[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	VoIP (Voice over IP) compatibility and setup
Inquiry Sub-Category	VoIP call connectivity issues
Description	Customers encounter difficulties connecting to VoIP servers or experiencing intermittent connectivity problems during VoIP calls, seeking guidance in diagnosing and resolving these issues for seamless and uninterrupted VoIP communication.
Data Size	5,075 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

____ ____ ____ affect SIP-based voice traffic performance in ____ ____ ____ or WhatsApp ____?

The ____ ____ voice over ____ protocol service can ____ affected by firewalls, ____ ____ ____ ____ in ____ likeWhatsApp

____ a ____ ____ call ____ ____ SIP apps?

____ ____ ____ that ____ ____ proper functioning of Skpe and Whatsapp ____ ____?

____ you ____ if the quality ____ communication ____ ____ ____ ____ is affected by ____ firewalls?

I am ____ whether using ____ ____ ____ affect ____ ability to make clear calls ____ ____ ____ ____.

Do the ____ of call ____ used in applications ____ ____ ____ Skype go down ____ ____ ____ are ____ ____?

____ ____ ____ ____ ____ the quality of voice communication ____ and other ____ chat ____ because of ____ firewall procedures ____ ____?

The setting ____ ____ firewall can affect ____ ____ ____ ____ voice traffic through platforms ____ ____.

____ ____ ____ a factor in ____ well Skype ____ work?

____ ____ of firewalls ____ affect the quality ____ SIP-based ____ traffic ____ ____ ____ such asSkype.

____ performance ____ call traffic in two ____ chat services is ____ ____ ____ effects ____ ____.

The performance ____ voice ____ using SIP on ____ ____ as Skype ____ ____ ____ ____ ____ with the deployment of ____

I ____ ____ ____ how the firewalls ____ the SIP traffic ____ ____ ____

____ ____ firewalls impede the functioning ____ ____ features such as ____ ____ ____?

What ____ the impact of ____ ____ ____ ____ ____ ____ ____ traffic to or through ____ messaging app?

Did ____ ____ a bad ____ ____ SIP-based voice ____ ____ it ____ ____ the likes of whatsapp ____ skype?

____ unclear how ____ ____ ____ the proper functioning ____ both Skpe ____ ____.

I'm ____ into ____ ____ firewalls have ____ ____ ____ ____ rooms ____ rely ____ SIP technology, such as ____ ones ____ ____ with Skype

Is there a ____ ____ the quality ____ voice ____ ____ ____ other popular ____ applications due to ____ ____?

____ ____ ____ impede the ____ of communication features such ____ ____ and ____ call ____?

The ____ ____ voice ____ using ____ on applications ____ as Skype, or ____ SIP applications, ____ ____ there ____ ____ in ____ area.

The ____ ____ voice ____ internet ____ ____ and some ____ apps, ____ be ____ by firewalls.

The ____ of voice ____ internet ____ ____ can be affected ____ ____ firewall in ____ apps ____ and ____.

Can settings ____ ____ firewall ____ ____ ____ to use SIP-based calls ____ ____ such ____?

____ a ____ is ____ ____ happens to ____ SIP ____ ____ ____ ____ using apps like Skype?

The quality _____ voice _____ _____ protocol services _____ be affected by _____ _____ _____ some _____.

_____ _____ quality of Voice _____ _____ via _____ via _____ likeSkype and _____ _____ on how Firewall is _____?

_____ are SIP _____ that _____ _____ data, _____ do you _____ _____ affected _____ the firewalls?

_____ performance ofSIP-based _____ _____ to _____ fro on the _____ _____ _____ _____ _____ likes ofWhatsApp has an _____ on which firewalls _____

What does _____ performance _____ voice _____ using SIP _____ applications such as Skype, _____ other _____ _____ _____ _____ there _____ _____?

It is _____ known _____ the _____ functioning of _____ _____ and Whatsapp _____ _____ by _____.

_____ _____ the _____ _____ firewall _____ the _____ of call traffic in _____ popular messaging _____?

Is the _____ _____ Voice Data _____ _____ _____ via applications _____ Skype _____ on _____ Firewalls?

The _____ _____ firewalls _____ the performance _____ call _____ to _____ _____ a messaging _____

_____ wonder _____ _____ quality _____ _____ communication inSkype and other _____ _____ applications _____ changed due to _____ firewall _____.

Is _____ performance _____ calls _____ using SIPs _____ applications affected _____ the _____ _____?

_____ a _____ _____ used, what happens _____ _____ SIP _____ _____ voice _____ with _____ like Skype?

The performance _____ voice transmissions using SIP _____ _____ _____ as Skype, or _____ _____ _____ _____ the _____ of firewall

How _____ firewalls impede _____ functioning _____ communication _____ such _____ _____ and _____ call _____ in _____ ways?

It's a _____ about _____ _____ _____ _____ influence _____ _____ well WhatsApp and Skype works.

_____ the quality of my _____ affected _____ _____ use of _____ _____ messaging _____ that _____ _____ firewalls _____ place?

_____ a _____ _____ _____ the quality of voice over internet protocol _____ _____ _____ _____ most notably _____ the apps _____.

