[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Technical support for mobile applications
Inquiry Sub-Category	Connectivity and network errors
Description	Customers may reach out for assistance when facing issues related to internet connectivity or network errors that prevent mobile applications from working properly or accessing online features.
Data Size	5,078 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Are ____ any ____ network limitations blocking certain ____ ____ like ____ ____ ____ refreshes, ____?

____ ____ limitations ____ ____ ____ background ____ and other features ____ the app.

____ ____ ____ restrictions prevent ____ ____ push notifications or ____ refresh ____ apps?

____ wonder ____ ____ limitations ____ app ____ like background changes, Push ____ ____.

Specific app ____ like ____ ____ ____ notifications, ____ ____ on could ____ be ____ ____ network problems.

Do network constraints ____ ____ ____ or ____ ____?

Does the ____ limitations block ____ ____ ____ ____ or ____ ____ app features?

Does ____ network ____ certain ____ ____ such as push ____ ____ ____ updates?

Push ____ and ____ refreshing due to ____ might ____ affected ____ ____.

Does the network limits ____ ____ ____ ____ other app ____?

Can certain ____ ____ ____ push notifications ____ ____ updates?

Any ____ constraints ____ hamper the ____ ____ push ____ ____ the app?

____ there ____ ____ limitation ____ ____ currently impacting push alert ____ background ____?

____ ____ if there is a ____ limitation that ____ ____ features ____ ____ changes.

Push notifications ____ ____ blocked in ____ ____

Is it ____ ____ certain app capabilities, ____ receiving ____ messages ____ ____ updating in ____ ____ ____ be ____ by network ____?

I ____ if ____ ____ ____ limitations ____ app features ____ ____ Background refresh.

____ ____ restrictions ____ push ____ or ____ refresh?

____ there any ____ imposed by the ____ on ____ like ____ ____?

____ ____ restrictions affect ____ and background ____?

Do ____ ____ prevent ____ ____ background refresh, and other ____ from ____ ____?

____ ____ constraints ____ it ____ ____ ____ or refresh the app?

I ____ ____ ____ are ____ network ____ blocking app ____ like ____ ____ and push notifications.

____ ____ features like background refreshing, push ____ and ____ ____ be ____ by ____ ____.

____ ____ network ____ any ____ that ____ ____ like push notifications or ____ ____ in apps?

____ certain app capabilities, like ____ new messages ____ ____ updating ____ ____ background, be ____ because of ____ ____?

____ any ____ limitations block ____ ____ Background refreshes or ____ ____ app ____?

____ network limitations ____ ____ notifications ____ other features from ____ ____?

Push _____ can _____ _____ _____ _____ can certain desired app functionalities _____?

_____ there any _____ constraints preventing _____ _____ _____ background _____ in _____ app?

_____ the _____ _____ _____ functions such as push notifications and _____ _____?

Any _____ network constraints _____ the ability to _____ _____ _____?

Any _____ _____ _____ can affect _____ notifications?

_____ any network limitations block _____ _____ or _____ _____ in _____ app?

Does _____ _____ _____ limitations that affect certain _____ functions _____ _____ notifications?

_____ _____ background _____ _____ _____ an app be denied _____ the network?

I _____ _____ _____ _____ network limitations that block features _____ Background refresh _____ _____ _____.

I wonder _____ _____ _____ _____ network limitations blocking app _____ _____ background _____.

Does _____ network _____ _____ push _____ and other _____?

Can the background refresh _____ _____ an _____ _____ rejected by _____ _____?

_____ _____ _____ _____ _____ _____ refresh and push notifications due to the _____?

Any _____ _____ interfering with the app's _____ _____ _____?

Can _____ feature _____ _____ _____ such as background refresh be _____ _____ _____ _____ limits?

Does _____ network _____ _____ _____ notifications _____ apps?

_____ _____ _____ _____ be _____ by the networks?

Does _____ _____ block push _____ or _____ _____ features of the _____?

_____ the _____ limiting _____ _____ functions like push notifications _____ _____ refresh?

_____ there _____ network issues _____ ruin stuff like _____ _____ _____ _____ background updates?

_____ _____ _____ _____ impacting push notifications?

_____ ANY network _____ _____ push _____?

_____ certain app functions, _____ push _____ _____ background _____ _____ network constraints?

I _____ _____ if there _____ network _____ blocking _____ _____ like push _____.

_____ wonder if _____ _____ are blocking _____ _____ _____ background refresh and push _____.

I _____ if there _____ network limitations that _____ app features _____ background _____ _____ _____ _____ so _____.

Can network limitations _____ _____ notifications _____ other features _____ _____ _____?

_____ _____ feature of _____ app, like _____ refresh, be denied _____ to _____ _____?

_____ _____ constraints _____ the _____ to push or _____ _____ app?

Can _____ tell _____ if _____ _____ imposes _____ that _____ features like _____ notifications _____ apps?

_____ _____ limitations interfere _____ push notifications or _____ _____?

_____ _____ _____ _____ _____ background _____ background notifications and Push notifications may _____ _____ by _____ problems.

Can _____ background _____ feature _____ an app _____ denied due _____ _____ _____?

Can _____ _____ _____ feature _____ _____ _____ be denied by network limitations.

Is _____ any network limitations _____ _____ _____?

_____ app features, such as _____ refreshing, background _____ and _____ _____ could be _____ _____ _____ _____.

_____ _____ curious _____ there are network _____ _____ block _____ features _____ background changes _____ _____ notifications.

_____ _____ _____ limitations impede _____ notifications or any other _____?

Does _____ _____ limitations block push _____ and _____ app _____?

Does _____ _____ limits _____ push _____?

The _____ _____ _____ app features like _____ notifications could _____ _____ by _____ limitations.

_____ app _____ like background refreshing and _____ _____ _____ _____ affected by _____ problems.

_____ known network constraints affect _____ app _____ _____ _____ _____ notifications?

_____ wonder if _____ _____ _____ _____ notifications _____ blocked by the network.

_____ limitations _____ affect _____ _____ or background _____.

_____ wondered if there _____ _____ limitations _____ _____ features _____ _____ _____ and background changes.

Do _____ limits _____ push notifications _____ background updates _____ _____?

_____ _____ _____ be blocked by _____ _____ limitations

_____ _____ network _____ affect _____ push notifications?

_____ _____ _____ impede certain app functions like _____ _____?

push _____ can _____ _____ _____ certain networks

_____ network _____ prevent _____ _____ background refresh, _____ _____ app _____ from being accessed?

Is there _____ network _____ _____ is _____ _____ alert _____ background updates?

Do _____ _____ particular application attributes _____ as _____ _____ or background _____?

Push notifications and _____ _____ are features _____ might be _____ _____ _____ _____.

_____ networks _____ push _____?

_____ some functions like _____ _____ _____ be limited by _____?

_____ _____ _____ _____ _____ are affecting push notifications?

Is it possible _____ certain _____ functions, _____ _____ _____ or _____ notifications, to _____ constraints imposed by _____ _____?

Does any _____ _____ _____ _____ push notifications?

_____ _____ _____ hamper push notifications _____ background _____?

Push _____ _____ _____ in _____ networks

Can receiving new _____ _____ _____ _____ _____ the _____ not be _____ by network _____?

_____ it possible _____ some app functions, like _____ _____ _____ _____ network _____?

Can network limitations _____ used to prevent push _____ background _____ _____ _____ features _____ _____ _____?

_____ _____ certain feature _____ the _____ like _____ refresh, _____ denied _____ the network?

_____ the network _____ _____ _____ _____ backgroundrefresh, etc?

_____ _____ _____ able _____ stop app extras _____ push alert?

_____ _____ _____ prevent _____ refresh and other _____ _____ the app?

Push notifications _____ blocked _____ _____ _____?

Can _____ feature _____ an _____ like _____ refresh, _____ stopped due _____ network _____?

_____ network limitations _____ push notifications _____ background updates _____ _____ _____?

Do _____ _____ limitations _____ push _____ _____ any other app _____?

Do _____ network _____ affect push _____ _____ updates or _____ _____ attributes?

Specific app _____ may be _____ _____ _____ problems _____ _____ _____ refreshing, _____ notifications and Push _____.

_____ _____ _____ impede _____ _____ notifications of apps?

I wonder _____ _____ _____ network limitations that _____ app _____ _____ background _____ push _____ etc.

I wonder _____ _____ limitations _____ _____ _____ _____ like background changes.

_____ _____ network limitation _____ push notifications, _____ _____?

Do _____ known _____ _____ affect _____ app features such _____ push _____?

_____ it possible that _____ network _____ _____ app functions _____ push _____?

_____ network _____ _____ my _____ _____ notifications and stuff?

_____ _____ _____ limitations affect push _____ _____ refresh, _____ other things?

Do _____ network restrictions _____ _____ notifications _____ _____?

Can certain _____ functions, _____ _____ background refresh _____ _____ _____ _____ network limitations?

Can _____ limits prevent _____ push notifications, _____ refresh, _____ _____ _____ of _____ app?

_____ receiving new _____ _____ _____ updating in _____ background _____ _____ network constraints?

_____ the ability to receive new messages _____ or updating _____ _____ _____ _____ limited _____ _____ _____?

_____ _____ if _____ _____ limits blocking app _____ _____ Background _____ and push notifications.

_____ certain network _____ _____ _____ notifications _____ background updates?

Can _____ _____ affect push notifications _____ _____?

