# [Demo] NLP Dataset for Customer Service Automation

| | |
|---|---|
| **Company Type** | Internet Service Providers |
| **Inquiry Category** | Email setup and troubleshooting |
| **Inquiry Sub-Category** | Email Spam/Junk Folder |
| **Description** | Customers having issues with legitimate emails being marked as spam or landing in the junk folder and needing guidance to resolve this. |
| **Data Size** | 5,139 paraphrases |
| **Want to buy data?** | Please contact nlp-data@qross.me via your business email address. |

**Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)**

Can _____ system _____ trained _____ recognize which emails should _____ _____ marked _____ _____ without manual intervention _____ _____?

Is _____ _____ _____ of identifying _____ junk messages _____ input?

_____ there a _____ _____ the _____ _____ _____ educated to _____ _____ mails without the need _____ humans?

_____ the _____ _____ _____ identify non-junk email?

_____ do you make _____ _____ _____ is Trained to _____ non _____ _____?

Can the _____ _____ _____ not _____ classify _____ mails _____ junk, _____ help?

_____ it possible _____ the _____ to _____ _____ junk emails _____ manual _____?

_____ there a way _____ _____ _____ system _____ distinguish _____ email?

Can _____ _____ _____ identify _____ that _____ junk?

Is the _____ _____ _____ learning to _____ non junk _____?

Will _____ system be able to pick _____ _____ _____ _____ _____ junk?

Is the system able to learn _____ identify _____ _____ _____ _____ _____ _____?

Can _____ _____ _____ _____ to identify emails without manual _____?

Should the _____ be trained _____ distinguish _____ emails _____ _____ _____ its _____?

_____ _____ _____ learn _____ identify non-junk emails

_____ _____ a system _____ can learn to _____ non-junk _____ _____ _____ need _____ intervention.

_____ _____ system be _____ to keep junk _____ from being _____ _____ junk _____ _____?

_____ it make _____ _____ _____ _____ system _____ distinguish non-junk emails?

Is _____ _____ for _____ system _____ learn _____ to distinguish _____ emails?

_____ _____ system eliminate _____ _____ for _____ _____ by learning to _____ non-junk emails?

_____ wonder if _____ system could _____ _____ not to _____ _____ _____ junk.

Is it _____ _____ teach _____ _____ _____ _____ _____ send to our _____ _____ of being flagged as junk?

Does _____ system learn _____ _____ _____ emails?

_____ _____ _____ of _____ mails be enabled?

_____ the _____ able to _____ _____ _____ without help?

_____ _____ _____ _____ sure that the system can _____ _____ junk emails?

How can _____ _____ _____ out junk _____ without _____ intervening?

Is it possible for the _____ _____ _____ _____ non-spam _____?

_____ it possible _____ teach _____ system _____ _____ from _____ emails?

Can ____ ____ be trained ____ ____ out which ____ are not ____?

Is ____ ____ capable ____ ____ to identify ____ junk ____ without ____ for intervention?

Is there a way ____ ____ ____ system ____ identify emails ____ don't ____ ____?

Would the system be ____ to ____ non-junk ____ ____ ____ human ____?

Should we teach ____ ____ ____ not to ____ ____ emails as ____?

____ the ____ ____ taught not ____ classify ____ emails as ____ mail?

____ the system able to ____ non ____ ____ without ____ ____?

Can the ____ ____ ____ non junk ____ ____ intervention?

The need ____ manual ____ ____ be eliminated ____ ____ ____ ____ to identify non-junk ____.

____ the ____ be told not ____ ____ certain ____ ____ junk ____ instructions?

____ the system ____ able ____ recognize non-spam ____ ____ itself?

____ there ____ ____ for ____ system ____ ____ messages are not junk?

Is there ____ feature ____ the system can ____ ____ ____ ____ ____ mails ____ junk mails?

Is the system ____ ____ identify non ____ ____ ____?

Is ____ a ____ to teach your technology ____ messages ____ ____ ____ our inbox, ____ ____ ____ flagged as ____?

Is the ____ ____ to ____ ____ junk ____ ____ the need ____ manual intervention?

Do we know ____ ____ teach ____ ____ ____ ____ flag messages as ____ once ____?

Is ____ ____ to teach the ____ ____ to ____ certain ____ as ____ mail?

____ think ____ ____ ____ to teach this ____ ____ to mark ____ as trash?

Can we ____ ____ of ____ ____ to manually ____ non-spam emails ____ ____?

____ it ____ great if the system ____ distinguish non-junk ____ ____ ____ ____ intervention?

____ it possible to teach ____ system that ____ email can ____ ____ ____ ____ junk ____?

How do ____ ____ sure ____ ____ system ____ not ____ recognize junk ____?

____ ____ ____ if ____ system ____ ____ non-junk messages without manual input.

Do you ____ ____ can ____ ____ thing ____ to ____ mark ____ mails ____ trash?

The system ____ be ____ to learn to identify non ____ ____ ____ ____ ____ ____ intervention.

Can the ____ ____ instructed ____ ____ ____ certain mails ____ junk ____ ____ manual help?

The ____ for ____ ____ can ____ eliminated with ____ ____ that ____ ____ ____ non- junk emails.

____ ____ ____ to teach ____ ____ ____ certain emails can't be ____ ____ spam without help?

____ the system automatically ____ ____ junk emails ____ ____ intervention?

Is ____ ____ able to ____ ____ emails ____ no help?

Will the ____ learn how ____ detect ____ ____ ____ ____ own?

____ we ____ the ____ ____ how not ____ flag ____ emails as ____?

____ it possible ____ ____ system ____ ____ that certain email can't ____ classified ____ junk ____?

Will the ____ be ____ to identify ____ ____ ____ manual ____?

Is ____ possible to ____ this ____ ____ to mark ____ ____ trash?

____ ____ possible to ____ ____ ____ ____ ____ junk without ____ help from the system?

Is ____ ____ ____ identify non-junk messages ____ ____ input?

____ the ____ eliminate the ____ for ____ intervention when ____ ____ emails?

The ____ ____ be taught ____ ____ non-junk ____.

____ ____ a way ____ our system ____ ____ which messages ____ ____ junk?

Is there a way ____ ____ ____ ____ ____ to ____ ____ mails as trash?

____ ____ ____ to ____ this ____ how ____ to ____ mails as trash?

____ it ____ to ____ your ____ to not ____ ____ as junk ____?

____ ____ possible ____ teach the system ____ certain ____ can't be categorized ____ ____?

____ our system able to detect ____ ____ ____ ____ human ____?

____ ____ possible to teach ____ technology which messages ____ be ____ ____ ____ inbox instead of ____ ____ ____ junk?

Can ____ ____ be instructed not ____ ____ certain ____ ____ junk?

Is ____ a way ____ teach ____ system not ____ ____ junk ____?

____ it possible to ____ the system ____ ____ ____ ____ ____ junk mail?

____ we teach ____ ____ ____ not ____ flag certain emails ____ junk?

____ ____ system ____ non-junk messages ____ ____ inputs?

____ there a ____ for the ____ to identify ____ ____ ____ its ____?

____ it ____ ____ us to teach ____ ____ ____ to ____ ____ mails as trash?

____ the system ____ ____ ____ ____ identify non ____ emails, eliminating ____ intervention?

____ ____ a ____ ____ to whether the ____ ____ learn to ____ ____ emails automatically.

____ ____ ____ to teach the system ____ ____ classify ____ emails ____ junk?

Can ____ ____ ____ which emails aren't ____ without ____ help?

____ ____ a ____ to ____ ____ system identify legitimate email so they are ____ put ____ the ____ ____?

____ ____ system ____ of learning ____ ____ non junk emails?

____ ____ possible for ____ ____ to ____ which ____ ____ not be marked as ____?

____ we learn ____ ____ non-junk ____?

____ ____ ____ to show ____ ____ ____ certain emails can't ____ categorized ____ junk mail?

Can the ____ identify non ____ emails without ____ ____ ____ ____ intervention?

____ ____ system be ____ to ignore ____ ____ without ____ ____ for intervention?

____ it possible that ____ ____ can ____ non-junky emails ____ human ____?

____ ____ ____ way ____ ____ your technology which messages ____ go ____ ____ inbox instead of ____ flagged ____ junk?

Is the ____ capable of ____ ____ ____ non- junk ____?

____ ____ ____ ____ mails can be ____ ____ training the system.

____ ____ can be programmed not ____ ____ ____ mails as ____.

____ it ____ for the system ____ ____ ____ certain ____ as ____ ____ some help?

____ it ____ to ____ ____ ____ that certain emails ____ be categorized ____ junk mail ____ ____?

Can the system be ordered ____ ____ ____ certain ____ ____ ____?

____ there ____ ____ ____ teach the system not to ____ ____ as junk ____?

____ the system ____ told not ____ ____ certain ____ ____ ____ by itself?

____ it ____ for the system ____ ____ ____ ____ emails without intervention?

Wouldn't ____ ____ ____ if ____ system ____ be ____ to distinguish ____ ____ with ____ human interference?

____ ____ ____ to detect non-junky emails without ____ ____?

____ ____ ____ automatic recognition of non-spam ____?

____ it ____ to ____ the system ____ not ____ certain emails ____ ____?

____ our system can ____ non-junky ____ ____ ____ input?

____ it possible to ____ ____ which ____ ____ ____ mail without our ____?

____ ____ ____ ____ programmed ____ to mark mail as junk.

____ the system identify ____ ____ emails ____ needing a ____ ____?

Is there a way ____ ____ ____ junk ____ ____ ____ have to intervene ____?

