[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Modem or router configuration assistance
Inquiry Sub-Category	Quality of Service (QoS) Configuration
Description	Customers may seek help in configuring QoS settings on their routers to prioritize network traffic and ensure optimal performance for critical applications, such as VoIP or online gaming.
Data Size	5,019 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

_____ _____ any _____ _____ or values _____ require adjustment _____ configuring _____ on _____ home _____ combo?

Should _____ _____ of _____ parameters be _____ when it's time _____ setup _____ QoS on a _____ _____ _____ _____?

When _____ QoS _____ a home modem/router _____ is it _____ to _____ _____ _____?

_____ _____ _____ to _____ the _____ changes to parameters and values for QoS _____ in _____ _____ routers _____?

_____ _____ be _____ made _____ values or configuration when _____ QoS _____ an _____ _____ _____ gadget?

_____ you _____ _____ the settings _____ _____ needed to set _____ on _____ _____ network?

When it is _____ _____ setup the _____ _____ _____ home routers _____ modem should the _____ _____ _____?

_____ I _____ to setup a _____ on my _____ modem and _____ routers, can _____ _____ _____ what _____ to _____?

_____ _____ particular specifications need _____ be changed _____ the configuration _____ _____ on _____ _____ home _____ unit?

Are there _____ _____ or values _____ need to be _____ _____ _____ QoS _____ my combined router/modem _____ _____?

What _____ _____ changes that need to _____ _____ _____ set up _____ on a home _____ _____ _____?

I _____ _____ to _____ if _____ _____ any settings _____ values _____ _____ adjust when setting _____ QoS on my _____ _____.

What _____ are _____ to setup QoS _____ _____ combo _____?

When configuring _____ _____ service with a Home _____ _____ setup, _____ _____ any _____ you _____ to _____?

I would like to _____ _____ there _____ any _____ settings or _____ _____ _____ _____ adjust when setting _____ _____ on my _____ _____.

I'm wondering _____ _____ _____ adjust _____ settings if _____ want to _____ _____ _____ on my home modem _____ _____ device.

Any changes _____ _____ be made to the _____ _____ _____ _____ for _____ modems?

_____ it necessary _____ certain values _____ _____ _____ _____ _____ device QoS setup?

Is changing configuration _____ necessary _____ _____ QoS _____ a _____ modem/router _____?

_____ specific values that are _____ when _____ _____ QoS _____ a _____ _____?

_____ would like _____ know _____ _____ _____ any _____ or values I _____ to adjust when _____ _____ QoS on _____ home _____.

_____ are certain _____ or variables that _____ _____ _____ _____ _____ the QoS setup for _____ combined _____ _____ device.

When _____ QoS _____ a _____ _____ setup, _____ it necessary to _____ _____ configurations?

_____ _____ _____ _____ setup a good Quality of _____ _____ my home _____ or modem, I need _____ _____ _____ _____ should _____ some settings.

_____ _____ up QoS on _____ combo _____ require _____?

_____ it's time _____ _____ up _____ QoS on _____ home _____ should _____ configuration _____ certain parameters be _____?

_____ changes _____ required _____ _____ combo device QoS _____?

____ you know if ____ should ____ ____ ____ ____ good quality ____ ____ at ____ home broadband or modem?

____ there a need to change settings for ____ on ____ ____ ____ ____ ____?

____ ____ ____ ____ consider when adjusting my modem/router's ____ configuration?

____ the ____ ____ ____ ____ be changed when ____ time ____ set ____ the ____ on ____ home ____ and modem setup?

What adjustments ____ to ____ ____ ____ to apply ____ of ____ settings to ____ ____?

____ ____ know ____ ____ are unique settings ____ ____ to tinker ____ when setting ____ QoS on ____ ____ routers?

There ____ certain changes ____ ____ ____ be made while ____ quality of service with a ____ ____ ____ ____

____ you tell me ____ I need ____ adjust settings ____ setup ____ good ____ ____ Service ____ ____ home ____?

Do ____ know ____ I should adjust ____ to setup ____ ____ ____ ____ ____ at ____ homenetworking/modem?

____ ____ ____ ____ ____ ____ ____ any particular settings ____ values that I ____ change when setting up QoS on ____ ____ routers.

I want ____ setup ____ good Quality of ____ ____ my homenetworking/modem, can ____ ____ me if ____ ____ ____ ____?

____ changes be ____ to values ____ configuration in order ____ enable ____ on ____ ____ ____ ____ gadget?

Is setting up QoS ____ ____ ____ ____ ____ that requires ____?

Does anyone ____ ____ ____ parameters or values that need ____ be changed ____ ____ QoS on my ____ ____ ____ ____?

Any ____ adjustments need ____ ____ made to configure QoS ____ a ____ ____ ____?

Is there any specific ____ ____ ____ that ____ to be changed when configuring ____ on ____ ____ ____ ____?

____ ____ parameters that need ____ be ____ ____ ____ to ____ ____ Quality of service on a homeWRT/modem ____?

What ____ ____ specific ____ that need ____ ____ ____ for ____ on ____ residential router?

____ ____ ____ ____ on an ____ home modem/router unit necessary?

I ____ ____ ____ ____ ____ ____ that needed ____ be made ____ ____ QoS ____ on my modem and routers.

Do ____ think ____ necessary to modify certain parameters ____ settings during ____ ____ ____ ____ ____ ____ typical ____ ____ and modems?

Please ____ me know if ____ are specific ____ or adjustments ____ ____ ____ ____ for ____ setup on my ____ ____.

____ ____ QoS ____ ____ ____ router/modem ____ unit requires some adjustments.

____ ____ any ____ ____ needed ____ ____ quality of service on a ____ network?

Do any specific ____ or specifications ____ ____ ____ adjusted during ____ configuration of QoS ____ ____ ____ home ____ ____

Is ____ possible ____ adjust certain ____ while configuring ____ ____ a ____ ____?

____ of ____ QoS setup ____ a combined ____ modem/router ____ ____ ____ necessary.

____ specific values are ____ ____ setting up ____ QoS on ____ ____ ____?

____ ____ home routers/modem ____ ____ setup necessary to modify ____?

Do ____ values ____ ____ be ____ while ____ ____ ____ a home modem-router ____ up?

____ ____ want ____ set up a ____ on ____ ____ ____ can you ____ ____ the settings ____ need to change?

____ ____ certain ____ that ____ ____ made ____ order to set up ____ ____ ____ ____ with a Home Router/Modem ____ setup.

____ you ____ ____ I ____ adjust ____ in order ____ setup a ____ Quality of Service ____ my home ____ ____?

How ____ ____ ____ ____ combo ____ home to enable QoS?

I ____ wondering if there ____ ____ ____ be ____ ____ ____ QoSconfiguration on ____ ____ home unit.

What ____ ____ adjustments are needed ____ applying ____ of ____ ____ to ____ modems?

____ ____ have to make any changes ____ ____ Quality of ____ feature ____ your ____ ____?

Is ____ necessary to ____ ____ when ____ QoS ____ a ____ modem/router ____ home?

____ ____ necessary for certain values ____ ____ ____ for a home ____ QoS ____?

I ____ ____ ____ there ____ any ____ ____ be ____ to ____ ____ configuration on my modem and router ____.

There ____ be ____ needed for applying ____ ____ ____ settings ____ home-based ____.

____ ____ certain ____ ____ need to be made ____ ____ of Service on a ____ ____ ____.

Are ____ ____ ____ needed ____ ____ ____ of QoS on these ____ devices?

Can you tell me ____ ____ are ____ parameters or ____ ____ need ____ be ____ ____ ____ QoS ____ ____ home router/modem combo?

____ my ____ modem/router's QOS ____ ____ modifications should I ____?

____ ____ ____ on a ____ do the ____ parameters ____ for adjustment?

Can ____ ____ ____ ____ ____ ____ ____ adjust my settings to ____ a good Quality of Service at ____ ____ broadband ____?

____ configuring ____ quality of service ____ a ____ Router/Modem ____ ____ are ____ any changes ____?

Can you ____ me ____ I ____ adjust settings ____ setup a ____ quality of ____ ____ ____ home ____ or ____?

Which ____ are needed ____ ____ ____ on the ____ combo?

What parameters should _____ adjusted _____ _____ configuration on _____ _____ _____?

_____ _____ possible to _____ parameters _____ configuring _____ on a modem-router _____?

Is _____ _____ to change _____ _____ options _____ you apply _____ _____ _____ home modem?

What adjustments are _____ _____ configuring the _____ _____ _____ feature _____ your home _____?

Should I adjust _____ _____ on my home _____ _____ _____ _____ _____ I _____ _____ setup a QoS?

_____ _____ adjustments need to _____ made when _____ the _____ _____ _____ feature on _____ _____ routers?

There _____ parameters and values _____ _____ to be adjusted _____ _____ _____ _____ _____ _____ on a home router/modem _____.

_____ _____ required to _____ _____ _____ Service _____ to home-based modems/routers?

Can you _____ _____ if I _____ to _____ settings if _____ want _____ _____ _____ _____ on _____ _____ modem and home routers?

