

____ do certain ____ ____ use ____ resources ____ necessary?

How do ____ apps ____ down ____ ____?

____ pre-installed apps are ____ ____ ____.

____ are those stupid ____ ____ space on ____ phone, ____ it ____ ____?

____ how ____ excessive ____ ____ of factory-installed apps ____ ____ performance of ____ phone.

____ ____ ____ ____ put strain ____ the phone's performance?

I wonder ____ ____ apps ____ ____ ____ phone power.

____ come the ____ ____ are pre-installed ____ my ____ use up ____ much ____?

Why ____ a ____ pre-loaded ____ drain ____ phone's limited ____?

____ ____ a few applications drain ____ much of ____ ____ ____?

_____ are certain _____ _____ _____ _____ phone's performance?

_____ pre-installed applications _____ _____ device _____.

_____ do bloat _____ _____ my phone's _____?

How come certain _____ apps _____ too _____ _____ _____?

_____ _____ _____ _____ that lead _____ bundled _____ in phones to _____ _____ system assets

_____ _____ built in _____ that _____ too _____ resources and _____ _____ device slow.

Why do a _____ _____ applications _____ _____ much _____ phone _____?

_____ is _____ reason pre-installed applications _____ excessive _____ _____.

_____ _____ apps may _____ resources and cause _____ _____.

Some _____ _____ _____ excessive _____ of phone's _____ _____ _____ to slower phones.

_____ do a few pre-installed _____ _____ _____ _____ _____ the phone resources?

Why do the _____ _____ waste _____ your _____ _____?

Is it _____ that _____ of the _____ apps chew up _____ phone's _____ _____ _____ _____ _____?

Why is it _____ _____ app resource _____ and _____ _____?

_____ _____ understand why certain _____ drain _____ _____ limited resources, _____ slows it _____.

_____ _____ the _____ for _____ heavy _____ of phone resources _____ _____ apps?

_____ _____ a preloaded software _____ disproportionate amounts of _____ device's _____ _____ leading _____ slower _____?

Why _____ the _____ apps _____ _____ limited resources _____ such _____ _____ rate?

_____ _____ certain _____ gobbling up limited resources at _____ a _____ _____?

_____ is _____ _____ software _____ disproportionate amounts of _____ device's _____ _____ _____ leads to _____ performance?

Why do _____ _____ _____ phone _____?

Why _____ some factory-installed _____ _____ _____ phone's _____ capacity _____ _____ cause slowdowns?

_____ default apps _____ a _____ _____ _____ and slows _____ down.

_____ pre-installed _____ _____ my phone _____ a _____ of resources _____ _____ it _____ down.

Some bundled _____ _____ phones leads to excessive _____ _____ _____ _____ _____ speed reductions.

_____ do _____ pre-installed _____ hog my phone's resources _____ make _____ _____?

_____ _____ serious _____ issues _____ to _____ _____ eating _____ at system resources.

What contributes to _____ _____ of _____ _____ limited _____ _____ default apps?

Why _____ a _____ _____ _____ my phone take _____ too _____ resources?

_____ _____ certain apps _____ _____ more phone resources than _____?

What causes _____ built _____ _____ _____ slow _____ the phone?

What _____ the _____ _____ certain pre-installed applications overload _____ _____?

Why are some _____ _____ _____ _____ _____ _____ at such a fast _____?

Which _____ contribute _____ _____ pre-installed _____ using _____ _____ _____ of limited mobile device _____

Too _____ built-in _____ _____ _____ _____ phone power, _____ it down.

Some _____ _____ _____ much phone resources, resulting _____ _____.

_____ do _____ _____ drain _____ _____ of the limited phone _____?

What _____ the _____ _____ _____ applications strain _____ phone?

Some _____ apps _____ _____ resources.

How come _____ _____ _____ _____ pre-installed on _____ phone _____ up a _____ _____ the phone's _____?

_____ are _____ _____ applications hogging _____ _____ _____ at _____ a rapid rate?

Is bundled apps _____ _____ _____ _____?

_____ apps _____ _____ much _____ resources resulting in _____.

_____ _____ apps cause _____ _____ and _____ phones?

Some _____ _____ in phones lead _____ _____ _____ of precious system assets, _____ _____ _____.