Is ____ ____ to ____ ____ ____ to detect legitimate emails without ____ need ____ manual ____?

____ ____ ____ ____ non-junky emails without relying on ____ input?

Is ____ possible ____ ____ system ____ ____ not ____ classify certain mails ____ junk?

____ it ____ to ____ ____ ____ to distinguish non-junk ____ without the ____ ____ a human ____?

____ ____ ____ learn to ____ non-junk ____ automatically.

Is ____ ____ ____ ____ the system to distinguish ____ emails?

____ you have ____ way for the ____ ____ ____ ____ ____ mail without ____ intervening?

Is there ____ ____ ____ ____ system ____ learn which ____ are ____ trash?

____ ____ ____ for the system ____ be educated ____ distinguish non-junk ____ ____ no ____ interference?

I ____ ____ ____ is ____ to ____ the system to distinguish ____ ____.

Can ____ ____ be trained to ____ ____ email ____ junk?

Will ____ ____ ____ to teach the system to ____ ____ ____?

____ ____ system ____ to identify ____ ____ automatically, ____ ____ need for manual intervention?

____ ____ you ____ ____ that ____ system is trained ____ see non ____ email?

Do ____ ____ ____ ____ ____ ____ technology not to flag ____ as junk?

Is it _____ _____ _____ _____ system _____ identify _____ that do not _____ manual _____?

_____ the system _____ _____ _____ to _____ certain mails as junk _____ _____ help?

Will the _____ _____ able _____ identify _____ emails _____ _____ help?

How _____ you make _____ the system is _____ _____ _____ _____ _____ emails?

_____ the _____ able _____ _____ _____ emails are _____ junk without any _____?

Is it possible _____ the system _____ _____ _____ junk _____ _____ input?

Are _____ capable _____ _____ _____ technology to _____ _____ messages as junk _____?

_____ need for manual intervention _____ _____ eliminated _____ the _____ learns to _____ _____ _____.

Can we _____ _____ _____ adequately to automatically recognize _____ _____?

Will the system _____ able _____ _____ _____ emails _____ help?

_____ it possible _____ the _____ to _____ which emails _____ not _____ _____ _____ junk?

Is there a way _____ learn _____ _____ _____ _____ _____ human intervention?

_____ system _____ be trained _____ not mark emails _____ _____.

Is _____ system able to _____ _____ messages _____ _____ input.

_____ _____ _____ of non-spam _____ be done?

_____ _____ system _____ out _____ emails?

Can the _____ _____ made _____ identify _____ emails so they are not _____ _____ _____ _____?

Can't _____ make the system _____ _____ _____ _____ what _____ aren't _____ without _____ me?

_____ it possible _____ _____ system to _____ non-JUNK _____ automatically?

_____ _____ possible that _____ system can _____ _____ emails _____ _____ _____ for human input?

Is it _____ for the system _____ _____ it not _____ classify _____ _____ as _____ without _____ _____?

_____ wondering if _____ _____ _____ learn which emails are _____ _____ without any _____.

_____ the _____ learn _____ identify non-Junk _____?

_____ _____ _____ possible to teach how _____ not _____ _____ as trash?

Do _____ _____ the _____ _____ to not _____ certain _____ as junk?

Is _____ _____ _____ _____ learning to _____ non junk _____ eliminating _____ need _____ manual intervention.

_____ the system _____ to _____ non-Junk _____?

_____ the system be made _____ _____ legitimate email and not _____ it _____ _____ _____ _____?

Is _____ system capable _____ _____ _____ emails?

The _____ can't _____ _____ not _____ categorize certain _____ _____ junk _____ without help.

Is it possible _____ _____ the _____ _____ _____ _____ _____ be _____ into junk mail without _____?

I wonder if it is _____ _____ teach the _____ _____ _____ classify certain _____ _____ _____.

_____ _____ _____ be told not to classify certain _____ _____ _____?

Can _____ _____ be told _____ _____ categorize _____ _____ _____ junk without help?

_____ non-junky _____ be detected without the need _____ _____ _____?

Is _____ _____ that _____ _____ can learn _____ identify _____ emails automatically.

Should we teach _____ automated _____ not to _____ _____ _____ _____ junk?

_____ there _____ _____ where _____ _____ _____ be _____ to differentiate non-junk mails without any _____ _____?

Is it _____ _____ _____ rid of _____ need for _____ flagging _____ _____?

Can automatic recognition _____ _____ mails _____ _____ through proper _____?

Do you _____ we _____ teach _____ _____ not to _____ _____ mails _____ trash?

_____ system _____ _____ trained to identify _____ _____ _____ need intervention.

Can the system be _____ _____ _____ _____ email _____ they aren't _____ in _____ _____?

By _____ _____ system _____ _____ _____ enable automatic recognition of _____ mails?

_____ it possible that we can get _____ _____ _____ need _____ _____ _____ _____ emails?

Is there _____ way _____ _____ system _____ figure out _____ _____ without _____ _____ involved?

_____ _____ give the _____ enough training to recognize _____ _____?

_____ system cannot be taught _____ _____ classification _____ _____ _____ _____ mail without help.

Is _____ a way _____ _____ _____ _____ without requiring _____ input?

_____ it _____ for _____ _____ to be _____ to distinguish non-junk _____ without _____ human _____?

Is ____ ____ ____ of ____ non junk ____ without ____ intervention?

Can the ____ ____ ____ ____ identify non- junk ____?

____ the ____ ____ non-junk messages without ____ ____.

____ the ____ ____ out which emails ____ ____ ____ without help?

Is ____ possible ____ ____ system ____ learn ____ distinguish non-junk ____?

Is there a way for ____ ____ ____ ____ ____ emails?

____ there a ____ ____ ____ system to figure ____ ____ ____ mail without me ____?

Does ____ ____ of unjunkity emails ____ us from ____ ____?

Is it ____ ____ ____ ____ to ____ to distinguish ____ mails without ____ ____ interference?

Can ____ system identify ____ emails ____ ____?

Is there a ____ ____ ____ the system identify ____ email so ____ ____ ____ up ____ the junk ____?

____ ____ a ____ that ____ system ____ ____ educated to distinguish non-junk ____.

Will the system ____ ____ to ____ ____ email by ____?

Is ____ ____ for ____ system ____ ____ out junk ____ and spare me from ____ ____?

How ____ a feature where ____ system ____ be educated ____ ____ non-junk mails ____ ____ ____ ____?

____ there a system that ____ learn ____ ____ ____ email on ____?

____ it possible to train ____ system to ____ ____ ____?

____ ____ a system that can ____ ____ ____ non- ____ ____ ____ ____ need for manual intervention

Is ____ ____ the system can ____ ____ identify ____ emails?

____ automatic ____ of non-spam mails ____ ____ with ____ training?

Is ____ possible for us to teach ____ ____ which messages ____ ____ into ____ inbox rather ____ being ____ ____ ____?

Is it ____ ____ ____ ____ teach the automated filters ____ to flag ____ ____ ____ junk?

Maybe ____ possible ____ ____ the system to ____ ____ emails.

Is it possible ____ the system ____ ____ which emails are ____ ____ without ____ ____ ____?

____ we ____ our technology ____ ____ ____ go ____ our inbox ____ than being flagged ____ ____?

____ the system ____ not to ____ ____ mails ____ ____ without some ____?

Is ____ possible ____ ____ ____ system ____ to ____ certain emails ____ junk mail?

Is it ____ to teach ____ system that ____ ____ ____ be ____ ____ ____ without help?

Is it possible ____ ____ the ____ ____ ____ emails without ____?

____ would be ____ if the system ____ ____ ____ ____ distinguish non-junk mails ____ human ____.

____ there ____ way ____ teach ____ automated ____ not ____ ____ ____ emails as junk?

Can the system ____ trained not ____ ____ some ____ ____ ____?

Is ____ a way ____ ____ system to figure ____ ____ ____ ____ me ever ____?

Should we ____ ____ automated ____ mechanism ____ ____ ____ certain emails as ____?

Is the ____ ____ ____ learning ____ identify non ____ ____ without manual ____?

____ a computer ____ that can ____ which ____ ____ don't ____ to ____ in ____ ____ pile ____ ____ lifting a finger?

Can the system identify ____ ____ ____ ____?

____ it possible ____ the system ____ ____ ____ ____ ____ ____ trash without any help?

____ ____ possible ____ enable automatic recognition of ____ ____?

Can the ____ ____ programmed not ____ mark certain ____ ____ ____.

You ____ ____ can ____ this ____ how not to mark ____ ____ as ____?

____ it ____ ____ ____ non-junky emails ____ requiring human input?

The ____ can't ____ taught not to classify certain ____ ____ ____ ____ ____ from manual ____.

____ do ____ ____ sure ____ ____ is ____ ____ recognize no junk emails?

Is ____ possible ____ ____ ____ system not to ____ email ____ junk ____?

____ ____ ____ ____ a ____ to learn ____ ____ non-junk emails on demand?

____ is a question ____ whether ____ ____ can ____ to identify ____ junk ____.

____ you think ____ is ____ ____ teach this thing ____ to ____ mails ____ ____?

Is ____ possible ____ ____ system to ____ ____ ____ ____ normal ____ any manual help?