I wondered if _____ were any _____ _____ would be needed _____ _____ QoS configuration on _____ _____ _____ _____ _____.

_____ it _____ to _____ _____ values _____ parameters while _____ QoS on a _____ modem-router _____?

_____ there _____ _____ requirements _____ _____ parameters while setting up QoS on _____ _____ _____?

Does _____ _____ to a modem/router setup _____ to _____ _____?

Do specific _____ need _____ be _____ when _____ up QoS _____ _____ _____?

_____ _____ _____ _____ _____ _____ for _____ parameters when setting up QoS on _____ residential routers?

_____ applying QoS _____ a home modem/router _____ _____ to _____ _____ configuration _____?

There _____ _____ parameters that need to _____ _____ for QoS _____ _____ _____ _____ router.

Do you know _____ _____ _____ _____ _____ to setup a _____ _____ of service at _____ home _____ or _____?

_____ was _____ _____ there _____ changes _____ be _____ to _____ QoSconfiguration on the _____ home router _____ modem _____.

Is it _____ for any _____ _____ _____ to be changed when _____ QoS on _____ _____ _____ at _____?

Is _____ necessary to modify _____ settings _____ configuring _____ _____ _____ _____ modem/router?

Is there a _____ _____ _____ _____ QoS on a _____?

Clarifying the necessary changes _____ parameters and _____ _____ QoS configuration _____ _____ _____ router/modem combo _____ _____ _____.

Clarifying the necessary changes _____ parameters and _____ for QoS configuration _____ _____ _____ _____ _____ _____ _____.

I would like _____ know _____ _____ are any _____ or _____ that I _____ change _____ setting _____ _____ _____ my home _____.

When _____ _____ QoS _____ a home _____ combination unit, what _____ _____ _____?

I need _____ _____ if there _____ any _____ _____ values _____ should change when setting _____ _____ on _____ home _____.

Do _____ _____ _____ need _____ _____ _____ during _____ configuration of QoS _____ an all-in-one home modem/router _____?

_____ was wondering if there were _____ _____ _____ be _____ to _____ _____ configuration _____ my _____ modem _____ Router.

There _____ any parameters or _____ _____ _____ _____ be _____ when _____ the QoS on _____ _____ router/modem at _____.

_____ _____ _____ set _____ parameters or values that need to be _____ when configuring _____ on _____ _____ _____?

During a _____ _____ _____ QoS setup _____ _____ _____ to modify parameters?

Can you tell me _____ it is _____ _____ modify _____ parameters _____ settings _____ setting _____ _____ _____ on a _____ _____?

Is there _____ _____ or option that _____ adjustment _____ _____ the QoS _____ _____ _____ combo?

I wonder if _____ are _____ _____ _____ values that need _____ _____ changed _____ configuring QoS on _____ _____ _____ _____ home.

_____ _____ possible to modify _____ _____ _____ values while configuring _____ _____ a modem-router _____?

If _____ _____ to _____ a _____ _____ my home internet _____ _____ _____ need _____ adjust settings?

_____ _____ like _____ _____ if _____ are any _____ or values that I should _____ when _____ up _____ _____ my home _____.

Is _____ necessary _____ _____ _____ for QoS on a combo _____ _____ _____?

_____ there _____ _____ _____ or values that _____ be _____ when setting up _____ on a _____ _____?

_____ certain _____ need to be adjusted _____ configuring _____ _____ _____ home _____ _____ up?

_____ _____ wondering if _____ were any changes I _____ _____ make to _____ _____ configuration _____ my modem _____ _____ units.

Are _____ _____ _____ _____ that _____ _____ be _____ when configuring the quality of service with a _____ _____ combo _____?

Can _____ _____ _____ if I should adjust my _____ _____ _____ _____ _____ on my home internet _____?

_____ _____ QoS on _____ home modem-router _____ _____ certain values need _____ be _____?

I need to _____ _____ _____ are any _____ settings _____ _____ that _____ should change _____ setting up _____ on _____ home _____.

Is there any specific _____ that _____ _____ be made _____ configuring _____ of _____ with _____ _____ _____ combo _____?

_____ _____ configuration _____ _____ QoS on an all-in-one _____ modem/router _____ have _____ _____ altered?

Can _____ modify _____ _____ _____ values while _____ _____ _____ a modem-router duo?

If _____ _____ _____ specific settings _____ adjustments _____ the _____ of QoS _____ my home routers/modem combination, _____ _____ _____

know.

____ ____ ____ to be ____ ____ configuring QoS on a ____?

____ ____ wondering if you ____ clarify ____ changes to parameters and ____ ____ ____ ____ configuration ____ a home router/modem ____.

____ ____ any ____ for adjustments for QoS ____ on these ____ ____?

____ want ____ ____ a QoS ____ ____ home modem and ____ routers, ____ you tell me ____ ____ should ____ settings?

If ____ ____ ____ specific ____ ____ adjustments for QoS setup on ____ home ____ ____ please let me ____.

What adjustments ____ ____ to apply Quality ____ Service ____ ____ home-based ____?

Is ____ ____ changes that ____ to ____ ____ ____ set up ____ ____ service ____ a ____ Router/Modem combo setup?

Do you ____ if there are ____ specific parameters ____ values that ____ to ____ ____ when configuring ____ ____ ____ ____ ____?

____ ____ ____ need to change ____ when configuring QoS ____ a ____ ____?

Should ____ ____ be ____ ____ ____ ____ ____ Service feature on your ____ routers/modem setup?

Do any ____ ____ ____ to be ____ ____ the ____ of QoS ____ ____ all-in-one ____ modem/router unit?

Can you tell me if ____ should ____ settings ____ setup a ____ Quality ____ ____ ____ ____ ____?

____ ____ think it's necessary ____ ____ certain parameters ____ ____ ____ the setup ____ QoS ____ ____ home routers and modem ____?

Do you know if ____ ____ ____ settings ____ ____ ____ good ____ of Service ____ ____ ____ broadband or modem?

When it is ____ ____ ____ ____ QoS ____ a ____ ____ ____ configuration of certain parameters be ____?

If ____ ____ ____ on an all-in-one domestic ____ gadget should ____ make ____ ____ to ____ ____ configuration?

____ ____ time to ____ the QoS on ____ home Router and ____ ____ ____ configuration ____ ____ parameters ____ changed?

Should the ____ of certain ____ ____ ____ ____ the time ____ ____ setup the ____ ____ a home router ____ modem?

____ there a particular value that needs attention ____ ____ up ____ ____ ____ a ____ ____?

____ ____ ____ to ____ parameters while ____ up ____ ____ a residential routers?

I was wondering ____ there ____ any changes to ____ made ____ ____ ____ ____ ____ ____ modem andRouter.

____ you ____ ____ ____ are unique settings ____ to ____ QoS ____ a home ____?

____ was ____ if you ____ give ____ some guidance ____ ____ necessary changes to make for ____ ____ my ____ ____ home ____.

There ____ ____ ____ that ____ to be made ____ QoS on ____ ____ modem/router ____.

Do any ____ values ____ ____ be ____ in ____ ____ of QoS ____ an ____ home modem/router ____?

____ the configuration ____ ____ on ____ all-in-one ____ ____ ____ to be adjusted?

I ____ to ____ a ____ ____ of Service ____ my homenetworking ____ ____ ____ not sure if ____ ____ ____ adjust settings

I ____ ____ ____ there were ____ ____ to ____ ____ to ____ QoS on my combined home's modem ____ ____.

____ ____ ____ special ____ for adjusting parameters when setting up QoS ____ ____ ____ ____?

I was wondering if you could ____ the ____ ____ ____ ____ ____ ____ for ____ configuration ____ ____ home router/modem combo.

____ it possible ____ ____ clarification ____ ____ necessary changes ____ parameters and values ____ QoS ____ in a home ____ ____?

Is it necessary ____ change ____ ____ options to ____ QoS ____ ____ ____ modem?

While setting ____ QoS ____ ____ ____ ____ ____ ____ particular values that require attention?

____ enabling QoS on an ____ domestic ____ gadget, ____ one ____ specific ____ ____ ____?

____ need to know ____ ____ are any particular ____ or ____ I ____ change ____ ____ up QoS ____ my ____ ____.

Do ____ ____ ____ to be adjusted when configuring ____ ____ a ____?

Can you ____ me if ____ ____ to adjust ____ ____ ____ ____ quality of service ____ my ____ andmodem?

Do ____ think ____ ____ ____ ____ certain parameters ____ ____ ____ the setup of QoS on a ____ home router and ____ ____?

Is ____ any ____ or ____ ____ demands ____ when ____ ____ on a ____ combo for ____?

Is ____ ____ unique settings needed to ____ ____ on a ____ ____?

If ____ ____ to ____ a QoS ____ ____ home modem ____ ____ ____ I need to ____ ____ I ____ adjust some settings.

There are ____ ____ ____ ____ attention ____ setting up QoS ____ a ____ device

____ it necessary ____ modify ____ QoS ____ ____ ____ combined home modem/router?

Modification of ____ ____ setup ____ ____ ____ ____ modem/router device ____ be needed.

