[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Technical support for mobile applications
Inquiry Sub-Category	App updates and new features
Description	Customers might inquire about new features, updates, or compatibility requirements for specific mobile applications, as well as seeking assistance with implementing these updates effectively.
Data Size	5,840 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Have security _____ been enhanced _____ part _____ recent software revisions made _____ _____ _____ _____ _____ _____?

Can you tell _____ _____ _____ _____ _____ to _____ network operators' software _____ any _____ improvements?

The latest _____ changes _____ _____ developers _____ _____ _____ _____ may _____ improved security measures.

Did recent _____ _____ by _____ _____ _____ increase security?

Do recent software _____ _____ Mobile _____ Operators _____ _____?

Is enhanced _____ part _____ _____ recent _____ modifications by developers _____ _____ _____ Operators?

Did MNO _____ improve _____ in _____ _____?

_____ the _____ _____ Mobile Network Operators add security _____ _____ _____?

_____ _____ security measures _____ in the _____ software _____ by _____ _____ Operators?

_____ that _____ been implemented _____ _____ from _____ _____ Operators have _____ _____ security level.

Is _____ true that _____ has _____ _____ _____ _____ software revisions _____ Moblile _____ Operat.

Security measures might _____ been improved _____ _____ _____ at _____ Network _____.

_____ changes _____ by developers _____ _____ _____ Operators may _____ improved _____ measures.

_____ _____ _____ _____ operators include better safety _____ _____ their most _____ software updates.

_____ you _____ _____ recent _____ revisions made by developers _____ Mobile _____ _____ _____ security?

_____ security enhancements _____ been _____ _____ mobile _____ operators software.

There are _____ security enhancements in _____ _____ _____ _____ _____ Mobile _____ Operators.

_____ _____ _____ Network _____ made changes to _____ _____ that _____ have improved security.

_____ features _____ _____ Network _____ were revised.

Do _____ _____ for Mobile _____ _____ _____ the security _____ their software?

Did software revisions _____ by _____ _____ _____ _____ improved _____ measures?

Did _____ recent _____ _____ _____ Mobile Network Operators _____ improved _____ measures?

_____ _____ mobile _____ _____ _____ security features with their _____ revisions?

_____ _____ _____ revisions at Mobile _____ _____ improved security?

Is _____ any _____ _____ features _____ in the _____ _____ _____ made by _____ network operators?

Developers _____ at Mobile _____ _____ might _____ strengthened _____.

_____ _____ _____ software _____ _____ mobile _____ operators have any _____ security features?

Did Mobile Network _____ _____ your _____ with _____ _____ revisions?

Is ____ ____ ____ ____ Netowrk Operat has ____ security?

Is the ____ ____ revisions from Mobile ____ Operators ____ ____ ____ ____ security?

____ network ____ ____ their ____ did they ____ security?

Do ____ ____ ____ recent software ____ made by ____ ____ ____ have improved security?

Developers ____ Mobile Network ____ ____ been updating ____ software ____.

Have mobile network ____ ____ ____ ____ of their ____?

____ MNO ____ security ____ recent software ____?

Is there a ____ ____ of security ____ ____ ____ revisions ____ ____ operators?

Is there ____ ____ ____ the software revisions made ____ developers ____ ____ ____ operators?

Changes implemented ____ ____ ____ Mobile ____ ____ have ____ to an ____ ____ the security level.

____ you improve security in ____ ____ ____ updates ____ Mobile ____ Operators?

____ ____ ____ made by ____ ____ Mobile Network Operators ____ have improved ____.

The recent ____ revisions ____ ____ Mobile ____ Operators had security ____ ____.

____ ____ any ____ ____ ____ implemented in ____ software ____ made ____ mobile network operators?

Do you ____ ____ ____ were ____ ____ changes in the recent revisions ____ the ____ ____ ____ software?

Is better ____ ____ included ____ ____ ____ recent ____ updates from ____ ____ network operators?

Better ____ ____ ____ implemented ____ the ____ network ____ in ____ most recent ____ updates.

Did ____ ____ revisions ____ ____ Network ____ affect security measures?

____ ____ ____ ____ to the ____ of the mobile ____ operators.

Did ____ Mobile ____ Operators ____ ____ ____ features with ____ latest revisions?

____ security enhancements were ____ ____ to ____ network operators' ____.

Is the recent software ____ at ____ ____ ____ ____ security?

Recent ____ by developers at ____ ____ Operators ____ ____ security.

Does ____ ____ software ____ ____ by mobile ____ operators include ____ additional security ____?

____ ____ recent software revisions from Mobile ____ ____ ____ enhanced security ____?

____ wonder if ____ latest software ____ applied ____ ____ at ____ ____ Operators ____ security.

Did the ____ at ____ Network ____ improve ____ ____ security?

____ ____ ____ added to mobile network ____ software ____.

____ ____ better safety protocols implemented by ____ mobile ____ ____ ____ their most ____ software ____.

____ mobile network ____ include ____ ____ security features in ____ ____ ____ adjustments?

Did recent software ____ ____ your ____ ____ Mobile Network ____?

The recent ____ revisions ____ ____ network ____ may ____ ____ security measures.

____ ____ know ____ there were ____ security improvements ____ the ____ revisions ____ ____ mobile network ____ software?

____ it ____ that the ____ ____ revisions ____ Moblile Netowrk ____ ors ____ ____ security?

Is it true ____ the mobile ____ ____ have ____ ____ safety protocols in ____ ____ ____ software ____?

____ any ____ security ____ added ____ the ____ updates?

____ ____ ____ at ____ been able ____ beef up their pathetic security ____ in ____ latest ____ ____?

____ ____ who ____ for Mobile Network Operators increase ____ security ____ ____?

____ ____ operators' ____ software ____ ____ security enhancements.

____ ____ ____ software revisions make you more secure at ____ ____ ____?

____ Mobile ____ Operators ____ their ____ with recent ____ revisions?

____ measures ____ ____ been ____ ____ the recent software revisions by mobile ____ ____.

The latest ____ revisions ____ made ____ developers ____ Mobile ____ ____.

In ____ software revisions, did ____ ____ ____ ____?

Do ____ at Mobile Network Operators ____ ____ as ____ ____ their ____ ____?

____ the ____ ____ ____ ____ Network ____ get ____ with the latest revisions?

____ recent software ____ done by designers ____ ____ ____ providers ____ ____ of ____ magnifications?

Did ____ ____ ____ Mobile Network Operators improve ____ ____?

The recent ____ revisions ____ ____ ____ ____ should have updated ____ measures.

____ ____ know if ____ were ____ security ____ ____ ____ ____ of the mobile ____ operators' software?

____ ____ operators make ____ ____ to security protocols in ____ latest ____ ____?

____ were ____ ____ in ____ ____ adjustments made by the mobile ____ ____.

Security measures ____ ____ in the ____ software revisions by ____ ____ ____.

____ ____ ____ ____ done by ____ ____ wireless communications ____ cause security magnifications?

The recent ____ ____ ____ the ____ network operators ____ ____ updated security ____.

____ ____ ____ Mobile Network Operators made ____ to ____?

Do recent ____ ____ made ____ ____ ____ Mobile Network Operators ____ security?

Did recent ____ ____ by developers ____ Mobile Network ____ ____ ____?

____ any enhanced ____ functions ____ ____ the newest ____?

MNO might ____ put ____ safeguards into their ____ with ____ ____ ____.

____ revisions ____ by developers at ____ Network ____ ____ ____ improved ____ measures.

Did ____ ____ ____ security ____ the recent software ____?

____ ____ ____ ____ Network Operators improve ____ in the ____ software updates?

____ ____ ____ Mobile Network Operators ____ security in recent ____ ____.

Developers from Mobile ____ ____ ____ ____ that ____ ____ increased ____ security level.

Is there ____ ____ ____ features implemented ____ the latest ____ adjustments by the ____ ____ ____?

Developers ____ ____ ____ Network Operators may ____ increased ____ security ____.

____ the ____ ____ ____ ____ Operators enhance security ____ ____ recent software modifications?

____ ____ MNOs ____ extra ____ to ____ software?

____ recent software ____ ____ mobile ____ operators ____ have updated ____ measures.

____ software revisions by Mobile ____ ____ may ____ led ____ increased ____ ____.

____ latest software revisions ____ Mobile ____ Operators ____ ____ ____ security measures.

____ there ____ ____ security ____ in ____ ____ revisions of mobile ____ operators' software?

____ recent ____ ____ ____ ____ more ____ at Mobile Network Operators?

MNO, ____ ____ ____ functions ____ to ____ latest updates?

____ the ____ ____ improve the security ____ ____ revisions?

____ ____ revisions ____ mobile ____ operators' software ____ security?

____ developers ____ Mobile Network ____ improving ____ in their ____?

Can ____ ____ me if there ____ any ____ improvements ____ the ____ ____ of ____ ____ ____ mobile network operators?

Can ____ ____ me ____ there were ____ improvements ____ the recent ____ ____ mobile network ____ ____?

Mobile ____ ____ might have implemented ____ ____ protocols ____ ____ most ____ software updates.

In the latest software adjustments ____ ____ mobile ____ ____ ____ there ____ ____ ____ features?

____ ____ recent software ____ ____ Mobile Network ____ feature enhanced ____?

____ the ____ ____ the ____ ____ operators improved security?

Did the ____ ____ mobile ____ ____ ____ ____ in recent software updates?

Recent software ____ by ____ ____ operators have heightened ____ ____.

Did ____ ____ software revisions ____ Mobile Network Operators ____ ____ security ____?

Did developers ____ ____ network ____ make any ____ ____ ____ measures ____ their software ____?

____ the recent ____ revisions ____ Mobile Network ____ have better ____ ____?

Can ____ ____ me if ____ ____ ____ ____ improvements ____ ____ recent ____ of mobile network operators' software?

Can ____ software ____ at Mobile ____ ____ increase ____?

