[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Operating system requirements
Description	Customers inquire about the compatibility of their smartphone with different operating systems, such as Android or iOS, and seek information on the specific requirements and functionalities of each system for their device.
Data Size	5,014 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Are there _____ _____ issues _____ third-party _____ _____ specific _____ _____ versions _____ _____ affect user experience?

_____ could _____ compatibility _____ _____ third-party _____ _____ specific operating systems.

Can compatibility _____ between _____ _____ and specific _____ system _____ _____ user _____?

Can _____ apps _____ _____ issues _____ _____ OS versions?

Some _____ _____ _____ work with _____ versions _____ the operating _____.

Do the operating _____ _____ clash _____ _____ party _____?

_____ third _____ apps _____ compatibility issues with _____ _____ versions?

_____ are possible _____ _____ between _____ apps _____ specific operating system _____.

Do certain _____ _____ _____ _____ with _____ app functions?

The user experience _____ _____ hampered _____ _____ _____ incompatibility _____ _____ OS releases.

App compatibility _____ _____ _____ by _____ _____ system

_____ _____ _____ there will be problems _____ discrepancies _____ the third-party apps _____ _____ _____?

Are _____ _____ apps _____ with _____ _____ operating system versions?

Is there _____ _____ between _____ _____ _____ and third-party applications?

_____ some operating _____ _____ problems _____ our _____ apps?

_____ _____ _____ _____ compatibility for specific _____ and external apps?

_____ _____ _____ _____ _____ be any issues arising _____ the discrepancies _____ third-party apps _____ the _____?

_____ _____ _____ _____ be hampered by app _____ with some _____ releases.

Do _____ _____ _____ _____ _____ _____ _____ discrepancies between third-party apps and _____ OS versions?

_____ _____ _____ of _____ _____ with different _____ versions affect how they are _____?
