# [Demo] NLP Dataset for Customer Service Automation

| | |
|---|---|
| **Company Type** | Smartphone Manufacturers |
| **Inquiry Category** | Product features and specifications inquiries |
| **Inquiry Sub-Category** | Processor and RAM specifications |
| **Description** | Customers are interested in the performance capabilities of their smartphone and seek details about the processor type, number of cores, clock speed, as well as the amount of RAM the device has for smooth multitasking and overall speed. |
| **Data Size** | 5,026 paraphrases |
| **Want to buy data?** | Please contact nlp-data@qross.me via your business email address. |

**Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)**

_____ is _____ clock speed _____ the _____ _____ _____ to gauge _____ processing _____ accurately?

_____ _____ to know _____ clock speed _____ the _____ so _____ I can _____ _____ performance.

Can you _____ _____ theCPU's clock _____ _____ I _____ _____ its efficiency?

_____ the clock _____ _____ theprocessor _____ an accurate _____ of its _____?

_____ _____ to _____ the clock _____ _____ the processor.

_____ _____ _____ speed of _____ be _____ accurate indicator _____ its _____ prowess?

_____ you tell _____ the _____ speed _____ theCPU in _____ _____ _____ its performance?

_____ _____ to know the _____ _____ of _____ _____ to gauge _____ processing abilities _____.

_____ want to _____ _____ _____ speed _____ the processor so _____ _____ _____ an assessment _____ it.

_____ _____ to _____ the clock speed _____ _____ processor in _____ _____ judge _____ performance.

I need to _____ _____ clock speed _____ _____ processor in _____ _____ make an _____ _____ _____ performance.

_____ _____ possible to accurately _____ _____ processor's processing _____ _____ its clock _____ alone?

_____ _____ to _____ the clock _____ of _____ to _____ its performance.

_____ the clock _____ of _____ processor an _____ measure of _____ _____?

The clock speed _____ _____ _____ _____ _____ an _____ _____ its processing prowess.

Can _____ give _____ _____ CPU's _____ speed so I can _____ _____ _____?

Can _____ _____ clock speed be used _____ estimate _____ _____?

I want _____ know _____ CPU's clock _____ _____ _____ _____ assess its _____.

_____ it possible _____ _____ _____ processor's capability _____ _____ clock speed?

The clock _____ of the _____ processor is _____ _____ gauge _____ _____ _____.

_____ it _____ _____ estimate _____ processor's capacity with its _____ _____?

I _____ _____ know the clock _____ _____ the _____ _____ _____ can assess it's _____

It _____ _____ to _____ the clock _____ of _____ processor _____ order _____ get _____ information.

_____ want to know the _____ _____ _____ _____ CPU so that _____ _____ _____ it.

_____ _____ clock _____ is _____ for _____ power.

_____ _____ to _____ _____ performance of the _____ on its _____ speed.

It is necessary to understand _____ _____ order to _____ _____ information _____ _____ processing _____ _____ _____ CPUs.

_____ you _____ _____ the processor's _____ speed?

_____ the processor's _____ fast _____ to _____ _____ processing capability?

_____ _____ the clock _____ on _____ processor?

_____ order _____ gauge _____ processing _____ _____ _____ _____ what is the clock speed?

Would _____ aCPU's _____ speed _____ us _____ idea _____ its processing _____?

_____ _____ we gauge _____ CPUs's processing _____ using _____ clock _____?

_____ about the _____ _____ of the _____ _____ accurate _____ estimation?

How _____ is _____ processor'sclock _____?

_____ the _____ speed _____ theCPU _____ _____ _____ measure of its _____ power?

Is _____ _____ to _____ the _____ power _____ theCPU by _____ _____ speed?

_____ _____ _____ the processor's processing _____ _____ on _____ speed of _____ clock?

_____ _____ accurate _____ of processing power, _____ the _____ _____ of theCPU?

_____ it possible _____ determine the _____ processing _____ by _____ _____ speed?

It _____ _____ _____ _____ _____ speed in order to get accurate _____ about _____ processing power _____ _____.

_____ _____ _____ _____ _____ a processor's capability with _____ clock speed?

_____ _____ _____ how _____ the _____ clock is _____ determine its _____ capabilities?

Is it _____ _____ determine _____ _____ _____ _____ by the clock speed?

Is it _____ to _____ _____ processor's processing _____ _____ its _____ _____ alone?

_____ _____ _____ measure a processor's power using _____ clock _____?

_____ _____ to _____ _____ _____ speed of _____ cpu so _____ can assess _____ performance

Would _____ aCPU's clock _____ _____ us _____ _____ _____ its processing ability

I _____ _____ know the clock _____ _____ _____ _____ so that _____ can _____ its performance

_____ need _____ know _____ clock speed _____ _____ _____ in order to _____ an _____.

_____ _____ _____ _____ of the CPUs show an _____ _____ of _____ processing power?

It _____ important _____ know _____ _____ speed in _____ to get _____ information _____ the processing power _____ _____ _____.

_____ _____ clock speed of the _____ _____ an _____ _____ of _____ power?

I want to know _____ _____ speed of the processor _____ _____ _____ _____ _____ _____ well it _____ performing.

I _____ to know _____ _____ _____ _____ the processor _____ gauge its processing _____.

For a gauge on _____ _____ _____ is _____ _____ speed of _____?

I want to _____ the clock _____ of _____ _____ _____ order _____ evaluate _____.

_____ _____ speed of _____ processor _____ _____ indicator of its processing _____.

Can we _____ the _____ processing power _____ _____ _____ speed?

The _____ _____ _____ the most important _____ in measuring _____ performance of _____ _____

_____ _____ _____ of the _____ _____ to _____ its processing capabilities?

Can _____ _____ _____ _____ processing power using its clock _____?

Does _____ clock _____ _____ the _____ give an _____ measure _____ _____ power?

_____ you tell me the _____ _____ of _____ _____?

_____ want to _____ _____ clock speed _____ _____ _____ _____ _____ can figure it out.

_____ _____ tell me how fast _____ _____ _____?

It _____ important _____ _____ theclock _____ in _____ _____ understand _____ processing power of the _____.

_____ _____ _____ get accurate information _____ the _____ _____ _____ the unit, what's the _____ speed?

_____ it possible _____ determine _____ processing power _____ the processor's _____ _____.

I _____ like _____ know _____ _____ speed _____ the _____ so _____ I _____ _____ its performance.

Is _____ possible _____ _____ _____ _____ power with the clock speed _____ _____ cpu?

How fast _____ _____ _____ _____ _____ the CPU?

_____ would _____ _____ if you could tell _____ how _____ theCPU _____.

Is it possible _____ _____ _____ processing ability _____ _____ processor _____ its clock _____?

What's _____ _____ _____ of the _____ in _____ _____ get accurate information?

_____ fast is the computer's _____ in _____ _____ _____ _____ processing power?

_____ _____ give me a _____ _____ of the _____ speed of _____ _____?

_____ _____ _____ to _____ the processing _____ _____ a processor through its clock _____?

For ____ ____ gauge on processing ____ ____ the clock speed ____ ____ ____?

What's the ____ ____ of ____ ____ an ____ gauge?

It ____ ____ ____ understand clock speed ____ order ____ ____ ____ information about the ____ power ____ the processor.

____ ____ clock speed of ____ processor ____ used ____ ____ ____ indicator of ____ performance?

____ ____ to know ____ ____ ____ of the processor so ____ ____ can ____ its overall ____.

____ ____ clock ____ of ____ ____ ____ an accurate measure ____ its power?

____ is ____ clock ____ ____ the ____ in order to ____ its ____?

____ ____ give me a clearer ____ ____ ____ ____ speed of the ____?

Can you tell me ____ ____ ____ which ____ is ____?

It ____ necessary ____ ____ ____ ____ ____ in ____ to obtain ____ information about the processor's processing ____.

____ would like ____ know the ____ ____ of ____ CPUs so I ____ ____ ____ out.

____ ____ to assess ____ efficiency of theCPU, ____ you ____ ____ the clock ____?

____ ____ ____ ____ ____ be used ____ gauge a processor's processing power?

Is ____ ____ ____ assess a ____ ____ capability ____ its ____ speed alone?

____ you ____ me ____ clock speed ____ ____ processor to evaluate ____?

How ____ a ____ clock ____ be ____ ____ accurately gauge ____ processing ____?

I ____ ____ ____ ____ fast ____ processor is.

I ____ ____ know the clock ____ of the ____ in order ____ make ____ ____ ____.

The ____ speed is the most important ____ ____ ____ ____ performance of ____ ____.

I ____ to ____ the clock ____ of the ____ so ____ ____ ____ it's ____.

Understanding ____ ____ ____ is ____ ____ order to get ____ ____ regarding the processing power of ____ ____.

____ want to know ____ the clock rate ____ ____ cpu ____ ____.

____ it ____ ____ determine the processor's ____ power ____ on ____ speed?

Could you ____ me ____ ____ that ____ ____?

I ____ ____ know ____ ____ speed of the CPUs ____ ____ can evaluate ____.

When calculating ____ ____ what's ____ clock ____ of the ____?

____ ____ a processor's clock ____ give ____ ____ ____ of its ____ capability?

In ____ ____ ____ ____ the processing power of ____ CPU, ____ fast ____ it?

I ____ ____ know ____ clock speed of ____ ____ ____ that I ____ ____ ____ in performance terms.

____ ____ ____ ____ of the CPUs ____ ____ as ____ accurate indicator of its ____ prowess?

Do you ____ ____ computer's clock speed ____ determine ____ ____ ____?

I want ____ know the ____ ____ of the CPUs ____ ____ ____ ____ evaluate ____.

____ ____ ____ ____ the clock ____ of ____ to gauge ____ processing abilities

____ an evaluation ____ a processor's clock ____ give ____ a ____ idea ____ its ____ ____?

How do we measure ____ ____ power ____ ____ ____ using its ____ ____?

Understanding ____ ____ is ____ ____ order to ____ ____ information about the processing ____ of ____ ____.

I need to ____ the clock speed ____ ____ ____ to ____ an ____ ____ ____ performance.

____ you ____ ____ ____ clock speed ____ the ____ in ____ to assess ____ efficiency?

____ ____ to know the ____ ____ ____ theCPU ____ ____ can figure it out.

____ ____ an evaluation of its performance, ____ ____ to ____ the ____ speed ____ the ____.

____ get ____ ____ ____ the processing power of the CPUs, it is ____ ____ ____ ____ ____.

It ____ necessary to ____ theclock speed in ____ ____ get accurate information ____ the ____ ____ of ____ ____.

