# [Demo] NLP Dataset for Customer Service Automation

| | |
|---|---|
| **Company Type** | Electricity Suppliers |
| **Inquiry Category** | Assistance in understanding the tariff structure |
| **Inquiry Sub-Category** | Tariff rates clarification |
| **Description** | Customers seek clarification on the different rates applied to various consumption tiers, such as peak, off-peak, and intermediate rates, to better manage their electricity usage and expenses. |
| **Data Size** | 5,017 paraphrases |
| **Want to buy data?** | Please contact nlp-data@qross.me via your business email address. |

**Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)**

Can you recommend ____ ____ ____ electricity ____ across various ____ pricing ____ ____ ____ day?

We need suggestions on ____ to ____ power usage ____ ____ ____ ____.

Is ____ ____ ____ give ____ on how to maximize ____ ____ ____ ____ varying prices?

How ____ ____ maximize ____ efficiency in ____ tiered pricing ____?

Is ____ possible ____ improve power consumption ____ ____ pricing ____?

____ it possible to give ____ ____ ____ to ____ ____ consumption ____ on ____ price throughout the ____?

Is there a ____ to ____ ____ ____ at ____ ____ ____ a day-in, ____ basis?

____ are differing ____ ____ the ____ and ____ suggestions on how ____ ____ ____ usage?

____ do ____ advise ____ how to navigate ____ daily tiered ____ ____?

____ for saving energy ____ ____ ____ levels?

Suggestions about ____ ____ wisely at ____ ____?

____ ____ ____ me how to save ____ ____ different prices?

____ ____ ____ able to tell ____ how ____ ____ save electricity throughout ____ ____ with ____ pricing schemes.

Suggestions on how ____ ____ electricity ____ according ____ ____ ____ ____ tiers ____ the day?

____ ____ ____ ____ to improve power ____ ____ tiered pricing schedules?

Taking ____ prices ____ ____ times of day ____ ____ ____ ____ advice ____ how to ____ electricity efficiently?

____ of how electricity should be ____ ____ ____ price ____?

Suggestions on ____ to ____ ____ usage ____ to the ____ price ____?

I ____ know ____ ____ could ____ ____ how I could save on electricity ____ the day ____ ____ different ____ ____.

____ you have any suggestions ____ how ____ ____ ____ usage while ____ into ____ the ____ ____ throughout the ____?

Is there ____ ____ ____ managing ____ use in multi pricing ____ ____ the ____?

____ can we best ____ ____ usage according to ____ ____?

____ there ____ suggestion on how to maximize power ____ while taking ____ ____ ____ ____ ____ ____ day?

How ____ ____ power ____ with tiered ____?

____ ____ maximizing electricity efficiency under ____ ____ ____?

Recommendations on ____ to maximize ____ ____ according ____ the price ____ ____ the ____?

Do ____ think ____ possible ____ ____ ____ usage at different ____ levels ____ ____ day?

____ can we maximize ____ ____ ____ different rate ____?

Do _____ have strategies _____ navigating _____ _____ _____ pricing?

_____ you _____ any ideas _____ _____ electricity _____ different _____ schemes?

Is there _____ _____ you have _____ _____ _____ _____ _____ in multi pricing schedules?

_____ _____ _____ maximize _____ consumption _____ different prices?

How _____ _____ maximize _____ _____ different _____ tiers?

_____ you _____ able _____ advise on _____ power in _____ pricing _____?

_____ you have _____ _____ _____ how _____ use differing _____ in _____ _____ electric consumption?

Are _____ _____ suggestions _____ _____ to maximize energy consumption _____ different daily _____ _____?

Is there any advice for _____ _____ daily-tiered _____ _____ _____?

_____ there any _____ _____ _____ electricity usage at different _____?

Is _____ _____ to give tips _____ _____ _____ reduce _____ consumption _____ on _____ prices?

_____ _____ on how to _____ money _____ _____ power _____ _____ differing pricing schedules?

_____ _____ maximizing electricity _____ _____ _____ daily price brackets?

_____ can you help manage _____ _____ _____ _____ pricing schedules?

_____ you have _____ recommendations on _____ to maximize _____ _____ _____ taking _____ account different rates _____ the _____?

_____ you _____ to _____ _____ efficiency in _____ range of _____?

_____ _____ tell me _____ _____ can save power in different _____ _____?

Suggestions on _____ to _____ _____ _____ across _____ brackets?

How _____ _____ _____ electricity _____ _____ to _____ price tiers _____ the day?

_____ on _____ to best maximize _____ _____ depending _____ the price tiers _____ _____ _____?

_____ _____ _____ reduce power consumption _____ _____ dealing with different price _____?

_____ _____ have _____ _____ for maximizing _____ usage across different price _____?

Suggestions on how _____ can use electricity more _____ _____ _____ _____ _____?

_____ you advise _____ _____ power _____ different _____ structures?

Is _____ a way to _____ _____ _____ _____ while _____ pricing schedule _____ day _____ day?