_____ features such as background _____ _____ _____ _____ Push notifications might _____ affected _____ network _____.

_____ _____ _____ _____ _____ network issues _____ cause problems, _____ push messages or _____ updates?

_____ _____ _____ there _____ network _____ that block app _____ _____ push notifications, background refresh, _____.

Can network _____ app _____ like _____ _____?

_____ certain push _____ _____ limited _____ the _____?

_____ network _____ _____ apps' _____ notifications?

Do _____ _____ impact push _____?

_____ background _____ _____ _____ notifications be blocked by network _____?

Does the _____ _____ specific features _____ _____ _____?

_____ the network limiting _____ app _____ _____ _____ push alerts?

Are there _____ _____ on features like _____ _____ _____ _____ the network?

Do any network _____ _____ _____ _____?

Do _____ network _____ _____ push _____?

There may _____ restrictions _____ _____ _____ network that _____ _____ like _____ refresh.

Would _____ network limitations _____ _____ _____?

Can _____ tell _____ _____ the network has any limitations _____ _____ push _____ _____ background _____?

Specific _____ _____ _____ _____ refreshing _____ push _____ might be affected _____ network problems.

Any _____ _____ are _____ the ability _____ _____ or refresh _____ app?

_____ _____ network _____ push _____ _____ updates or other _____ attributes?

Do _____ _____ hamper push _____?

_____ _____ limitations prevent push _____ background _____ and _____ _____ _____ the app?

Do _____ _____ interfere _____ _____ app functions such as _____ _____?

I wonder _____ any network _____ _____ _____ _____ like push notifications _____ _____ refresh.

_____ _____ features such as _____ refreshing, push notifications and _____ on _____ _____ _____ _____ _____ problems.

Do _____ _____ obstacles affect application _____ _____ _____ _____ _____ or background updates?

_____ network limitations prevent push _____ background refresh, _____ _____ _____ from _____?

Can _____ features like _____ _____ _____ _____ or _____ _____ the _____ be limited by _____ constraints?

Do _____ _____ obstacles _____ push notifications _____ background _____?

_____ any _____ _____ interfere _____ my app's push _____ _____ stuff?

_____ network _____ prevent certain app features _____ _____ _____ via _____ notifications?

_____ _____ any network _____ that _____ push _____ and _____ updates?

Can push _____ _____ background _____ be _____ by _____ limitations?

_____ _____ limitations hinder _____ notifications?

Does _____ _____ limitation block push _____ _____ _____ other features?

Network _____ could _____ app _____ _____ as _____ refreshing, _____ notifications and _____ notifications.

I _____ if _____ _____ _____ limitations _____ app _____ _____ background refreshes and _____ notifications.

_____ app _____ like background _____ _____ _____ _____ so on could _____ be affected by _____ _____.

The network might _____ _____ on background refresh _____ _____ _____.

_____ the _____ impede _____ _____ attributes, such _____ push _____ or background _____?

I _____ _____ network _____ _____ _____ features _____ _____ notifications and background changes.

_____ _____ network _____ _____ push notifications, background _____ or other app _____?

_____ _____ _____ _____ update _____ susceptible to being blocked due _____ _____ boundaries?

_____ a _____ refresh _____ in an _____ _____ denied _____ of network _____?

Can _____ limitations stop _____ notifications _____ _____ _____ in _____ apps?

_____ _____ network _____ block push notifications _____ _____ features?

Are _____ _____ of any network issues _____ _____ cause _____ like push _____ _____ _____ background _____?

Do _____ _____ disrupt _____ notifications?

Is the network _____ _____ app _____ like _____ notifications and _____ _____?

_____ you _____ _____ the network issues _____ affect _____ messages and _____ _____?

Can refresh and _____ be _____ _____ _____?

_____ _____ constraints that might affect the _____ _____ _____ _____ or refresh?

_____ _____ network _____ affect particular _____ attributes, _____ as push _____ or _____ updates?

_____ wonder if there _____ _____ limitations _____ _____ features, _____ push _____ and _____ changes.

Can _____ notifications and _____ _____ be stopped _____ network _____?

Do _____ constraints affect _____ _____ such _____ push alert or _____ _____?

_____ _____ can be blocked on _____ _____

App _____ _____ such _____ push alert _____ background _____ _____ be _____ by networking _____.

Can a _____ _____ an _____ _____ _____ background _____ be denied _____ of network _____?

_____ network _____ currently _____ _____ app _____ _____ as push alerts?

Can network ____ ____ ____ notifications, ____ ____ ____ other features of ____ app?

____ certain ____ ____ like background refresh or ____ notifications, ____ ____ constraints?

____ wonder if ____ are ____ limitations blocking app ____ ____ ____ ____ ____ notifications and so ____.

I ____ if there ____ ____ limitations ____ ____ app ____ like background refreshes and ____ ____.

____ networks affect ____ application ____ such as ____ alert ____ ____ updates?

____ features ____ ____ notifications can be ____ by ____ limitations.

____ you ____ any ____ issues that ____ ____ push ____ or ____ updates?

Any network constraints ____ ____ ____?

Specific app ____ ____ background ____ ____ ____ ____ by network problems.

____ ____ ____ restrictions stop ____ notifications?

____ the background refresh feature of an ____ be ____ ____ ____ ____ ____.

Do the ____ ____ ____ app features ____ push ____?

____ ____ network limitations ____ ____ notifications ____ background refresh?

____ ____ ____ in ____ app ____ ____ refresh be denied because ____ network limits?

____ ____ ____ constraints ____ background refresh and push ____ ____ of the ____?

____ ____ ____ prevent ____ notifications and background refresh ____ apps?

Does ____ network ____ ____ push ____ Background ____ or other ____?

Do ____ limitations ____ ____ ____ ____ push notifications?

I ____ ____ ____ are network limitations ____ app features ____ ____ background ____.

Has ____ and ____ ____ limited by ____?

____ network ____ might ____ ____ ____ and background updates.

Specific app ____ such ____ background ____ background ____ and ____ notifications ____ ____ affected by ____ ____.

Do certain ____ ____ interfere ____ push notifications and ____ ____?

____ ____ network limit ____ features like ____ ____?

____ ____ ____ of any ____ ____ ____ cause problems ____ push ____ and background updates?

____ the network affect ____ ____ or ____ ____?

____ Background refresh ____ ____ by network ____?

Can the ____ refresh ____ ____ denied ____ network ____?

Any network ____ that ____ it ____ ____ push or ____ ____ app?

____ push ____ ____ stopped on ____ networks?

____ any network ____ ____ ____ notifications?

____ any ____ restrictions ____ ____ notifications?

____ the network ____ ____ ____ functions ____ ____ notification and background refresh?

____ any ____ ____ ____ push notifications?

Does ____ ____ ____ affect ____ notifications ____ background refresh?

____ ____ ____ refresh of an app ____ ____ by the ____?

____ known network ____ ____ ____ ____ ability to push or ____?

____ some network ____ affect push ____ ____ ____?

____ ____ network limitations ____ push notifications, Background refresh, or ____ ____ ____?

____ ____ ____ block push notifications and ____ ____ features?

I ____ if there ____ limitations ____ ____ ____ features like background ____ ____ ____ notifications.

____ app ____ ____ as push ____ and background refresh ____ ____ by ____ constraints.

____ the network ____ ____ ____ functions ____ push notifications and background ____?

Does ____ network ____ ____ ____ ____ and background refresh?

Can ____ limitations prevent ____ ____ from ____ accessed by certain ____ ____?

I wonder ____ ____ ____ any ____ ____ that ____ ____ ____ like ____ changes and push notifications.

Specific ____ features like background ____ ____ ____ ____ ____ ____ possibly affected by network problems.

I ____ if ____ ____ ____ limitations ____ app features ____ ____ ____ push notifications, ____ so on.

____ network ____ on ____ notifications?

____ constraints ____ affect ____ notifications, ____ updates.

Is ____ ____ limiting ____ app functions ____ as ____ notifications?

____ ____ ____ affect push notifications ____ apps?

____ ____ ____ affect ____ notifications and other features ____ ____ apps?

Can ____ limitations stop ____ notifications ____ ____ ____ ____ the app?

Do ____ ____ limitations affect push ____ ____ ____?

____ any network obstacles affect ____ ____ ____ ____ as push alerts ____ background ____?

____ any network ____ affect push ____ ____ ____ other things?

____ ____ constraints hinder the ____ ability ____ push ____ refresh?

____ the network ____ ____ push notification ____ and persistent data ____ ____ ____?

Do any network limitations ____ ____ ____ ____ ____ app features?

____ ____ ____ restrict ____ like notifications?

____ there ____ ____ background ____ push ____ due to the ____?

Can ____ ____ refresh feature of ____ app ____ ____ due to ____ ____?

Any ____ ____ ____ might ____ ____ ability to ____ or refresh ____ app?

Can the ____ refresh ____ ____ app be denied due ____ ____ ____?

____ there network constraints ____ ____ ____?

Any ____ ____ affecting ____ ____ or refresh ____?

Do ____ ____ ____ affect push ____ and ____ updates?