____ ____ network operators ____ improvements to the security ____ ____ ____?

____ ____ ____ revisions done ____ mobile ____ may have ____ ____ protocols better.

____ for ____ Network Operators ____ have increased ____ measures ____ they revised ____ ____ ____.

____ ____ working for Mobile ____ ____ strengthen ____?

Is there an ____ in security ____ ____ ____ software revisions ____ ____ ____ Operators?

The ____ ____ ____ for ____ Network ____ may have improved security ____.

Did ____ MNO developers ____ ____ ____ ____ software revisions?

____ MNO ____ increase ____ ____ recent ____ revisions?

Have recent ____ ____ ____ by ____ of wireless ____ providers ____ Security ____?

____ wonder if ____ working for Mobile ____ ____ ____ ____ security ____ recently.

Recent software ____ made ____ developers at ____ ____ ____ may have ____ ____ measures.

Enhancements to ____ protocols ____ made ____ the software ____ done ____ ____ ____.

Recent ____ implemented by ____ ____ ____ ____ Operators ____ have ____ the security level.

____ recent software ____ by Mobile ____ Operators ____ security ____?

____ the ____ ____ for Mobile Network Operators increase the ____ ____ ____ ____?

____ the ____ software ____ from ____ ____ Operators have ____ security enhancements?

____ the ____ team at ____ ____ ____ ____ improvements to security?

There ____ new ____ features in the ____ ____ made ____ mobile ____ ____.

____ mobile ____ ____ might ____ ____ ____ safety protocols ____ part ____ the most recent software ____.

____ Security ____ were ____ to mobile ____ operators' ____.

Did ____ ____ security in recent software ____ ____ Mobile ____ ____?

Enhancements ____ security ____ the latest ____ ____?

____ ____ maintenance ____ by ____ of ____ ____ providers may have ____ ____ security magnifications.

____ ____ recent ____ revisions made by developers ____ Mobile ____ ____ ____ security?

Recent ____ ____ ____ Mobile ____ Operators ____ caused security measures ____ ____ increased.

Recent changes implemented by ____ developers ____ Mobile ____ ____ have ____ ____ security ____.

____ ____ mobile network operators ____ in better safety ____ ____ ____ of ____ ____ recent software ____?

Did ____ ____ ____ ____ Mobile Network ____ add more ____ features?

____ ____ ____ by ____ from ____ ____ Operators ____ raised the security level?

____ ____ software revisions ____ Mobile ____ Operators ____ security?

____ the software revisions ____ by ____ at mobile ____ operators ____ ____ ____?

Do ____ network operators ____ enhanced ____ ____ ____ software?

____ measures may have ____ ____ in the ____ ____ revisions by Mobile ____ ____.

Did MNO put in ____ ____ ____ ____ new ____?

Did the ____ ____ at Mobile ____ ____ make any ____ ____ their ____?

Is it possible ____ ____ software ____ by ____ ____ ____ communications providers caused ____ ____?

____ ____ recent ____ ____ at Mobile Network Operators make ____ ____ secure?

____ ____ development ____ at ____ Network Operators ____ security ____ better?

Is the ____ software updates ____ mobile ____ operators ____ ____?

Do you know if ____ ____ ____ ____ to security in ____ ____ revisions of ____ ____ ____ software?

____ the new ____ ____ ____ Mobile ____ Operators good ____ security?

So, have the geniuses over ____ ____ succeeded ____ beefing ____ their ____ ____ ____ ____ ____ latest software changes, or ____ it ____

____ there ____ improvement to ____ ____ recent ____ updates ____ Mobile ____ Operators?

Does recent ____ revisions by ____ ____ ____ affect ____?

____ ____ operators make ____ ____ security protocols ____ ____ latest software revisions?

Had ____ mobile network ____ implemented ____ safety ____ ____ ____ of ____ most recent ____ updates?

____ ____ ____ ____ by ____ ____ Mobile Network Operators enhancing security?

____ recent changes ____ by ____ from Mobile ____ ____ ____ the security ____?

____ the ____ ____ make improvements ____ the ____ of ____ software?

Correct, security ____ ____ added ____ ____ network operators' ____ revisions.

Did ____ ____ stronger safeguards ____ new ____?

____ ____ at mobile network operators make security ____ ____ ____ software ____?

____ ____ were ____ ____ MNO's systems with new ____.

Have ____ revised ____ at ____ Network ____ improved ____?

Enhancements were made ____ ensure better ____ in the ____ ____ ____ for ____ ____ ____.

MNO ____ ____ have improved ____ ____ ____ in ____ software revisions.

Did recent ____ revisions ____ your ____ ____ ____ Network Operators?

____ the revisions of the ____ ____ the ____ network ____ ____ security ____?

The latest software ____ ____ ____ Mobile ____ ____ ____ have ____ security measures.

Did _____ devs _____ _____ _____ security?

_____ _____ _____ _____ for Mobile Network _____ increase security measures?

_____ recent _____ _____ _____ Mobile _____ Operators increased the level of _____?

_____ have been _____ to _____ better _____ in Mobile _____ Operators' _____

Did mobile network _____ _____ _____ safety _____ _____ _____ software updates?

_____ the recent _____ _____ _____ Mobile Network _____ have better _____?

Did _____ _____ _____ Mobile Network Operators _____ their _____?

_____ _____ features _____ Mobile Network _____ have _____ updated.

_____ the mobile network _____ _____ improvements to _____ safety protocols _____ _____ _____ software _____?

_____ working _____ _____ Network Operators might _____ _____ _____ _____ measures to their software.

_____ the mobile _____ _____ _____ safety _____ _____ their most recent software _____?

_____ _____ _____ software _____ by _____ Network Operators have _____ security?

Is _____ _____ that _____ working _____ Mobile _____ Operators _____ _____ measures to their _____?

Have security measures been _____ for _____ _____ _____ _____ Mobile Network _____?

_____ the recent software revisions from _____ _____ Operators _____ _____ security _____?

Is the _____ _____ _____ Network _____ enhancing _____ measures?

Do _____ _____ software _____ from _____ Network Operators _____ enhanced _____?

The _____ features of _____ Mobile Network Operators _____ _____ _____.

_____ security measures were _____ _____ _____ _____ software revisions _____ Mobile Network _____.

Developers _____ for Mobile _____ _____ may _____ _____ more _____ measures.

_____ MNO introduce _____ _____ _____ new updates?

Increased security _____ _____ _____ _____ _____ the recent software _____ _____ Mobile Network Operators.

Is _____ _____ _____ _____ from Mobile Network Operators _____ _____ security?

Did _____ at Mobile _____ _____ enhance _____ as _____ _____ their recent _____?

Do you think _____ recent _____ revisions _____ _____ _____ _____ _____ your security?

_____ _____ Network Operators have better security _____ _____ _____?

Are recent _____ maintenance _____ _____ designers _____ _____ communications _____ _____ cause of _____ magnifications?

Did _____ _____ _____ by _____ _____ Mobile Network Operators _____ security?

_____ the _____ _____ maintenance done _____ the _____ of _____ communications providers cause _____ _____?

_____ latest _____ _____ at Mobile _____ Operators _____ have _____ security.

The _____ Network Operators _____ updated _____ _____.

_____ recent software revisions from _____ _____ Network Operators include _____ _____ _____?

_____ recent revisions _____ mobile network _____ software _____ _____ _____ improvements?

_____ _____ _____ of _____ Network Operators improving _____?

Did _____ _____ operators _____ better _____ protocols as part _____ their most _____ _____ _____?

_____ to _____ _____ functions of _____ latest updates, _____?

Do you _____ if _____ were _____ improvements _____ _____ revisions of _____ network _____ _____?

Can you _____ me if _____ _____ _____ _____ _____ in recent _____ of _____ mobile network operators' _____?

Did _____ _____ team _____ _____ _____ Operators make _____ changes to their security _____?

Have recent software _____ _____ _____ _____ designers of wireless _____ providers caused _____ _____?

Is _____ _____ that _____ has been _____ in _____ _____ _____ revisions _____ Moblile Netowrk _____ ors?

Is _____ _____ _____ recent _____ _____ for _____ _____ _____ have more security in them?

_____ recent _____ maintenance done by _____ of _____ communications _____ the _____ _____ _____ magnifications?

_____ _____ _____ _____ added to mobile network _____ software.

Did the _____ _____ operators _____ _____ security features with _____ latest _____?

So, have the _____ _____ _____ MNO managed _____ _____ up _____ security _____ in _____ latest _____ changes or _____ another epic _____

_____ _____ any _____ _____ after recent software revisions _____ Mobile Network _____?

Is there _____ _____ security features _____ in _____ _____ adjustments made _____ _____ network _____?

Did _____ _____ software revisions _____ _____ _____ Operators include enhanced security _____?

Could _____ tell _____ _____ the recent _____ updates _____ by Mobile _____ Operators _____ improved _____?

____ ____ software revisions ____ your ____ at Mobile Network ____?

____ the ____ software ____ at ____ ____ Operators ____ your security?

Recent changes ____ ____ ____ of ____ Network Operators may have ____ ____ security ____.

Can ____ confirm if ____ ____ updates made by ____ ____ Operators ____ ____?

Is there ____ security ____ ____ the ____ ____ ____ by Mobile ____ Operators?

Is ____ better safety ____ ____ the recent software ____ ____ the ____ network ____?

Recent ____ by developers from ____ Network ____ ____ increased ____ ____ level.

The latest software changes applied by ____ ____ ____ ____ Operators ____ ____ ____ improved.

____ ____ ____ changes ____ the security of mobile network ____ ____ recently?

Did the ____ ____ operators make any ____ ____ features ____ their ____?

The ____ software adjustments ____ by mobile network operators ____ ____ included ____ ____ ____.

____ software maintenance ____ ____ ____ ____ communications ____ may have ____ to security magnifications.

Is ____ latest software updates ____ Mobile ____ ____ ____ ____ security?

