[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Bandwidth constraints
Description	Customers may have concerns about their bandwidth, such as slow internet speeds, inconsistent connection, or reaching data limits. They seek assistance in troubleshooting and optimizing their bandwidth for better performance.
Data Size	5,005 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

What ____ should be taken when ____ ____ slowdowns ____ ____ hours ____ high ____ ____ congestion?

How to deal ____ ____ ____ around ____ ____?

When ____ with a ____ ____ ____ ____ busy times, ____ are the ____?

____ you have any ____ about ____ to ____ with ____ down ____ ____ hours?