Does the network ____ ____ ____ impede certain ____ ____ like ____ notifications?

____ network limitations ____ with push ____ or ____ ____?

____ network limitations ____ ____ push ____ ____ apps?

____ ____ features ____ background refreshing could ____ ____ affected ____ network problems.

Can network limitations ____ ____ ____ ____ refresh, ____ other features.

____ wonder ____ there ____ ____ limitations ____ app ____ like ____ changes and push ____.

____ ____ and background refreshing might ____ affected ____ ____ networks.

Push notifications and ____ updates ____ be affected ____ ____ ____.

Is ____ network limitations ____ hinder ____ ____?

____ ____ ____ refresh ____ of an app be denied ____ network ____?

Can the ____ stop ____ like ____ ____?

Can a feature of ____ app, ____ ____ ____ ____ denied ____ ____ network?

Network limitations can ____ ____ ____ ____ refresh, and ____ ____ features.

____ features ____ ____ push ____ and background ____ could ____ affected ____ network limitations.

____ ____ possible ____ network restrictions impede push ____ and ____ ____?

____ any network restrictions ____ push ____ ____ ____ features?

____ ____ ____ hinder ____ application attributes, such ____ ____ ____ or background updates.

Can certain functions ____ ____ and refresh ____ limited ____ ____?

Is there ____ ____ ____ that hinder ____ ____?

____ certain network restrictions ____ ____ ____ and background ____?

____ ____ ____ ____ to push notifications, background refresh, ____ other ____ features?

Can ____ ____ prevent background refresh, ____ ____ and ____ ____ of the ____?

Can ____ ____ ____ like background refresh and ____ ____ face ____ constraints?

Specific ____ ____ such as ____ ____ background ____ and push notifications ____ ____ affected ____ network ____.

Can certain app capabilities, like receiving ____ messages ____ ____ ____ in ____ background, not ____ ____ ____ ____ constraints?

____ network ____ prevent ____ notifications and ____ ____ of ____ apps?

Network ____ ____ ____ push ____ ____ other ____ of the app.

Can ____ limitations ____ ____ notifications, ____ refresh, ____ other features?

____ any ____ limitations affect ____ ____!

I wonder if ____ ____ ____ app features ____ ____ notifications, ____ ____ and so ____.

App ____ ____ like push alert ____ ____ refreshing ____ be caused ____ some ____ ____.

Can push ____ ____ be limited ____ ____?

____ ____ restrictions ____ push notifications?

____ there ____ ____ background ____ and push ____ due to the ____?

____ ____ network limitations ____ push ____?

____ ____ ____ constraints ____ affect background updates?

Is the ____ ____ ____ ____ notifications and ____ refresh?

Can ____ feature of an ____ ____ background refresh be ____ ____ ____ ____?

Do you ____ ____ any ____ ____ that ____ affect ____ messages or ____ updates?

____ any network obstacles hamper ____ alert ____ ____ ____?

Does ____ ____ ____ ____ ____ notifications in the app?

____ a ____ of the ____ like ____ ____ ____ ____ by the network?

____ ____ ____ in ____ app, like background refresh, be denied ____ ____ ____?

Network ____ ____ ____ ____ ____ features ____ ____ background refreshing, ____ notifications and Push notifications.

Push notices or ____ abilities might be ____ ____ ____ networking ____ ____.

____ you aware ____ any network issues that ____ with ____ like ____ messages ____ ____ ____?

____ ____ ____ ____ affect push ____ or backgroundrefresh?

Can network ____ ____ ____ notifications ____ ____ app?

Is ____ network ____ ____ push notifications ____ ____ features?

Does ____ ____ affect ____ application attributes ____ ____ push notifications or ____ ____?

Can ____ notifications ____ ____ ____ ____ network limitations?

____ ____ notifications ____ ____ updates affected by ____ restrictions?

____ app ____ ____ ____ background ____ background notifications and Push notifications could ____ ____ ____ ____ problems.

I wonder ____ ____ are ____ that block app ____ like ____ ____.

____ ____ limitations ____ prevent push notifications, ____ refresh ____ other features ____ the ____?

App features ____ push ____ and ____ refreshing may ____ ____ ____ network ____.

Network limitations can ____ ____ notifications and ____ ____ ____.

____ ____ network ____ prevent ____ notifications, background ____ ____ other features?

I wonder if there ____ ____ ____ ____ blocking app ____ ____ ____ notifications.

____ ____ network constraints effecting ____ ____?

Do ____ ____ ____ ____ push notifications?

____ it possible ____ certain ____ functions, like push ____ or background refresh, to ____ ____ ____ ____ network ____?

Do any ____ ____ ____ push ____ backgroundrefresh, ____?

____ there ____ limits ____ ____ like push ____?

There might ____ ____ ____ that block app ____ ____ ____ notifications.

____ ____ network ____ ____ ____ attributes such as push alert ____ ____ updates?

Do ____ ____ ____ any network issues that cause problems ____ ____ ____ ____ ____ background updates?

____ ____ network constraints ____ push notifications ____ other ____?

I wonder if there are network ____ that block ____ ____ like ____ ____ ____ ____ ____.

____ ____ ____ ____ like push notifications?

____ there ____ constraintsaffect push ____?

____ the network limiting some app ____ ____ ____ notifications ____ ____ refreshes?

Is the network ____ certain ____ ____ like push ____ ____ background ____?

____ app features like ____ ____ have ____ ____?

____ ____ ____ affect features such ____ ____ updates ____ push notifications?

____ ____ aware of network ____ ____ ____ messages ____ background updates?

____ wonder if ____ ____ a ____ limitation blocking app ____ like ____ ____.

Push ____ ____ ____ blocked by ____ networks

____ there ____ ____ ____ ____ ____ up stuff like ____ messages or sneaky ____ updates?

Can ____ refresh, ____ app feature, ____ ____ ____ network limitations?

____ receiving ____ ____ ____ or updating in ____ ____ be limited by ____ constraints?

____ network ____ interfering ____ ____ app's ability to ____ ____ push?

____ ____ ____ ____ an app, like ____ refresh, be ____ by ____ limits?

____ ____ ____ ____ like background ____ or push notifications, ____ limitations imposed ____ the ____?

____ wonder ____ ____ ____ blocks app ____ ____ background changes and ____ notifications.

____ do certain network ____ affect ____ ____ ____ background updates?

Do ____ know if ____ ____ ____ issues ____ screw ____ things like push messages ____ ____ ____?

____ the background refresh ____ ____ ____ be ____ because of network ____?

Is ____ ____ ____ limitations blocking ____ features ____ background changes?

____ ____ background ____ and other app ____ ____ ____ affected by ____ limitations.

Can a background refresh feature ____ an ____ ____ denied ____ ____ ____?

Does ____ ____ ____ affect push ____ ____ backgroundrefresh?

____ network ____ ____ push notifications and ____ ____?

____ question if there are ____ limitations blocking ____ ____ ____ push ____.

____ there network ____ ____ push ____?

Is there any ____ ____ by ____ ____ ____ ____ features like push ____?

Can a ____ ____ ____ ____ as background refresh ____ ____ because ____ network limitations?

____ limitations ____ affect ____ ____ ____ push notifications.

Does any network ____ prevent ____ ____ ____ the ____?

____ the network ____ certain ____ ____ ____ push notifications or ____ refreshes?

Can ____ ____ ____ ____ ____ like background ____ be denied ____ the network limits?

Specific ____ features like background refreshing ____ ____ ____ might ____ affected ____ ____ problems.

Any ____ constraints ____ affect ____ ability ____ ____ or ____ an app?

____ the ____ ____ ____ push notifications and ____ refresh?

____ network limitations ____ ____ ____ ____ push notifications?

Do network ____ ____ key ____ ____ ____ as ____ notifications and background ____?

____ push notifications be ____ ____ some ____?

____ ____ constraints affect ____ ____ features such as ____ notifications ____ ____ refresh?

____ ____ ____ restrict things like ____?

Does network ____ interfere ____ ____ ____ and ____ updates?

I ____ if ____ ____ ____ blocking app ____ ____ background changes.

____ ____ network limits ____ ____ such ____ background refresh?

Network ____ can affect features ____ ____ such ____ push ____ and ____ ____.

Can ____ ____ affect ____ ____ and background updates ____ apps?

Can ____ ____ prevent ____ ____ ____ of the app?

Can ____ background refresh feature ____ ____ ____ be ____ by ____ limitations?

____ ____ may be limited ____ ____.

____ you ____ of ____ network ____ ____ cause problems such ____ ____ ____ or background updates?

____ there ____ known constraints on push ____ ____ ____ the ____?

____ the network ____ limitations that ____ certain app ____ like ____ refresh ____ ____ ____?

____ ____ network ____ restrictions on features ____ ____ ____ ____ or background refresh in ____?

I ____ if ____ are network ____ blocking ____ ____ such as ____ refresh ____ push ____.

____ ____ ____ stop push notifications?

Can push ____ ____ blocked ____ some ____ ____?

____ ____ network restrictions block push ____ and other ____ ____?

Is any ____ ____ ____ push notifications, ____ ____?

Does ____ ____ limitations prevent ____ notifications and ____ app ____?

Pushes ____ ____ ____ be ____ by networks.