_____ for use _____ _____ _____ different price _____?

_____ to _____ energy across _____ range _____ _____?

_____ _____ any way _____ _____ _____ _____ at _____ tiered pricing structures on _____ day in _____ _____ out basis?

_____ can you _____ _____ _____ use in multi _____ _____ _____ the day?

Taking different _____ at different _____ _____ _____ day into account is _____ _____ _____ how to _____ _____ electricity?

Do _____ have a _____ _____ _____ managing electrical _____ while pricing _____ _____ _____ day?

Is _____ _____ _____ _____ _____ power use _____ tiered pricing schedules?

How _____ we _____ _____ efficiency under _____ _____?

_____ _____ _____ increase power _____ under _____ rates?

Do _____ know ways _____ use electricity _____ _____ during _____ _____ periods?

How _____ maximize _____ usage _____ _____ pricing _____?

_____ you _____ save power in _____ _____ _____ structures?

Do you _____ _____ strategies for _____ energy bills _____ _____ _____ brackets _____ the _____?

Can you _____ _____ _____ _____ power with _____ pricing structures?

_____ _____ a _____ on _____ to maximize electricity _____ at _____ prices?

Is there _____ way _____ _____ _____ _____ use in _____ pricing?

_____ _____ a _____ to _____ _____ consumption _____ different priced plans?

_____ _____ _____ electricity wisely _____ _____ price levels?

_____ you _____ _____ how to _____ power _____ different prices?

Is there a _____ _____ maximize _____ use _____ various _____ pricing _____ _____ _____ use?

How _____ maximize _____ use _____ _____ _____ prices throughout the _____?

_____ on _____ _____ _____ energy _____ in daily pricing tiers.

Do you _____ any ideas _____ _____ to use _____ _____ _____ _____ maximize electric _____?

_____ do I _____ _____ _____ across daily price _____?

Is it _____ to give tips _____ how to _____ _____ _____ _____ _____ vary _____ the _____?

____ ____ your ____ ____ ____ reducing ____ ____ based on the ____ brackets during the day?

____ can ____ minimize ____ ____ when dealing with ____ price ____?

____ ____ ____ ____ to enhance power ____ ____ tiered pricing schedules?

____ you ____ ____ suggestions ____ how to maximize ____ usage ____ ____ pricing structures?

Are ____ ____ you ____ save ____ with ____ pricing schemes?

Do you ____ ____ to ____ ____ with different ____?

____ ____ come up ____ ways ____ improve energy ____ ____ a range ____ tariffs?

____ there ____ way to ____ ____ consumption within tiered ____ ____.

Are there any ____ ____ effectively ____ ____ use ____ multi ____ schedules?

____ you have ____ ____ on ____ ____ use ____ ____ prices in ____ to electric usage?

____ ____ ____ ____ find ways ____ save electricity ____ different pricing schemes?

____ there a ____ ____ ____ different ____ prices in relation ____ electric ____?

____ ____ ____ improve ____ consumption ____ tiered pricing schedules?

____ are your suggestions ____ how to ____ ____ ____ across different ____ pricing ____?

____ ____ ____ to advise ____ saving power in ____ pricing ____?

Are there any suggestions ____ how to ____ ____ ____ ____ while pricing varies ____ ____ ____?

Do ____ think ____ are ____ ____ maximize electricity ____ at different ____ structures ____ a day's ____ ____ usage?

____ about tips ____ how to ____ ____ ____ in different ____ ____ tiers?

____ on ____ ____ ____ power use while ____ ____ account ____ rates ____ the day.

____ ____ a way ____ effectively ____ ____ power ____ in multi pricing ____?

Do you ____ any ____ on how ____ use ____ efficiently ____ ____ ____ periods?

What ____ we do ____ ____ ____ efficiency under different ____?

____ there a suggestion for effectively ____ power ____ ____ ____ ____ ____ schedule?

How ____ you ____ efficient ____ usage ____ different ____?

____ on how ____ maximize ____ ____ while considering ____ rates ____ ____ day.

____ ____ ____ ____ electricity efficiency in different tiered ____ ____ ____ a 24 hour ____?

____ there ____ recommendation ____ saving ____ ____ different prices?

Do ____ know ways to ____ ____ during ____ day ____ different ____ ____?

Any suggestions ____ ____ to maximize ____ usage ____ ____ ____ all ____ long?

Is there ____ suggestion ____ ____ to maximize ____ usage ____ ____ ____ structures?

____ ____ think it is possible to ____ ____ usage ____ different ____ levels ____ ____ day?

Is it possible to maximize power ____ ____ ____ ____ ____ all ____ ____?

Do ____ have any ____ ____ navigating through ____ electricity ____ ____?

How ____ I ____ ____ more ____ across different price ____?

Is ____ ____ to ____ ____ ____ how to reduce ____ ____ ____ on different prices ____ the day?

____ need ____ on ____ ____ curb elec usage and ____ ____ hours ____.

Is there ____ way to ____ electricity use ____ ____ price ____ ____ ____ day?

____ ____ ____ ____ energy across daily ____ tiers?

Do ____ have ____ ideas for improving ____ efficiency ____ ____ ____?

Taking ____ prices ____ ____ times ____ ____ into account, ____ ____ ____ how to use electricity ____?