____ it possible ____ ____ ____ to identify non-junk messages ____ manual ____?

Will _____ _____ _____ able to _____ non-SPAM Emails _____ _____ own?

Is it possible _____ _____ _____ _____ that _____ _____ _____ be categorized into spam without _____ _____?

_____ the _____ identify _____ junk _____ without the need _____ manual _____.

Is _____ system _____ _____ learning to _____ _____ junk emails _____ no _____ for _____?

_____ we teach the automated _____ to not _____ _____ _____ _____ junk?

Can the system be _____ _____ know which _____ _____ _____ be marked _____ _____ each _____?

Is the _____ capable of learning _____ _____ non _____ _____ _____ a need _____ _____?

_____ _____ _____ _____ the _____ _____ teach it not _____ classify certain emails as junk _____?

_____ it possible _____ train the _____ to _____ mark _____ as _____?

_____ there _____ way our system _____ _____ which messages are _____ _____?

_____ _____ a question _____ _____ is possible to teach the system _____ _____ _____ _____.

_____ system could possibly be programmed _____ _____ _____ _____ as _____.

Is it _____ _____ figure _____ _____ emails aren't _____ without _____ input?

_____ it possible to _____ the _____ to identify _____ _____ _____ _____ for intervention?

_____ _____ know _____ to teach _____ _____ not flag messages _____ Junk?

_____ _____ possible to _____ _____ _____ _____ _____ _____ cannot be categorized into junk mail.

The system could _____ be _____ _____ _____ mark certain _____ _____ _____ junk.

Is it _____ _____ identify non-junk _____ _____ no _____?

Is there a way _____ recognize _____ _____ _____ its _____?

_____ it _____ to show the _____ _____ _____ email can't _____ categorized _____ junk _____?

Is _____ _____ _____ teach the system that _____ _____ _____ labeled as _____ mail _____ help?

_____ _____ teach the _____ _____ _____ recognize non-SPAM mails?

_____ recognition _____ non-SPAM _____ _____ be _____ by properly training _____ system.

How _____ _____ make _____ _____ _____ can recognize non junk _____?

_____ the system be told _____ _____ mails should _____ be _____ _____ _____?

_____ _____ a feature where _____ _____ _____ be educated to _____ non-junk _____ _____ any human _____?

Is _____ possible _____ _____ _____ _____ not to _____ _____ as junk again?

Is _____ a _____ that _____ system can figure _____ _____ _____ without _____ _____ again?

Is it possible _____ to classify _____ _____ _____ _____ _____ help?

_____ need for _____ _____ _____ be eliminated _____ a system that _____ _____ to _____ _____ emails.

Do _____ think _____ possible _____ teach _____ _____ _____ not to mark our _____ _____ trash?

Wouldn't _____ _____ awesome if _____ system _____ be educated _____ distinguish non-junk _____ _____ _____ _____ interference?

Can _____ system be _____ _____ distinguish _____ mails without _____ _____ intervention?

Is _____ a way for the _____ _____ _____ out _____ _____ without me intervening _____ _____?

Does _____ _____ system adequately enable _____ recognition of _____ _____?

_____ can you _____ _____ the _____ is trained _____ recognize non _____ _____?

_____ _____ where _____ system _____ _____ educated to _____ _____ _____ without any _____ intervention would be ideal.

Can _____ _____ _____ _____ _____ emails with _____ need for intervention?

The _____ is capable of _____ to identify _____ junk _____ _____ _____ _____.

_____ a program that can _____ which _____ _____ _____ want _____ _____ in _____ junk pile, _____ me _____ a finger?

Is it _____ _____ system _____ _____ apart _____ mail without _____?

_____ there a _____ _____ _____ _____ _____ system to spot non-junk _____?

Is it possible _____ _____ the system _____ _____ _____ can't be _____ into _____?

_____ think _____ is possible _____ teach _____ thing how to not _____ our _____ _____ _____?

How _____ you make sure the _____ knows _____ _____ _____ _____ are?

_____ the system identify non-junk _____ _____ _____?

Can the _____ _____ non-junk _____ _____ input?

Can we _____ _____ system for automatic _____ _____ non-spam _____?

Is there _____ way to _____ _____ _____ _____ not _____ emails _____ junk.

Is it possible _____ the _____ to not _____ _____ _____ _____?

_____ _____ system _____ of _____ to identify _____ _____ emails without _____ any intervention?

_____ do you train _____ system _____ recognize non _____ _____?

Would the system _____ able _____ _____ non _____ _____ _____ the _____ for manual _____?

Will _____ be possible for _____ _____ _____ identify _____ emails?

Should _____ _____ the _____ filters not _____ flag some _____ as _____?

Is _____ possible _____ the _____ to _____ _____ _____ mail without me _____ frequently?

_____ you tell _____ _____ _____ don't want to see in the _____ pile _____ _____ lifting _____ _____ every _____?

_____ _____ it's possible to _____ this _____ _____ _____ _____ mark genuine mail as _____?

_____ _____ _____ _____ automatic _____ of non-spam mails?

_____ _____ a _____ for the system _____ _____ _____ mail on its _____?

The _____ might _____ able to identify _____ _____ _____ assistance.

Is _____ possible _____ _____ system _____ _____ educated to distinguish non-junk _____ _____ no human _____?

Do _____ _____ it's _____ to _____ this _____ how to _____ mark mails _____ _____?

_____ it _____ _____ figure _____ which emails are _____ without _____ input?

_____ _____ possible _____ _____ rid of _____ _____ _____ manually flag non-Spam emails?

Is it possible to _____ the _____ to _____ _____ _____?

Is _____ a _____ _____ the system _____ know non-junk _____?

_____ _____ _____ to train _____ _____ to identify emails _____ no manual _____?

_____ system can't _____ _____ not _____ _____ _____ _____ as _____ mail without _____ from manual help.

_____ it possible to train _____ system _____ _____ legitimate _____ _____ _____ to _____ with other _____?

Is _____ possible _____ _____ the system identify _____ _____ so _____ are _____ put _____ the _____ folder?

The need for _____ intervention can _____ _____ by a system _____ _____ _____ _____ non-junk _____.

Is it _____ _____ _____ non-junky _____ _____ _____ humans to input?

Can _____ _____ _____ _____ not _____ classify _____ mails _____ junk if _____ is no _____ help?

Is there a _____ where the _____ _____ _____ _____ to differentiate _____ _____?

Do _____ think _____ system can _____ told not _____ _____ certain _____ _____ junk?

_____ there _____ _____ for the system to _____ out _____ _____ _____ me _____ involved?

Is _____ _____ capable _____ _____ to _____ non junk _____ without need for _____ _____?

Is it _____ that we can _____ _____ emails _____ needing _____ _____?

Can the system _____ _____ _____ _____ junk without _____ _____ _____ a manual?

Can _____ _____ identify _____ _____ _____ without having _____ do anything?

Is the _____ able _____ _____ to identify non _____ _____?

Will _____ system be _____ _____ _____ _____ _____ on their own?

_____ _____ get _____ of _____ constant need to manually flag _____ _____?

Do _____ _____ _____ to teach your _____ _____ _____ _____ messages for Junk?

Is _____ possible _____ the system to teach it _____ to _____ _____ _____ _____ _____?

_____ the system learn _____ emails _____ _____ _____ without some _____?

Can _____ _____ identify _____ emails _____ assistance?

_____ it possible to _____ a feature _____ _____ _____ can be educated _____ _____ _____ mails?

_____ you think _____ can _____ _____ thing _____ not _____ mark genuine mails _____ _____?

_____ _____ _____ able _____ identify _____ junk email without manual _____?

Is _____ _____ way for _____ system to _____ _____ junk mail _____ _____ _____ again?

Is it _____ for our _____ to _____ _____ _____ without _____ human _____?

Is it _____ _____ _____ _____ _____ _____ _____ mail without me looking at it?

_____ it _____ for _____ system to not _____ certain _____ as _____?

_____ _____ _____ be told not _____ classify _____ _____ as junk _____ help?

You think that _____ is possible _____ _____ _____ _____ not to _____ _____ _____ as trash?

_____ _____ system _____ able to identify _____ _____ by itself?

_____ you _____ we can _____ this thing _____ not to mark our _____ _____ _____ _____?

Is it _____ _____ train _____ system _____ _____ emails that _____ need _____.

Can _____ recognition _____ non-SPAM mails be _____ with _____ _____?

Is there _____ _____ that _____ system could _____ _____ to distinguish _____ _____?

Would _____ system _____ able to _____ _____ _____ non _____ _____ without _____ need for intervention?

Can the _____ identify non _____ _____ _____ needing _____?

Is _____ _____ feature _____ _____ system can _____ _____ to _____ non-junk mails without any _____ _____?

Got a _____ _____ can _____ me which emails I don't _____ _____ _____ in the junk pile _____ _____ _____ _____ _____?

_____ _____ _____ the system to _____ emails _____ intervention?

_____ the system _____ made _____ identify legitimate _____ so _____ they _____ _____ placed _____ _____ junk folder?

Is there _____ _____ to detect _____ _____ without _____ input.

Is _____ _____ _____ _____ the system identify _____ _____ so _____ _____ put _____ the junk folder?

Is _____ possible _____ teach _____ which _____ _____ go into our _____ instead of _____ _____ as _____?

Do _____ _____ _____ _____ make sure the system is _____ to _____ _____ junk _____?

_____ we _____ the _____ not _____ _____ certain emails _____ bad?

Should _____ _____ automated _____ _____ _____ flag certain emails _____ junk?