____ there any ____ or ____ ____ ____ ____ configuring QoS on a ____ combo?

____ setting up ____ on a home ____ ____ ____ ____ settings or values to ____?

____ are parameters ____ need to ____ ____ to ____ up Quality of ____ ____ ____ homeWRT/modem ____.

What ____ are required ____ ____ Quality ____ Service settings ____ home-based ____?

____ you think ____ is necessary ____ ____ ____ ____ ____ settings when ____ ____ the QoS on ____ typical home ____ and ____ setup?

Can certain adjustments ____ ____ to the ____ ____ ____ feature ____ your ____ routers?

Is ____ ____ specific ____ of ____ needed for applying Quality of ____ ____ ____ ____ modems?

Is it ____ to ____ settings when ____ ____ on ____ ____ ____ at home?

Is ____ ____ definite adjustments ____ to apply Quality of ____ ____ to ____ ____?

____ was wondering if the necessary ____ needed ____ ____ made ____ ____ ____ configuration on my ____ ____ ____ units.

____ you ____ me with ____ necessary changes to ____ ____ ____ configuration on ____ modem ____ home ____?

____ ____ ____ on an all-in-one ____ ____ ____ should one ____ specific changes to the ____ or ____?

____ was wondering if ____ were any changes ____ ____ ____ ____ the QoS ____ my ____ and ____.

____ there any ____ ____ for adjusting ____ while setting up ____ ____ a ____ ____?

Do any specifications ____ values need ____ be ____ ____ the ____ ____ QoS ____ an all-in-one home ____ ____?

I would ____ to know ____ it ____ necessary to ____ ____ parameters or ____ ____ ____ ____ the QoS on ____ typical home Router ____ ____ ____

Do ____ ____ ____ to be ____ ____ configuring ____ ____ of Service feature on ____ ____ network?

There are certain ____ ____ for the ____ of ____ on ____ ____ ____

When ____ ____ ____ an ____ ____ network gadget, ____ you change values ____ configuration?

____ ____ ____ know if there are ____ particular settings ____ values I ____ modify ____ ____ ____ QoS ____ my ____ routers.

configuration ____ QoS on ____ modem/router, ____ specific ____ ____ for ____?

____ want ____ ____ if there ____ any changes that need to ____ made ____ configuring ____ of ____ ____ ____ ____ ____ combo setup

Please let me know ____ there ____ ____ particular ____ ____ values that I should ____ ____ ____ up ____ ____ my ____ router.

When setting ____ ____ ____ ____ combo device any ____ values ____ affected?

Is ____ a particular value ____ needs attention when ____ ____ ____ ____ a ____ ____?

____ it possible to ____ ____ ____ and values ____ configuring ____ ____ a modem-router ____?

Can you ____ ____ if ____ should ____ ____ ____ ____ a ____ Quality of ____ ____ my home broadband or modem?

____ are ____ ____ ____ ____ to be made ____ setting ____ ____ on a combo unit?

Modification ____ parameters ____ ____ ____ ____ routers/modem combo's QoS setup.

____ ____ ____ ____ ____ ____ ____ of the QoS on these combo devices?

I ____ ____ ____ there were any ____ ____ be ____ to ____ QoS ____ on the modem ____ routers.

____ in need of some guidance on ____ necessary changes ____ ____ for ____ configuration ____ ____ ____ ____ home ____.

____ it ____ to change any ____ to apply QoS to ____ ____ ____ ____?

____ ____ ____ you can ____ ____ some guidance ____ the necessary changes ____ ____ ____ QoS configuration on my ____ ____ home routers.

Is ____ ____ ____ modify ____ ____ ____ parameters while ____ QoS on a ____ modem-router set-up?

If ____ ____ to setup a good ____ ____ ____ ____ my home ____ ____ ____ can you ____ me ____ settings I should ____?

____ ____ ____ change ____ ____ ____ QoS on the modem/router combo?

When applying ____ to ____ ____ modem/router setup, do you have ____ ____ ____ ____ ____?

____ enabling QoS ____ an ____ ____ network gadget should ____ make changes to ____ ____ ____?

____ ____ ____ ____ ____ be ____ when setting up QoS on a ____ device?

____ there any particular ____ ____ for ____ setup ____ these ____ devices?

Can ____ ____ me ____ ____ ____ ____ my ____ if I want ____ set up a QoS on ____ ____ ____ device?

I'm ____ sure ____ ____ ____ or values ____ ____ ____ ____ ____ configuring QoS on ____ combined router/modem at home.

____ it ____ ____ ____ the necessary changes ____ parameters ____ values ____ QoS configuration ____ ____ home router?

When enabling ____ ____ an all-in-one ____ network ____ should one ____ changes to ____ ____ ____?

When setting ____ ____ ____ ____ ____ ____ setup, ____ it necessary to ____ ____ parameters or settings?

____ ____ know if ____ should ____ settings to ____ a QoS on my ____ ____ ____ ____ routers?

____ ____ tell ____ if I ____ to ____ settings if I ____ ____ ____ a QoS on ____ ____ ____ home routers?

____ it necessary for certain values ____ be ____ for ____ home ____ ____ ____?

What changes ____ be ____ to enable QoS ____ ____ ____ ____?

When configuring ____ ____ an ____ home ____ unit, ____ ____ specific ____ need to be ____?

____ there ____ set of ____ ____ ____ that need ____ be adjusted when configuring ____ on ____ ____ ____ combo?

____ I ____ ____ set ____ a QoS ____ my home ____ and ____ ____ can you ____ me which settings ____ ____?

____ you modify ____ parameters ____ ____ while ____ ____ ____ a modem-router duo?

I ____ ____ to ____ ____ ____ are any ____ ____ ____ that I should ____ ____ setting up QoS on my ____ network.

Do you ____ it's ____ ____ ____ certain ____ or ____ during ____ setup ____ ____ on a home ____ setup?

Is it possible ____ provide ____ ____ the necessary changes ____ ____ and ____ for ____ configuration in ____ ____ routers/modem ____?

____ ____ time ____ setup ____ QoS on a ____ ____ and modem, should ____ configuration ____ some parameters ____ ____?

Is ____ any ____ ____ need ____ be ____ while ____ ____ Quality of ____ ____ a Home Router/Modem ____ setup?

I was wondering ____ ____ could tell me ____ the ____ changes ____ ____ ____ ____ configuration on ____ modem ____ home ____.

____ ____ ____ QoS on ____ ____ do specific parameters call ____ adjustment?

Do ____ ____ ____ to ____ ____ for the setup of ____ on a ____ ____?

I'd like ____ know ____ ____ are ____ settings ____ ____ ____ should ____ when setting up ____ ____ my home network.

Can you tell ____ ____ ____ are ____ ____ or values to tinker ____ ____ ____ up ____ on a ____ router?

____ ____ want to ____ a QoS ____ ____ home modem ____ home ____ can ____ tell ____ what ____ I should ____?

While ____ ____ ____ of ____ ____ Home Router/Modem combo setup, are there any changes ____ ____ ____ be ____?

____ ____ necessary to change certain parameters or ____ ____ ____ setup of ____ ____ a typical ____ ____ and ____?

____ it necessary ____ adjust ____ ____ of ____ ____ ____ your home routers/modem setup?

Is there ____ ____ ____ ____ values that ____ to be ____ when ____ ____ QoS on ____ home ____ combo?

When configuring ____ on ____ all-in-one home ____ unit, ____ ____ particular ____ ____ ____ be changed?

Modification ____ parameters ____ ____ ____ combo's QoS setup is ____.

____ the necessary changes to ____ ____ values for QoS configuration ____ ____ home ____ ____ would ____ ____.

Is there ____ important adjustment ____ ____ effective ____ combo'Qos ____?

What changes ____ needed ____ ____ ____ on ____ home combo ____?

When configuring ____ on ____ ____ home modem/router ____ ____ ____ ____ ____ or values need tweaking?

Do you think it's necessary ____ ____ ____ parameters ____ settings ____ setting ____ the ____ ____ a typical ____ routers and ____ ____?

I was ____ if you could ____ ____ with the necessary ____ to make for ____ ____ on ____ ____ ____ ____ home ____.

Is it ____ ____ ____ certain values while ____ QoS ____ ____ home ____ set ____?

Can you ____ ____ ____ and ____ while configuring the QoS ____ ____ ____ duo?

____ ____ ____ ____ ____ ____ changes to ____ made to ____ QoS ____ on my modem and Router.

____ ____ ____ to be ____ for QoS ____ ____ a residential router?

____ was ____ ____ the necessary changes were ____ ____ ____ QoS ____ ____ ____ combined home's modem and Router.

____ specific ____ ____ for configuring ____ on ____ ____ routers/modem combo.

____ ____ tell ____ if it's necessary ____ modify ____ ____ when ____ up the QoS ____ a ____ ____ setup?

____ ____ if there ____ changes to be ____ ____ ____ QoS configuration on my ____ modem ____ ____.

____ there ____ specific ____ made ____ values ____ configuration ____ ____ QoS on an ____ domestic ____ gadget?

____ changing any configuration options ____ ____ ____ ____ ____ a home ____ setup?

____ you tell ____ if I need ____ ____ ____ ____ ____ a ____ ____ my home modem?

____ you know if ____ ____ to adjust ____ ____ setup ____ ____ on my ____ modem?

____ my ____ modem/router's QOS configuration, ____ ____ should ____ consider?

What ____ are ____ ____ ____ ____ on a home combo ____?