Enhancements ____ been ____ to ____ ____ most recent ____ for ____ ____ Network Operators' systems ____ ____.

Have ____ developers at ____ ____ ____ ____ their security?

Have developers ____ ____ ____ ____ upgraded their ____?

Did you ____ ____ your ____ recent ____ ____ at Mobile ____ ____ have ____ security?

Security in the software ____ ____ Mobile Network ____ ____ ____.

____ mobile ____ operators make improvements to their ____ ____ in ____ ____?

Is the ____ ____ the recent ____ updates ____ ____ ____ developers ____ Mobile ____ Operators?

Do ____ latest ____ updates ____ Mobile ____ Operators improve ____?

____ ____ ____ ____ improved ____ the developers at Mobile Network ____?

The latest software changes ____ ____ ____ at Mobile ____ ____ may have led ____ ____ ____ ____.

Did software revisions for ____ ____ ____ include improved ____ ____?

The recent software ____ ____ the ____ network ____ ____ security ____.

____ ____ software revisions ____ the ____ Network Operators have ____ security ____.

Have ____ ____ ____ ____ Operators ____ their software?

____ ____ Mobile Network ____ ____ up ____ security with ____ software revisions?

____ ____ development ____ ____ Mobile Network Operators ____ ____ features better ____ their ____ revisions?

____ ____ ____ network operators implemented better safety protocols ____ ____ most recent ____ ____?

Have ____ geniuses ____ at MNOs ____ in ____ up ____ ____ security ____ ____ the latest ____ changes or have ____ ____ again?

Developers working ____ Mobile ____ ____ ____ have strengthened their ____.

____ ____ ensure better security ____ ____ in ____ most recent updates ____ ____ ____ Operators.

Did ____ recent software ____ ____ Mobile ____ ____ include ____ security measures?

____ measures in ____ software ____ were improved ____ ____ at Mobile ____ ____.

Do mobile operators ____ ____ safety ____ in ____ ____?

____ developers ____ Mobile ____ Operators may have ____ ____ ____ measures.

____ designers ____ ____ communications ____ conducted ____ software maintenance ____ ____ have ____ security magnifications.

The ____ software ____ of ____ ____ operators ____ improve security.

____ it true ____ recent software revisions ____ Moblile ____ Operat ____ ____ ____ security?

Do the ____ software revisions ____ ____ ____ Operators ____ improvements ____ security?

____ recent ____ revisions ____ Mobile ____ Operators ____ ____ enhanced security measures.

____ ____ ____ their security ____ in ____ software revisions.

Did ____ developers of ____ ____ ____ ____ their security measures?

Developers ____ ____ Network ____ improved ____ ____ recent software updates.

____ recent software ____ ____ mobile network ____ ____ security?

____ ____ ____ Mobile Network ____ increase ____ in recent ____ updates?

____ ____ ____ devs make any changes ____ their security ____?

Enhancements ____ been ____ to ensure ____ security ____ the ____ ____ ____ for ____ Network Operators

Did ____ know ____ your ____ ____ updates at Mobile Network ____ ____ ____?

____ measures ____ updated during the recent software ____ ____ ____ ____ ____ Operators.

____ have been ____ ____ ____ ____ security in ____ network operators' systems

____ recent software ____ ____ Mobile ____ Operators ____ security?

____ wondered if ____ implemented stronger ____ ____ ____ systems ____ new updates.

____ developers of software ____ Mobile ____ ____ ____ their security?

____ ____ software revisions from ____ ____ ____ ____ enhanced security enhancements?

Correct, security enhancements were ____ during recent ____ ____ ____ ____ ____ operators.

____ in the ____ software ____ ____ Mobile ____ Operators ____ questionable.

Did the MNO ____ improve ____ ____ ____ ____ revisions?

____ ____ ____ revisions by ____ Network Operators raising ____ level of ____?

Developers ____ for ____ Network ____ enhanced ____ security measures ____.

Have ____ ____ maintenance done by the designers ____ ____ ____ providers ____ security ____?

So, have ____ ____ over at MNOs been able ____ beef ____ ____ ____ measures ____ ____ latest ____ changes?

The security features ____ ____ ____ ____ Operators were ____.

____ the recent ____ updates ____ by ____ Network ____ improved ____ security?

The latest ____ ____ by mobile ____ ____ ____ ____ ____ to security protocols.

The latest software updates ____ the ____ ____ Operators ____ ____ improved ____.

Is ____ security ____ ____ ____ ____ by the Mobile Network ____?

Do ____ recent software revisions ____ Mobile Network ____ ____ ____?

____ the mobile ____ operators ____ improved safety ____ ____ ____ software updates?

____ ____ the geniuses over at ____ ____ managed to beef up ____ security ____ in ____ latest ____ ____ or ____

Is ____ security ____ ____ ____ recent software revisions ____ Moblile Netowrk ____ ____?

____ recent ____ revisions from Mobile ____ ____ ____ boast ____ security.

____ ____ ____ ____ Mobile Network Operators ____ their security?

____ the ____ developers ____ ____ in ____ recent software revisions?

Did there improvements made ____ security ____ in the ____ ____ ____ ____ mobile ____?

____ have been made ____ ensure better ____ ____ ____ most recent ____ ____ the Mobile ____ ____ systems.

____ MNO devs ____ at ____ in recent ____ ____?

Can ____ ____ if there was an ____ ____ security in ____ recent ____ ____ the mobile network ____ ____?

Did developers ____ ____ ____ operators ____ improvements to security ____ in ____ ____ they ____?

Did ____ ____ revisions by ____ ____ ____ include ____ security measures?

____ ____ ____ Operators ____ ____ software for better security?

____ software revisions ____ ____ mobile network operators ____ security ____?

Recent software ____ ____ ____ wireless communications providers ____ have caused ____ ____.

Enhancements ____ ____ ____ ____ ensure ____ security in ____ most recent updates for ____ ____.

Security ____ ____ in the latest ____ ____ ____ ____ Network Operators.

Is ____ possible that developers working for ____ ____ ____ increased ____ in ____ ____ ____?

Does the recent ____ ____ ____ ____ Network ____ have enhanced ____ features?

Is ____ ____ revisions by ____ Network ____ have ____ security?

____ safeguards ____ ____ by developers working at ____ ____?

So, ____ ____ ____ over ____ MNOs ____ to ____ up their ____ security ____ ____ the ____ software changes, or ____ another

Do ____ software ____ ____ by developers ____ Mobile ____ ____ include enhanced ____?

Mobile Network Operators may have ____ ____ ____ ____ their recent ____ ____.

____ there a ____ ____ ____ security ____ the recent ____ ____ by ____ Network Operators?

Is it ____ that recent ____ ____ ____ Moblile ____ Operat ors ____ ____ security?

____ the developers ____ Mobile ____ ____ ____ on security?

____ latest ____ adjustments ____ ____ ____ network ____ may contain additional security ____.

Did mobile network operators add ____ ____ features ____ ____ ____?

____ you make improvements to ____ features in recent ____ ____ ____ Mobile ____ ____?

There ____ ____ ____ in ____ software ____ done by ____ operators.

Does the recent software ____ ____ _____ Network ____ ____ _____ security?

Have you been able to ____ ____ ____ your most ____ ____ updates ____ ____ ____ Operators?

Did you ____ security features better ____ the ____ ____ ____ for mobile ____ ____?

Did ____ ____ improve ____ at Mobile ____ ____?

____ security ____ in the ____ ____ ____ of the Mobile Network ____?

____ ____ recent software ____ from ____ Network Operators improve the ____ ____?

____ ____ developers at ____ ____ Operators enhanced their ____?

____ ____ ____ network ____ use ____ ____ protocols ____ their latest software updates?

____ ____ ____ software ____ by ____ Network Operators ____ better security measures?

____ ____ mobile ____ ____ ____ better safety protocols in their ____?

Did ____ ____ at Mobile Network Operators ____ ____ to ____ ____?

____ ____ ____ Network ____ improve ____ ____ features with their latest revisions?

Is ____ true ____ security has been ____ ____ ____ ____ software ____ for Moblile ____ Operat ____?

____ development team ____ ____ Network ____ ____ improvements to their security ____.

Did ____ operators make ____ ____ ____ ____ ____ the latest software revisions?

____ developers at Mobile ____ ____ improve ____ ____ their software ____?

Developers ____ for the ____ Network Operators ____ have ____ ____ ____.

Did ____ Network ____ change their software to ____ ____ ____ ____?

____ at ____ Network ____ ____ recently ____ software ____ that ____ enhanced security.

____ ____ software ____ ____ mobile network operators ____ security?

____ mobile ____ ____ ____ improvements ____ security ____ in software revisions?

Is ____ true that ____ ____ changes ____ ____ Netowrk Operat have ____ ____?

____ ____ ____ that software revisions for ____ Netowrk ____ have enhanced ____?

____ the latest software ____ by the mobile ____ ____ ____ ____ additional ____ features?

____ ____ by developers ____ ____ Network Operators have raised ____ ____ level.

Developers at ____ ____ Operators ____ ____ ____ security.

____ the ____ ____ updates ____ ____ Mobile Network ____ have improved security?

____ ____ developers of software ____ Mobile ____ Operators improve ____ ____?

____ recent ____ ____ from ____ Network Operators have ____ security?

____ ____ ____ may have enhanced security ____ their ____ software ____.

____ team ____ ____ Network Operators made changes to ____ ____ ____.

____ it ____ ____ Moblile Netowrk ____ has more ____ in ____ software ____?

____ ____ security ____ recent software ____ improved by the ____ ____ Mobile Network ____?

____ changes made ____ ____ developers ____ Mobile Network Operators ____ ____ the ____ level.

____ the ____ ____ updates improved security for developers ____ ____ Network ____?

The ____ software ____ ____ Mobile Network ____ ____ ____ compared to ____ security enhancements.

____ the recent ____ ____ ____ ____ Network Operators include security ____?

Developers ____ ____ ____ Network Operators may have ____ ____ ____ measures recently.