Is _____ system _____ _____ identify non junk email _____ _____?

_____ _____ possible _____ train the _____ to _____ _____ that don't _____ assistance?

Training _____ system adequately can _____ automatic _____ _____ _____ mail.

_____ _____ _____ to _____ the system to _____ _____ that _____ require manual intervention?

Is _____ _____ way _____ our _____ to find _____ _____ messages _____ junk mail?

Is the system _____ _____ learn to identify _____ _____ emails, _____ the _____ _____ _____ intervention?

Will the _____ be able _____ identify non-junk _____ _____ _____ _____?

Can _____ system be _____ _____ see _____ emails are _____ _____?

Can _____ _____ be trained to avoid _____ _____ _____ junk?

Is the _____ _____ _____ _____ _____ emails _____ the need for _____ intervention?

Is _____ _____ _____ _____ system to identify non-junk _____ _____ help?

_____ the _____ _____ of identifying non-junk _____ _____ help?

_____ the _____ learn to _____ _____ emails?

_____ _____ _____ to train _____ junk mail classification _____?

_____ _____ _____ to _____ the _____ to _____ read junk emails?

Is the system _____ of _____ detecting _____ _____ _____?

Is _____ possible for the system _____ _____ _____ junk mail _____ me _____ _____?

Is _____ a _____ to detect non-Junky _____ without _____ _____?

_____ it possible for _____ system _____ teach that certain _____ _____ _____ categorized _____ _____ mail _____ help?

_____ it _____ to train _____ system _____ detect _____ _____ without requiring _____ interference?

_____ _____ a way to _____ the _____ to _____ _____ emails?

_____ the system _____ identify _____ junk _____?

Can the system be _____ not _____ classify _____ _____ _____ _____ _____ some help?

Is it _____ for _____ system _____ _____ _____ emails _____ not junk _____ any _____?

_____ _____ possible _____ _____ _____ _____ that certain email _____ _____ classified into junk mail?

Is _____ possible to _____ the _____ to _____ emails _____ _____ intervention?

_____ _____ _____ to teach _____ thing _____ _____ _____ mark genuine mails as garbage?

Is it possible _____ teach _____ system _____ _____ _____ emails?

There _____ a _____ _____ could learn _____ _____ non-junk _____ on _____ _____ the need _____ manual intervention.

_____ _____ possible _____ _____ system _____ _____ that certain email can't _____ _____ as junk _____ without help?

_____ _____ _____ to teach _____ system _____ _____ can't be categorized _____ _____ mail without assistance?

Is the system _____ of automatically _____ _____ _____ emails _____ _____?

Is _____ possible for the system to _____ _____ _____ _____ _____ bad _____ _____ manual help?

_____ the _____ be taught not to label _____ _____ _____ _____?

_____ may _____ _____ way _____ _____ _____ to _____ out junk mail _____ me intervening.

_____ _____ a way _____ _____ out junk _____ without me _____ again?

Can the system _____ which _____ are not _____ _____ the help _____ _____ _____?

Is it possible _____ teach _____ system _____ _____ non-junk _____.

Is _____ _____ for the system to _____ _____ to _____ certain _____ _____ junk?

Can _____ train the _____ _____ that _____ recognizes _____ mails?

_____ _____ _____ _____ of learning _____ identify non junk _____ without _____ intervention?

_____ we detect _____ _____ _____ _____ human input?

_____ _____ possible for our system _____ _____ _____ emails _____ needing human _____?

will _____ _____ be able _____ identify non-junk emails _____ _____?

_____ _____ system be _____ to _____ non-junk _____ automatically?

Can automatic recognition _____ _____ mails _____ enabled _____ _____?

Is _____ system capable of learning _____ _____ _____ _____ _____ time?

Is it _____ _____ the system to identify _____ _____ emails _____ _____ _____?

Is _____ possible _____ the _____ _____ _____ _____ _____ are legitimate without manual help?

Will the _____ _____ _____ _____ recognize non-spam email _____ its _____?

Is it possible _____ _____ _____ to identify non-JUNK _____ _____ _____ time?

I would like _____ _____ _____ _____ is possible to _____ _____ _____ to _____ non-junk emails.

_____ the system _____ classify _____ _____ as _____ _____ manual help?

Can _____ _____ _____ _____ _____ enable automatic recognition _____ non-spam mails?

Is it _____ for _____ _____ _____ _____ it that certain email can't be _____ into _____ _____ without _____?

_____ the system _____ _____ learning which _____ _____ not _____ mail without _____ help?

Can the _____ _____ educated to distinguish non-junk _____ _____ _____ _____ interference?

Is _____ _____ _____ the system to learn which _____ _____ _____ junk _____ any _____?

_____ is a _____ _____ the _____ can _____ to identify non-junk _____.

_____ _____ _____ _____ to _____ emails that don't need intervention?

_____ you _____ it's possible to teach this _____ to _____ _____ _____ as _____?

Is there a _____ _____ _____ system could _____ _____ _____ _____ without me intervening?

How _____ the _____ _____ told _____ _____ classify certain _____ as junk?

There _____ _____ _____ _____ where the system could be _____ to _____ non-junk _____.

Can _____ _____ _____ _____ junk _____ without me intervening?

_____ _____ _____ _____ _____ _____ to be detected by our system without human _____?

_____ we teach _____ system to _____ emails that _____ _____ _____?

_____ there _____ way to teach _____ _____ _____ _____ non-junk emails?

_____ _____ _____ to _____ manual intervention in the _____ of _____ mail?

_____ the system learn how to _____ _____ emails, _____ the need _____ _____ _____?

_____ _____ have _____ system that _____ _____ which _____ I don't _____ to _____ _____ _____ junk pile without me lifting _____ finger?

_____ _____ a way for _____ system _____ _____ non-junk emails _____?

_____ it possible _____ _____ the system _____ _____ _____ _____ without a _____ human intervention?

Is _____ possible _____ teach _____ system _____ _____ not _____ emails _____ junk mail?

_____ _____ system _____ told not _____ classify _____ mails as _____ _____ manual help?

Is _____ _____ _____ _____ _____ could _____ which emails are junk _____ me doing _____?

Is _____ _____ to _____ _____ system to detect legitimate emails without _____ _____ _____ _____?

Is it possible _____ not classify _____ _____ _____ _____ _____ _____ manual help?

_____ there _____ _____ for the _____ to not mark _____ mails _____ _____?

Is _____ possible _____ train the junk _____ _____ _____?

_____ system is _____ of _____ to identify _____ _____ emails, eliminating _____ need _____ manual _____.

_____ it possible the _____ can _____ _____ _____ non-junk emails _____?

_____ _____ _____ that can tell which emails I _____ want _____ see in _____ junk _____ without _____ _____ _____ finger?

Do _____ know how _____ _____ _____ technology not _____ flag _____ as junk _____?

_____ it _____ to teach the _____ _____ _____ _____ _____ email into junk mail?

Is it _____ for the _____ to _____ _____ messages _____ manual _____?

____ ____ a question ____ ____ ____ system can identify non-junk emails ____.

Should ____ ____ ____ system ____ to flag ____ emails ____ junk?

____ the ____ ____ ____ identify non-junk email

It's ____ to teach ____ system ____ ____ ____ ____ ____ as junk mail.

____ ____ ____ the automated filters to not flag ____ emails ____ ____?

The system could ____ to ____ ____ ____.

____ we ____ ____ the system to recognize ____ ____?

Is the system capable ____ learning to ____ ____ email without ____ ____ ____ ____?

____ the system capable of identifying non-junk ____ ____ ____ ____?

Can the ____ ____ which emails ____ not junk without ____ ____ ____?

____ is a system that ____ ____ to recognize ____ ____ and ____ require ____.

The ____ ____ be ____ to ____ ____ ____ ____ as junk ____ without some help.

Is ____ system ____ of ____ ____ identify ____ without the need ____ ____?

____ ____ ____ be ____ ____ ____ classify certain ____ as junk without help?

____ it ____ that ____ ____ get rid of this ____ ____ ____ ____ non-spam emails?

Do we know ____ ____ ____ ____ ____ not ____ flag messages as ____?

____ ____ possible to train ____ system ____ that legitimate ____ ____ ____ ____ any interference?

____ ____ ____ that ____ system learns which ____ ____ not junk without ____ help?

____ it ____ to ____ your technology which messages ____ go ____ ____ ____ ____ ____ being flagged as junk?

Should ____ ____ the ____ filters not ____ flag ____ ____ as junk?

____ ____ system ____ ____ emails ____ not ____ marked ____ junk each time?

The ____ can be ____ ____ ____ mark ____ as junk.

____ ____ teach the system ____ ____ identify emails without ____?

Is there a way ____ ____ ____ ____ ____ ____ human input?

____ we have a way ____ ____ ____ technology ____ ____ flag messages ____ junk?

____ it possible ____ teach the ____ ____ ____ non- ____ emails?

Is ____ possible ____ ____ system ____ teach that ____ ____ can't ____ ____ into junk?

____ ____ ____ for ____ ____ ____ ____ which messages aren't ____ without any human intervention?

____ system ____ learn ____ ____ identify non-junk emails ____.

Is ____ ____ way for the system ____ ____ ____ mail?

Can ____ system be ____ ____ to ____ ____ ____ as junk.

Is there ____ feature ____ the system can be educated to ____ non-junk ____ ____ ____ need ____ ____ ____?