Why _____ installed _____ _____ phone _____?

Some apps strain _____ _____ data _____ _____ _____ it down.

_____ factory-installed apps _____ _____ and slowing _____ _____?

An _____ _____ _____ _____ _____ and _____ _____ _____ found in excessive resource usage of factory-installed _____.

_____ _____ that pre-installed _____ _____ up battery _____ slow _____ down.

_____ is the _____ _____ certain _____ applications adversely _____ _____ efficiency?

How come _____ apps _____ are pre-installed _____ _____ _____ _____ too _____ resources?

_____ is a _____ _____ limited _____ resources caused by some _____ _____.

_____ _____ _____ _____ _____ lead to slow operation of phones?

_____ _____ _____ _____ certain apps drain _____ phone's _____ resources, causing _____ to _____ slower than _____

_____ are _____ underlying _____ for the _____ _____ of restricted _____ _____ by _____ built in _____?

Excess _____ of a phone's _____ _____ by _____ apps _____ lead _____ noticeable _____.

Some apps use _____ _____ _____ _____ phone's resources, _____ _____ slows down.

Pre-installed _____ _____ up _____ battery _____ _____ things down.

_____ happens _____ certain apps use _____ lot _____ phone _____?

_____ Default apps strain a _____ _____ cap _____ _____ _____ down.

Do some _____ _____ _____ _____ cause _____ phones?

_____ pre-installed apps use a _____ of _____ _____ _____ _____ sluggishness.

_____ _____ factory-installed apps drain _____ _____ slow down _____ phones?

What happens when _____ apps _____ _____ much _____ _____?

_____ _____ the causes of some _____ apps _____ down _____ _____?

How do _____ _____ _____ _____ excessive resources on _____ device and lead _____ _____?

An adverse _____ _____ phone performance is caused _____ excessive _____ usage _____ _____ _____.

_____ factors _____ _____ certain _____ _____ that _____ up disproportionate amounts of mobile _____ _____?

Why do _____ _____ ruin _____ _____ _____ _____ hogging _____ your phone resources?

There are certain causes that _____ certain bundled _____ in _____ _____ _____ _____ _____ _____ and _____ speed reductions.

_____ are some _____ the _____ apps _____ bad _____ my _____ _____ and speed?

_____ _____ of a phone's _____ _____ _____ default _____ in noticeable regression.

Why _____ sluggishness _____ from excessive _____ _____ _____ _____ _____ by specific installed apps?

How _____ a _____ _____ draining disproportionate amounts of _____ _____ _____ _____ _____ slower performance?

Excess consumption of _____ phone's constrained _____ is _____ result _____ _____ _____.

_____ possibilities of _____ certain factory-installed _____ _____ consume _____ amounts _____ _____ system _____ eventually _____ device speed.

_____ apps cause _____ phone _____ _____ why.

_____ _____ _____ cause of _____ resource usage _____ pre-installed mobile _____?

How come _____ _____ _____ use _____ _____ resources?

_____ do _____ _____ apps _____ the _____ down?

Why _____ _____ applications consume _____ quantities of _____ _____?

Why enormous _____ usage _____ built-in _____ _____ _____ slow-down?

_____ _____ a reason why _____ _____ _____ a lot of phone _____?

_____ how excessive _____ _____ in _____ apps can impact _____ _____.

How _____ _____ default _____ _____ up _____ much phone power?

_____ _____ _____ too _____ phone resources.

_____ pre-installed applications use _____ _____ of phone's limited _____ _____ to _____.

_____ it _____ _____ pre-installed applications _____ too _____ device resources?

_____ are _____ _____ behind _____ _____ _____ of phone resources _____ built-in apps?

_____ do bloat _____ _____ my phone's _____?

_____ are apps _____ _____ time?

Huge resource _____ by _____ _____ _____ leads _____ slow-downs.

_____ _____ some factory-installed applications _____ _____ _____ _____ restricted capacity _____ then cause slowdowns?

Reduction _____ speed _____ caused _____ high resource _____ _____ _____ mobile applications.

Why do specific default apps _____ _____ lot of _____ phone's _____ _____ _____ _____ _____ down?

Some built-in apps use _____ _____ _____ _____ make _____ device _____.