____ ____ ____ update ____ ____ ____ susceptible to being blocked due ____ networking boundaries.

Can network ____ ____ ____ notifications ____ ____ apps?

____ ____ and background ____ may be impacted ____ network ____.

Can app capabilities like ____ ____ ____ instantly or ____ ____ ____ ____ be limited because of ____ ____?

____ ____ ____ refresh feature _____ an ____ _____ turned _____ by the network?

_____ any network limitations _____ _____ notifications or _____ other ____?

Do network limitations _____ push _____ Background refresh, ____ ____ ____ ____?

_____ network _____ affect push notifications, background updates ____ ____ ____ ____?

_____ some network restrictions _____ the push ____ ____ ____?

_____ the ____ limiting some app ____ like background ____ ____ push ____?

_____ any network ____ _____ push ____?

Push _____ and _____ abilities may be affected ____ _____ networking ____ ____.

Do apps ____ _____ on push notifications ____ ____ _____ network?

____ ____ app capabilities such ____ ____ new ____ instantly or ____ ____ ____ background be ____ because ____ network constraints?

Do _____ know about ____ network issues that screw ____ ____ ____ ____ messages _____ background ____?

____ ____ know if network ____ ____ ____ notifications?

Can ____ ____ if ____ network is limiting ____ app ____ ____ push ____?

____ the network infrastructure contain restrictions on ____ ____ ____ ____ ____ ____ ____ for applications today?

Specific ____ ____ ____ background refreshing, push notifications, ____ _____ could ____ ____ affected ____ network problems.

____ ____ on app ____ ____ push notifications?

Do any ____ _____ affect _____ alerts or ____ ____?

Some network ____ ____ ____ ____ ____ background updates.

Do any _____ obstructions affect _____ notifications, _____ updates, _____ _____ application ____?

Can push notifications ____ background ____ ____ ____ ____?

There may be ____ ____ ____ ____ and ____ refresh ____ to ____ network.

Can background ____ and push ____ ____ ____ by the ____?

____ ____ ____ ____ affect push notification?

Is ____ ____ known ____ imposed ____ the network that prevent features ____ ____ ____?

I ____ ____ there are limitations blocking app ____ such ____ background refresh ____ push ____ ____ ____ ____.

____ feature ____ ____ ____ push ____ and ____ ____ could ____ caused by networking constraints.

Can ____ background refresh feature ____ ____ ____ ____ denied ____ ____ network limitations?

Can pushes and refresh ____ ____ ____ ____?

Can certain capabilities like ____ new ____ instantly ____ ____ ____ ____ ____ be limited due to ____ ____?

____ feature ____ ____ push alerts ____ background ____ ____ be ____ by networking constraints.

____ wonder ____ ____ limitations ____ app ____ like background ____ ____ notifications and so ____.

____ ____ ____ make push alert or ____ ____ harder?

Can network ____ prevent push ____ ____ ____ and ____ ____ of ____ app.

Will ____ ____ messages instantly or ____ ____ the background ____ limited ____ network ____?

____ wonder ____ ____ limitations block features ____ ____ changes, push notifications and ____ ____.

____ ____ network ____ block push ____ ____ refresh, or ____ features?

Push ____ background refresh, ____ ____ ____ on app ____.

____ ____ tell me if ____ ____ limits ____ notifications ____ background refresh?

network limitations ____ push ____ in ____ ____?

Is it possible for ____ ____ or ____ refresh to ____ ____ ____?

____ ____ limitations prevented push notifications, background ____ ____ other ____ ____ ____ app?

Network limitations ____ affect push ____ background ____ ____ other ____ ____ ____ app.

____ any network limitation ____ ____ ____?

Is it possible for ____ app ____ like background ____ ____ ____ notifications, ____ ____ ____ ____ by the network?

____ the ____ limit app features ____ as background ____ ____ ____ notifications?

____ ____ be ____ limitations blocking ____ features like ____ changes.

____ the network infrastructure impose ____ ____ push ____ ____ persistent data ____ for ____ today?

____ pushing ____ ____ ____ be blocked by network ____?

Can the ____ capabilities ____ ____ new ____ ____ ____ updating ____ ____ ____ be limited by network constraints?

What network ____ ____ ____ notifications?

Should network _____ affect _____ notifications _____ _____ _____?

_____ a feature of an _____ like _____ _____ be _____ _____ _____ limitations?

_____ network _____ affect push _____?

_____ you _____ me if _____ network is limiting _____ app _____ _____ push _____?

Can _____ and refresh _____ _____ _____ networks

Is _____ _____ _____ blocking push notifications, background _____ or _____ _____ features?

Is _____ _____ network _____ _____ screw up _____ like push messages or _____ _____ _____?

Can _____ _____ prevent _____ _____ from having _____ notifications?

Does any network _____ _____ _____ notifications _____ _____?

_____ _____ _____ there _____ _____ network limitations _____ block _____ features such as _____ notifications.

_____ wonder _____ network _____ _____ _____ features like background _____ push _____ etc.

Is _____ _____ network _____ _____ features like _____ notifications or _____ _____ in apps?

Do _____ _____ affect _____ push _____?

Do certain _____ _____ affect _____ _____ _____ apps?

_____ _____ network _____ _____ push notifications and _____ features?

_____ wonder _____ there are _____ _____ blocking _____ _____ such _____ background refreshed.

Application _____ _____ _____ background _____ _____ _____ _____ _____ notifications could be affected by network problems.

Can push notifications _____ _____ _____ _____ _____ by network limitations?

_____ wondered if _____ _____ _____ network limitations _____ _____ features _____ push notifications.

Is _____ any restriction imposed on _____ _____ _____ _____ _____ _____ push notifications?

_____ certain app _____ _____ background _____ and _____ notifications, face network _____?

Do any network obstructions _____ push _____ background _____ _____ _____ _____ _____ attributes?

Does _____ network restrictions _____ _____ _____?

_____ _____ _____ prevent _____ notifications, background _____ _____ other features of _____ app?

_____ wonder _____ _____ are network _____ blocking app features, _____ push _____.

Does network _____ block _____ notifications, _____ refresh, or _____ _____ app _____?

_____ _____ _____ _____ options might _____ _____ to being blocked because of _____ boundaries.

_____ network limitations _____ Push _____?

Can pushes _____ _____ be _____ by _____ _____?

_____ _____ network restrictions _____ push notifications _____ _____ updates?

_____ receiving _____ messages instantly _____ updating in _____ background be _____ _____ network _____?

_____ network constraints _____ _____ updates?

_____ the network _____ _____ elements such as push _____ _____ for _____?

Do any _____ from _____ network _____ push _____ or _____ _____?

_____ _____ _____ restrictions affect _____ _____ or background updates?

_____ _____ _____ any network limitations _____ them?

_____ push _____ a desired app _____ _____ limited _____ networks?

I _____ if _____ are _____ limitations _____ app _____ _____ push _____ _____ background refresh.

Can receiving _____ _____ instantly or updates _____ the _____ _____ _____ by _____ constraints?

_____ it _____ _____ _____ _____ _____ like _____ refresh, to be limited _____ network constraints?

_____ _____ network _____ affect _____ _____ or background updates?

_____ _____ limitations block push _____ Background _____ or _____ _____ app features?

_____ wonder _____ _____ any network limitations _____ _____ _____ features _____ push notifications.

Is there any _____ restrictions _____ _____ _____ _____ background _____ _____ push notifications _____ apps?

Does any _____ limitations block _____ _____ _____ refresh, _____ app _____?

_____ network limitations _____ _____ _____ in _____ app?

Can _____ feature in _____ app like _____ _____ _____ _____ because _____ network limitations?

_____ there any network _____ that cause _____ _____ _____ messages or _____ _____?

_____ network _____ _____ affect the app's _____ _____ push _____ refresh?

_____ push notifications _____ _____ _____ a _____ network?

Is there _____ restrictions imposed on _____ _____ _____ _____ _____ background _____ _____ the network?

_____ _____ background refresh in an _____ be _____ _____ _____ limitations?

Should certain _____ _____ _____ _____ notifications and background _____?

_____ _____ feature of _____ app, like background _____ be _____ _____ network _____?

Can network limitations _____ the functioning _____ _____ _____ _____ like _____ notifications?

Do _____ constraints _____ key _____ _____ _____ as push notifications?

Can background refresh _____ _____ _____ be _____ by network _____?

Is it possible for _____ _____ functions _____ background _____ and _____ _____ to _____ network _____?

Is there any _____ _____ _____ push _____?

_____ push _____ _____ _____ options _____ _____ being blocked because _____ network boundaries?

Does any _____ _____ _____ _____ _____ Background _____ or other features?

_____ _____ _____ _____ _____ _____ _____ on _____ notification delivery and persistent data updates for applications?

Can _____ _____ _____ _____ to _____ push notifications, _____ _____ and other features _____ the app?

_____ _____ limitations affect _____ _____ _____ certain apps?

There may be _____ _____ _____ the _____ _____ prohibit _____ like push _____.

Is there any known network _____ _____ impede _____ _____ _____ _____ refresh?

_____ network limitations _____ certain app features _____ _____ _____?

_____ _____ _____ such as _____ refreshing, _____ notifications and _____ notifications may _____ _____ _____ network problems.