What ____ are ____ to ____ Quality ____ ____ (Qos) ____ to home-based ____?

____ it necessary to adjust ____ ____ ____ settings ____ home-based ____?

____ would like to know ____ ____ ____ ____ changes to parameters ____ values ____ QoS ____ ____ a ____ router/modem combo.

Is ____ necessary to change ____ ____ or ____ ____ configuring ____ ____ ____ home modem-router set-up?

There are ____ ____ that need ____ ____ made to ____ QoS of ____ home ____ ____.

Do ____ ____ if ____ ____ ____ some settings ____ order ____ setup a good ____ ____ Service at my ____?

Can you ____ ____ ____ and values ____ configuring ____ QoS on ____ ____ duo?

Can you tell ____ ____ there ____ ____ settings ____ values to ____ ____ setting up QoS on ____ ____ ____?

Is there any ____ ____ ____ values ____ need to ____ ____ when configuring QoS on ____ home ____ ____?

____ the configuration ____ certain ____ ____ changed ____ the ____ comes to ____ the ____ on ____ modem ____ home routers?

_____ specific adjustments _____ to configuration QoS _____ _____ _____ _____ combo

_____ _____ _____ to _____ adjusted for the QoS _____ on _____ _____ router?

Is changing any configuration _____ necessary _____ _____ _____ _____ a home _____?

_____ configuring QoS _____ _____ _____ specific parameters called for _____?

_____ it's _____ _____ setup _____ QoS on a _____ router _____ modem, _____ the configuration _____ _____?

Should _____ _____ configuration _____ _____ changed _____ applying QoS _____ a _____ setup?

_____ it _____ to _____ _____ _____ or values _____ configuring the QoS on _____ _____ router/modem?

_____ need _____ know if there _____ any _____ or values _____ _____ _____ _____ setting up _____ on my home _____.

Can you _____ _____ _____ there _____ unique _____ or values for setting _____ QoS _____ a _____ _____?

Should _____ adjust _____ settings _____ _____ _____ and _____ _____ if I want _____ _____ up a QoS?

_____ any _____ configuration options _____ _____ _____ applying QoS _____ a _____ modem/router setup?

_____ was wondering _____ there were _____ changes _____ need _____ be made _____ the QoS _____ on _____ modem _____ _____.

_____ want _____ _____ _____ you _____ clarify the _____ changes _____ parameters and _____ for QoS _____ a home _____ combo.

_____ you _____ me _____ there _____ _____ settings _____ values _____ _____ should change when _____ _____ _____ on my home routers?

_____ there be any _____ parameters or values _____ _____ _____ be adjusted _____ _____ QoS on _____ home _____ _____?

When setting up _____ on _____ _____ _____ are there any unique _____ _____ _____ _____ _____ can change?

Is there _____ specific parameters or values _____ need _____ _____ _____ QoS _____ _____ _____ router/modem _____.

Is there _____ _____ figure _____ option _____ requires _____ _____ _____ QoS _____ _____ routers/modem combo for homes?

_____ _____ like _____ know _____ _____ _____ any particular _____ or _____ _____ I should _____ _____ setting up QoS on my home _____.

Is there _____ _____ to modify _____ when _____ _____ _____ a _____ modem?

What changes _____ _____ to apply _____ _____ Service settings _____ home-based _____?

_____ I want _____ setup _____ _____ _____ my home modem _____ _____ broadband device, can _____ _____ _____ which _____ to adjust?

Is _____ any figure _____ option that requires _____ _____ configuring _____ _____ a _____ and _____ _____ for homes?

_____ want _____ _____ if _____ _____ _____ settings or _____ I _____ change when _____ up QoS _____ my home router.

When it's time to _____ _____ _____ _____ _____ home network, should _____ parameters _____ _____?

Is _____ any _____ settings or _____ _____ adjust _____ _____ up QoS _____ a _____ router?

_____ changes must _____ _____ _____ _____ up QoS _____ a home router/modem combination _____?

Does _____ _____ _____ on _____ home modem-router set-up _____ tweaking?

If I want _____ _____ a good _____ _____ service _____ _____ homenetworking/modem, _____ you tell _____ whether _____ should _____ _____ settings

_____ _____ _____ of _____ _____ _____ changed _____ it's _____ to setup _____ QoS on a home routers _____ modem setup?

_____ _____ _____ _____ on a home router/modem _____?

_____ it _____ _____ _____ _____ for quality of _____ on my home _____?

Does the configuration of _____ QoS _____ _____ _____ unit need _____ _____ _____?

Can _____ change _____ and values _____ configuring _____ _____ _____ modem-router duo.

_____ _____ know _____ any _____ _____ _____ need to be _____ _____ configuring QoS on _____ _____ router/modem at home.

_____ enabling _____ on _____ _____ domestic _____ _____ there be _____ to values or _____?

_____ _____ _____ _____ _____ all-in-one domestic network gadget, should one change values _____ _____?

How many _____ _____ _____ _____ to _____ _____ _____ the proper configuration of _____ on a _____ routers/modem combo?

Does _____ configuration of quality of service _____ _____ _____ _____ _____ _____ _____ to be changed?

_____ would like to know _____ you can _____ the necessary _____ _____ parameters and _____ _____ _____ configuration in _____ _____ _____ combo.

_____ setting up QoS _____ a _____ device _____ _____?

Do _____ know _____ _____ _____ _____ to _____ Quality of Service _____ a _____ network?

Is it _____ _____ _____ settings when configuring _____ _____ _____ combo modem?

Should I adjust _____ _____ setup _____ good _____ _____ service _____ _____ homenetworking/modem?

Can _____ _____ _____ if I _____ adjust settings _____ order to _____ _____ _____ Quality _____ Service at my homenetworking _____?

Can _____ _____ _____ if there are _____ _____ or _____ to tinker with when _____ up _____ _____ _____ home routers?

Any definite adjustments _____ _____ apply _____ of Service settings _____ _____ _____?

_____ _____ if _____ can help _____ with the _____ changes _____ make for _____ configuration on _____ modem _____ _____ home _____.

What adjustments _____ _____ _____ applying Quality of _____ (Qos) _____ _____ _____ modems?

How _____ tweaking _____ modem/router _____ _____ home _____ enable QoS?

_____ wondered if _____ were changes _____ be _____ _____ _____ QoSconfiguration _____ the _____ unit.

Can you tell me if I _____ _____ _____ in order _____ setup _____ good Quality _____ _____ _____ _____ _____?

I wondered if _____ were _____ changes to be made _____ the _____ configuration on _____ _____ _____ _____ _____.

I would like to _____ _____ _____ parameters _____ values need _____ _____ _____ _____ configuring _____ on _____ _____ routers/modem at home.

Does configuring QoS _____ _____ _____ _____ _____ need tweaking?

I _____ _____ _____ know _____ _____ _____ any _____ settings _____ values I should change when setting up QoS on _____ _____ _____.

Is _____ necessary to modify _____ _____ or _____ when _____ _____ the QoS _____ _____ modem _____ _____ routers setup?

_____ _____ tell me if _____ need to adjust settings _____ setup a _____ quality _____ _____ _____ my _____?

_____ you know _____ I should _____ _____ settings in order _____ setup _____ good _____ _____ service at _____ _____ _____ ormodem?

What _____ are needed for _____ _____ of _____ _____ to _____ modem/routers?

Do you _____ _____ I need _____ _____ some settings _____ order _____ _____ _____ QoS in my _____ router?

Is _____ QoS _____ a _____ _____ _____ to _____ certain configuration options?

What are _____ _____ adjustments _____ _____ when setting up QoS _____ _____ home _____?

_____ there are any parameters _____ _____ that _____ _____ _____ changed when _____ QoS _____ my combined _____ _____ home.

_____ _____ tell _____ _____ I _____ set up a QoS on _____ _____ _____ or _____ routers?

_____ the configuration of the _____ on _____ all-in-one home _____ _____ _____ _____?

_____ _____ tell _____ _____ I _____ adjust settings for _____ good _____ _____ Service at _____ homenetworking/modem?

_____ _____ any unique settings or _____ to modify _____ _____ _____ _____ on _____ home network?

_____ requirements for adjusting _____ while setting _____ QoS _____ _____ _____ routers?

_____ _____ _____ _____ for QoS setup on _____ combo devices?

When configuring _____ on my _____ router/modem _____ _____ are there any parameters _____ _____ _____ _____ be _____?

Is there any figure or option _____ _____ _____ _____ configuring _____ _____ _____ _____ combo?

_____ you _____ _____ on an _____ domestic network gadget, should _____ _____ specific changes _____ the values _____ _____?

_____ _____ some parameters _____ need _____ be adjusted for QoS _____ _____ _____ _____ combo?

Should _____ setup _____ the QoS _____ _____ _____ _____ and _____ be changed?

