[Demo] NLP Dataset for Customer Service Automation

Company Type	Credit Card Companies
Inquiry Category	Security and identity theft concerns
Inquiry Sub-Category	Credit card fraud prevention
Description	Customers inquire about fraud prevention measures implemented by the credit card company, seeking reassurance and information on additional security measures to safeguard their accounts.
Data Size	5,397 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Credit Card Company" customer inquiry. (Purchased data will not be masked.)

____ ____ alone safe ____ nowadays, ____ should ____ ____ ____ added as an ____ ____ of security?

Can ____ ____ on ____ alone, ____ ____ ____ need another layer ____ protection?

____ ____ use ____ ____ the current ____ system?

____ ____ safe ____ or should ____ ____ more security?

____ chip-and-pin alone safe ____ or should ____ ____ ____ security?

____ ____ ____ guarantee ____ in this ____ and age?

____ chip-and-pin ____ on it's ____ or ____ ____ measures?

____ ____ ____ good ____ to add ____ chip-and-pin security ____ biometric verification ____?

____ ____ ____ enough today?

____ ____ protects us, is it ____ ____ some ____ tech?

____ ____ alone ____ ____ ____ or is it ____ to enhance ____ biometrics?

____ chip and pin secure ____ ____ ____ or ____ we ____ more?

____ ____ safe ____ the ____ alone?

Is ____ alone ____ to offer ____ today, or ____ it ____ to ____ ____ ____ of ____?

____ it ____ ____ good, ____ ____ ____ add some extra protection?

Is ____ ____ ____ ____ ____ their own today, or should we include biometrics ____ ____ ____ ____ of defense?

Do chip-and-pin ____ enough safety ____ ____ we ____ ____ verification ____?

Can ____ ____ ____ security today, or should ____ be ____?

Is it ____ ____ ____ ____ with the current ____ andPIN ____?

____ chip-and-pin ____ ____ ____ ____ should ____ use other verification methods?

Is chip-and-pin ____ ____ it's ____ or needs ____ ____?

Is it necessary to ____ ____ ____ verification if ____ alone ____ ____?

Can ____ trust ____ ____ pin ____ have a bio ____?

Is ____ really ____ or ____ ____ put ____ ____ there too?

____ ____ ____ us, is ____ time ____ fingerprint tech?

____ it ____ to have ____ ____ and a ____?

Is ____ & ____ good ____ ____?

____ ____ enough ____ a ____ measure now?

Do chip-and-pin ____ ____ ____ or is it ____ to ____ with ____?

____ ____ enough ____ days for ____?

Are ____ ____ to rely on ____ ____ or ____ we ____ more ____?

I ____ know if I can trust ____ ____ or ____ it's ____ ____ idea ____ ____ some ____

Is it ____ ____ provide enough safety ____ ____ ____ do ____ ____ more security?

____ ____ think ____ security should be ____ with ____ Biometrics Verification ____?

Are ____ ____ to ____ ____ ____ right now?

Are we ____ to rely solely ____ ____ ____ ____ do we need ____ ____ layer ____ ____?

Is chip-and-pin ____ ____ ____ ____ security?

____ it ____ to ____ ____ chip-and-pin ____ or ____ there a ____ for ____ security?

____ ____ a good idea ____ ____ ____ to chip-and-pin?

____ you ____ chip-and-pin security should ____ ____ with ____ for better ____ ____?

____ ____ safe alone ____ or should there ____ ____ security?

Is chip-and-pin enough ____ ____ ____?

____ chip-and-pin provide ____ ____ or ____ we ____ using a ____ method?

Is ____ ____ enough ____ days or do ____ ____ ____ kind of ____?

Is ____ and-pin ____ ____ today?

Does chip-and-pin ____ ____ ____ or should ____ use ____?

Do you think chip-and-pin ____ ____ ____ supplemented with ____ ____ ____ ____ protection?

____ can chip- and ____ keep ____ ____?

____ you ____ chip-and-pin security should ____ ____ ____ biometric verification ____ ____ ____ data protection?

____ ____ safe on its ____ ____ ____ more precautions?

____ chip-and-pin provide ____ safety ____ ____ we use ____ different type ____ ____?

____ chip-and-pin safe ____ its own, ____ extra ____ ____?

____ it safe to ____ only ____ ____ ____ would extra protection like ____ ____ worth ____?

____ ____ alone good ____ for ____ today?

Is traditional pin ____ ____ ____ ____ ____ or ____ we ____ a layer of defense ____ the ____ ____ biometrics?

Is ____ ____ safety with ____ ____ PINs?

____ chip- ____ ____ adequate today?

Is it safe ____ depend ____ ____ ____ ____ checks?

Do ____ ____ offer adequate ____ or should ____ ____ ____ checks?

Is ____ ____ to use only ____ ____ ____ ____ ____ ____ ____ if you had extra protection?

Are we able ____ ____ ____ ____ chip-and-pin nowadays, ____ ____ ____ ____ an additional ____ of protection?

____ it ____ to ____ ____ ____ or ____ we use extra protection?

____ chip-and-pin ____ alone, or ____ there ____ ____ extra layer of ____?

____ it necessary to ____ with ____ ____ ____ chip-and-pin alone ____ suffice?

Can ____ alone ____ ____ ____ ____ transactions, ____ ____ it be ____ to use Biometrics?

Is ____ alone sufficient today, ____ is it necessary ____ ____ ____ ____?

Is ____ possible to ____ enough safety ____ ____ now or ____ we need ____ ____ ____?

Is chip-and-pin ____ safe anymore, ____ should ____ ____ something ____?

Should ____ ____ more than ____ chip and ____ ____?

____ chip-and-pin cards ____ ____ ____ ____ we add ____ to ____ ____ even more safe?

____ ____ enough?

____ ____ ____ ____ to ensure enough ____ for transactions, ____ is ____ more ____ ____ use Biometrics?

Is ____ ____ ____ good, or ____ we ____ more security?

____ it ____ to use chip ____ ____ measures or is ____ ____ need ____ ____ security?