_____ _____ quality for Skype _____ be hampered _____ _____.

_____ _____ _____ explanation as to _____ based _____ traffic _____ governed by the firewalls _____ _____ on phones _____.

The _____ _____ call _____ _____ two popular messaging apps _____ _____ by _____ _____ of firewalls.

The _____ _____ SIP-based _____ _____ _____ _____ applications _____ Whatsapp and _____ _____ go down after the firewalls are _____ on.

There _____ a _____ _____ we _____ see _____ _____ firewalls on SIP based phone _____ _____ _____ likeSkype or _____ like.

_____ a _____ we'll _____ impact from _____ on _____ based phone calls _____ _____ likeSkype or _____ _____.

What impact does firewalls _____ on _____ _____ ofSIP-based _____ _____ _____ two _____ _____ apps?

Do you know _____ _____ _____ _____ _____ down by firewalls?

_____ isn't _____ _____ _____ impede the _____ functioning of both _____ and _____.

_____ _____ firewalls impede _____ functioning of _____ features such as _____ _____ _____

Does _____ performance _____ _____ _____ using SIPs _____ applications _____ _____ _____ a firewalls's presence?

Is _____ quality of Voice _____ _____ _____ SIP via _____ _____ _____ _____ whatsapp depends on _____ _____ is installed?

_____ quality _____ voice _____ _____ _____ services can be affected _____ _____ use of a _____

_____ are the _____ in _____ _____ can impede the _____ _____ communication features _____ as _____?

_____ the _____ of _____ _____ using SIPs on _____ _____ by _____ Firewall?

_____ want to know _____ _____ impact _____ firewalls _____ _____ the performance _____ _____ Traffic _____ which _____ SIP technology.

Does _____ quality _____ _____ Data Transferred via SIP via applications _____ _____ _____ _____ how well the _____ _____ set _____?

Which _____ affects _____ performance ofSIP-based _____ traffic _____ _____ _____ _____ the _____ services provided by _____ likes _____ or

Can _____ performance of _____ _____ using SIPs on _____ like _____ be affected _____ _____ _____ _____ to _____ traffic?

_____ is the impact _____ a firewalls _____ two _____ _____ _____?

_____ the _____ can _____ _____ quality of SIP-based _____ traffic when _____ is _____ through _____ such _____.

Which _____ _____ _____ affect on the performance _____ _____ traffic _____ _____ fro _____ _____ _____ services provided by the likes _____.

_____ a _____ _____ used, what _____ to the performance _____ voice transmissions using _____ _____ _____.

What _____ can _____ _____ have on the performance of _____ traffic _____ _____ _____ _____ likeSkype?

_____ _____ _____ _____ in some popular applications that _____ quality of _____ over _____ protocol _____ can _____ _____ by firewalls.

_____ _____ _____ impact of _____ on the _____ _____ call _____ _____ or through a _____ application?

What is the impact _____ firewalls _____ the performance _____ _____ _____ _____ two _____ internet _____ _____?

_____ _____ a reason why _____ settings _____ _____ the _____ of calls made through platforms _____ _____ or _____?

_____ tell _____ _____ the influence of the firewalls _____ _____ SIP-based _____ _____ that _____ _____ apps of Skype.

_____ is the _____ _____ firewalls on the performance _____ _____ _____ in _____ popular internet based _____ _____.

_____ _____ deployment of _____ what _____ the _____ of voice transmissions _____ SIP _____ _____ like Skype, or _____ _____ applications?

Can _____ tell me if _____ _____ affect _____ _____ _____ services _____ asWhatsApp andSkype _____ make calls?

_____ voice _____ _____ _____ are _____ by firewalls

What _____ _____ the firewalls have on _____ _____ _____ _____ _____ when using _____ likeSkype?

The _____ _____ _____ over _____ _____ calls can _____ affected _____ firewalls, along _____ popular apps.

_____ _____ _____ _____ _____ _____ _____ on _____ performance ofSIP-based _____ traffic in two popular internet calling apps?

When _____ are _____ in the area, what _____ the performance _____ voice _____ _____ SIP _____ _____ _____ _____ do?

How _____ a _____ affect SIP _____ _____ using popular online _____ _____ _____?

_____ _____ like _____ _____ _____ a _____ affects the efficiency of _____ _____ Voice _____ _____ using _____ apps such as skype

_____ _____ _____ _____ _____ what _____ _____ performance of voice transmissions using _____ on applications like _____ change?

_____ _____ _____ call traffic _____ two popular chat services _____ impacted _____ _____ impact of _____.

Will _____ traffic on SIP _____ be _____ by _____ _____?

_____ a firewalls _____ _____ what happens to the SIP _____ _____ _____ _____ applications like _____?

What effect does a _____ _____ _____ the _____ _____ call _____ to or _____ _____ _____ app?

I wonder _____ _____ _____ _____ voice communication inSkype _____ other _____ _____ applications has changed _____ _____ the firewall _____.

What impact does firewalls have on _____ performance _____ call _____ _____ _____ popular _____ _____ _____?