____ ____ possible ____ ____ the ____ ____ recognize which emails are ____ junk?

____ ____ a ____ ____ ____ learn to recognize ____ emails, ____ eliminate ____ need for manual ____.

____ ____ any ____ to ____ ____ technology ____ to flag ____ as junk again?

Is ____ ____ way ____ ____ ____ to recognize non-junk emails?

Is ____ ____ ____ ____ ____ system can ____ ____ to distinguish ____ mails fromjunk mail?

____ it ____ to recognize ____ mails on ____ ____?

____ ____ ____ ____ system sufficiently trained to recognize non-spam ____?

Is there a way to ____ the ____ to detect ____ ____ ____ ____ ____?

Is it possible for the ____ to ____ that certain ____ ____ be ____ ____ ____ ____ ____?

You think ____ ____ to ____ how ____ ____ mark ____ as trash?

Can ____ ____ be ____ ____ identify non-junk ____ automatically?

____ ____ system be ____ to ____ legitimate ____ ____ ____ isn't placed in the junk ____?

Can ____ system ____ non ____ ____ without the ____ for ____?

____ there a way ____ ____ ____ to figure ____ junk mail without ____ ____?

____ we get ____ ____ the ____ ____ ____ flag non-suspicious emails every ____?

The system ____ be able ____ learn ____ identify ____ ____.

____ ____ ____ is ____ to teach this thing ____ to ____ ____ our ____ ____ as trash?

The need for ____ intervention ____ ____ by a ____ ____ learns ____ ____ non-junk ____.

____ it be ____ ____ the ____ could ____ educated to ____ ____ ____ without any ____ interference?

Can the system identify ____ ____ ____ ____?

Is it possible to ____ out which emails ____ ____ ____ ____ ____?

____ system could ____ ____ identify non-junk emails, ____ the ____ ____ intervention.

Is it ____ that ____ system can ____ ____ junk emails ____ ____ need ____ ____?

Is ____ ____ for our system ____ detect ____ ____ emails without ____ ____?

____ ____ possible to teach ____ system to distinguish ____ ____ without ____ ____ in ____ picture?

Is ____ possible for ____ ____ to figure out ____ ____ without ____ intervening ____?

____ it ____ ____ the ____ ____ learn which ____ ____ not junk without ____ help?

How ____ ____ ____ sure the system is ____ to recognize ____ ____ ____?

Can the ____ refuse to classify ____ ____ ____ junk ____ ____ help?

Can ____ ____ ____ ____ some mails ____ ____ without some help?

____ we ____ ____ ____ to identify emails that ____ not ____ intervention?

____ ____ possible to ____ ____ ____ to recognize junk emails without ____?

____ it ____ ____ ____ system ____ learn ____ messages ____ not junk ____ human interference?

____ ____ ____ machine that ____ ____ which ____ I ____ ____ to see ____ the junk ____ ____ me lifting a finger?

____ is ____ system that ____ learn ____ ____ ____ ____ eliminating the ____ for manual intervention.

Is ____ ____ to recognize ____ ____ ____ itself?

Can ____ ____ be ____ to identify legitimate email ____ ____ they don't ____ forwarded ____ ____ ____?

____ ____ ____ way to ____ the system so legitimate emails ____ be ____ ____ ____?

____ it possible ____ ____ can learn ____ identify non-junk ____.

____ ____ ____ be told ____ to ____ ____ mails as junk without ____ assistance?

Is the ____ ____ of ____ to ____ junk ____ without needing ____?

____ system ____ learn to ____ non ____ ____ eliminating ____ need ____ intervention.

Do you think ____ ____ is possible to teach this ____ ____ ____ ____ mark ____ ____ as ____?

Is ____ a system ____ can learn ____ ____ non-junk emails ____ ____ ____?

Can ____ ____ ____ which emails should ____ be ____ as ____?

____ the system be ____ to ____ ____ emails ____ ____ own?

____ ____ find ____ ____ ____ aren't junk mail?

Do ____ think ____ possible to ____ the ____ not ____ ____ certain ____ ____ spam?

Is it ____ that non-junky ____ can ____ ____ ____ ____ system ____ human input?

Will the ____ ____ to identify ____ emails ____ ____?

How ____ you ____ sure ____ system is ____ ____ read non ____ ____?

____ ____ it is ____ ____ ____ ____ thing not to mark our ____ as ____?

____ ____ a way ____ the ____ to ____ junk ____ without ____ intervening?

Can the ____ ____ to ____ ____ junk ____ eliminating the ____ for manual ____?

____ ____ ____ way ____ our system can ____ ____ messages are not ____ mail?

There is ____ system that can learn to ____ ____ ____ ____ ____ ____ ____ intervention.

____ the ____ ____ which emails ____ ____ ____ without some assistance?

Can ____ ____ be trained ____ ____ ____ the ____ ____ junk each time?

____ ____ possible to ____ non-junky email without ____ human ____?

____ ____ system be able to identify ____ junk ____ ____ ____?

____ ____ could ____ programmed not ____ mark ____ mails ____ junk.

Maybe the ____ could ____ programmed not to mark ____ ____ ____ ____.

A feature where the ____ ____ be educated ____ ____ non-junk ____ ____ ____ human intervention would ____ ____.

____ the ____ ____ told to not classify certain ____ as ____ ____ ____ help?

____ the ____ ____ non Junk ____ ____ ____ need for intervention?

Is it possible for the system ____ ____ that certain ____ ____ ____ ____ ____ ____ mail?

____ it possible ____ teach ____ system ____ to ____ ____ email?

You think ____ possible ____ ____ ____ ____ how not ____ mark our ____ mails as ____?

_____ the system _____ _____ _____ to _____ certain _____ are bad?

_____ feature _____ the system _____ be educated _____ distinguish non-junk _____ _____ a _____ in _____ _____?

Can the system _____ _____ _____ are _____ junk without any _____ _____ _____ manual?

_____ system _____ be _____ to not classify _____ emails _____ spam _____ help from _____ _____.

_____ there a _____ to _____ out junk mail _____ _____ me _____?

_____ the _____ able to _____ _____ _____ junk emails without _____ need for _____?

_____ _____ possible _____ _____ _____ to learn to _____ non-junk emails?

Will the _____ _____ _____ to _____ non-Junk _____?

Would it be _____ for the _____ _____ be educated _____ _____ non-junk mails _____ _____ _____ _____?

_____ _____ _____ _____ _____ _____ _____ to spot junk mail without me intervening?

_____ _____ _____ _____ the system to identify non- _____ messages?

_____ _____ possible for the _____ _____ identify _____ messages without _____ input.

Should _____ system _____ educated _____ _____ _____ mails without any human _____?

_____ it possible _____ the system _____ _____ non-spam _____?

_____ it _____ to teach _____ automated _____ not _____ flag _____ emails _____ junk?

_____ _____ be _____ _____ of non-spam mails?

_____ it _____ for our _____ _____ _____ which messages aren't _____ without _____?

_____ _____ possible _____ teach the system _____ distinguish _____ _____ with no human _____?

_____ it possible _____ teach your technology _____ messages _____ _____ _____ our inbox rather _____ _____ flagged _____ junk multiple _____?

_____ you think _____ _____ to _____ _____ system that certain email can't _____ _____ _____ _____ mail?

Is _____ a _____ to eliminate manual intervention _____ detecting _____ _____ all _____ _____?

_____ it _____ _____ the system _____ tell _____ junk mail _____ me paying _____?

How do _____ _____ _____ the _____ is trained _____ reject _____ _____ emails?

_____ _____ system tell which _____ _____ junk?

_____ _____ _____ be made to identify _____ email so _____ they do _____ _____ forwarded _____ _____ folder?

You _____ it is _____ _____ _____ this _____ to not _____ genuine mails _____ _____?

_____ we train the _____ to _____ _____ non-SPAM _____?

_____ _____ think the _____ can _____ non-junk messages without _____?

_____ wonder _____ _____ is possible to teach _____ system _____ to _____ _____ emails _____ junk _____.

The _____ can _____ _____ _____ non-junk _____ automatically.

Is _____ a feature _____ the _____ _____ be educated to distinguish _____ _____ from _____ _____?

_____ _____ _____ be _____ _____ to classify _____ mails as _____ without a manual _____?

_____ the system _____ non junk _____ without a _____ _____?

Is _____ a way _____ teach _____ _____ _____ distinguish non-junk emails _____?

_____ you train _____ system to _____ _____ _____ mails as junk _____?

Is _____ system _____ of learning to identify _____ _____ _____ _____ _____ manual intervention?

_____ _____ think _____ _____ to teach _____ system _____ _____ classify certain _____ as junk?

_____ the system be able to _____ _____ emails _____ _____?

_____ it possible _____ _____ _____ to learn which messages aren't _____ _____?

_____ the _____ able to identify _____ _____ without _____ input?

_____ do _____ teach _____ technology _____ to flag messages _____ junk _____?

Is it possible to _____ _____ _____ to _____ junk _____ without _____ _____ time?

Automatic _____ of _____ _____ _____ be achieved _____ training the _____.

Is _____ a way for _____ _____ _____ be _____ without human _____?

Is _____ _____ _____ _____ _____ need for manually _____ non-spam emails?

There _____ _____ question whether _____ system _____ _____ of learning _____ identify _____ _____ emails.

_____ it possible _____ teach _____ _____ to _____ out for _____ emails?

_____ _____ a way _____ a system to learn to _____ _____ _____.

Is _____ _____ to teach the _____ _____ identify _____ _____ emails?

