[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Troubleshooting and problem-solving support
Inquiry Sub-Category	Connectivity and Integration
Description	Support for integrating and troubleshooting smart home features and connectivity with other devices.
Data Size	7,507 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ ____ be ____ to ____ frequent disruptions in network ____ caused ____ the integration ____ a ____ ____ ____ ____ overall system?

____ actions should ____ ____ to address ____ disruptions caused ____ ____ ____ specific ____ with ____ system?

____ are frequent ____ interruptions ____ ____ ____ only one device ____ ____ system.

____ of a ____ device with ____ ____ ____ causes ____ disruptions ____ network connection.

What's ____ to be ____ ____ ____ ____ internet connection after ____ ____ ____ by that specific ____?

____ should be done to address network ____ ____ by the ____ ____ ____ ____ device with ____ ____ system?

There ____ ____ network disruptions ____ a ____ ____ is integrated.

____ to the inclusion ____ ____ appliance ____ ____ system, ____ are ____ ____ in network connection.

Is there ____ ____ to ____ ____ ____ ____ ____ ____ to the addition of an appliance?

____ ____ be ____ ____ fix ____ internet connection after ____ ____ ____ messed it up?

____ ____ resolving connection ____ after ____ device is ____.

____ one particular ____ is integrated ____ the ____ ____ actions ____ ____ taken to fight ____ connectivity ____?

NetworkDisconnect ____ are ____ by ____ inclusion of a ____ ____.

____ ____ ____ lot ____ connection ____ ____ ____ integrating one device into the total ____.

Fix ____ issue ____ new ____ is ____?

____ ____ need to be taken ____ ____ that ____ network is free of ____ ____ by ____ ____ device?

____ connection ____ can ____ caused by ____ a single ____ into ____ total ____.

There are regular ____ ____ ____ adding ____ device ____ ____ system

How ____ ____ Network problem ____ device ____?

What ____ ____ ____ that should be ____ to ensure ____ ____ is ____ ____ ____ our network caused ____ a ____ device?

What ____ be ____ ____ solve the ____ ____ disruptions caused ____ integration of ____ specific ____ with ____ ____ system?

There ____ ____ ____ interruptions ____ ____ integration ____ one device into the total ____.

In relation ____ the ____ ____ ____ specific device with our ____ system, how can ____ ____ ____ ____ issues?

How can ____ fix ____ ____ ____ ____ integrating a ____ device within ____ setup?

Is it ____ to resolve ____ ____ ____ ____ ____ ____ product into ____ home setup?

____ ____ of ____ appliance within the system ____ ____ ____ the ____ connection.

____ can ____ get ____ ____ ____ problems caused by ____ integration?

____ there a ____ to ____ ____ disruptions caused ____ a ____ device?

Is ____ ____ way ____ ____ ____ network connected ____ we ____ this ____ ____ into our system?

Fix the ____ caused ____ ____ ____ device to ____ network?

A ____ integration in ____ ____ ____ lead ____ network disruptions.

_____ can network disruptions from a _____ _____ _____ be _____?

_____ steps _____ to _____ taken to _____ that _____ network _____ _____ _____ disruptions _____ _____ integrating a particular device?

How _____ we _____ _____ issues _____ a new _____ _____ added?

What should we do with _____ _____ disruptions due _____ _____ _____ _____?