I wondered if _____ _____ necessary _____ _____ _____ made to _____ _____ configuration _____ my combined home's _____.

Any _____ _____ to _____ _____ to _____ of Service settings _____ _____ modems?

Is _____ _____ set of parameters or values that _____ _____ be _____ when configuring _____ _____ _____ a _____ _____?

Can you _____ _____ _____ I _____ change the _____ on my _____ _____ home broadband _____ setup a _____ Quality _____ _____?

Should I adjust some settings _____ I _____ _____ setup _____ good Quality _____ _____ at _____ _____ _____?

_____ changes _____ _____ _____ Quality of Service settings _____ _____ modem/routers?

Is _____ anything that needs to _____ adjusted _____ configuring QoS _____ _____ combo _____ _____ _____?

Is _____ _____ figure or _____ _____ requires adjustment _____ _____ QoS _____ a _____ combo?

_____ it's time to setup the QoS _____ _____ _____ _____ _____ certain _____ be _____?

_____ are certain parameters _____ values _____ need _____ be _____ _____ _____ _____ on a _____ router/modem combo.

Is _____ any _____ for adjusting parameters while setting up _____ _____ _____ _____ _____?

Looking _____ change _____ _____ on a home _____ _____?

I _____ _____ if there were _____ changes _____ needed to be _____ to _____ QoS on _____ _____ _____ Router _____.

Is there _____ specific _____ that need _____ _____ _____ _____ _____ _____ on a home router?

What _____ are required for _____ _____ of _____ on _____ combo _____?

_____ one _____ changes _____ _____ _____ configuration _____ enabling QoS on _____ all-in-one domestic _____ gizmo?

_____ _____ _____ settings _____ I want _____ setup _____ QoS on _____ modem and home _____?

When _____ up QoS on a _____ device, is _____ _____ _____ _____ that _____ _____?

Is _____ any specific _____ needed _____ _____ on the _____ _____?

_____ there any parameters _____ values _____ _____ _____ when configuring QoS _____ _____ combined _____?

I wondered if there _____ any _____ that needed _____ _____ made to the _____ configuration _____ _____ _____ _____ _____.

Do you think _____ necessary to modify certain _____ during the _____ _____ _____ on a _____ _____ _____ _____ _____?

_____ _____ _____ to adjust the _____ _____ a home router/modem _____.

_____ you tell _____ _____ I _____ to adjust settings _____ I want to _____ _____ _____ _____ my modem?

_____ it necessary _____ _____ _____ configuration _____ apply QoS to _____ home _____?

_____ wondered if there were _____ changes to _____ made to _____ _____ configuration _____ _____ _____ modem and _____.

Do you _____ _____ _____ to _____ the _____ or settings when setting _____ _____ _____ on _____ modem setup?

Do _____ _____ _____ need _____ when setting _____ QoS _____ _____ combo device?

_____ _____ _____ of QoS on an _____ _____ modem/router require _____ tweaking?

Can you _____ me _____ _____ need _____ change my _____ _____ setup _____ QoS on _____ _____?

Please _____ me know if _____ _____ _____ particular settings _____ values I should _____ _____ _____ _____ QoS _____ my home _____.

_____ _____ know _____ many _____ and values need _____ _____ _____ _____ proper configuration _____ QoS on a home router/modem _____?

_____ it _____ to _____ _____ _____ or _____ _____ order to _____ _____ the _____ on a modem and _____ routers setup?

I _____ to know _____ there are any _____ settings _____ _____ that I _____ _____ when _____ _____ _____ on my _____ router/modem.

_____ it _____ to _____ clarification _____ _____ necessary changes to parameters _____ _____ for _____ configuration in a _____ routers/modem _____?

_____ certain values need to _____ _____ configuring _____ on a home _____ _____ _____?

When enabling _____ on _____ _____ _____ _____ gadgets should there be _____ _____ _____ or configuration?

_____ _____ _____ _____ if you _____ _____ _____ _____ _____ about the necessary changes to make for QoS _____ on my _____ _____ home routers.

Is it _____ _____ change any _____ options when applying _____ to _____ _____ _____?

_____ I want to setup a good _____ of service _____ my _____ _____ _____ _____ _____ _____?

_____ there _____ _____ or values that _____ _____ _____ changed when configuring _____ QoS on _____ _____ router/modem?

What alterations _____ be made _____ _____ home _____ _____ configuration?

_____ _____ are _____ for applying Quality _____ Service _____ to home-based _____?

Is _____ _____ _____ change parameters during _____ home router/modem _____ QoS _____?

Is there _____ _____ value _____ needs _____ when setting up _____ QoS _____ _____ _____ device?

_____ _____ necessary _____ modify _____ _____ or settings during the setup _____ _____ _____ a home routers _____ modem?

If I want to setup _____ QoS on _____ _____ _____ and _____ routers, _____ _____ _____ _____ if I _____ adjust the _____?

_____ you _____ it is necessary _____ _____ certain parameters _____ _____ during the _____ of _____ on _____ home router _____ modem _____?

_____ _____ tell me if _____ necessary _____ _____ the _____ _____ settings when _____ up the QoS on a _____ _____?

Is _____ _____ _____ adjustments needed for _____ _____ _____ these combo devices?

_____ _____ parameters is necessary during home routers/modem _____ _____ _____.

_____ are certain _____ or values that need _____ _____ _____ _____ configuring _____ _____ a _____ routers/modem combo.

Does _____ configuration _____ _____ on an _____ home modem/router _____ _____ _____ be changed?

_____ _____ _____ if I should _____ _____ _____ a _____ Quality of Service _____ my homenetworking _____?

Please let _____ _____ _____ there are _____ _____ or values _____ I _____ change _____ setting _____ _____ on my home network.

_____ _____ know _____ _____ are unique _____ _____ tinker _____ when setting up _____ on a home _____?

Any specific values _____ can _____ affected _____ setting _____ _____ _____ _____ combo device?

I _____ to know if there are any _____ _____ _____ _____ _____ adjustment when _____ _____ on _____ _____ combo.

_____ would like to _____ if _____ are _____ _____ settings _____ values _____ _____ _____ _____ when _____ up QoS on my home _____.

_____ _____ _____ parameters _____ values while configuring QoS _____ a _____ duo?

_____ _____ necessary to _____ _____ parameters or _____ during _____ setup of _____ on _____ home _____ and _____ setup?

_____ may _____ specific _____ _____ values _____ need to be adjusted _____ _____ QoS _____ a home _____ combo.

Should _____ _____ _____ if _____ _____ to set up _____ QoS on _____ home internet _____?

_____ the configuration of QoS _____ _____ _____ home _____ _____ tweaking?

While _____ _____ _____ _____ _____ modem-router set-up, _____ certain values require tweaking?

I want _____ setup a good _____ of service _____ _____ _____ andmodem, can you _____ _____ _____ _____ should _____ settings?

_____ it necessary _____ _____ the _____ _____ _____ a combined home modem/router _____?

_____ _____ any _____ or _____ _____ demands _____ when _____ _____ on a routers/modem combo?

I was wondering _____ there _____ any changes _____ would _____ needed _____ _____ QoS _____ on _____ _____ _____ Router.

_____ _____ QoS _____ a routers/modem _____ for homes, _____ particular _____ _____ options that demand _____?

_____ are _____ _____ that have to be _____ for _____ on _____ _____ combo?

Is _____ _____ _____ a _____ modem/router setup _____ to _____ _____ configuration options?

_____ to _____ _____ _____ _____ a home routers/modem combo?

Is _____ _____ to _____ _____ _____ _____ _____ when _____ up the QoS _____ a typical home Router _____ modem setup?

Can _____ tell me if it's _____ to _____ _____ parameters or _____ when _____ _____ the QoS _____ _____ modem _____?

_____ _____ tell me _____ _____ need to change my settings if I _____ _____ _____ _____ QoS at _____?

Is there _____ _____ figure or _____ that _____ adjustment while _____ QoS on _____ _____ _____?

What are _____ _____ that _____ to _____ adjusted _____ the QoS _____ _____ _____ residential setup?

_____ adjustments are _____ _____ applying _____ _____ Service settings to home-based _____?

Can you _____ _____ if _____ should _____ _____ _____ _____ to _____ a good quality of _____ at _____ homenetworking/modem?

_____ tell _____ if _____ are specific settings _____ adjustments _____ _____ _____ make _____ QoS _____ on my _____ routers/modem combination.

Is _____ certain configuration _____ necessary _____ _____ QoS _____ a home _____ _____?

_____ configuring _____ on _____ modem/router, do _____ parameters call _____ _____?

Do _____ _____ it _____ _____ to change any _____ _____ _____ applying QoS _____ a modem?

Is _____ _____ to change _____ parameters or settings _____ _____ to _____ up _____ _____ _____ _____ modem and home routers _____?

Do you _____ _____ _____ _____ modify _____ parameters during the _____ of _____ on a typical home router _____ _____ _____?

When configuring _____ on my _____ router/modem at _____ any _____ _____ values _____ _____ be _____?

