[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Internet and Wi-Fi connectivity issues
Inquiry Sub-Category	DNS and IP configuration
Description	Customers seek support in configuring DNS and IP settings on their routers or devices to resolve DNS resolution issues or ensure proper network connectivity.
Data Size	5,247 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Why am ____ ____ network connectivity problems and ____ ____ ____ check ____ my ____ address ____ configured ____?

How ____ ____ ____ out ____ ____ related obstacles ____ verify the internet protocol ____?

____ you ____ me on ____ ____ resolve recurring ____ ____ ____ ____ correct assignment of anip ____?

____ there any instructions ____ ____ with ____ ____ connection ____ and ensuring correct ____ ____ ____ internet Protocol address?

I ____ ____ trouble with the internet, did ____ ____ ____ ____ up?

____ are ____ ____ network connection, ____ ____ to ensure proper ____?

Why am I not ____ ____ ____ ____ I do to make ____ my ____ ____ ____?

____ ____ I ____ out if ____ ____ ____ ____ configured right if there ____ a network ____?

There could ____ a ____ affecting ____ network and ____ ____ I verify ____ ____ ____ is configured ____.

I ____ know why I am having network problems, ____ ____ ____ ____ ____ ____ address ____ configured ____.

How ____ I know ____ ____ ____ is ____ correctly when ____ ____ network issues?

____ ____ ____ ____ ____ ____ configuration of the internet protocol address?

____ can ____ ____ out network ____ ____ ____ confirm ____ assigned internet protocol address?

____ ____ with this ____ ____ ____ ____ I find out ____ my address is ____?

____ it ____ ____ ____ ____ persistent network related ____ ____ ____ the correct internet protocol address?

____ can ____ ____ ____ ____ bottom of persistent network-related ____ ____ verify accurate configuration ____ ____ assigned address?

There are ____ connection issues, ____ related ____ ____ ____ setup?

____ need information ____ ____ ____ and a check ____ ____ ____ ____ for my address.

I'm ____ network issues ____ how ____ check ____ ____ ____ is ok.

I ____ know ____ wrong with ____ network and how ____ ____ ____ ____ address is ____.

I am ____ need ____ ____ regarding possible connection problems ____ ____ ____ configuration ____ ____ my ____.

____ need to ____ about ____ problems ____ well as ____ ____ configuration ____ my ____.

____ ____ to find out ____ ____ of myip address, and what should be ____ ____ ____ ____ ____.

____ was wondering ____ ____ ____ ____ impacting my ____ or whether ____ internet ____ was configured ____.

____ don't know how to check to ____ ____ ____ internet ____ ____ configured ____.

How ____ I ensure accurate ____ of ____ address when ____ ____ persistent ____ ____ obstacles?

Can ____ ____ me instructions for ____ ____ ____ connections and ____ correct assigning ____ myip ____?

____ could ____ know if ____ ____ address was configured ____ if there was ____ ____ ____?

____ ____ ____ ____ answer about why ____ am ____ network connection problems and how ____ set ____ ____ address.

Can you give ____ ____ ____ ____ ____ network connections and make ____ myip ____ ____ correct?

____ can I ____ out if my ____ ____ ____ ____ correctly ____ the ____ network?

Can ____ ____ me ____ for ____ recurring network ____ and ____ ____ ____ protocol address?

____ do I know ____ my ____ address ____ ____ ____ when I ____ ____ network problems?

____ can ____ ____ out ____ my ____ ____ set up right on ____ network?

Why ____ ____ network connections not ____ ____ and how do ____ ____ out about ____ ____?

I ____ wondering ____ ____ was a ____ problem and if ____ ____ ____ was configured ____.

I ____ ____ ____ ____ the ____ ____ setup ____ ____ connection problem, but my internet seems to be ____ ____.

____ you provide ____ ____ ____ resolving recurring ____ connections and ____ ____ ____ ____ internet protocol address?

Can you give ____ ____ for ____ ____ ____ connections ____ ensuring correct ____ of anip ____?

____ ____ show me how ____ ____ ____ ____ connections and ensure ____ assigning ____ internet ____ address?

____ don't know ____ ____ am ____ network problems, should ____ check ____ ____?

I don't know why ____ ____ ____ network ____ ____ ____ to set up ____ internet ____.

Is there a ____ affecting ____ ____ ____ ____ can I verify ____ my ____ ____ ____ right?

____ ____ need to ____ the ____ ____ my internet ____ ____ order to ____ the network ____?

What's wrong ____ ____ ____ and how do I ____ ____ ____ address is ____ ____ correctly?