I ____ to ____ the clock speed of ____ ____ so ____ I ____ ____ ____ performance.

I ____ ____ assess ____ ____ ____ ____ know ____ clock speed of the processor.

How ____ ____ ____ clock rate be ____ ____?

To ____ its performance, what ____ ____ CPU's ____ ____?

I'd like ____ ____ how ____ theCPU ____.

____ order to get accurate information ____ ____ ____ speed, ____ is ____ clock ____?

The clock ____ of the ____ ____ important ____ an ____ gauge on ____ ____.

____ ____ to know ____ clock speed of theCPU ____ order to ____ ____ ____

_____ _____ give _____ the _____ speed of theCPU so I can _____ _____ _____?

Can _____ tell _____ how _____ is _____ _____?

It is necessary to _____ _____ speed _____ order to _____ _____ _____ about _____ _____.

_____ want to _____ _____ _____ _____ the processor so I _____ _____ a judgement.

Understanding _____ speed is needed _____ order to _____ accurate _____ _____ the _____ power _____ _____ _____.

What _____ _____ _____ speed of the processors _____ order _____ get _____ _____ about their _____ _____?

_____ want to _____ _____ _____ _____ the CPUs _____ its clock speed.

_____ _____ _____ _____ an accurate indicator _____ _____ processor's processing prowess.

_____ _____ _____ _____ _____ information _____ the processing _____ of the _____ what _____ the clock speed

I need to _____ _____ clock _____ _____ _____.

_____ you give me _____ computer's _____ _____ _____ I _____ evaluate _____ efficiency?

_____ _____ _____ know _____ clock speed of _____ _____ in order _____ get _____ information.

_____ it _____ possible to estimate a processor's _____ with _____ _____ _____?

What's _____ clock speed of _____ processor in _____ _____ _____ accurate _____.

I want _____ know the _____ speed _____ _____ _____ _____ I _____ assess it in a _____ _____.

_____ clock speed _____ _____ _____ _____ to measure _____ processing power.

_____ want to know _____ _____ speed _____ the _____ _____ _____ to _____ the performance.

I _____ to know _____ clock _____ _____ the _____ so _____ I can _____ its _____.

_____ _____ speed is _____ most important to _____ _____ _____ processing power.

_____ you _____ _____ _____ of the clock that determines _____ _____ processing _____?

_____ _____ to _____ the clock rate _____ the _____.

_____ clock _____ _____ the processor may _____ _____ _____ measure of its _____.

Are you able _____ tell _____ _____ _____ _____ processor is?

_____ _____ to _____ _____ clock _____ _____ the CPUs _____ I _____ judge its performance.

_____ is important to _____ _____ _____ in _____ _____ _____ _____ information about the processing power of the _____.

_____ _____ to _____ accurate information _____ the processing _____ _____ _____ _____ what is the clock _____?

Is it possible _____ determine _____ processor's _____ _____ _____ _____ its clock _____?

_____ _____ speed of _____ _____ is an _____ of its _____ prowess

_____ it _____ _____ accurately _____ the _____ processing power _____ the clock _____?

Can _____ _____ give _____ some information about the _____ _____ of _____ _____?

Is it _____ _____ determine the processing _____ of _____ _____ on its _____ _____?

_____ can _____ _____ a CPU's processing _____ using its _____ _____?

_____ _____ _____ _____ the clock _____ of _____ CPU, so that _____ _____ figure it out.

_____ is the _____ speed of _____ _____ for an _____ _____?

I _____ to know _____ clock speed of the CPU _____ _____ _____ _____ _____.

_____ want _____ find _____ _____ clock speed _____ _____ processor so _____ _____ figure it out.

I want _____ _____ the clock _____ _____ _____ _____ to see how it _____.

It's _____ _____ understand _____ _____ speed to _____ _____ information _____ _____ processing power _____ the CPUs.

You _____ _____ _____ the _____ _____ in order _____ _____ _____ information about the processing power of _____ CPUs.

_____ _____ possible _____ _____ the _____ ability of _____ CPUs _____ evaluating its _____ speed?

_____ _____ necessary to _____ _____ clock speed in order _____ get _____ information _____ _____ power _____ the CPUs.

_____ clock _____ of the cpu _____ be _____ _____ indicator of its _____ _____.

_____ _____ _____ _____ on _____ power, you need to _____ the _____ speed _____ the processor.

With the clock speed of _____ _____ _____ we _____ _____ _____ power?

_____ the _____ clock _____?

_____ _____ _____ gauge on processor power, what's the _____ _____ _____ _____ processor?

I want to know _____ _____ speed of _____ so _____ _____ _____ it in _____ _____ _____.

_____ _____ _____ understand the _____ speed in order _____ get accurate _____ about _____ processing _____ of the _____.

_____ _____ _____ exact _____ _____ of the CPU?

_____ you give _____ information _____ _____ clock speed _____ _____ processor?

How _____ is the processor _____ order _____ _____ it's _____.

Is _____ _____ _____ of the CPUs _____ _____ _____ _____ its processing prowess?

For _____ accurate _____ of _____ _____ _____ is the _____ speed of _____ processor?

_____ _____ to _____ theclock speed _____ theCPU so _____ _____ _____ it in performance _____.

_____ need to know _____ CPU's _____ _____.

_____ need _____ know the clock _____ of theCPU to _____ _____ _____.

Is _____ _____ to _____ an exact understanding _____ a _____ _____ ability _____ evaluating its _____ _____?

_____ want _____ _____ _____ clock _____ of _____ in order _____ evaluate it.

To _____ its _____ _____ can _____ tell _____ the clock _____ of the _____?

_____ order _____ _____ accurate information _____ _____ speed, what's the clock _____?

_____ it possible to _____ estimate _____ _____ capability with the _____ _____?

_____ a gauge on processing _____ what's the _____ _____ _____ _____ CPU?

They _____ to _____ theclock speed _____ order to get _____ information _____ _____ _____ power of _____ _____.

_____ _____ _____ _____ _____ clock speed of _____ processor so _____ can assess it's _____.

_____ _____ to know _____ _____ _____ _____ the CPU so _____ I _____ see it _____ performance terms

Can you _____ me the _____ speed of _____ _____ _____ that _____ can assess _____ _____?

_____ _____ exact _____ _____ the processor's processing ability come _____ evaluating _____ _____ speed?

The _____ _____ of the processor are _____ to _____ _____ _____.

I need _____ know the _____ rate of _____ _____ _____ _____ processing _____.

How _____ is _____ _____ _____ order to _____ its processing _____?

_____ _____ is _____ _____ clock speed?

To _____ _____ information _____ _____ processing _____ of _____ CPUs, what's the _____ speed.

_____ _____ possible _____ measure _____ power by knowing the clock rate _____ _____ _____?

You have to _____ _____ speed _____ order to _____ accurate information about _____ _____ _____ of _____ _____.

_____ _____ _____ gauge _____ _____ power, you _____ the clock _____ of the CPUs.

_____ want to _____ the clock speed _____ the cpu _____ _____ _____ _____ assess its _____

_____ _____ _____ speed of _____ CPU an accurate _____ of its _____ _____?

_____ _____ _____ _____ the clock speed _____ the cpu.

_____ clock speed _____ very _____ _____ order to _____ the performance _____ _____ processor.

_____ _____ speed an _____ indicator _____ the processor's _____ power?

Does the clock _____ _____ _____ accurate _____ _____ _____ processing _____ of the processor?

I need to _____ the clock _____ of _____ CPUs _____ that _____ _____ _____ it _____ _____ terms.

_____ _____ _____ to know the _____ _____ of _____ so I can _____ it _____

The _____ speed _____ _____ _____ important _____ to _____ _____ performance of the processor.

It is necessary _____ understand _____ clock _____ _____ order to _____ accurate _____ _____ the _____ _____ power.

I _____ _____ _____ the clock _____ _____ _____ CPU, so I _____ judge it.

_____ _____ give me the _____ _____?

The _____ _____ _____ theCPU _____ used _____ measure _____ processing power accurately.

In _____ _____ measure _____ processing _____ _____ the CPU, _____ fast is _____?

_____ need to know _____ clock _____ of _____ _____ so _____ _____judge it.

_____ you give me theCPU's _____ speed _____ that _____ can _____ _____ _____?

_____ the _____ _____ speed _____ _____ to determine its processing _____?

Can you give _____ _____ CPUs's _____ _____ _____ I _____ assess its _____?

_____ _____ _____ clock _____ give us _____ good idea of its _____ _____?

_____ _____ accurate _____ _____ _____ processor's _____ how fast does it operate?

It is important to understand _____ clock _____ _____ order to _____ _____ information _____ _____ _____ _____ of _____ CPUs

_____ _____ _____ me _____ idea of _____ clock speed of _____ CPUs?

_____ order to _____ its _____ _____ want to _____ the _____ _____ _____ the processor.

_____ we _____ the _____ power _____ the _____ using its clock _____?

_____ _____ speed of _____ _____ is important _____ _____ to get accurate _____ _____ the processing power of _____.

I _____ to know the _____ speed _____ the _____ _____ I _____ _____ _____ out

_____ clock _____ of _____ can be used _____ gauge its _____ _____ _____.

I _____ _____ _____ _____ clock speed of _____ so I can _____ _____ in _____ terms.

Can _____ give _____ _____ clock _____ _____ the _____ so that _____ _____ assess its efficiency?

_____ _____ to _____ the _____ _____ of the processor, so _____ can judge _____.

_____ you tell me _____ clock _____ _____ _____ Processor?

I _____ to _____ _____ clock rate _____ the CPUs to _____ _____ _____ abilities.

_____ _____ to know _____ clock speed _____ the _____ _____ order _____ _____ its performance.

The _____ _____ _____ the CPU is _____ _____ _____ processing capacity.

I want to know _____ speed _____ _____ in _____ _____ evaluate _____ _____.

_____ you tell _____ _____ clock rate of the _____ _____ _____ its _____ abilities?

The clock _____ _____ _____ processor is _____ to measure its _____ _____.

With _____ clock speed, _____ it _____ to _____ _____ processor's _____?

Is _____ possible _____ accurately _____ a processor's capabilities _____ _____ its _____ _____?

I want _____ _____ the clock speed of _____ _____ that _____ _____ see _____ in _____ _____

Can _____ _____ me _____ clock _____ of theCPU _____ _____ can assess _____?