Is ____ ____ ____ done by ____ of wireless ____ providers ____ ____ Security magnifications?

Did developers ____ ____ Mobile ____ ____ change their security ____?

Correct, ____ recent ____ ____ by mobile ____ ____ ____ security enhancements.

Enhancements have ____ ____ to ensure security ____ the ____ ____ ____ for ____ ____ Operators.

Did ____ mobile network ____ make changes ____ ____ ____ protocols in ____ software ____?

____ ____ security ____ included in the new ____ revisions ____ ____ Network ____?

Is ____ any ____ ____ the ____ of mobile ____ operators' ____?

Developers at ____ Network ____ ____ have ____ ____ to their ____.

____ ____ ____ me ____ the recent software ____ ____ by Mobile Network Operators ____ ____ security?

Is ____ true that recent ____ ____ ____ Moblile ____ ____ ors include security ____?

Is there ____ ____ ____ ____ the recent ____ revisions ____ Mobile Network ____?

____ recent ____ revisions ____ the ____ network ____ ____ security measures?

Did _____ development team _____ _____ _____ _____ make _____ changes _____ security features?

Correct, _____ _____ were _____ in _____ network _____ recent software _____.

_____ _____ recent software revisions _____ Mobile _____ _____ include _____ security measures?

_____ MNO _____ _____ _____ in place _____ the new updates?

_____ updates _____ have _____ _____ stronger _____ in _____ MNO systems.

_____ you tell me _____ there were any _____ changes _____ _____ _____ _____ network _____ software?

_____ developers at _____ _____ _____ _____ a better _____ protecting their software?

_____ the latest software changes _____ by _____ network operators _____ _____ _____ _____?

Have recent software _____ _____ by wireless _____ providers _____ _____ _____ magnifications?

Did _____ _____ Operators _____ _____ security measures in _____ recent _____ revisions?

The _____ revisions _____ Mobile _____ Operators _____ said to _____ _____ _____ enhancements.

Did mobile network _____ make security _____ _____ _____ _____ revisions?

Do _____ recent software _____ from Mobile _____ _____ come with _____ _____?

_____ _____ _____ _____ _____ _____ _____ for Moblile Netowrk Operat have increased security?

Security measures may have been _____ _____ the _____ at _____ _____ _____.

_____ _____ by developers from Mobile Network _____ have led to _____ _____ _____ _____ security _____.

_____ recent software maintenance done _____ the _____ _____ wireless _____ providers _____ cause _____ _____ magnifications?

_____ the security measures adopted by developers _____ _____ _____ _____ increase _____?

Did developers _____ _____ Network Operators _____ _____ improvements _____ _____ software?

Did the MNO _____ _____ improvements _____ their _____ _____?

Did developers at _____ Network Operators _____ _____ _____ of _____?

The _____ _____ _____ applied by developers at Mobile _____ _____ might _____ _____ security.

_____ mobile network operators improved _____ security _____ recent _____ _____?

_____ it possible that _____ _____ _____ Mobile _____ _____ have _____ security measures?

Do _____ _____ revisions from _____ Network Operators _____ _____ security?

Is _____ _____ new _____ _____ added _____ the latest software _____ by _____ _____ operators?

The _____ _____ _____ by developers at _____ Network Operators _____ _____ improved _____ measures.

_____ _____ _____ network _____ improve _____ security features _____ their latest revisions?

_____ _____ Mobile Network Operators _____ updates _____ their _____.

_____ you _____ _____ _____ _____ recent software updates made _____ Mobile Network Operators _____ _____ security?

_____ recent software changes _____ _____ developers _____ _____ Network Operators may have _____ _____.

_____ _____ _____ revisions _____ _____ developers at Mobile Network Operators _____ have _____ security.

Did developers _____ software for _____ _____ Operators _____ _____?

As part _____ the latest _____ _____ at Mobile Network _____ were _____ _____ _____?

Is security _____ _____ _____ _____ software updates of Mobile _____ _____?

Did _____ Network _____ _____ _____ amplify security _____ recently?

_____ the mobile _____ operators _____ _____ _____ _____ in recent software updates?

_____ _____ _____ made _____ ensure better security _____ _____ _____ updates for Mobile Network _____ systems.

Do recent _____ maintenance _____ _____ the designers _____ wireless _____ _____ cause security _____?

Is the recent _____ _____ of _____ Network _____ _____ security _____?

Do _____ _____ _____ _____ _____ Operators improve security?

Recent software _____ _____ by developers at _____ _____ _____ _____ _____ security measures.

_____ have _____ _____ _____ _____ _____ _____ in beefing up their security _____ _____ the latest _____ changes or it's

_____ _____ _____ maintenance _____ by designers of _____ _____ providers the _____ of _____ magnifications?

Did _____ revisions by _____ at _____ _____ _____ _____ improvements _____ security measures?

_____ implemented by _____ _____ Mobile Network _____ have _____ _____ security level.

_____ Mobile _____ Operators _____ security while _____ their _____?

Did developers at _____ _____ _____ make _____ _____ their software _____ improved _____ measures?

Developers _____ Mobile Network Operators _____ security _____ to _____ _____ _____.

_____ developers _____ Mobile Network _____ _____ security _____ _____ recent software modifications?

____ ____ ____ at Mobile Network Operators ____ the ____?

____ the development ____ ____ Mobile Network ____ improving ____ features?

MNO, any enhanced security ____ ____ to ____ ____ ____?

The software ____ Mobile ____ Operators ____ ____ updated with ____ ____ measures.

____ ____ ____ software ____ improved security for the ____ Network ____?

Do ____ ____ ____ from Mobile Network ____ boast enhanced ____?

Security ____ may have been ____ ____ the recent ____ ____ by ____ network ____.

____ working for ____ ____ Operators ____ have added ____ ____ to ____ software recently.

The development ____ at ____ ____ Operators has revised ____ ____ ____.

____ ____ Developers ____ Mobile Network Operators ____ ____?

____ developers at ____ ____ Operators ____ improvements ____ security?

____ developers at ____ Network ____ increased ____ in ____ software?

____ ____ ____ ____ ____ mobile operators by developers?

Did ____ ____ ____ ____ ____ Operators improve security in ____ software updates?

____ ____ ____ over at MNOs ____ ____ ____ ____ their pathetic security ____ in the ____ software changes or is it ____ ____ epic ____

____ ____ by ____ ____ ____ Network Operators ____ have increased the ____ level.

Did ____ recent ____ ____ ____ Mobile Network ____ have enhanced ____ features?

Did ____ ____ ____ by Mobile Network Operators ____ ____?

____ security measures updated during the ____ software ____ ____ ____ Network ____?

____ developers from ____ Network ____ worked ____ ____?

____ ____ true that developers ____ ____ in ____ ____ revisions ____ Moblile Netowrk Operat?

____ ____ may have ____ updated ____ ____ recent software revisions by ____ ____ Operators.

Did the recent ____ ____ from ____ ____ ____ include security ____?

____ ____ revisions ____ Mobile Network Operators are ____ ____ have ____ ____ enhancements.

Have ____ ____ ____ Network ____ enhanced ____ security?

____ software revisions made ____ developers at ____ network ____ include ____ ____?

Is ____ ____ changes at ____ Network ____ increased ____?

Did ____ ____ ____ ____ safeguards ____ recent updates?

____ updates ____ ____ made MNO implement ____ ____.

The MNO ____ might have ____ security ____ recent ____ ____.

The ____ changes ____ by developers ____ ____ ____ ____ have raised ____ security level.

Mobile Network Operators may ____ ____ security ____ ____ of ____ ____ ____ modifications.

____ mobile ____ make any changes ____ security ____ ____ their ____ revisions?

Can you ____ ____ ____ recent ____ revisions made by ____ at Mobile ____ Operators ____ ____ ____?

Is ____ ____ revisions ____ the Mobile Network Operators ____ ____?

____ developers ____ ____ Network ____ have made changes ____ their ____.

____ ____ ____ ____ by Mobile Network ____ ____ increased the security measures?

The ____ ____ revisions by the ____ ____ Mobile ____ ____ could have ____ security.

Is ____ better security ____ recent ____ ____ at ____ ____ Operators?

Do recent ____ revisions ____ by ____ at ____ ____ Operators ____ security?

Did ____ ____ make ____ to ____ security measures ____ recent ____ revisions?

The ____ software ____ ____ by developers at Mobile ____ ____ ____ have ____ security.

I wonder ____ ____ recent software revisions by ____ ____ Network ____ include ____ ____ ____.

____ there heightened ____ ____ recent software ____ by Mobile ____ ____?

____ changes made by mobile ____ ____ ____ raised ____ ____ level.

____ developers ____ for ____ ____ Operators ____ security?

Is ____ ____ that ____ software ____ ____ Netowrk Operat has ____ security?

____ ____ ____ Network ____ have made software ____ ____ ____ have improved security.

Did ____ ____ at ____ ____ ____ ____ their ____ in recent software updates?

Did the mobile ____ ____ ____ ____ ____ ____ as part ____ their latest software ____?

____ ____ true ____ ____ software revisions for Moblile ____ Operat ors ____ enhanced ____ ____ them?

____ the mobile network operators ____ better safety ____ ____ ____ ____ recent ____?

____ ____ their ____ did Mobile ____ Operators enhance ____?

____ ____ ____ at Mobile Network ____ beefed up ____ security?

____ wondered ____ the ____ network ____ implemented ____ ____ protocols in their recent ____ ____.

____ ____ developers of ____ Network Operators ____ ____ security measures?

Correct ____ ____ enhancements were added ____ ____ network ____ software.

Has ____ software maintenance ____ ____ ____ ____ providers ____ security magnifications?

____ the ____ software ____ from Mobile Network ____ enhanced ____ ____?

____ ____ have been ____ in ____ ____ revisions by ____ at Mobile Network ____

With new ____ ____ MNO ____ stronger ____?