_____ _____ a way _____ our _____ to know _____ messages are _____ _____ mail?

_____ think you _____ teach this _____ how not _____ mark _____ _____ mails _____ _____?

_____ _____ possible _____ train _____ system to _____ _____ emails as _____ without intervention?

Can _____ _____ _____ _____ system to recognize _____ mails?

Wouldn't _____ _____ great _____ the system _____ _____ _____ to distinguish _____ mails _____ the need _____ human intervention?

_____ _____ possible _____ teach the _____ to not _____ junk _____?

_____ it _____ _____ _____ system to teach that certain _____ can't be _____ _____ _____ _____ help?

Automatic recognition _____ _____ mails _____ _____ _____ if _____ system _____ properly trained.

_____ it possible _____ the system _____ identify _____ _____ _____ time?

How can _____ teach _____ system to _____ put _____ emails _____ the _____ _____?

Is there _____ _____ to teach _____ _____ _____ _____ non- junk emails?

Would it _____ _____ _____ _____ _____ system to detect _____ _____ _____ _____ need for manual interference?

Can _____ system _____ made _____ _____ _____ email so _____ they are not forwarded _____ _____ _____?

_____ _____ a way _____ eliminate _____ _____ for detecting junk _____?

Is _____ _____ way _____ teach the _____ to not classify _____ _____ _____?

The _____ may _____ able to _____ _____ emails without _____.

Should _____ _____ be able to _____ _____ _____ without _____ input?

Can _____ _____ automatically _____ non junk _____?

Is it _____ _____ _____ the _____ to _____ legitimate _____ so they _____ not put in _____ junk _____?

Will _____ system _____ able to identify _____ _____ _____?

Is _____ a feature _____ _____ _____ can be _____ _____ distinguish non-junk _____ _____ any _____ interference?

_____ _____ possible that the _____ will learn which emails _____ _____ _____ _____ _____ anything?

Can the _____ be _____ to _____ categorize _____ as _____?

Is _____ _____ capable _____ learning _____ _____ are _____ junk without _____ help?

_____ _____ possible for _____ _____ to teach that _____ can't _____ categorized _____ _____ mail _____ help?

Will _____ _____ _____ able _____ identify non-junk _____

Can _____ _____ _____ _____ for manually _____ non-spam emails?

_____ the system _____ non-junk _____?

You _____ _____ _____ to teach _____ thing to _____ _____ _____ as trash?

You _____ that _____ can teach _____ thing _____ _____ to mark _____ _____ trash?

Can we _____ rid _____ _____ need to _____ _____ non-spam _____?

_____ _____ system be _____ _____ identify the non-junk _____?

The system _____ be able _____ _____ which _____ _____ not _____ _____ intervention.

_____ the system be taught to _____ classify _____ _____ _____?

_____ we teach the _____ _____ _____ not _____ some emails _____ junk?

_____ is a _____ that can learn _____ recognize non-JUNK _____ _____ _____ need for _____ _____.

Can the _____ _____ told not _____ _____ certain _____ _____ junk?

Can the _____ _____ made _____ _____ _____ _____ so that it won't _____ _____ to _____ folder?

Is _____ possible _____ the system _____ _____ _____ identify non _____ emails?

The _____ can't _____ _____ _____ _____ classify certain emails _____ spam _____ manual help.

Is _____ _____ _____ teach the system to distinguish _____ _____?

How do _____ _____ sure _____ system _____ capable of _____ non _____ _____?

Is it possible to figure _____ _____ _____ are notSpam _____ _____ _____?

Can the _____ not classify certain _____ _____ junk _____ _____ is no _____ _____?

_____ the _____ _____ it not to classify certain _____ _____ junk _____ _____ manual _____?

_____ _____ be _____ for the _____ _____ _____ non-junk mails _____ any human intervention?

_____ _____ _____ _____ _____ learning to identify non junk emails _____ intervention?

Is _____ possible _____ _____ _____ thing _____ not mark _____ _____ as trash?

_____ _____ you make _____ _____ _____ is trained to _____ for _____ junk emails?

_____ _____ _____ to have a feature _____ _____ _____ can be educated to _____ non-junk _____?

Is _____ a _____ _____ the system to figure _____ junk mail without _____ _____ _____ _____?

Is the ____ ____ ____ recognize non-junk ____ ____?

You think it's ____ ____ ____ how to not ____ ____ ____ as ____?

Is ____ possible to ____ non-junky ____ ____ ____ humans?

Is ____ possible ____ ____ ____ ____ be done without human ____ always?

The need ____ manual intervention can ____ eliminated ____ ____ system learns ____ ____ ____ ____ emails.

Will ____ ____ ____ ____ to identify emails ____ manual help?

You think ____ ____ teach ____ thing ____ ____ not ____ our ____ mails as ____?

Is it possible that the system ____ be ____ ____ ____ non-junk ____ ____ any ____ ____?

____ the ____ identify ____ ____ emails with no need ____ ____ intervention?

____ ____ system ____ told not ____ classify ____ ____ as bad?

Can ____ system ____ identify ____ ____ ____ without ____ need for ____ intervention?

____ it possible ____ ____ learns ____ ____ non-junk emails automatically?

____ it ____ ____ ____ ____ ____ not classify certain ____ as junk without ____ help?

____ ____ a ____ ____ the system ____ learn ____ messages aren't ____ mail?

Does ____ system have ____ ability to ____ classify ____ ____ as ____?

Is there a ____ that ____ ____ could ____ ____ ____ distinguish ____ ____ without any human ____?

____ ____ ____ automatically identify non junk email ____ ____ intervention?

Is it possible ____ teach ____ system that ____ ____ be ____ ____ ____ ____ help?

____ ____ possible ____ teach ____ system to ____ non-junk ____ ____ any human intervention?

Is there a ____ ____ make ____ ____ identify legitimate email ____ it ____ ____ put in ____ ____ folder?

Do we know how ____ ____ ____ technology ____ to flag ____ ____ ____ again?

____ ____ possible ____ ____ the system that ____ ____ can't ____ categorized into ____ mail.

Is it possible for the ____ ____ ____ ____ ____ ____ ____ ____ junk mail ____ any help?

____ ____ ____ capable of ____ to ____ non junk email without ____ to ____?

Do ____ think ____ ____ to ____ this ____ how not ____ ____ ____ genuine ____ as trash?

____ ____ shouldn't ____ ____ mails as junk without ____.

Wouldn't it ____ great if the ____ could ____ ____ ____ ____ ____ mails ____ any ____ interference?

____ ____ a way ____ detect non-junky emails ____ ____ humans?

____ ____ system identify ____ messages without ____ manual ____?

Is ____ ____ that the ____ ____ identify ____ ____ every time?

The ____ ____ learn to identify ____ ____ emails, ____ would eliminate ____ ____ for manual ____.

____ there ____ way to train ____ system so ____ legitimate emails ____ detected without ____ ____ for ____ ____?

____ it possible for the system ____ ____ ____ emails ____ requiring ____ ____?

Is ____ possible ____ ____ the ____ to not ____ ____ ____ as junk?

Is ____ ____ ____ ____ system can ____ out ____ mail without me ____ ____ intervene?

Is it possible ____ the system ____ ____ ____ emails ____?

____ ____ possible ____ our ____ ____ ____ ____ emails without relying on human input?

Is ____ ____ ____ ____ ____ system ____ certain ____ can't be classified as ____ mail ____ help?

____ the system capable of learning ____ ____ junk mail ____ ____ ____ for ____?

Is ____ system ____ to ____ non-junky emails ____ human ____?

Is the system ____ of learning ____ ____ non junk ____ ____ ____ ____ intervene?

How ____ ____ make ____ ____ system is ____ to ____ non junk ____?

Can ____ train the system ____ ____ ____ ____ mails?

____ ____ ____ ____ the system ____ learn which emails ____ ____ ____ mail without help?

Is the ____ able to ____ ____ ____ non junk ____ ____ ____ intervention?

____ the system ____ ____ finding ____ ____ without input?

Should ____ system be programmed not ____ ____ certain ____ ____ ____?

____ ____ ____ to identify ____ emails automatically.

Can ____ system ____ made to ____ ____ ____ so ____ won't ____ ____ to junk folder?

Will ____ system be able to identify ____ ____ ____ ____?

You _____ _____ it is possible to _____ this _____ _____ _____ _____ _____ our _____ mails as trash?

The _____ should be _____ _____ _____ non-junk _____ without the need _____ _____.

Is there _____ feature where the system _____ _____ trained _____ _____ non-junk _____ from _____ _____?

_____ _____ system capable _____ learning _____ identify junk emails, eliminating _____ _____ for _____ _____?

Is the system capable of _____ _____ _____ _____ _____ _____ the need for _____?

Do _____ think it is _____ _____ teach the _____ _____ _____ _____ _____ emails as junk?

Can the _____ _____ which emails are _____ junk _____ _____ _____?

_____ think that it is _____ _____ teach _____ _____ _____ to mark _____ _____ as trash?

Is _____ possible that _____ system _____ _____ which _____ are not _____ _____ assistance?

_____ the _____ learn _____ identify emails without _____ _____ for _____ intervention?

The system can't _____ _____ to not _____ _____ _____ as junk _____ _____ manual _____.

Is _____ _____ _____ _____ _____ _____ identify legitimate email so _____ they _____ end up in _____ junk folder?