_____ _____ to gauge the _____ _____ power the clock _____ _____ the _____ _____ thing.

_____ _____ to _____ accurate _____ _____ the _____ processing _____ you have _____ know the _____ speed.

_____ _____ _____ to understand _____ _____ speed _____ order _____ _____ _____ information about the processing power _____ the processor.

_____ _____ _____ _____ about _____ processing power of the _____ it is _____ _____ know the _____ speed.

To _____ the _____ _____ power accurately, what _____ the _____ _____?

_____ _____ to get _____ information about _____ _____ _____ of the _____ what _____ the clock _____?

_____ _____ possible to _____ _____ processing _____ by _____ the clock _____ of _____ processor?

_____ _____ clock speed _____ _____ accurate measure of _____ _____ _____ the processor?

Is the _____ _____ _____ the processor _____ accurate _____ of _____ processing _____?

_____ you give me _____ clock _____ _____ _____ processor to assess _____ _____?

_____ it _____ to gauge _____ processor's processing _____ _____ _____ _____ speed alone?

_____ you tell _____ _____ _____ clock _____ is _____ the processor?

_____ _____ its _____ _____ accurately, what _____ _____ clock speed of _____ CPUs?

Can _____ clock _____ _____ the processor _____ _____ accurate _____ of _____ performance?

Is it _____ _____ measure _____ _____ _____ by calculating _____ _____ rate of _____ processor?

In order _____ gauge _____ processing _____ of the CPU, what _____ _____ _____ _____?

_____ _____ _____ idea _____ processor clock speed _____ accurate _____ estimation?

_____ order _____ get accurate information about _____ processing power _____ the _____ what's _____ _____ _____?

_____ _____ the clock _____ of the _____?

In order _____ _____ _____ processing _____ _____ _____ _____ the clock speed of the _____?

_____ you _____ me _____ _____ processor's speed?

Can _____ tell me the _____ _____ _____ theProcessor so _____ can assess _____ _____?

The _____ _____ of _____ _____ _____ used to gauge its processing _____

_____ _____ clock speed _____ _____ CPU an accurate _____ of _____ power?

_____ _____ _____ _____ the clock speed of the _____ to help _____ _____ _____ efficiency?

Can _____ determine the power of _____ processor _____ _____ _____ _____?

_____ you clarify the clock _____ of _____ processor _____ I _____ _____ _____?

Would _____ the _____ _____ _____ us an _____ of _____ processor's processing _____?

_____ order _____ get _____ _____ about the processor's _____ _____ is the _____ speed?

It's necessary to _____ theclock _____ _____ get _____ information _____ _____ processing power _____ the _____.

Is it _____ _____ accurately _____ _____ processor's _____ power _____ on its _____ speed?

_____ order to get _____ information _____ the _____ _____ of _____ _____ what is _____ _____ speed?

_____ _____ possible to determine the CPU's processing _____ by _____ _____ _____?

Can _____ _____ me how fast _____ _____ _____?

To _____ accurate information about _____ processing _____ _____ _____ _____ you need _____ clock _____.

_____ get accurate _____ _____ _____ processing power of the CPUs, _____ need _____ _____ _____ _____ speed.

_____ _____ speed _____ the _____ important _____ in order _____ _____ the processing _____ _____ the processor.

_____ the clock _____ of the _____ _____ _____ measure _____ _____ processing power?

I _____ to know _____ _____ speed of the _____ _____ order _____ _____ _____ evaluation _____ it.

_____ order to _____ _____ _____ _____ the _____ power of _____ CPU, what is its _____ _____?

How _____ is _____ processor in _____ to measure _____ powerful _____ _____?

The clock frequencies _____ _____ processor _____ important _____ _____ the _____ capacity.

The clock _____ is the _____ important thing to _____ _____ the _____ _____ _____ _____

In _____ to get _____ information about _____ _____ _____ _____ the CPUs it _____ necessary to _____ theclock _____

I want _____ know the _____ _____ _____ _____ cpu so _____ _____ see in _____ terms.

The clock _____ is _____ most important thing to gauge _____ _____ _____ _____ _____ _____.

The _____ _____ _____ critical to gauge _____ _____ of _____ processor.

_____ _____ accurate gauge _____ _____ power, _____ clock speed of _____ _____ is important.

Any _____ on the clock _____ _____ _____ _____?

_____ you _____ me _____ idea _____ the clock _____ _____ the processor?

How _____ _____ the processor's clock _____ _____ measuring _____?

Is it possible _____ _____ _____ processor's capability _____ terms of _____ _____ _____?

Can you give _____ the processor's _____ speed so _____ can _____ _____ _____ _____ _____?

It's necessary to _____ _____ clock _____ _____ get accurate information _____ the processing _____ _____ _____ _____.

_____ _____ accurate _____ _____ processing _____ what's the clock _____ of _____ core?

In order _____ judge performance, _____ should _____ _____ _____ _____ speed?

_____ clock Frequency _____ theCPU _____ important _____ determining processing _____.

The _____ _____ _____ the _____ _____ _____ _____ measure its processing power accurately.

How fast _____ theCPU _____ order _____ _____ _____ power?

_____ exact understanding _____ a _____ processing ability _____ _____ _____ _____ _____ its clock speed.

_____ _____ to know the _____ speed of _____ _____ so _____ can make _____ assessment of _____ _____.

_____ you _____ me _____ speed _____ the _____ _____ to determine its _____ ability?

_____ the _____ _____ _____ give _____ accurate _____ of its processing power?

_____ is _____ _____ _____ _____ _____ in order _____ get _____ information about the processing power _____ theprocessor.

_____ _____ _____ know _____ _____ speed of _____ so I can assess it _____ a _____ _____.

_____ fast is theCPU _____ order _____ _____ _____ processing power.

_____ _____ accurate information about _____ _____ power _____ the _____ _____ necessary to _____ theclock speed.

How fast is the _____ _____ in _____ _____ _____ performance?

_____ _____ _____ processing power, _____ _____ the clock speed of _____ processor?

Is it possible _____ _____ accurate _____ power by knowing _____ _____ _____ _____ of _____ processor?

_____ _____ to _____ _____ the _____ rate of _____ processor is accurate.

_____ _____ accurate _____ of processing power, _____ is _____ _____ speed _____ the CPUs?

_____ you let me _____ how _____ _____ _____ is?

_____ _____ we assess _____ _____ _____ _____ using its clock rate?

_____ evaluating aCPU's _____ _____ _____ us _____ idea of _____ processing power?

_____ you _____ to _____ the clock speed of _____ _____?

What is _____ speed of _____ _____ _____?

Can you give _____ the _____ _____ speed _____ _____ _____ check its _____?

_____ clock speed of _____ processor _____ _____ to gauge _____ _____ power.

_____ _____ the clock _____ _____ _____ CPU for _____ accurate gauge?

_____ speed is _____ _____ important thing in _____ to _____ the performance _____ _____ _____.

_____ an _____ _____ _____ the processor's processing ability be given _____ _____ _____ clock _____?

_____ fast _____ _____ computer's _____ for measuring _____?

For an accurate _____ on processing _____ _____ is theclock _____ _____ _____ _____?

_____ _____ tell me about the clock speed to _____ _____ _____ _____?

_____ want _____ know _____ _____ speed _____ theprocessor so that _____ can assess _____ _____.

_____ _____ clock speed _____ the CPUs be _____ _____ _____ of _____ processing prowess?

_____ clock speed _____ _____ processors _____ _____ to gauge _____ processing power.

Understanding _____ speed is necessary in _____ to get accurate _____ _____ _____ _____ _____ of _____ _____.

_____ you give us _____ _____ the _____ _____ _____ the processor?

_____ _____ _____ need _____ _____ theclock speed in _____ to _____ accurate _____ about _____ processor's processing power.

I _____ to _____ _____ _____ speed _____ theCPU _____ I _____ _____ it's overall performance.

How _____ a processor's _____ _____ be _____ to _____ _____ power?

Is it _____ to _____ _____ _____ _____ with _____ clock speed of _____ CPU?

It is necessary _____ _____ _____ _____ _____ order _____ _____ accurate _____ _____ the processor's processing power.

Would _____ exact understanding _____ _____ processor's processing ability _____ _____ by _____ _____ _____ speed?

Can _____ tell _____ _____ the clock speed _____ the _____ _____ _____ it?

_____ you tell _____ about _____ _____ _____ to evaluate its _____ capability?

In _____ to get _____ information about _____ _____ _____ what _____ _____ clock speed?

Can _____ _____ _____ _____ clock speed of _____ to _____ its efficiency?

_____ you know _____ clock's speed _____ _____ _____ computer's processing _____?

Can we count on the _____ _____ to be an _____ _____ of _____ _____ _____ _____?

_____ the _____ speed _____ _____ indicator of the _____ prowess of _____ _____?

The _____ speed _____ the most _____ _____ to _____ the _____ of _____ processor.

_____ need _____ know precisely _____ the _____ rate _____ _____ the processor.

I want to know _____ _____ _____ of _____ _____ I can _____ _____ performance.

The clock _____ is the _____ important thing in _____ to _____ _____ _____ _____ _____ _____.

_____ the _____ speed of the processor _____ _____ its _____ _____?

_____ want _____ _____ the clock speed of _____ _____ _____ can evaluate _____ performance

I _____ _____ know theclock speed _____ _____ _____ _____ _____ to evaluate it.

_____ _____ to know the clock speed of _____ _____ _____ order to _____ _____ _____.

I _____ to _____ _____ _____ speed of theCPU, _____ _____ _____ assess its performance

_____ need _____ know _____ _____ speed of the _____ _____ I _____ assess its _____.

_____ _____ to know the _____ _____ _____ the cpu to gauge _____ processing _____

Is it _____ to measure _____ _____ _____ _____ _____ _____ rate of theCPU?

How _____ _____ the _____ for _____ processor _____ an accurate _____?

_____ it possible to _____ _____ accurate _____ _____ _____ the _____ speed of the _____?

Is _____ possible _____ _____ the _____ _____ of the CPU _____ its clock _____?

Do _____ _____ _____ _____ of the computer's clock _____ _____ _____ processing capabilities?

In _____ _____ _____ accurate information about _____ processing power _____ theCPU, _____ _____ its _____ speed?

In order to _____ accurate information about _____ _____ _____ _____ _____ _____ it's _____ _____ understand theclock speed.

What _____ the _____ clock _____ used to _____ _____?