____ on maximizing electrical utilization ____ ____ cost ____ ____ needed.

____ am not sure ____ ____ ____ ____ me ____ to save on ____ ____ the ____ with ____ pricing schemes.

Do ____ ____ ____ to use ____ ____ during different price ____?

What ____ ____ top ____ ____ ____ ____ ____ based upon cost brackets throughout the ____?

Is ____ ____ way to increase ____ ____ ____ a range of ____?

Is ____ a ____ ____ how to effectively ____ electrical ____ ____ pricing ____ ____ the day?

What ____ the ____ ways to maximize ____ usage ____ ____ ____ different price ____?

How can we maximize ____ ____ ____ ____ ____?

Do you have ____ ____ save ____ with ____ ____?

____ ____ have ____ ____ on how ____ maximize power usage ____ price ____?

_____ to manage _____ costs under _____ _____ structures are _____ _____.

Is _____ _____ way to best maximize _____ use _____ _____ price _____?

_____ _____ any suggestions _____ _____ to maximize energy _____ in _____ _____ pricing tiers.

Ways _____ _____ _____ usage with _____ _____ schedules.

_____ _____ _____ me how to navigate _____ _____ daily-tiered electricity pricing _____?

Is there _____ _____ for _____ _____ consumption at _____ prices?

_____ _____ possible to maximize _____ use on _____ daily basis _____ various _____ _____ _____?

How _____ _____ maximize electricity _____ across _____ _____?

_____ _____ manage energy _____ under price structures _____ _____ day.

Is _____ a _____ _____ how _____ _____ _____ electrical use _____ the pricing schedule _____?

Is _____ a way _____ maximize _____ use _____ different _____ _____ pricing _____ a _____ worth of _____?

_____ _____ _____ _____ _____ maximize power usage within tiered pricing _____?

Is _____ any tips _____ using _____ _____ during _____ tiers?

Can _____ _____ ways _____ save electricity, _____ different _____ schemes?

How _____ _____ maximize _____ efficiency under _____ pricing _____?

How can _____ best _____ electricity _____ _____ to _____ different _____ tiers _____ _____ day?

Recommendations on how _____ _____ power usage _____ _____ into account _____ _____ throughout _____ _____

_____ _____ _____ to share ways _____ reduce electricity usage with _____ _____ _____?

Suggestions _____ _____ _____ use _____ more _____ across different _____ structures.

_____ you _____ _____ _____ for maximizing _____ consumption in daily pricing _____?

_____ do _____ _____ _____ more efficiently across _____ structures?

Do _____ have _____ _____ _____ to save electricity _____ different _____ schemes?

Can you _____ _____ how _____ use _____ _____ efficiently during _____ price _____?

_____ _____ maximize energy _____ different daily _____ _____?

Any suggestions on how to maximize _____ use _____ _____ _____ _____ _____?

Do _____ _____ help manage _____ consumption through _____ pricing _____?

Taking _____ _____ _____ different _____ _____ _____ into account _____ any advice on efficiently _____ electricity?

Is it _____ to maximize _____ _____ according to _____ _____ price _____?

Suggestions of _____ _____ use _____ _____ _____ different price levels?

What are the best _____ to maximize _____ efficiency _____ _____ _____ _____ _____?

Is _____ possible _____ _____ ways _____ _____ electricity _____ efficiently during different price _____?

_____ _____ _____ _____ power _____ in tiered pricing schedules?

_____ _____ I _____ energy use in _____ daily pricing _____?

_____ there _____ way to _____ power usage _____ taking into _____ _____ _____ throughout the _____?

_____ _____ _____ ways to _____ money and maximize _____ consumption _____ varied pricing _____?

_____ _____ have any suggestions _____ _____ to _____ use of differing day-long prices _____ _____ _____?

How _____ best _____ _____ _____ according _____ price tiers throughout _____ day?

_____ _____ any way _____ maximize electricity _____ across different _____ _____ _____ the day?

Is _____ _____ _____ _____ ways _____ maximize electricity usage _____ various tiered _____ structures?

_____ _____ help _____ _____ within _____ pricing structures?

_____ can _____ _____ manage the electrical _____ _____ _____ pricing schedules?

_____ _____ how _____ use electricity wisely at _____ price _____?

Suggestions on how _____ maximize _____ usage _____ _____ _____ structures?

_____ for _____ electricity _____ at _____ _____ levels

How about _____ _____ of cutting _____ usage _____ _____ price _____?

Is _____ any recommendation on _____ _____ _____ power _____ _____ multi-tier _____ structures all _____?

How _____ maximizeenergy _____ _____ _____ tiers?

_____ _____ have _____ _____ reducing energy bills _____ on _____ _____ throughout the day?

_____ _____ anything you _____ tell me _____ _____ _____ _____ electricity use based on prices _____ the _____?

Recommendations _____ maximizing electrical _____ under _____ _____ divisions _____ needed.

Recommendations _____ _____ to _____ _____ usage while _____ _____ account rates throughout the _____.

Recommendations _____ _____ _____ _____ _____ different pricing schemes?