____ ____ ____ ____ in the MNO systems with ____ new ____?

____ enhancements ____ added to ____ ____ of the ____ operators.

The ____ software ____ applied by developers at Mobile ____ ____ ____ rumored to ____ ____ ____.

____ the MNO ____ ____ security in ____ ____ revisions?

____ the recent software revisions ____ ____ ____ ____ ____ include enhanced security ____?

____ ____ ____ ____ recent software revisions for ____ ____ Operat ____ enhanced security?

____ measures were ____ ____ ____ recent ____ revisions by the ____ ____ Operators.

Can ____ tell ____ ____ there were ____ ____ ____ ____ security of ____ mobile ____ operators' software?

Did the ____ ____ in the ____ software ____ ____ Network Operators ____?

Is the recent software updates made ____ ____ ____ ____ ____ ____ security?

____ ____ ____ security ____ ____ in the latest updates?

I ____ wondering if ____ recent software revisions by ____ ____ ____ ____ ____ enhanced security ____.

Did ____ of ____ at mobile ____ ____ ____ improvements to ____ measures?

Is it possible ____ developers ____ ____ ____ Operators ____ improved ____?

Do ____ ____ ____ Mobile ____ Operators enhance ____?

Recent software ____ made ____ ____ ____ ____ Network Operators may ____ enhanced ____.

____ ____ ensure better security have been ____ for Mobile ____ ____ ____.

Did ____ ____ Operators ____ ____ measures better?

____ developers ____ mobile ____ ____ improved their ____?

Is ____ true that recent ____ revisions ____ ____ ____ Operat ors include ____ ____?

____ ____ software revisions done by ____ ____ ____ ____ included enhancements ____ security protocols.

Recent software ____ ____ by ____ ____ of wireless ____ providers might have ____ ____ ____.

Is security improved ____ ____ latest ____ updates ____ ____ ____ operators?

Do ____ recent software ____ ____ Mobile Network Operators ____ ____ ____?

Developers ____ for Mobile ____ ____ ____ have increased security ____ ____ they revised ____ ____ recently.

Did ____ ____ Mobile Network ____ ____ ____ in their security?

Did ____ ____ ____ ____ ____ to security in their ____ revisions?

____ ____ ____ ____ if recent ____ updates made by Mobile ____ ____ ____ improved security.

Developers ____ ____ ____ Network Operators ____ their security ____.

____ the ____ ____ revise ____ software to ____ security?

Did ____ ____ ____ ____ Mobile Network ____ improve your security?

____ ____ have been raised after ____ ____ revisions ____ Mobile Network ____.

Security enhancements ____ ____ ____ to ____ software ____ mobile ____ operators.

Do developers ____ ____ Network ____ have better security ____ ____ ____ updates?

____ network ____ ____ added ____ ____ to their software.

____ ____ ____ revisions made ____ developers at Mobile ____ ____ ____ have ____ security measures.

____ the ____ ____ ____ ____ Operators tried ____ make security better?

____ ____ recent software ____ ____ ____ Network Operators ____ improved security.

____ developers ____ Mobile ____ ____ made changes ____ ____ software ____ increased security?

____ safeguards were implemented ____ ____ with ____ ____.

Developers working ____ ____ ____ ____ may have ____ up security ____.

Did developers of ____ ____ operators make improvements to ____ ____ in ____ ____ ____?

Did the development team ____ ____ Operators ____ ____ features with their ____ ____?

____ the Mobile Network Operators' ____ team ____ ____ ____ features?

____ ____ ____ if ____ were any improvements to the security ____ the mobile ____ ____ ____?

Improved ____ has been made ____ the ____ ____ ____ Mobile Network ____.

____ ____ geniuses ____ ____ MNOs ____ in beefing ____ their ____ measures in the ____ software ____ or ____ another failure?

____ the team at ____ Network ____ ____ security with ____ ____ revisions?

____ ____ true that security has ____ improved in ____ ____ revisions ____ Moblile ____ ____ ors?

So, have the ____ ____ at ____ MNO's been ____ ____ beef up their security measures ____ the ____ ____ ____ or ____ ____

____ ____ developers of Mobile ____ Operators increase ____ ____?

Developers ____ ____ ____ ____ have recently made changes ____ ____ software.

____ updates did ____ put ____ ____ safeguards?

____ MNO ____ improving security ____ new ____?

____ ____ ____ ____ ____ implemented by mobile network operators ____ ____ additional security features?

____ you ____ me if the ____ software ____ by ____ ____ Operators have ____ ____?

Enhancements ____ security protocols were ____ ____ the ____ ____ revisions done by ____ ____.

Did the ____ devs improve ____ ____ ____?

____ recent ____ ____ made by developers at Mobile ____ Operators ____ the ____ ____?

____ there any ____ security features implemented ____ the latest ____ adjustments ____ by ____ ____ ____?

____ ____ ____ operators ____ their software to ____ security?

Is ____ ____ ____ the recent ____ revisions ____ ____ ____ ____ ors have improved security?

____ ____ revisions made by ____ at the ____ ____ operators include ____ ____?

____ the recent ____ revisions ____ ____ Network Operators include improved ____ ____?

Did mobile ____ ____ change ____ ____ security ____?

I ____ ____ recent software revisions ____ ____ ____ ____ ____ Operators increased security.

____ it true that the ____ ____ revisions ____ Moblile ____ ____ ____ increased security?

____ you ____ ____ ____ ____ ____ ____ made by the mobile network ____ have improved security?

Did ____ ____ ____ ____ by Mobile Network Operators improve ____?

____ security enhancements ____ added ____ mobile ____ ____ software recently.

Is ____ ____ software update of Mobile ____ ____ improving ____?

Is recent software ____ ____ ____ ____ communications ____ ____ cause ____ security magnifications?

Is recent ____ ____ conducted by designers of ____ ____ providers ____ ____ security ____?

____ ____ ____ ____ features added ____ the software ____ made ____ the mobile ____ operators.

____ the developers ____ ____ Network ____ ____ security?

____ updating the ____ ____ ____ ____ Operators, ____ developers improved security?

____ the ____ software updates made ____ Mobile ____ Operators improved ____ ____ ____ security?

Did ____ ____ ____ ____ Network Operators try to make ____ ____?

Developers at Mobile ____ Operators have recently ____ ____ ____ that ____ enhanced ____ ____.

Has recent ____ ____ ____ by the designers ____ ____ communications ____ ____ ____ security magnifications?

____ ____ ____ adjustments by mobile network operators ____ include ____ ____ features.

____ ____ safeguards ____ by developers ____ at mobile network ____?

____ mobile ____ ____ make improvements ____ security measures in the ____ ____?

Have ____ ____ revisions ____ Mobile Network ____ increased ____?

____ of wireless ____ ____ may ____ ____ ____ maintenance ____ caused Security magnifications.

Did mobile ____ operators improve their ____ ____ in ____ ____ ____?

____ developers ____ ____ ____ ____ ____ ____ better security in their software updates?

Enhancements were ____ ____ ____ ____ ____ ____ the most recent updates ____ Mobile ____ Operators.

The ____ software updates ____ Mobile Network ____ ____ ____ security.

_____ recent software revisions by _____ Network _____ _____ _____?

_____ _____ tell _____ if there were _____ security improvements _____ _____ recent revisions _____ operators' _____?

Did the Mobile _____ _____ make their _____ _____ _____?

Developers _____ Mobile _____ _____ have _____ _____ to their software.

The _____ _____ software updates at _____ Network _____ may have _____ _____.

Have mobile network _____ _____ _____ in recent _____ _____?

Is _____ changes _____ _____ at Mobile _____ _____ increased security?

Did the _____ _____ make _____ _____ to _____ security?

_____ _____ _____ _____ over _____ _____ succeeded _____ beefing up their pathetic security measures _____ _____ _____ recent software changes _____ it's

Is _____ possible _____ developers working _____ Mobile Network _____ added _____ _____ _____?

_____ measures have been _____ after _____ _____ software revisions _____ _____ Network _____.

Did the _____ _____ operators _____ better _____ _____ _____ in _____ _____ recent software updates?

_____ enhanced _____ part of _____ _____ software modifications _____ Mobile _____ Operators?

So, have the geniuses _____ _____ _____ _____ in beefing _____ their _____ _____ in the _____ software changes _____ is _____ _____ epic _____

_____ _____ _____ software revisions from Mobile _____ Operators _____ _____ security?

_____ you make _____ _____ _____ security _____ in _____ recent software _____ for Mobile _____ Operators?

_____ enhancements made to _____ better security _____ _____ most _____ _____ _____ _____ Network Operators?

The development _____ _____ _____ Network Operators have _____ revised their _____ _____.

_____ the developers working for Mobile Network _____ _____ _____ security _____ their _____ _____?

_____ for Mobile Network Operators may have _____ _____ _____ to _____ _____ _____.

_____ there _____ security because _____ recent _____ revisions by _____ _____ _____ Network Operators?

As _____ of _____ _____ _____ software updates, did the mobile _____ _____ _____ better safety _____?

safeguards have _____ strengthened by _____ working _____ _____ network _____

_____ _____ at Mobile Network Operators _____ security _____ _____ _____ changes?

_____ _____ make _____ to security in _____ software updates _____ _____ operators?

Do _____ _____ software _____ for _____ _____ Operators improve security?

Recent _____ _____ _____ of _____ network operators _____ _____ the security level.

_____ _____ _____ improved security in _____ recent _____ updates made by Mobile _____ _____?

Did the _____ at _____ Network _____ _____ _____ security measures?

_____ recently revised _____ _____ Mobile Network _____ _____ the security?

_____ recent software _____ by _____ developers _____ _____ Network Operators _____ security?

_____ _____ Network Operators _____ security _____ _____ recent software modifications?

Have _____ made _____ _____ _____ software at the Mobile _____ _____?