_____ _____ _____ _____ _____ quality of _____ in applications like _____ is _____ by using _____ firewalls?

_____ performance _____ call _____ in two popular _____ _____ services _____ affected by _____ _____ _____ firewalls.

I _____ _____ explanation _____ to _____ voice _____ is _____ by _____ firewalls _____ used on phones _____ _____ ones at _____

_____ performance ofSIP-based _____ traffic in two popular _____ are _____ _____ _____.

SIP-based calling _____ for _____ is _____ by _____ _____.

_____ _____ clear how the _____ functioning of both Skpe _____ _____ can _____ _____ _____ firewalls.

Do _____ think _____ _____ affect _____ _____ to use _____ such _____ andSkype to _____ people?

_____ _____ _____ _____ firewalls _____ on _____ quality invailing services such as the one used by _____ _____ _____?

Will _____ _____ on _____ _____ be _____ by a firewalls?

_____ _____ _____ _____ impede proper functioning of Skpe _____ Whatsapp _____ features?

Do you _____ _____ _____ _____ my ability to useWhatsApp _____ _____ call _____?

_____ can firewalls _____ _____ _____ _____ communication _____ such _____ Skpe and Whatsapp Call?

_____ _____ be _____ _____ the apps that _____ of _____ over internet _____ _____ _____ be affected by firewalls.

_____ quality _____ voice _____ internet protocol services _____ be _____ _____ _____ _____ of _____ _____ in the apps ofSkype.

I'm _____ _____ whether _____ a _____ _____ affect my ability to make clear _____ _____ _____ and _____.

Do you _____ security barriers _____ my ability _____ _____ _____ _____ other people?

How _____ _____ _____ _____ functioning of _____ features _____ as Skpe and Whatsapp _____ _____?

_____ quality of _____ _____ internet protocol _____ can _____ affected by firewalls, which _____ _____ _____ _____ popular apps.

_____ _____ _____ _____ _____ to _____ based voice traffic _____ governed by _____ _____ when used on phones _____ and _____ likes.

When _____ firewalls is _____ _____ happens _____ theSIP _____ of _____ transmissions _____ apps like _____?

There _____ a _____ _____ the quality of voice communication _____ _____ other _____ chat applications _____ _____ _____ _____ _____ on them.

Which firewalls _____ the _____ ofSIP-based _____ traffic _____ and fro on _____ internet _____ provided by _____ _____ _____?

When _____ _____ firewalls, what changes in _____ performance of _____ transmissions _____ SIP on applications _____ Skype _____ _____ _____ _____?

There _____ a question about _____ _____ _____ firewalls on the performance of _____ _____ _____ _____ _____ chat services.

_____ the _____ of Voice _____ _____ via SIP _____ applications _____ _____ Whatsapp _____ _____ how well _____ _____ _____ kept up to date?

I _____ _____ know what role the firewalls _____ _____ the performance _____ voice _____ in relation _____ _____ _____ _____ _____ calling.

_____ performance of voice transmissions using SIP on _____ _____ Skype, _____ other _____ _____ _____ the deployment _____ _____

_____ _____ quality of _____ _____ _____ via _____ _____ _____ like skype and whatsapp dependent on how Firewall _____ _____?

The quality _____ _____ _____ internet _____ service _____ be _____ by firewalls, which can be _____ in _____ _____.

When _____ _____ used, _____ happens to the SIP performance _____ _____ _____ using _____ like _____ and others?

_____ applications _____ _____ data, but _____ they _____ _____ the firewalls?

_____ _____ like _____ know how _____ firewalls _____ _____ _____ _____ voice traffic that goes throughSkype

_____ _____ of _____ _____ traffic in _____ popular _____ calling apps are _____ _____ firewalls.

_____ _____ _____ _____ _____ the performance ofSIP call _____ in _____ popular _____ based _____ services is unknown.

The _____ ofSIP-based call _____ in two popular _____ _____ apps _____ subject _____ _____ _____ of _____.

Do _____ _____ if the quality _____ _____ _____ _____ such _____ is affected by certain _____?

_____ _____ _____ impede proper functioning _____ Skpe and _____ call _____.

Is _____ a _____ in the _____ _____ _____ inSkype and _____ _____ _____ because of the firewall procedures on _____?

Can _____ _____ affect voice _____ onWhatsApp _____?

_____ quality _____ voice _____ internet protocol (VoIP) _____ can be affected _____ _____ _____ particular use in _____ _____ _____ _____ calling

How can _____ impede _____ proper _____ _____?

Is the performance _____ _____ traffic _____ _____ popular internet _____ _____ _____ _____ the impact _____ firewalls?

_____ don't understand _____ _____ traffic is _____ by _____ firewall when used _____ phones _____ _____ the _____.

_____ _____ of _____ over _____ protocol service can _____ _____ by firewalls _____ can _____ _____ _____ in some popular apps.

The _____ ofSIP-based _____ _____ in two _____ internet calling _____ can _____ adversely _____ _____ firewalls.

How can _____ _____ _____ the functioning of _____ features _____ _____ Skpe?

When _____ are firewalls, _____ _____ the _____ _____ _____ transmissions using _____ on applications such _____ _____ look like?

What does _____ impact _____ a firewalls have _____ the _____ _____ call _____ _____ _____ _____ a messaging app?

Do _____ _____ _____ _____ call traffic _____ in _____ _____ Skype and _____ _____ down _____ the firewalls are turned on?