Do any network _____ hinder _____ _____ _____ _____ updates?

Does _____ _____ limitations _____ _____ notifications and other _____ features?

_____ wonder if _____ are network limitations blocking app _____ _____ _____ _____ _____ _____ notifications?

_____ any _____ _____ keep push notifications _____ _____?

Can _____ _____ _____ _____ notifications, _____ refresh _____ other features from _____ accessed?

_____ wonder if _____ network _____ block _____ _____ _____ background changes.

Any _____ constraints impede _____ ability to _____ _____ _____?

Do network limitations block _____ notifications, _____ refresh, or _____ _____ _____ _____?

_____ any network obstructions _____ _____ _____ alert or _____ updates?

Push notification _____ _____ persistent data _____ for applications _____ be _____ by _____ _____ _____.

Does any _____ _____ affect _____?

_____ there _____ _____ affecting _____ notifications?

Can network _____ interfere with push notifications, _____ _____ and _____ _____ _____ the _____?

_____ the network affect _____ _____ backgroundrefresh, _____?

Is _____ _____ _____ networking constraints _____ causing feature _____ such _____ _____ alerts?

Are you _____ of _____ _____ issues like push _____ _____ background _____?

Can _____ _____ _____ the push _____ in _____ apps?

_____ _____ tell me _____ _____ network has _____ _____ affect push notifications _____ _____ refresh?

Can network limitations _____ push notifications, background _____ _____ _____ _____ _____ _____ viewed?

_____ constraints _____ push _____?

_____ _____ limitations prevent push _____ and _____ _____ _____ being accessible?

Can network _____ _____ push _____ and _____ features of _____?

_____ _____ limitations blocking _____ notifications and _____ app _____?

Is _____ _____ that receiving _____ _____ _____ _____ updating _____ the background is limited _____ _____ constraints?

_____ push _____ _____ blocked _____ of network _____?

Do _____ _____ _____ key app functions such _____ _____ _____ _____ background refresh?

_____ push notifications _____ blocked _____ some _____?

_____ the _____ _____ _____ app functions like background refreshes _____ push _____?

_____ _____ constraints affect _____ _____ functions, such _____ push notifications?

Is it possible _____ _____ limitations _____ push _____ and _____ app _____?

Are _____ _____ _____ issues that _____ up stuff like _____ _____ or _____ background _____?

_____ _____ _____ affect push notifications or _____ _____?

Does the ability to receive ____ ____ instantly ____ ____ ____ the ____ ____ to be ____ by ____ constraints?

Does ____ ____ affect push ____ ____ backgroundrefresh?

____ ____ be restrictions imposed by ____ ____ that prevent features ____ push ____ ____ background ____.

____ certain ____ constraints ____ push ____?

Do you know ____ about ____ issues like ____ ____ ____ ____ updates?

____ ____ ____ network limitations ____ affect ____ notifications?

Network limitations ____ ____ ____ in ____ such as push ____.

____ push ____ ____ ____ by network constraints?

Does the network impose restrictions ____ features ____ ____ ____ or ____ ____?

____ ____ ____ such as ____ ____ ____ push notifications could possibly be affected ____ network ____.

I ____ if there ____ ____ ____ ____ ____ app features ____ as background refresh.

____ network ____ prevent ____ notifications, ____ refresh ____ other features ____ ____ app?

____ app features ____ background ____ ____ push notifications ____ be ____ ____ network problems.

Network problems could ____ ____ app ____ ____ ____ refreshing.

Application ____ like ____ ____ background ____ and Push notifications ____ ____ affected by ____ ____.

____ ____ limits on background ____ ____ ____ notifications ____ the network?

Can pushnotifications ____ ____ ____ networks?

____ ____ any network constraints ____ impede ____ ____ ____ ____ as push notifications?

____ wonder ____ there ____ ____ limitations ____ app ____ such as Background ____ and push ____.

Can ____ ____ stop push ____?

____ limitations affect ____ ____ and ____ refreshes.

____ ____ ____ there are any network ____ that ____ app ____ like push ____.

____ you know if ____ ____ ____ ____ that ____ features like ____ ____ in apps?

____ there ____ ____ push ____ and background ____ ____ to network?

Does ____ ____ affect ____ notifications?

____ ____ network hinder ____ alert ____ ____ updates?

____ a ____ refresh ____ ____ an app ____ ____ because ____ network limits?

____ the network restrict ____ ____ like ____?

____ ____ ____ restrictions affecting push ____?

____ there ____ ____ ____ preventing push notifications and ____ refresh?

Are ____ ____ of ____ ____ issues that affect ____ ____ or hidden background ____?

Can ____ ____ stop push notifications ____ ____?

____ network limitations affect certain ____ functions ____ as ____ ____?

____ ____ ____ such as push ____ and ____ ____ ____ be due to networking ____.

I wondered if ____ ____ limitations ____ ____ ____ ____ ____ ____ changes and push notifications.

Is there a ____ ____ ____ background ____ ____ push notifications?

____ any network limitations ____ ____ ____?

____ there ____ ____ ____ push notifications?

Is there any ____ constraints ____ ____ notifications and background ____ ____ ____ ____?

____ a ____ ____ an ____ such as background refresh ____ denied by ____ ____?

Does network ____ ____ push ____ or any ____ ____?

____ ____ aware of any network issues ____ ____ ____ things ____ ____ messages ____ background updates?

I'm ____ if ____ are network ____ ____ app features ____ Background ____ ____ ____ notifications.

Does ____ ____ restrict ____ like ____?

I ____ ____ if ____ are network limitations ____ ____ ____ ____ ____ refresh and push notifications.

Are you aware ____ ____ issues such ____ push messages ____ ____ ____?

____ a ____ feature ____ an ____ such ____ ____ ____ be denied ____ network limits?

Can ____ ____ stop ____ notifications, ____ refresh ____ ____ ____ features from being accessed?

____ ____ capabilities ____ receiving new messages instantly ____ ____ ____ the ____ be ____ due to ____ constraints?

____ ____ ____ there ____ network ____ ____ app features like background changes ____ push ____.

There ____ ____ ____ ____ on app features ____ background refresh.

____ there ____ restrictions ____ ____ ____ network on features such ____ push ____?

I ____ ____ there are network ____ that ____ push ____ ____ refresh, ____.

____ ____ you aware ____ ____ ____ issues ____ can ____ ____ ____ push messages or background updates?

____ ____ notifications, like others, ____ ____ by ____?

Is ____ ____ for some ____ ____ like ____ refresh ____ push notifications, to face ____ ____?

Can ____ ____ be blocked ____ ____ network?

____ ____ ____ ____ push notifications ____ background ____ might ____ affected by network problems.

____ ____ network limitations block push notifications ____ ____ ____ features?

Can ____ ____ ____ push notifications and background ____ ____ being ____?

____ any network limitations ____ ____ notifications, ____ ____ or ____ other ____ features?

____ you tell me if the network ____ certain app functions ____ ____ ____ ____ ____ ____?

____ ____ ____ restrictions imposed by the ____ on features ____ ____ refresh in ____.

Can certain app ____ like ____ ____ the background ____ ____ new messages, ____ ____ ____ ____ constraints?

____ wonder ____ ____ ____ network limitations ____ ____ ____ such ____ background refresh, push notifications, and so ____.

____ network ____ ____ push notifications, ____ ____ and ____ ____ of the app?

Do network ____ ____ push ____?

____ ____ notifications, for ____ ____ ____ by networks?

____ ____ restrict ____ capabilities ____ ____ push alerts?

Do certain ____ ____ limit ____ ____ ____ apps?

____ ____ feature of an app ____ as ____ refresh ____ ____ by the ____?

____ ____ ____ ____ ____ ____ like background refresh ____ prevented by network limitations?

I ____ if there ____ network limitations ____ app ____ such ____ ____ ____.

Does the network ____ ____ ____ or ____ ____?

Can a feature ____ an ____ like a ____ ____ ____ ____ due to ____ ____?

Can the ____ ____ feature ____ an ____ be ____ ____ the network?

Can network limitations affect ____ ____ background refresh ____ ____ ____ ____ the ____?

Can a ____ of ____ app, ____ background refresh, ____ ____ off ____ network ____?

Do some network ____ ____ ____ ____ and background ____?

Any known ____ ____ affecting ____ app's ability ____ ____ ____ refresh?

Can ____ ____ ____ ____ of an app ____ ____ due ____ network limits?

____ ____ ____ ____ block push notifications and any ____ app ____?

Does ____ network ____ affect ____ ____?

____ any ____ limitations ____ push ____?

____ network limitations affect ____ notifications ____ ____ ____ in the ____?

____ wonder if there ____ ____ limitations ____ app ____ ____ push notifications.

Specific ____ ____ ____ background refreshing, ____ notifications, ____ could be ____ by ____ problems.

____ receiving ____ ____ in ____ background ____ ____ in the background be limited by ____ ____?

Can ____ refresh be ____ ____ ____ restrictions?

____ push ____ ____ limited ____ networks?

____ a background refresh feature ____ ____ by ____ ____?

____ ____ ____ limitation ____ hinders push notifications?

____ ____ blocks like ____ alert and ____ ____ ____ be caused by ____ constraints.

____ ____ limits on background ____ or push ____ ____ the ____?

____ ____ constraints ____ push notifications?

____ network ____ affect push ____

Any ____ constraints ____ might ____ ____ ____ ____ push or refresh?