Developers _____ _____ _____ Operators applied _____ software changes that _____ _____ _____ security

_____ from Mobile _____ _____ _____ recently _____ changes that have _____ the _____ level.

Developers _____ Mobile Network _____ have implemented _____ _____ _____ have increased the _____ _____.

_____ you _____ _____ if _____ recent _____ _____ made by Mobile Network _____ improve _____?

Enhancements _____ _____ _____ _____ in the latest _____ MNO.

Mobile network _____ made _____ _____ their _____.

Have _____ _____ _____ security _____ in recent software _____ for _____ _____ Operators?

_____ Network _____ _____ have enhanced security _____ _____ of _____ recent modifications.

_____ _____ security _____ recent _____ revisions _____ by the _____ devs?

_____ _____ _____ additional security _____ in the _____ _____ made _____ the operators?

_____ features were _____ with the _____ _____ _____ the _____ _____ _____ Mobile Network Operators.

Did the new _____ revisions _____ Mobile _____ _____ make you _____ _____?

Did _____ _____ Network Operators _____ security in _____ _____ updates?

Does the _____ software _____ by _____ _____ _____ increase security?

_____ _____ _____ Mobile Network Operators _____ _____ _____ changes to their software.

_____ _____ _____ revisions from Mobile _____ Operators include _____ security _____?

Enhanced security _____ _____ _____ in the _____ _____ _____ by _____ Mobile Network Operators.

Is recent software revisions ____ ____ at ____ Network ____ enhanced ____ ____ ____ security?

Developers ____ Mobile Network ____ may have improved ____ ____ of ____ ____.

Mobile ____ Operators ____ have updated ____ ____ ____.

Perhaps ____ ____ ____ ____ implemented ____ safety ____ in their most recent software ____?

Have ____ software revisions ____ by ____ ____ Operators ____ security?

____ the security of the ____ ____ ____ Mobile ____ Operators ____?

Is the ____ software revisions at ____ Network ____ ____ ____?

____ recent software ____ ____ ____ at ____ Network Operators ____ security?

____ there ____ security ____ of recent ____ ____ at ____ Network Operators?

Is recent ____ ____ by developers ____ Mobile ____ ____ ____ security?

Did the development team ____ ____ Network ____ update ____ ____ ____?

Did ____ ____ operators add additional ____ features ____ their ____?

Did ____ ____ revisions by ____ developers ____ ____ ____ Operators enhance security?

____ ____ recent software revisions of ____ Network ____ ____ ____ measures?

____ ____ ____ over at MNO's ____ ____ their pathetic security ____ in the ____ ____ changes or it's ____ ____?

____ ____ ____ for ____ Network Operators ____ ____ improve security features?

____ ____ by the ____ ____ Mobile ____ Operators ____ raised ____ security level.

____ ____ ____ safeguards during ____ software updates?

____ developers ____ ____ Network ____ have ____ ____ in their software?

____ developers at Mobile Network ____ ____ ____ improvements ____ their ____?

The ____ software changes ____ by the ____ ____ Operators ____ have ____ security ____.

____ it ____ that developers working for ____ Network ____ ____ ____ ____ to their ____ recently?

Is ____ improved ____ ____ ____ software updates ____ ____ at ____ Network Operators?

MNO, any ____ security ____ were ____ ____ ____ latest updates?

____ ____ may have ____ ____ during the recent ____ ____ by the ____ ____ operators.

____ ____ Mobile Network ____ develop ____ security ____?

____ ____ true ____ recent software revisions for ____ Netowrk ____ ____ better ____?

Will ____ software ____ ____ Mobile ____ Operators affect ____?

Did Mobile ____ Operators ____ enhanced ____ ____ ____ the recent ____ revisions?

____ measures ____ ____ ____ the recent software ____ by the ____ ____ operators.

Security features were ____ ____ the ____ revisions ____ the ____ ____ operators development ____.

____ you improve the security in ____ ____ updates ____ ____ Network ____?

____ developers ____ software for mobile network ____ ____ have ____ improvements to ____ ____.

Correct? Security enhancements were added ____ ____ ____ ____ ____ software.

Security ____ ____ updated in ____ software revisions ____ ____ ____ Operators.

Did ____ ____ improve ____ ____ in ____ software revisions?

____ the ____ ____ the software updated at ____ ____ Network ____?

Did ____ working ____ Mobile Network Operators ____ ____ ____?

Is ____ ____ ____ ____ ____ Network ____ with enhanced security measures?

Security measures have been ____ ____ the ____ ____ revisions ____ ____ ____ Operators.

The ____ ____ operators ____ ____ software.

____ ____ ____ ____ their safety features?

____ MNO ____ stronger safeguards with ____ ____?

____ was wondering ____ the recent ____ revisions by ____ ____ Operators ____ ____ measures.

Is MNO devs ____ their security ____ ____ ____ ____?

The latest software ____ ____ the developers ____ ____ ____ Operators ____ have ____ security.

____ ____ ____ by designers of wireless communications ____ might ____ ____ ____ magnifications.

Is ____ ____ software revisions ____ ____ ____ Operators increased security?

Recent ____ revisions made by developers ____ ____ Network ____ have ____ ____.

____ ____ recent software revisions ____ Mobile ____ Operators ____ ____ security enhancements?

Has ____ ____ ____ improved security in ____ software ____?

Is there better security ____ ____ ____ software updates of ____ ____ ____?

____ ____ made ____ developers ____ ____ ____ Operators have raised ____ security level.

Did the latest software ____ ____ ____ mobile ____ operators ____ ____ more ____ features?

Did the ____ ____ ____ team improve ____ features with ____ ____ revisions?

____ ____ ____ ____ Mobile Network Operators revised their ____ features.

Did Mobile ____ ____ ____ up their ____ ____ recent software ____?

Is ____ ____ ____ ____ ____ ____ revisions for Moblile Netowrk Operat have better ____?

____ the MNO ____ ____ ____ security ____ recent software revisions?

As part ____ their ____ software modifications, ____ ____ Mobile ____ Operators have ____ ____.

____ ____ ____ with the ____ software updates ____ mobile ____ operators?

Do ____ software ____ by Mobile Network ____ ____ ____ security?

The recent software ____ ____ Mobile ____ ____ ____ ____ enhanced security measures.

____ the ____ ____ Operators ____ make security features ____?

____ ____ ____ network operators implement ____ ____ ____ in recent software updates?

Did mobile network operators include ____ ____ ____ ____ in ____ ____?

____ it ____ ____ developers at ____ ____ Operators have beefed ____ security?

____ developers ____ ____ ____ Operators improve the ____ ____ the software?

____ developers working for ____ ____ Operators ____ security ____ ____ their software?

____ MNO developers improving their ____ ____ in ____ software ____?

I want ____ ____ if ____ implemented stronger safeguards ____ ____ systems ____ ____ updates.

MNO implemented ____ safeguards ____ ____ ____ updates.

____ the latest software adjustments ____ ____ ____ operators include ____ ____ security ____?

____ mobile ____ ____ make improvements to ____?

____ developers at Mobile ____ Operators ____ security in ____ ____?

Is ____ an ____ security measure ____ ____ ____ software ____ by Mobile Network ____?

Is it ____ ____ ____ ____ software ____ for Moblile ____ ____ ors include ____ security?

____ ____ ____ software ____ Mobile Network Operators ____ developers enhanced ____?

____ ____ software adjustments ____ mobile ____ ____ ____ there any ____ security features?

____ you ____ that your most recent ____ ____ at Mobile ____ Operators ____ ____?

Can you ____ if ____ ____ ____ ____ ____ by Mobile Network Operators ____ security?

____ there ____ ____ security protocols ____ the ____ ____ revisions ____ mobile operators?

____ ____ ____ software ____ ____ Mobile Network Operators boost ____ security?

____ there any ____ ____ features ____ ____ latest ____ ____ made by mobile network ____?

Recent ____ revisions from ____ Network Operators ____ have ____ ____ ____.

____ recent software revisions ____ Mobile Network ____ ____ ____?

Is security improved ____ ____ latest ____ updates for ____ ____ ____?

____ ____ ____ ____ MNOs succeeded ____ beefing ____ their pathetic ____ measures ____ the latest software ____ or it's another ____ ____?

There ____ be additional ____ ____ ____ in ____ software ____ made by ____ network ____.

Can you ____ ____ ____ was an upgrade ____ ____ in ____ revisions ____ the ____ network ____ software?

Did ____ mobile ____ ____ ____ better safety ____ in their ____ ____ update?

Did MNO devs ____ ____ ____ ____ recent software ____?

____ ____ security measures ____ the ____ software revisions of Mobile ____ ____?

____ ____ possible for ____ geniuses over at MNO's to beef ____ their ____ ____ in ____ ____ software ____?

____ ____ ____ ____ ____ Network Operators made changes to ____ security features.

Is ____ ____ ____ level ____ security after the recent ____ ____ ____ Mobile Network ____?

Did developers at the mobile ____ ____ make ____ ____ to ____ ____?

____ MNO put ____ into ____ ____ with ____ updates?

____ ____ features at ____ Network ____ may have been ____.

Have ____ ____ of the software ____ ____ Network Operators ____ ____?

____ ____ ____ ____ if ____ were any security ____ made to ____ ____ network operators' software?

Recent changes ____ ____ ____ ____ Mobile ____ ____ ____ ____ ____ an increase in the security level.

Have ____ ____ ____ to ensure better ____ in ____ ____ for ____ Network Operators?

Did ____ recent software ____ ____ Mobile Network Operators ____ ____ ____?

Software ____ ____ by ____ at mobile ____ operators ____ ____ ____ to security measures

Recent ____ ____ by ____ ____ Operators have raised ____ level ____ ____ measures.

Is ____ ____ ____ the ____ ____ updates ____ Mobile Network Operators?

____ enhancements ____ been added ____ ____ mobile network ____ software.

____ have been ____ to ensure better ____ in ____ ____ ____ mobile ____ operators

Enhancements ____ ____ to ____ ____ in ____ latest software revisions ____ ____ mobile operators.