I _____ an explanation as _____ howSIP- _____ _____ traffic is _____ by the _____ when used _____ _____ _____ _____ _____ likes.

_____ would like _____ _____ how _____ firewalls affects the _____ _____ using _____ Voice traffic _____ using on _____ _____ as skype _____ _____

_____ _____ of _____ _____ internet _____ services _____ _____ affected when a _____ is _____ most notably in the app _____.

The _____ of _____ _____ _____ internet protocol service _____ _____ _____ by firewalls, as can _____ popular _____.

The _____ _____ firewalls on _____ _____ ofSIP-based _____ traffic in two _____ _____ platforms.

_____ voice _____ in _____ _____ impacted _____ firewalls.

_____ _____ SIP based _____ _____ and in _____ when _____ is used for _____ _____ _____ WhatsApp or Skype, does _____ effect _____ _____?

The quality _____ voice _____ internet protocol _____ and popular apps _____ _____ impacted by _____ _____ of _____ _____.

_____ calling _____ for Skype is _____ by _____ _____.

When there _____ _____ _____ _____ the performance _____ voice _____ using _____ on applications such _____?

Which _____ _____ have an _____ on the performance ofSIP-based call traffic _____ and _____ on _____ internet _____ _____ _____ _____ likes _____

SIP- _____ _____ traffic, _____ in _____ _____ _____ is used _____ communication _____ asWhatsApp orSkype, _____ _____ effect of firewalls?

It can be seen _____ the _____ that _____ quality of _____ _____ internet protocol _____ _____ be _____ _____ a _____.

_____ _____ _____ _____ have on the performance _____ call _____ to or _____ _____ apps?

_____ would _____ _____ _____ how a _____ affects the _____ of using _____ Voice traffic _____ using on apps _____ skype _____ _____.

_____ can firewalls _____ the _____ of communication _____ such _____ _____?

_____ a _____ is used, _____ _____ _____ the _____ of voice _____ using apps _____ _____ Skype?

_____ performance _____ call traffic _____ two _____ internet _____ apps _____ _____ _____ by firewalls.

_____ well _____ firewalls are _____ up _____ the _____ _____ Voice Data Transferred _____ _____ via _____ likeSkype

I need to know how _____ firewall regulates _____ _____ _____ _____ I _____ _____ _____ skype.

_____ calls _____ _____ likeWhatsApp orSkype can _____ _____ effect _____ a firewall.

Does the Firewall affect _____ _____ _____ _____ _____?

_____ firewalls impact the _____ _____ _____ traffic _____ and fro on _____ _____ _____ provided by _____ likes ofSkype _____

_____ there a _____ in _____ _____ of _____ communication inSkype and other chat _____ because _____ the _____ procedures _____ _____?

_____ is _____ effect on _____ quality of _____ _____ _____ protocol services when _____ _____ _____ used

The performance _____ _____ _____ using SIP _____ applications such _____ Skype, or other _____ _____ changes when there _____ _____ _____ the _____.

_____ firewalls have _____ effect on _____ _____ ofSIP-based call traffic _____ and _____ _____ the _____ services _____ byWhatsApp

_____ can _____ _____ functioning _____ _____ other applications?

_____ _____ _____ bad Firewall that _____ SIP-based voice _____ _____ _____ comes to _____ _____ of whatsapp and skype?

I don't _____ howSIP _____ voice traffic is governed _____ _____ _____ _____ used _____ phones likeSkype _____ the _____.

The quality _____ voice _____ _____ protocol _____ can be _____ _____ _____ _____ _____ some popular apps.

_____ does _____ performance _____ voice _____ _____ SIP _____ applications _____ as Skype _____ when _____ are firewalls?

How can firewalls _____ _____ _____ of _____ features _____ as Skpe and _____ _____ _____?

Which firewalls _____ _____ _____ on _____ _____ ofSIP _____ _____ _____ and fro _____ the internet services _____ by the _____ ofSkype

____ ____ ____ clear ____ the proper ____ of ____ Skpe and ____ is affected ____ firewalls.

____ ____ ____ impede ____ functioning of the communications ____ ____ as ____ and Whatsapp?

I am ____ into ____ impact of ____ ____ the performance ____ SIP technology used ____ ____ ____ ____ Skype.

____ ____ on ____ ____ make ____ to ____ SIP-based calls ____ using platforms likeWhatsApp?

____ ____ ____ ____ voice communication inSkype and other popular chat ____ ____ by ____ Firewall ____?

____ can a ____ impede ____ functioning ____ ____ features such ____ Skpe and ____?

____ ____ firewalls prevent proper ____ ofSkpe ____ call features ____ ____ popular messaging ____

____ the quality ____ ____ communication inSkype ____ other chat applications ____ ____ ____ firewalls ____ ____ them?

I want ____ ____ ____ ____ impact ____ firewalls is ____ ____ ____ of Voice ____ inSkype which use SIP ____

The performance ____ SIP-based ____ traffic in ____ ____ internet ____ ____ are ____ by ____ impact of ____.

____ fire walls ____ factor ____ how ____ WhatsApp ____ ____ call?

What effect ____ the ____ have ____ the ____ ____ ____ traffic ____ ____ messaging applications like ____?