Recommendations _____ efficient electricity _____ _____ _____ _____ are required.

Is there _____ _____ _____ _____ _____ at various tiered pricing _____ on a _____ _____ basis?

_____ _____ possible _____ advise _____ efficient _____ for _____ _____ electricity pricing structures?

_____ _____ improving electricity _____ _____ tier-based tariffs were _____.

_____ you _____ there _____ ways _____ maximize electricity _____ at different _____ of _____?

_____ _____ I reduce power _____ while _____ _____ multiple _____ segments?

Any suggestions _____ how to _____ _____ _____ _____ power consumption _____ _____ pricing schedules?

_____ do I maximize electricity _____ across _____ _____ _____ brackets?

Is _____ _____ way _____ _____ _____ electricity during different prices?

_____ there _____ recommendation _____ _____ to _____ electricity use _____ to _____ tiers?

_____ _____ _____ us _____ to improve energy efficiency in _____ _____ of _____?

_____ you _____ _____ strategies for _____ through daily _____ _____ prices?

_____ _____ have a suggestion on _____ to use _____ day-long _____ in relation _____ _____ _____?

Can _____ give advice on how _____ _____ through _____ tiered _____ _____?

Are you _____ to _____ me how _____ could _____ on _____ _____ _____ pricing _____?

_____ _____ possible _____ advise on saving power _____ _____ _____ pricing structures?

_____ _____ possible to give _____ tips on _____ _____ maximize electricity consumption _____ on _____ _____ the _____?

_____ can _____ _____ _____ use across multiple price _____?

Do you have _____ _____ on how _____ _____ _____ efficiency across different _____ _____?

Is there _____ suggestion _____ how _____ _____ manage _____ use _____ _____ pricing schedules?

Is _____ any _____ on _____ _____ maximize _____ _____ _____ multi-tier price structures?

There are different price tiers _____ _____ _____ and _____ _____ _____ maximize _____ usage.

_____ _____ we maximize electricity _____ _____ _____ daily price brackets?

Do you _____ _____ suggestions _____ _____ _____ _____ electricity with different pricing _____?

How can _____ _____ _____ usage according to _____ _____ price tiers _____ the _____?

Is there _____ way _____ _____ _____ consumption inside _____ pricing _____?

_____ you _____ any suggestions about how to best _____ differing _____ _____ _____ _____ _____?

Do _____ have any suggestions _____ how _____ best _____ differing _____ prices _____ _____ to _____ _____?

_____ about _____ strategies for _____ _____ daily-tiered _____ pricing structures?

Suggestions on _____ _____ _____ _____ with different _____ schemes?

How _____ I _____ energy _____ _____ _____ rates?

Is it possible to _____ _____ electricity _____ _____ _____ the price _____ _____ the _____?

Do _____ know _____ _____ _____ _____ _____ _____ throughout the day with a _____ pricing scheme?

_____ _____ have _____ _____ for _____ electricity usage _____ price brackets?

_____ _____ use electricity wisely at _____ _____ _____?

_____ was wondering _____ you _____ give _____ _____ _____ _____ to maximize electricity use based on _____ _____ the _____.

Recommendation _____ _____ _____ _____ under tiered prices.

Is _____ _____ advice on _____ _____ usage _____ _____ _____ structures all day long?

_____ _____ possible to _____ electricity use on a _____ in, _____ _____ _____ at various tiered _____ _____?

Is _____ _____ way _____ you to effectively manage _____ _____ _____ pricing varies _____ the _____?

_____ there _____ _____ on maximizing _____ _____ _____ taking into account different rates throughout _____ _____?

How _____ _____ _____ _____ consumption _____ tiered pricing schedules?

How _____ _____ _____ _____ consumption across _____ prices?

_____ for efficient _____ _____ under tiered _____ _____ needed.

Is there a _____ _____ make _____ use _____ _____ based on _____ prices _____ the _____?

Is _____ any way _____ maximize electricity _____ _____ _____ _____ _____ _____ day in, day out _____?

_____ there _____ _____ to _____ electricity use _____ _____ tiers on _____ day-to-day basis?

_____ _____ efficient _____ usage _____ _____ prices are needed.

Is there any recommendation on ____ ____ maximize ____ ____ while ____ ____ account ____ ____ throughout the ____?

Taking into account different prices ____ ____ ____ of ____ ____ any advice on ____ ____ ____ ____?

Suggestions ____ how ____ ____ electricity ____ ____ different prices.

Are ____ ways ____ ____ ____ ____ ____ ____ tiered pricing ____ on a day to ____ basis?

____ to ____ energy costs ____ ____ price ____ ____ the day.

How can you ____ electrical ____ ____ different ____ ____?

____ there any ____ to maximize ____ ____ while ____ into account ____ rates ____ the ____?

Do ____ ____ any ____ ____ ____ to ____ use differing ____ prices for electric ____?

How ____ ____ best manage ____ ____ use during ____ ____ changing pricing ____?

____ ____ know ____ ____ ____ tell me how to ____ on electricity ____ different pricing ____.

Do ____ have any techniques ____ ____ energy ____ ____ on different cost brackets ____ ____ ____?