_____ _____ _____ to determine _____ _____ power by the clock _____ of _____?

I want _____ know _____ _____ speed _____ the processor, _____ I _____ assess _____ in a _____ _____.

The processor's _____ _____ _____ used to accurately _____ _____.

In _____ to _____ _____ information about _____ _____ _____ of the _____ _____ its clock speed?

The _____ _____ helps gauge _____ _____ _____ the processor.

Can _____ _____ me know _____ _____ theCPU is _____?

Can _____ _____ me the _____ speed of _____ cpu so I _____ _____ _____?

What _____ the clock speed of _____ _____ _____ to _____ its _____?

I want _____ know _____ clock _____ of _____ CPU _____ I _____ evaluate _____ _____.

Is it possible _____ _____ _____ _____ capability of _____ _____ through _____ clock speed?

_____ the clock speed an _____ indicator _____ _____ _____ _____ prowess?

_____ _____ an idea on the _____ speed of _____ _____.

_____ gauge the performance _____ _____ _____ what _____ _____ clock speed?

_____ _____ possible _____ _____ a processor's ability _____ _____ clock speed?

_____ is _____ processor's _____ speed?

Is it _____ to _____ accurate processing _____ by _____ only the _____ _____ _____ processor?

_____ _____ speed of _____ CPU is an _____ indicator _____ _____ _____ prowess.

_____ want _____ know the _____ _____ of the _____ in _____ _____ evaluate _____ performance.

Does _____ clock speed provide an _____ measure _____ _____ _____ _____?

_____ _____ _____ to _____ _____ _____ ability through its clock speed?

_____ evaluating _____ CPU's _____ speed give us an idea _____ _____ _____ _____.

_____ would like to know _____ _____ _____ of _____ _____ to _____ its processing _____ correctly.

I _____ _____ _____ the clock rate _____ _____ CPU.

Can you clarify _____ _____ _____ of _____ _____?

_____ order to _____ accurate information about _____ _____ _____ of _____ _____ _____ is the clock _____?

_____ processor's _____ speed _____ be _____ _____ _____ indicator _____ its processing prowess.

Understanding the _____ speed _____ _____ _____ order to _____ accurate information _____ _____ _____ power of the _____.

_____ want to _____ _____ clock speed of _____ _____ so I _____ see _____ _____.

I need to _____ how _____ _____ _____ _____ is.

_____ it _____ to estimate _____ processor's _____ with clock _____?

_____ _____ the _____ _____ _____ used _____ _____ the power of a processor?

_____ want to know _____ clock speed _____ the _____ _____ _____ to evaluate _____ _____

_____ want _____ know the _____ _____ _____ _____ _____ so I can _____ it in a better _____.

Is _____ possible to gauge _____ _____ capability _____ _____ processor _____ its clock _____ _____?

_____ _____ possible _____ determine _____ exact understanding _____ _____ _____ processing ability by _____ _____ clock speed?

Can _____ _____ me about the processor clock _____ _____ _____ _____ can _____ it?

_____ _____ to _____ the _____ speed of _____ _____ so that _____ _____ _____ an assessment of it.

_____ we _____ _____ _____ processing power on the _____ _____ its clock _____?

I want to _____ _____ _____ speed _____ the _____ _____ _____ to make an _____.

How _____ a processor's _____ _____ be used _____ _____ _____ power?

_____ it _____ to determine the _____ power _____ _____ the clock _____?

_____ _____ clock _____ of the processor _____ an accurate indication _____ _____ _____?

It's necessary _____ _____ _____ _____ in _____ to get accurate information _____ the _____ _____ _____ the CPUs.

In _____ to _____ accurate information _____ _____ processing power of _____ CPUs, _____ the _____ _____

An _____ _____ on processing power _____ _____ _____ _____ clock speed of _____ CPUs.

_____ _____ possible _____ measure a processor's _____ with its _____ _____?

_____ want _____ know _____ clock speed of theCPU _____ order _____ figure _____ _____.

How _____ _____ the processor's _____ _____ determine it's _____ capability?

How _____ is _____ processor's clock _____ to _____ _____?

Can you _____ _____ about the clock _____ of _____ _____?

_____ would like _____ _____ the _____ speed _____ _____ _____ I can figure _____ out.

_____ _____ the _____ _____ of aCPU give _____ _____ idea of its _____ ability?

_____ you please give _____ _____ regarding the clock speed _____ _____ _____?

_____ _____ _____ clockspeed of the _____?

I want _____ _____ the _____ speed of _____ _____ I can _____ _____ performance.

Is the processor _____ _____ an _____ _____ of its _____ _____?

I _____ _____ know the clock speed _____ _____ so _____ can assess _____ _____ _____ different _____.

_____ it _____ to _____ _____ _____ capacity with the _____ speed?

_____ _____ _____ _____ of _____ computer's _____ to determine its processing capabilities?

I want to _____ _____ clock rate of _____ _____ _____ _____ _____ performs.

_____ you tell _____ the _____ _____ of the _____ _____ _____ I _____ assess it?

For an accurate gauge on _____ _____ _____ is the _____ _____ of _____ _____?

_____ want to know _____ clock speed _____ the _____ so _____ _____ judge _____ _____.

_____ clock speed is the most important _____ _____ _____ _____ processor's _____ _____.

_____ is the _____ speed _____ _____ processor _____?

_____ want _____ know the _____ speed _____ _____ _____ in order to _____ it _____.

_____ _____ like to know _____ _____ speed of _____ _____ in _____ to evaluate _____.

Can _____ tell me _____ _____ rate of the _____ _____ see _____ it _____?

_____ _____ necessary _____ understand theclock _____ _____ order _____ get accurate information about _____ processor's _____.

Is _____ _____ _____ determine _____ CPUs's _____ power from _____ clock speed?

_____ _____ _____ to gauge _____ processing power by _____ the clock _____ _____ the _____?

_____ an exact _____ _____ a _____ _____ ability _____ _____ evaluating its clock speed?

How fast the computer's _____ _____ to determine _____ _____ _____?

_____ you give me the _____ _____ speed _____ help _____ _____ its _____?

_____ clock frequency _____ _____ processor _____ important to _____ the processing _____.

Can _____ _____ _____ _____ clock rate of the _____?

Can _____ please give _____ details _____ the _____ _____ _____ the processor?

_____ want _____ _____ _____ clock _____ of theProcessor so that _____ _____ figure _____ out.

_____ you give me _____ _____ _____ speed so _____ _____ check _____ efficiency?

Do you _____ _____ _____ _____ _____ _____ clock, which _____ its processing capabilities?

Is it possible _____ determine _____ cpu's _____ power based _____ _____ _____?

Is _____ _____ _____ of the _____ an _____ indicator _____ its performance?

I want _____ know _____ clock speed of _____ _____ _____ I _____ assess its _____ _____.

_____ _____ to understand _____ clock speed _____ order _____ get accurate information about _____ _____ power _____ _____ CPU.

Is it possible _____ determine the _____ _____ _____ based _____ _____ _____ speed?

I would like to _____ _____ clock _____ _____ the CPU, _____ I _____ _____ _____ out.

_____ gauge _____ _____ _____ _____ the processor'sclock speed?

_____ _____ _____ _____ _____ processor's processing _____ using the clock rate?

I want _____ know _____ _____ _____ _____ the _____ _____ order to make an _____.

In _____ to _____ its _____ power, _____ _____ is the _____?

The _____ speed of the processor _____ _____ _____ factor _____ _____ _____ processing power.

_____ an _____ gauge of processing _____ _____ _____ the _____ speed of the _____?

_____ necessary to understand the _____ speed _____ _____ _____ _____ the processing power _____ the _____.

Can you _____ me _____ _____ speed of _____ _____ I can assess _____ _____?

I want _____ know the _____ _____ of the _____ _____ _____ it.

_____ we rely on _____ clock speed _____ _____ accurate _____ of _____ processing _____ _____ _____ processor?

I want to know the _____ _____ of theProcessor _____ _____ _____ _____ an _____.

_____ _____ determine theCPU's _____ power based on _____ clock _____?

I want to _____ the _____ _____ of _____ CPUs _____ that _____ _____ see _____ good it _____.

Is _____ possible to determine the _____ _____ _____ _____ _____ their clock _____?

_____ _____ _____ know _____ _____ _____ _____ the CPUs so I _____ _____ it in a different way.

I need _____ know _____ _____ _____ _____ the _____ in order _____ assess _____ performance.

_____ want _____ see _____ clock _____ of the _____ in _____ of _____.

How _____ a processor's clock rate _____ used _____ _____ its _____ _____?

_____ clock speed _____ the _____ is needed to gauge _____ _____ _____.

_____ you _____ me the speed _____ the _____ _____?

How fast _____ theCPU in _____ _____ _____ _____ processing power

Can we _____ _____ _____ processing _____ _____ _____ its clock speed?

I want to _____ _____ _____ speed of theprocessor _____ _____ _____judge its _____.

_____ you tell _____ _____ _____ clock _____ so I _____ evaluate it?

The _____ speed _____ theCPU can _____ used _____ _____ _____ power.

_____ want _____ know the _____ speed of _____ CPUs in order _____ _____ _____.

Can ____ tell me how ____ ____ ____ ____?

Are ____ ____ ____ tell me ____ clock rate ____ the ____?

____ ____ we ____ a ____ ____ ____ using its clock rate?

Is ____ possible to ____ ____ ____ ____ processing ____ by clock speed?

____ ____ ____ of the cpu is ____ ____ measure its ____ power.

I ____ to ____ ____ ____ ____ of the ____ in ____ to evaluate it.

____ it ____ to estimate a processor's ____ ____ by ____ ____ speed?

____ ____ speed ____ ____ cpu is important for ____ ____ gauge ____ processing power.

I want to know ____ clock ____ of ____ processor ____ ____ ____ ____ ____ in a better ____.

I would ____ ____ know the clock ____ of ____ processor so I ____ ____ ____ ____.

____ you ____ ____ the clock ____ ____ the cpu?

____ an exact ____ ____ ____ processor's ____ ____ ____ given by ____ its clock speed?

____ ____ give me ____ speed ____ that ____?

____ would like ____ know the ____ speed of ____ so ____ ____ can ____ ____ performance.

____ ____ is the ____ in order ____ measure its ____?

____ want to ____ the ____ speed ____ the ____ ____ order ____ evaluate its ____.

For an accurate gauge on processing ____ what ____ ____ ____ ____ ____ the ____ ____?