Some bundled _____ _____ phones _____ _____ _____ drain precious system _____ and _____ speed _____.

There _____ _____ reason that specific pre-installed _____ _____ _____ device _____.

_____ _____ _____ become _____ burden on limited phone _____.

_____ makes _____ _____ hog phone _____?

_____ _____ _____ lag are _____ by _____ app.

Some applications drain _____ _____ phone resources _____ _____ _____.

Where _____ _____ _____ _____ pre-installed app _____ overload?

Why _____ apps _____ _____ on _____ _____ levels?

Why is sluggishness _____ by _____ _____ _____ limited phone _____ by _____?

_____ causes _____ built-in applications _____ _____ a _____ of resources?

Why is _____ _____ _____ resource overload _____?

Do _____ apps _____ the phones _____ _____ _____ delays?

Is some _____ _____ _____ too much _____ _____?

What's _____ deal _____ the pre-installed _____ _____ _____ my phone's _____ and _____ it _____?

_____ _____ _____ apps causing performance _____?

_____ _____ eating _____ _____ battery juice slow things _____.

_____ _____ causes _____ _____ certain _____ software _____ phones _____ drain _____ system assets, causing speed _____.

_____ could _____ app _____ _____ promptness?

_____ are the _____ _____ _____ _____ overload a phone?

_____ resource usage _____ _____ _____ apps leads to _____.

Discuss _____ reasons _____ _____ mobile _____ _____ large amounts _____ _____ resources and _____ device speed.

Why _____ there _____ many _____ _____ resources and _____?

_____ _____ a few _____ take _____ too much _____ on _____ phone?

Some _____ _____ _____ using more _____ resources _____ necessary.

Do _____ _____ _____ resources _____ _____ down phones?

_____ doinstalled apps put _____ _____ the _____?

_____ _____ _____ _____ drain a lot of phone _____.

Why do _____ loaded _____ consume a _____ _____ system _____?

_____ _____ built-in _____ _____ too _____ phone power?

_____ _____ _____ why _____ _____ _____ applications _____ up so much resources on my _____?

Is excessive _____ of _____ _____ resources _____ specific installed _____ the _____ _____ sluggishness?

What is _____ problem with _____ _____ hogging _____ my _____ _____?

_____ how _____ factory-installed _____ apps _____ large amounts _____ _____ system resources, eventually _____ device _____.

What is the _____ _____ these _____ apps _____ _____ _____ resources and _____ _____ snail-like?

There _____ _____ _____ _____ to why certain pre-installed apps _____ excess _____.

Why _____ these apps _____ your _____ by hogging _____ _____ _____ resources.

What if _____ _____ of _____ _____ _____ _____ specific installed apps _____ sluggishness?

_____ do some factory-installed applications _____ _____ phone's _____ _____ and cause _____ _____?

_____ _____ some _____ apps _____ up _____ resources _____ _____ a fast rate?

The pre-installed _____ _____ _____ _____ phone's _____ makes it slow.

_____ applications are _____ _____ much _____ resources.

_____ are the causes _____ _____ that use a _____ _____ _____ resources _____ _____ performance?

Why _____ _____ _____ apps _____ away _____ _____ precious system resources?

Some _____ use too _____ _____ _____ which results _____ sluggishness.

_____ of _____ built-in applications use _____ _____ much _____ resources.

_____ want to _____ _____ _____ of the _____ _____ _____ _____ my phone's power and _____ it hard _____ use.

How _____ _____ _____ software draining of disproportionate _____ of _____ device's _____ capabilities lead it _____ _____ _____?

_____ apps _____ too _____ of _____ phone's resources, _____ _____ to _____ down.

Why _____ _____ _____ apps _____ too _____ _____ and slowing my _____ down?

Some factory-installed _____ deplete significant amounts _____ _____ _____ _____ _____ and cause the phone _____ _____ _____.

_____ _____ pre-installed _____ resource overload?

These _____ apps _____ all _____ _____ _____ and making _____ snail-like, what's _____ problem with _____?

Why _____ sluggishness _____ _____ the excessive _____ _____ _____ _____ resources by _____ installed apps?

____ ____ some apps ____ phone ____ ____ much?

____ are the ____ of ____ apps ____ ____ ____ of phone resources ____ impacting ____?

What ____ the built-in applications ____ use ____ ____ phone ____?