Any suggestions on ____ to maximize ____ ____ taking ____ ____ ____ rates?

____ are the best techniques to ____ ____ bills ____ ____ different ____ brackets ____ ____ day?

Do you ____ ____ ideas on how ____ ____ ____ ____ ____ pricing structures?

Do ____ ____ ____ ____ on how to ____ different ____ ____ in relation ____ electric usage?

____ should ____ maximize ____ ____ in different ____ ____ ____ ____ a 24 hour cycle?

____ ____ ____ ____ electricity efficiency in different ____ ____ systems ____ ____ 24 hour period?

____ there any way ____ improve ____ ____ in daily ____ ____?

____ would like ____ know ____ to maximize ____ ____ ____ on ____ prices throughout the ____.

Is ____ a way ____ ____ energy across daily ____ ____.

Is there any advice on how ____ ____ ____ ____ ____ rates ____ ____ ____ day?

____ you help ____ saving ____ in ____ ____ structures?

____ you ____ ____ to ____ through daily ____ ____ pricing structures?

How can I ____ ____ ____ ____ ____ price brackets?

____ ____ you ____ electricity ____ with ____ ____ pricing systems ____ ____ 24 hour cycle?

Can you tell ____ how ____ ____ power ____ different ____ ____?

____ tiered ____ ____ how can ____ ____ my electricity ____ throughout ____ day?

Recommendations ____ maximizing ____ usage ____ ____ ____ structures all day ____?

How about strategies ____ ____ ____ daily-tiered ____ ____?

Is ____ possible to give ____ ____ how to ____ ____ ____ based ____ ____ prices?

Can ____ suggest ____ ____ save ____ when ____ are different ____ schemes?

____ to ____ ____ electricity use ____ to ____ different ____ tiers ____ the day?

____ can you ____ ways to ____ ____ ____ different ____ schemes?

How ____ ____ energy in ____ ____ rate ____.

____ ____ maximize electricity ____ ____ to ____ ____ throughout the day?

____ there ____ way ____ maximize electricity ____ at different ____ levels ____ the ____?

____ ____ any ____ ____ how to maximize power ____ in multi-tier ____ ____?

____ ____ any ____ to cut ____ ____ electricity use at ____ ____ ____ the day?

Is ____ ____ ____ on ____ to ____ power ____ across multi-tier ____ structures?

____ you ____ how to ____ ____ differing ____ ____ in relation to electric ____?

____ ____ suggest ____ to navigate through daily-tiered ____ pricing ____?

____ ____ ____ ____ about saving power within different pricing ____?

How ____ you help ____ electrical consumption through ____ ____ ____ ____ a day to ____ ____?

I ____ ____ ____ there was ____ ____ for effectively managing power use ____ ____ pricing ____.

____ ____ different prices ____ ____ times of day into account ____ any ____ ____ ____ to use ____ efficiently?

Recommendations ____ ____ to maximize electrical ____ under various ____ divisions ____ ____.

Suggestions about ____ to ____ ____ with ____ ____ schemes?

How to maximize ____ ____ ____ ____ rate ____?

Is ____ any suggestion ____ how ____ maximize ____ usage ____ multi-tier ____ ____.

Do ____ ____ any ____ about how ____ ____ electricity more ____ ____ different price ____?

_____ can _____ _____ manage _____ consumption by different _____ schedules?

_____ there _____ _____ _____ managing _____ _____ in multiple pricing schedules?

_____ there a way to _____ _____ consumption in _____ _____ _____?

_____ can you _____ _____ efficiency across _____ pricing systems _____ _____ single _____?

Suggestions _____ _____ _____ power to use _____ _____ into account _____ rates throughout _____ _____?

How _____ we _____ _____ use _____ different tiers _____ the _____?

_____ _____ _____ to save electricity _____ _____ prices?

How _____ I maximize _____ _____ usage in tiered _____ _____?

Are _____ any _____ on _____ to maximize power _____ _____ multiple _____ _____?

Do you _____ _____ _____ _____ how _____ effectively manage power _____ _____ multiple pricing _____?

Is _____ _____ _____ _____ how to maximize _____ consumption based _____ prices _____ the _____?

_____ for _____ _____ use more _____ at _____ prices?

_____ you _____ advice _____ _____ _____ navigate through daily-tiered _____ pricing structures?

Any suggestions on _____ _____ _____ power _____ in _____ price _____?

Are there ways _____ _____ _____ efficiently during _____ _____?

_____ _____ _____ _____ ideas on _____ _____ use differing _____ prices for electric usage?

_____ are the _____ _____ _____ maximize energy _____ _____ different daily pricing _____?

Are _____ _____ to _____ me _____ I _____ save _____ with _____ pricing schemes?

_____ _____ _____ _____ _____ tell me _____ how to _____ electricity consumption based _____ prices throughout _____ day?

Suggestions _____ how to maximize _____ _____ according _____ different _____ _____ throughout _____ day?

Do _____ think it _____ possible to maximize _____ use at tiered _____ _____ on a _____ _____ _____ _____?

Can _____ recommend strategies for navigating _____ _____ _____ _____?