Is ____ ____ ____ the threat ____ a firewalls ____ ____ voice traffic ____ ____ Skype?

The performance of ____ apps can ____ affected ____ ____ ____.

SIP-based ____ using platforms like ____ can ____ an ____ on ____ ____ ____ ____ firewalls.

I would ____ to know how ____ firewalls affects ____ ____ of ____ ____ Voice traffic ____ using on ____ ____ Skype ____ ____.

There are ____ ____ ____ ____ ____ proper functioning of Skpe and ____ ____ features.

The performance ____ voice transmissions ____ ____ on applications ____ ____ Skype ____ other SIP ____ changes when ____ are firewalls ____ ____ ____

____ ____ ____ explanation ____ ____ how SIP-based ____ traffic is governed by ____ ____ when ____ ____ ____ such as ____ ones at Skype

____ ____ quality of ____ call ____ ____ ____ applications like ____ and ____ go ____ after the firewalls are ____?

____ ____ are ____ ____ the ____ ____ does the performance of voice ____ using ____ on ____ ____ as Skype, or ____ SIP ____ ,

The quality ____ ____ ____ ____ ____ ____ can ____ affected ____ a ____ in the app ofWhatsApp

SIP-based ____ quality ____ ____ affected ____ some ____.

Do you ____ a ____ ____ ____ ____ voice ____ ____ it ____ to ____ likes of whatsapp and skype?

When a firewalls ____ ____ what ____ to ____ ____ performance of ____ transmissions using ____ ____

____ ____ ____ SIP-based ____ traffic used ____ applications like Whatsapp go ____ ____ there is a ____ ____ place?

Is the quality ____ Voice ____ Transferred via ____ ____ ____ ____ Skype ____ ____ their Firewalls?

How ____ Firewalls impede ____ functioning ____ both ____ and Whatsapp ____ ____?

How ____ firewalls ____ the functioning of ____ ____ such ____ ____ and ____ ____ features?

When ____ phones likeSkype ____ ____ likes, ____ need ____ ____ as ____ howSIP- based voice ____ ____ ____ by the firewalls.

____ the quality ____ ____ ____ ____ ____ in ____ like ____ go ____ if firewalls are used?

Is the ____ ____ voice communication inSkype ____ the ____ popular ____ ____ ____ due to ____ firewall ____?

The quality of voice ____ ____ ____ service can be impacted ____ ____ and ____ ____ also be ____ ____ some ____ ____.

There's a ____ we'll see impact ____ ____ ____ SIP based phone ____ using ____ ____ ____.

____ firewalls ____ ____ performance ofSIP- ____ call ____ to and ____ on the ____ ____ provided by ____ likes ____

How ____ ____ firewalls ____ the functioning ____ ____ ____ such as Skpe.

____ is ____ ____ ____ firewalls ____ the ____ of call traffic ____ two ____ chat platforms?

____ can ____ impede ____ functioning of ____ features ____ Skpe ____ Whatsapp.

____ ____ are ____ in the ____ the performance ____ voice ____ using SIP on applications ____ asSkype, ____ ____ ____ applications, ____.

There are ways that ____ can impede the ____ ____ ____ ____ ____ ____ features.

I ____ ____ ____ ____ to ____ ____ voice traffic ____ governed by the firewalls, when ____ on phones ____ ____ ____ likes.

____ ____ a reason ____ firewall ____ might affect ____ ____ ____ speed ____ ____ traffic ____ websites likeSkype and Whatsapp?

Is the performance of ____ ____ apps ____ by ____ ____?

What is ____ impact ____ ____ ____ the performance ofSIP ____ to ____ through ____ ____ application?

____ it ____ that security ____ affect my ____ to ____ ____ ____ ____ andSkype to ____ calls?

I want ____ ____ ____ ____ firewalls ____ ____ SIP based voice traffic that ____ ____ orWhatsApp.

____ ____ of ____ firewall can affect ____ quality of ____ ____ traffic ____ it ____ made through platforms ____.

____ ____ SIP based ____ traffic, and ____ particular ____ it is used for ____ such ____ ____ orSkype, ____ the ____ ____ firewalls?

Does _____ _____ of SIP-based _____ traffic _____ in _____ _____ go _____ after the _____ _____ turned on?

It _____ _____ seen _____ _____ apps _____ the quality _____ the _____ over internet protocol service can _____ _____ _____ firewalls.

Please _____ us about _____ _____ of _____ _____ on the SIP-based _____ _____ that uses _____ _____ of Skype.

_____ is _____ impact of _____ _____ the _____ _____ _____ _____ traffic in two _____ internet based communication services?

_____ the quality _____ _____ _____ _____ _____ SIP _____ applications such asSkype _____ _____ depend on how well the _____ are kept _____ _____ date

_____ _____ a _____ _____ the _____ of _____ communication inSkype and _____ popular chat applications _____ to _____ _____ procedures.

Does the quality _____ Voice Data _____ _____ SIP _____ _____ Skype and _____ _____ _____ how well _____ firewalls are set _____?

Is _____ _____ reason _____ _____ _____ might affect _____ quality _____ _____ traffic used on _____ such asSkype and _____?

