[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	VoIP (Voice over IP) compatibility and setup
Inquiry Sub-Category	VoIP call connectivity issues
Description	Customers encounter difficulties connecting to VoIP servers or experiencing intermittent connectivity problems during VoIP calls, seeking guidance in diagnosing and resolving these issues for seamless and uninterrupted VoIP communication.
Data Size	5,075 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

How does network bandwidth ____ ____ call quality? ____ ____ ____?

How can ____ improve voicemail ____ ____ ____ effects ____ bandwidth?

____ ____ on voicemail ____ ____ bandwidth ____ something ____ asked about.

____ ____ bandwidth ____ quality ____ ____ over internet protocol calls?

____ are ____ for improving ____ ____ of ____ ____ ____ ____ network bandwidth affects that.

Please explain ____ ____ ____ ____ the quality ____ ____ calls ____ ____ recommendations will ____ ____ to find ways to ____ them.

Please tell ____ ____ ____ bandwidth ____ the quality ____ voice calls and ____ ____ will ____ ____ ____ improve it.

Is the voice ____ in ____ call ____ ____ ____ bandwidth?

Please tell us ____ ____ bandwidth ____ ____ quality ____ voice ____ and what ____ ____ be made to ____ better ____

____ ____ of voice calls is impacted ____ ____ impact ____ ____ bandwidth.

____ ____ tell me about ____ network bandwidth affects the ____ ____ ____ ____?

____ ____ can ____ ____ quality of the ____ ____ can we improve?

____ network bandwidth ____ ____ quality of voice calls is ____ ____ ____ to ____.

____ impact ____ network ____ ____ ____ voice over ____ Protocol call quality?

How can we ____ voicemail clarity ____ ____ ____ of ____?

How network ____ ____ ____ quality ____ ____ calls is something ____ ____ to know.

What is ____ ____ of network ____ on ____ over sip ____ ____?

How do you ____ ____ clarity ____ the effect ____ ____?

Is ____ possible ____ ____ ____ ____ with network bandwidth?

____ ____ we improve ____ ____ ____ what ____ the bandwidth has?

We ____ like ____ know a description ____ network ____ and ____ suggestions for ____ the ____ ____ ____ calls.

The effect of ____ on voicemail clarity ____ ____ ____ ____.

____ calls can ____ affected ____ ____ bandwith

____ ____ us ____ network bandwidth affects the ____ ____ voice ____ ____ what ____ will be made ____ ____ to ____ it.

____ does the ____ ____ do to ____ quality of ____ ____?

____ you ____ ____ ____ network bandwidth ____ on the quality ____ ____ calls?

Is there ____ way ____ ____ ____ ____ bandwidth for ____ better ____ over internet ____ ____ quality?

What ____ do bandwidth ____ ____ ____ and ____?

_____ effect of bandwidth on _____ _____ _____ that _____ being queried.

_____ _____ _____ to _____ network bandwidth _____ _____ the _____ quality _____ virtual voice over internet _____?

Tell _____ _____ _____ _____ _____ the quality of _____ calls and what _____ _____ be _____ _____ find better solutions.

The effect of _____ on _____ _____ _____ something being _____ _____.

_____ _____ of bandwidth on _____ clarity _____ being asked _____ _____ others.

_____ _____ _____ us _____ network bandwidth and what we _____ _____ _____ improve _____ quality _____ aVoIP call?

_____ _____ _____ maximize network bandwidth _____ clear _____ _____ _____ are _____ _____ internet but do _____ think network bandwidth _____ them?

_____ it _____ _____ the quality _____ _____ voice call to _____ influenced by the _____ _____ _____ used?

_____ is _____ _____ of voice over internet _____ _____ affected _____ bandwidth?

_____ us about how network bandwidth affects the _____ of _____ _____ and _____ recommendations _____ be _____ _____ find ways _____ _____ _____.

How _____ we _____ voicemail _____ and what _____ _____ bandwidth _____ on _____?

Network bandwidth can _____ _____ quality _____ voice _____ SIP _____.

_____ us _____ bandwidth affects _____ quality _____ voice calls and _____ recommendations _____ _____ made to _____ _____

How can _____ maximize the network bandwidth and _____ _____ _____ _____ _____ _____ Internet _____ calls?

Can you _____ us _____ _____ of network bandwidth and _____ ways to _____ the _____ _____ _____ _____?

Can _____ suggest _____ _____ _____ adjust _____ network bandwidth to increase _____ _____ inVoIP?

Are the _____ bandwidth effects _____ _____ _____ _____?

Do _____ _____ effects _____ voice _____ in _____?

I _____ _____ help _____ _____ to maximize the network bandwidth and improve the _____ _____ _____ _____ _____ Protocol _____.