_____ _____ any efficient strategies for _____ _____ daily-tiered electricity _____?

_____ _____ _____ _____ electricity efficiency _____ _____ different tiered pricing systems?

Are you able _____ _____ _____ _____ _____ curb elec usage and _____ tier-pricing _____ _____?

Is _____ possible _____ maximize _____ _____ at tiered _____ _____ on a _____ worth of _____?

_____ _____ improve electricity _____ _____ multiple _____ tiers?

Recommendations for maximizing _____ _____ _____ a variety _____ _____ schemes?

Is there _____ way _____ _____ _____ _____ at tiered _____ _____ _____ day _____ and day out basis?

_____ _____ any suggestions _____ _____ manage power use _____ _____ pricing schedules?

_____ suggestions _____ _____ electricity _____ across different price _____?

Is _____ _____ to _____ on saving power _____ various _____ _____?

Is there a way _____ _____ electricity _____ _____ _____ _____ pricing structures?

_____ on _____ to _____ maximize _____ use _____ _____ the different price _____ _____ the day?

_____ _____ possible _____ advise on how _____ _____ power _____ different _____ structures?

How _____ _____ maximize energy consumption _____ different _____ of _____?

_____ _____ _____ electricity _____ during different _____ levels

_____ _____ any _____ _____ maximize energy _____ in different daily pricing _____?

Want to _____ _____ to _____ _____ usage _____ tiered pricing?

_____ _____ electricity _____ _____ maximized across different _____ _____ systems within _____ 24 _____ cycle?

I was _____ _____ there were any _____ on _____ to _____ _____ usage _____ _____ price _____.

Suggestions on _____ to _____ power use _____ taking _____ _____ rates _____ _____ day?

_____ _____ how to maximize power usage _____ _____ _____ account _____ rates _____ _____ day.

_____ _____ _____ _____ on _____ _____ maximize electricity use based on prices _____ the _____?

_____ there a _____ to _____ _____ use _____ _____ tiered pricing structures on a _____ in, _____ out _____?

_____ you _____ _____ are ways to _____ _____ _____ _____ various _____ pricing structures on a _____ use?

_____ there a way to _____ electricity _____ _____ different _____ _____ on _____ _____ _____ day basis?

Is there _____ _____ _____ _____ _____ use _____ various _____ pricing structures _____ a day _____ day basis?

_____ _____ know strategies _____ _____ _____ daily-tiered electricity pricing?

Are _____ any _____ _____ _____ _____ effectively _____ power use _____ multi pricing schedules?

_____ you have _____ _____ _____ how _____ maximize electricity consumption based _____ prices _____ the _____?

_____ recommendations on _____ to maximize power _____ _____ _____ price structures all _____ _____?

Is there _____ _____ _____ _____ electricity use at different tiered _____ structures _____ _____ _____ day-out _____?

How can _____ _____ _____ _____ efficient _____ different price structures?

_____ into account different _____ _____ _____ times _____ _____ what _____ do you _____ on _____ using electricity?

_____ can we _____ electricity consumption _____ _____ price _____?

Is _____ a way _____ save _____ throughout _____ day _____ _____ pricing _____?

Suggestions for _____ _____ usage _____ tiered prices _____ _____.

_____ _____ do _____ have for _____ _____ consumption in diverse _____ schedules?

_____ can you use _____ _____ _____ _____ help manage _____ consumption?

Can you _____ _____ _____ navigating _____ daily-tiered electricity _____ structures?

_____ _____ a suggestion _____ how _____ manage power _____ in _____ pricing _____?

_____ _____ tell _____ about _____ power under different _____ structures?

_____ can you _____ on how _____ _____ _____ daily-tiered _____ pricing structures?

_____ _____ use _____ wisely at different _____ _____.

How do _____ _____ _____ consumption _____ dealing with a _____ _____ price _____?

_____ it _____ _____ make _____ _____ _____ day-long prices _____ relation to electric consumption?

How _____ I _____ energy _____ _____ _____ rates?

_____ you recommend ways _____ use _____ _____ _____ different _____ periods?

_____ _____ ways _____ increase _____ efficiency in _____ _____ of tariffs?

Do _____ _____ _____ recommendations on how _____ maximize power _____ _____ _____ price structures?

_____ _____ _____ how _____ _____ power _____ _____ multi-tier price structures all day?

Are _____ _____ _____ maximize _____ _____ at different pricing levels?

Is _____ any _____ to _____ _____ consumption based on _____ _____ throughout the _____?

What _____ your suggestions _____ efficient _____ _____ across _____?

_____ _____ to know how _____ _____ _____ usage and _____ _____ hours effectively every _____.

_____ _____ _____ _____ to maximize electricity usage on various _____ _____ structures?

_____ _____ _____ maximize _____ consumption in different daily _____ tiers?

_____ _____ tell me _____ saving _____ _____ different pricing structures?

Suggestions for _____ _____ _____ to different _____?

_____ _____ have _____ techniques to _____ _____ bills based _____ _____ brackets throughout the _____?

_____ _____ help _____ _____ consumption _____ different pricing schedules?

Is there _____ _____ to _____ power consumption within _____ _____ _____?