____ ____ ____ app usage ____ promptness?

Pre-installed ____ ____ ____ the battery ____ slows ____ things.

____ is ____ apps ____ ____ down?

____ ____ use of ____ ____ ____ by ____ ____ apps results in sluggishness?

____ the factory-installed apps drain ____ ____ cause ____ ____ of ____?

Some ____ apps consume ____ ____ ____ causes slowed ____.

____ ____ ____ consume too much ____ slowing down ____.

____ ____ ____ why certain built-in apps drain ____ ____ limited ____ ____ it run slower ____ ____.

Explain how excessive ____ usage ____ factory-installed ____ ____ phone ____.

____ ____ certain default ____ ____ limited ____ power?

____ ____ ____ ____ for ____ resource ____ by ____ apps ____ slow down my phone?

____ are pre-installed ____ ____ ____ the phone's ____.

What are ____ ____ ____ for unreasonable ____ of restricted ____ ____ ____ built in ____?

How ____ a ____ ____ ____ ____ disproportionate amounts ____ a device's capabilities lead to ____ ____?

____ pre-installed apps ____ ____.

____ ____ ____ ____ ____ the pre-installed ____ ____ all my phone's resources and making it ____?

____ ____ some factory-installed applications to ____ significant ____ ____ the ____ ____ ____ and cause ____ downs?

The ____ ____ ____ hogging ____ my ____ resources makes my phone ____.

Is it ____ ____ ____ ____ drain resources ____ slow ____ phones?

____ ____ ____ excessive ____ of phone's limited resources, ____ slowdowns.

____ come the pre-installed ____ ____ ____ resources?

Some pre-installed ____ lead ____ ____ performance by ____ ____ resources.

Can ____ ____ to ____ ____ some of the default apps chew up ____ ____ ____ and ____ havoc ____ ____ speed?

____ ____ the ____ apps ____ ____ much phone resources?

What ____ the problem ____ these ____ ____ ____ ____ ____ phone's resources and making ____ slow?

____ ____ sluggishness arise ____ excessive ____ of limited phone ____ ____ ____ installed apps?

____ ____ a built-in ____ ____ consume ____ much ____ on a device?

____ ____ ____ my phone's ____ and ____ it to lag.

____ ____ ____ that pre-loaded ____ ____ to slow down?

How can ____ ____ ____ use too ____ resources ____ make ____ device ____?

____ a ____ include ____ consume too ____ ____?

____ ____ ____ pre-installed apps to use ____ ____ of ____ phone's resources?

____ how excessive resource usage of ____ ____ ____ ____ performance.

____ ____ ____ particular ____ draining disproportionate ____ ____ a ____ finite capabilities leads to ____ performance?

What ____ ____ built in ____ ____ slow down ____ phone?

____ is ____ specific ____ draining ____ ____ of a ____ finite capabilities ____ ____ slower performance?

____ did ____ ____ ____ strain on ____ performance?

Why ____ ____ hogging up limited resources at ____ ____ ____ ____ when phones are ____ ____?

____ causes ____ built-in applications ____ ____ huge amounts of resources ____ ____ ____?

I ____ ____ ____ certain ____ ____ drain my ____ limited resources, which cause it ____ run ____ than ____.

____ ____ ____ of a ____ ____ capabilities ____ ____ apps lead to noticeable regression.

What happens when ____ applications ____ too ____ ____ ____?

____ bundled software ____ phones ____ precious system ____ ____ ____ reductions.

It slows down ____ certain pre-installed ____ use ____ ____ ____ the ____ ____.

Which ____ ____ ____ ____ draining ____ amounts ____ ____ ____ ____ capabilities leads it towards slower performance?

____ ____ reasons as to ____ certain factory-installed ____ ____ consume large ____ of finite ____ resources, ____ device ____.

____ factory-installed apps ____ ____ ____ ____ phone resources, which results ____ ____ operation.

What _____ the _____ _____ built in apps _____ a _____ of phone resources _____ _____ _____?

bloat apps cause _____ phone's _____ _____ _____

_____ _____ _____ specific software draining disproportionate amounts of a _____ _____ _____ _____ leads _____ slower _____?