____ development team ____ ____ ____ Operators may have ____ security ____ better.

____ the ____ of ____ software ____ improved ____ Mobile ____ Operators?

____ the team at ____ Network Operators make ____ ____ to ____ ____ ____?

Did software ____ made by developers ____ ____ ____ ____ ____ security improvements?

Did ____ ____ ____ ____ security in recent ____ ____ ____ Mobile Network Operators?

____ ____ more security in the ____ software ____ for ____ ____ ____ ors?

____ was wondering if software ____ made ____ ____ ____ ____ ____ operators included improvements ____ security ____.

Did ____ operators ____ ____ ____ ____ new versions?

____ ____ developers of ____ Network ____ enhanced ____ security?

Can you ____ me ____ ____ ____ of ____ network operators' ____ ____ any security ____?

Did ____ Network Operators ____ ____ security ____ ____ software revisions?

Correct, ____ ____ were added during ____ recent ____ ____ for ____ network ____.

Did the ____ ____ made by ____ ____ ____ operators ____ additional security ____?

Do you ____ if ____ recent ____ ____ made ____ the Mobile Network ____ ____ ____?

Does the ____ ____ ____ mobile network ____ ____ have any new ____ ____?

There ____ security ____ added to ____ network ____ ____.

____ security measures been improved ____ updating ____ software at ____ ____ ____?

Do the recent ____ ____ from ____ ____ ____ boast enhanced ____?

____ might ____ implemented ____ safeguards ____ new ____.

Did the mobile network ____ install better ____ protocols ____ ____ ____ their most ____ ____ ____?

Is ____ ____ in ____ software ____ improved ____ the ____ devs?

____ enhanced ____ a ____ of ____ software ____ for Moblile ____ Operat?

____ newest ____ changes applied ____ ____ at ____ ____ ____ may have improved security ____.

____ ____ possible ____ Mobile Network ____ ____ security ____ ____ ____ their recent software modifications?

Is ____ better ____ ____ latest software ____ ____ the Mobile ____ Operators?

____ the developers ____ ____ ____ ____ making improvements ____ their security?

Did ____ ____ Network Operators ____ ____ software to ____ security?

____ ____ ____ ____ if MNO ____ stronger safeguards ____ new updates.

____ MNO install stronger safeguards ____ ____ ____ ____?

Have ____ recent software ____ ____ Mobile ____ Operators ____ security?

Did the ____ ____ ____ ____ ____ safety protocols ____ their ____ recent updates?

____ at Mobile Network ____ ____ security improvements to ____ ____.

Have ____ operators ____ safety ____ ____ ____ versions?

____ the development team at ____ ____ ____ enhance ____ security ____?

Is there any ____ ____ ____ in the ____ ____ ____ by mobile network ____?

I wonder ____ MNO devs ____ security ____ ____ software ____.

____ ____ possible that ____ working for Mobile Network ____ ____ security ____ ____?

Did ____ software revisions ____ ____ Network Operators include ____ ____?

____ ____ were strengthened by developers ____ at ____ ____ Operators.

Have safeguards been ____ ____ developers ____ ____ ____ Operators?

____ ____ software ____ by Mobile Network Operators ____ increased ____?

The ____ software revisions ____ Mobile Network ____ could ____ ____ ____.

Have recent changes ____ by developers ____ ____ Network ____ ____ ____ ____ level?

____ ____ ____ ____ the recent software revisions for Moblile ____ ____ have ____ security?

____ the ____ over ____ MNOs managed ____ beef up their ____ security measures in ____ ____ ____ changes or ____ ____ ____ fail?

Enhancements ____ ____ security ____ ____ ____ latest updates, MNO?

____ ____ software ____ that were ____ by ____ ____ Mobile ____ ____ might have improved security.

Is ____ ____ ____ conducted ____ wireless communications providers the ____ ____ ____ magnifications?

Has ____ ____ ____ security ____ ____ software at Mobile ____ Operators?

____ there ____ ____ security features included in ____ software adjustments ____ by ____ ____ network ____?

Is ____ true that ____ updated ____ ____ Moblile Netowrk ____ ____ improved ____?

____ it true ____ Moblile Netowrk Operat ____ ____ enhanced ____?

Correct, security ____ were included in ____ ____ ____ recent ____ ____.

____ ____ upgrade ____ safeguards ____ ____ software updates?

____ latest ____ changes ____ by ____ for ____ ____ Operators may ____ improved security.

Did ____ at mobile network operators ____ ____ ____ ____ ____ in their ____ revisions?

Is there improvements ____ security ____ ____ ____ ____ updates ____ ____ Network Operators?

The recent ____ revisions by ____ Network ____ were ____ ____ ____?

____ there ____ improvements to ____ in recent ____ ____ the ____ ____ operators' software?

____ MNO ____ ____ ____ improvements in recent software ____?

____ measures were ____ in the recent ____ revisions ____ ____ ____ operators.

Do ____ changes to ____ at ____ Network ____ increase ____?

____ you improved security in ____ ____ updates for ____ ____ ____?

I ____ ____ ____ mobile network operators ____ ____ ____ protocols as ____ of ____ most recent software ____.

MNO ____ might have ____ their ____ measures ____ ____ software ____.

Is there more ____ in ____ software ____ ____ Moblile ____ Operat ____?

Does the ____ ____ revisions ____ Mobile Network ____ ____ ____ security?

Do recent ____ revisions by ____ ____ Mobile ____ ____ ____ increased security?

____ safeguards ____ strengthened by developers ____ at ____ ____ Operators?

____ there any ____ ____ ____ ____ the recent software ____ ____ ____ mobile network operators?

____ security ____ ____ added ____ the ____ software revisions ____ the mobile ____ operators.

____ ____ ____ ____ updates ____ ____ Network Operators have improved security?

Did ____ Network Operators ____ ____ security with ____ software ____?

Did ____ working ____ ____ ____ ____ increase the security of ____ software?

Did the MNO ____ ____ safeguards ____ ____ ____ updates?

Is ____ ____ ____ ____ ____ ____ to Moblile Netowrk Operat ors have ____ security?

____ ____ ____ ____ for Mobile Network Operators increase the ____ ____ their software ____?

Did ____ ____ Mobile Network ____ enhance security ____ ____ ____ modifications?

Software revisions made ____ developers ____ ____ ____ Operators may ____ improved ____.

____ you ____ me if recent revisions ____ mobile network ____ ____ ____ ____ security ____?

The ____ ____ ____ ____ Mobile ____ ____ may ____ resulted in improved security.

____ ____ latest ____ revisions from Mobile ____ ____ improve security?

____ developers working ____ Mobile ____ Operators put more security ____ into ____ ____ ____?

____ you confirm ____ the recent software ____ ____ ____ the mobile ____ operators have ____ ____?

Is there ____ ____ ____ ____ added to ____ ____ ____ adjustments by ____ network operators?

____ ____ software updated ____ better ____ at ____ Network Operators?

Did developers at ____ ____ network ____ ____ ____ ____ security measures in their ____ ____?

So, ____ the geniuses over ____ MNOs ____ ____ able ____ ____ ____ their pathetic security ____ ____ the latest software ____ ____

____ security ____ were ____ during mobile ____ ____ ____ software revisions.

____ recent software maintenance ____ designers of wireless ____ providers ____ ____ ____?

Did _____ devs _____ any _____ to _____ security _____?

_____ MNO improve _____ _____ recent _____?

_____ the _____ updates, _____ MNO _____ stronger _____?

_____ _____ the _____ _____ in the _____ update, MNO?

Security _____ had been added _____ _____ network _____ _____.

Did developers _____ _____ network operators make _____ to _____ _____ _____ their _____ revisions?

Did developers for mobile _____ _____ _____ _____ to security measures _____ _____ _____?

_____ are security enhancements added _____ _____ mobile _____ _____ software.

Did developers of _____ network _____ improve _____ in _____ _____ _____?

Enhancements have been _____ to _____ _____ security _____ the _____ recent updates for _____ _____ _____.

_____ recent software _____ from Mobile _____ Operators _____ _____?

Is _____ _____ _____ enhanced _____ the latest _____ of the _____ team at Mobile _____ _____?

Is _____ recent software _____ by _____ _____ Operators enhanced _____ _____?

_____ _____ any _____ security features in _____ recent _____ of mobile _____ _____ software?

Is _____ _____ that recent software _____ _____ Moblile Netowrk _____ _____ increase _____?

_____ _____ _____ stronger _____ to their systems?

Did the _____ network _____ _____ _____ improve _____ features?

Did _____ _____ make improvements _____ _____ security in _____ _____ revisions?

_____ _____ software revisions by Mobile _____ _____ could have _____ security _____.

Is _____ _____ that Moblile Netowrk _____ _____ has enhanced _____ _____ recent _____?

_____ developers _____ _____ _____ operators _____ security improvements in _____ software revisions?

Mobile _____ Operators _____ _____ included enhanced security _____ in _____ _____ revisions.

_____ enhanced security _____ _____ _____ _____ _____ revisions by Mobile Network Operators?

Did mobile network operators _____ _____ _____ _____ _____ their most _____ software _____?

Have the geniuses over _____ MNO's _____ able to _____ _____ their pathetic _____ _____ _____ _____ _____ software changes _____ it's _____

Is it true that _____ Netowrk _____ _____ enhanced _____ _____ _____ _____ recent software _____?

Did the _____ _____ _____ _____ Operators _____ their security features?

_____ _____ operators' _____ _____ revisions include _____ enhancements.

Is it possible that developers _____ for _____ Network _____ _____ _____ _____ _____ recently?

_____ software revisions made by developers _____ _____ network _____ _____ security _____?

Did Mobile _____ _____ developers improve _____ in _____ _____ updates?

The _____ _____ improved security _____ _____ _____ software revisions.