____ order ____ get ____ information ____ ____ processor, ____ the clock speed?

What is the ____ ____ of the ____ used ____ ____ its ____?

In order to ____ ____ processor's ____ power, ____ ____ ____ clock speed?

Can ____ tell ____ ____ ____ that ____ can run?

____ ____ ____ of ____ CPU is ____ to measure ____ processing power.

____ ____ like ____ know the ____ ____ ____ ____ CPUs so I can judge ____.

Is it possible to ____ ____ processor's processing power ____ ____ ____ ____ ____?

____ it ____ to gauge ____ processing capability of a CPUs ____ ____ ____ ____ ____?

____ need ____ ____ the clock ____ of ____ ____ to judge it.

I would ____ to ____ ____ ____ ____ ____ the CPU in order ____ evaluate ____ performance.

I ____ theCPU's ____ speed ____ assess ____ ____

____ want ____ ____ the ____ speed of the ____ so I ____ ____ ____ performance.

____ need ____ ____ the clock ____ ____ ____ processor in ____ to evaluate its ____.

I want ____ ____ the ____ speed of the ____ to ____ ____ ____.

It is necessary ____ understand ____ ____ ____ ____ ____ information ____ the ____ power of ____ CPU.

Can ____ ____ the ____ speed ____ the ____?

____ ____ ____ can ____ used ____ ____ the processor's processing power.

____ ____ possible ____ gauge the ____ capability ____ ____ CPUs using its ____ ____ alone?

Do ____ know ____ speed ____ the ____ clock ____ ____ out its processing ____?

____ ____ ____ me ____ how fast that ____ is?

I ____ to ____ the ____ ____ of the ____ ____ ____ I can see it ____ ____ terms.

It's necessary to ____ theclock speed ____ order to ____ ____ ____ about ____ processing ____ of ____ ____

____ ____ tell me the clock ____ ____ ____ CPU ____ ____ its processing abilities?

Is ____ ____ to measure processing ____ ____ ____ the ____ rate of the ____.

The ____ speed is ____ ____ gauge ____ processor's ____ power.

____ accurate processing power ____ ____ ____ clock ____ of ____ processor?

In ____ ____ ____ performance, ____ should we ____ about ____ ____ of the processor?

Can ____ tell ____ ____ fast theprocessor ____?

The clock frequencies ____ the ____ ____ important ____ ____ ____ capacity.

The clock ____ of the ____ ____ ____ an accurate ____ of ____ processing ____.

____ clock speed is ____ ____ important thing ____ ____ ____ processor's performance.

Can ____ measure the ____ processing power ____ its ____ ____?

____ ____ to measure ____ ____ power of ____ ____ how fast is ____?

I _____ to know _____ clock speed of the _____ so _____ I _____ _____ _____ _____.

_____ an _____ _____ of the processor's processing _____ _____ _____ by _____ a _____ speed?

It _____ _____ to _____ theclock speed _____ _____ to get _____ information _____ _____ _____ of the CPUs.

I _____ _____ _____ know the _____ rate _____ the processor _____ _____ _____ processing abilities.

I want to _____ the _____ _____ of the CPUs _____ _____ I can _____ _____ _____ _____ doing.

_____ _____ processor's clock _____ _____ used _____ estimate capability?

How _____ _____ _____ _____ _____ to be determined?

Can you _____ _____ the _____ rate _____ _____ _____ to see _____ it performs?

_____ _____ tell me _____ speed _____ _____ is at?

_____ _____ speed is _____ _____ _____ factor in _____ to gauge _____ performance _____ the processor.

Can _____ tell me _____ clock _____ _____ _____ _____ to gauge its _____ abilities?

I _____ _____ know _____ _____ speed of theprocessor so _____ _____ can _____ _____ in _____ terms.

_____ _____ tell me _____ _____ rate _____ the processors?

I want to know the _____ _____ speed so _____ _____ _____ _____.

_____ _____ _____ of _____ processor is used to _____ its _____ power

I _____ _____ know the _____ speed of _____ _____ _____ I can assess _____ _____.

I _____ to _____ _____ _____ _____ theCPU _____ I can assess _____ performance.

_____ is _____ processor _____ _____ to determine _____?

Can _____ _____ speed be an _____ _____ _____ _____ processor's processing prowess?

_____ it possible to evaluate a CPUs's clock _____ _____ _____ _____ _____ of _____ processing _____?

_____ it possible _____ gauge the processor's _____ _____ _____ _____ speed?

What _____ _____ actual clock speed _____ _____ _____?

_____ clock speed of _____ cpu _____ _____ _____ indicator _____ its processing _____

_____ you _____ _____ _____ clock's speed _____ _____ its processing ability?

Can we _____ on _____ clock _____ of _____ _____ to gauge _____ processing _____?

It's important to know the _____ _____ _____ _____ _____ _____ _____ accurate gauge.

Is _____ possible _____ _____ gauge aCPU's _____ power using _____ _____ rate?

Is it possible _____ a clock speed would _____ _____ _____ idea _____ a _____ _____ _____?

_____ clock speed _____ the processor is _____ _____ order _____ gauge _____ processing _____.

I want _____ _____ the _____ _____ of the _____ so _____ _____ see _____ _____ performance terms

_____ _____ clock speed _____ the _____ provide _____ accurate measure _____ its _____ power?

_____ _____ speed of _____ _____ _____ _____ accurate _____ of its processing prowess.

I _____ to know _____ _____ speed of _____ so _____ can _____ its _____

I _____ to _____ _____ clock speed _____ the _____ _____ I _____ _____ its performance.

_____ idea _____ _____ _____ of the processor's _____?

_____ evaluating aCPU's clock _____ _____ us _____ _____ of its _____ ability?

For _____ _____ _____ of the _____ _____ the CPU, how fast _____ it _____?

_____ _____ speed is _____ to _____ accurate information about _____ _____ power _____ _____ CPUs.

I _____ to know _____ clock _____ _____ the _____ _____ I can _____ it _____ performance _____.

I _____ to know the _____ _____ _____ the processor _____ _____ how it _____.

The _____ _____ _____ the processor _____ be an accurate _____ of _____ processing _____.

_____ clock speed is _____ most important _____ _____ gauge the _____ _____ _____

For an _____ _____ on processing _____ the clock speed of _____ _____ _____ _____.

_____ get _____ _____ about _____ processing power _____ theCPU, _____ the _____ speed?

_____ can we _____ _____ _____ processing power using _____ _____ rate?

_____ _____ clock _____ for the _____?

_____ _____ to _____ _____ clock speed of the CPUs in order _____ _____ an _____ of _____ _____.

_____ _____ the clock speed _____ the _____ in _____ _____ get _____ information about its _____ _____.

_____ _____ _____ know the _____ _____ _____ _____ processor in order _____ evaluate its performance

_____ order to get accurate _____ _____ _____ processing power of _____ machine, _____ _____ clock _____?

The _____ speed _____ the _____ is used _____ _____ its _____ power.

_____ _____ clock _____ _____ necessary in order to _____ _____ _____ _____ the processing power of _____ CPUs.

In order _____ _____ _____ _____ _____ the processor'sclock speed, what _____ it?

_____ _____ know the _____ of the _____ _____ _____ determine _____ processing ability?

In order _____ _____ _____ _____ _____ _____ the processor's clock speed?

_____ _____ is the clock _____ _____ processor?

_____ want _____ _____ the _____ speed _____ _____ Processor so that _____ _____ figure it out.

_____ the _____ speed _____ the _____ give an _____ of _____ processing _____?

_____ clock speed _____ _____ most _____ _____ _____ _____ the processor's processing power.

_____ is the _____ clock _____?

Can we rely _____ _____ clock _____ for _____ _____ indicator _____ a _____ processing _____?

_____ _____ speed _____ _____ in _____ _____ gauge the processor's performance.

_____ _____ _____ speed of the _____ _____ _____ accurate measure of its _____ power?

What's _____ clock _____ _____ _____ processor in order _____ _____ accurate information about _____ _____ power?

_____ order to get _____ _____ about _____ processing _____ of the CPUs, it's _____ _____ _____ the clock _____.

_____ gauge _____ processing _____ accurately, _____ is the _____ speed _____ the _____?

Theclock speed is _____ _____ _____ in _____ _____ _____ accurate _____ about the _____ power _____ the CPUs.

_____ clock speed _____ the _____ is _____ indicator _____ _____ processing prowess.

Can _____ _____ me the _____ _____ that _____?

_____ fast is _____ _____ _____ in order to measure _____ _____?

_____ _____ _____ of a _____ processing _____ would _____ given by _____ its _____ speed.

_____ _____ possible to measure processing _____ by knowing the _____ _____ of _____ _____?

_____ clock _____ _____ _____ _____ to gauge the performance of the _____.

The clock _____ _____ be _____ _____ indicator _____ _____ processor's performance.

I _____ to know _____ clock _____ _____ _____ processors _____ I can figure _____ _____.

I _____ like to _____ _____ clock _____ _____ the _____ so _____ _____ assess _____ in a different way.

Is it possible to determine the _____ _____ _____ _____ _____ _____?

_____ clock _____ of the processors _____ important _____ order _____ _____ _____ information _____ their _____ power.

The clock _____ _____ the processor _____ used _____ _____ _____ processing power.

_____ you _____ me how fast _____ CPU's _____ _____?

I would like to know the _____ _____ _____ theCPU _____ _____ can _____ _____ _____.

In order _____ measure processing _____ _____ _____ is _____ CPU?

The _____ _____ speed _____ used _____ _____ its performance.

_____ we rely on _____ _____ speed _____ _____ accurate indicator _____ the _____ performance?

It's important _____ _____ the clock _____ in order to get accurate _____ about _____ _____ _____ _____ _____ processor.

_____ it possible _____ _____ the _____ _____ _____ processor with _____ clock speed?

_____ clock speed _____ the processor can be used _____ _____ _____ _____ _____ prowess.

_____ _____ _____ me _____ clock rate _____ the processor _____ _____ its processing abilities?

Can _____ _____ me the clock _____ of the _____ _____ that I _____ assess _____ _____?

_____ is _____ to _____ _____ clock _____ in order _____ _____ accurate _____ about the processing _____ of the _____.

What _____ _____ _____ speed _____ the processor _____ _____ reliable gauge?

Can you _____ _____ _____ clock speed _____ the _____?

_____ it _____ to _____ an _____ _____ _____ a _____ processing _____ by evaluating clock speed?

To gauge _____ processing _____ accurately, _____ _____ the _____ speed _____ the _____?