____ network ____ ____ certain app ____ ____ receiving new messages ____ or ____ in the ____?

____ ____ ____ from the network affect ____ ____ ____ background updates?

____ ____ limitations affect push ____?

Does ____ network limitations ____ push ____ background ____ ____ ____ other features?

____ ____ refresh ____ denied by ____ ____ in an app?

There may be ____ limits ____ features ____ ____ ____ and ____ notifications.

____ app ____ such as push ____ and ____ updates ____ ____ affected ____ ____ limitations.

____ push notifications ____ ____ because of ____ ____?

____ any network ____ ____ push ____?

I wonder if there ____ ____ limitations that ____ app ____ like ____ refresh ____ ____ ____.

are ____ constraints ____ ____ notifications?

____ ____ limitations ____ with features like push ____ ____ background ____?

Can ____ ____ ____ push ____ ____ refresh, ____ other features of the ____?

Does ____ network ____ affect push ____ ____ ____ app features?

____ there any ____ imposed ____ the ____ that ____ ____ like ____ notifications?

Can ____ certain ____ of ____ app, ____ ____ ____ refresh, be ____ ____ network limitations?

Is it ____ ____ ____ ____ functions like background refresh ____ ____ ____ constraints?

____ ____ ____ for ____ notifications ____ ____ refresh to face limitations imposed ____ network ____?

____ push ____ ____ ____ by the networks?

Do you know ____ ____ ____ ____ that mess with ____ ____ push messages or ____ ____?

App ____ blocks ____ ____ push ____ and ____ refreshing ____ ____ due ____ networking constraints.

____ ____ network limitations ____ push ____ ____ any other features ____ ____ app?

____ it possible that ____ restrictions ____ push ____ ____ background ____?

Can ____ ____ ____ ____ app ____ background ____ be denied by ____ network?

____ ____ ____ network constraints ____ push ____ and background refreshes?

Do ____ ____ ____ ____ push notifications?

Do network limitations ____ ____ features in ____ ____ ____ push ____?

____ app features ____ background ____ background ____ and ____ notifications ____ ____ affected by ____ problems.

Can the background refresh ____ ____ an ____ ____ ____ based ____ network ____?

Can network ____ ____ the functioning ____ ____ ____ ____ like background refreshing?

____ a network's ____ ____ push ____?

Can ____ limitations prohibit push ____ ____ refresh, and ____ ____?

____ ____ can prevent ____ notifications ____ other features in ____ ____.

Can ____ app ____ like ____ ____ messages instantly ____ updating ____ the background, ____ limited ____ ____ constraints?

Can receiving ____ ____ ____ or updating in ____ background be constrained ____ ____ ____?

____ network ____ prevent push ____ ____ other features ____ ____ app?

____ network limitations ____ push notifications, background ____ ____ ____ features ____ ____ seen?

Is ____ ____ issues ____ push ____?

Does ____ ____ ____ limitations block push ____?

Will ____ ____ limitations ____ ____ notifications?

Do any network constraints ____ ____ ____ features ____ as ____ notifications ____ background ____?

____ any network obstructions ____ ____ ____ background update ____ other ____ attributes?

App ____ blocks ____ ____ ____ and ____ ____ may be caused by ____ constraints.

Can ____ ____ ____ be ____ ____ the networks?

____ ____ network quirks affect push ____ ____ ____ updates?

Is ____ ____ constraints on background refresh and ____ notifications ____ ____ ____ ____?

I ____ ____ network ____ block ____ features ____ background changes and ____ ____.

____ ____ ____ ____ ____ ____ notifications, ____ refresh, ____ ____ features from being accessed by certain app ____?

I ____ ____ ____ are any network ____ blocking app features such ____ ____ ____.

Is the ____ to ____ ____ messages ____ or ____ in the ____ limited ____ network ____?

____ ____ and ____ ____ are potentially ____ to being blocked because ____ ____ boundaries.

____ ____ ____ ____ features such as push ____ and background ____.

____ ____ network's ____ ____ affect push notifications?

Specific ____ ____ ____ as ____ refreshing, ____ notifications and Push ____ ____ ____ ____ by network problems.

I ____ ____ ____ network limitations ____ app ____ like ____ notifications.

____ the ____ impose ____ ____ features like background ____ ____ apps?

I wonder ____ ____ is any network limitations that block ____ ____ ____ ____ ____.

____ the network ____ push ____ and ____ ____?

App ____ ____ such ____ push ____ ____ background refreshing ____ be ____ by networking ____.

Does ____ ____ ____ ____ ____ and background refresh?

Do ____ ____ obstructions ____ ____ notifications, ____ updates and other ____ attributes?

Does ____ ____ ____ push notifications?

____ the network limitations block push ____ or ____ ____ ____?

____ any network ____ affect push notifications ____ ____ ____?

____ pushing ____ ____ been ____ by networks?

Do network ____ ____ with push ____ ____ ____ updates ____ apps?

____ push notifications and ____ ____ blocked ____ ____ limitations?

Does ____ ____ limitations ____ push ____ and ____ ____ of the app?

____ a feature of an ____ ____ background refresh be ____ ____ ____ ____?

Is there ____ restrictions ____ ____ ____ network ____ ____ features like ____ notifications?

Does any network ____ ____ ____ ____ notifications?

____ ____ notifications impeded ____ certain ____ restrictions?

____ the background refresh ____ ____ an ____ ____ ____ because of network ____?

Can certain ____ capabilities like receiving new ____ instantly ____ updating in ____ ____ ____ ____ ____ ____ constraints?

____ the background ____ feature ____ an app be ____ ____ ____ limitations?

____ ____ ____ network restrictions that prevent ____ like ____ ____ in apps?

Do ____ ____ ____ ____ ____ that screw up things like push ____ ____ ____ updates?

____ network ____ that are ____ it hard to ____ ____ ____ ____ app?

____ the ____ ____ in ____ app be ____ ____ network limits?

Can network ____ prevent ____ ____ from being ____ on ____ app ____?

Network problems ____ ____ ____ ____ ____ background ____ and push notifications.

____ ____ features ____ ____ and refresh ____ limited ____ the networks?

____ ____ restrictions stop push notifications ____ ____ ____?

Can the pushes ____ ____ ____ limited by ____ ____?

Can a certain ____ ____ ____ ____ like background refresh, be ____ ____ network ____?

____ ____ possible for certain ____ functions, ____ ____ ____ ____ face network restrictions?

I ____ ____ there are ____ ____ ____ features like ____ ____ ____ push ____ on the network.

____ certain ____ capabilities ____ receiving new ____ instantly or ____ ____ ____ background be limited ____ ____ network?

____ certain network ____ affecting push notifications ____ ____ ____?

____ there ____ ____ that blocks ____ app ____ like ____ notifications?

____ ____ network ____ block ____ notifications, background ____ or ____ app features?

Is ____ ____ ____ push notifications and ____ ____?

____ it possible for ____ app functions, ____ ____ refresh ____ ____ ____ ____ face network constraints?

Does ____ network limitations ____ push notifications, ____ ____ ____ ____ features?

____ ____ network's ____ block ____ notifications?

Do network limitations affect ____ ____ ____ ____?

I wonder ____ ____ are network ____ blocking app features such ____ ____ changes, push ____ ____ ____ ____.

Does ____ network ____ affect ____ notifications, background ____ or any ____ ____?

____ the ____ limiting the app ____ ____ push ____ and ____ refresh?

____ there ____ ____ affecting push ____?

____ any ____ limitations block push ____ ____ ____ ____ app features?

Specific app features ____ ____ ____ ____ ____ notifications and Push notifications ____ ____ affected by ____ ____.

Are ____ ____ on blocking ____ updates and ____ ____ on ____ network?

____ ____ limitations ____ ____ notifications in ____ applications?

____ you know ____ ____ ____ ____ ____ ____ up stuff like push messages or ____ background ____?

____ ____ ____ block push ____ for the ____?

____ a feature of an ____ like ____ ____ ____ ____ by ____ limitations?

____ ____ ____ there are networks ____ ____ app ____ like ____ refresh ____ push notifications.

____ ____ ____ ____ network issues that ____ push messages ____ background updates?

Does ____ ____ ____ affect ____ notifications?

____ it ____ for ____ app ____ like ____ ____ or ____ ____ to be able to face network ____?

I wonder if ____ are ____ ____ ____ app ____ ____ background ____ push notifications, ____.

____ wondering if there are ____ ____ ____ app features like ____ ____.

Do ____ ____ ____ affect ____ notifications?

Can ____ and ____ ____ ____ by the ____?

Can ____ ____ ____ push notifications, background ____ and ____ ____ of theapp?

____ ____ feature ____ ____ app like background refresh ____ ____ by ____ limitations?

Can ____ network ____ block ____ notifications and ____ ____?

Can ____ app ____ like ____ ____ ____ instantly ____ updating ____ ____ background be limited ____ network constraints?

____ network constraints ____ ____ ____ the ability to push ____ ____?

I wonder ____ ____ network ____ ____ app ____ ____ background changes ____ push notifications.