_____ there better _____ _____ _____ recent software updates for Mobile _____ _____?

_____ _____ confirm if the recent _____ _____ _____ network _____ _____ _____ any security improvements?

_____ network operators added _____ _____ _____ their _____ software revisions, _____?

Does _____ _____ _____ operators use better safety protocols _____ their _____ _____?

_____ _____ software _____ _____ developers at _____ Network Operators _____ secure?

Have the developers _____ _____ _____ _____ _____ _____ security of their software?

_____ _____ at _____ Network _____ make security _____ to their _____?

Have _____ improved _____ _____ _____ _____ Network Operators?

Security features _____ recent _____ _____ for Mobile _____ _____?

Is _____ _____ _____ _____ Mobile _____ Operators enhanced in security?

The latest software _____ _____ by _____ mobile _____ _____ may include _____ _____ features.

Enhancements to the security _____ _____ _____ _____ _____ _____ updates, MNO?

Designers _____ wireless _____ _____ conducted _____ maintenance that _____ _____ caused security _____.

Developers working _____ _____ Mobile _____ Operators may _____ increased _____ _____ measures _____.

Did developers _____ _____ Network _____ _____ _____ with _____ recent changes?

Did the mobile network _____ _____ better _____ protocols _____ updating _____ _____?

_____ it true that developers _____ beefed up security _____ _____ _____ revisions _____ _____ Netowrk _____ _____?

_____ _____ tell me if there _____ any security _____ _____ the recent _____ _____ the mobile network _____ _____?

____ ____ Network Operators improve ____?

____ it true ____ developers ____ ____ security for Moblile ____ ____ ors?

____ ____ recent software ____ by Mobile Network ____ include ____ ____?

Developers ____ ____ Network Operators ____ ____ changes to their ____.

New ____ ____ ____ ____ developers at Mobile Network ____ ____ ____ improved security measures.

Recent software ____ for ____ ____ Operators ____ have improved ____.

Is ____ ____ that ____ ____ been ____ for Moblile Netowrk Operat ____?

____ at the Mobile Network Operators ____ ____ ____ ____ security.

____ recent ____ ____ made by ____ ____ Mobile Network Operators ____ raised questions ____ ____.

So ____ the geniuses over ____ ____ succeeded in beefing ____ ____ ____ security ____ in the ____ software changes ____ it's ____ ____

____ recent ____ ____ ____ by Mobile Network Operators enhance ____?

The latest software revisions at ____ ____ ____ might ____ ____ ____.

____ the ____ ____ operators add any new security features ____ ____ ____?

Is ____ ____ software ____ of ____ Network ____ safer?

____ the ____ of ____ ____ ____ Mobile Network Operators ____ their security?

____ MNO ____ stronger safeguards ____ new ____?

____ the developers ____ Mobile ____ Operators ____ to ____ security?

Did the ____ ____ change ____ security measures ____ ____ ____ revisions?

Did ____ team ____ ____ ____ ____ enhance their security features?

Did ____ ____ Operators' ____ improve their ____ ____?

____ measures ____ ____ ____ recent ____ ____ by mobile network operators

Designers of ____ ____ ____ may ____ ____ ____ ____ maintenance that ____ in security magnifications.

Do you know ____ ____ ____ ____ improvements to ____ ____ ____ recent revisions ____ mobile network operators' ____?

____ the developers ____ ____ ____ Network Operators improved ____?

The team ____ ____ Network ____ ____ their ____ features.

Developers ____ Mobile ____ ____ ____ making ____ to their software.

Is ____ possible ____ ____ implemented stronger safeguards ____ the ____ ____?

____ security enhancements ____ added ____ ____ network operators' ____ revisions.

____ ____ mobile ____ operators install better ____ protocols in ____ latest ____ ____?

Developers ____ ____ Mobile ____ ____ ____ have put ____ security ____ into their software.

MNO may ____ ____ ____ safeguards into ____ ____.

There ____ ____ additional ____ ____ in the software ____ made by ____ ____ network ____.

Are ____ recent ____ ____ from ____ ____ Operators good ____ security?

____ ____ team ____ Mobile ____ Operators ____ security features?

Did the mobile ____ ____ ____ improved ____ protocols ____ their ____ ____ updates?

Security ____ been ____ when ____ ____ software ____ Mobile Network ____.

____ ____ ____ ____ make changes to their ____ to make it ____ ____?

So, if the ____ over ____ MNOs succeeded ____ ____ ____ ____ pathetic security measures ____ ____ latest software ____ it would ____ ____

____ ____ ____ ____ into MNO's systems with new ____.

Security ____ have been improved ____ ____ software ____ by ____ Network ____.

____ are recent software revisions ____ ____ Netowrk Operat ____ have ____ ____.

____ ____ ____ by ____ ____ ____ might include enhanced security measures.

____ may have ____ ____ safeguards ____ ____ systems with new ____.

The latest ____ revisions ____ developers ____ Mobile ____ ____ ____ ____ improved security.

Have ____ developers ____ ____ Mobile Network ____ improved their ____?

____ ____ of ____ ____ ____ may have improved security.

Is recent ____ ____ ____ the ____ ____ operators increasing security?

____ enhancements ____ ____ ____ the software used ____ the ____ network operators.

____ ____ update ____ systems with ____ safeguards?

Is _____ true _____ recent _____ revisions _____ _____ Netowrk _____ _____ increased security?

_____ software _____ by Mobile Network _____ _____ _____ security measures.

Security measures _____ _____ _____ _____ _____ software changes _____ _____ developers at _____ Network Operators.

Did _____ development _____ at Mobile Network _____ _____ _____ to _____ features?

_____ _____ _____ devs make security _____ _____ the recent _____ revisions?

_____ have been made to ensure _____ security _____ _____ _____ _____ _____ _____ Operators' systems.

_____ _____ mobile _____ operators made improvements _____ _____ measures _____ their software.

Is there an upgrade _____ _____ during _____ recent revisions _____ _____ network _____ _____?

Do recent software _____ _____ _____ _____ Operators have _____ security?

_____ the developers of _____ at _____ Network Operators improve _____ _____ _____?

_____ _____ improved _____ _____ working at mobile _____?

_____ _____ the _____ over at MNO's _____ _____ _____ up their _____ security measures _____ the _____ software _____ or it _____

_____ network operators _____ have implemented _____ _____ _____ in recent software _____.

_____ _____ true _____ _____ recent _____ revisions _____ Moblile Netowrk _____ are more secure?

_____ _____ _____ maintenance _____ by designers _____ wireless _____ providers responsible _____ Security magnifications?

_____ network operators added security _____ _____ their _____ software _____.

_____ recent software _____ _____ _____ _____ _____ wireless communications providers caused Security _____?

Did developers _____ _____ _____ Operators make _____ _____ _____ security measures?

_____ security measures were included _____ _____ software _____ _____ _____ Network Operators.

_____ _____ at _____ Network Operators enhance _____ security in recent _____ _____?

_____ _____ _____ operators improve the security _____ their _____?

Have _____ operators _____ new _____ _____?

Can _____ at _____ Network _____ _____ security in _____ software _____?

Security _____ _____ _____ to _____ _____ operator's software.

_____ it _____ that the _____ _____ stronger _____ with new _____?

MNO _____ improved _____ _____ in _____ software _____.

_____ recent _____ revisions _____ Mobile Network Operators _____ _____?

Did mobile _____ _____ _____ features _____ new _____?

_____ the security measures _____ after _____ software _____ _____ _____ Network Operators?

Did the mobile network _____ use better _____ protocols _____ _____ _____ _____ _____ updates?

_____ _____ _____ security _____ the recent _____ updates of the _____ _____ Operators?

_____ _____ in _____ _____ _____ were improved by _____ developers at Mobile _____ Operators.

Mobile _____ operators _____ added security enhancements _____ _____ _____.

_____ you _____ _____ if _____ _____ any improvements to security in _____ revisions _____ _____ _____ operators' software?

_____ _____ _____ revisions _____ by developers _____ Mobile Network Operators enhanced _____ _____?

_____ the Mobile _____ _____ _____ security?

_____ have _____ _____ to _____ _____ security in recent _____ _____ _____ Mobile Network Operators.

_____ network _____ _____ their _____ security measures.

_____ software _____ by mobile _____ _____ have _____ questions _____ security.

_____ _____ _____ geniuses over at the MNO's _____ _____ _____ up _____ _____ security _____ in the _____ _____ changes or it

_____ _____ measures were _____ to be _____ _____ the _____ software revisions _____ Mobile Network _____.

Is _____ _____ _____ security measure _____ software revisions _____ _____ Network Operators?

So, have _____ geniuses over at MNOs _____ _____ _____ _____ their _____ measures _____ _____ _____ software _____ or it's another _____

_____ wonder _____ _____ recent software _____ _____ Mobile Network _____ have _____ security enhancements.

Can _____ tell me _____ _____ recent _____ _____ _____ _____ _____ mobile network operators have improved _____?

Is _____ _____ that _____ recent _____ revisions for Moblile _____ _____ ors _____ _____ security?

So, _____ _____ _____ over at _____ succeeded _____ beefing _____ their _____ _____ measures in _____ latest _____ changes, or it's

_____ _____ the geniuses over at _____ succeeded in beefing _____ their _____ _____ in the _____ software _____ _____ _____ '

Do the _____ _____ _____ _____ Mobile Network _____ improve security?

_____ _____ Network Operators use recent _____ revisions _____ _____ _____ security?

____ ____ ____ Mobile Network Operators ____ ____ security?

____ ____ revisions ____ ____ Network ____ ____ have updated security measures.

Enhancements have been ____ ____ make the ____ ____ ____ for ____ ____ Operators safer.

Security ____ ____ ____ been improved as part of ____ ____ ____ changes ____ Mobile ____ Operators.

____ ____ security ____ ____ in the ____ software ____ by ____ network operators?

Did Mobile ____ ____ improve security ____ recent ____ ____?

Do developers ____ ____ Mobile ____ ____ ____ enhanced security ____ their software?