_____ want to know _____ _____ _____ _____ the processor _____ I can _____ an _____.

I need an _____ _____ the _____ _____ of _____ processor.

The _____ _____ of _____ _____ _____ an accurate _____ of its processing _____.

Understanding theclock _____ is _____ to _____ _____ information _____ _____ processing power of _____ _____.

Is it possible to _____ _____ _____ power by knowing _____ _____ _____ clock _____?

I want _____ _____ the clock speed _____ theCPU _____ _____ I can assess _____ _____ _____.

The clock speed of the processor _____ used _____ _____ accurate _____ _____ _____ _____.

_____ want to know the clock speed _____ _____ _____ so I _____ _____ _____ _____.

_____ _____ possible to detect _____ _____ power _____ knowing _____ clock _____ _____ the processor?

_____ is necessary to understand _____ _____ in _____ to get _____ _____ about _____ _____ _____ of the cpu

_____ you tell me _____ _____ speed of _____ _____ processor?

It is _____ _____ _____ theclock speed _____ order to _____ _____ _____ about the _____ power of _____.

What is the _____ speed _____ _____ _____ for _____ accurate _____?

_____ _____ _____ _____ speed _____ the _____ in order to get accurate _____ about _____ _____ power?

_____ _____ speed is _____ in order _____ _____ _____ _____ about the _____ processing power.

_____ _____ a processor's _____ rate _____ used to _____ power?

_____ want _____ _____ _____ clock _____ _____ the CPUs _____ I _____ judge its performance

_____ need _____ clock speed _____ I can assess _____ _____

_____ _____ _____ clock speed _____ accurate _____ of its power?

The processor's _____ speed _____ be used to _____ _____ _____.

_____ the _____ _____ an _____ _____ of the _____ processing capabilities?

I want _____ find _____ _____ clock _____ of theCPU _____ I _____ _____ _____ out.

For an _____ measure _____ theCPU's capabilities, _____ _____ _____ it _____?

_____ _____ a processor's clock speed _____ _____ _____ understand _____ processing ability?

I want to know _____ clock speed of the _____ _____ that _____ _____ evaluate _____ _____ _____ _____ performance.

_____ want _____ _____ _____ clock _____ of _____ _____ I can figure it out

_____ _____ to _____ the clock _____ _____ the processor in _____ to _____ _____ evaluation.

How fast _____ the _____ _____ in order to _____ _____ _____ power?

For _____ accurate _____ _____ processing _____ _____ _____ clock speed _____ the Processor?

_____ can we _____ a processor's _____ using _____ clock _____?

_____ it _____ to _____ _____ power by knowing the clock _____ _____ _____ processor.

_____ want to know _____ _____ speed _____ _____ _____ I can _____ it's performance.

How fast is _____ _____ _____ order to _____ _____ _____ power.

_____ you _____ _____ _____ _____ clock speed to _____ its processing capabilities?

It's necessary to _____ theclock _____ to _____ _____ information about the _____ power _____ _____ _____.

Can _____ tell me _____ _____ theCPU _____ _____ when?

What's _____ clock _____ of the _____ _____ an _____ gauge?

_____ can _____ _____ a computer's processing power using _____ _____ _____?

_____ need to _____ the clock _____ of _____ so I _____ _____ its _____.

_____ _____ _____ _____ speed _____ theCPU to assess its efficiency.

_____ want to _____ _____ _____ speed of _____ _____ _____ that I can see _____ performance.

_____ _____ _____ me _____ _____ _____ _____ so I can assess its efficiency?

_____ clock _____ _____ _____ _____ _____ used to gauge its processing power.

_____ _____ possible _____ _____ the processor's processing power _____ on clock _____.

_____ _____ to _____ the _____ speed _____ the processor _____ I can _____ it's _____.

_____ we _____ to _____ _____ processor's _____ power _____ on its _____ speed?

Is _____ _____ _____ accurately estimate _____ processor's capabilities _____ _____ clock speed?

Is _____ _____ _____ measure _____ _____ _____ ability through _____ clock speed alone?

_____ _____ tell _____ _____ clock _____ _____ the processor to gauge _____ performance?

The _____ clock speed _____ _____ _____ processing _____.

The _____ _____ _____ important in _____ to gauge the _____ processing _____.

Is it possible to gauge the _____ _____ of a _____ _____ _____ _____ _____.

The _____ _____ is _____ _____ important thing to _____ _____ _____ processing power.

_____ _____ _____ clock speed give us an _____ _____ its _____ to _____ information?

_____ want to know _____ clock _____ _____ theCPU _____ _____ _____ judge its performance.

_____ _____ _____ know _____ clock _____ of _____ so I can _____ _____ in a _____ I am not.

How _____ a processor's _____ _____ be used _____ _____ _____ processing power?

_____ it possible to _____ the _____ processing _____ based on _____ _____ _____?

_____ _____ _____ is _____ _____ _____ _____ to assess the processor's processing power.

_____ _____ possible to determine _____ processing power _____ _____ _____ _____ of the processor

_____ would like to _____ the clock speed _____ _____ _____ in _____ _____ evaluate _____ performance.

Tell _____ - how _____ _____ _____ processor?

_____ you _____ me theclock speed of _____ processor _____ _____ _____ _____ its efficiency?

_____ want to know the clock _____ of the _____ _____ that I _____ _____ it _____ _____ better _____.

_____ _____ _____ to _____ _____ clock rate of _____ _____ gauge its processing abilities.

I _____ to know _____ _____ _____ of theCPU _____ _____ can assess it _____ _____ _____ that I _____ not.

Can you tell _____ _____ _____ _____ of _____ to gauge its _____ _____?

_____ _____ to _____ _____ _____ speed of the processors _____ I _____ assess its _____.

Does _____ _____ speed of _____ processors _____ _____ _____ _____ of processing power?

How can _____ _____ _____ power _____ a processor using _____ clock _____?

I _____ to _____ _____ clock _____ of the processor _____ I _____ _____ performance.

Who _____ the speed _____ _____ computer's _____ _____ determine _____ processing ability?

_____ _____ _____ _____ processing unit's clock speed?

_____ _____ _____ know _____ _____ _____ of the cpu _____ judge its performance

_____ can _____ _____ a processor's processing power _____ on _____ clock _____?

Can you let _____ _____ the _____ _____ of the _____?

_____ fast _____ the _____ _____ order _____ calculate its power?

Can _____ clock _____ _____ the _____ be an accurate _____ of its _____ _____?

I _____ to know the _____ _____ _____ the processor, so _____ can _____ _____.

The _____ _____ is most important to _____ _____ processor's _____ _____.

_____ _____ give me the clock speed _____ the _____ _____ _____ _____ can assess _____?

In order to get accurate information about _____ _____ _____ _____ _____ _____ _____ is _____ to understand _____ _____ speed.

I want _____ know the _____ _____ _____ _____ processor, so I _____ figure _____ _____

_____ clock speed is _____ _____ important _____ to _____ _____ processing _____ _____ the processor

The _____ _____ _____ the most _____ thing _____ assess the processor's _____ _____.

_____ _____ determine _____ processor's processing _____ _____ _____ its clock speed?

_____ you tell _____ the _____ _____ for _____ processor?

_____ we rely _____ _____ _____ _____ _____ _____ accurate indication of _____ processor's processing prowess?

_____ _____ _____ the _____ to measure _____ power?

_____ want _____ _____ _____ clock speed of _____ cpu so _____ I _____ _____ it

I need _____ _____ _____ speed _____ assess its _____.

_____ _____ clock _____ evaluation _____ _____ _____ _____ of a processor's processing ability?

_____ you _____ me how _____ the _____ clock speed _____?

_____ an _____ gauge of processing power, _____ _____ clock _____ _____ _____ CPU?

For a accurate gauge _____ _____ _____ what is _____ _____ _____ _____ the CPU?

_____ it _____ to _____ accurate _____ _____ by _____ _____ clock rate of _____ processor?

Is it _____ to _____ gauge _____ _____ _____ power by _____ _____ rate?

_____ would like _____ know the clock speed of the _____ _____ _____ can _____ _____ _____

_____ _____ its _____ power accurately, what _____ the _____ _____ _____ the CPU?

I would _____ _____ know the _____ speed of _____ _____ _____ that I _____ _____ _____ out

Can _____ processor's clock speed _____ _____ _____ gauge its _____ _____?

I want to _____ the clock _____ _____ the _____ _____ judge _____ _____.

_____ you tell _____ _____ _____ that processor _____?

_____ want to know _____ clock _____ _____ theCPU so _____ _____ _____ it _____ a _____ way.

Is _____ possible _____ measure _____ processing capability _____ a _____ _____ _____ _____ speed alone?

_____ clock _____ _____ be an _____ indicator _____ the processor's _____ prowess.

Is it ____ ____ ____ ____ processing capability of ____ CPU using ____ ____ speed ____?

I want ____ ____ the clock ____ ____ ____ CPUs, ____ that I ____ ____ it's performance.

To gauge the ____ of ____ processor, ____ ____ ____ is ____ ____ important thing.

Can you ____ me ____ ____ rate ____ the ____ to ____ ____ processing abilities?

____ is ____ clock ____ of ____ processor ____ an ____ reading?

____ want ____ know ____ clock ____ of ____ ____ so ____ ____ make an assessment.

I ____ to ____ the ____ ____ of theCPU so I ____ ____ ____ in ____ different ____.

____ theclock speed ____ accurate ____ ____ ____ processor's processing prowess.

I want to know the clock speed ____ the CPUs ____ ____ I ____ assess ____ ____ ____ ____ ____.

I ____ to know ____ speed ____ ____ so I ____ judge ____ ____

____ fast ____ processor ____ ____ order to ____ its processing ____

Can the clock ____ ____ ____ cpu be ____ ____ an ____ indicator of its ____ ____?

____ ____ ____ is the ____ important ____ in ____ to measure the ____ processing ____.

The ____ speed ____ ____ ____ ____ is used ____ gauge its processing ____.

____ is theCPU'sclock ____ ____?

____ clock speed of ____ ____ ____ to measure ____ power.

Can we determine ____ processor's processing ____ on ____ ____ ____?

I ____ to know ____ clock ____ ____ ____ ____ I can assess its ____ ____

____ ____ clock speed ____ ____ chip give ____ accurate ____ ____ its processing power?

Is ____ ____ ____ an accurate indicator of ____ ____ ____ to process?

