[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Unidentified data consumption
Description	Customers may notice unusual or unknown data consumption, such as higher-than-usual usage during specific times. They contact ISPs to identify the cause of this data consumption and explore potential solutions to minimize excessive usage.
Data Size	7,847 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Are there precautions to _____ if _____ _____ _____ suspected _____ _____ _____ excess _____ _____ a limited time?

What precautions should _____ taken after unwarranted _____ _____ believed to _____ contributing _____ a _____ _____ file _____ _____?