_____ need _____ manual intervention _____ _____ _____ _____ system that learns _____ _____ non-junk email.

_____ _____ possible for _____ system _____ _____ apart _____ mail without me?

_____ _____ system _____ _____ emails without manual _____?

_____ it _____ _____ _____ _____ system _____ legitimate _____ so they _____ end up on _____ junk folder?

_____ the _____ be _____ _____ recognize which emails are _____ _____?

The _____ _____ be told not to _____ _____ _____ as _____.

Is it possible _____ not _____ _____ _____ as _____ without some _____?

_____ our system capable _____ _____ non-junky emails without _____ _____ _____ human _____?

Can _____ _____ _____ to _____ _____ non-junk emails?

Does the system _____ the _____ _____ identify _____ _____ automatically every _____?

Can the system _____ _____ _____?

Got a way _____ tell _____ _____ _____ don't _____ _____ see in _____ junk pile without lifting _____ _____?

_____ it _____ to _____ _____ system _____ identify _____ without assistance?

_____ the _____ capable of identifying _____ _____ _____ manual inputs?

You _____ _____ _____ _____ this thing _____ _____ not mark mails as _____?

Do _____ _____ how _____ teach _____ technology not to _____ _____ for _____?

_____ it _____ to make the _____ _____ _____ _____ so they won't _____ _____ to _____ folder?

Can _____ _____ be _____ _____ identify legitimate _____ so _____ _____ in the _____ folder?

Do we know how _____ _____ _____ technology to _____ _____ _____ for _____ again?

_____ we train _____ _____ _____ identify emails on _____ own?

_____ _____ possible _____ our system _____ detect non-junky _____ without _____ _____ input?

_____ we _____ _____ the _____ to _____ non-spam mails?

Will _____ _____ be _____ to identify _____ junk _____?

Is it _____ _____ the _____ _____ _____ _____ system that _____ emails can't be categorized into _____ _____?

_____ _____ possible _____ the system _____ learn to identify _____ _____ _____ time?

The _____ for manual intervention can be eliminated _____ _____ system that _____ _____ _____ _____ _____.

Can the _____ be _____ not to _____ mails _____ _____?

_____ the _____ _____ non _____ emails _____ having to intervention?

Should we _____ the automated _____ not _____ flag _____ _____ as _____?

_____ the _____ _____ how _____ _____ non-junk emails?

_____ it possible for the _____ to _____ _____ emails _____?

_____ _____ emails _____ _____ _____ our system without the _____ for humans?

_____ _____ system be told _____ _____ classify _____ mails _____ _____ without assistance?

_____ _____ we teach our technology _____ _____ should go into _____ inbox _____ _____ _____ flagged _____ junk?

_____ system cannot _____ taught _____ not _____ _____ emails _____ junk _____ without some _____.

Can _____ _____ be _____ not to mark mail _____ _____?

_____ _____ a better _____ to _____ the automated _____ _____ to flag _____ _____ as junk?

_____ _____ possible _____ _____ _____ to find out _____ _____ are not junk without any _____?

_____ the system _____ _____ emails, _____ _____ need for manual _____?

Can _____ system _____ _____ _____ _____ certain mails as junk?

Is it possible _____ teach _____ _____ _____ recognize _____ emails _____?

Is _____ _____ to teach the system _____ _____ _____ _____ not junk?

Can _____ system _____ which emails _____ _____ without manual _____ _____ time?

Is _____ _____ way to identify _____ _____ without _____?

_____ _____ _____ _____ sure _____ _____ is _____ to reject non junk email?

Does the system _____ _____ _____ to _____ non-junk mails _____ _____?

_____ it possible _____ our system to _____ which _____ _____ _____ garbage _____ the _____ of _____?

_____ was _____ _____ _____ system could _____ educated to _____ non-junk mails _____ any human _____.

_____ the system _____ able _____ _____ non junk _____?

_____ it _____ for our _____ _____ learn _____ _____ _____ not junk without _____ _____ every time?

_____ a _____ _____ learns to _____ _____ emails possible?

Got a _____ that _____ _____ _____ emails _____ don't want _____ see in _____ _____ _____ _____ lifting a finger?

Is _____ _____ that _____ _____ _____ be educated _____ _____ _____ mails without any human interference?

_____ _____ you _____ sure that _____ _____ is trained to _____ _____ Junk Emails?

Is _____ _____ able to learn _____ identify _____ _____ _____ _____ need _____ manual intervention?

Should we teach _____ _____ _____ _____ to _____ certain emails for _____?

_____ we _____ the _____ _____ identify _____ that don't need _____?

Does _____ _____ have the ability to _____ _____ messages _____ _____?

_____ it _____ _____ teach _____ _____ to refuse to classify certain emails _____ _____ _____?

Is it _____ _____ _____ system to _____ _____ identify non-junk email _____ _____?

Can _____ _____ _____ _____ emails with no need _____ intervention?

_____ you think _____ _____ possible _____ teach this thing _____ not to _____ genuine _____ _____ _____?

_____ the _____ _____ to identify _____ _____ in the future?

Can _____ _____ identify non- _____ _____?

_____ _____ _____ _____ _____ system to learn which emails _____ _____ junk mail?

_____ think _____ it's possible to teach _____ thing how _____ _____ _____ _____ mails as _____?

Can _____ tell _____ emails _____ _____ _____ to _____ in _____ junk pile without me _____ _____ _____ every single time?

_____ _____ a _____ to _____ non-junky emails without _____ need _____ human _____?

Isn't _____ a way _____ _____ system to know which _____ aren't _____ _____ _____ _____?

Does the _____ _____ the _____ _____ learn _____ _____ non-junk emails?

How _____ you make _____ the system _____ _____ not _____ _____ junk _____?

_____ _____ system have the _____ _____ _____ _____ certain mails as junk?

Can _____ system _____ told _____ _____ label _____ mails as _____ without _____?

Can the system _____ told _____ _____ _____ _____ mails _____ junk?

Is it possible _____ _____ _____ emails _____ _____?

_____ _____ we _____ teach _____ _____ _____ not to mark genuine mails as _____?

Is _____ _____ to get _____ of the _____ need _____ _____ _____ non-spam emails?

Is _____ possible for system _____ _____ _____ junk _____ _____ me.

_____ _____ _____ for our _____ _____ learn which _____ _____ _____ junk without humans intervention?

_____ _____ system able _____ identify non- _____ _____ automatically?

Is it _____ _____ train the _____ to detect legitimate _____ without _____ _____ _____?

Can the _____ identify non-JUNK _____ _____ _____?

Is _____ _____ that email _____ can _____ _____ without _____ involvement?

Is _____ _____ that _____ system _____ _____ identify _____ email every time?

Is it possible _____ train the system _____ _____ _____ _____ without the _____ _____ _____ interference?

Is _____ possible _____ _____ system to tell _____ _____ _____ _____ certain mails as _____?

Do you _____ _____ _____ to teach _____ system to _____ _____ certain _____ as _____?

_____ _____ a _____ _____ _____ which _____ I _____ want to see _____ the junk pile without lifting _____ _____ every _____?

Is _____ possible _____ _____ _____ system _____ _____ _____ can't be _____ into junk _____ without assistance?

_____ _____ _____ feature _____ the _____ _____ be _____ to distinguish non-junk _____ _____ any human interference?

_____ we _____ to _____ rid of _____ need for manually _____ _____ _____?

_____ _____ system be told not to _____ _____ _____ junk?

_____ _____ _____ capable of _____ to identify non _____ emails _____ _____ the need _____ intervention?

_____ the system _____ _____ recognize _____ _____ alone?

_____ _____ system identify non-junk messages _____ _____ _____ manual input?

_____ _____ _____ system that can _____ apart _____ mail _____ me looking _____ it?

_____ it possible _____ _____ the _____ to not classify _____ email _____ junk _____?

Is it _____ to teach _____ thing to _____ _____ _____ _____ as _____?

_____ _____ possible _____ _____ _____ to be educated to _____ non-junk mails?

Is _____ possible for _____ _____ to _____ _____ identify _____ _____ _____ _____ put them in the junk folder?

Is _____ _____ that the system _____ _____ _____ _____ legitimate _____ and _____ put them in _____ junk folder?

_____ system could _____ programmed _____ _____ mark _____ mails _____ junk.

Is the system _____ _____ _____ _____ identify non junk email _____ the need _____ _____ _____?

Can we use _____ _____ _____ _____ emails _____ don't need manual _____?

Can _____ _____ identify _____ _____ emails _____ manual intervention?

_____ _____ _____ to learn _____ recognize non-junk emails on _____ _____ _____ _____ for manual intervention?

_____ _____ system be _____ _____ identify the _____ _____ without help?

Is it _____ for _____ _____ _____ not _____ _____ mails as _____ without _____ help?

The system _____ _____ taught _____ to _____ certain emails _____ junk _____ _____ assistance.

_____ _____ _____ _____ that _____ tell _____ which emails I _____ want _____ _____ _____ the junk pile _____ me lifting a finger?

_____ _____ it's possible _____ _____ this thing how not _____ _____ _____ mails as _____?

Is _____ possible that _____ _____ can be detected _____ _____ _____?

_____ _____ _____ for _____ _____ to learn which messages are not _____ _____ the _____ _____ humans?

Is _____ a _____ _____ _____ _____ system _____ email can't be _____ into junk _____ without _____?

Is _____ possible that _____ system _____ _____ identify _____ _____ automatically.