Do ____ ____ ____ notifications or ____ refreshes?

Do network ____ impede key app functions ____ ____ ____ ____ and ____ ____?

Do ____ ____ ____ ____ key app functions such ____ ____ notifications?

Does ____ network ____ ____ ____ notifications ____ any other features?

Is ____ any network ____ ____ prevent push ____ ____ ____ refresh?

Can ____ ____ be blocked on ____ ____ ____?

____ ____ ____ ____ push notifications or other ____ features?

____ ____ ____ limit certain app ____ ____ ____ receiving ____ messages ____ ____ updating in the background.

____ network ____ ____ ____ notifications in some ____?

I wonder if ____ are ____ ____ limitations blocking app ____ ____ ____ changes ____ push ____.

____ network constraints ____ push ____ background refresh, ____ other ____ of ____ ____?

Certain ____ ____ ____ receiving ____ messages ____ or updating ____ ____ background, ____ be ____ by network constraints.

____ feature blocks ____ ____ push ____ ____ background refreshing might ____ caused ____ networking ____.

Is ____ ____ network limitations ____ block app ____ like ____ ____?

Do ____ ____ ____ ____ ____ push alert and background updates?

Some ____ restrictions may impede ____ ____ ____ ____.

____ the background refresh feature ____ ____ app be ____ ____ ____ network ____?

Do ____ ____ restrict ____ ____ and background ____?

Does ____ ____ limitation block ____ notifications, ____ refresh, or ____ ____ features?

____ notifications, ____ ____ and other ____ features could ____ ____ ____ network limitations.

Is there any ____ ____ ____ ____ certain ____ features like ____ notifications?

Do ____ ____ affect ____ notifications?

Is there ____ network ____ ____ impede ____ notifications or ____ ____?

Can ____ limitations prohibit ____ notifications ____ other ____ ____ ____ app?

____ ____ ____ affect ____ such ____ push notifications?

Does the network ____ certain ____ attributes, ____ ____ push ____ ____ ____ updates?

____ any ____ limitations limit push notifications ____ ____ ____?

____ ____ if ____ ____ network limitations ____ app features, like background ____.

____ ____ ____ ____ key app ____ such as push notifications ____ background ____?

Is ____ network limiting ____ app functions ____ ____ ____ and ____ refresh?

Do network constraints ____ ____ key ____ functions such as ____ ____ ____ ____ refresh?

Do network ____ ____ background refresh ____ ____ ____?

____ wonder ____ there ____ any ____ limitations ____ ____ features like ____ notifications or background ____.

____ ____ network ____ block ____ ____ background ____ or other app features?

____ like ____ notifications and background ____ might ____ ____ due to ____.

____ ____ network constraints ____ push ____?

____ ____ such as ____ refreshing, background notifications ____ push ____ ____ be affected ____ network ____.

____ network ____ prevent push notifications ____ ____ ____?

Can ____ ____ ____ ____ by networks?

____ notifications and background refreshing ____ ____ ____ by ____.

Is ____ ____ network ____ that ____ push notifications ____ background ____?

____ ____ ____ ____ used to prevent push ____ ____ some apps?

____ the network ____ certain application attributes, ____ ____ push ____ ____ ____ updates?

Is ____ network ____ ____ app functions such ____ ____ notifications and ____ ____?

____ wonder if there is a network ____ ____ ____ ____ like ____ changes ____ push ____.

____ ____ network limitations affect push ____ ____ background ____?

____ features ____ ____ ____ push ____ and others could be ____ by network ____.

____ app ____ like ____ ____ and ____ notifications could ____ ____ by network problems.

Can network limitations stop ____ notifications, ____ ____ and ____ ____ ____ apps?

____ network ____ ____ push notifications and other features ____ ____ ____?

Is ____ possible ____ network ____ ____ ____ impede certain app functions ____ push ____?

____ the ____ ____ push notifications or ____ app ____?

____ any ____ ____ ____ pushing notifications?

Is ____ ____ network ____ that block ____ ____.

Can ____ ____ refresh ____ of ____ app ____ ____ by ____ network limits?

Do network ____ ____ ____ ____ ____ such as push notifications?

____ notifications, ____ ____ ____ by networks?

Does ____ know if network limitations block ____ ____ ____ ____ app ____?

Can ____ limitations ____ ____ ____ notifications?

Is ____ ____ denied ____ network ____?

Hey, are you aware ____ any ____ ____ ____ ____ ____ like push ____ ____ hidden ____ updates?

Is ____ ____ that certain network restrictions ____ ____ notifications ____ ____ updates?

____ there ____ ____ affecting ____ notifications?

Can ____ network ____ block push notifications, ____ ____ or ____ ____ features?

____ ____ ____ ____ be limited by networks?

____ ____ ____ prevent background ____ or push ____?

Can ____ app abilities like receiving new messages instantly or ____ ____ the ____ ____ ____ ____ ____ ____?

Is ____ ____ that ____ ____ ____ impede apps' push ____ ____ background updates?

____ network ____ ____ ____ notifications and ____ updates?

Does the network restrict ____ ____ ____ notifications ____ background ____ in ____?

Is ____ possible ____ network limitations block ____ notifications ____ ____ ____?

____ network limitations ____ ____ ____ ____ as push notifications?

____ network ____ affect particular ____ attributes, such ____ push ____ ____ background ____?

Any ____ constraints affecting the ____ to ____ ____ refresh ____ ____?

Does any network ____ affect ____ ____ ____ ____?

____ ____ feature ____ ____ ____ called background refresh be ____ by ____ limitations?

Does the network block ____ notifications, Background ____ ____ ____ ____?

____ ____ network ____ block push ____ ____ other features?

Is there a ____ limitation ____ ____ ____ ____ push notifications?

____ network limitations ____ ____ ____ or ____ refresh?

____ push notifications or ____ ____ ____ stopped ____ network limitations?

____ any network ____ ____ ____ notifications?

Can a ____ ____ ____ ____ like background refresh, ____ ____ by network ____?

____ ____ ____ affect app notifications?

Which ____ ____ affect ____ notifications?

____ there a network ____ that ____ ____ notifications ____ ____ app features?

Can ____ ____ stop ____ notifications, ____ refresh, ____ other features ____ being ____?

____ receiving new ____ ____ or ____ in ____ ____ be limited ____ network constraints?

____ any network limitations ____ ____ notifications or ____ ____?

____ constraints ____ ____ ____ notifications and background ____.

____ ____ ____ ____ specific app features such ____ background refreshing ____ ____ notifications.

____ network limitations ____ ____ ____ ____ other features in certain ____?

____ ____ network ____ particular application ____ ____ as push ____ or background ____?

Specific ____ features like ____ refreshing, push notifications ____ ____ ____ could ____ ____ ____ network problems.

Is there ____ network constraints ____ ____ ____ ____ and ____ refreshes?

____ any ____ ____ ____ push alerts, background updates ____ ____ application attributes?

Did there ____ ____ ____ ____ notifications?

____ you aware of any network ____ that ____ ____ ____ ____ ____ messages or background ____?

Can network ____ keep ____ notifications, ____ refresh, and ____ ____ ____ ____ accessed?

____ ____ ____ affect push ____ ____ background refresh?

____ ____ feature of an ____ ____ background refresh ____ ____ by the ____?

Does ____ network restrict features ____ ____ ____?

Does any ____ ____ ____ ____ ____ or other features?

____ there ____ ____ ____ amount of background updates or push ____ ____ the ____?

____ there ____ constraints ____ push notifications ____ background ____ ____ ____ the network?

____ feature blocks ____ ____ ____ alerts ____ background ____ may ____ caused by networking ____.

Any ____ constraints that restrict ____ ____ to ____ or ____?

Does ____ network ____ ____ ____ notifications ____ features?

____ ____ network block push ____ in ____ ____?

____ ____ ____ effect push notifications?

____ ____ block ____ notifications and other ____ ____?

Network limitations ____ ____ ____ functioning ____ ____ ____ ____ refreshing and push notifications.

____ network ____ ____ push ____ background ____ and other features from ____ ____?

Is there any ____ imposed ____ ____ ____ ____ prevent ____ notifications ____ apps?

____ ____ ____ new message instantly or updating in ____ ____ ____ ____ ____ network constraints?

____ ____ background refresh ____ of ____ app be ____ ____ network limits?

____ ____ ____ restrictions ____ push notifications?

Network ____ could affect ____ app ____ such ____ background ____ background notifications ____ ____ ____

____ ____ ____ prevent ____ notifications and other features from ____ ____?

____ network limitations interfere ____ ____ such ____ push ____?

Do ____ network ____ ____ push notifications, background ____ or ____ ____ attributes?

I wonder ____ ____ ____ are blocking ____ ____ like ____ changes and push ____.

Can ____ feature ____ an ____ ____ example background refresh, be ____ ____ ____ limits?

Can ____ ____ features ____ as receiving new messages ____ or ____ in ____ ____ be ____ ____ network constraints?

Does the network ____ ____ on ____ ____ ____ ____ in apps?

____ any ____ ____ interfere with push ____?

network ____ may ____ ____ notifications

____ ____ if ____ ____ any ____ limitations that ____ ____ features such as Background refresh ____ ____ notifications.

Is it ____ ____ certain app functions ____ push ____ or ____ refresh ____ ____ ____ constraints?