____ ____ ____ of ____ processor ____ important in order to get accurate ____ ____ ____.

____ ____ give me the ____ ____ ____ ____ ____ gauge its processing abilities correctly?

____ evaluating ____ clock speed ____ us an idea ____ ____ processing ____?

____ ____ to know ____ clock ____ of the ____ so that I ____ assess ____ ____.

____ clock ____ is an indicator ____ the processor's ____ ____.

____ ____ determine ____ ____ power by ____ clock speed ____ the processor?

____ order to judge ____ ____ should we ____ about ____ ____?

Would evaluating ____ ____ ____ speed give ____ an ____ ____ ____ processing abilities?

It ____ ____ ____ understand ____ clock speed in ____ to get ____ information about ____ processing ____ ____ theCPU

Can you ____ ____ about how ____ ____ processor ____?

The ____ speed is very important ____ ____ the ____ ____ ____ processor.

What is the ____ ____ ____?

I ____ ____ ____ ____ clock speed so I ____ ____ it.

To get accurate ____ ____ the ____ power ____ ____ ____ what's ____ clock speed?

I ____ ____ know ____ powerful the ____ clock ____ actually ____.

In order ____ get ____ information ____ ____ ____ performance, what's the ____ ____?

____ it possible ____ ____ the ____ ____ by ____ clock speed?

What ____ the ____ ____ speed to assess ____ ____?

Can we rely on ____ ____ ____ to measure ____ ____ ____ of ____ processor?

____ ____ like to know ____ fast ____ is ____.

I want ____ know ____ ____ clock rate ____ the processor ____ ____.

____ want ____ know the ____ speed of ____ CPUs to ____ an ____ ____ its ____.

How ____ a ____ ____ rate be used to see ____ ____ ____?

____ want ____ ____ theclock ____ of the CPU ____ that I can ____ ____ ____ ____ terms.

How fast the ____ ____ ____ in order ____ ____ its processing ____.

Is ____ ____ ____ estimate ____ ____ capabilities at its clock ____?

____ want to know ____ ____ speed of ____ CPU ____ ____ to ____ an evaluation ____ ____.

____ ____ to know if you ____ ____ me ____ clock ____ of ____ processor.

In order ____ ____ the ____ ____ ____ speed is the ____ important ____.

Can ____ tell me ____ ____ clock rate of ____ ____?

_____ need to understand _____ _____ in order to _____ _____ information about _____ _____ _____ of _____ CPUs.

Is it _____ to _____ _____ processing power _____ _____ _____ clock speed?

Is it _____ _____ measure _____ processing capability _____ _____ through its clock _____ _____?

How _____ _____ the _____ _____ _____ to _____ its processing power.

_____ you _____ the _____ of the computer'sclock _____ _____ _____ processing capabilities?

Is _____ _____ to see _____ processing _____ _____ _____ through its clock _____?

I want _____ know the clock _____ of _____ _____ I _____ make _____ _____ of _____.

I _____ to _____ _____ clock _____ of _____ CPUs _____ _____ can _____ its performance.

_____ an _____ _____ on processing power, what _____ _____ clock _____ of _____.

_____ _____ _____ know the clock speed _____ the _____ _____ order _____ make a evaluation of _____ _____.

The clock speed _____ the _____ _____ _____ _____ the processor's processing _____

_____ _____ let _____ know the _____ rate of the _____?

_____ an _____ gauge _____ processing power, _____ _____ the clock _____ _____ the processors?

What _____ _____ clock speed _____ the processor _____ to measure _____ _____ _____?

To gauge its _____ _____ correctly, can you _____ _____ _____ clock rate _____ _____ _____?

I _____ _____ _____ the clock _____ of theCPU _____ terms of _____.

Does the _____ speed give an accurate measure _____ _____ _____ _____ _____ _____?

Can _____ _____ me _____ clock rate _____ _____ to _____ its processing _____ correctly?

What _____ the clock _____ _____ _____ _____ in _____ to _____ accurate information _____ it.

Can you _____ me the _____ _____ _____ computer's _____ to _____ its _____ capabilities?

What is _____ _____ _____ _____ to evaluate _____?

_____ _____ _____ know _____ _____ speed of the CPU in order _____ _____ _____ in _____ terms.

_____ want to _____ _____ _____ speed of _____ CPU in order _____ _____ it.

Can you _____ me _____ _____ _____ of that _____?

The _____ _____ of _____ is _____ to _____ its _____ power

_____ calculating _____ power, _____ _____ the clock speed of _____ _____?

_____ it _____ to determine accurate _____ _____ by _____ clock _____?

_____ an accurate _____ on processing _____ what is the _____ speed _____ _____ _____?

_____ _____ to assess _____ clock speed _____ _____ processor so I _____ _____ _____ out.

_____ it possible _____ _____ _____ capabilities of a processor _____ on _____ _____ speed?

_____ we rely _____ the _____ _____ of the _____ to know _____ processing _____?

Would an _____ understanding _____ the processor's _____ _____ be gained _____ _____ _____ _____ speed?

It is necessary to _____ _____ _____ _____ order to get accurate _____ about the processing _____ _____ _____ _____.

I want to _____ the _____ speed _____ _____ cpu _____ order _____ evaluate _____ _____.

_____ want to _____ the _____ _____ of theCPU in _____ _____ _____ it _____ performance terms.

_____ _____ the clock rate _____ used to _____ _____ CPUs's _____ power?

_____ _____ _____ _____ processor's clock speed?

_____ _____ clock speed _____ an accurate _____ of _____ _____ power?

_____ _____ we accurately gauge _____ processor's _____ power with _____ clock _____?

Would _____ _____ CPU's _____ speed give _____ an _____ of _____ _____ ability?

Can _____ _____ _____ what _____ clock _____ of the CPUs _____?

_____ a _____ _____ _____ power, what _____ the clock speed _____ the _____?

_____ _____ _____ gauge _____ processing _____ what is theclock speed _____ the _____?

The clock _____ of the _____ is _____ in order to _____ _____ _____ about _____ _____ _____.

The clock speed _____ _____ most _____ thing _____ order _____ _____ the _____ _____ power.

_____ _____ _____ me theCPU's clock _____ so _____ _____ assess its efficiency?

The _____ speed is _____ _____ _____ the processor's processing _____.

In _____ to _____ _____ information _____ the _____ _____ of the processor _____ is the _____ _____?

_____ want _____ know the clock _____ of the _____ _____ _____ can assess _____ _____.

_____ want to see _____ _____ terms _____ clock speed of _____ _____.

The clock speed ____ ____ is used ____ ____ ____ processing ____.

____ ____ ____ ____ the clock speed ____ the processor so I ____ ____ how it ____.

____ ____ ____ for a ____ clock ____ to be ____ to ____ its capability?

____ you ____ the clock ____ ____ ____ ____ so I ____ assess its performance?

____ ____ to know the ____ speed of ____ CPUs, ____ ____ ____ assess it in a ____ ____.

____ ____ speed is ____ most important ____ for ____ ____ processor's ____ power.

I want to know ____ ____ speed ____ the CPUs ____ ____ can ____ ____ ____.

For ____ ____ ____ ____ ____ ____ of the processor, what is the clock ____?

____ would ____ to ____ the clock speed of the processor ____ ____ ____ ____ assess ____.

Understanding theclock speed is ____ in order ____ get ____ ____ about ____ ____ ____ ____ theCPU.

____ ____ to judge ____ performance, what should ____ known about ____ ____ ____?

____ you tell me ____ ____ ____ ____ to evaluate the processing ____?

____ want ____ know ____ clock ____ ____ ____ processor so ____ I can gauge ____ performance.

To ____ ____ information about ____ ____ processing ____ you ____ ____ ____ the clock speed.

____ it ____ ____ ____ ____ computer's processing power by its clock ____?

____ ____ ____ ____ of the processor ____ an accurate picture of ____ ____?

____ fast ____ the ____ in order ____ measure ____ powers?

It ____ necessary ____ ____ ____ ____ to ____ accurate ____ ____ the processing power of ____ CPUs.

____ ____ clock speed of the Processor ____ ____ accurate ____ of ____ ____ power?

It ____ ____ to ____ clock ____ ____ ____ to get ____ about the ____ power of the CPUs.

____ ____ clock ____ of ____ CPU a good indicator ____ its ____ ____?

____ speed is ____ in ____ to ____ accurate information ____ the processing ____ of ____ ____.

I ____ to know ____ clock ____ of the ____ ____ I ____ ____ it.

____ clock speed ____ the computer's ____ ____ ____.

What ____ the clock ____ ____ ____?

____ ____ theCPU's ____ speed ____ ____ its efficiency.

Can you tell me the ____ speed ____ ____ ____ so ____ ____ assess ____?

Do ____ know the ____ of ____ ____ ____ determine ____ processing ability ____ ____ computer?

____ an ____ ____ ____ a processor's ____ ability come from evaluating a ____ ____?

I ____ to know the ____ speed ____ the ____ ____ figure ____ ____.

____ want to ____ ____ clock speed ____ the CPUs ____ ____ ____ performance.

Can ____ give me the ____ ____ ____ the ____ so I ____ ____ ____ efficiency?

____ an exact ____ ____ ____ computer's processing ability ____ ____ by ____ ____ clock speed?

It's ____ to understand ____ ____ speed ____ ____ ____ get accurate information about ____ ____ processing ____.

I want ____ know ____ clock speed ____ ____ ____ figure ____ out.

____ ____ possible ____ determine ____ processor's capability ____ its ____ speed?

For ____ ____ gauge ____ ____ power, what ____ the clock speed ____ ____ processors?

Can ____ tell me ____ computer's clock ____ so I ____ ____ ____?

____ ____ possible to accurately ____ ____ processor's capability ____ its clock ____?

Knowing ____ speed is required ____ ____ to ____ ____ ____ ____ ____ processing power of the ____.

____ order to ____ ____ information about ____ processing power ____ ____ what is ____ clock ____?

What's ____ ____ speed of the ____ is ____ in ____ ____ get ____ information.

The clock speed is the ____ important thing ____ ____ the ____ ____ ____ ____.

To ____ theclock ____ ____ ____ in order to ____ accurate ____ about the ____ ____ of ____ CPUs.

Knowing ____ ____ ____ ____ in ____ ____ get accurate information about ____ ____ power of theCPU.

I would ____ ____ know ____ clock speed of the ____ ____ ____ I ____ ____ it.

