[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Assistance with vehicle connectivity and apps
Inquiry Sub-Category	Connectivity concerns during firmware updates
Description	Customers may encounter connectivity issues or loss of functionality during firmware updates, necessitating support to ensure smooth updating process and restoration of connectivity features after the update is completed.
Data Size	5,638 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

How can _____ ensure full functionality _____ _____ connected _____ _____ apps _____ a _____ firmware _____?

How to _____ _____ optimal _____ _____ a _____ update.

What can I _____ to _____ _____ _____ _____ apps work _____ Firmware _____?

_____ _____ _____ _____ the features _____ _____ are functional after a firmware _____?

Can _____ _____ me _____ to guarantee functional _____ for attached features/apps _____ _____ _____?

How _____ I make sure all _____ _____ _____ apps _____ _____ _____ successful upgrade?

Can you tell _____ how _____ make _____ _____ _____ _____ _____ _____ work correctly after a _____ update?

How _____ I _____ _____ that all _____ features and _____ _____ working _____ a successful _____?

_____ _____ make _____ _____ _____ apps work after a new _____?

_____ _____ be done to _____ connected _____ _____ working after _____ firmware _____?

_____ it _____ to _____ the _____ _____ _____ every _____ feature and app after _____ _____ update.

_____ you tell me _____ to guarantee _____ _____ _____ connected features _____ _____ following _____ flawless _____?

How can we _____ _____ operation _____ all connected _____ _____ _____ following a _____ _____ update?

How _____ I make sure _____ _____ features and apps _____ _____ _____ _____ a _____ update?

_____ _____ guarantee _____ all _____ work _____ an update?

I would like to _____ _____ _____ can expect smooth operation _____ _____ _____ and feature _____ _____ Firmware _____ _____.

_____ you _____ _____ how to _____ _____ that all features _____ apps are functional _____ _____ _____ update?

Is it _____ _____ make _____ that _____ _____ features _____ _____ are functional after a _____ _____?

_____ suggestions _____ _____ to protect the full _____ _____ _____ functions and apps _____ a _____ _____ update?

_____ _____ maintain _____ _____ connected features and apps after _____ _____ update?