Is it ____ ____ push ____ ____ update options ____ be ____ because ____ networking ____?

I ____ ____ network limitations ____ app features ____ ____ ____ and ____ notifications.

Are you aware ____ ____ ____ ____ ____ push messages or background ____?

_____ _____ _____ constraints affecting push _____ _____ background refresh?

Push _____ and _____ _____ might be _____ by _____ limitations.

_____ network _____ that are limiting _____ _____ to _____ or _____?

_____ _____ _____ blocked by _____ limitations?

_____ any network limitation _____ _____ _____ background _____ or any _____ _____ features?

Can a _____ of an _____ _____ _____ _____ refresh be denied because _____ _____ _____?

Can _____ feature of _____ app like background _____ be _____ _____ _____ _____?

_____ network _____ affect _____ ability _____ push or _____?

_____ _____ any restrictions _____ _____ the network _____ _____ features _____ push notifications in _____?

App feature _____ _____ _____ push _____ _____ background refreshing _____ be caused _____ _____ constraints.

I _____ _____ there _____ any network _____ _____ app features _____ Background refresh and _____ _____.

Is pushes _____ _____ limited _____ _____ networks?

Do any _____ _____ constraints affect _____ notifications _____ _____ refresh?

_____ _____ _____ such as push alerts and _____ _____ _____ be _____ by _____ constraints.

Does _____ network limitations _____ push _____ _____ refresh, or any _____ _____ _____?

_____ network constraints _____ key app functionalities such _____ background _____ _____ _____ _____?

_____ _____ such _____ push notifications _____ _____ refreshing might _____ affected by _____ limitations.

_____ certain _____ _____ like _____ a new message _____ _____ _____ in the _____ be limited by _____ constraints?

I _____ to know _____ _____ _____ _____ limitations _____ _____ features _____ Background refresh and push _____.

Is there restrictions _____ _____ _____ _____ to _____ network?

Can _____ _____ _____ blocked on _____ networks?

_____ any network _____ _____ _____ _____ background updates, or any _____ _____ attributes?

_____ wonder _____ _____ are network restrictions blocking app _____ _____ _____ _____ push notifications.

_____ _____ known constraints _____ background refresh _____ _____ notifications _____ to the _____?

Do you know _____ any network issues _____ _____ things _____ push _____ _____ _____ _____?

Is _____ affecting _____ app functions such _____ _____ _____ and background _____?

_____ there _____ _____ on _____ push _____ due _____ the network?

Can push _____ _____ background _____ be blocked by _____ _____?

Can network limitations _____ the _____ _____ in _____ _____?

_____ network _____ _____ certain _____ _____ _____ as push alert and background _____?

Can _____ new messages _____ or _____ _____ the background be limited _____ _____ _____?

Do network limitations impact _____ _____ apps _____ _____ push _____?

Can _____ restrictions _____ _____ notifications in _____ _____?

Can _____ _____ limitations _____ _____ notifications _____ any _____ app features?

Do _____ _____ _____ push notifications _____ applications?

_____ app _____ _____ _____ refreshing, _____ _____ _____ push notifications _____ be affected by network problems.

I was wondering _____ _____ were network _____ _____ app features _____ _____ _____.

_____ _____ limitations _____ _____ app features like _____ notifications?

Does _____ _____ affect push _____ _____ backgroundrefreshes?

Is _____ possible _____ certain app functions _____ background refresh _____ push _____ _____ _____ network _____?

Do _____ _____ _____ notifications?

_____ _____ network limits on _____ like _____ _____?

_____ network _____ affect _____ _____ and other _____ features?

_____ network limitations _____ _____ _____ features like _____ notifications?

_____ problems _____ _____ certain app features such as _____ _____.

Is the network's limitations _____ certain _____ _____ _____ _____ _____ and background _____?

_____ wonder if the _____ limitations _____ _____ _____ _____ as background changes _____ push _____.

Do any network _____ _____ _____ _____ background updates, _____ any _____ _____ attributes?

_____ _____ possible _____ push notifications to _____ _____ restrictions?

Is it _____ _____ receiving _____ messages instantly _____ updating in _____ background are _____ _____ _____ _____?

Do _____ network _____ affect _____ notifications, background updates or _____ _____ _____?

_____ _____ refresh, an _____ _____ be denied by network _____?

Are _____ limits _____ the amount _____ background _____ _____ _____ notifications on the _____?

_____ network _____ currently affect push _____ _____ background _____?

Does _____ network _____ _____ application _____ _____ as push _____ _____ background updates?

Specific _____ features _____ _____ refreshing _____ push _____ _____ be affected _____ network issues.

_____ _____ _____ push or _____ is _____ by any known network _____.

Does _____ network _____ _____ app functions like push _____ and _____ _____?

_____ _____ network _____ _____ push notifications?

Can network _____ prevent push _____ _____ refresh, _____ _____ features?

Is _____ _____ _____ _____ by network?

_____ _____ constraints _____ _____ app features _____ push _____ and background refresh?

Can _____ _____ feature of an app like _____ _____ be denied _____ _____ _____?

Has _____ _____ limitations _____ push _____?

_____ app features such as background refreshing, _____ _____ and _____ _____ could _____ be _____ _____ _____ problems.

_____ _____ network _____ affect background refresh _____ _____ notifications?

Does _____ network _____ block push _____ background _____ _____ other _____?

_____ _____ _____ _____ are _____ limitations blocking app _____ such _____ background refresh, and _____ notifications.

Background _____ and push _____ might _____ _____ by _____ network _____.

Is _____ _____ _____ _____ that affect _____ like push notifications?

_____ network _____ that affect _____ _____?

Can certain _____ _____ pushes _____ _____ be limited by _____?

_____ features like _____ _____ push notifications, _____ _____ on could _____ _____ by network _____.

_____ am _____ if there _____ _____ limitations blocking _____ _____ like Background refresh _____ push _____.

Do _____ _____ of _____ _____ issues _____ can ruin things _____ push messages _____ sneaky _____ _____?

_____ network restrictions _____ push _____ in _____?

_____ _____ _____ network constraints _____ _____ push _____ and background refresh?

Can _____ _____ _____ _____ notifications be _____ by the network?

_____ network _____ _____ push _____ or background _____?

Does the network affect _____ alerts, background _____ _____ _____ _____?

Can background refresh, _____ feature of an app, _____ _____ _____ _____ _____ _____ _____?

Do network _____ affect key _____ _____ _____ as _____ notifications?

_____ _____ background _____ _____ in an _____ be denied _____ _____ network limitations?

Do _____ _____ _____ restrict push _____ for _____?

_____ _____ _____ network limitations _____ app features like background _____ _____ _____ notifications are _____.

_____ it possible for networks to _____ _____ capabilities _____ _____ _____?

_____ any _____ _____ block push _____?

Can network _____ prevent _____ notifications, _____ _____ and _____ features _____ being _____?

Do you _____ _____ _____ network _____ that can _____ problems _____ _____ push _____ or background _____?

Can _____ background refresh feature of _____ _____ _____ denied by _____ _____

I _____ _____ the network limitations _____ _____ _____ _____ background changes.

_____ any networks _____ _____ notifications _____ other _____?

_____ network _____ affect push notifications, _____ _____ _____ _____ app features?

_____ _____ _____ affect _____ features _____ push notifications.

Is it possible _____ _____ _____ _____ _____ background _____ _____ push notifications on the _____?

Is it possible _____ certain _____ functions _____ _____ _____ to _____ network _____?

Do _____ network _____ _____ push notifications _____ other _____ features?

I _____ _____ there are _____ _____ blocking features _____ background _____.

_____ wonder if there _____ _____ _____ blocking app features _____ _____ _____ notifications or _____ refresh.

_____ _____ signals or update _____ susceptible to _____ blocked _____ _____ networking _____?

____ ____ any ____ constraints ____ push notifications and background ____?

Can ____ limitations ____ background ____ ____ ____ notifications in ____ apps?

____ there ____ ____ affecting background ____?

____ network constraints ____ ____ notifications?

Can the background refresh ____ of ____ ____ ____ blocked ____ network ____?

____ ____ ____ limitations ____ ____ notifications and other features?

Any network junk interfering ____ my ____ push ____ ____ ____?

____ network obstructions ____ ____ ____ ____ background updates?

____ ____ be ____ imposed by the ____ ____ ____ features like ____ notifications.

____ notifications ____ ____ ____ due to networks?

Does the ____ restrict ____ ____ like ____?

____ ____ limitations stop ____ notifications ____ ____ app?

____ ____ ____ restrict ____ such ____ notifications or updates?

____ ____ limitations ____ push notifications?

____ ____ possible the ____ ____ limitations ____ affect push ____ and background ____?

Can ____ ____ affect push ____ background ____ and ____ features?

Push ____ can ____ blocked ____ network ____

____ ____ notifications affected ____ network ____?

Do certain network restrictions ____ ____ ____ ____ ____ updates ____ apps?

Does ____ ____ ____ block ____ notifications?

Push notifications and ____ ____ might be ____ ____ ____ limitations.

____ ____ constraints ____ ____ ____ it difficult to push or ____ ____ app?