____ is the ____ ____ the central ____ ____ clock?

I want to ____ ____ ____ ____ of ____ central processing unit ____ order to ____ ____ ____.

I ____ ____ know the clock ____ ____ theCPU ____ judge its ____.

Does ____ clock speed of the processor ____ an ____ ____ ____ ____ processing ____?

_____ _____ _____ is _____ order to measure _____ processing power.

An _____ _____ _____ _____ processor's _____ ability _____ be _____ by evaluating a clock _____.

The _____ speed _____ _____ CPU is used _____ measure _____ processing _____.

Is it _____ _____ _____ _____ processing _____ of _____ processor _____ its clock speed.

I _____ _____ _____ the clock _____ of _____ so _____ _____ evaluate it.

Would an _____ _____ _____ clock speed _____ us _____ _____ of the processing _____ _____ _____ processor?

_____ want _____ know the clock speed _____ theCPU, so _____ _____ _____ _____ performance.

_____ _____ aCPU's _____ speed _____ give _____ _____ understanding of _____ processing ability

_____ _____ to know the clock speed of the processor so _____ _____ _____ judge _____ _____ _____ of _____.

The _____ _____ of the _____ can _____ an accurate _____ _____ _____ power.

_____ need _____ know _____ _____ _____ of the CPUs so _____ _____ evaluate it.

_____ we _____ _____ clock speed _____ determine _____ processing _____ of the _____?

The clock _____ of _____ _____ _____ a _____ indicator _____ processing power.

I _____ to _____ _____ performance of the _____ _____ _____ _____ clock speed.

How fast _____ the _____ processor _____ order _____ _____ processing _____?

Please _____ me about _____ _____ _____ _____ order to evaluate _____ _____ capability.

_____ _____ _____ me know how _____ _____ is?

_____ is _____ _____ understand the clock speed _____ order _____ get _____ information about _____ _____ power _____ _____ CPUs.

It _____ important _____ understand _____ _____ to get _____ information about _____ _____ power _____ the _____.

_____ _____ exact _____ of a _____ ability be given _____ _____ _____ clock speed?

I _____ _____ know the _____ speed of _____ _____ in _____ _____ _____ it out.

_____ it possible to determine _____ processor's processing _____ based _____ _____ _____ _____ _____ clock?

_____ order to _____ _____ _____ the _____ processing _____ it's important _____ understand the _____ speed.

The clock speed _____ _____ processor is _____ _____ calculate its _____ _____ _____.

I _____ if _____ is possible _____ _____ a processor's _____ _____ _____ clock speed.

The clock speed of theCPU _____ important _____ _____ accurate _____ _____ _____ _____.

_____ would _____ _____ _____ _____ clock speed of _____ _____ _____ order to evaluate it.

_____ want to know the _____ _____ of _____ _____ so I can _____ an _____ _____ _____ performance.

_____ want to _____ theclock _____ _____ _____ CPU in order _____ evaluate its _____.

Can _____ tell me the _____ _____ _____ the _____ _____ _____ can assess its _____?

The clock rate can _____ _____ _____ _____ a _____ processing _____.

To gauge _____ performance, _____ _____ _____ _____ clock speed?

For an _____ _____ _____ _____ _____ what is _____ speed of the _____?

Can you _____ me about _____ clock _____ so _____ _____ _____ evaluate _____ _____ capability?

Is _____ possible _____ calculate _____ processing _____ _____ only _____ _____ clock rate _____ the processor?

It's important to understand theclock _____ _____ _____ _____ _____ accurate _____ _____ the _____ power of _____ CPU.

I _____ to _____ _____ _____ rate of _____ _____ _____ gauge its _____ abilities correctly.

_____ _____ _____ _____ know the processor's _____ _____ based on the clock _____?

In order to get accurate information _____ _____ _____ _____ _____ the CPUs, you _____ _____ _____ the _____ speed.

_____ _____ speed is needed _____ order _____ _____ accurate information about the _____ _____ _____ the _____.

_____ would _____ to _____ the _____ _____ of _____ _____ so that I can _____ it in performance _____.

I _____ _____ _____ _____ clock rate of the cpu _____ _____ _____ processing abilities _____.

_____ want to _____ the _____ _____ of _____ processor in order _____ see _____ it _____.

I need to _____ the _____ speed of _____ to _____ _____ _____.

The clock speed _____ what _____ the _____ _____ _____.

_____ want to _____ the _____ speed of the CPU, _____ _____ _____ can judge _____ _____.

The clock _____ of the _____ can _____ used _____ _____ _____ _____ power.

I want _____ _____ the clock speed of _____ so that _____ can _____ _____ _____ _____.

How _____ _____ _____ a _____ _____ power _____ its clock rate?

_____ want _____ know the _____ speed _____ _____ so that _____ _____ evaluate _____ performance.

Is _____ possible _____ _____ the processor's _____ _____ _____ its clock speed?

_____ _____ _____ to _____ the processing _____ of a processor through its _____ _____ _____?

Would _____ exact understanding _____ _____ processor's _____ ability be provided _____ evaluating _____ _____ _____?

_____ it _____ _____ _____ the processor's processing _____ through _____ clock speed _____?

_____ you give me _____ clock _____ _____ the _____ so _____ can _____ it?

How _____ is the computer's _____ _____ _____ _____ measure its _____?

What is _____ _____ speed of the _____ in order _____ _____ _____ _____ about it's _____ _____?

_____ _____ _____ _____ _____ clock speed of the _____ so I _____ _____ its efficiency?

_____ _____ possible _____ estimate _____ processor's capability based _____ the _____ speed?

_____ _____ _____ CPUs _____ is _____ to measure _____ processing power.

I need to _____ the _____ _____ _____ _____ _____ _____ _____ me the clock speed?

Can we rely _____ _____ clock speed of the _____ _____ judge _____ _____ _____?

The clock _____ _____ _____ CPU _____ be used to _____ _____ power.

_____ you _____ me how _____ _____ _____ runs?

_____ _____ gauge on processing power is dependent on the _____ _____ _____ _____ _____.

_____ it possible to gauge _____ _____ _____ of a processor through _____ _____ _____.

Can the clock speed of _____ processor _____ _____ _____ _____ _____ of processing _____?

_____ it possible to _____ the _____ capability of aCPU _____ _____ clock _____ _____?

What _____ _____ clock speed _____ _____ computer's _____?

Is _____ possible to gauge processing _____ _____ _____ _____ speed _____ the _____?

_____ tell _____ about the clock _____ _____ _____ _____ processing capability.

I would like to know _____ _____ _____ _____ the _____.

I want to know _____ _____ speed _____ the _____ _____ I _____ _____ _____ performance.

Is _____ _____ to determine _____ _____ _____ power based _____ _____ clock speed?

How _____ _____ _____ clock?

Is _____ possible _____ determine _____ cpu's processing _____ _____ _____ _____ clock speed?

_____ a _____ _____ _____ power, what's the _____ speed of the _____?

Is it _____ _____ estimate _____ processor's ability _____ its _____ _____?

For _____ _____ _____ _____ any _____ on processor clock speed?

_____ the clock _____ of _____ _____ an accurate indicator _____ processing _____?

Is _____ possible _____ determine the _____ power of _____ _____ on _____ clock _____?

_____ _____ tell _____ if _____ clock speed is _____ _____ evaluate the processing _____?

_____ it possible _____ estimate a _____ capability with _____ _____ _____?

Is it possible _____ estimate _____ processor's _____ _____ _____ _____ speed?

_____ _____ _____ _____ of a _____ _____ ability be _____ by evaluating a clock _____?

I want _____ _____ _____ _____ speed of the CPU _____ _____ can assess _____ _____.

_____ _____ _____ know the _____ clock speed _____ I _____ evaluate it.

_____ _____ like to _____ the clock speed of _____ CPUs so I _____ _____ it in _____ _____ _____.

Understanding theclock _____ is _____ _____ in _____ to _____ _____ information about the processing _____ _____ _____ CPUs.

The _____ _____ of _____ _____ can be _____ _____ gauge processing power.

In order _____ _____ its _____ power, _____ fast is _____ _____?

_____ _____ _____ _____ of the _____ _____ an accurate _____ of its processing power?

_____ _____ _____ of _____ CPUs is used for _____ processing _____.

_____ want _____ judge the performance _____ the _____ by _____ clock _____.

Is _____ _____ to determine _____ processors _____ power _____ on _____ clock _____?

Would evaluating _____ _____ _____ give us _____ _____ of _____ processing ability?

_____ _____ _____ processor _____ speed to _____ it?

_____ the clock speed _____ the _____ _____ an _____ gauge?

I _____ _____ know _____ clock speed _____ the CPU _____ _____ I _____ assess it _____ a _____ _____ am not.

_____ you know _____ computer's clock speed to _____ _____ _____?

Can ____ ____ me the clock rate of ____ processor ____ ____ its ____ ____?

____ ____ the clock ____ of ____ processor?

____ ____ ____ to gauge the ____ capability of a ____ ____ its clockspeed ____?

____ ____ figure out ____ processor's ____ power from its ____ ____?

Does the ____ speed of ____ ____ give ____ ____ measure ____ ____ power?

I want ____ know ____ ____ ____ of ____ processor so ____ can ____ ____ judgement on ____.

Do ____ ____ ____ ____ ____ of the CPUs?

It's ____ to ____ ____ speed ____ ____ accurate ____ ____ the ____ power of the CPU.

In order ____ ____ the processor's ____ power, ____ ____ speed ____ important.

____ ____ ____ to ____ ____ clock ____ of the processor to judge its ____.

____ ____ possible to ____ ____ processor's processing ____ ____ the speed ____ its clock?

____ ____ ____ speed give an accurate ____ of processor ____?

The clock ____ ____ the ____ ____ used to gauge ____ ____.

____ ____ ____ know ____ clock speed of ____ ____ ____ ____ ____ can see in performance terms.

____ ____ ____ know the ____ ____ of theCPU ____ that I can ____ it ____ performance ____.

The clock speed of ____ ____ ____ ____ to ____ ____ power.

What ____ ____ clock ____ of the ____ ____ ____ ____ get accurate ____ about its ____ power?

____ ____ ____ speed of ____ CPUs an ____ ____ of its processing ____.

____ is the ____ speed ____ ____ ____ used to measure ____ processing ____?

____ ____ ____ ____ an accurate indicator of ____ processing ____ of theCPU?

I am ____ if ____ ____ tell ____ ____ fast ____ is.

To ____ its performance, ____ ____ the ____ ____ speed?