Is _____ _____ _____ to _____ _____ usage _____ to different _____ tiers throughout _____ day?

Is _____ possible to _____ _____ _____ how to _____ electricity _____ _____ _____ prices _____ the day?

_____ _____ _____ _____ recommend strategies for maximizing electricity usage across _____ _____ _____ throughout _____ day?

How _____ you help _____ electrical consumption with _____ _____ schedules _____ _____ daily _____?

_____ _____ any _____ _____ how to maximize power usage _____ _____ _____ structures.

_____ there _____ recommendation to _____ electricity consumption _____ _____ prices?

_____ _____ _____ electricity efficiency _____ tier-based tariffs _____ requested.

How _____ maximize _____ _____ _____ different daily _____ brackets?

Is there _____ advice on how _____ _____ _____ _____ _____ _____ price structures all _____ long?

_____ _____ know _____ _____ could save _____ with different _____ schemes?

How _____ we _____ power consumption _____ _____ _____?

Recommendations _____ _____ to _____ electrical _____ under _____ cost divisions

Recommendations on _____ _____ _____ power _____ while taking into _____ different _____ _____ _____ day _____ needed.

_____ _____ for suggestions _____ how to _____ electricity _____ according _____ _____ tiers.

_____ _____ _____ _____ for efficient electricity usage across _____ rates?

_____ _____ _____ maximize electricity _____ across _____ pricing _____ within a 24 _____ period?

_____ do _____ _____ _____ manage _____ _____ with diverse pricing schedules?

_____ should you manage _____ _____ _____ _____ pricing schedules?

_____ _____ be able to tell _____ _____ to save _____ _____ _____ pricing schemes.

I'm looking _____ _____ on _____ to maximize _____ usage _____ _____ _____ structures.

_____ on how _____ _____ _____ usage _____ taking into account rates all _____ _____?

_____ you have any _____ _____ maximizing _____ usage _____ _____ into account different _____ _____ the _____?

What _____ _____ _____ techniques _____ reducing _____ bills based on _____ different cost brackets _____ _____ _____?

_____ on how to _____ _____ _____ _____ to _____ tiers during _____ day?

Is there any way _____ maximize electricity usage across _____ _____ _____ _____ _____ _____?

_____ can _____ best maximize electricity _____ _____ to price _____ _____ the _____?

_____ _____ _____ _____ manage electrical consumption with _____ pricing schedules?

_____ _____ _____ _____ ideas _____ _____ to cut _____ costs when _____ rates change during _____ day?

How can we _____ maximize _____ _____ according _____ the different _____ _____?

Do _____ have any techniques _____ reduce energy bills based _____ different _____ _____ _____ _____ _____?

_____ _____ _____ _____ how to save on _____ _____ using different pricing _____.

Is _____ _____ _____ _____ electrical consumption with diverse _____ schedules?

Do you _____ _____ _____ about how to _____ electricity _____ _____ _____ tariffs?

Recommendations on _____ much _____ should be used _____ _____ _____ account _____ throughout _____ _____?

_____ you _____ any _____ as to _____ to use _____ day-long _____ in _____ _____ _____ consumption?

Is there _____ _____ to effectively _____ _____ _____ while pricing _____ at different _____ of _____?

Is _____ possible _____ maximize _____ usage according _____ _____ _____ price tiers _____ the _____?

Suggestions _____ how _____ _____ _____ usage while taking _____ account _____ _____ during _____ day?

What can I _____ _____ _____ power _____ when _____ _____ different _____ segments?

_____ there any _____ on _____ _____ maximize _____ consumption based _____ different _____ _____ the day?

_____ _____ on how to save _____ _____ maximize _____ _____ despite pricing _____?

Do _____ have _____ methods _____ _____ energy _____ based _____ cost brackets _____ _____ day?

_____ _____ _____ manage electrical _____ _____ different pricing schedules?

Do you _____ a _____ _____ _____ _____ manage power _____ _____ multi pricing schedules?

_____ suggestions _____ _____ to _____ _____ consumption _____ different pricing tiers?

Is _____ _____ suggestion _____ _____ _____ maximize _____ usage _____ multiple price structures?

How _____ you _____ energy _____ different _____ _____?

Should _____ suggest how _____ maximize _____ _____ at different _____?

_____ _____ think _____ _____ ways to _____ electricity use at _____ _____ pricing?

Do _____ _____ _____ is possible _____ maximize _____ usage _____ _____ _____ levels during the day?

Is there any way _____ maximize _____ _____ _____ different tiers _____ a _____ _____ _____ usage?

Do you have _____ _____ on _____ _____ _____ electricity with _____ pricing?

Do you think there are _____ _____ _____ _____ electricity _____ at _____ _____ pricing?

Is _____ _____ suggestion _____ how _____ _____ electricity _____ _____ to price tiers?

What _____ your best practices _____ reducing energy _____ based _____ _____ _____ _____ the _____?

_____ _____ _____ maximize _____ across _____ rate tiers?

Can you tell me _____ to save _____ _____ _____ day _____ _____?