What _____ should I _____ _____ my home _____ _____ configuration?

_____ wondering if you _____ _____ _____ with the necessary changes to _____ _____ _____ configuration on _____ _____ _____ home routers.

_____ _____ _____ particular figure or _____ that demands _____ while _____ QoS _____ a router/modem _____ _____ homes?

If you _____ QoS _____ _____ all-in-one _____ _____ gadget, _____ _____ _____ values or configuration?

_____ _____ particular specifications _____ values need _____ _____ adjusted _____ _____ configuration _____ QoS _____ an all-in-one home _____ unit

Can you tell _____ if _____ are any specific _____ or _____ _____ need _____ be _____ when configuring QoS _____ _____ _____ _____?

What _____ _____ _____ that need to be adjusted _____ QoS _____ on _____ _____ _____?

Are there _____ specific _____ that need to _____ made _____ _____ QoS _____ _____ _____ routers/modem _____?

_____ you tell _____ _____ _____ _____ to _____ settings _____ order to setup a _____ in my _____?

Do you _____ if there are unique _____ or _____ _____ _____ _____ _____ up _____ on _____ home routers?

Can you _____ me if _____ _____ to _____ my settings _____ I _____ _____ setup _____ _____ on my _____?

When _____ up _____ on a _____ _____ any particular values _____ _____?

_____ certain values _____ _____ be _____ for quality _____ service setup _____ _____ home _____?

I _____ wondering if _____ were _____ _____ to _____ made for _____ _____ configuration on _____ modem and _____ _____.

I'm wondering _____ you can _____ _____ _____ changes to _____ and _____ for QoS _____ in _____ home _____ _____.

_____ setting up the _____ _____ a _____ home Router _____ modem _____ _____ it necessary to modify the _____ _____ _____.

What are the specific _____ _____ need _____ _____ _____ for QoS configuration on _____ _____ _____ _____?

If _____ _____ _____ _____ a good Quality of Service _____ _____ homenetworking/modem, _____ _____ _____ if I should _____ settings.

_____ configuring _____ quality of _____ _____ _____ Home _____ _____ setup, _____ there any _____ to be made?

_____ _____ me _____ _____ are _____ settings or adjustments I need to _____ for QoS setup _____ _____ home _____ _____.

Is _____ necessary for certain values _____ _____ _____ be _____ while _____ _____ on a _____ _____?

configuration _____ QoS _____ a router/modem combo _____ homes, _____ particular _____ _____ options _____ require _____?

If I _____ to _____ a good quality _____ _____ at my _____ _____ _____ tell me which _____ _____ _____?

When it's _____ _____ setup _____ QoS _____ _____ home _____ _____ _____ should the configuration _____ _____ parameters be changed?

I'm in need _____ _____ _____ about the _____ _____ _____ make _____ QoS _____ on my _____ and _____ router.

Do you _____ _____ _____ to _____ _____ _____ or settings during the setup _____ _____ _____ _____ home _____ and modem setup?

When _____ _____ _____ a modem/router _____ _____ _____ parameters that need to _____ adjusted?

I _____ to know _____ _____ should adjust some settings _____ I _____ to _____ a _____ _____ _____ _____ modem _____ home routers.

_____ _____ _____ _____ change certain _____ during the _____ of QoS on a _____?

_____ let me _____ there _____ any _____ settings or _____ I need to make for _____ _____ _____ _____ home _____ combination.

_____ you _____ any requirements for _____ _____ _____ setting _____ _____ on _____ residential router?

_____ _____ _____ to know _____ _____ _____ settings or values _____ need _____ change _____ setting up QoS on my home _____.

_____ _____ parameters need to _____ _____ when setting _____ on _____ modem/router?

_____ _____ know if _____ should _____ _____ _____ _____ I want to _____ a QoS on _____ home modem _____ home _____?

_____ there any _____ _____ must be _____ while _____ the quality _____ _____ with a Home Router/Modem _____ _____?

Can _____ tell _____ _____ I _____ adjust _____ _____ _____ _____ a good Quality of Service _____ _____ homenetworking andmodem?

_____ _____ configuration _____ _____ QoS _____ the modem/router unit need to _____ _____?

_____ _____ adjust _____ _____ if I want to _____ a _____ _____ _____ service at my homenetworking _____?

_____ _____ _____ you _____ clarify the necessary changes to parameters and values _____ _____ _____ _____ a home _____ _____.

_____ the necessary _____ _____ parameters _____ values for QoS _____ in _____ home _____ _____ _____ be helpful.

_____ _____ necessary _____ change the parameters or settings _____ _____ _____ _____ _____ on a modem or _____ routers _____?

_____ configuring _____ on a home _____ _____ _____ _____ values need tweaking?

_____ _____ like _____ _____ if there _____ _____ _____ _____ _____ values that I should adjust when setting up _____ on my _____ _____.

Is there any _____ _____ option _____ _____ _____ _____ configuring QoS on _____ routers/modem combo _____ _____?

_____ you think it is _____ to change _____ _____ or _____ when _____ _____ the _____ on _____ modem _____?

Do certain _____ _____ to _____ _____ while configuring QoS _____ a modem-router _____ _____?

_____ _____ know _____ _____ _____ _____ _____ set quality of service on _____ home routers?

_____ setting up QoS _____ _____ _____ device, any specific _____ _____ be _____?

_____ _____ necessary _____ certain _____ to be _____ for _____ home device's QoS _____?

There are _____ adjustments that need _____ _____ made to _____ up QoS _____ _____ _____ _____

_____ certain values or parameters be _____ while _____ _____ _____ _____ home _____ set-up?

_____ of _____ on _____ _____ specific parameters call _____ adjustment

_____ would _____ _____ _____ if _____ are any settings _____ values that I should change _____ _____ up QoS _____ _____ _____ routers.

_____ would like _____ know if there _____ any _____ or values that I need _____ _____ _____ _____ up _____ _____ _____ _____ modem.

_____ there _____ changes to values _____ configuration when _____ QoS on _____ _____ _____ _____ gadgets?

Do _____ _____ _____ to be made _____ configuring _____ Quality of Service feature on _____ _____ _____ _____?

Can you _____ _____ if it's _____ to modify _____ parameters when setting up _____ _____ on _____ _____ _____?

_____ I _____ to make any changes _____ the _____ settings _____ my _____ _____?

_____ it necessary to change _____ _____ _____ settings when _____ _____ the QoS _____ a modem _____ home _____ _____?

While setting _____ _____ _____ a _____ _____ _____ _____ any particular value that _____ attention?

Do _____ _____ if I should _____ some _____ _____ order to setup _____ _____ _____ my home _____?

_____ there _____ _____ needed _____ _____ setup _____ QoS on _____ combo devices?

_____ was wondering _____ you _____ clarify the necessary _____ to parameters _____ _____ for _____ QoS configuration in _____ _____ _____ _____.

_____ there _____ definite _____ _____ _____ apply Quality _____ Service _____ home-based modems?

Can _____ change parameters and _____ _____ _____ the _____ _____ a _____ duo?

_____ configuring QoS _____ _____ home _____ set up, _____ _____ _____ need tweaking?

For _____ Quality of Service _____ _____ _____ modems/routers, any _____ adjustments _____ _____?

Is it _____ _____ adjust _____ Quality of _____ _____ _____ home-based modems/routers?

_____ _____ want _____ setup _____ good _____ _____ Service at my home broadband or modem, _____ _____ tell _____ what _____ _____ adjust?

_____ was wondering if _____ were _____ changes to _____ _____ _____ _____ _____ the modem and home routers.

_____ you _____ if I _____ _____ settings _____ _____ _____ setup _____ good _____ of service _____ my home broadband ormodem?

There are _____ _____ or _____ _____ need to _____ changed _____ configuring _____ _____ my combined _____?

_____ _____ like _____ _____ if there are any _____ _____ _____ should _____ _____ setting up QoS on my home _____.

_____ _____ _____ know _____ there are _____ settings or _____ I _____ change when setting _____ _____ _____ my home network.

_____ setting up the QoS on _____ _____ _____ _____ _____ modem setup, _____ it _____ to _____ the _____ or settings?

When _____ quality _____ _____ on _____ modem, _____ specific parameters call _____ _____?

Can you _____ me if _____ _____ _____ settings _____ _____ _____ adjust _____ setting up _____ on _____ home modem?

_____ there _____ _____ _____ required for configuring QoS on _____ home _____?

When it's time _____ setup _____ _____ on _____ home router _____ _____ should the _____ _____ _____?

Can _____ tell me if _____ _____ are _____ to set up _____ on _____ _____ _____?

I would like to know _____ you _____ clarify _____ necessary _____ _____ _____ and _____ for QoS _____ _____ a home _____ _____.

When _____ Quality _____ _____ on an _____ domestic _____ _____ should one change values _____ _____?

_____ there any special _____ _____ _____ parameters _____ setting _____ QoS on a _____ _____?

Is there a _____ _____ _____ configuration changes _____ _____ routers?

Is _____ any requirement _____ _____ parameters while setting _____ QoS _____ _____ _____ routers?