_____ do these _____ keep _____ your _____ _____?

_____ do _____ applications _____ _____ much _____ resource?

_____ pre-installed _____ _____ phone space.

_____ causes _____ _____ _____ to slow down _____ phone?

_____ _____ pre-installed _____ are _____ _____ precious phone resources.

_____ come _____ _____ _____ _____ too much _____ the phone's limited _____ and cause it _____ _____ down?

What causes certain _____ to _____ _____ _____ of _____ resources?

Why _____ _____ pre-loaded _____ _____ _____ much of _____ phone resources?

_____ _____ built-in _____ use too _____ phone _____?

_____ are _____ _____ for apps that _____ _____ lot of _____ _____ that impact _____?

_____ _____ the _____ for built-in _____ _____ use so _____ phone resources?

A _____ _____ _____ causes _____ _____ apps to slow down _____ phone.

Why _____ certain _____ apps _____ up so _____ of a _____ _____?

Why do _____ apps use _____ much _____ resources _____ _____ _____?

_____ _____ affect _____ pre-installed apps _____ up disproportionate _____ _____ _____ device resources?

_____ a few of the _____ _____ _____ excessive _____?

_____ causes _____ to _____ down the _____?

Huge _____ _____ _____ _____ leads to slow-downs.

_____ are the reasons _____ _____ _____ are heavily _____ phone _____?

How factory-installed apps _____ excessive _____ has _____ _____ _____ _____ phone performance.

The pre-installed apps hogging _____ _____ resources _____ making _____ snail-like _____ _____ _____.

_____ reasons why _____ _____ apps strain _____ _____ _____ are unknown.

Why _____ _____ _____ applications _____ significant amounts _____ _____ phone's limited _____ _____ cause slowdowns?

Huge _____ usage by _____ _____ _____ _____ to slow-down.

These pre-installed _____ _____ hogging _____ _____ _____ _____ _____ making it snail like.

There are causes that _____ _____ bundled software _____ _____ _____ system _____ _____ _____ reductions.

_____ contributes to _____ _____ _____ _____ a phone's capabilities by _____ apps?

Why do some _____ _____ _____ _____ performance _____ your phone?

_____ are reasons _____ _____ _____ _____ excessive device resources.

Some programs _____ _____ phone's _____ reserves _____ make _____ _____ why?

_____ _____ _____ pre-installed _____ hogging _____ limited _____ _____ such a high rate?

There _____ a reason why certain _____ _____ _____ a _____ of _____ _____.

Is _____ a reason _____ _____ _____ apps slow _____ _____ phone?

Why do _____ few applications drain _____ of _____ _____ _____?

_____ _____ _____ cause performance delays if they _____ the _____.

_____ are the _____ _____ built-in apps to _____ _____ _____ of _____ resources?

_____ some of _____ pre-installed _____ _____ too much speed _____ _____?

There is a _____ about _____ _____ _____ _____ excessive device _____.

_____ _____ a _____ software draining _____ _____ of a _____ capabilities _____ to slower _____?

_____ bundled software in _____ can _____ _____ _____ _____ leading _____ speed reductions.

_____ _____ it that causes _____ _____ _____ _____ _____ lot of phone resources?

What causes _____ consumption _____ _____ _____ _____ capabilities _____ default apps _____ cause regression?

Why _____ _____ built-in apps _____ _____ _____ of resources and _____ my _____ slow?

_____ pre-installed _____ hogging all my _____ resources _____ making _____ snail-like, _____ _____ deal?

_____ are _____ _____ _____ hogging up limited resources _____ such _____ aggressive _____?

Is _____ reason _____ _____ resource _____ by _____ apps?

The pre-installed _____ _____ hogging _____ my phone's _____ and making _____ _____.

Why is ____ ____ ____ ____ ____ of limited phone resources ____ specific ____ apps?

Why does built-in apps ____ ____ ____ ____ ____ power?

What ____ ____ ____ of apps heavily ____ phone resources that ____ ____?

____ ____ ____ apps to ____ too ____ phone resources?

____ does certain ____ ____ ____ down ____ phone?

____ ____ ____ use too ____ resources ____ make my ____ slower.

____ are ____ ____ ____ ____ built-in apps slowing down?

____ ____ these useless factory-installed ____ overload ____ phone ____?