Is there _____ _____ _____ maximize _____ consumption _____ on different _____?

_____ _____ maximize _____ in varied daily _____ _____.

Can you tell me _____ _____ _____ _____ _____ within different _____ structures?

_____ _____ _____ to save electricity _____ _____ day with _____ pricing schemes?

What can I _____ _____ reduce power _____ _____ _____ _____ many price _____?

_____ _____ your suggestions for _____ _____ _____ _____ there are _____ pricing schedules?

_____ to _____ electricity _____ based _____ different prices during _____ _____?

Do you think that tiered _____ structures _____ be _____ _____ _____ electricity _____ _____ _____ day's worth _____ usage?

Any suggestions on how _____ _____ _____ _____ while _____ _____ account _____ different rates _____ the _____?

Is _____ any way to maximize power _____ _____ _____ _____ _____?

____ ____ ____ ____ ____ under varied pricing schemes

____ do you think about ____ ____ consumption ____ diverse ____ ____?

Do you think ____ ____ ____ maximize ____ use at ____ tiered pricing ____ ____ ____ ____ worth of usage?

____ ____ have ideas ____ save ____ with different pricing ____?

Do you ____ any suggestions ____ ____ ____ best ____ ____ according to ____ tiers?

____ ____ ____ to ____ electricity wisely ____ different prices.

____ ____ how to best ____ power usage while ____ into ____ different ____ ____ the ____?

Is there ____ ____ ____ effectively ____ ____ use while ____ ____ throughout the day?

Do ____ ____ any ____ ____ ____ to ____ different ____ prices differently ____ relation to electric ____?

____ you ____ a suggestion ____ ____ electrical use while ____ pricing ____ ____?

What ____ ____ we use to ____ ____ ____ ____ different tiered pricing ____?

How ____ I maximize electricity ____ in different ____ ____ ____?

____ ____ ____ top techniques for ____ ____ bills based on various cost ____ ____ ____ day?

Do you have ____ ____ on ____ to ____ ____ usage ____ taking into ____ ____ rates?

Is it ____ to maximize ____ ____ ____ different ____ ____ tiers?

____ there a way to ____ electricity ____ ____ ____ different ____ structures?

Taking into ____ ____ prices ____ ____ times of day is ____ ____ ____ efficiently ____ electricity?

____ ____ your top tips for ____ ____ ____ based on ____ ____ ____ the day?

____ there ____ ____ for effectively managing electrical ____ ____ ____ pricing schedule is ____ ____ the ____?

____ there a ____ to maximize power ____ within ____ ____ ____?

I am ____ for suggestions ____ how ____ use ____ ____ ____ different pricing ____.

____ for ____ electricity usage ____ tiered ____

How ____ ____ use ____ electricity throughout ____ ____ in ____ pricing systems?

____ ____ ____ to help ____ electrical ____ with ____ pricing schedules?

Can ____ tell ____ ____ I ____ ____ ____ ____ by using different pricing schemes?

____ to know how ____ ____ ____ ____ ____ tiered pricing schedules?

____ are ____ ____ ____ ____ cutting energy ____ ____ on cost ____ throughout the day?

____ ____ ____ ____ prices at different times of ____ ____ ____ on how to use ____ ____?

____ to ____ ____ use ____ different ____ pricing tiers?

How can ____ ____ power ____ under ____ when ____ ____ ____ price segments?

____ do we ____ ____ efficiency under ____ pricing ____?

Can you give ____ on ____ ____ ____ different pricing ____?

____ not sure ____ ____ could tell ____ ____ I could ____ electricity ____ ____ day by using ____ pricing ____.

____ you have ____ suggestions ____ how to ____ ____ ____ in ____ tiered ____ systems?

____ it possible ____ ____ electricity use ____ ____ tiered ____ structures ____ ____ day to ____ basis?

____ ____ a ____ for efficiently ____ ____ use in multi pricing ____?

Is ____ ____ ____ to effectively ____ ____ ____ in multi- pricing schedules?

Is there ____ way ____ maximize ____ ____ in ____ pricing ____?

____ suggestions ____ ____ to maximize power ____ ____ taking ____ account differing rates ____ ____ day?

____ for using electricity wisely ____ ____ ____ ____.

____ you believe there are ____ to maximize electricity ____ at tiered ____ ____ ____ ____ ____?

Is ____ ____ way ____ effectively ____ electrical use when ____ schedule ____ ____ ____ day?

____ it ____ ____ ____ ____ ____ how to improve electricity ____ based ____ ____ throughout the day?

Is ____ ____ way to effectively ____ electrical use ____ the pricing schedule ____ ____ ____ ____ ____?

____ would like to ____ how to maximize ____ ____ ____ on ____ ____ during the ____.

____ there ____ to ____ power consumption ____ tiered pricing ____?

____ ____ ____ ways ____ ____ electricity with different prices?

Is ____ a ____ to manage ____ use ____ pricing varies ____ ____ ____?

____ ____ ____ there are ways to maximize ____ use at ____ ____ ____?

How ____ ____ ____ navigate ____ daily-tiered ____ pricing?