_____ _____ parameters or values _____ need _____ _____ _____ when configuring QoS on _____ combined router/modem _____ _____

Is there _____ value _____ requires attention _____ _____ _____ QoS on _____ _____ device?

_____ it possible _____ change some _____ and _____ _____ configuring _____ _____ _____ modem-router duo?

_____ you _____ _____ _____ parameters and _____ _____ configuring QoS on a _____ duo?

When _____ up _____ on _____ _____ device, _____ _____ values would be _____?

Is _____ _____ _____ _____ _____ _____ home routers/modem combo's QoS setup?

_____ _____ a _____ _____ _____ parameters while _____ up QoS on _____ residential router?

I _____ if _____ _____ _____ changes that need to _____ _____ to _____ QoS configuration on _____ modem _____ Router _____.

I'd like to _____ if _____ are any _____ _____ _____ I should _____ _____ _____ up _____ _____ my home routers.

_____ _____ tell me if I need _____ adjust _____ for _____ good quality of service _____ _____ _____ _____ _____?

Is _____ _____ _____ modify certain _____ _____ _____ during the configuration _____ QoS on _____ _____ _____ router and modem setup

_____ _____ is time _____ setup the _____ on _____ home router and _____ setup, _____ _____ configuration of _____ _____ be _____?

Is _____ any configuration options _____ _____ applying _____ _____ Service to a _____ _____ _____?

_____ specific adjustments required for _____ _____ on _____ _____ _____ combo.

_____ you think _____ _____ necessary _____ modify the parameters _____ _____ _____ _____ up the QoS on a modem _____ _____ routers _____?

Is there _____ figure or _____ _____ _____ _____ adjustment while _____ _____ on a _____ combo?

Is it _____ to _____ _____ _____ values when configuring _____ on my _____ _____ at _____.

_____ _____ _____ particular _____ _____ requires attention _____ setting up _____ _____ a combo device?

_____ there _____ unique settings _____ _____ to _____ _____ setting up QoS on a _____ _____?

Do _____ _____ _____ _____ should adjust settings if I _____ _____ set _____ a _____ on _____ home _____ device?

_____ adjustments that need to be _____ to _____ _____ _____ _____ settings to _____ _____?

Is there any _____ or _____ _____ needs _____ _____ adjusted while _____ _____ _____ a routers/modem _____ for homes?

I _____ _____ know _____ _____ _____ help _____ _____ _____ necessary _____ to _____ for _____ configuration on my combined _____ routers and modem unit.

_____ you tell me _____ _____ need _____ _____ my _____ in _____ _____ setup a QoS _____ my home _____?

Should _____ _____ of certain _____ _____ _____ _____ it's _____ to set up the QoS _____ a _____?

What changes need _____ be made _____ _____ QoS _____ _____ the _____ combo _____?

_____ you _____ me if _____ are _____ _____ _____ values I should change _____ _____ up QoS _____ my _____ router?

_____ _____ _____ required to enable QoS _____ _____ modem/router combo at _____?

_____ _____ parameters _____ need _____ _____ adjusted for QoS _____ on _____ residential router/modem _____.

While _____ _____ of service with _____ _____ _____ combo _____ are _____ any specific _____ to _____ made?

Can _____ tell _____ if I should _____ settings _____ I _____ to _____ _____ _____ _____ on my _____ modem?

I _____ like _____ _____ _____ there _____ any settings or values _____ I _____ change when _____ _____ _____ on my home _____.

Do _____ know if _____ _____ _____ _____ settings in _____ to setup a good _____ _____ service _____ my _____?

Do certain values need _____ _____ _____ while setting up _____ _____ _____ modem-router _____?

_____ modifications must _____ make to my _____ _____ QOS _____?

Is _____ _____ requirement for adjusting _____ while setting _____ QoS _____ a _____ _____?

_____ some _____ need to be _____ when _____ _____ on _____ modem?

_____ _____ certain _____ that need to _____ made _____ _____ QoS _____ a _____ modem/router device.

_____ _____ the parameters that need to be _____ _____ the QoS _____ _____ _____ _____?

Is _____ _____ to _____ _____ _____ QoS when configuring a combo _____ _____ home?

_____ modifications _____ to be made to the _____ _____ _____?

_____ _____ _____ _____ if I should adjust _____ in order _____ setup a _____ in my _____ _____?

_____ want to know _____ any parameters or _____ _____ to _____ changed _____ configuring QoS _____ _____ combined _____ _____ home.

Is there any _____ value _____ _____ _____ _____ _____ up QoS on a combo _____?

_____ _____ _____ if I should adjust my settings to _____ _____ _____ Quality of Service _____ _____ _____ andmodem?

The configuration of _____ on an all-in-one home _____ _____ _____ need _____ _____ _____.

_____ the home _____ _____ QoS _____ is it _____ _____ change parameters?

_____ there any _____ _____ _____ _____ _____ _____ to be _____ when configuring QoS on _____ combined _____?

What changes _____ be _____ to set up QoS _____ _____ _____ _____ combination _____?

Do certain ____ ____ to ____ ____ while configuring ____ ____ ____ home modem-router set-up?

Is ____ ____ to change parameters ____ values ____ ____ QoS on my combined routers ____ ____ ____ ____?

Please ____ me know ____ there ____ ____ ____ or values ____ ____ ____ change when setting up ____ on ____ home ____.

Do you know ____ ____ are ____ ____ setting ____ QoS on ____ ____ unit?

Can you tell me ____ ____ ____ ____ adjust ____ ____ ____ to ____ a good ____ of ____ at my home ____ modem?

____ ____ possible to ____ the changes ____ ____ and values for QoS ____ ____ ____ home router/modem ____?

Does ____ home ____ combo need ____ ____ ____ configuration changes?

____ ____ any ____ ____ necessary for applying QoS ____ ____ modem?

Can ____ ____ ____ if ____ are any ____ or ____ that I should ____ ____ setting ____ ____ on my modem?

____ you ____ ____ ____ ____ should adjust some settings ____ ____ want to setup ____ ____ on my home ____ and home ____?

____ ____ the QoS on an ____ home ____ ____ required?

Is there ____ ____ ____ required for ____ QoS ____ a ____ ____ combo?

Is there ____ ____ ____ for ____ parameters when ____ up ____ ____ ____ residential routers?

____ configuring ____ QoS ____ ____ all-in-one home ____ ____ ____ any ____ specifications require tweaking?

____ you know ____ ____ ____ adjust ____ to setup ____ ____ on my home ____ and ____ routers?

____ ____ like ____ ____ ____ any of the parameters or ____ ____ to ____ ____ when configuring QoS on ____ ____ router/modem at ____

If there ____ ____ specific settings ____ adjustments that need to ____ made ____ ____ setup ____ ____ on ____ home ____ combination, ____

____ ____ make ____ ____ to values ____ configuration to enable ____ ____ an ____ domestic ____ gadget?

____ ____ ____ me ____ ____ should ____ ____ settings to ____ a ____ quality of service at my homenetworking ____?

When ____ ____ ____ ____ all-in-one ____ ____ gizmo, should ____ be specific changes ____ values or ____?

Should any changes ____ made ____ ____ ____ configuration when enabling QoS on ____ ____ ____ ____ ____?

____ there ____ ____ needed ____ the ____ ____ QoS on these ____ devices?

____ wondered if ____ were changes ____ ____ made ____ the ____ ____ on the ____ and ____.

____ of QoS on ____ router/modem ____ ____ ____?

What are ____ specific parameters ____ ____ to ____ ____ for ____ ____ in a residential ____?

Is ____ ____ definite ____ needed ____ applying Quality of ____ ____ to ____ ____ modems?

Does the ____ ____ ____ ____ ____ all-in-one home modem/router ____ to be adjusted?

____ would like ____ know ____ ____ parameters ____ values need to ____ changed ____ configuring ____ on ____ ____ router/modem ____ home.

____ ____ necessary to change any particular ____ or values ____ ____ ____ ____ QoS ____ an all-in-one ____ modem/router

____ ____ the changes needed ____ enable QoS ____ ____ modem/router ____?

When ____ ____ QoS on a ____ router/modem, ____ ____ ____ ____ or ____ to adjust?

____ configuring ____ ____ my ____ ____ at home, any parameters or ____ ____ ____ changed?

Do you ____ ____ ____ need ____ ____ some settings ____ I want ____ setup ____ QoS ____ my modem?

____ enabling ____ ____ an all-in-one ____ network gadget, ____ values ____ changed?

What ____ are needed ____ setting up ____ ____ ____ home ____?

Is it ____ ____ ____ ____ parameters ____ settings when setting ____ ____ QoS ____ a ____ and home router?

____ it's ____ ____ setup the ____ of ____ ____ ____ home router and ____ should the configuration ____ changed?

____ you ____ some parameters ____ values ____ configuring ____ ____ a modem-router ____?

____ ____ ____ ____ ____ there ____ ____ particular settings ____ values ____ I ____ change when setting up QoS ____ my home modem.

I wondered ____ ____ ____ changes ____ be made ____ ____ QoS configuration on ____ combined ____ modem ____.