_____ _____ _____ how firewalls _____ SIP-based _____ _____ when I use thechat or _____.

_____ need _____ _____ as _____ howSIP- based voice _____ is _____ by the _____ _____ _____ on phones _____ the ones _____ skype

_____ traffic inWhatsApp andSkype _____ _____ by _____

I need to know _____ based voice _____ is _____ _____ _____ firewalls _____ used _____ _____ likeSkype _____ the _____.

_____ can firewalls impede _____ _____ _____?

I _____ to _____ _____ a firewalls affects _____ _____ _____ using SIP-based _____ _____ when using on apps _____ _____ _____ and chat.

_____ _____ of voice _____ _____ SIP on applications _____ asSkype, _____ other _____ _____ _____ with the deployment _____ firewalls

_____ do not _____ _____ based _____ _____ _____ governed by the _____ _____ used on phones likeSkype and _____ _____.

_____ there _____ firewalls, _____ does _____ _____ of _____ _____ using SIP on applications _____ Skype, _____?

What firewalls _____ _____ impact on the _____ ofSIP-based call _____ _____ _____ _____ on _____ internet services _____ _____ the likes _____ and

What can _____ _____ to _____ _____ functioning of communication _____ _____ _____ and Whatsapp?

_____ _____ influence _____ _____ ofSIP-based _____ traffic to _____ fro on the internet _____ provided _____ the _____ ofWhatsApp

Does _____ quality of Voice Data _____ via _____ via _____ _____ Skype _____ whatsapp _____ on _____ _____?

_____ _____ the _____ _____ _____ up affects _____ quality _____ Voice Data _____ via SIP via applications _____ Skype

The _____ of _____ _____ _____ affect the _____ _____ _____ voice traffic on platforms such _____.

_____ security _____ _____ _____ ability _____ use services likeWhatsApp _____ to _____ calls?

How can _____ firewalls affect the _____ _____ _____ _____ like Skpe _____ _____?

_____ _____ performance _____ _____ _____ in two _____ services affected by firewalls?

_____ _____ think _____ barriers affect _____ _____ to use services such asSkype andWhatsApp _____ _____ _____?

Is _____ _____ _____ call _____ to or _____ _____ messaging _____ affected by the _____?

_____ calling quality for Skype _____ _____ _____ the _____.

The _____ of firewall _____ _____ calls _____ _____ seen using _____ _____ orWhatsApp.

What _____ does firewalls _____ on the _____ _____ call _____ _____ or _____ a messaging _____?

How _____ firewalls impede the functioning _____ communications _____ such _____ _____ _____ _____?

_____ _____ _____ call traffic _____ two _____ chat services _____ affected by _____.

_____ a _____ _____ _____ _____ on SIP apps?

Which _____ _____ _____ difference _____ _____ performance _____ call traffic to and _____ on _____ _____ services provided _____ the _____ ofWhatsApp.

_____ _____ _____ _____ in _____ quality of voice communication inSkype _____ other popular chat applications _____ of the _____ _____ _____ _____?

When _____ _____ firewalls, what _____ _____ performance _____ voice _____ using _____ on applications like Skype _____ _____?

_____ _____ Firewalls impede _____ _____ _____ _____ features such as _____ and _____ call features?

_____ the _____ _____ voice _____ inSkype and other popular _____ applications affected by _____ _____ procedures _____ _____?

When there are _____ what _____ the performance _____ _____ on _____ _____ _____ _____ and other SIP _____ do?

How _____ _____ impede _____ function of _____ features _____ _____ Skpe and Whatsapp _____?

_____ there are firewalls, _____ _____ the performance _____ _____ _____ applications _____ _____ look like?

Is it _____ that _____ _____ influence how well _____ and _____ _____?

_____ can Firewalls _____ the proper functioning _____ Skpe and _____ _____ _____?

I _____ _____ know _____ the impact _____ firewalls is _____ _____ _____ _____ _____ Traffic inSkype _____ WhatsApp _____ uses SIP technology.

The setting of _____ _____ affect the quality _____ _____ voice _____ when it _____ _____ _____ platforms _____.

It _____ not clear how _____ impede _____ _____ _____ of _____ Skpe and _____.

_____ does _____ _____ of _____ _____ _____ SIP on applications such as _____ or _____ SIP applications, changes _____ there _____ _____ _____

the area

_____ the quality _____ Voice _____ Transferred via _____ via applications like Skype and whatsapp _____ _____ _____ _____ _____ _____ are?

_____ the _____ of _____ _____ _____ and _____ popular chat _____ different because of the _____ _____?

_____ _____ quality of _____ call _____ _____ in applications _____ Whatsapp and Skype go _____ after _____ firewalls are _____ _____?

When _____ _____ firewalls, _____ _____ _____ _____ _____ voice _____ _____ _____ on applications like Skype, or other SIP applications?

The _____ _____ _____ may _____ affected by the _____.

The _____ _____ _____ over _____ protocol _____ service can be _____ by _____ with _____ use _____ _____ such asWhatsApp.

How _____ _____ _____ the functioning of _____ features _____ as _____ and _____?

_____ _____ ways _____ can impede proper _____ of Skpe _____ _____ _____ features.

Does _____ _____ _____ the performance _____ _____ apps?

_____ can be _____ in _____ popular _____ _____ _____ _____ _____ over internet protocol service _____ be affected _____ a firewalls.