_____ network bandwidth change the _____ _____ _____ _____?

How _____ bandwidth _____ the _____ of _____ calls _____ what _____ will be made _____ _____ _____

Any _____ _____ _____ call _____ from _____ bandwith?

We need to _____ if _____ bandwidth _____ the _____ of _____ _____ and what recommendations will _____ _____ _____ improve _____.

In _____ to improve the quality _____ voice _____ _____ tell _____ how _____ bandwidth _____ _____.

_____ for improving the quality of voice _____ _____ network _____ _____ _____?

_____ _____ how network bandwidth _____ quality of _____ _____ _____ _____ recommendations will _____ _____ to improve it.

Do _____ know the _____ of _____ bandwidth _____ voice _____ _____?

To _____ call quality in _____ _____ _____ internet _____ is _____ possible to adjust _____ _____ _____?

_____ can _____ improve the network network _____ _____ terms _____ _____ _____ voice _____ internet _____ call performance?

Suggestions _____ improve _____ quality are _____ _____ _____ the bandwidth affects _____.

_____ do _____ _____ about _____ _____ _____ has on my _____ over internet _____ call?

Please _____ us _____ the _____ _____ _____ has on the _____ _____ voice calls and what _____ _____ be _____ to reduce _____.

_____ _____ _____ _____ how network bandwidth _____ the quality of _____ calls _____ _____ recommendations will be _____ to _____ them

_____ you tell _____ about _____ effects of _____ _____ _____ Voice _____ quality?

Can _____ _____ _____ how network _____ affects the _____ _____ calls?

What impact do network bandwidth _____ _____ the _____ _____ _____ _____?

The _____ of bandwidth on clarity _____ _____ _____ something that _____ _____ _____.

_____ _____ think network _____ _____ affect _____ calls?

_____ you _____ a _____ _____ adjusting network _____ _____ _____ the calls more efficient?

_____ tell _____ about _____ effects network bandwidth _____ _____ the quality _____ _____ _____ and what recommendations will be _____ _____ _____ _____ solutions.

_____ _____ the _____ bandwidth _____ improved to _____ VoIP calls?

We _____ to know _____ _____ _____ _____ the _____ of voice calls _____ what recommendations will _____ made _____ find ways _____ _____ _____.

Networkbandwith _____ affect _____ _____ call _____.

Is _____ _____ _____ adjust the _____ bandwidth to improve _____ over _____ protocol _____?

Please _____ us about _____ _____ affects _____ quality _____ _____ calls _____ _____ recommendations will be made _____ _____ them.

Let _____ know _____ _____ bandwidth _____ the _____ _____ voice calls and _____ recommendations will be _____ _____ _____ to find ways _____ _____ it.

Does _____ _____ matter _____ the _____ of a voice _____?

_____ voice _____ quality _____ _____ _____ network's bandwidth?

Please tell _____ _____ network _____ affects _____ quality of _____ _____ _____ _____ recommendations will _____ made to find _____ solutions.

Can _____ give us _____ on network _____ _____ _____ _____ improving _____ _____ of our calls?

Talk _____ the effects _____ _____ bandwith _____ _____ call quality.

_____ need to know how _____ _____ affects _____ quality _____ _____ calls _____ _____ suggestions _____ be made _____ improve it.

_____ are _____ effects of network _____ _____ _____ of voice _____?

Will the _____ bandwidth _____ _____ _____ quality?

_____ someone _____ _____ _____ of _____ the network bandwidth for better _____ over _____ _____ _____ quality?

_____ _____ can affect voice _____

Tell _____ _____ _____ _____ affects the quality of _____ calls _____ how to _____ _____.

Recommendations on _____ _____ _____ the _____ _____ _____ better in terms of _____ and voice over internet _____ _____.

Is there _____ _____ of network _____ and _____ suggestions for improving _____ quality _____ _____ _____?

Is _____ possible to _____ a _____ of _____ _____ bandwidth _____ _____ voice over _____ Protocol _____ quality?

Is it _____ that _____ bandwidth _____ _____ voice _____ in _____?

Please _____ _____ how _____ _____ _____ the quality of _____ calls _____ _____ recommendations will be _____ to find better _____.

Network _____ should _____ _____ quality.

Tell us _____ network bandwidth _____ _____ quality of _____ _____ _____ what recommendations will be made _____ _____ _____

I need to _____ _____ _____ bandwidth _____ VoIP call _____.

_____ there _____ way for _____ _____ affect the quality of _____ _____?

bandwidth _____ affect _____ _____ of _____ made with _____ Voip _____

Is the _____ _____ _____ _____ in voice call _____?

Can _____ suggest _____ way _____ adjusting network _____ _____ _____ call quality?

_____ there a _____ of _____ _____ _____ _____ _____ on _____ the quality of calls?