_____ system _____ _____ able to _____ non-junk _____.

Is it possible for _____ _____ _____ _____ _____ emails are not _____ _____ the _____ of _____ manual?

_____ it _____ for _____ system _____ figure out the _____ mail _____ me _____?

_____ _____ _____ for _____ _____ to _____ it _____ certain email _____ be _____ into junk mail?

_____ we get rid of _____ need _____ _____ pick out _____ _____?

If _____ system _____ _____ _____ _____ distinguish non-junk _____ without _____ _____ intervention, could it _____ implemented?

Can _____ system identify _____ _____ email without _____ _____ _____ intervention?

_____ the _____ _____ to identify non-junk emails _____ no _____ for _____?

Is the system _____ _____ _____ how to _____ non-spam _____?

_____ _____ _____ identify non-junk emails with _____ _____ _____ manual intervention?

_____ there a way _____ detect non-junky emails _____ _____ _____ _____?

Will _____ be _____ for the system _____ _____ non-junk _____?

_____ the system _____ _____ _____ taught not to classify _____ emails _____ _____?

_____ _____ possible for _____ system _____ _____ _____ junk _____ _____ me intervening a lot?

_____ it possible the system can _____ _____ _____ _____?

Is it possible to _____ the system _____ _____ can't _____ categorized _____ _____ _____ _____?

_____ _____ _____ to teach _____ system how _____ _____ non-junk emails?

Is it _____ _____ figure _____ _____ emails aren't spam _____ _____?

_____ _____ _____ can we get _____ _____ _____ need to manually flag _____ emails?

Can _____ be _____ which _____ _____ trash?

_____ _____ possible to _____ this _____ how to _____ _____ _____ mails as garbage?

_____ _____ know _____ to _____ your technology _____ _____ flag messages as _____?

_____ system _____ learn _____ _____ identify non-junk _____.

Can we train ____ ____ ____ to enable automatic ____ ____ ____ mails?

Is ____ ____ way ____ eliminate manual ____ when ____ comes to ____ ____ mail?

Can ____ system automatically ____ ____ junk emails without ____ ____ ____?

You ____ it's ____ ____ ____ this thing ____ ____ ____ mark ____ mails as garbage?

A ____ that can tell ____ emails ____ ____ want ____ ____ ____ the ____ pile without ____ ____ a finger?

Maybe the system could ____ ____ to ____ ____ certain mails ____ ____.

____ the system ____ ____ ____ not classify certain ____ ____ junk.

____ is a system that ____ ____ ____ recognize non-junk emails, thus ____ ____ need ____ ____ ____.

Is the ____ ____ ____ learning to identify non-junk ____ ____?

Will ____ system ____ ____ ____ ____ non-junk email?

Is it ____ to ____ non-junk mails ____ ____ ____?

Can ____ ____ ____ ____ the ____ are ____ junk without help?

____ ____ ____ ____ if ____ system ____ educate itself ____ distinguish non-junk ____ without any ____ interference?

____ ____ system capable ____ ____ ____ identify non-junk emails every ____?

Would it be possible for ____ system ____ ____ ____ to ____ non-junk ____ ____ ____ ____ intervention?

Are ____ ____ able ____ ____ non-junk emails?

Is the ____ ____ ____ tell ____ junk ____ ____ me looking at ____?

____ it ____ to train ____ ____ to ____ mark certain ____ ____ junk each ____?

Is ____ ____ ____ ____ the system that certain ____ can't be ____ intoSpam ____ ____?

Will ____ ____ learn ____ recognize non-SPAM emails ____ ____ own?

Is it ____ ____ ____ ____ can automatically ____ ____ junk emails?

Can automatic recognition of ____ ____ ____ accomplished ____ ____?

Is ____ possible ____ the system ____ ____ non-JUNK emails ____?

Is ____ possible for the ____ to ____ ____ identify ____ ____ ____ automatically?

How do you make sure ____ system ____ ____ ____ look ____ ____ junk ____?

____ ____ system ____ how ____ identify ____ emails without help?

____ ____ ____ ____ the ____ to identify ____ emails automatically every time?

____ ____ possible ____ teach the system that certain ____ ____ be ____ ____ junk ____ ____ assistance?

____ the system ____ ____ identify ____ junk ____?

Is ____ ____ to ____ which emails ____ ____ want to see in the junk ____ ____ me ____ ____ ____ ____ single time?

Is the ____ capable of ____ to identify non ____ ____ ____ ____ ____?

Is there a ____ to ____ the ____ ____ certain ____ can't ____ ____ into ____ mail?

Is it possible for ____ system ____ ____ ____ junk ____ without ____ ____ so ____?

Is it ____ for ____ system ____ ____ not to classify certain ____ ____ ____ ____?

Can ____ system ____ programmed to ____ ____ mails as ____?

____ ____ ____ ____ possible to ____ this ____ how ____ ____ mark mails as garbage?

____ system cannot be taught ____ ____ ____ certain ____ as junk mail without ____ ____ ____ ____.

____ ____ system capable of ____ non-junky emails without ____ ____ ____?

____ ____ possible ____ ____ system to distinguish non-junk mails ____ ____ ____ interference?

____ it possible ____ ____ ____ to ____ educated to ____ ____ mails ____ the need for ____?

Should we ____ ____ automated filtering ____ not ____ flag ____ ____ for ____?

Can ____ ____ identify non- junk ____ ____ manual ____?

Is ____ ____ ____ teach ____ ____ that certain email can't be ____ ____ junk ____?

Is ____ possible to teach ____ ____ that ____ emails ____ be ____ ____ ____ mail?

It's ____ ____ ____ ____ ____ that certain email can't ____ categorized ____ junk ____ without help.

____ it ____ ____ ____ this ____ not to ____ our genuine mails ____ trash?

There is ____ ____ ____ can ____ to recognize emails that ____ not junk, ____ ____ ____ for ____ intervention.

Is ____ a ____ ____ ____ system can be educated ____ ____ non-junk mails from ____ ____?

____ ____ possible ____ the ____ to ____ out junk ____ without me ____ repeatedly?

____ ____ ____ it's possible to ____ ____ system ____ distinguish non-junk emails.

____ ____ possible ____ teach ____ ____ ____ ____ not mark our ____ mails as trash?

____ the ____ capable of learning ____ ____ ____ ____ mail ____ the ____ for intervention?

____ the ____ capable ____ ____ ____ junk ____ ____ the need for intervention?

____ we ____ the system to ____ ____ ____?

Is ____ possible ____ ____ system ____ figure out junk ____ without ____ having ____ ____ again?

____ we ____ ____ recognition of non-spam ____?

____ system ____ be taught not ____ classify ____ emails as ____ without ____ ____ ____ ____ help.

____ ____ a ____ ____ train the system to ignore junk ____ ____ ____?

____ system ____ ____ ____ ____ ____ non-junk emails without ____ need for intervention.

Do we ____ the ____ ____ ____ the ____ to ____ emails without ____?

Does ____ have the ability to ____ ____ ____ ____ ____ junk mail?

How ____ you ____ ____ ____ the ____ ____ Trained ____ recognize non junk emails?

The ____ could be programmed ____ ____ mark ____ as ____

Is ____ ____ ____ get rid of ____ need ____ manually ____ ____ emails?

Is ____ a system ____ ____ ____ which emails ____ don't want ____ see ____ the ____ ____ ____ me ____ a finger?

Is ____ ____ ____ figure ____ which emails ____ ____ without our input?

Is ____ ____ ____ train the system to detect ____ ____ without ____ manual ____ ____ time?

Should ____ ____ ____ be taught ____ ____ flag certain ____ as junk?

____ we ____ how to teach technology ____ ____ ____ messages ____ ____ again?

Do you think we can ____ ____ ____ ____ ____ ____ mark ____ genuine mails as ____?

____ ____ possible for our system ____ learn ____ ____ ____ ____ junk without any ____?

Should the system ____ programmed ____ ____ ____ certain mails ____ ____?

____ the system automatically ____ non-junk ____ ____ the need ____ ____?

____ ____ possible ____ the system ____ identify ____ ____ every time?

The ____ ____ ____ to identify ____ emails.

Shouldn't this ____ ____ ____ ____ figure out ____ messages were junk ____ me ____ a ____?

____ the system able ____ ____ to identify ____ junk emails ____ ____ ____ intervention?

____ the ____ capable of ____ to identify non ____ emails ____ ____ need ____?

____ we provide ____ ____ of ____ mails?

____ ____ system ____ non-junky ____ without ____ input?

The system ____ be ____ to ____ mark ____ ____ ____ junk.

____ you think ____ possible ____ teach this thing how ____ ____ ____ genuine ____ as ____?

Is ____ system able to ____ non-junky ____ ____ ____ input?

Can ____ ____ ____ ____ not to put junk ____ ____ mails?

____ ____ possible for ____ system ____ learn which messages ____ trash ____ ____ intervention?

____ ____ ____ the ____ ____ distinguish non-junk emails?

____ is ____ question about ____ the ____ can ____ non ____ emails without ____.

Is there ____ ____ ____ ____ this thing how ____ ____ mark our ____ ____ trash?

Do ____ think ____ possible to teach ____ ____ not ____ ____ ____ emails as ____ mail?

Is ____ a ____ ____ train the system ____ to classify ____ emails ____ ____?

Is it ____ to ____ ____ ____ ____ some ____ ____ be categorized ____ junk mail ____ help?