_____ _____ ofSIP-based _____ traffic _____ two popular _____ _____ is _____ impacted by firewalls.

Voice _____ _____ via _____ _____ applications likeSkype andWhatsApp is _____ _____ firewalls.

_____ quality of _____ over _____ protocol service can _____ affected _____ firewalls, which _____ be _____ _____ _____ _____ apps.

_____ _____ _____ _____ Voice Data Transferred via SIP via applications like Skype and _____ _____ on _____ _____ _____ _____?

_____ the quality _____ _____ Data _____ _____ _____ via applications likeSkype and _____ _____ on how _____ is installed?

_____ _____ be felt in some apps _____ the _____ of _____ _____ internet protocol _____ can _____ _____ _____ firewalls.

_____ _____ _____ _____ the _____ of communication features such asSkpe?

_____ performance ofSIP call traffic _____ two popular _____ based communication services are _____ _____ _____ _____ _____ _____.

The _____ of call traffic in _____ popular internet _____ _____ services _____ _____ by _____ impact _____ a _____.

The setting of the _____ _____ affect _____ quality _____ _____ _____ traffic _____ _____ _____ through platforms such _____ orWhatsApp.

There is _____ chance that _____ based _____ calls _____ be _____ _____ firewalls on _____ like _____ _____ the _____.

Does _____ quality of SIP-based _____ traffic _____ in _____ _____ Whatsapp _____ _____ _____ there are _____?

With _____ _____ of firewalls, _____ does the _____ _____ voice transmissions _____ SIP _____ applications _____ _____?

Does the quality _____ _____ call traffic used _____ applications like _____ go _____ _____ _____ is _____ _____?

_____ am unsure if _____ _____ to make _____ calls _____ _____ and Whatsapp _____ be _____ by _____ _____ firewall.

Does the quality of Voice Data _____ via _____ _____ _____ _____ _____ _____ depend on how _____ is _____?

What is _____ _____ _____ _____ firewalls on the _____ _____ call _____ in _____ popular chat _____?

Is _____ _____ _____ voice communication inSkype _____ other _____ chat applications changing _____ of _____ _____ _____?

The quality of _____ _____ _____ _____ (VoIP) _____ _____ _____ affected _____ firewalls, with particular use _____ _____ such as WhatsApp and _____.

I am _____ _____ using a firewalls _____ _____ _____ ability _____ make _____ calls _____ Skyping _____ Whatsapp.

_____ _____ like _____ _____ if the impact _____ _____ is on the performance _____ _____ _____ _____ and WhatsApp which use SIP _____.

_____ _____ _____ an impact _____ _____ _____ ofSIP-based _____ traffic to _____ fro on internet services _____ by _____ likes ofWhatsApp.

Does _____ quality of _____ Data _____ _____ _____ via applications _____ _____ _____ depend on _____ Firewall is installed?

_____ is the _____ _____ call traffic _____ two _____ _____ calling apps affected _____ _____?

I want to know _____ _____ _____ _____ the _____ is on the _____ _____ Voice _____ inSkype and _____.

I _____ _____ _____ explanation _____ to howSIP-based _____ traffic is _____ _____ the _____ _____ used _____ _____ such as the _____ at Skype

_____ the quality _____ Voice _____ Transferred via _____ _____ _____ like Skype and _____ depend on _____ well _____ _____ are _____ up?

Is _____ change _____ the quality of _____ _____ inSkype _____ other _____ chat applications _____ _____ _____ firewall procedures?

There's a _____ _____ SIP _____ _____ calls _____ platforms like _____ _____ the like _____ be _____ by firewalls.

What is _____ impact _____ the _____ of _____ _____ on _____ _____ _____ _____ transmissions using SIP _____ _____ such as Skype?

_____ calling _____ for skype _____ affected _____ the _____

_____ setting _____ _____ firewall _____ affect _____ quality of _____ voice _____ made through _____ such asSkype _____.

_____ quality _____ _____ _____ _____ protocol service can be impacted _____ firewalls, as can some _____ _____ popular _____.

When _____ are _____ what does _____ _____ of voice transmission using _____ on _____ _____ _____?

Voice data _____ _____ SIP _____ applications likeWhatsApp andSkype is _____ _____ _____.

_____ _____ _____ actions affect _____ performance of calls _____ using SIPs _____ _____?

Does _____ _____ _____ _____ call _____ used in _____ like Skype and Whatsapp go _____ if _____ _____ _____ _____ in place?

Does the _____ _____ firewalls _____ SIP-based voice traffic _____ _____ is used for _____ such _____ _____ _____ Skype?

I need _____ explanation _____ _____ _____ _____ _____ _____ governed by _____ firewalls when used _____ phones likeSkype.

_____ need an _____ as to _____ based voice _____ is governed by _____ _____ _____ used _____ phones _____ as _____ _____ at _____

_____ there a change in the quality of voice communication _____ _____ _____ _____ _____ _____ _____ the _____ procedures?

_____ is _____ _____ of _____ call traffic in _____ popular _____ calling apps?

How _____ firewalls impede _____ _____ of _____ _____ _____ _____ Skpe and WhatsApp call _____?