____ of ____ ____ ____ for a combined ____ modem/router ____ may be ____.

____ ____ wondering if there ____ ____ ____ to ____ ____ for the ____ configuration on my modem and ____.

What ____ adjustments ____ required to set ____ ____ ____ ____ home routers?

____ changes are needed ____ enable ____ of ____ on ____ ____ combo?

____ ____ like ____ ____ ____ there are ____ ____ ____ values I need to change ____ setting up ____ ____ my home routers.

____ one make ____ to values or ____ ____ order ____ ____ QoS ____ ____ ____ domestic network gadget?

____ it ____ ____ ____ setup ____ ____ ____ ____ on a ____ routers and ____ should the configuration be changed?

Do I need ____ ____ ____ ____ ____ on ____ home routers?

Any ____ ____ that need to be ____ ____ ____ QoS on ____ ____ routers ____?

What changes ____ ____ ____ ____ QoS ____ a home combo ____

Is changing ____ ____ options ____ ____ applying QoS ____ ____ home ____ setup?

Are there ____ ____ ____ ____ that need ____ be ____ ____ configuring QoS on ____ combined ____?

Is ____ ____ ____ ____ ____ option that ____ adjustment while ____ ____ ____ a routers/modem combo for homes?

____ ____ necessary ____ the ____ setup for a ____ modem/router device?

Do ____ ____ ____ to be ____ for ____ device ____ setup?

____ it necessary to change certain ____ during the ____ of ____ on ____ typical ____ ____ ____ ____?

____ the configuration ____ QoS on a ____ ____ need ____ be ____?

____ ____ necessary to ____ certain ____ or ____ while configuring ____ ____ ____ home ____ set up?

Is it ____ ____ modify certain settings during ____ ____ ____ ____ ____ ____ home routers and modem ____?

____ configuring ____ on a ____ ____ ____ ____ have to be adjusted?

Do ____ parameters ____ ____ ____ adjusted when ____ QoS on a ____?

Do ____ ____ ____ to ____ ____ when ____ QoS on a ____ modem-router ____ up?

If ____ want to ____ ____ good quality ____ service ____ my ____ I ____ to ____ if I ____ ____ some ____

When ____ ____ quality ____ service ____ ____ Home Router/Modem combo ____ are ____ ____ changes you need to ____?

Setting ____ ____ ____ ____ on a homeWRT/modem combo requires adjusting ____ ____.

When configuring ____ ____ of ____ ____ on your home ____ ____ certain ____ necessary?

If ____ ____ to ____ a good ____ ____ ____ ____ my ____ can you tell me ____ I should ____ settings?

Is it ____ ____ modify ____ settings ____ ____ QoS ____ ____ combo modem?

When ____ ____ to set ____ ____ QoS ____ a home ____ should the configuration of ____ parameters ____ ____?

____ you be ____ to adjust ____ and values ____ configuring ____ ____ a ____ ____?

____ it necessary ____ change ____ configuration ____ when ____ ____ to ____ modem?

When ____ ____ ____ ____ home modem/router ____ ____ it necessary to change ____ ____ configuration?

____ ____ necessary ____ modify ____ settings for ____ QoS on ____ ____ modem/router at ____?

configuration ____ ____ ____ ____ ____ router/modem ____ any specific adjustments needed?

I ____ ____ ____ ____ ____ ____ to be made for the ____ configuration on my modem ____ ____.

Do you ____ ____ settings ____ ____ to ____ QoS on a ____ ____?

What ____ are needed to ____ QoS ____ ____ home routers/modem ____ ____?

____ are ____ ____ ____ ____ need ____ ____ made ____ ____ QoS on a home routers/modem combo?

____ ____ necessary to change any ____ configuration to ____ ____ ____ a ____ modem?

____ it possible ____ give ____ about the necessary ____ to ____ ____ ____ for ____ in a ____ routers/modem ____?

If I ____ ____ ____ ____ ____ ____ of ____ at my homenetworking andmodem, I ____ ____ know whether ____ ____ I should adjust

____ there any changes required for ____ ____ of ____ ____ ____ combo ____?

____ ____ ____ if ____ ____ ____ settings required ____ set QoS on a home ____?

I ____ to ____ if ____ should adjust ____ ____ setup ____ ____ ____ my home modem ____ home routers.

Any specific adjustments required for ____ QoS ____ ____ ____ ____ ____

____ ____ ____ changes to values ____ ____ to ____ ____ ____ an all-in-one domestic network gadget?

____ ____ have any specific ____ ____ ____ ____ need to ____ made ____ QoS ____ ____ my home router/modem combination, please give ____

____ a home ____ ____ need to be ____ for quality ____ ____?

Should ____ adjust some settings if I want ____ ____ ____ ____ quality of service ____ ____ home ____ ____?

____ changes are ____ ____ setup ____ ____ a home combo ____

____ you tell ____ if ____ ____ ____ settings in ____ ____ setup ____ good ____ of Service at ____ home server/modem?

____ ____ ____ for ____ ____ of QoS on ____ all-in-one ____ modem/router ____ to be adjusted?

When ____ ____ to a ____ setup, is it ____ ____ change ____?

____ ____ necessary ____ change ____ parameters or values ____ configuring ____ ____ my combined router/modem ____ ____

Do ____ ____ if there ____ unique ____ or values ____ ____ ____ setting ____ QoS on a ____ router?

What ____ are needed ____ the QoS ____ on a ____ ____ ____?

____ ____ home routers/modem combo ____ to ____ QoS configuration ____?

_____ it necessary _____ _____ the _____ setup for a _____ _____ modem/router _____?

Is _____ necessary _____ change any _____ _____ _____ when _____ QoS _____ my _____ _____ and modem?

Can you _____ me _____ there _____ _____ specific adjustments _____ _____ _____ QoS _____ a _____ routers/modem combo?

Should _____ adjust _____ _____ _____ a good quality of _____ _____ my _____ andmodem?

Is _____ any _____ that requires attention _____ _____ _____ _____ on a combo _____?

Is _____ _____ to _____ the parameters or settings _____ _____ to _____ _____ the QoS _____ a _____ modem _____?

_____ _____ Quality of service _____ _____ homeWRT/modem combo _____ adjustments to _____ _____.

Is _____ any clarification _____ _____ necessary changes to _____ _____ values for QoS _____ in _____ _____ _____ combo?

Is there a _____ value that _____ _____ in _____ _____ QoS _____ _____ _____ device?

Is it necessary _____ _____ configuration of _____ on _____ _____ home modem/router unit _____ _____ _____?

_____ _____ _____ to setup _____ QoS _____ a _____ _____ and modem, should the _____ _____ changed?

_____ _____ QoS _____ a modem, _____ _____ parameters call for _____?

_____ _____ _____ and _____ that need to be adjusted while setting _____ Quality of _____ _____ _____ _____ combo

_____ changes _____ needed to _____ _____ the _____ on _____ home _____ device?

_____ certain values or parameters _____ _____ be _____ _____ configuring _____ on a home _____ _____?

_____ _____ tell _____ if _____ _____ adjust _____ _____ to setup _____ good Quality of Service at my _____?

Some _____ _____ needed _____ _____ the _____ of _____ _____ on _____ home router/modem setup.

_____ _____ tell me if _____ _____ _____ _____ _____ in order to setup _____ good quality of _____ at _____ home _____?

There _____ _____ _____ _____ variables _____ _____ to be modified in _____ _____ setup _____ a combined home _____ device.

_____ I want to setup a _____ quality _____ service _____ _____ homenetworking/modem, can _____ _____ me what _____ _____ _____?

_____ _____ _____ me _____ I _____ adjust some settings _____ order _____ _____ a good quality _____ _____ at my home broadband _____?

_____ are the _____ that need _____ _____ adjusted for _____ configuration _____ a _____ _____?

_____ _____ like to _____ if there are any _____ or _____ I _____ adjust _____ setting up _____ _____ my _____ _____.

When enabling QoS _____ _____ all-in-one _____ network gadget, should _____ _____ specific changes _____ _____ _____ _____?

What _____ _____ needed _____ _____ of _____ settings to _____ applied _____ home-based modems?

_____ _____ _____ _____ necessary _____ modify _____ parameters or settings _____ the configuration of _____ on a _____ _____ network setup?

_____ you _____ _____ if _____ should _____ my _____ to _____ _____ QoS in _____ home network?

When applying _____ to a modem/router _____ _____ _____ necessary _____ _____ any _____?

I need _____ guidance _____ _____ _____ changes to make _____ _____ _____ _____ my modem and _____ routers.

_____ there _____ _____ or _____ that requires _____ in configuring QoS _____ a _____ _____ for _____?

Can you _____ me _____ there are unique settings _____ _____ _____ adjust _____ setting up _____ _____ a _____ _____?

_____ _____ _____ _____ device _____ to be adjusted for QoS?

What changes _____ required _____ _____ QoS on the _____ _____ _____ home?

_____ _____ _____ that _____ to be _____ for _____ Quality of Service settings _____ home-based _____?

_____ _____ make _____ to modify _____ _____ or _____ during _____ setup of QoS _____ a _____ _____ routers and _____ setup?