_____ _____ Firewalls interfere _____ _____ _____ _____ _____ Skpe and Whatsapp call features?

The performance ofSIP-based _____ _____ _____ two _____ _____ services is affected _____ the _____ of _____.

_____ performance _____ _____ _____ using _____ can be _____ by the _____ of _____ firewalls

_____ setting _____ _____ firewalls can _____ _____ _____ _____ SIP-based voice _____ when it is _____ through platforms such _____

The _____ _____ voice over internet _____ _____ and popular _____ _____ be _____ _____ firewalls.

There _____ ways that firewalls _____ impede _____ _____ _____ Skpe _____ _____ call features.

When surrounded by firewalls, _____ does _____ performance _____ _____ _____ using SIP _____ _____ like Skype _____ _____?

The _____ _____ call _____ in _____ popular _____ services _____ impacted by the _____ of _____.

When there are _____ _____ _____ the performance _____ _____ _____ _____ _____ Skype or other _____ applications do?

_____ _____ call _____ _____ SIP apps _____ impacted by _____ firewalls?

_____ surrounded by _____ _____ _____ _____ _____ _____ voice transmissions using SIP on applications like _____?

How _____ _____ firewalls impede the _____ of _____ _____ _____ _____ Skpe and Whatsapp _____?

When _____ _____ _____ _____ is the performance _____ voice transmissions using _____ on applications _____ _____?

How _____ Firewalls impede the proper _____ _____ _____ _____ Whatsapp _____?

They are _____ _____ the firewalls are _____ up _____ _____ services _____ _____.

_____ _____ of _____ firewalls _____ affect the _____ of SIP-based _____ _____ through _____ such asSkype.

_____ performance ofSIP-based _____ _____ to _____ fro on the internet services _____ _____ _____ likes ofWhatsApp _____ _____ by which _____.

Is _____ a change in _____ _____ _____ voice _____ inSkype and the other _____ _____ _____ _____ of the firewalls procedures _____ _____?

_____ _____ effect _____ firewalls on SIP- based _____ traffic when _____ _____ _____ _____ such as WhatsApp _____ Skype?

_____ _____ if the impact firewalls have on _____ _____ _____ _____

The quality _____ _____ over _____ protocol _____ can be affected by firewalls, _____ can _____ seen _____ _____ _____.

I _____ an _____ as to howSIP- based voice _____ is _____ _____ the _____ _____ _____ _____ _____ such _____ the ones atSkype

The _____ of call _____ in _____ popular _____ services is _____ by the _____ _____ _____.

The _____ _____ call _____ _____ two _____ internet _____ apps is affected by _____.

_____ can _____ _____ impede the _____ _____ _____ features, _____ as Skpe and Whatsapp call _____?

How _____ Firewalls impede _____ _____ of Skpe and _____ _____ _____?

_____ _____ quality of _____ call traffic used _____ applications like _____ andSkype go _____ _____ _____ are _____?

_____ _____ _____ impact of firewalls on the _____ _____ _____ call _____ in two _____ _____ calling apps?

_____ _____ _____ of _____ _____ applications _____ use SIPs affected _____ a firewalls presence?

How can _____ _____ _____ functioning _____ _____ _____ _____ as Skpe or Whatsapp call _____?

_____ _____ of voice _____ internet _____ services can _____ _____ by a firewall, _____ notably _____ _____ such _____ Whatsapp.

_____ performance ofSIP-based call _____ _____ _____ _____ chat services is _____ by the impact _____ _____.

I'm _____ _____ _____ based voice _____ is _____ _____ the _____ when _____ on phones likeSkype and _____ likes.

Do _____ _____ _____ _____ quality _____ communication _____ _____ _____ as Skype is affected _____ the firewalls?

The quality of _____ _____ inSkype and _____ _____ popular _____ _____ _____ be _____ by _____ firewalls procedures _____ them.

_____ _____ _____ affect the performance _____ call traffic to _____ _____ a messaging _____?

If a _____ _____ _____ happens to _____ SIP performance _____ voice _____ using apps _____ _____?

The _____ _____ the _____ _____ call _____ _____ services such as the one _____ by _____ _____ service

Have _____ ever _____ if the _____ _____ _____ the _____ made _____ Skype _____ _____ messaging services?

When _____ _____ firewall, what does the _____ _____ _____ transmissions _____ SIP _____ applications like _____?

Do you think security barriers _____ _____ ability _____ _____ services _____ _____ _____ make _____?

It _____ possible _____ fire _____ affect _____ _____ _____ work on chat apps and _____ _____.

_____ _____ are firewalls, what _____ _____ _____ _____ voice _____ using SIP _____ _____ like Skype change?

_____ functioning _____ _____ _____ such as Skpe and _____ _____ features _____ be disrupted _____ firewalls.

_____ isn't clear how the _____ _____ _____ both _____ and Whatsapp _____ _____ _____ firewalls.

_____ _____ _____ firewalls, what _____ _____ performance _____ voice _____ using SIP _____ applications like Skype, _____ other SIP _____

change?

It can be _____ in _____ apps that the _____ _____ _____ _____ internet protocol _____ _____ _____ _____ by firewalls.

_____ _____ _____ _____ _____ _____ internet _____ service and some popular _____ can be affected _____ firewalls.
